CALLOWAY REAL ESTATE INVESTMENT TRUST

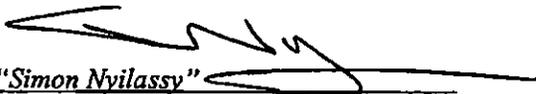

Form 52-109F1 - Certification of Annual Filings

RECEIVED
2006 DEC 21 A 6:57
OFFICE OF INTERIM REPORTS
CORPORATE

I, Simon Nyilassy, President and Chief Executive Officer of Calloway Real Estate Investment Trust, certify that:

1. I have reviewed the annual filings (as this term is defined in Multilateral Instrument 52-109 *Certification of Disclosure in Issuers' Annual and Interim Filings*) of Calloway Real Estate Investment Trust (the "issuer") for the period ending December 31, 2005;
2. Based on my knowledge, the annual filings do not contain any untrue statement of a material fact or omit to state a material fact required to be stated or that is necessary to make a statement not misleading in light of the circumstances under which it was made, with respect to the period covered by the annual filings;
3. Based on my knowledge, the annual financial statements together with the other financial information included in the annual filings fairly present in all material respects the financial condition, results of operations and cash flows of the issuer, as of the date and for the periods presented in the annual filings;
4. The issuer's other certifying officers and I are responsible for establishing and maintaining disclosure controls and procedures for the issuer, and we have:
 - (a) designed such disclosure controls and procedures, or caused them to be designed under our supervision, to provide reasonable assurance that material information relating to the issuer, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which the annual filings are being prepared; and
 - (b) evaluated the effectiveness of the issuer's disclosure controls and procedures as of the end of the period covered by the annual filings and have caused the issuer to disclose in the annual MD&A our conclusions about the effectiveness of the disclosure controls and procedures as of the end of the period covered by the annual filings based on such evaluation.

GLOSSARY

The following terms used in this annual information form have the meanings set out below. Unless the context otherwise requires, any reference in this annual information form to any agreement, instrument, indenture, declaration or other document shall mean such agreement, instrument, indenture or other document, as amended, supplemented and restated at any time and from time to time prior to the date hereof or in the future.

"4.51% Debentures" means the Series A debentures of the Trust due September 22, 2010 bearing interest at an annual rate of 4.51% per annum;

"6% Debentures" means the convertible unsecured subordinated debentures of the Trust due June 30, 2014 bearing interest at an annual rate of 6% per annum;

"Acquisition Properties" means, collectively, the Acquisition 1 Properties, Acquisition 2 Properties, Acquisition 3 Properties, Acquisition 4A Properties, Acquisition 4B Properties and Acquisition 5 Properties;

"Acquisition 1 Properties" means the 9 properties acquired from FirstPro in October 2003;

"Acquisition 2 Properties" means the 12 properties acquired from the Partnership in February 2004;

"Acquisition 3 Properties" means the 12 properties acquired from the Partnership in May 2004;

"Acquisition 4A Properties" means the 6 properties acquired from the Partnership in November 2004;

"Acquisition 4B Properties" means the 8 properties acquired from the Co-ownership in March 2005;

"Acquisition 5 Properties" means the 45 properties acquired from FirstPro, Wal-Mart Canada Realty Inc. and other vendors in July 2005;

"Adjusted Unitholders' Equity" means, at any time, the aggregates of the amount of Unitholders' equity and the amount of accumulated depreciation and amortization recorded in the books and records of Calloway in respect of its properties, calculated in accordance with generally accepted accounting principles;

"Business Day" means any day other than a Saturday, Sunday or a day on which the principal chartered banks located at Calgary, Alberta are not open for business during normal banking hours;

"Calloway" or the **"Trust"** means Calloway Real Estate Investment Trust, an unincorporated open-end trust established under the Declaration of Trust and governed by the laws of the Province of Alberta and, where the context requires, includes its subsidiaries;

"Calloway GP" means Calloway GP Inc., a corporation incorporated under the *Business Corporations Act* (Alberta) and the general partner of Calloway LP;

"Calloway LP" means Calloway Limited Partnership, a limited partnership formed under the laws of the Province of Alberta;

"Calloway LP Agreement" means the limited partnership agreement governing Calloway LP dated as of June 15, 2005;

"Class A Units" means the Class A limited partnership units of Calloway LP;

"Class B Units" means the Class B limited partnership units of Calloway LP;

"Class C Units" means the Class C limited partnership units of Calloway LP;

"Canada Yield Price" means a price equal to the price of the 4.51% Debentures calculated to provide a yield to maturity, compounded semi-annually and calculated in accordance with generally accepted financial practice, equal to the Government of Canada Yield calculated at 10:00 a.m. (Toronto time) on the date on which Calloway gives notice of redemption of the 4.51% Debentures pursuant to the trust indenture governing the 4.51% Debentures plus 0.26%;

"Co-ownership" means the Wal-Mart-FirstPro Co-ownership;

"CPI" means Calloway Properties Inc.;

"CREIT" means Canadian Real Estate Investment Trust;

"CREIT Management Agreements" means agreements between Calloway and CREIT whereby CREIT is responsible for the provision to Calloway of property management services for certain of the properties within the Property Portfolio;

"Debentures" means, collectively, the 6% Debentures and the 4.51% Debentures;

"Declaration of Trust" means the declaration of trust dated December 4, 2001, as amended and restated as of October 24, 2002, October 31, 2003, January 16, 2004 and July 7, 2005;

"Deferred Unit Plan" means the incentive deferred unit plan adopted by the Trustees; and

"Development Agreements" means, collectively, the Development Agreements 1, Development Agreements 2, Development Agreements 3, Development Agreements 4A, and Development Agreements 4B;

"Development Agreements 1" means the development agreements dated October 31, 2003 between Calloway and FirstPro respecting future developments on the Acquisition 1 Properties;

"Development Agreements 2" means the development agreements between Calloway and the Partnership dated February 16, 2004 respecting future developments on the Acquisition 2 Properties;

"Development Agreements 3" means the development agreements between Calloway and the Partnership dated May 14, 2004 respecting future developments on the Acquisition 3 Properties;

"Development Agreements 4A" means the development agreements between Calloway and the Partnership dated November 30, 2004 respecting future developments on the Acquisition 4A Properties;

"Development Agreements 4B" means the development agreements dated March 10, 2005 between Calloway and the Partnership II respecting future developments on the Acquisition 4B Properties;

"Distributable Income" means, for any period, the consolidated net income of the Trust determined in accordance with Canadian generally accepted accounting principles, adjusted for: adding back decreases in rental from income properties from step leases on a straight line basis over the remaining life of the lease, amortization of buildings, amortization of tenant improvements, amortization of in place lease values, amortization of the differential between original and above market rents, amortization of customer relationship values, amortization of debenture liability accretion expense, losses on disposition of assets, and amortization of any net discount on long term debt assumed from vendors of properties at rates of interest less than fair value; deducting increase in rentals from income properties from step leases on a straight line basis over the remaining life of the lease, amortization of the differential between original and below market rents, gains on dispositions of assets and amortization of any net premium on long-term debt assumed from vendors of properties at rates of interest greater than fair value and to reflect any other adjustments determined by the Trustees in their discretion. Distributable Income may be estimated whenever the actual amount has not been fully determined, which estimates shall be adjusted as of the first Distribution Date by which the amount of such Distributable Income has been fully determined;

"Distribution Date" means, with respect to a distribution by the Trust:

- (a) a Business Day determined by the Trustees for any calendar month other than December, on or about the 15th day of the following month; and
- (b) for the month of December, December 31;

"Distribution Record Date" means, until otherwise determined by the Trustees, the last Business Day of each month of each year, except for the month of December where the Distribution Record Date shall be December 31;

"Distribution Reinvestment Plan" means the distribution reinvestment plan adopted by the Trustees;

"Exchange Agreement" means the exchange, option and support agreement dated July 8, 2005 between Calloway and the vendors of the Acquisition 5 Properties respecting, among other matters, future developments on the Acquisition 5 Properties and the exchange of the Class B Units for Units of Calloway;

"Exchangeable Securities" means any securities of any trust, limited partnership or corporation other than the Trust that are convertible or exchangeable directly for Units without the payment of additional consideration therefore;

"FirstPro" means, collectively, Mitchell Goldhar, the FirstPro Shopping Centres group of companies and related and affiliated parties;

"FirstPro Management Agreements" means the management agreements dated October 31, 2003, February 16, 2004, May 14, 2004, November 30, 2004, March 10, 2005 and July 8, 2005 between Calloway and FirstPro pursuant to which FirstPro provides property management services for the Acquisition 1 Properties, Acquisition 2 Properties, Acquisition 3 Properties, Acquisition 4A Properties, Acquisition 4B Properties and Acquisition 5 Properties, respectively;

"GAAP" means Canadian generally accepted accounting principles;

"Gross Book Value" means, at any time, the consolidated book value of the assets of the Trust, as shown on its then most recent consolidated balance sheet, plus the amount of accumulated amortization for buildings, tenant improvements, equipment, in place lease values, below and above market leases, and tenant relationship values shown thereon;

"Holdings Trust" means Calloway Holdings Trust, a trust established under the laws of Alberta;

"Holdings Trust Declaration of Trust" means the declaration of trust for Holdings Trust dated as of June 15, 2005;

"Holdings Trust Unit" means a unit of Holdings Trust, each such unit representing an equal undivided beneficial interest in Holdings Trust;

"Hopewell Management Agreements" means agreements between Calloway and HRESI dated November 4, 2002 whereby HRESI is responsible for the provision to Calloway of property management services for certain of the properties within the Property Portfolio;

"HRESI" means Hopewell Real Estate Services Inc.;

"Landmark" means Landmark Property Management;

"Non-Resident" means any person that is neither a Resident Canadian nor a Canadian partnership for the purposes of the *Income Tax Act* (Canada);

"Outside Trustee" means a Trustee that is not a member of management of Calloway or any of its subsidiaries;

"Partnership" means the Wal-Mart-FirstPro Realty Partnership;

"Partnership II" means the Wal-Mart-FirstPro Realty Partnership II;

“**Person**” means any individual, partnership, association, body corporate, trustee, executor, administrator, legal representative, government, regulatory authority or other entity;

“**Plans**” means trusts governed by registered retirement savings plans, registered retirement income funds, deferred profit sharing plans and registered education savings plans under the Tax Act;

“**Property Portfolio**” means, collectively, the retail and industrial rental properties owned by Calloway and its subsidiaries;

“**Real Property**” means property which in law is real property and includes, whether or not the same would in law be real property, leaseholds, mortgages, undivided joint interests in real property (whether by way of tenancy-in-common, joint tenancy, co-ownership, joint venture or otherwise), any interests in any of the foregoing and securities of corporations, trusts, limited partnerships or other legal entities whose sole or principal purpose and activity is to invest in, hold and deal in real property;

“**Resident Canadian**” means an individual who is a resident of Canada for purposes of the *Income Tax Act* (Canada);

“**Special Unitholder**” means the holder of Special Voting Units;

“**Special Voting Unit**” means a special voting unit of the Trust which may be issued by the Trust from time to time which shall entitle the holder of an Exchangeable Security to such number of votes at meetings of Unitholders as is equal to the number of Units into which such Exchangeable Security (other than an Exchangeable Security owned by the Trust or any subsidiary of the Trust) is then exchangeable or convertible for;

“**Tax Act**” means the Income Tax Act (Canada) and the regulations thereunder, as amended;

“**Transfer Agent**” means Computershare Trust Company of Canada at its principal offices in Toronto, Ontario and Calgary, Alberta;

“**Trust**” or “**Calloway**” means Calloway Real Estate Investment Trust, an unincorporated open-end trust established under the Declaration of Trust and governed by the laws of the Province of Alberta and, where the context requires, includes its subsidiaries;

“**Trustees**” means the trustees from time to time of Calloway;

“**TSX**” means the Toronto Stock Exchange;

“**Unit**” means a trust unit of Calloway, each such unit representing an equal undivided beneficial interest therein;

“**Unit Option Plan**” means the incentive trust unit option plan adopted by the Trustees; and

“**Unitholders**” means the holders from time to time of Units;

“**Voting Units**” means collectively, the Units and Special Voting Units;

“**Voting Unitholders**” means collectively, the holders of Units and the holders of Special Voting Units.

In this annual information form, a person or company is considered to be an “**affiliate**” of another person or company if one is a subsidiary of the other, or if both are subsidiaries of the same person or company, or if each of them is controlled by the same person or company.

In this annual information form, the term “**associate**”, when used to indicate a relationship with a person or company, means:

- (a) an issuer of which the person or company beneficially owns or controls, directly or indirectly, voting securities entitling the person or company to more than 10% of the voting rights attached to outstanding securities of the issuer;
- (b) any partner of the person or company;
- (c) any trust or estate in which the person or company has a substantial beneficial interest or in respect of which a person or company serves as trustee or in a similar capacity;
- (d) in the case of a person, a relative of that person, including:
 - (i) the spouse or adult interdependent partner of that person; or
 - (ii) a relative of the person's spouse or adult interdependent partner if the relative has the same home as that person;

In this annual information form, a person or company is considered to be “**controlled**” by a person or company if:

- (a) in the case of a person or company:
 - (i) voting securities of the first-mentioned person or company carrying more than 50 percent of the votes for the election of directors or trustees are held, otherwise than by way of security only, by or for the benefit of the other person or company, and
 - (ii) the votes carried by the securities are entitled, if exercised, to elect a majority of the directors or trustees of the first-mentioned person or company;
- (b) in the case of a partnership that does not have directors, other than a limited partnership, the second-mentioned person or company holds more than 50 percent of the interests in the partnership; or
- (c) in the case of a limited partnership, the general partner is the second-mentioned person or company.

In this annual information form, a person or company is considered to be a “**subsidiary**” of another person or company if:

- (a) it is controlled by:
 - (i) that other, or
 - (ii) that other and one or more persons or companies each of which is controlled by that other, or
 - (iii) two or more persons or companies, each of which is controlled by that other; or
- (b) it is a subsidiary of a person or company that is the other's subsidiary.

Unless the context otherwise requires, any reference in this annual information form to any agreement, instrument, indenture, declaration or other document shall mean such agreement, instrument, indenture or other document, as amended, supplemented and restated at any time and from time to time prior to the date hereof or in the future.

Words importing the singular number only include the plural and vice versa and words importing any gender include all genders.

All dollar amounts set forth in this annual information form are in Canadian dollars, except where otherwise indicated.

DATE OF INFORMATION

Unless otherwise specified, information in this annual information form is presented as at December 31, 2005, being the last day of the most recently completed financial year of Calloway.

FORWARD LOOKING STATEMENTS

Certain statements in this annual information form are "forward looking statements" that reflect management's expectations regarding Calloway's future growth, results of operations, performance and business prospects and opportunities. All statements other than statements of historical fact contained in this annual information form are forward looking statements including, without limitation, statements regarding the timing and amount of distributions and the future financial position, business strategy, proposed acquisitions, plans and objectives of the Trust or its subsidiaries. Such forward looking statements reflect management's current beliefs and are based on information currently available to management. Forward looking statements involve significant risks and uncertainties. A number of factors could cause actual results to differ materially from the results discussed in the forward looking statements including risks associated with real property ownership, debt financing, general uninsured losses, developments, future property acquisitions, competition for real property investments, environmental matters, land leases, potential conflicts of interest, capital requirements, reliance on key personnel, volatility of unit prices, cash distributions not being guaranteed, returns of capital, availability of cash flow, tax related matters, structural subordination of the Units, restrictions on redemptions of Units, distribution of securities on redemption of Units or termination of the Trust, Unitholder liability, the nature of the Units, potential dilution, the control of a significant number of the voting securities of the Trust by a significant Unitholder, credit ratings and stability ratings, structural subordination of the Debentures, market value fluctuations of the Debentures, trading markets for the Debentures and the availability of statutory remedies. Although the forward looking statements contained in this annual information form are based upon what management believes to be reasonable assumptions, Calloway cannot assure investors that actual results will be consistent with these forward looking statements. The forward looking statements contained herein are expressly qualified in their entirety by this cautionary statement. These forward looking statements are made as at the date of this annual information form and Calloway assumes no obligation to update or revise them to reflect new events or circumstances unless otherwise required by applicable securities legislation.

NON-GAAP MEASURES

In this annual information form, there are references to "Distributable Income". See the definition of "Distributable Income" in the "Glossary".

Distributable Income is a measure sometimes used by Canadian income trusts as an indicator of financial performance. Management uses Distributable Income to analyze operating performance. As one of the factors that may be considered relevant by prospective investors is the cash distributed by Calloway relative to the price of the Units, management believes that Distributable Income of Calloway is a useful supplemental measure that may assist prospective investors in assessing an investment in Units.

Distributable Income is not a measure is recognized by generally accepted accounting principles in Canada ("GAAP") and does not have a standardized meaning prescribed by GAAP. Therefore, Distributable Income may not be comparable to similar measures presented by other issuers. Distributable Income is not intended to represent operating profits for the period nor should it be viewed as an alternative to net income, cash flow from operating activities or other measures of financial performance calculated in accordance with GAAP.

DISTRIBUTABLE INCOME

A return on an investment in Units of Calloway is not comparable to the return on an investment in a fixed-income security. The recovery of an investment in Units is at risk, and any anticipated return on an investment in Units is based on many performance assumptions.

Although Calloway intends to make distributions of a significant percentage of its available cash to its Unitholders, these cash distributions are not assured and may be reduced or suspended. The ability of Calloway to make cash distributions and the actual amount distributed will be dependant upon, among other things, the financial performance of the properties in its

Property Portfolio, its debt covenants and obligations, its working capital requirements and its future capital requirements. In addition, the market value of the Units may decline for a variety of reasons including if Calloway is unable to meet its cash distribution targets in the future, and that decline may be significant.

It is important for a person making an investment in Units of Calloway to consider the particular risk factors that may affect both Calloway and the real estate industry in which Calloway operates and which may therefore affect the stability of the cash distributions on the Units of Calloway. See the section of this annual information form entitled "Risk Factors" which describes Calloway's assessment of those risk factors, as well as the potential consequences to a Unitholder if a risk should occur. Also see the section of this annual information form entitled "Ratings on Securities".

The after-tax return from an investment in Units to Unitholders that is subject to Canadian income tax can be made up of both a "return on" and a "return of" capital. That composition may change over time, thus affecting a Unitholder's after-tax return. Returns on capital are generally taxed as ordinary income, capital gains or as dividends in the hands of a Unitholder. Returns of capital are generally tax-deferred (and reduce the Unitholder's cost base in the unit for tax purposes).

RATINGS ON SECURITIES

Dominion Bond Rating Service Limited ("DBRS") provides credit ratings of debt securities for commercial entities. A credit rating generally provides an indication of the risk that the borrower will not fulfill its full obligations in a timely manner with respect to both interest and principal commitments. Rating categories range from highest credit quality (generally AAA) to very highly speculative (generally C). DBRS has provided Calloway with a credit rating of BBB with a stable trend relating to all general unsecured obligations of Calloway including the 4.51% Debentures. A credit rating of BBB is generally an indication of adequate credit quality as defined by DBRS. The credit ratings accorded to Calloway's debt securities are not recommendations to purchase, hold or sell such debt securities. There can be no assurance that any rating will remain in effect for any given period of time or that any rating will not be withdrawn or revised by a rating agency at any time.

DBRS also provides stability ratings for real estate investment trusts ("REITs") and income trusts. A stability rating generally provides an indication of both the stability and sustainability of REITs' and income trusts' distributions to unitholders. DBRS's rating categories range from highest stability and sustainability of distributions per unit (STA-1) to poor stability and sustainability of distributions per unit (STA-7). Calloway has a DBRS stability rating of STA-3 (high). This rating category reflects good stability and sustainability of distributions per unit.

CALLOWAY REAL ESTATE INVESTMENT TRUST

Overview

Declaration of Trust

Calloway Real Estate Investment Trust ("Calloway" or the "Trust") is an unincorporated "open-end" trust constituted in accordance with the laws of the Province of Alberta pursuant to the Declaration of Trust. Calloway was created to invest in income-producing rental properties located in Canada. The principal and head office of Calloway is located at 700 Applewood Crescent, Suite 200, Vaughan, Ontario L4K 5X3.

The Trust was initially settled pursuant to the Declaration of Trust on December 4, 2001. The Declaration of Trust was amended and restated as of October 24, 2002 to, among other amendments: (i) amend certain definitions in the Declaration of Trust; (ii) amend the minimum and maximum number of trustees to be elected or appointed to the Board of Trustees of the Trust from time to time; and (iii) expand and clarify the investment guidelines and operating policies of the Trust.

The Declaration of Trust was then further amended and restated as of October 31, 2003 to, among other amendments, provide Mitchell Goldhar and the FirstPro Shopping Centres group of companies and related and affiliated parties ("FirstPro") with the right to appoint certain numbers of trustees to the Board of Trustees, and to certain of the committees of the Board of Trustees, relative to the number of Units held by FirstPro.

The Declaration of Trust was then further amended and restated as of February 16, 2004 to, among other amendments, include Wal-Mart Canada Corp. as an additional exception to the limitation contained in the Declaration of Trust that limits the ability of the Trust to lease premises to a single tenant where the value of such premises exceeds 20% of the Adjusted Unitholders' Equity of the Trust.

The Declaration of Trust was then further amended and restated as of July 7, 2005 to, among other amendments: (i) amend certain definitions in the Declaration of Trust; (ii) change the Trust from a closed-end mutual fund trust to an open-end mutual fund trust primarily through the addition of redemption rights for the Units; (iii) add a provision allowing for the issuance of Special Voting Units; (iv) amend FirstPro's right to appoint certain numbers of trustees to the Board of Trustees, and to certain of the committees of the Board of Trustees, relative to the number of Units held by FirstPro; and (v) add a provision such that FirstPro will have a right to obtain additional Special Voting Units to maintain its votes at meetings of the Unitholders of Calloway at particular levels. See "Declaration of Trust and Description of Units.

Although Calloway is a "mutual fund trust" as defined in the *Income Tax Act* (Canada), Calloway is not a "mutual fund" and is not subject to the requirements of Canadian mutual fund policies and regulations under Canadian securities legislation.

Calloway is not a trust company and, accordingly, is not registered under the *Trust and Loan Companies Act* (Canada) or the trust company legislation of any province as it does not carry on, nor does it intend to carry on, the business of a trust company.

Objectives

The objectives of Calloway are: (i) to provide Unitholders with stable and growing cash distributions, payable monthly and, to the maximum extent possible, tax deferred through the acquisition of a portfolio of well-located, large format, unenclosed retail centres in Canada; (ii) to expand the asset base of Calloway and increase its Distributable Income through on-going active management of Calloway's assets and the acquisition of additional large format, unenclosed retail centres or interests therein; and (iii) to enhance the value of Calloway's assets and maximize long-term Unit value through efficient management and proactive leasing.

Calloway intends to invest primarily in large format, unenclosed retail rental properties with strong tenant covenants, stable yields, low vacancy levels and growth potential and to build a geographically diversified portfolio of such properties. Calloway believes it will be able to implement an investment strategy of acquiring additional properties with these characteristics to provide additional cash flow and further enhance the long-term portfolio value. To the extent that opportunities exist, and to the extent that management and the board of trustees of Calloway believe such opportunities are beneficial to Unitholders, Calloway will continue to acquire well-anchored large format, unenclosed retail centres.

Acquisitions, Dispositions and Loans

During the fall of 2001, the board of directors of Calloway Properties Inc. ("CPI") decided to proceed with the reorganization of CPI into an income trust. The reorganization was completed with an effective date of February 13, 2002. Upon completion of the arrangement between CPI and Calloway, the former shareholders of CPI became holders of Units of Calloway and Calloway became the owner of CPI's commercial rental properties. Calloway continued to carry on the business previously carried on by CPI (other than its construction and land development business).

Following completion of the arrangement described above, there were 6,072,692 Units issued and outstanding. On November 4, 2002, those Units were consolidated on an 11.229 for one basis so that there were 540,785 Units outstanding immediately prior to the issuance by Calloway of 5,080,000 Units for gross proceeds of \$50,800,000. The new Units were qualified for distribution by a prospectus dated October 24, 2002.

Prior to the closing of the prospectus offering of Units described in the preceding paragraph, Calloway owned four retail properties in Calgary, Alberta totalling 86,905 square feet. On closing of the public offering, Calloway acquired a portfolio of seven income properties located in Western Canada and the Province of Ontario for \$96,402,848. Calloway, through

its wholly owned subsidiary, also advanced \$1,600,000 in mortgage financing for two development projects in Calgary. The balance of the acquisition cost of the income properties was financed by \$28,983,498 in mortgages assumed and \$21,974,647 of new mortgage financing. On December 31, 2002, the underwriters of that prospectus offering partially exercised their over-allotment option and a further 330,750 Units were issued for gross proceeds of \$3,307,500.

Effective November 15, 2002, Calloway acquired the 1558 Willson Place property in Winnipeg from an arm's length party for an aggregate purchase price, including transaction costs, of approximately \$4,769,307, payable as to approximately \$2.115 million in cash and an additional \$2.585 million from proceeds of a new mortgage on this property.

On March 31, 2003, Calloway acquired the Gesco Warehouse and the Ecco Building, each located in Calgary, from an arm's length party for \$4,629,845. The consideration paid consisted of assumption of mortgage financings of \$2,238,022, advances under the operating facility of \$2,175,353, and the remainder by available cash.

On April 30, 2003, Calloway acquired the 1300 Church Avenue property in Winnipeg from an arm's length party for \$1,139,240. The consideration paid consisted of advances under the operating facility of \$1,050,000 and the remainder by available cash.

Effective May 31, 2003, Calloway acquired the Namao Centre in Edmonton, Alberta from an arm's length party for \$6,177,295. The consideration paid consisted of assumption of mortgage financing of \$4,227,263, the issuance of 180,632 Units at \$10.05 per Unit, and the remainder by available cash.

On June 15, 2003, Calloway sold the Dover Village property in Calgary, Alberta to an arm's length party for \$3,380,000. The sale price was settled by the purchaser assuming a mortgage in the amount of \$1,929,207, Calloway providing a second mortgage in the amount of \$230,000, and the remainder in cash. The property had a carrying value of \$2,095,497 and a gain on sale of \$1,230,255 was recognized.

On September 30, 2003, Calloway sold the Richter Plaza property in Calgary, Alberta to an arm's length party for \$1,250,000. The sale price was settled by the purchaser assuming a mortgage in the amount of \$724,872 and the remainder in cash. The property had a carrying value of \$1,115,876 and a gain on sale of \$123,424 was recognized.

On October 16, 2003, Calloway issued 2,050,000 subscription receipts for gross proceeds of \$21,525,000, each subscription receipt being exchangeable for one Unit upon the completion of an acquisition of certain properties by Calloway from FirstPro. Effective October 31, 2003, Calloway acquired nine properties (the "Acquisition 1 Properties") from FirstPro for \$109,238,698 including acquisition costs and the subscription receipts were deemed to have been exchanged for an aggregate of 2,050,000 Units. The consideration paid consisted of assumption of mortgage financing of \$63,820,428, the issuance of 3,100,525 Units at \$10.00 per Unit to a nominee of FirstPro, assumption of other adjustment items of \$2,375,101, and the remainder in cash. FirstPro also received warrants to purchase an aggregate of up to 1,000,000 Units at a price of \$10.50 per Unit, such warrants being exercisable at any time on or before October 31, 2008.

Concurrently with the closing of the acquisition of the Acquisition 1 Properties, Calloway entered into development agreements with FirstPro for the undeveloped lands on each of the Acquisition 1 Properties (the "Development Agreements 1"). Pursuant to the Development Agreements 1, FirstPro assumed responsibility for managing the development of the land on the Acquisition 1 Properties and was granted the right for a period of five years from the date of the acquisition to earn additional proceeds from Calloway on the completion and rental of additional space on these lands. The purchase price for the additional developments is calculated by a formula using the net operating rents and predetermined capitalization rates. FirstPro has the right, at its option, to receive up to 40% of the proceeds for any new developments in Units of Calloway at purchase prices of \$10.00 and \$10.50 per unit (not to exceed 199,475 and approximately 1,800,000 Units respectively). Calloway provides financing to FirstPro for the development costs of the additional developments. Calloway provided a second mortgage on a specific property in the amount of \$10,000,000 as security for payment of the additional proceeds.

On February 16, 2004, Calloway issued 10,948,182 Units at \$13.75 per Unit for gross proceeds of \$150,537,502. An associate of Mitchell Goldhar, a significant unitholder of Calloway subscribed for 1,818,182 of these units. The Units were qualified for distribution by a prospectus dated January 27, 2004. Also on February 16, 2004, Calloway acquired 12 retail properties (the "Acquisition 2 Properties") from the Wal-Mart FirstPro Realty Partnership (the "Partnership"). The

purchase price of the properties was \$312,604,214 including costs of acquisition. The purchase price, net of adjustments, was satisfied via new debt financing on ten of the properties totalling \$191,650,000, by the vendors providing non-interest bearing mortgages on two of the properties totalling \$12,912,723, and by the payment of the balance in cash. Excess funds from the equity and debt issues, net of issuance costs, were used to repay variable rate debt obligations. The 12 centres included in the Acquisition 2 Properties comprised approximately 2,402,329 square feet of leased area and included adjacent lands with the potential for future development of approximately 432,879 square feet of retail space, for a total potential area of 2,835,208 square feet. Upon closing of the transaction, Wal-Mart Canada Corp. ("Wal-Mart"), which leases space in all 12 of the centres, made up approximately 26% of Calloway's gross rental revenue. At the time of the transaction, First Professional Realty Inc., one of the partners of the Partnership, was controlled by Mitchell Goldhar, a significant unitholder of Calloway, and was affiliated with FirstPro. First Professional Realty Inc. had a 40% interest in the Partnership while Wal-Mart Canada Realty Inc. had a 60% interest in the Partnership.

Concurrently with the closing of the acquisition of the Acquisition 2 Properties, Calloway entered into development agreements with the Partnership for the undeveloped lands on each of the Acquisition 2 Properties (the "Development Agreements 2"). Pursuant to the Development Agreements 2, the Partnership assumed responsibility for managing the development of the land on the Acquisition 2 Properties and was granted the right for a period of five years from the date of the acquisition to earn additional proceeds from Calloway on the completion and rental of additional space on these lands. The purchase price for the additional developments is calculated by a formula using the net operating rents and predetermined capitalization rates. The Partnership has the right, at its option, to receive up to 40% of the proceeds for any new developments in Units of Calloway at a purchase price of \$14.00 per unit (for an aggregate of approximately 1,860,000 Units). The Partnership provides financing to Calloway for the development costs of the additional developments. Calloway provided a first mortgage, assignment of rents and leases, and a general security agreement on two properties acquired from the Partnership as security for the development loans.

On May 4, 2004, Calloway completed the acquisition of 50% and 49% undivided interests, respectively, in two retail properties pursuant to an assignment of purchase agreement between FirstPro and the previous owner. The purchase price of this interest was \$52,375,529 including costs of acquisition. Under the terms of the assignment, Calloway loaned an additional \$9,400,000 at 9% per annum to FirstPro to replace mezzanine loans payable by FirstPro to one of the vendors of the properties. The purchase price (net of adjustments) was satisfied via bridge financing totalling \$33,500,000, by the assumption of existing mortgages totalling \$29,105,655, and by an allocation to working capital of the balance. These properties comprised approximately 338,548 square feet of leased area.

On May 14, 2004, Calloway issued 6,700,000 Units at \$15.00 per Unit for gross proceeds of \$100,500,000 and issued 6% convertible unsecured subordinated debentures for gross proceeds of \$55,000,000 (the "6% Debentures"). The Units and 6% Debentures were qualified for distribution by a prospectus dated April 30, 2004. Also on May 14, 2004, Calloway completed the acquisition of an additional 12 retail properties (the "Acquisition 3 Properties") from the Partnership. The purchase price of the Acquisition 3 Properties was \$287,564,135 including costs of acquisition. The purchase price, net of adjustments, was satisfied via new debt financing on eight of the properties totalling \$140,315,000, by the vendors providing non-interest bearing mortgages on two of the properties totalling \$11,651,592 and an interest bearing mortgage on one of the properties for \$19,500,000, and by the payment of the balance in cash. Excess funds from the equity and debenture issues, net of issuance costs, were used to repay the bridge financing. The 12 additional centres included in the Acquisition 3 Properties comprised approximately 2,391,000 square feet of leased area and included adjacent lands with the potential future development of approximately 281,000 square feet of retail space, for a total potential area of 2,672,000 square feet. Upon closing of the transaction Wal-Mart, which leases space in all 12 of the centres, made up approximately 31.2% of Calloway's gross rental revenue. At the time of the transaction, First Professional Realty Inc., one of the partners of the Partnership, was controlled by Mitchell Goldhar, a significant unitholder of Calloway, and was affiliated with FirstPro. First Professional Realty Inc. had a 40% interest in the Partnership while Wal-Mart Canada Realty Inc. had a 60% interest in the Partnership.

Concurrently with the closing of the acquisition of the Acquisition 3 Properties, Calloway entered into development agreements with the Partnership for the undeveloped lands on each of the Acquisition 3 Properties (the "Development Agreements 3"). Pursuant to the Development Agreements 3, the Partnership assumed responsibility for managing the development of the land on the Acquisition 3 Properties and was granted the right for a period of five years from the date of the acquisition to earn additional proceeds from Calloway on the completion and rental of additional space on these lands. The purchase price for the additional developments is calculated by a formula using the net operating rents and

predetermined capitalization rates. The Partnership has the right, at its option, to receive up to 40% of the proceeds for any new developments in Units of Calloway at a purchase price of \$15.25 per unit (for an aggregate of approximately 1,150,000 Units). The Partnership provides financing to Calloway for the development costs of the additional developments. Calloway provided first mortgages, assignments of rents and leases, and general security agreements on two properties acquired from the Partnership as security for the development loans.

On October 13, 2004, Calloway entered into agreements to purchase interests in 14 additional retail properties (the "Acquisition 4 Properties") from the Partnership and from the Wal-Mart-FirstPro Realty Co-ownership (the "Co-ownership"). On November 18, 2004, Calloway issued by private placement 2,320,000 units at \$17.25 per Unit for total proceeds of \$40,020,000. On November 30, 2004, Calloway completed the acquisition from the Partnership of 6 of the 14 properties (the "Acquisition 4A Properties"). The purchase price of the Acquisition 4A Properties was \$71,521,036 including costs of acquisition. The purchase price, net of adjustments, was satisfied via new debt financing totalling \$36,100,000, by the vendors providing a non-interest bearing mortgage totalling \$5,738,276, and by the payment of the balance in cash. The 6 centres included in the Acquisition 4A Properties comprised approximately 516,000 square feet of leased area and included adjacent lands with the potential future development of approximately 206,000 square feet of retail space, for a total potential area of 722,000 square feet. Upon closing of the transaction Wal-Mart, which leases space in 3 of the 6 centres, made up approximately 32.2% of Calloway's gross rental revenue. At the time of the transaction, First Professional Realty Inc., one of the partners of the Partnership, was controlled by Mitchell Goldhar, a significant unitholder of Calloway, and was affiliated with FirstPro. First Professional Realty Inc. had a 40% interest in the Partnership while Wal-Mart Canada Realty Inc. had a 60% interest in the Partnership.

Concurrently with the closing of the acquisition of the Acquisition 4A Properties I, Calloway entered into development agreements with the Partnership for the undeveloped lands on each of the Acquisition 4A Properties (the "Development Agreements 4A"). Pursuant to the Development Agreements 4A, the Partnership assumed responsibility for managing the development of the land on the Acquisition 4A Properties and was granted the right for a period of five years from the date of the acquisition to earn additional proceeds from Calloway on the completion and rental of additional space on these lands. The purchase price for the additional developments is calculated by a formula using the net operating rents and predetermined capitalization rates. The Partnership has the right, at its option, to receive up to 40% of the proceeds for any new developments in Units of Calloway at a purchase price of \$17.80 per unit (for an aggregate of approximately 345,000 Units). The Partnership provides financing to Calloway for the development costs of the additional developments. Calloway provided first mortgages, assignments of rents and leases, and general security agreements on two properties acquired from the Partnership as security for the development loans.

During 2004, Calloway completed the purchase of an additional 147,381 square feet of developed space from FirstPro and the Partnership for \$24,369,235 (including land and existing improvements value of \$4,933,875) under the terms of the Development Agreements. The consideration paid consisted of: the issuance to FirstPro of 139,311 Units at a price of \$10.00 per Unit, 30,773 Units at a price of \$10.50 per Unit, 210,574 Units at a price of \$14.00 per Unit and 335,959 Units at a price of \$15.25 per Unit; assumption of development loans and accounts payable; and the balance in cash. In addition, Calloway repaid acquisition and development loans provided by the Partnership.

On January 10, 2005, Calloway sold both its Holland Cross property, a 272,550 square foot office property in Ottawa, and its Century Park Place property, a 75,675 square foot office property in Calgary, to two separate vendors for aggregate proceeds of \$69,250,000. These dispositions were undertaken by Calloway to continue its focus on retail properties.

On January 20, 2005, Calloway completed the acquisition of a 42,431 square foot retail property in Montreal, Quebec. The purchase price of the property was \$9,397,870 including costs of acquisition. The purchase price was paid in cash.

On February 11, 2005, Calloway acquired a 74,701 square foot retail property in Sarnia, Ontario. The purchase price of the property was approximately \$13,350,000 including costs of acquisition. The purchase price was satisfied by assumption of existing mortgage of \$7,978,889 and by payment of the balance in cash.

On February 24, 2005, Calloway issued by private placement 3,101,000 units at \$19.35 per Unit for total proceeds of \$60,004,350.

On March 10, 2005, Calloway completed the acquisition from the Co-ownership of the remaining eight properties it agreed to purchase on October 13, 2004 (the "Acquisition 4B Properties"). The purchase price of the Acquisition 4B Properties was approximately \$230,000,000 including costs of acquisition. The purchase price, net of adjustments, was satisfied via new debt financing totalling \$155,210,000, by the vendors providing a non-interest bearing mortgage totalling \$5,996,523, and by the payment of the balance in cash. The 8 additional centres included in the Acquisition 4 Properties comprised approximately 1,498,046 square feet of leased area and included adjacent lands with the potential future development of approximately 177,682 square feet of retail space, for a total potential area of 1,675,728 square feet. Upon closing of the transaction Wal-Mart, which leases space in all 8 of the centres, made up approximately 34.2% of Calloway's gross rental revenue. At the time of the transaction, First Professional Realty Inc., one of the co-owners of the Co-ownership, was controlled by Mitchell Goldhar, a significant beneficial Unitholder in Calloway, and was affiliated with FirstPro. First Professional Realty Inc. had a 40% interest in the Co-ownership Properties while Wal-Mart Canada Realty Inc. had a 60% interest in the Co-ownership Properties. A "Form 51-102F4 – Business Acquisition Report" was filed by Calloway under National Instrument 51-102 with respect to this acquisition. A copy of that report can be found on SEDAR at www.sedar.com.

Concurrently with the closing of the acquisition of the Acquisition 4B Properties, Calloway entered into development agreements with the Wal-Mart-FirstPro Realty Partnership II (the "Partnership II") for the undeveloped lands on each of the Acquisition 4B Properties (the "Development Agreements 4B"). Pursuant to the Development Agreements 4B, the Partnership II assumed responsibility for managing the development of the land on the Acquisition 4B Properties and was granted the right for a period of five years from the date of the acquisition to earn additional proceeds from Calloway on the completion and rental of additional space on these lands. The purchase price for the additional developments is calculated by a formula using the net operating rents and predetermined capitalization rates. The Partnership II has the right, at its option, to receive up to 40% of the proceeds for any new developments in Units of Calloway at a purchase price of \$19.60 per unit (for an aggregate of approximately 225,000 Units). The Partnership II provides financing to Calloway for the development costs of the additional developments. Calloway provided a first mortgage, assignment of rents and leases, and a general security agreement on one property acquired from the Co-ownership as security for the development loans.

On April 15, 2005, Calloway completed the sale of Collingwood Plaza, a 7,210 square foot retail building in Calgary, for gross proceeds of \$1,275,000.

On May 18, 2005, Calloway completed the sale of the Lawson Crescent, Church Avenue and Waverley industrial buildings for gross proceeds of \$9,300,000. The purchaser assumed mortgages totalling \$5,269,000.

On May 20, 2005, Calloway completed the acquisition of a retail property in Abbotsford for a cost of \$16,500,000. The purchase price was satisfied by the assumption of an existing mortgage of \$11,979,000 and by the payment of the balance in cash.

On June 22, 2005, Calloway issued 11,336,000 subscription receipts at a price of \$19.85 per subscription receipt for gross proceeds of \$225,019,600, each subscription receipt being exchangeable for one Unit upon the completion of an acquisition of certain properties by Calloway from FirstPro, Wal-Mart Canada Realty Inc. and other vendors.

On July 8, 2005, Calloway completed the acquisition of substantially all of the freehold and leasehold interests in 45 properties (the "Acquisition 5 Properties") from FirstPro, Wal-Mart Canada Realty Inc. and other vendors. These interests included the co-ownership interests owned by FirstPro in seven properties where Calloway owned the other co-ownership interests effectively giving Calloway a 100% ownership interest in these properties. A portion of the cash component for the acquisition was funded from the proceeds of the aforementioned private placement of subscription receipts closed by Calloway on June 22, 2005 which subscription receipts were converted into 11,336,000 Units of Calloway concurrently with the closing of the acquisition. The 45 properties comprised approximately 5,458,375 net square feet of leased area of which approximately 2,141,771 net square feet is leased to Wal-Mart, and included lands with the potential for future development of approximately 2,721,594 net square feet. The purchase price for the Acquisition 5 Properties was approximately \$1,168,703,000 (including costs of acquisition). Approximately \$190,017,000 of the purchase price relates to three properties in which Calloway acquired leasehold interests. The purchase price was satisfied as follows: (i) by assumption of existing mortgages of \$342,863,000; (ii) by obtaining first mortgage and unsecured bridge financing of approximately \$329,250,000; (iii) by the vendors providing non-interest

bearing mortgages of approximately \$33,091,000; (iv) by way of vendors providing a credit with respect to a marked-to-market adjustment on mortgages assumed of \$22,386,000; (v) by FirstPro and other vendors subscribing for 12,594,458 exchangeable Class B units (the "Class B Units") of Calloway Limited Partnership ("Calloway LP"), a subsidiary limited partnership of Calloway, at a price of \$19.85 per unit with each such unit carrying one vote at meetings of Unitholders of the Trust via the issuance of Special Voting Units of the Trust to the holders of such Class B Units; (vi) by approval and issuance of development agreement options via 2,500,000 Units and 8,500,000 Class C units (the "Class C Units") of Calloway LP valued in aggregate at their estimated fair market value of \$10,675,000; and (vii) by payment of the balance in cash. The agreements also included: (i) an amendment to the Declaration of Trust to increase FirstPro's ability to nominate trustees of Calloway; (ii) Calloway entering into long term development agreements and property management agreements on the properties acquired with FirstPro; (iii) Calloway's head office being relocated to Toronto; and (iv) the appointment of new senior management for Calloway.

Concurrently with the closing of the acquisition of the Acquisition 5 Properties, Calloway entered into an exchange, option and support agreement (the "Exchange Agreement") with FirstPro and other vendors of the properties. Pursuant to the Exchange Agreement, the vendors have assumed responsibility for managing the development of specific properties under development within the Acquisition 5 Properties and have been granted the right for a period of five years to earn additional proceeds from Calloway on the completion and rental of additional space on these lands. The purchase price for the additional developments is calculated by a formula using the net operating rents and pre-determined negotiated capitalization rates (7.250% to 8.875%). FirstPro and the other vendors have the right, at their option, to receive up to 40% of the gross proceeds for any new developments managed by them pursuant to the Exchange Agreement in up to 3,250,000 Class B Units at a purchase price of \$20.10 per unit by exchanging a similar amount of Class C Units, and up to 2,452,762 Units at a purchase price of \$20.10 per unit. Pursuant to the Exchange Agreement, FirstPro and the other vendors are also entitled, on the completion and rental of additional space on the remaining properties under development subject to the Exchange Agreement, to exchange Class C units together with a cash payment of \$20.10 per unit for Class B Units (up to approximately 5,250,000 Class C Units), and to acquire up to 47,238 Units at a price of \$20.10 per unit. On September 22, 2005, Calloway issued \$200 million Series A senior unsecured debentures with a maturity date of September 22, 2010 and a coupon rate of 4.51% (the "4.51% Debentures") for gross proceeds of \$199,956,000. The offering was made under Calloway's base shelf prospectus dated September 14, 2005 qualifying the issue of up to \$2,000,000,000 in debt or equity securities and a supplement to that prospectus dated September 15, 2005.

On December 1, 2005, the Trust completed the sale of two industrial properties located in Calgary, for gross proceeds of \$5.5 million. The purchaser assumed mortgages totaling \$2.6 million.

On December 6, 2005, Calloway issued 4,256,000 Units at a price of \$23.50 per Unit for gross proceeds of \$100,016,000. The issuance was made under Calloway's base shelf prospectus dated September 14, 2005 qualifying the issue of up to \$2,000,000,000 in debt or equity securities and a supplement to that prospectus dated November 28, 2005.

During 2005, Calloway completed the purchase of an additional 567,361 square feet of developed space from FirstPro and the Partnership for \$101,322,000 (including land value of \$14,366,823) under the terms of the Development Agreements. The consideration paid consisted of: the issuance to FirstPro of 47,476 Units at a price of \$10.00 per Unit, 661,206 Units at a price of \$10.50 per Unit, 429,514 Units at a price of \$14.00 per Unit, 683,527 Units at a price of \$15.25 per Unit, 165,359 Units at a price of \$17.80 per Unit, and 262,672 Units and 330,667 Class B Units at a price of \$20.10 per Unit; assumption of development loans and accounts payable; and the balance in cash. In addition, Calloway repaid acquisition and development loans provided by the Partnership.

On February 10, 2006, the Trust has completed the acquisition of a 51,060 square foot retail property in Calgary, and a 14.53-acre development property in Burlington, Ontario for a combined purchase price of \$21.7 million.

Calloway has entered into agreements with FirstPro in which the Trust will lend up to \$33.9 million for the purpose of acquiring and developing 104.67 acres in two separate transactions. The Trust has an option exercisable during the first four years after the initial advance to acquire a 50% interest upon substantial completion. The Trust has advanced \$10.3 million under the financing agreements.

During January and February of 2006, Calloway has acquired 101,056 square feet of earn outs from FirstPro for \$23.5 million pursuant to existing agreements. FirstPro received consideration of \$7.7 million (480,998 trust units) and consideration of \$1.3 million (62,733 class "B" units) and the balance in cash.

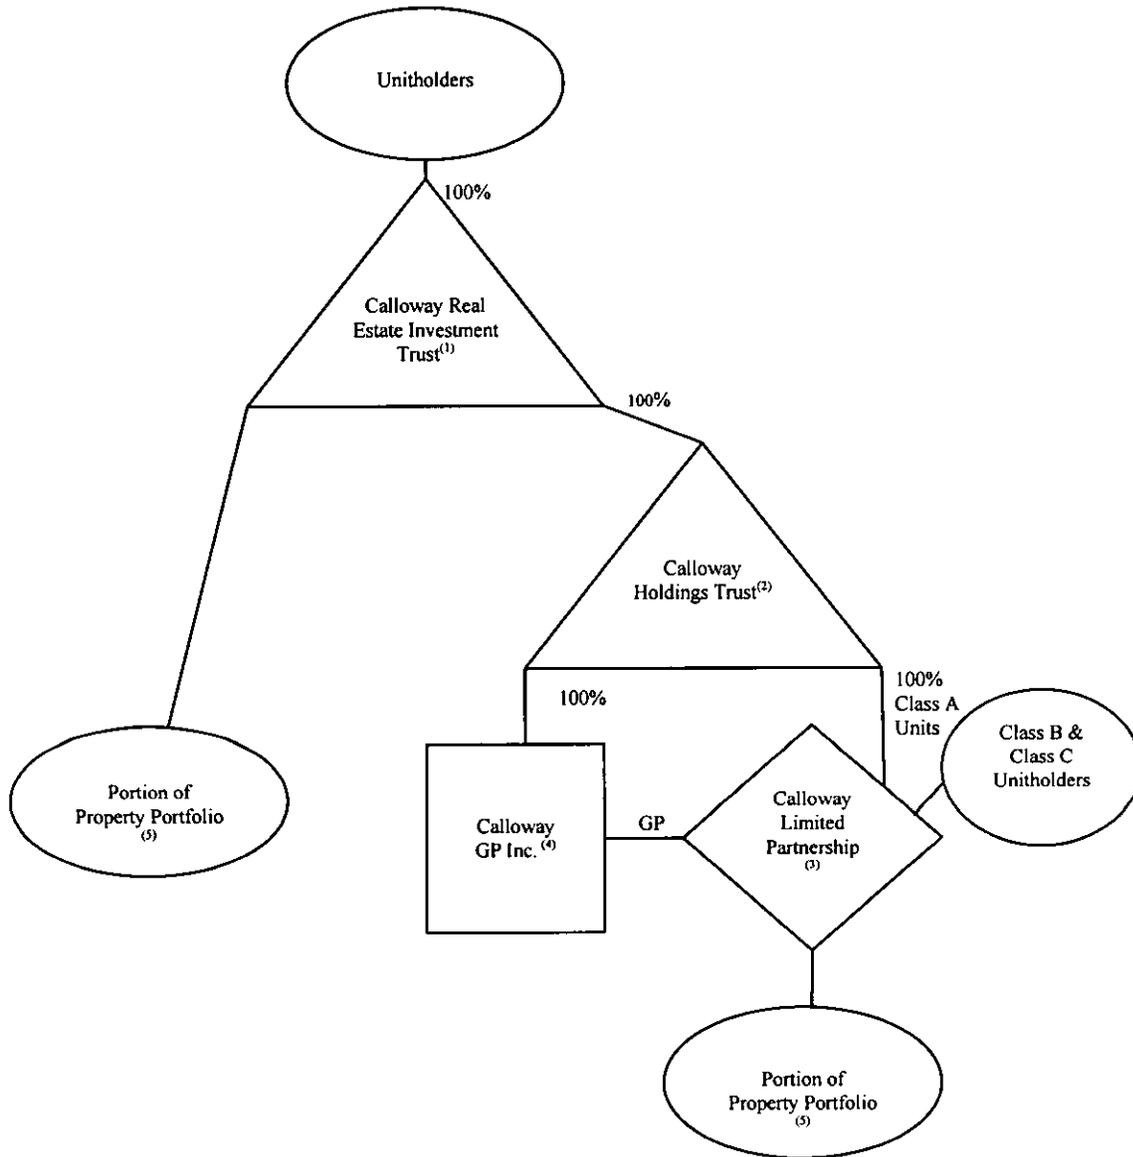

On February 20, 2006, Calloway has completed the acquisition of a 14.53-acre development property in Burlington, Ontario for a purchase price of \$11.3 million. The purchase was paid in cash.

The Trust has entered into two agreements to acquire two retail income properties (330,393 square feet) in Ontario at a purchase price of approximately \$63,100 to be paid for by assuming an existing mortgage, issuance of equity units and cash. The Trust is currently performing its due diligence with an expected closing in April 2006.

The Trust has entered into contracts to acquire interests in four retail income properties (154,784 square feet) from First Pro at a price of approximately \$40 million to be paid for by issuance of equity units and cash. Included in the four, are two properties (85,632 square feet) where Calloway has exercised its option to acquire the remaining 50% interest that the Trust does not already own at a purchase price of approximately \$11 million. The Trust is currently performing its due diligence with an expected closing in April 2006.

Structure of Calloway

The following diagram illustrates the organizational structure of Calloway:

Notes:

- (1) Calloway Real Estate Investment Trust is an unincorporated open-end real estate investment trust governed by the laws of the Province of Alberta.
- (2) Calloway Holdings Trust is an unincorporated open-end trust governed by the laws of the Province of Alberta.
- (3) Calloway Limited Partnership is a limited partnership created pursuant to the laws of the Province of Alberta.
- (4) Calloway GP Inc. is a corporation created under the laws of the Province of Alberta.
- (5) Legal title to the assets in the Property Portfolio is held by a variety of nominee companies, all of which are 100% owned by Calloway Real Estate Investment Trust or Calloway Limited Partnership. These nominees do not conduct any business other than the holding of legal title to the assets for the benefit of Calloway Real Estate Investment Trust or Calloway Limited Partnership.

Objectives and Strategy of Calloway

The objectives of Calloway are: (i) to provide Unitholders with stable and growing cash distributions, payable monthly and, to the maximum extent possible, tax deferred through the acquisition of a portfolio of well-located, large format, unenclosed retail centres in Canada; (ii) to expand the asset base of Calloway and increase its Distributable Income through on-going active management of Calloway's assets and the acquisition of additional large format, unenclosed

retail centres or interests therein; and (iii) to enhance the value of Calloway's assets and maximize long-term Unit value through efficient management and proactive leasing.

Calloway intends to invest primarily in large format, unenclosed retail rental properties with strong tenant covenants, stable yields, low vacancy levels and growth potential and to build a geographically diversified portfolio of such properties. Calloway believes it will be able to implement an investment strategy of acquiring additional properties with these characteristics to provide additional cash flow and further enhance the long-term portfolio value. To the extent that opportunities exist, and to the extent that management and the board of trustees of Calloway believe such opportunities are beneficial to Unitholders, Calloway will continue to acquire well-anchored large format, unenclosed retail centres.

Calloway's management has, in the aggregate, over 60 years of experience in the commercial real estate market, including real estate acquisitions, dispositions, financing and administration, property management, construction and renovation, and marketing. Management's goal will be to maximize cash flow and Unit value, while minimizing Unitholder risk. Management will undertake regular reviews of the Property Portfolio and, based on experience and market knowledge, will assess ongoing opportunities for the Property Portfolio. Where appropriate capital improvement projects, renovations and remarketing initiatives will be implemented.

Management is committed to maximizing income from Calloway's properties through sophisticated and prudent financial management. Management intends to optimize the leveraged returns from the Property Portfolio, while remaining within the overall debt limits set by the Declaration of Trust. Whenever possible, Calloway intends to utilize fixed rate debt financing with terms that are appropriate for the nature of the leases and the properties being financed. Management intends to stagger debt maturities to reduce refinancing risk and to provide a source of additional capital when refinanced, and make use of operating lines or acquisition facilities to generate interim capital.

Calloway plans to achieve its objectives by employing the following internal and external growth strategies:

Growth Through Acquisitions

Calloway intends to expand its asset base and increase Distributable Income by pursuing an external growth strategy. Calloway intends to actively seek accretive acquisitions in its existing and adjacent markets and in new Canadian markets that present opportunities for favourable returns.

Calloway believes it has certain competitive advantages that enhance its ability to identify and capitalize on acquisition opportunities. These advantages include: (i) management's extensive understanding of commercial real estate; (ii) Calloway's strategic relationships with FirstPro and other developers; and (iii) Calloway's access to capital.

Throughout the acquisition process, Calloway intends to identify potential property acquisitions using an investment criteria that focuses primarily on return on equity, security of cash flow, potential for capital appreciation and the potential to increase value by more efficient management of the assets being acquired, including accessing capital for expansion and development of those assets, which access might not otherwise be available to competitors and other property owners.

Calloway intends to focus on investing in additional large format unenclosed retail property interests in Canada to produce a geographically diversified portfolio with strong cash flows which, when coupled with experienced management, will provide future growth opportunities for Unitholders.

Calloway believes it will be able to implement an effective investment strategy by acquiring additional properties from several sources, including the following:

- (i) commercial properties made available generally in the property market;
- (ii) commercial properties made available through its relationships with FirstPro and other developers; and
- (iii) institutional and other owners of commercial real estate.

Growth Through Development

Management of Calloway believes that an important part of Calloway's growth will be achieved through the acquisition of newly developed, renovated or expanded commercial rental properties in Canada. Accordingly, Calloway has established an ongoing relationship with FirstPro and other developers. See "Access to Development Projects".

Growth Through Asset Management

Calloway believes that opportunities exist to increase cash flow of the Property Portfolio through value-added asset management and leasing activity. Calloway develops a leasing strategy for each property that reflects the nature of the property, its position within the marketplace, as well as prevailing and forecast economic conditions. To assist in implementing this strategy, Calloway utilizes and coordinates with the brokerage leasing community and retains appropriate agents on a best-in-class basis for each of the assets. Management expects that this strategy will maximize expansion and renewal opportunities and will involve aggressive, proactive leasing programs.

Calloway recognizes that renewal of existing tenant leases, as opposed to tenant replacement, often provides the best operating results as renewals minimize transaction costs associated with marketing, leasing and tenant improvements and avoids costs of renovation and interruptions in rental income resulting from periods of vacancy. Where existing tenants choose not to renew their lease, Calloway's proactive leasing function is designed to quickly identify replacement tenants at the best available market terms and lowest possible transaction costs.

ACCESS TO DEVELOPMENT PROJECTS

Calloway's relationship with FirstPro and other developers will assist Calloway in avoiding the hurdles associated with property development, including locating and buying attractive development sites, securing construction financing, obtaining development approvals, marketing and leasing a building in advance of and during construction and earning no return during the construction period.

Access to Development Projects on the Acquisition 1 Properties

Pursuant to the Development Agreements 1, Calloway has access to additional retail developments to be undertaken by FirstPro on the undeveloped lands associated with the Acquisition 1 Properties (the "Acquisition 1 Undeveloped Lands"). FirstPro has been granted the right until October 31, 2008 subject to FirstPro's option to extend for a further five year term (the "Acquisition 1 Earn-Out Period") to earn additional proceeds (the "Acquisition 1 Earn-Out Proceeds") from Calloway on the completion and rental of additional buildings (the "Acquisition 1 Earn-Out Event") on the Acquisition 1 Undeveloped Lands. Upon the occurrence of an Acquisition 1 Earn-Out Event, Calloway has agreed to pay the Acquisition 1 Earn-Out Proceeds to FirstPro. The formula used to calculate the Acquisition 1 Earn-Out Proceeds for any new development uses net rents from the new development less proposed management costs divided by a capitalization rate which in all cases exceeds the capitalization rate used to derive the portion of the purchase price allocated to the associated Acquisition 1 Property, with the result that in each instance the acquisition of a new development should be accretive to Calloway. FirstPro has been provided the right, at their option, to receive up to 40% of the Acquisition 1 Earn-Out Proceeds, in Units at a purchase price of \$10.00 and \$10.50 per Unit (not to exceed 199,475 Units and approximately 1,800,000 Units respectively).

As at December 31, 2005, based on current projected rents and on potential buildable square feet on the Acquisition 1 Undeveloped Lands, the Acquisition 1 Earn-Out Proceeds could equal approximately \$31.7 million and result in the issuance of up to 1,120,709 additional Units to FirstPro. Calloway expects that it will raise approximately 60% of any Acquisition 1 Earn-Out Proceeds by issuing mortgages secured against the property it acquires or by way of advances under operating line facilities. In the event that FirstPro does not elect to take any portion of the Acquisition 1 Earn-Out Proceeds in Units, Calloway intends to raise such portion of the Acquisition 1 Earn-Out Proceeds by the issuance of Units pursuant to one or more private placements which will be priced at the then current ten day weighted average trading price for Calloway Units, subject to at most a 15% discount. The pricing for such private placement will be subject to the approval of the Toronto Stock Exchange.

For the Acquisition 1 Earn-Out Period, FirstPro has entered into the Development Agreements 1 with Calloway with respect to the foregoing, including terms regarding the development of the Acquisition 1 Undeveloped Lands from Calloway on customary terms and conditions, and including the following:

- (a) in consideration of a lease by FirstPro from Calloway of the Acquisition 1 Undeveloped Lands, FirstPro will pay Calloway an amount equal to 9% per annum, payable monthly, of the aggregate Acquisition 1 Undeveloped Lands value (as agreed between the parties in the initial purchase agreement), as reduced from time to time upon the occurrence of Acquisition 1 Earn-Out Events (the "Acquisition 1 Development Fee");
- (b) Calloway has the option to cause FirstPro to repurchase any Acquisition 1 Undeveloped Lands (or portion thereof) at the Acquisition 1 Undeveloped Lands value (or portion thereof), to the extent that such Acquisition 1 Undeveloped Lands (or portion thereof) have not been the subject of a Acquisition 1 Earn-Out Event as at the end of the Acquisition 1 Earn-Out Period; and
- (c) the obligation of FirstPro to pay the Acquisition 1 Development Fee and to repurchase any remaining Acquisition 1 Undeveloped Lands at the end of the Acquisition 1 Earn-Out Period is secured by Units of Calloway owned by FirstPro and having a value equivalent to the remaining Acquisition 1 Undeveloped Land value from time to time.

In addition to the acquisition of retail developments on the Acquisition 1 Undeveloped Lands as these projects are completed by FirstPro, Calloway hopes to have the opportunity to acquire additional new format retail developments from FirstPro. FirstPro's equity and board positions in Calloway may provide Calloway with an enhanced opportunity to access FirstPro divestures if and when they arise.

Access to Development Projects on the Acquisition 2-4B Properties

Pursuant to the Development Agreements 2, Development Agreements 3, Development Agreements 4A and Development Agreements 4B, Calloway has access to additional retail developments to be undertaken by the Partnership on the undeveloped lands associated with the Acquisition 2 Properties, Acquisition 3 Properties and Acquisition 4A Properties and by the Partnership II on the Acquisition 4B Properties (the "Acquisition 2-4B Undeveloped Lands"). The Partnership has been granted the right until February 16, 2009 with respect to the Acquisition 2 Properties, May 14, 2009 with respect to the Acquisition 3 Properties and November 30, 2009 with respect to the Acquisition 4A Properties, and the Partnership II has been granted the right until March 10, 2010 with respect to the Acquisition 4B Properties, subject to their option to extend for a further five year term (each such period referred to as an "Acquisition 2-4B Earn-Out Period") to earn additional proceeds (the "Acquisition 2-4B Earn-Out Proceeds") from Calloway on the completion and rental of additional buildings (the "Acquisition 2-4B Earn-Out Event") on the Acquisition 2-4B Undeveloped Lands. Upon the occurrence of an Acquisition 2-4B Earn-Out Event, Calloway has agreed to pay the Acquisition 2-4B Earn-Out Proceeds to the Partnership and the Partnership II, as applicable. The formula used to calculate the Acquisition 2-4B Earn-Out Proceeds for any new development uses net rents from the new development less proposed management costs divided by a capitalization rate which in all cases exceeds the capitalization rate used to derive the portion of the purchase price allocated to the associated property, with the result that in each instance the acquisition of a new development should be accretive to Calloway. The Partnership and the Partnership II, as applicable, have been provided the right, at their option, to receive up to 40% of the Acquisition 2-4B Earn-Out Proceeds, in Units at a purchase price of \$14.00 per Unit for Acquisition 2-4B Undeveloped lands on the Acquisition 2 Properties, \$15.25 per Unit for Acquisition 2-4B Undeveloped Lands on the Acquisition 3 Properties, \$17.80 per Unit for Acquisition 2-4B Undeveloped lands on the Acquisition 4A Properties and \$19.60 per Unit for Acquisition 2-4B Undeveloped Lands on the Acquisition 4B Properties.

As at December 31, 2005, based on current projected rents and on potential buildable square feet on the Acquisition 2-4B Undeveloped Lands, the Acquisition 2-4B Earn-Out Proceeds could equal approximately \$107.3 million (\$89.9 million, net of land) and result in the issuance of approximately 1,755,067 additional Units to the Partnership and the Partnership II. Calloway expects that it will raise approximately 60% of any Acquisition 2-4B Earn-Out Proceeds by issuing mortgages secured against the property it acquires. In the event that the Partnership or the Partnership II does not elect to take any portion of the Acquisition 2-4B Earn-Out Proceeds in Units, Calloway intends to raise such portion of the Acquisition 2-4B Earn-Out Proceeds by the issuance of Units pursuant to one or more private placements which will be

priced at the then current ten day weighted average trading price for Calloway Units, subject to at most a 15% discount. The pricing for such private placement will be subject to the approval of the Toronto Stock Exchange.

For the Acquisition 2-4B Earn-Out Period, the Partnership and the Partnership II have entered into the Development Agreements 2, Development Agreements 3, Development Agreements 4A and Development Agreements 4B, with Calloway with respect to the foregoing, including terms regarding the development of the Acquisition 2-4B Undeveloped Lands from Calloway on customary terms and conditions.

In addition to the acquisition of retail developments on the Acquisition 2-4B Undeveloped Lands as these projects are completed by the Partnership and the Partnership II, Calloway hopes to have the opportunity to acquire additional new format retail developments from the Partnership and the Partnership II.

Access to Development Projects on the Acquisition 5 Properties

Pursuant to the Exchange Agreement Calloway has access to additional retail developments to be undertaken on certain of the Acquisition 5 Properties (the "Acquisition 5 Undeveloped Lands"). With respect to 11 of the Acquisition 5 Properties, the vendors will be granted the right for a period of five years (the "Acquisition 5 Earn-Out Period") to earn additional proceeds (the "Acquisition 5 Earn-Out Proceeds") from Calloway on the completion and rental of additional buildings (the "Acquisition 5 Earn-Out Event") on the applicable Acquisition 5 Undeveloped Lands. Upon the occurrence of an Acquisition 5 Earn-Out Event, Calloway has agreed to pay the Acquisition 5 Earn-Out Proceeds to the vendors of the applicable Acquisition 5 Property. The formula used to calculate the Acquisition 5 Earn-Out Proceeds for any new development uses net rents from the new development divided by the capitalization rate used to derive the portion of the purchase price allocated to the associated Acquisition 5 Property plus 12.5 basis points. An affiliate of FirstPro has been provided the right, at its option, to subscribe for either Units or Class B Units of Calloway LP in an amount of up to 40% of the Acquisition 5 Earn-Out Proceeds at a purchase price per Unit or Class B Unit equal to \$20.10. Each Class B Unit issued as a result of an Acquisition 5 Earn-Out Event shall result in the cancellation of one Class C Unit of Calloway LP and the issuance of an additional Special Voting Unit of the Trust.

As at December 31, 2005, based on current projected rents and on potential buildable square feet on the 11 Acquisition 5 Properties, the Acquisition 5 Earn-Out Proceeds could be up to approximately \$210.9 million (\$172.9 million, net of land) and result in the issuance to FirstPro of up to 2,190,089 and 2,919,333 additional Units or Class B Units of Calloway LP, respectively (as well as additional Special Voting Units of the Trust equivalent to the number of Class B Units issued) at \$20.10 per Unit or Class B Unit of Calloway LP. Calloway expects that it will raise approximately 60% of any Acquisition 5 Earn-Out Proceeds by issuing mortgages secured against the property it acquires.

In the event that FirstPro does not elect to subscribe for the full amount of Units or Class B Units of Calloway LP to which it is entitled, Calloway intends to raise such portion of the Acquisition 5 Earn-Out Proceeds by the issuance of Units pursuant to one or more private placements or public offerings of such additional Units of Calloway, which will be priced at the then current ten day weighted average trading price for Units, subject to at most a 15% discount. The pricing for such private placement or public offering will be determined based on then prevailing market conditions and be subject to the approval of the Toronto Stock Exchange.

If an Acquisition 5 Earn-Out Event does not occur before the expiration of the Acquisition 5 Earn-Out Period (which may be extended by the vendors) with respect to a new building, Calloway will not be required to pay any Acquisition 5 Earn-Out Proceeds in connection with such new building and will be required to repay only 85% of the proceeds it borrowed from the vendors in relation to the acquisition and development of the centres attributable to such new building (including the amount owing under the mortgage, construction financing advances (if any) and interest thereon, all relative to the relevant Acquisition 5 Undeveloped Land).

With respect to 13 of the Acquisition 5 Properties, Calloway will conduct the development process. FirstPro has been provided the right, at its option, to subscribe for additional Units or Class B Units of Calloway LP at a purchase price per Unit or Class B Unit equal to \$20.10 on the completion of any development of the 13 of the Acquisition 5 Properties (an "Acquisition 5 Development Event") for an aggregate amount of up to 40% of the value of such development ("Acquisition 5 Development Proceeds") where value will be determined in a manner similar to the determination of Acquisition 5 Earn-Out Proceeds. Each Class B Unit issued as a result of an Acquisition 5 Development Event shall

result in the cancellation of one Class C Unit and the issuance of an additional Special Voting Unit.

As at December 31, 2005, based on current projected rents and on potential buildable square feet on the 13 applicable Acquisition 5 Properties, the Acquisition 5 Development Proceeds could equal approximately \$227.8 million (\$160.1 million, net of land) and result in the issuance to FirstPro of up to 47,238 and 5,250,000 additional Units or Class B Units of Calloway LP, respectively (as well as additional Special Voting Units of the Trust equivalent to the number of Class B Units issued) at \$20.10 per Unit or Class B Unit of Calloway LP. Calloway expects it will raise approximately 60% of any Acquisition 5 Development Proceeds by issuing mortgages secured against the property on which it has completed a development.

In the event that FirstPro does not elect to take any portion of the Acquisition 5 Development Proceeds in Units or Class B Units, Calloway intends to raise such portion of the Acquisition 5 Development Proceeds by the issuance of Units pursuant to one or more private placements or public offerings of such additional Units of Calloway, which will be priced at the then current ten day weighted average trading price for Units, subject to at most a 15% discount. The pricing for such private placement or public offering will be determined based on then prevailing market conditions and be subject to the approval of the Toronto Stock Exchange.

Calloway and Calloway LP will issue a maximum of 2,500,000 additional Units and 8,500,000 Class B Units and the Trust will issue a maximum of 8,500,000 additional Special Voting Units to FirstPro in completing the acquisitions flowing from the Acquisition 5 Earn-Out Events and refinancing properties following Acquisition 5 Development Events. The precise number of additional Class B Units and Special Voting Units issued will be determined by the applicable trading price of Units (in the event that FirstPro does not elect to subscribe for the full number of the Acquisition 5 Earn-Out Proceeds or Acquisition 5 Development Proceeds in Class B Units to which it is entitled) and by the actual amount of the Acquisition 5 Earn-Out Proceeds or Acquisition 5 Development Proceeds which will be based on the actual net rents that FirstPro and Calloway are able to achieve in the development of the undeveloped land associated with the Acquisition 5 Properties.

OVERVIEW OF PROPERTY PORTFOLIO

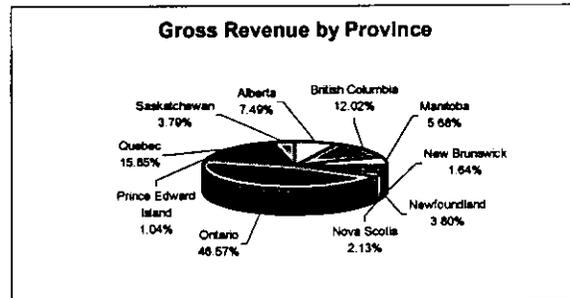

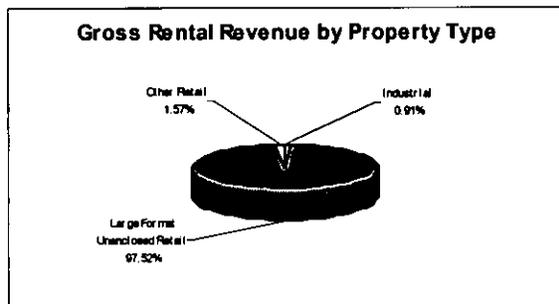

General

As of December 31, 2005, the Property Portfolio consisted of 96 properties located in all of the provinces of Canada including:

- a. 11 properties located in British Columbia;
- b. 9 properties located in Alberta;
- c. 2 properties located in Saskatchewan;
- d. 3 properties located in Manitoba;
- e. 47 properties located in Ontario;
- f. 13 properties located in Quebec;
- g. 1 property located in New Brunswick;
- h. 4 properties located in Nova Scotia;
- i. 1 property located in Prince Edward Island; and
- j. 5 properties located in Newfoundland and Labrador.

The Property Portfolio is divided into only two segments of the real estate market: (i) retail properties; and (ii) industrial properties. As at December 31, 2005, approximately 99.09% of rental revenue was derived from retail properties containing an aggregate of 14,318,451 square feet and approximately 0.91% of rental revenue was derived from industrial properties containing an aggregate of 237,422 square feet. The occupancy rate for the Property Portfolio as at December 31, 2005 was 99.2%.

Information in the charts below is given as of December 31, 2005.

The majority of the properties have been completed within the past 5 years. Each of the properties has been professionally managed and well maintained. The properties enjoy the benefits of strong locations and professional management and leasing practices, resulting in low vacancy, stable income and controlled expenses.

The following table summarizes the Property Portfolio as a whole as at December 31, 2005.

	<u>Total</u>
Number of Properties	96
Net Rentable Area (square feet) (excluding Undeveloped Lands)	14,555,873
Occupancy	99.2%
Average Net Rent in Place	\$12.75

Retail Properties

The following table sets forth certain summary information as at December 31, 2005 with respect to the retail properties in the Property Portfolio:

<u>Property</u>	<u>Location</u>	<u>Ownership Interest</u>	<u>Net Rentable Area</u> ⁽¹⁾	<u>Future Area</u> ⁽¹⁾	<u>Occupancy</u>	<u>Year Built</u>	<u>Year Acquired</u>

DECLARATION OF TRUST AND DESCRIPTION OF UNITS

General

Calloway is an unincorporated open-end real estate investment trust established by the Declaration of Trust and governed by the laws of the Province of Alberta.

Authorized Capital

The Declaration of Trust authorizes the issuance of an unlimited number of two classes of units: Units and Special Voting Units. As of March 10, 2006, the Trust had 57,299,019 Units and 12,987,859 Special Voting Units outstanding for a total of 70,286,878 outstanding Voting Units.

Units

An unlimited number of Units may be created and issued pursuant to the Declaration of Trust. The Declaration of Trust provides that Units or rights to acquire Units may be issued at times, to the persons, for the consideration and on the terms and conditions that the Trustees determine. Each Unit represents an equal fractional undivided beneficial interest in any distributions from, and in any net assets of, Calloway in the event of termination or winding-up of Calloway. All Units are of the same class with equal rights and privileges. Each Unit is transferable, entitles the holder thereof to participate equally in distributions, including the distributions of net income and net realized capital gains of Calloway and distributions on liquidation, is fully paid and non-assessable and entitles the holder thereof to one vote at all meetings of Unitholders for each Unit held.

The Units do not represent a traditional investment and should not be viewed by investors as "shares" in Calloway. As holders of Units in Calloway, the Unitholders do not have the statutory rights normally associated with ownership of shares of a corporation including, for example, the right to bring "oppression" or "derivative" actions.

The Units are not "deposits" within the meaning of the Canada Deposit Insurance Corporation Act (Canada) and are not insured under the provisions of that act or any other legislation. Furthermore, Calloway is not a trust company and, accordingly, is not registered under any trust and loan company legislation as it does not carry on or intend to carry on the business of a trust company.

Special Voting Units

An unlimited number of Special Voting Units may be created and issued pursuant to the Declaration of Trust. Special Voting Units may be issued by the Trust from time to time which shall entitle the holder of an Exchangeable Security (as

defined below) to such number of votes at meetings of Voting Unitholders as is equal to the number of Units into which such Exchangeable Security (other than an Exchangeable Security owned by the Trust or any subsidiary of the Trust) is then exchangeable or convertible for. For greater certainty, holders of Special Voting Units shall not be entitled, by virtue of their holding of Special Voting Units, to distributions of any nature whatsoever from the Trust nor shall they have any beneficial interest in any assets of the Trust on termination or winding up of the Trust. Special Voting Units are not separately transferable from the Exchangeable Security to which they relate and are automatically redeemed and cancelled upon the exercise or conversion of such Exchangeable Security.

Notwithstanding the foregoing, if in any given 365 day period in the five year period from July 1, 2005, the average weighted aggregate number of Special Voting Units plus Units held or controlled by Mitchell Goldhar, companies controlled by Mitchell Goldhar or affiliates of such companies (collectively referred to herein as "FirstPro") is equal to or greater than 15,000,000, then so long as Mr. Mitchell Goldhar remains a Trustee and FirstPro directly or indirectly beneficially own or control less than 25% of the voting rights attached to all voting securities of the Trust, the Trust shall issue such number of additional Special Voting Units (the "Additional Special Voting Units") which will entitle FirstPro to cast 25% of the votes attached at a meeting of the holders of Units and Special Voting Units. FirstPro's entitlement under this clause shall extend for an additional five year period should FirstPro sell in aggregate at least \$800,000,000 of freehold assets (including freehold interests in assets sold under development arrangements) to the Trust or its affiliates during the initial 5 year period, provided that number of Units and Special Voting Units held or controlled by FirstPro shall be increased to the lesser of 20,000,000 or 20% of the aggregate issued and outstanding Units plus Special Voting Units and provided that Mr. Mitchell Goldhar remains a Trustee.

Redemption Right

Units are redeemable at any time on demand by the holders thereof. Upon receipt of the redemption request by the Trust, all rights to and under the Units tendered for redemption shall be surrendered and the holder thereof shall be entitled to receive a price per Unit (the "Redemption Price") equal to the lesser of: (i) 90% of the "market price" of the Units on the principal market on which the Units are quoted for trading during the 10 trading day period commencing immediately after the date on which the Units are surrendered for redemption (the "Redemption Date"); and (ii) 100% of the "closing market price" on the principal market on which the Units are quoted for trading on the Redemption Date.

For the purposes of this calculation, "market price" will be an amount equal to the weighted average of the closing price of the Units for each of the trading days on which there was a closing price; provided that, if the applicable exchange or market does not provide a closing price but only provides the highest and lowest prices of the Units traded on a particular day, the "market price" shall be an amount equal to the weighted average of the highest and lowest prices for each of the trading days on which there was a trade; and provided further that if there was trading on the applicable exchange or market for fewer than five of the 10 trading days, the market price shall be the weighted average of the following prices established for each of the 10 trading days: the weighted average of the last bid and last ask prices for each day on which there was no trading; the closing price of the Units for each day that there was trading if the exchange or market provides a closing price; and the weighted average of the highest and lowest prices of the Units for each day that there was trading, if the market provides only the highest and lowest prices of Units traded on a particular day. The "closing market price" shall be an amount equal to the closing price of the Units if there was a trade on the date and the exchange or market provides a closing price; an amount equal to the weighted average of the highest and lowest prices of the Units if there was trading and the exchange or other market provides only the highest and lowest prices of Units traded on a particular day; or the weighted average of the last bid and last ask prices if there was no trading on the date.

The aggregate Redemption Price payable by the Trust in respect of any Units surrendered for redemption during any calendar month shall be satisfied by way of a cash payment on or before the last day of the following month; provided that the entitlement of Unitholders to receive cash upon the redemption of their Units is subject to the limitations that: (i) the total amount payable by the Trust in respect of such Units and all other Units tendered for redemption in the same calendar month shall not exceed \$50,000.00 (provided that the Trustees may, in their sole discretion, waive such limitation in respect of any calendar month); (ii) at the time such Units are tendered for redemption the outstanding Units shall be listed for trading on a stock exchange or traded or quoted on any other market which the Trustees consider, in their sole discretion, provides representative fair market value prices for the Units; and (iii) the normal trading of Units is not suspended or halted on any stock exchange on which the Units are listed (or, if not listed on a stock exchange, on any

market on which the Units are quoted for trading) on the Redemption Date or for more than five trading days during the 10 day trading period commencing immediately after the Redemption Date.

If a Unitholder is not entitled to receive cash upon the redemption of Units as a result of the foregoing limitations, then the Redemption Price for such Units shall be the fair market value thereof, as determined by the Trustees in the circumstances described in subparagraphs (ii) and (iii) above, and shall, subject to any applicable regulatory approvals, be paid and satisfied, at the option of the Trust, by way of the issuance and delivery by the Trust to each holder of Units tendered for redemption who is not entitled to receive cash *in respect thereof* on the Redemption Date of unsecured promissory notes with interest at a market rate to be determined by the Trustees, payable monthly, issued by the Trust (the "Notes"), each in the principal amount of \$1, on the basis of such number of Notes for such Units tendered for redemption equal to the product of (i) number of Units tendered for redemption multiplied by (ii) the Redemption Price per Unit specified above, which product will then be divided by \$1 on the date the Units were tendered for redemption. The Redemption Price payable pursuant to provision in respect of Units tendered for redemption during any month shall, subject to receipt of all necessary regulatory approvals, be paid by the transfer, to or to the order of the Unitholder who exercised the right of redemption, on the last day (the "Transfer Date") of the calendar month following the month in which the Units were tendered for redemption. Payments by the Trust of the Redemption Price are conclusively deemed to have been made upon the mailing of the Notes by registered mail in a postage prepaid envelope addressed to the former Unitholder. Upon such payment, the Trust shall be discharged from all liability to the former Unitholder in respect of the Units so redeemed. No fractional Notes in a principal amount less than \$1 will be distributed and where the number of Notes to be received by the former Unitholder includes a fraction or a principal amount less than a multiple of \$1, such number shall be rounded to the next lowest number or multiple of \$1, as the case may be.

It is anticipated that the redemption right will not be the primary mechanism for holders of Units to dispose of their Units. Securities and/or obligations which may be distributed to Unitholders in connection with a redemption will not be listed on any stock exchange and no market is expected to develop in such securities and/or obligations and such securities and/or obligations may be subject to an indefinite "hold period" or other resale restrictions under applicable securities laws. Such securities and/or obligations may not be qualified investments for trusts governed by registered retirement savings plans, registered retirement income funds, registered education savings plans and deferred profit sharing plans.

Unitholder Limited Liability

On July 1, 2004, the *Income Trusts Liability Act* (Alberta) came into force. This act creates a statutory limitation on the liability of unitholders of income trusts governed by the laws of the Province of Alberta. The legislation states that an income trust is governed by the laws of Alberta if its declaration of trust or other constating document contains a provision to that effect. Calloway's Declaration of Trust contains such a provision. The legislation provides that a Unitholder will not be, as a beneficiary, liable for any act, default, obligation or liability of the Trustees that arises after the legislation comes into effect. However, the legislation has not yet been judicially considered and it is possible that reliance upon the legislation by a Unitholder could be successfully challenged on jurisdictional or other grounds.

Further, the Declaration of Trust provides that no Unitholder will be subject to any liability in connection with Calloway or its obligations and affairs and, in the event that a court determines Unitholders are subject to any such liabilities, the liabilities will be enforceable only against, and will be satisfied only out of, the Unitholder's share of Calloway's assets. Pursuant to the Declaration of Trust, Calloway will reimburse each Unitholder from any cost, damages, liabilities, expenses, charges and losses suffered by a Unitholder resulting from or arising out of any payment of a Calloway obligation by a Unitholder.

Further, the Declaration of Trust provides that written instruments signed by or on behalf of Calloway shall, if practicable, contain a provision to the effect that such obligation will not be binding upon Unitholders personally. Notwithstanding the terms of the Declaration of Trust, Unitholders may not be protected from liabilities of Calloway to the same extent as a shareholder is protected from the liabilities of a corporation. Personal liability may also arise in respect of claims against Calloway (to the extent that claims are not satisfied by Calloway) that do not arise under contracts, including claims in tort, claims for taxes and possibly certain other statutory liabilities.

The business of Calloway will be conducted, upon the advice of counsel, in such a way and in such jurisdictions as to avoid as far as possible any material risk of liability to the Unitholders for claims against Calloway including, where commercially

reasonable, by obtaining appropriate insurance, where available, for the operations of Calloway and, where commercially reasonable, having written agreements signed by or on behalf of Calloway include a provision that such obligations are not binding upon Unitholders personally.

However, in conducting its affairs, Calloway will be acquiring, and has acquired, real property investments subject to existing contractual obligations, including obligations under mortgages and leases. The Trustees will use all reasonable efforts to have any such obligations under mortgages on its properties and material contracts, other than leases, modified so as not to have such obligations binding upon any of the Unitholders or annuitants personally. However, Calloway may not be able to obtain such modification in all cases. To the extent that claims are not satisfied by Calloway, there is a risk that a Unitholder or annuitant will be held personally liable for obligations of Calloway where the liability is not disavowed as described above.

Limitations on Non-Resident Trust Unitholders

Certain provisions of the Tax Act require that Calloway not be established nor maintained primarily for the benefit of Non-Residents. Accordingly, in order to comply with such provisions, the Declaration of Trust contains restrictions on the ownership of Units by Unitholders who are Non-Residents. At no time may Non-Residents be the beneficial owners of more than 40% of the Units, on a basic or fully-diluted basis (and for greater certainty, including Units into which Exchangeable Securities may be converted or exchanged), and the Trustees shall inform the Transfer Agent of this restriction. The Trustees may require a registered holder of Units and Special Voting Units to provide the Trustees with a declaration as to the jurisdictions in which beneficial owners of the Units registered in such Unitholder's name are resident and as to whether such beneficial owners are Non-Residents (or in the case of a partnership, whether the partnership is a Non-Resident). If the Trustees become aware, as a result of acquiring such declarations as to beneficial ownership or as a result of any other investigations, that the beneficial owners of 40% of the Units (on a basic or fully-diluted basis, including Units into which Exchangeable Securities may be converted or exchanged) are, or may be, Non-Residents or that such a situation is imminent, the Trustees may make a public announcement thereof and shall not accept a subscription for Units from or issue or register a transfer of Units to a person unless the person provides a declaration in form and content satisfactory to the Trustees that the person is not a Non-Resident and does not hold such Units for the benefit of Non-Residents. If, notwithstanding the foregoing, the Trustees determine that more than 40% of the Units (on a basic or fully-diluted basis, including Units into which Exchangeable Securities may be converted or exchanged) are held by Non-Residents, the Trustees may send a notice to such Non-Resident holders of the Units or Exchangeable Securities, as the case may be, chosen in inverse order to the order of acquisition or registration or in such other manner as the Trustees may consider equitable and practicable, requiring them to sell their Units or Exchangeable Securities or a portion thereof within a specified period of not more than 30 days. If the Unitholders receiving such notice have not sold the specified number of Units or Exchangeable Securities or provided the Trustees with satisfactory evidence that they are not Non-Residents within such period, the Trustees may on behalf of such Unitholders sell such Units or Exchangeable Securities and, in the interim, shall suspend the voting and distribution rights attached to such Units or Exchangeable Securities (other than the right to receive the net proceeds from the sale). Upon such sale or conversion, the affected holders shall cease to be holders of the relevant Units or Exchangeable Securities and their rights shall be limited to receiving the net proceeds of sale upon surrender of the certificates, if any, representing such securities. The Trust may direct the Transfer Agent to do any of the foregoing.

Meetings of Trust Unitholders

The Declaration of Trust provides that meetings of Voting Unitholders must be called and held for, among other matters, the election or removal of Trustees (except filling casual vacancies), the appointment or removal of the auditors of Calloway, the approval of amendments to the Declaration of Trust (except as described under "Amendments to the Declaration of Trust"), an increase or decrease in the number of Trustees, the sale of the assets of Calloway as an entirety or substantially as an entirety (other than as part of an internal reorganization), or the termination of Calloway. Meetings of Voting Unitholders will be called and held annually for, among other things, the election of the Trustees and the appointment of auditors of Calloway. The foregoing matters must be passed by at least a majority of the votes cast at a meeting of Unitholders called for such purpose.

A meeting of Voting Unitholders may be convened at any time and for any purpose by the Trustees and must be convened if requisitioned by the holders of not less than 10% of the Voting Units then outstanding by a written requisition. A requisition must, among other things, state in reasonable detail the business proposed to be transacted at the meeting.

Voting Unitholders may attend and vote at all meetings of Voting Unitholders either in person or by proxy and a proxyholder need not be a Voting Unitholder. Two persons present in person or represented by proxy and representing in the aggregate at least 10% of the votes attaching to all outstanding Units shall constitute a quorum for the transaction of business at all such meetings.

The Declaration of Trust contains provisions as to the notice required and other procedures with respect to the calling and holding of meetings of Voting Unitholders.

Information and Reports

Calloway will furnish to Unitholders such financial statements (including quarterly and annual financial statements) and other reports as are from time to time required by applicable law, including prescribed forms needed for the completion of Unitholders' tax returns under the Tax Act and equivalent provincial legislation.

Prior to each meeting of Unitholders, the Trustees will provide the Unitholders (along with notice of such meeting) a proxy form and an information circular containing information similar to that required to be provided to shareholders of a Canadian public corporation governed by the Canada Business Corporations Act.

Trustees

The Declaration of Trust provides that, subject to the terms and conditions thereof, the Trustees may, in respect of the trust assets, exercise any and all rights, powers and privileges that could be exercised by a legal and beneficial owner thereof and shall supervise the investments and conduct the affairs of Calloway. The Declaration of Trust provides that the Trustees shall act honestly and in good faith with a view to the best interest of Calloway and in connection therewith shall exercise the degree of care, diligence and skill that a reasonably prudent person would exercise in comparable circumstances. Except as expressly prohibited by law, the Trustees may grant or delegate certain of the Trustees' authority to effect the actual administration of the duties of the Trustees under the Declaration of Trust. The Trustees may grant broad discretion to a third party to administer and manage the day-to-day operations of Calloway, and to make executive decisions which conform to the general policies and general principles set forth in the Declaration of Trust or otherwise established by the Trustees.

Pursuant to the Declaration of Trust, there shall be no fewer than seven (7) nor more than twelve (12) Trustees. Subject to the right of FirstPro to appoint Trustees as described below, the number of Trustees may be increased or decreased within such limits from time to time by the Trustees or the Unitholders, provided that the Trustees may not, between meetings of Unitholders, appoint an additional Trustee if, after such appointment, the total number of Trustees would be greater than one and one-third of the number of Trustees in office immediately following the last annual meeting of Unitholders. A majority of the Trustees shall be Resident Canadians.

Subject to the right of FirstPro to appoint Trustees as described below, Trustees will be elected annually by resolution passed by a majority of the votes cast at a meeting by Unitholders. Trustees elected at an annual meeting will be elected for a term expiring at the subsequent annual meeting and will be eligible for re-election. A Trustee elected or appointed to fill a vacancy shall hold office for the remaining term of the Trustee he or she is succeeding. The Declaration of Trust provides with respect to Trustees that a Trustee may be removed with or without cause by a majority of the votes cast at a meeting of Unitholders or with cause by a majority of the remaining Trustees.

The Declaration of Trust provides that:

- (a) for so long as Mitchell Goldhar, companies controlled by Mitchell Golhar or affiliates of such companies (collectively referred to herein as "FirstPro") are the registered and beneficial owner of in excess of 5% in aggregate of the issued and outstanding Units and Special Voting Units of the Trust, it shall be entitled to appoint one trustee to the Board of Trustees of the Trust and the number of trustees on the Board of Trustees shall be limited to eight;
- (b) for so long as FirstPro is the registered and beneficial owner of in excess of 15% in aggregate of the issued and outstanding Units and Special Voting Units of the Trust, it shall be entitled to appoint a total of two trustees to the Board of Trustees of the Trust and the number of trustees on the Board of Trustees shall be limited to a maximum of eight; and
- (c) for so long as FirstPro is the registered and beneficial owner of in excess of 25% in aggregate of the issued and outstanding Units and Special Voting Units of the Trust, it shall be entitled to appoint a total of three trustees to the Board of Trustees of the Trust and the number of trustees on the Board of Trustees shall be limited to a maximum of nine.

Committees of Trustees

General

The Trustees may appoint from among their number one or more committees of Trustees and may, subject to applicable law and to any provision hereof to the contrary, delegate to such committee or committees any of the powers of the Trustees. The Trustees shall have the power to appoint, employ or contract with any person for any matter relating to the Trust or its assets or affairs. The Trustees may grant or delegate such authority to a property manager as the Trustees may, subject to applicable law, in their sole discretion deem necessary or desirable without regard to whether such authority is normally granted or delegated by trustees. The Trustees shall have the power to determine the term and compensation of a property manager or any other person whom they may employ or with whom they may contract. The Trustees shall have the power to grant powers of attorney as required in connection with any financing or security relating thereto.

Audit Committee

The Trustees shall appoint an audit committee (the "Audit Committee") to consist of not less than three Trustees. The Audit Committee shall be composed of Trustees who comply with the provisions of Multilateral Instrument 52-110. Subject to the delegation to the Audit Committee of such other responsibilities as are determined by the Trustees from time to time and subject such changes to its form and function as may be mandated by any relevant regulatory authorities, the Audit Committee shall:

- (a) review the Trust's procedures for internal control with the external auditors and the Trust's Chief Financial Officer;
- (b) review the engagement of the external auditors;
- (c) review and recommend to the Trustees for approval annual and quarterly financial statements and management's discussion and analysis of financial condition and results of operation;
- (d) assess the Trust's financial and accounting personnel; and
- (e) review any significant transactions outside the Trust's ordinary course of business and all pending litigation involving the Trust.

The external auditors of the Trust are entitled to receive notice of every meeting of the Audit Committee and, at the expense of the Trust, to attend and be heard thereat and, if so requested by a member of the Audit Committee, shall attend any meeting of the Audit Committee held during the term of office of the external auditors.

Investment Committee

The Trustees shall appoint an investment committee (the "Investment Committee") to consist of not less than three Trustees and not more than five Trustees, a majority of whom shall be Outside Trustees, two of whom shall be Trustees appointed by FirstPro for so long as FirstPro is the registered and beneficial owner of in excess of 15% of the issued and outstanding Units and/or Special Voting Units of the Trust (unless the prior written consent to the contrary or a written waiver of FirstPro is obtained) and two-thirds of whom shall have had at least 5 years of substantive experience in the real estate industry. The duties of the Investment Committee will be to:

- (a) review all proposals regarding investments;
- (b) approve or reject proposed acquisitions and dispositions of investments by the Trust or any of its subsidiaries or Affiliates;
- (c) approve proposed transactions on behalf of the Trust or any of its subsidiaries or Affiliates; and
- (d) approve or reject all borrowings and the assumption or granting of any mortgage or other security interest in Real Property, including any assignment of rents and other monies derived from or related to Real Property, by the Trust or any of its subsidiaries and Affiliates.

Where for any reason a member of the Investment Committee is disqualified from voting on or participating in a decision, any other independent and disinterested Trustee not already a member of the Investment Committee may be designated by the Trustees to act as an alternate. Notwithstanding the appointment of the Investment Committee, the Trustees may consider and approve any matter which the Investment Committee has the authority to consider or approve.

Corporate Governance and Compensation Committee

The Trustees shall appoint a corporate governance and compensation committee (the "Corporate Governance and Compensation Committee") to consist of not less than three Trustees and not more than four Trustees, one of whom shall be a Trustee appointed by FirstPro for so long as FirstPro is the registered and beneficial owner of in excess of 15% of the issued and outstanding Units and/or Special Voting Units of the Trust (unless the prior written consent to the contrary or a written waiver of FirstPro is obtained). The duties of the Corporate Governance and Compensation Committee will be to review the governance of the Trust with the responsibility for the Trust's corporate governance, human resources and compensation policies. In particular, the Corporate Governance and Compensation Committee will be responsible for:

- (a) assessing the effectiveness of the board of Trustees and each of its committees;
- (b) considering questions of management succession;
- (c) participating in the recruitment and selection of candidates as Trustees of Calloway;
- (d) considering and approving proposals by the Trustees of Calloway to engage outside advisers on behalf of the board of Trustees of Calloway;
- (e) administering Calloway's long term incentive plan;
- (f) assessing the performance of the Chief Executive Officer;
- (g) reviewing and approving the compensation of senior management and consultants of Calloway and its subsidiaries; and

- (h) reviewing and making recommendations to the board concerning the level and nature of the compensation payable to the Trustees.

Where for any reason a member of the Corporate Governance and Compensation Committee is disqualified from voting on or participating in a decision, any other independent and disinterested Trustee not already a member of the Corporate Governance and Compensation Committee may be designated by the Trustees to act as an alternate. Notwithstanding the appointment of the Corporate Governance and Compensation Committee, the Trustees may consider and approve any matter which the Corporate Governance and Compensation Committee has authority to consider or approve.

Property Manager

The Trustees may exercise broad discretion in allowing any property manager to manage the Real Property of the Trust, including operating, maintaining, leasing and marketing the said properties, to act as agent for the Trust in respect thereof and to execute documents on behalf of the Trustees in respect thereof, all subject to the overriding authority of the Trustees over the management and affairs generally of the Trust.

Officers

The Trust may have a Chairman, a President, one or more Vice-Presidents and a Secretary and such other officers as the Trustees may appoint from time to time. One person may hold two or more offices. Any officer of the Trust may, but need not, be a Trustee. The Chairman, if not a Trustee, shall be entitled to receive notice of and attend all meetings of the Trustees but, unless he is a Trustee, shall not be entitled to vote at any such meeting. Officers of the Trust shall be appointed and discharged and their remuneration determined by the Trustees provided that the President shall be appointed on an annual basis and with the consent of not less than 75% of the Trustees.

Amendments to the Declaration of Trust

The Declaration of Trust may be amended or altered from time to time by meetings of the Unitholders called for such purpose. While certain amendments may be made with the approval of at least a majority of the votes cast by Unitholders, certain fundamental amendments require the approval of at least two-thirds of the votes cast by Unitholders.

The Trustees may, without the approval of or any notice to Unitholders, make amendments to the Declaration of Trust:

- (a) for the purpose of ensuring continuing compliance with applicable laws, regulations, requirements or policies of any governmental authority having jurisdiction over the Trustees or over the Trust, including respecting its status as a "unit trust" a "mutual fund trust" and a "registered investment" under the Tax Act or the distribution of its Units;
- (b) which, in the opinion of the Trustees, provide additional protection for or benefit to the Unitholders;
- (c) to remove any conflicts or inconsistencies in the Declaration of Trust or to make minor corrections which are, in the opinion of the Trustees, necessary or desirable and not prejudicial to the Unitholders;
- (d) which, in the opinion of the Trustees, are necessary or desirable as a result of changes in taxation laws from time to time, including, without limiting the generality of the foregoing, amendments which may affect the Trust, the Unitholders or annuitants under a plan of which a Unitholder acts as trustee or carrier or which may permit the Trust to qualify for any status under the Tax Act which would benefit the Trust or the Unitholders;
- (e) for any purpose (except one in respect of which a Unitholder vote is specifically otherwise required), if the Trustees are of the opinion that the amendment is not prejudicial to Unitholders and is necessary or desirable; and
- (f) which, in the opinion of the Trustees, are necessary or desirable to enable the Trust to issue Units for which the purchase price is payable on an instalment basis.

Deferred Unit Plan

The Trustees have adopted a deferred unit plan (the "Deferred Unit Plan"). The Deferred Unit Plan is administered by the Compensation Committee of the Board of Trustees. The purpose of the Deferred Unit Plan is to promote a greater alignment of interests between the Trustees, officers and employees of Calloway and/or its subsidiaries ("Eligible Participants") and the Unitholders. Each Eligible Person is given the right to elect to be a participant (a "Participant") of the Deferred Unit Plan. An Eligible Person who elects to be a Participant shall be paid between sixty percent (60%) and one hundred percent (100%) of:

- (a) in respect of a Trustee, the annual retainer paid by Calloway to that Trustee in a calendar year for service on the Board of Trustees, together with committee fees, attendance fees and additional fees and retainers to committee chairs; and
- (b) in respect of an officer or employee, the annual bonus paid by Calloway to that officer or employee in a calendar year;

(the "Elected Amount") in the form of deferred Units ("Deferred Units") in lieu of cash provided that Calloway shall match the Elected Amount for each Participant such that the number of Deferred Units issued to each Participant shall be equal in value to two (2) times the Elected Amount. The number of Deferred Units (including fractional Deferred Units) granted at any particular time pursuant to this Deferred Unit Plan will be calculated by dividing (i) two (2) times the dollar amount of the Elected Amount allocated to the Participant by (ii) the Market Value (as defined below) of a Unit on the award date. "Market Value" at any date in respect of the Units means the volume weighted average of the closing price for a board lot of all Units traded on the Toronto Stock Exchange for the ten trading days immediately preceding such date (or, if such Units are not listed and posted for trading on the Toronto Stock Exchange, on such stock exchange on which such Units are listed and posted for trading as may be selected for such purpose by the Board of Trustees). In the event that such Units are not listed and posted for trading on any stock exchange, the Market Value shall be the fair market value of such Units as determined by the Board of Trustees in its sole discretion.

Under no circumstances shall Deferred Units be considered Units nor entitle a Participant to any Unitholder rights, including, without limitation, voting rights, distribution entitlements (other than as set out below) or rights on liquidation. One (1) Deferred Unit is equivalent to one (1) Unit. Fractional Units are permitted under the Deferred Unit Plan. The Deferred Units credited to a Participant's Deferred Unit account that have vested may be redeemable in whole or in part on the date in which the Participant files a written notice of redemption with Calloway (the "Redemption Date"). The Participant shall receive, within five (5) business days after the Redemption Date a whole number of Units from Calloway equal to the whole number of Deferred Units then recorded in the Participant's Deferred Unit account, net of any applicable withholding taxes. Calloway shall also make a cash payment, net of any applicable withholding taxes, to the Participant with respect to the value of fractional Deferred Units standing to the Participant's credit after the maximum number of whole Units have been issued by Calloway, calculated by multiplying (i) the number of such fractional Deferred Units by (ii) the Market Value of such fractional Deferred Units on the Termination Date or Redemption Date, as applicable. Upon payment in full of the value of the Deferred Units, the Deferred Units shall be cancelled.

As of March 10, 2006, Calloway has 57,299,019 Units outstanding (not including the 12,987,859 Units issuable upon the exercise or conversion of the 12,987,859 Exchangeable Securities outstanding). The aggregate number of Units authorized for issuance upon the redemption of all Deferred Units granted under the Deferred Unit Plan shall not exceed 250,000, or approximately 0.44% of the currently outstanding Units of Calloway, or such greater number of Units as may be determined by the Board of Trustees and approved by the Unitholders and, if required, by any relevant stock exchange or other regulatory authority; provided, however, that: (i) at no time shall the number of Units reserved for issuance to insiders of Calloway pursuant to outstanding Deferred Units, together with the number of Units reserved for issuance to such persons pursuant to any other compensation arrangements, exceed 10% of the then outstanding Units, as calculated immediately prior to the issuance in question; and (ii) the number of Units issued to insiders of Calloway pursuant to outstanding Deferred Units together with the number of Units issued to such persons pursuant to any other compensation arrangements, within any one year period, shall not exceed 10% of the then outstanding Units. No Units have been issued upon the redemption of Deferred Units issued under the Deferred Unit Plan. Calloway has issued 107,803 Deferred

Units, or approximately 0.19% of the currently outstanding Units of Calloway, under the Deferred Unit Plan leaving 142,197 Deferred Units, or approximately 0.25% of the currently outstanding Units of Calloway, remaining available for issuance pursuant to the Deferred Unit Plan (assuming that all Deferred Units are redeemed for Units).

Trust Unit Option Plan

The Trustees have adopted a trust unit option plan (the "Unit Option Plan") to provide long-term incentives to (i) the Trustees and employees and advisors of Calloway, or any subsidiary of Calloway, and (ii) personal holding companies or family trusts of any persons referred to in (i), all as selected by the Trustees (collectively referred to as "Eligible Persons").

Pursuant to the Unit Option Plan, the Trustees may grant options to purchase Units ("Trust Options") to Eligible Persons in respect of authorized and unissued Units, provided that initially, the maximum number of Units issuable upon exercise of such Trust Options may not exceed 562,000 Units (being approximately 2.5% of the number of issued and outstanding Units). The number of Units issuable under the Unit Option Plan may be increased on an annual basis subject to any required regulatory and Unitholder approvals. The number of Trust Options and the exercise price of the Units issuable upon exercise thereof are set by the Trustees at the time of the grant, provided that the exercise price shall not be less than the closing market price of the Units on the day immediately preceding the date of the grant of the Trust Option. Trust Options granted under the Unit Option Plan may be exercised during a period not exceeding five years, subject to earlier termination upon an optionee ceasing to be an Eligible Person or upon an optionee retiring, becoming permanently disabled or dying. The Trust Options will be non-transferable and non-assignable.

As of March 10, 2006, Calloway has 57,299,019 Units outstanding (not including the 12,987,859 Units issuable upon the exercise or conversion of the 12,987,859 Exchangeable Securities outstanding). As stated earlier, the maximum number of Units reserved for issuance under the Unit Option Plan is 562,000, or approximately 0.98% of the currently outstanding Units of Calloway. There are presently no Options outstanding pursuant to the Unit Option Plan. Due to the implementation of the Deferred Unit Plan, Calloway does not intend on issuing any further options under the Unit Option Plan.

Distribution Reinvestment Plan

Calloway has adopted a Distribution Reinvestment Plan that permits eligible Unitholders to elect to reinvest monthly distributions in additional Units. The price of Units issued under the Distribution Reinvestment Plan is based on the volume weighted average price for the sale of Units on the TSX during the ten days preceding the relevant distribution date (the "Market Price"). The purchase price of Units purchased with distributions under the Distribution Reinvestment Plan is equal to 97% of the Market Price. There are no commissions or brokerage charges payable on the purchase of Units under the Distribution Reinvestment Plan.

Term of the Trust and Sale of Substantially All Assets

Calloway has been established for a term ending 21 years after the date of death of the last surviving issue of Her Majesty, Queen Elizabeth, alive on December 4, 2001. Pursuant to the Declaration of Trust, termination of Calloway or the sale or transfer of the assets of Calloway as an entirety or substantially as an entirety, except as part of an internal reorganization of the assets of Calloway as approved by the Trustees, requires approval by at least 66 $\frac{2}{3}$ % of the votes cast at a meeting of the Unitholders.

DISTRIBUTION POLICY

The following outlines the distribution policy of Calloway as contained in the Declaration of Trust. The distribution policy may be amended only with the approval of a majority of the votes cast at a meeting of Voting Unitholders.

General

The Trust currently intends to make monthly cash distributions to Unitholders on each Distribution Date equal, on an annual basis, to approximately 90% of Distributable Income although, pursuant to the Declaration of Trust, Calloway is only required to pay or declare payable each taxation year the greater of (i) 75% of its Distributable Income; or (ii) an amount of

net income and net realized capital gains of the Trust as is necessary to ensure that the Trust will not be subject to tax on its net income and net capital gains under Part I of the Tax Act. If the Trustees anticipate a cash shortfall and determine that it would be in the best interests of the Trust, they may reduce for any period the percentage of Distributable Income to be distributed to Unitholders. The Trust shall also distribute to Unitholders, and the Unitholders will have a right to receive, on December 31 of each year (i) the net realized capital gains of the Trust and the net recapture income of the Trust for the year then ended and (ii) any excess of the income of the Trust for purposes of the Tax Act for the year then ended over distributions otherwise made for that year. Distributions of Distributable Income may be adjusted for amounts paid in prior periods if the actual Distributable Income for the prior periods is greater than or less than the Trustees' estimates for the prior periods. Distributions shall be made in cash or Units pursuant to any distribution reinvestment plan adopted by the Trustees pursuant to the Declaration of Trust. Any distribution shall be made proportionately to persons who are Unitholders as at the close of business on the record date for such distribution, which shall be the last Business Day of the calendar month preceding the month in which the Distribution Date falls, or if such date is not a Business Day then the next following Business Day, or such other date, if any, as is fixed in accordance with the Declaration of Trust. It is expressly declared in the Declaration of Trust that a Unitholder shall have the legal right to enforce payment as of the Distribution Date of any amount which is required to be distributed to a Unitholder pursuant to the Declaration of Trust. The Trustees, if they so determine when income has been accrued but not collected may, on a temporary basis, transfer sufficient moneys from the capital to the income account of the Trust to permit distributions under the Declaration of Trust to be effected.

Distribution History

The particulars of distributions made by Calloway from November 2002, the month it declared its first distribution, to and including the period ending February 28, 2006 are as follows:

Distribution	Payment Date	Amount of Distribution	Portion of Distribution per Unit Taxable as Capital Gain	Portion of Distribution per Unit Taxable as Income
2002				
November	December 13, 2002	\$0.0959 per Unit	0%	0%
December	December 31, 2002	\$0.0959 per Unit	0%	0%
2003				
January	February 14, 2003	\$0.0959 per Unit	12.1815%	33.0429%
February	March 14, 2003	\$0.0959 per Unit	12.1815%	33.0429%
March	April 14, 2003	\$0.0959 per Unit	12.1815%	33.0429%
April	May 14, 2003	\$0.0959 per Unit	12.1815%	33.0429%
May	June 13, 2003	\$0.0959 per Unit	12.1815%	33.0429%
June	July 15, 2003	\$0.0959 per Unit	12.1815%	33.0429%
July	August 15, 2003	\$0.0959 per Unit	12.1815%	33.0429%
August	September 15, 2003	\$0.0959 per Unit	12.1815%	33.0429%
September	October 15, 2003	\$0.0959 per Unit	12.1815%	33.0429%
October	November 14, 2003	\$0.0959 per Unit	12.1815%	33.0429%
November	December 15, 2003	\$0.0959 per Unit	12.1815%	33.0429%

Notes:

(1) Taxable portion of distributions per Unit for 2006 will be determined early in 2007.

DESCRIPTION OF OTHER SECURITIES

6% Convertible Unsecured Subordinated Debentures due June 30, 2014

On May 14, 2004, Calloway completed a public offering of \$55,000,000 principal amount of 6.00% convertible unsecured subordinated debentures (the "6% Debentures"). The 6% Debentures are direct unsecured obligations of the Trust and are subordinated to all indebtedness of the Trust which, by the terms of the instrument creating or evidencing the indebtedness, is not expressed to be *pari passu* with, or subordinate in right of payment to, the 6% Debentures. The 6% Debentures mature on June 30, 2014 and interest is paid semi-annually on June 30 and December 31 in each year. The 6% Debentures are convertible at the holder's option into Units at any time prior to the earlier of the maturity date and the date fixed for redemption at a conversion price of \$17.00 per Unit. The 6% Debentures are not redeemable on or before June 30, 2008. After June 30, 2008 and prior to June 30, 2010, the 6% Debentures may be redeemed in whole or in part from time to time at Calloway's option provided that the 20-day weighted average market price for the Units on the TSX is not less than 125% of the conversion price. On or after June 30, 2010 and prior to the maturity date, the 6% Debentures may be redeemed in whole or in part from time to time at Calloway's option at a price equal to their principal amount plus accrued and unpaid interest. Calloway may satisfy its obligation to pay principal or interest on the debentures, in whole or in part, by delivering Units. In the event that Calloway so elects to satisfy its obligation to pay the principal amount of the 6% Debentures with Units, the number of Units will be determined by dividing the principal amount by 95% of the market price on the TSX for the Units at that time.

Further particulars with respect to the 6% Debentures are set out in the section of the short form prospectus of the Trust dated April 30, 2004 entitled "Details of the Offering - Debentures" which section is incorporated by reference in this annual information form. A copy of the aforementioned short form prospectus may be found on SEDAR at www.sedar.com.

4.51% Series A Senior Unsecured Debentures due September 22, 2010

On September 22, 2005, Calloway issued \$200,000,000 principal amount of 4.51% Series A senior unsecured debentures (the "4.51% Debentures") due September 22, 2011 at a price equal to 99.978% of their principal amount. The 4.51% Debentures are direct, senior unsecured obligations of the Trust and rank equally with one another and with all other

unsecured and unsubordinated indebtedness of the Trust. The 4.51% Debentures bear interest at an annual rate of 4.51% payable semi-annually in arrears on September 22 and March 22 in each year. At its option, Calloway may redeem the 4.51% Debentures, in whole or in part, at any time and from time to time, on payment of a redemption price equal to the greater of (i) the Canada Yield Price and (ii) par, together in each case with accrued and unpaid interest to the date fixed for redemption.

Further particulars with respect to the 4.51% Debentures are set out in the section of the short form prospectus of the Trust dated September 14, 2005 entitled "Details of the Offering – Debt Securities", and in the section of the supplement to that short form prospectus dated September 15, 2005 entitled "Details of the Offering – Debt Securities", which sections are incorporated by reference in this annual information form. A copy of the aforementioned short form prospectus and a copy of the aforementioned supplement to that short form prospectus may be found on SEDAR at www.sedar.com.

INVESTMENT GUIDELINES AND OPERATING POLICIES

Investment Guidelines

The Declaration of Trust provides for certain restrictions on investments, which may be made by Calloway. The assets of Calloway may be invested only in accordance with the following restrictions:

1. the Trust will focus its acquisition activities on existing income-producing properties that are capital property of the Trust, including office, retail, industrial and mixed use properties, that are substantially leased;
2. notwithstanding anything in the Declaration of Trust to the contrary, the Trust shall not make any investment or take any action or omit to take any action that would result in Units not being units of a "mutual fund trust" and of a "unit trust" within the meaning of the *Income Tax Act*, that would result in Units being disqualified for investment by registered retirement savings plans, registered retirement income funds, deferred profit sharing plans or registered education savings plans, that would result in the Trust being liable under the *Income Tax Act* to pay a tax imposed as a result of holdings by the Trust of foreign property as defined in the *Income Tax Act*, that would result in Units being foreign property for the purposes of the *Income Tax Act* or that would result in the Trust paying a tax under the registered investment provisions of the *Income Tax Act* imposed for exceeding certain investment limits;
3. the Trust may invest in a joint venture arrangement only if:
 - 3.1 the arrangement is one pursuant to which the Trust holds an interest in Real Property jointly or in common with others ("joint venturers") either directly or through the ownership of an interest in a corporation or other entity (a "joint venture entity") as co-owners and not as partners and such Real Property is capital property of the Trust and if owned through the ownership of an interest in a joint venture entity, the said Real Property is capital property of the joint venture entity;
 - 3.2 the Trust's interest in the joint venture arrangement is not subject to any restriction on transfer other than a right of first offer or a right of first refusal, if any, in favour of the joint venturers;
 - 3.3 the Trust has a right of first offer or a right of first refusal to buy the interests of the other joint venturers;
 - 3.4 the joint venture arrangement provides an appropriate buy-sell mechanism to enable a joint venturer to purchase the other joint venturers' interests or to sell its interest;
 - 3.5 the joint venture arrangement provides that the liability of the Trust to third parties is several based on its proportionate ownership interest of the joint venture and not joint and several, provided however, that subject to any remedies that each joint venturer may have against the other joint venturers, a joint venturer may be required to give up its interest in any particular property owned by the joint venture

entity as a result of another joint venturer's failure to honour its proportionate share of the obligations relating to such property; and

- 3.6 the joint venture arrangement permits, but does not require, the Trust or its designee to participate fully in the management thereof,
4. except for temporary investments held in cash, deposits with a Canadian chartered bank or trust company registered under the laws of a province of Canada, short-term government debt securities, or in money market instruments of, or guaranteed by, a Schedule 1 Canadian chartered bank maturing prior to one year from the date of issue, the Trust may not hold securities other than securities of a trust or limited partnership formed for the purpose of holding Real Property, securities of a joint venture entity or an entity or corporation wholly owned by the Trust formed and operated for the purpose of holding a particular Real Property or real properties or for any other purpose relating to the activities of the Trust, and provided further that, notwithstanding anything contained in the Declaration of Trust to the contrary, the Trust may acquire securities of other real estate investment trusts;
 5. except as otherwise prohibited in the Declaration of Trust, the Trust may invest in interests (including fee ownership and leasehold interests) in income-producing Real Property in Canada and the United States that is capital property of the Trust;
 6. the Trust shall not acquire any single investment in real property (whether directly or indirectly through its interest in a trust or limited partnership) if the cost to the Trust of such acquisition (including encumbrances assumed) will exceed 20% of the Gross Book Value calculated following such purchase;
 7. the Trust shall not invest in rights to or interests in mineral or other natural resources, including oil or gas, except as incidental to an investment in Real Property that is capital property of the Trust;
 8. the Trust shall not invest in operating businesses unless such investment is incidental to a transaction: (i) where the revenue will be derived, directly or indirectly, principally from Real Property; or (ii) which principally involves the ownership, maintenance, improvement, leasing or management, directly or indirectly, of real property (in each case as determined by the Trustees);
 9. the Trust shall not acquire interests in general partnerships or limited partnerships provided that the Trust may invest in a general partnership or limited partnership if:
 - 9.1 the general partnership or limited partnership is formed and operated solely for the purpose of acquiring, owning, maintaining, improving, developing, leasing or managing a particular Real Property or Real Properties or interest therein.
 - 9.2 the Trust's interest in the limited partnership is not subject to any restriction on transfer other than a right of first offer or right of first refusal, if any, in favour of any other partner or any affiliate thereof;
 - 9.3 the Trust has a right of first offer or right of first refusal to buy the interests of the other partners; and
 - 9.4 the Trust has received a legal opinion to the effect that the investment (a) would not result in the Trust or any registered retirement savings plan, registered retirement income fund, deferred profit sharing plan or registered education savings plan being liable, under the *Income Tax Act*, to pay tax imposed as a result of holdings by the Trust of foreign property as defined in the *Income Tax Act*, (b) would not disqualify the Trust as a "mutual fund trust" within the meaning of the Tax Act, and (c) would not result in the Trust losing any status under the *Income Tax Act* that is otherwise beneficial to the Trust and its Unitholders,

provided that, notwithstanding the foregoing, the Trust may from time to time enter into any limited partnership arrangement which does not comply with any of subparagraphs 9.2 or 9.3 above if the Trustees determine that the investment is desirable for the Trust and otherwise complies with the Investment Guidelines and Operating

Policies in the Declaration of Trust;

10. subject to section 2, the Trust shall not invest directly in raw land for development except for properties adjacent to existing properties of the Trust for the purpose of (i) the renovation or expansion of existing facilities that are capital property of the Trust, or (ii) the development of new facilities which will be capital property of the Trust, provided that, notwithstanding the foregoing, this section shall not preclude the Trust from investing in general or limited partnerships that invest in raw lands for development purposes;
11. the Trust may invest in mortgages or mortgage bonds (including, with the consent of a majority of the Trustees, a participating or convertible mortgage) where:
 - 11.1 the Real Property which is security therefore is income-producing Real Property which otherwise meets the general investment guidelines of the Trust adopted by the Trustees from time to time in accordance with the Declaration of Trust and the restrictions set out therein;
 - 11.2 the amount of the mortgage loan is not in excess of 75% of the market value of the property securing the mortgage and the mortgage has at least 1.2X debt service coverage;
 - 11.3 the mortgage is a first-ranking mortgage registered on title to the Real Property which is security therefore; and
 - 11.4 the aggregate value of the investments of the Trust in these mortgages, after giving effect to the proposed investment, will not exceed 20% of the Adjusted Unitholders' Equity;
12. the Trust may invest in mortgages if the sole intention is to use the acquisition of the mortgages as a method of acquiring control of income-producing Real Property which would otherwise meet the investment guidelines of the Trust and provided the aggregate value of the investments of the Trust in these mortgages, after giving effect to the proposed investment, will not exceed 20% of the Adjusted Unitholders' Equity; and
13. subject to section 2 above, the Trust may invest an amount (which, in the case of an amount invested to acquire Real Property, is the purchase price less the amount of any indebtedness assumed or incurred by the Trust and secured by a mortgage on such property) of up to 15% of the Adjusted Unitholders' Equity of the Trust in investments or transactions which do not comply with sections 4, 5, 11 and 12 above or section 3 under the heading "Investment Guidelines and Operating Policies – Operating Policies".

For the purpose of the foregoing guidelines, the assets, liabilities and transactions of a corporation or other entity wholly or partially owned by the Trust will be deemed to be those of the Trust on a proportionate consolidation basis. In addition, any references in the foregoing to investment in Real Property will be deemed to include an investment in a joint venture arrangement. Nothing in the guidelines prohibits the Trust from holding or assigning some or all of the receivables due pursuant to any instalment receipt agreement.

Except as specifically set forth herein to the contrary, all of the foregoing prohibitions, limitations or requirements for investment shall be determined as at the date of investment by the Trust.

Operating Policies

The Declaration of Trust provides that the operations and affairs of Calloway will be conducted in accordance with the following policies:

1. the Trust shall not purchase, sell, market or trade in currency or interest rate futures contracts otherwise than for hedging purposes where, for the purposes hereof, the term "hedging" shall have the meaning ascribed thereto by National Instrument 81-102 adopted by the Canadian Securities Administrators, as amended from time to time;
2. (i) any written instrument creating an obligation which is or includes the granting by the Trust of a mortgage, and (ii) to the extent the Trustees determine to be practicable and consistent with their duty to act in the best

interests of the Unitholders, any written instrument which is, in the judgement of the Trustees, a material obligation, shall contain a provision or be subject to an acknowledgement to the effect that the obligation being created is not personally binding upon, and that resort shall not be had to, nor shall recourse or satisfaction be sought from, the private property of any of the Trustees, Unitholders, annuitants under a plan of which a Unitholder acts as a trustee or carrier, or officers, employees or agents of the Trust, but that only property of the Trust or a specific portion thereof shall be bound; the Trust, however, is not required, but shall use all reasonable efforts, to comply with this requirement in respect of obligations assumed by the Trust upon the acquisition of Real Property;

3. the Trust shall not lease or sublease to any person any Real Property, premises or space where that person and its affiliates would, after the contemplated lease or sublease, be leasing or subleasing Real Property, premises or space having a fair market value net of encumbrances in excess of 20% of the Adjusted Unitholders' Equity of the Trust;
4. the limitation contained in subsection 3 shall not apply to the renewal or extension of a lease or sublease and shall not apply where the lessee or sublessee is, or where the lease or sublease is guaranteed (or an indemnity has been given) by:
 - 4.1 the Government of Canada, the Government of the United States, any province of Canada, any state of the United States or any municipality in Canada or the United States, or any agency thereof;
 - 4.2 any corporation, the bonds, debentures or other evidences of indebtedness of, or guaranteed by which, has received a rating from Standard & Poors of no less than AA (or equivalent from any other recognized credit rating agency) in each case, at the time the lease or sublease is entered into, or at the time other satisfactory leasing arrangements as determined by the Trustees, in their discretion, are entered into;
 - 4.3 a Canadian chartered bank registered under the laws of a province of Canada; or
 - 4.4 Wal-Mart Canada Corp. and its related associates and affiliates.
5. except for renovation or expansion of existing facilities and the development of new facilities on property adjacent to existing properties of the Trust as permitted under subsection 5.1.10, the Trust shall not engage directly in construction or development of property except as necessary to maintain its properties in good repair or to enhance the income producing ability of properties in which the Trust has an interest, provided that, notwithstanding the foregoing, this section shall not preclude the Trust from investing in general or limited partnerships that invest in raw lands for development purposes;
6. title to each Real Property shall be drawn up in the name of the Trustees or, to the extent permitted by applicable law, the Trust or a corporation or other entity wholly owned by the Trust or jointly by the Trust with joint venturers;
7. the Trust shall not incur or assume any indebtedness under a mortgage unless, at the date of the proposed assumption or incurring of the indebtedness, the aggregate of (i) the amount of all indebtedness secured on such Real Property or group of Real Properties and (ii) the amount of additional indebtedness proposed to be assumed or incurred does not exceed 75% of the market value of such Real Property or group of Real Properties (other than the renewal, extension or modification of any existing mortgage, including, on substantially similar terms or on terms more favourable to the Trust, in each such case, as determined by a majority of the Trustees);
8. the Trust will not incur or assume any indebtedness if, after the incurring or assuming of the indebtedness, the total indebtedness of the Trust would be more than 60% of the Gross Book Value (65% if convertible debentures are outstanding). For the purposes of this subsection the term "indebtedness" means (without duplication and excluding "non-controlling interests") on a consolidated basis:
 - 8.1 any obligation of the Trust for borrowed money;

- 8.2 any obligation of the Trust incurred in connection with the acquisition of property, assets or business;
- 8.3 any obligation of the Trust issued or assumed as the deferred purchase price of property;
- 8.4 any capital lease obligation of the Trust; and
- 8.5 any obligation of the type referred to in clauses 8.1 through 8.4 of another person, the payment of which the Trust has guaranteed or for which the Trust is responsible for or liable;

provided that (a) for the purposes of 8.1 through 8.4, an obligation (other than convertible debentures) will constitute indebtedness only to the extent that it would appear as a liability on the consolidated balance sheet of the Trust in accordance with generally accepted accounting principles; (b) obligations referred to in clauses 8.1 through 8.3 exclude trade accounts payable, distributions payable to Unitholders and accrued liabilities arising out of the ordinary course of business; and (c) convertible debentures will constitute indebtedness to the extent of the principal amount thereof outstanding;

- 9. the Trust shall not incur debt aggregating more than 20% of Gross Book Value (other than unsecured trade payables, accrued expenses and distributions payable) at floating interest rates or having a maturity of less than one year, not including term debt falling due in the next twelve months or variable rate debt for which the Trust has entered into interest rate swap agreements to fix the interest rate for a one year period or greater;
- 10. the Trust shall not directly or indirectly guarantee any indebtedness or liabilities of any kind of a third party except:
 - 10.1 indebtedness assumed or incurred under a mortgage by a corporation or other entity wholly-owned by the Trust or jointly by the Trust with joint venturers and operated solely for the purpose of holding a particular property or properties where such mortgage, if granted by the Trust directly, would not cause the Trust to otherwise contravene the restrictions set out in the Investment Guidelines and Operating Policies of the Declaration of Trust, and, where such mortgage is granted by a joint venture entity, subject to a joint venturer being required to give up its interest in a property owned by the joint venture entity as a result of another joint venturer's failure to honour its proportionate share of the obligations relating to such property, the liability of the Trust is limited strictly to the proportion of the mortgage loan equal to the Trust's proportionate ownership interest in the joint venture entity;
 - 10.2 indebtedness assumed or incurred under a mortgage by a general partnership or limited partnership in which the Trust has an interest in accordance with section 9 under the heading "Investment Guidelines and Operating Policies – Investment Guidelines" or by a corporation or other entity owned by such general partnership or limited partnership or by a corporation or other entity wholly-owned by a joint venturer and operated solely for the purpose of holding a particular property or properties where such mortgage, if granted by the Trust directly, would not cause the Trust to otherwise contravene the restrictions set out in the Investment Guidelines and Operating Policies of the Declaration of Trust, and, where such mortgage is granted by an entity wholly owned by a joint venture entity and an entity wholly owned by the Trust, subject to a joint venturer being required to give up its interest in a property owned by the joint venture entity as a result of another joint venturer's failure to honour its proportionate share of the obligations relating to such property, the liability of the Trust is limited strictly to the proportion of the mortgage loan equal to the Trust's proportionate ownership interest in the joint venture entity;
- 11. the Trust shall not be obliged to obtain independent appraisals of properties it acquires but shall obtain an independent appraisal of any property that it as is determined at the discretion of the Investment Committee;
- 12. the Trust will not issue additional Units unless the Trustees consider that, based upon the market price of the Units prevailing at such time, the issuance of such Units would not be expected to result in a yield to Unitholders over the ensuing 24 month period which is less than the current yield to Unitholders;

13. the Trust shall obtain and maintain at all times insurance coverage in respect of potential liabilities of the Trust and the accidental loss of value of the assets of the Trust from risks, in amounts, with such insurers, and on such terms as the Trustees consider appropriate, taking into account all relevant factors including the practices of owners of comparable properties;
14. the Trust shall have conducted a Phase I environmental audit of each Real Property to be acquired by it and, if the Phase I environmental audit report recommends a Phase II environmental audit be conducted, the Trust shall have conducted a Phase II environmental audit, in each case by an independent and experienced environmental consultant; such audit as a condition to any acquisition, shall be satisfactory to the Trustees. All new leases granted by the Trust shall contain appropriate covenants from the lessee respecting environmental matters as determined by the Trustees from time to time; and

For the purposes of the foregoing policies, the assets, liabilities and transactions of a corporation or other entity wholly or partially owned by the Trust will be deemed to be those of the Trust on a proportionate consolidation basis. In addition, any references in the foregoing to investment in Real Property will be deemed to include an investment in a joint venture.

All of the foregoing prohibitions, limitations or requirements pursuant to the foregoing policies shall be determined as at the date of investment or other action by the Trust.

MARKET FOR SECURITIES, TRADING PRICE AND VOLUME

Units

The Units of the Trust are listed and posted for trading on the TSX under the trading symbol "CWT.UN". The following table sets forth the reported high and low sales prices and the trading volumes for the Units as reported by the TSX for the periods indicated:

	<u>Price Range</u>		<u>Trading Volume</u>

RISK FACTORS

An investment in securities of Calloway involves a number of risks and uncertainties. This section describes the general material risks that management of Calloway believes may impact Calloway and the holders of its securities. If any of the following risks actually occur, Calloway's business, results of operations and financial condition, and the amount of cash available for distribution to Unitholders, could suffer. Further, the risks described below are not the only risks that Calloway faces. Additional risks not currently known to management of Calloway or that are currently deemed immaterial also may have a negative impact on Calloway and the holders of its securities.

Risks Relating to the Business*Real Property Ownership*

All real property investments are subject to elements of risk. Such investments are affected by general economic conditions, local real estate markets, supply and demand for leased premises, competition from other available premises and various other factors. The nature of real property ownership involves competing against other landlords that may have greater resources or expertise than Calloway.

The value of real property and any improvements thereto may also depend on the credit and financial stability of the tenants and upon the vacancy rates of Calloway's portfolio of income producing properties. Calloway's Distributable Income would

be adversely affected if a significant number of tenants were to become unable to meet their obligations under their leases or if a significant amount of available space in the properties in which Calloway has an interest were not able to be leased on economically favourable lease terms. In addition, the Distributable Income of Calloway would be adversely affected by increased vacancies in Calloway's portfolio of income producing properties. Upon the expiry of any lease, there can be no assurance that the lease will be renewed or the tenant replaced. The terms of any subsequent lease may be less favourable to Calloway than the existing lease. In the event of default by a tenant, delays or limitations in enforcing rights as lessor may be experienced and substantial costs in protecting Calloway's investment may be incurred. Furthermore, at any time, a tenant of any of Calloway's properties may seek the protection of bankruptcy, insolvency or similar laws that could result in the rejection and termination of such tenant's lease and thereby cause a reduction in the cash flow available to Calloway. The ability to rent unleased space in the properties in which Calloway has an interest will be affected by many factors. Costs may be incurred in making improvements or repairs to property. The failure to rent unleased space on a timely basis or at all would likely have an adverse effect on Calloway's financial condition.

Certain significant expenditures, including property taxes, maintenance costs, mortgage payments, insurance costs and related charges must be made throughout the period of ownership of real property regardless of whether the property is producing any income. If Calloway is unable to meet mortgage payments on any property, losses could be sustained as a result of the mortgagee's exercise of its rights of foreclosure or sale.

Real property investments tend to be relatively illiquid with the degree of liquidity generally fluctuating in relation to demand for and the perceived desirability of such investments. If Calloway were to be required to liquidate its real property investments, the proceeds to Calloway might be significantly less than the aggregate carrying value of its properties.

Calloway will be subject to the risks associated with debt financing on its properties and it may not be able to refinance its properties on terms that are as favourable as the terms of existing indebtedness. In order to minimize this risk, Calloway attempts to appropriately structure the timing of the renewal of significant tenant leases on the properties in relation to the time at which mortgage indebtedness on such properties becomes due for refinancing.

Calloway, as a result of recent acquisitions, has become reliant on the retail shopping centre market in general and on Wal-Mart in particular in meeting its financial targets. Significant deterioration of the retail shopping centre market in general or the financial health of Wal-Mart in particular could have an adverse effect on Calloway's business, financial condition or results of operations.

Debt Financing

As at December 31, 2005, Calloway had outstanding indebtedness of approximately \$1,451.4 million, of which approximately \$491.5 million was principal payments and debt maturing prior to January 1, 2011. In addition, approximately 2% of Calloway's indebtedness, as a percentage of Gross Book Value, was variable rate debt as at December 31, 2005. See "Overview of the Property Portfolio - Financing".

The ability of Calloway to make cash distributions or make other payments or advances is subject to applicable laws and contractual restrictions contained in the instruments governing its indebtedness. The degree to which Calloway is leveraged could have important consequences to the holders of its securities, including: that Calloway's ability to obtain additional financing for working capital, capital expenditures or acquisitions in the future may be limited; that a significant portion of Calloway's cash flow from operations may be dedicated to the payment of the principal of and interest on its indebtedness, thereby reducing funds available for future operations and distributions; that certain of Calloway's borrowings may be at variable rates of interest, which exposes it to the risk of increased interest rates; and that Calloway may be vulnerable to economic downturns including Calloway's ability to retain and attract tenants. Also, there can be no assurance that Calloway will continue to generate sufficient cash flow from operations to meet required interest and principal payments. Further, Calloway is subject to the risk that any of its existing indebtedness may not be able to be refinanced upon maturity or that the terms of such financing may not be as favourable as the terms of its existing indebtedness. These factors may adversely affect Calloway's cash distributions.

Calloway's various credit facilities provide first charge security interests on most of the properties in its portfolio of income producing properties, to the various lenders. These credit facilities contain numerous terms and covenants that limit the discretion of management with respect to certain business matters. These covenants place restrictions on, among

other things, the ability of Calloway to create liens or other encumbrances, to pay distributions on its Units or make payments on the Debentures or make certain other payments, investments, loans and guarantees and to sell or otherwise dispose of assets and merge or consolidate with another entity. In addition, the credit facilities contain a number of financial covenants that require Calloway to meet certain financial ratios and financial condition tests. For example, certain of Calloway's loans require specific loan to value and debt service coverage ratios which must be maintained by Calloway. A failure to comply with the obligations in the credit facilities could result in a default which, if not cured or waived, could result in a reduction or termination of distributions by Calloway and permit acceleration of the relevant indebtedness. If the indebtedness under the credit facilities were to be accelerated, there can be no assurance that the assets of Calloway would be sufficient to repay in full that indebtedness.

General Uninsured Losses

Calloway carries comprehensive general liability, fire, flood, extended coverage and rental loss insurance with policy specifications, limits and deductibles customarily carried for similar properties. There are, however, certain types of risks, generally of a catastrophic nature, such as wars or environmental contamination, which are either uninsurable or not insurable on an economically viable basis. Calloway has insurance for earthquake risks, subject to certain policy limits, deductibles and self-insurance arrangements, and will continue to carry such insurance if it is economical to do so. Should an uninsured or underinsured loss occur, Calloway could lose its investment in, and anticipated profits and cash flows from, one or more of its properties, but Calloway would continue to be obliged to repay any recourse mortgage indebtedness on such properties.

Development Risks

As a result of Calloway's recent entry into the property development business in its own right, Calloway is now also subject to the risks usually attributable to development projects, which include: (i) construction or other unforeseeable delays; (ii) cost overruns; and (iii) the failure of tenants to occupy and pay rent in accordance with lease agreements, some of which are conditional.

Future Property Acquisitions

Calloway's success depends in large part on identifying suitable acquisition and development opportunities, pursuing such opportunities, consummating acquisitions and acquiring developments, and effectively operating the properties it acquires. If Calloway is unable to manage its growth effectively, its business, operating results and financial condition could be adversely affected.

Competition for Real Property Investments

Calloway competes for suitable real property investments with individuals, corporations, other real estate investment trusts and similar vehicles, and institutions (both Canadian and foreign) which are presently seeking or which may seek in the future real property investments similar to those desired by Calloway. Many of these investors have greater financial resources than Calloway, or operate without Calloway's investment restrictions, or according to more flexible conditions. An increase in the availability of investment funds, and an increase in interest in real property investments, would tend to increase competition for real property investments thereby increasing purchase prices and reducing the yield thereon.

Environmental Matters

As an owner of real property, Calloway will be subject to various federal, provincial, territorial and municipal laws relating to environmental matters. Such laws provide that Calloway could be liable for the costs of removal of certain hazardous substances and remediation of certain hazardous locations. The failure to remove or remediate such substances or locations, if any, could adversely affect Calloway's ability to sell such real estate or to borrow using such real estate as collateral and could potentially also result in claims against Calloway. Calloway is not aware of any material non-compliance with environmental laws at any of its properties. Calloway is also not aware of any pending or threatened investigations or actions by environmental regulatory authorities in connection with any of its properties or any pending or threatened claims relating to environmental conditions at its properties. Calloway has policies and procedures to review and monitor environmental

exposure. It is Calloway's operating policy to obtain a Phase I environmental assessment and (if recommended in the Phase I environmental assessment) a Phase II environmental assessment, each of which are to be conducted by an independent and experienced environmental consultant prior to acquiring a property.

Calloway will make the necessary capital and operating expenditures to ensure compliance with environmental laws and regulations. Although there can be no assurances, Calloway does not believe that costs relating to environmental matters will have a material adverse effect on Calloway's business, financial condition or results of operations. However, environmental laws and regulations can change and Calloway may become subject to more stringent environmental laws and regulations in the future. Compliance with more stringent environmental laws and regulations could have an adverse effect on Calloway's business, financial condition or results of operation.

Land Leases

To the extent the properties in which Calloway has or will have an interest are located on leased land, the land leases may be subject to periodic rate resets that may fluctuate and may result in significant rental rate adjustments.

The land lease for the Airtech Centre property expires on December 31, 2011 with a ten year renewal option and has an adjustment provision to amend the land rent on a five year basis.

The land lease for the London Argyle Wal-Mart Centre property expires in October 2038. Calloway has an option to buy the London Argyle Wal-Mart Centre property for \$10,000,000 at the expiry of the lease term.

The leaseholds in the Barrie South Wal-Mart Centre property, the Cambridge Wal-Mart Centre property and a 40% interest in the Etobicoke Wal-Mart Centre property were purchased subject to 35 year leases which expire in July 2040. First Pro has the option to cancel the leases, subject to certain conditions, after a minimum of 10 years from the commencement of the lease, or subject to a change in control of the voting securities of Calloway.

Potential Conflicts of Interest

Calloway may be subject to various conflicts of interest because of the fact that the Trustees and executive management, and their associates, are engaged in a wide range of real estate and other business activities. Calloway may become involved in transactions which conflict with the interests of the foregoing. The Trustees, executive management and their associates or affiliates may from time to time deal with persons, firms, institutions or corporations with which Calloway may be dealing, or which may be seeking investments similar to those desired by Calloway. The interests of these persons could conflict with those of Calloway. In addition, from time to time, these persons may be competing with Calloway for available investment opportunities. The Declaration of Trust contains "conflicts of interest" provisions requiring Trustees to disclose material interests in material contracts and transactions and refrain from voting.

Kevin Pshebniski has disclosed in writing that, as an officer of Hopewell Development Corporation, a Calgary based real estate developer with which Calgary has entered into a development agreement, he will be interested in any contract or transaction, or proposed contract or transaction, with that company and its affiliates. David Calnan is a partner of Shea Nerland Calnan, a law firm that provides legal services to Calloway. Mitchell Goldhar has disclosed in writing that, as a director, officer and significant shareholder of FirstPro, he will be interested in any contract or transaction or proposed contract or transaction with FirstPro and its affiliates. Peter Forde has disclosed in writing that, as an officer of FirstPro he will be interested in any contract or transaction or proposed contract or transaction, with FirstPro and its affiliates.

Capital Requirements

Calloway accesses the capital markets from time-to-time. If Calloway were to be unable to raise additional funds through the issuance of debt, equity or equity-related securities, certain of its acquisition or development activities may be curtailed. Furthermore, Calloway may not be able to raise additional funds on favourable terms.

Reliance on Key Personnel

Management of Calloway depends on the services of certain key personnel. Investors who are not prepared to rely on this management should not invest in Units. The loss of the services of key personnel could have an adverse effect on Calloway. Calloway does not have key man insurance on any of its key employees.

Trustees

The Trustees, with the exception of Simon Nyilassy, will not devote their full time and attention to the affairs of Calloway. In addition, FirstPro has the ability to appoint members to the board of Trustees and certain committees of the board of Trustees disproportionate to their relative percentage ownership in Trust Units. See "Declaration of Trust and Description of Units - Trustees".

Risks Relating to the Units

Potential Volatility of Unit Prices

The price for the Units could be subject to wide fluctuations in response to quarter-to-quarter variations in operating results, the gain or loss of significant properties, changes in income estimates by analysts and market conditions in the industry, as well as general economic conditions or other risk factors set out herein. In addition, stock markets have experienced volatility that has affected the market prices for many issuers' stocks and that often has been unrelated to the operating performance of such issuers. These market fluctuations may adversely affect the market price of the Units.

A publicly traded real estate investment trust will not necessarily trade at values determined solely by reference to the underlying value of its real estate assets. Accordingly, the Units may trade at a premium or a discount to the underlying value of Calloway's real estate assets.

One of the factors that may influence the market price of the Units is market interest rates relative to the monthly cash distributions of Calloway to the Unitholders. An increase in market interest rates or a decrease in monthly cash distributions by Calloway could adversely affect the market price of the Units. In addition, the market price for the Units may be affected by changes in general market conditions, fluctuations in the markets for equity securities and numerous other factors beyond the control of Calloway.

Cash Distributions are Not Guaranteed and will Fluctuate with Calloway's Performance

A return on an investment in Units of Calloway is not comparable to the return on an investment in a fixed-income security. The recovery of an investment in Units is at risk, and any anticipated return on an investment in Units is based on many performance assumptions.

Although Calloway intends to make distributions of a significant percentage of its available cash to its Unitholders, these cash distributions are not assured and may be reduced or suspended. The ability of Calloway to make cash distributions and the actual amount distributed will be dependant upon, among other things, the financial performance of the properties in its Property Portfolio, its debt covenants and obligations, its working capital requirements and its future capital requirements. In addition, the market value of the Units may decline for a variety of reasons including if Calloway is unable to meet its cash distribution targets in the future, and that decline may be significant.

It is important for a person making an investment in Units of Calloway to consider the particular risk factors that may affect both Calloway and the real estate industry in which Calloway operates and which may therefore affect the stability of the cash distributions on the Units of Calloway. See the other risk factors set out in this section which describes Calloway's assessment of those risk factors, as well as the potential consequences to a Unitholder if a risk should occur. Also see the section of this annual information form entitled "Ratings on Securities".

Return of Capital

The after-tax return from an investment in Units to Unitholders that is subject to Canadian income tax can be made up of both a "return on" and a "return of" capital. That composition may change over time, thus affecting a Unitholder's after-tax return. Returns on capital are generally taxed as ordinary income, capital gains or as dividends in the hands of a Unitholder. Returns of capital are generally tax-deferred (and reduce the Unitholder's cost base in the unit for tax purposes).

Availability of Cash Flow

Distributable Income may exceed actual cash available from time to time because of items such as principal repayments, tenant allowances, leasing commissions and capital expenditures and redemption of Units, if any. Calloway may be required to use part of its debt capacity or to reduce distributions in order to accommodate such items. Calloway anticipates temporarily funding such items, if necessary, through an operating line of credit in expectation of refinancing long-term debt on its maturity.

Tax Related Risk Factors

There can be no assurance that Canadian federal income tax laws respecting the treatment of mutual fund trusts will not be changed in a manner which adversely affects the holders of Units. If Calloway ceases to qualify as a "mutual fund trust" or "registered investment" under the Tax Act, the income tax considerations for Unitholders would be materially and adversely different in certain respects, including that Units may cease to be qualified investments for Plans and may become foreign property for Plans and other tax-exempt entities. The Tax Act imposes penalties for the acquisition or holding of non-qualified investments.

The Declaration of Trust of Calloway provides that a sufficient amount of Calloway's net income and net realized capital gains will be distributed each year to Unitholders or otherwise in order to eliminate Calloway's liability for tax under Part I of the Tax Act. Where such amount of net income and net realized capital gains of Calloway in a taxation year exceeds the cash available for distribution in the year, such excess net income and net realized capital gains will be distributed to Unitholders in the form of additional Units. Unitholders will generally be required to include an amount equal to the fair market value of those Units in their taxable income, in circumstances where they do not directly receive a cash distribution.

The extent to which distributions will be tax deferred in the future will depend in part on the extent to which Calloway is able to deduct capital cost allowance relating to properties directly held by Calloway.

Structural Subordination of the Units

In the event of a bankruptcy, liquidation or reorganization of Calloway or its subsidiaries, holders of certain of their indebtedness and certain trade creditors will generally be entitled to payment of their claims from the assets of Calloway or its subsidiaries before any assets are made available for distribution to the Trust. The Units will be effectively subordinated to most of the indebtedness and other liabilities of Calloway and its subsidiaries. Neither Calloway nor its subsidiaries will be limited in their ability to incur secured or unsecured indebtedness.

Redemption Right

It is anticipated that the redemption right will not be the primary mechanism for Unitholders to liquidate their investments. Further, the entitlement of holders of Units to receive cash upon the redemption of their Units is subject to the limitations. Also, securities and/or obligations of the Trust or held by the Trust which may be distributed in specie to Unitholders in connection with a redemption will not be listed on any stock exchange and no established market is expected to develop for such securities and/or obligations. See "Declaration of Trust and Description of Units - Redemption Right".

Distribution of Securities on Redemption or Termination of the Trust

Upon a redemption of Units or termination of the Trust, the Trustees may distribute securities and/or obligations of the Trust or held by the Trust directly to the Unitholders, subject to obtaining any required regulatory approvals. Such securities and/or obligations so distributed may not be qualified investments for trusts governed by registered retirement savings plans, registered retirement income funds, deferred profit sharing plans and registered education savings plans, depending upon the circumstances at the time. Further, no established market may exist for the securities so distributed at the time of the distribution and no market may ever develop. See "Declaration of Trust and Description of Units - Redemption Right".

Unitholder Liability

On July 1, 2004, the *Income Trusts Liability Act* (Alberta) came into force. This act creates a statutory limitation on the liability of unitholders of income trusts governed by the laws of the Province of Alberta. The legislation states that an income trust is governed by the laws of Alberta if its declaration of trust or other constating document contains a provision to that effect. Calloway's Declaration of Trust contains such a provision. The legislation provides that a Unitholder will not be, as a beneficiary, liable for any act, default, obligation or liability of the Trustees that arises after the legislation comes into effect. However, the legislation has not yet been judicially considered and it is possible that reliance upon the legislation by a Unitholder could be successfully challenged on jurisdictional or other grounds.

Further, the Declaration of Trust provides that no Unitholder will be subject to any liability in connection with Calloway or its obligations and affairs and, in the event that a court determines Unitholders are subject to any such liabilities, the liabilities will be enforceable only against, and will be satisfied only out of, the Unitholder's share of Calloway's assets. Pursuant to the Declaration of Trust, Calloway will reimburse each Unitholder from any cost, damages, liabilities, expenses, charges and losses suffered by a Unitholder resulting from or arising out of any payment of a Calloway obligation by a Unitholder.

Further, the Declaration of Trust provides that written instruments signed by or on behalf of Calloway shall, if practicable, contain a provision to the effect that such obligation will not be binding upon Unitholders personally. Notwithstanding the terms of the Declaration of Trust, Unitholders may not be protected from liabilities of Calloway to the same extent as a shareholder is protected from the liabilities of a corporation. Personal liability may also arise in respect of claims against Calloway (to the extent that claims are not satisfied by Calloway) that do not arise under contracts, including claims in tort, claims for taxes and possibly certain other statutory liabilities.

The business of Calloway will be conducted, upon the advice of counsel, in such a way and in such jurisdictions as to avoid as far as possible any material risk of liability to the Unitholders for claims against Calloway including, where commercially reasonable, by obtaining appropriate insurance, where available, for the operations of Calloway and, where commercially reasonable, having written agreements signed by or on behalf of Calloway include a provision that such obligations are not binding upon Unitholders personally.

However, in conducting its affairs, Calloway will be acquiring, and has acquired, real property investments subject to existing contractual obligations, including obligations under mortgages and leases. The Trustees will use all reasonable efforts to have any such obligations under mortgages on its properties and material contracts, other than leases, modified so as not to have such obligations binding upon any of the Unitholders or annuitants personally. However, Calloway may not be able to obtain such modification in all cases. To the extent that claims are not satisfied by Calloway, there is a risk that a Unitholder or annuitant will be held personally liable for obligations of Calloway where the liability is not disavowed as described above.

Nature of Units

Securities such as the Units share certain, though not all, attributes common to shares of a company. As holders of Units, Unitholders will not have the statutory rights normally associated with ownership of shares of a company including, for example, the right to bring "oppression" or "derivative" actions.

Further, the Units are not "deposits" within the meaning of the *Canada Deposit Insurance Corporations Act* (Canada) and are not insured under the provisions of the Act or any other legislation.

Dilution

Calloway is authorized to issue an unlimited number of Units. Any issuance of Units may have a dilutive effect on existing Unitholders.

Unitholder Holding a Significant Number of Units

Further, according to reports filed under applicable Canadian securities legislation, Mitchell Goldhar of Vaughan, Ontario currently beneficially owns or controls a number of the outstanding units of the Trust which, together with the securities he beneficially owns or controls which are exchangeable at his option for units of the Trust for no additional consideration and the associated Special Voting Units, represent approximately 27% voting interest in the Trust. Further, according to the above mentioned reports, Mr. Goldhar currently beneficially owns or controls additional rights to acquire Units of the Trust which, if exercised or converted, would result in him increasing his beneficial economic and voting interest in the Trust to as much as approximately 39%. If Mr. Goldhar sells substantial amounts of Units in the public market, the market price of the Units could fall. The perception among the public that these sales will occur could also produce such effect. As a result of his voting interest in the Trust, Mr. Goldhar may be able to exert significant influence over matters that are to be determined by votes of the Voting Unitholders of the Trust. The timing and receipt of any takeover or control premium by Unitholders could depend on the determination of Mr. Goldhar as to when to sell Units. This could delay or prevent a change of control that would be attractive to, and provide liquidity for, Unitholders, and could limit the price that investors are willing to pay in the future for Units.

Risks Relating to the Debentures

Credit Ratings

Credit ratings are intended to provide investors with an independent measure of credit quality of an issue of securities. The credit ratings accorded to the Debentures are not a recommendation to purchase, hold or sell the Debentures inasmuch as such ratings do not comment as to market price or suitability for a particular investor. There is no assurance that these ratings will remain in effect for any given period of time or that these ratings will not be revised or withdrawn entirely by DBRS in the future if in its judgment circumstances are so warranted. Real or anticipated changes in credit ratings on the Debentures may affect the market value of the Debentures. In addition, real or anticipated changes in credit ratings can affect the cost at which Calloway can access the debenture market.

Structural Subordination of Debentures

Liabilities of a parent entity with assets held by various subsidiaries may result in the structural subordination of the lenders of the parent entity. The parent entity is entitled only to the residual equity of its subsidiaries after all debt obligations of its subsidiaries are discharged. In the event of a bankruptcy, liquidation or reorganization of Calloway, holders of indebtedness of Calloway (including holders of Debentures) may become subordinate to lenders to the subsidiaries of Calloway.

Certain of the subsidiaries of Calloway have provided a form of guarantee pursuant to which the trustee for the 4.51% Debentures is, subject to the indenture governing the 4.51% Debentures, entitled to seek redress from such subsidiaries for the guaranteed indebtedness. These guarantees are intended to eliminate structural subordination which arises as a consequence of Calloway's assets being held in various subsidiaries. Although all subsidiaries which own material assets have provided a guarantee, not all subsidiaries of Calloway have provided such a guarantee. In addition, there can be no assurance that the trustee for the 4.51% Debentures will, or will be able to, effectively enforce the guarantee. Note that no such guarantees have been provided with respect to the 6% Debentures.

Market Value Fluctuation

Prevailing interest rates will affect the market value of the Debentures, as they carry a fixed interest rate. Assuming all

other factors remain unchanged, the market value of the Debentures, which carry a fixed interest rate, will decline as prevailing interest rates for comparable debt instruments rise, and increase as prevailing interest rates for comparable debt instruments decline.

Trading Market for Debentures

The 4.51% Debentures are not listed for trading on any stock exchange. If the 4.51% Debentures are traded by a holder after their acquisition by that holder, they may trade at a discount from their acquisition cost to the holder depending on prevailing interest rates, the market for similar securities, the performance of Calloway and other factors. No assurance can be given as to whether an active trading market will develop or be maintained for the 4.51% Debentures. To the extent that an active trading market for the 4.51% Debentures does not develop, the liquidity and trading prices for the Debentures may be adversely affected.

Statutory Remedies

Calloway is not a legally recognized entity within the relevant definitions of the *Bankruptcy and Insolvency Act*, the *Companies' Creditors Arrangement Act* and in some cases, the *Winding Up and Restructuring Act*. As a result, in the event a restructuring of Calloway were necessary, Calloway would not be able to access the remedies available thereunder. In the event of a restructuring, a holder of Debentures may be in a different position than a holder of secured indebtedness of a corporation.

MANAGEMENT OF CALLOWAY

General

An experienced and capable executive management team provides strategic direction to Calloway, subject to the supervision of the board of Trustees. Members of the executive management team have an extensive understanding of the commercial real estate industry in Calloway's target markets. The executive management of Calloway seeks to achieve and maintain geographic asset diversity, staggered lease maturities, staggered debt maturities, reasonable asset leverage, strong tenant covenants, high occupancy rates with contractual rental rate increases and appropriate capital improvement and redevelopment programs. All of Calloway's investments are subject to specific investment guidelines and the operations of Calloway are subject to specific operating policies. See "Investment Guidelines and Operating Policies".

Trustees and Executive Officers of Calloway

The following table sets forth the name, municipality of residence, office held with Calloway, experience and principal occupation during at least the last five (5) years and the approximate number of Voting Units beneficially owned or controlled as of March 10, 2006 of each of the current Trustees and executive officers of Calloway:

Name and Municipality Of Residence	Current Office In Calloway⁽⁵⁾	Principal Occupation	Voting Units Beneficially Owned or Controlled⁽⁶⁾

Notes:

- (1) Member of the Audit Committee. For further details on the Audit Committee, please refer to the section entitled "Audit Committee".
- (2) Member of the Investment Committee.
- (3) Member of Compensation, Nominating and Governance Committee.
- (4) Until July 2005, Mr. Young was retained by Calloway as a consultant to provide services connected to financing activities of Calloway.
- (5) Each of the Trustees of Calloway serve in such capacity until the next annual meeting of Unitholders of Calloway unless re-

- electd at that Meeting to serve for a further one year term.
- (6) All Voting Units beneficially owned by the aforementioned Trustees and executive officers consist solely of Units with the exception of Mitchell Goldhar who beneficially owns both Units and Special Voting Units.
- (7) Appointed as a Trustee by FirstPro pursuant to its rights under the Declaration of Trust. See "Declaration of Trust and Description of Units – Trustees."

As of March 10, 2006, the Trustees and executive officers of Calloway, as a group, beneficially owned or controlled, directly and indirectly, 19,858,583 Voting Units of Calloway, which represented approximately 28.3% of the issued and outstanding Voting Units of Calloway.

Cease Trade Orders, Bankruptcies, Penalties or Sanctions

Except as set out below, to the best of the knowledge of management of the Trust, no person or company who is a Trustee or executive officer of the Trust, or a person or company that is the direct or indirect owner of, or who exercises control or direction over, a sufficient number of Voting Units of the Trust so as to materially affect the control of the Trust:

- (a) is, as at the date of this annual information form or has been, within the 10 years before the date of this annual information form, a director or executive officer of any company, that:
- (i) while that person was acting in that capacity, was the subject of a cease trade or similar order or an order that denied the relevant company access to any exemption under securities legislation, for a period of more than 30 consecutive days;
 - (ii) while that person was acting in that capacity, was subject to an event that resulted, after the director or executive officer ceased to be a director or executive officer, in the company being the subject of a cease trade or similar order or an order that denied the relevant company access to any exemption under securities legislation, for a period of more than 30 consecutive days; or
 - (iii) within a year of that person ceasing to act in that capacity, became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold its assets; or
- (b) has, within the 10 years before the date of this annual information form, become bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency, or become subject to or instituted any proceedings, arrangement or compromise with creditors, or had a receiver, receiver manager or trustee appointed to hold the assets of the director, officer or shareholder.

Sable Technologies, Inc., a California based company of which Kevin Pshebniski was a director, filed bankruptcy protection documentation in California on August 12, 2001. Kevin Pshebniski was a director of Sable Technologies, Inc. at the time. Bramalea Limited, a company of which Simon Nyilassy was Senior Vice-President of Finance and Treasury and of which Peter Forde was Senior Vice President of finance, filed for bankruptcy protection in 1995.

Conflict of Interest Restrictions and Provisions

The Declaration of Trust contains "conflict of interest" provisions that serve to protect Unitholders without creating undue limitations on Calloway. Given that the Trustees are engaged in a wide range of real estate and other business activities, the Declaration of Trust contains provisions, similar to those contained in the Canada Business Corporations Act, that require each Trustee to disclose to Calloway any interest in a material contract or transaction or proposed material contract or transaction with Calloway (including a contract or transaction involving the making or disposition of any investment in real property or a joint venture arrangement) or the fact that such person is a director or officer of or otherwise has a material interest in any person who is a party to a material contract or transaction or proposed material contract or transaction with Calloway. Such disclosure is required to be made at the first meeting at which a proposed contract or transaction is considered. In the event that a material contract or transaction or proposed material contract or transaction is one that in the

ordinary course would not require approval by the Trustees, a Trustee is required to disclose in writing to Calloway or request to have entered into the minutes of the meeting of the Trustees the nature and extent of his or her interest forthwith after the Trustee becomes aware of the contract or transaction or proposed contract or transaction. In any case, a Trustee who has made disclosure to the foregoing effect is not entitled to vote on any resolution to approve the contract or transaction unless the contract or transaction is one relating primarily to his or her remuneration as a Trustee, officer, employee or agent of Calloway or one for indemnity under the provisions of the Declaration of Trust or liability insurance.

Kevin Pshebniski has disclosed in writing that, as an officer of Hopewell Development Corporation, a Calgary based real estate developer with which Calgary has entered into a development agreement, he will be interested in any contract or transaction, or proposed contract or transaction, with that company and its affiliates. David Calnan is a partner of Shea Nerland Calnan, a law firm that provides legal services to Calloway. Mitchell Goldhar has disclosed in writing that, as a director, officer and significant shareholder of FirstPro, he will be interested in any contract or transaction or proposed contract or transaction with FirstPro and its affiliates. Peter Forde has disclosed in writing that, as an officer of FirstPro he will be interested in any contract or transaction or proposed contract or transaction, with FirstPro and its affiliates.

OPERATION OF THE PROPERTY PORTFOLIO

Leasing Function

The leasing function for the Property Portfolio is primarily provided by First Pro. Calloway and First Pro have developed a leasing strategy for each property reflecting the nature of the property, its position within the local marketplace, prevailing and forecast economic conditions and the state of the local real estate market and status of existing tenancies.

Property Management Function

The property management function for the Property Portfolio is primarily provided by First Pro. Three other external managers provide property management services for 12 properties representing approximately 8.6% of total leaseable area of the Property Portfolio.

With the exception of seven of the Acquisition Properties, FirstPro manages all of the Acquisition Properties, as well as the Abbotsford, Sarnia and Anjou properties, pursuant to the FirstPro Management Agreements.

The FirstPro Management Agreements for the Acquisition 1 Properties include:

- (a) leasing fees equal to \$3.00 per square foot on new leases entered into with respect to the FirstPro Properties and \$1.00 per square foot for lease renewals. If an external leasing agent is involved, the total leasing fee may not exceed \$4.00 per square foot;
- (b) property management fees equal to 3% of gross rental revenues;
- (c) financing fees equal to 0.5% of any new third party financing where FirstPro is requested to act in this capacity, in which case this fee is inclusive of outside mortgage broker fees;
- (d) disposition fees equal to 2% of gross proceeds of any disposition; and
- (e) a term of five years, renewable, at the option of FirstPro, for a further five year term.

The FirstPro Management Agreements for the remainder of the Acquisition Properties managed by FirstPro include:

- (a) leasing fees equal to \$3.00 per square foot on new leases entered into with respect to the Acquisition Properties and \$1.00 per square foot for lease renewals. If an external leasing agent is involved, the total leasing fee may not exceed \$4.00 per square foot;
- (b) property management fees equal to 2.5% of net rental revenue plus the administration fees paid by tenants under relevant leases; and

- (c) a term of five years, renewable, at the option of FirstPro, for a further five year term.

Canadian Real Estate Investment Trust ("CREIT") provides property management services for interests in seven properties in Ontario and Quebec. CREIT owns and manages over 15 million square feet of commercial real estate in over 130 retail, industrial and office properties. CREIT is responsible for the provision to Calloway of property management services for the following properties within the Property Portfolio pursuant to the CREIT Management Agreements:

- Ottawa (South Keys) Wal-Mart Centre, Ottawa, Ontario;
- Markham Woodside Centre, Markham, Ontario;
- Markham Woodside Centre II, Markham, Ontario;
- Chatham Wal-Mart Centre, Chatham, Ontario;
- Woodbridge Centre, Vaughan, Ontario;
- Montreal (Decarie) Wal-Mart Centre, Montreal, Quebec; and,
- Hull Wal-Mart Centre, Hull, Quebec

In connection with the provision of its services to Calloway, CREIT is entitled to a fee for each fiscal year during the first three years of the CREIT Management Agreements in an amount equal to the lesser of (i) 2.5% of the aggregate of net rentals payable and received from the CREIT managed properties during such year; and (ii) any administrative fees or charges paid by tenants pursuant to their leases. The CREIT Management Agreements have an initial term of three years and will automatically be renewed for successive three year renewal terms, unless otherwise terminated in accordance with the CREIT Management Agreements.

Hopewell Real Estate Services Inc. ("HRESI") provides property management services for certain multi-tenant assets in Alberta, British Columbia and Ontario. The property management team at HRESI manages approximately 1.5 million square feet of commercial real estate in these provinces and have over 75 years of experience in managing retail, industrial and office properties. HRESI is responsible for the provision to Calloway of property management services for the following properties within the Property Portfolio pursuant to the Hopewell Management Agreements:

- Airtech Centre, Vancouver, British Columbia;
- Canadian Commercial Centre, Calgary, Alberta;
- British Colonial Building, Toronto, Ontario; and
- Crowchild Corner, Calgary, Alberta.

In connection with the provision of its services to Calloway, HRESI is entitled to a fee for each fiscal year during the first three years of the Hopewell Management Agreements in an amount equal the actual annual recovery from the tenants under their leases for management and administrative fees, charges, expenses and penalties. For lease renewals, HRESI is entitled to a leasing fee equal to 2.5% of the annual base rent for the first five years of the renewal term. The Hopewell Management Agreements have an initial term of three years and will automatically be renewed for successive one year renewal terms, unless otherwise terminated in accordance with the Hopewell Management Agreements. After the initial term, the Hopewell Management Agreements may be terminated by either party on 90 days notice.

Calloway has entered into a property management contract with Landmark with respect to Namao Centre, a retail centre located in Edmonton, Alberta. The contract is for a one year term and is on market terms.

Calloway has determined that it is cost effective to internally manage Lloyd Mall located in Lloydminster, Alberta. Calloway's management team has, in the aggregate, over 60 years of combined experience in lease negotiation, building improvements and property supervision.

Calloway intends to internalize the property management function for all of its properties either directly or through a wholly-owned subsidiary when it is cost effective to do so.

Environmental Policy

Calloway will endeavour to ensure that the Property Portfolio is managed in compliance with all applicable environmental laws and regulations and has adopted and implemented rules, standards and procedures to deal with all applicable environmental issues for each asset in the Property Portfolio. Calloway's operating policy requires it to obtain a Phase 1 environmental assessment conducted by an independent and experienced environmental consultant prior to acquiring a property.

LEGAL PROCEEDINGS

Calloway has not been, nor is presently involved in, any legal proceedings material to it and insofar as it is aware, no such proceedings are contemplated.

TRANSFER AGENT AND REGISTRAR

Computershare Trust Company of Canada at its principal offices in Toronto, Ontario and Calgary, Alberta is the transfer agent and registrar for the Units and the Debentures.

MATERIAL CONTRACTS

The following are the only material contracts, other than contracts entered into in the ordinary course of business, that are material to Calloway and that were entered into within the most recently completed financial year, or before the most recently completed financial year but that are still in effect:

- (a) The Declaration of Trust, the particulars of which are set out under "Declaration of Trust and Description of Units".
- (b) The trust indenture dated May 14, 2004 between Calloway as issuer and Computershare Trust Company of Canada as trustee providing for the issuance of the 6% Debentures. See "Description of Other Securities – 6% Convertible Debentures Due June 30, 2014".
- (c) The trust indenture dated September 22, 2005 between Calloway as issuer and Computershare Trust Company of Canada as trustee providing for the issuance of the 4.51% Debentures. See "Description of Other Securities – 4.51% Series A Senior Unsecured Debentures Due September 22, 2010".
- (d) The Holdings Trust Declaration of Trust. See "Information Respecting Calloway Holdings Trust".
- (e) The Calloway LP Agreement. See "Information Regarding Calloway Limited Partnership".

INTERESTS OF EXPERTS

PricewaterhouseCoopers LLP, Chartered Accountants, the current auditors of the Trust, are named as having prepared or certified a statement, report or valuation described or included in a filing made by the Trust under National Instrument 51-102 during, or relating to, the Trust's most recently completed financial year. PricewaterhouseCoopers LLP is independent of the Trust in accordance with the Rules of Professional Conduct as outlined by the Institute of Chartered Accountants of Ontario.

Kenway Mack Slusarchuk Stewart LLP, Chartered Accountants, the former auditors of the Trust, are named as having prepared or certified a statement, report or valuation described or included in a filing made by the Trust under National Instrument 51-102 during, or relating to, the Trust's most recently completed financial year. Kenway Mack Slusarchuk Stewart LLP is independent of the Trust in accordance with the Rules of Professional Conduct as outlined by the Institute of Chartered Accountants of Alberta.

RBC Dominion Securities Inc. is named as having prepared or certified a statement, report or valuation described or included in a filing made by the Trust under National Instrument 51-102 during, or relating to, the Trust's most recently

completed financial year. As of the date of such statements, reports or valuations, RBC Dominion Securities Inc. beneficially owned, directly or indirectly, less than 1% of any the Trust's outstanding securities.

Altus Group Limited is named as having prepared or certified a statement, report or valuation described or included in a filing made by the Trust under National Instrument 51-102 during, or relating to, the Trust's most recently completed financial year. As of the date of such statements, reports or valuations, Altus Group Limited beneficially owned, directly or indirectly, less than 1% of any the Trust's outstanding securities.

Colliers International is named as having prepared or certified a statement, report or valuation described or included in a filing made by the Trust under National Instrument 51-102 during, or relating to, the Trust's most recently completed financial year. As of the date of such statements, reports or valuations, Colliers International beneficially owned, directly or indirectly, less than 1% of any the Trust's outstanding securities.

AUDIT COMMITTEE

Audit Committee Charter

A copy of the charter of the Audit Committee is attached as Schedule A to this Annual Information Form.

Audit Committee Composition

The Audit Committee consists of Al Mawani (chair), Jamie McVicar and Kevin Pshebniski. Each member of the Audit Committee is independent and financially literate, as such terms are defined in Multilateral Instrument 52-110 – Audit Committees.

Relevant Education and Experience

In addition to each member's general business experience, the education and experience of each member of the Audit Committee that is relevant to the performance of his responsibilities as a member of the Audit Committee are set forth below.

Al Mawani – Mr. Mawani is currently president of Exponent Capital Partners Inc., a private equity firm. Prior to January 31, 2004, Mr. Mawani was a Vice-President of Industrial Promotion Services Ltd., another private equity firm. Prior thereto, Mr. Mawani was Executive Vice-President of Business Development for one year and Senior Vice-President and Chief Financial Officer for 10 years at Oxford Properties Group Inc., one of Canada's largest real estate companies. Mr. Mawani is a Chartered Accountant and has a Masters in Business Administration from the University of Toronto. He is a member of the Financial Executives Institute and is a trustee of IPC US Real Estate Investment Trust and Boardwalk Real Estate Investment Trust.

Jamie McVicar – Mr. McVicar has been the Chief Financial Officer at Devonian Properties Ltd. since October 2000. Mr. McVicar was the President of Newell Post Developments Ltd. from June 1998 to June 2000. Mr. McVicar also acted as legal counsel for Oxford Development Group from 1988 to June 1998.

Kevin Pshebniski – Mr. Pshebniski was the Vice President with Hopewell Group of Companies from January 1996 to September 1997, Chief Operating Officer of Hopewell Development Corporation from September 1997 to September 1998 and is currently the President of Hopewell Development Corporation. Mr. Pshebniski has also been the Vice President of Exeter Financial Corp., a private mortgage finance company, from 1995 to present.

Pre-Approval Policies and Procedures

The Audit Committee must pre-approve all non-audit services to be provided to the Trust or its subsidiary entities by its external auditors or the external auditors of the Trust's subsidiary entities.

External Auditor Service Fees

The aggregate amounts paid or accrued by the Trust with respect to fees payable to Kenway Mack Slusarchuk Stewart LLP ("KMSS"), the former external auditors for the Trust, and to PricewaterhouseCoopers LLP ("PwC"), the current external auditors for the Trust, for audit (including separate audits of subsidiary entities, financings and regulatory reporting requirements), audit-related, tax and other services in the fiscal years ended December 31, 2004 and 2005 were as follows:

	<u>2004</u>			<u>2005</u>		
	<u>Payable to KMSS</u>	<u>Payable to PwC</u>	<u>Aggregate</u>	<u>Payable to KMSS</u>	<u>Payable to PwC</u>	<u>Aggregate</u>
Audit fees ⁽¹⁾	\$129,800	\$0	\$129,800	\$23,100	\$155,000	\$178,100
Audit-related fees ⁽²⁾	\$66,050	\$0	\$66,050	\$49,000	\$20,000	\$69,000
Tax fees ⁽³⁾	\$12,100	\$0	\$12,100	\$17,300	\$0	\$17,300
All other fees ⁽⁴⁾	\$169,150	\$0	\$169,150	\$126,000	\$34,000	\$160,000
TOTAL	\$377,100	\$0	\$377,100	\$215,400	\$209,000	\$424,400

Notes:

- (1) "Audit fees" include the aggregate professional fees paid to the external auditors for the audit of the annual consolidated financial statements and other regulatory audits and filings.
- (2) "Audit-related fees" include the aggregate fees paid to the external auditors for services related to the audit services, including namely review of quarterly financial statements and management's discussion and analysis thereon, audit of property common area costs, advise on audit committee charter and consultations regarding financial reporting and accounting standards.
- (3) "Tax fees" include the aggregate fees paid to the external auditors for tax compliance, tax advice, tax planning and advisory services, including namely preparation of tax returns, deferred unit plan considerations and sales tax assistance.
- (4) "All other fees" include the aggregate fees paid to the external auditors for all other services other than those presented in the categories of audit fees, audit-related fees and tax fees, including namely assistance with management information circulars and prospectuses, service related to underwriter's due diligence and assistance to legal counsel for applications for relief to securities commissions.

The Audit Committee of the Trust considered and agreed that the above fees are compatible with maintaining the independence of the Trust's auditors. Further, the Audit Committee determined that, in order to ensure the continued independence of the auditors, only limited non-audit related services will be provided to the Trust by the Trust's external auditors and in such case, only with the prior approval of the Audit Committee.

INFORMATION RESPECTING CALLOWAY HOLDINGS TRUST

General

Calloway Holdings Trust (the "Holdings Trust") is an unincorporated open-ended limited purpose trust formed under the laws of the Province of Alberta and created pursuant to a declaration of trust dated June 15, 2005 (the "Holdings Trust Declaration of Trust").

Holdings Trust is administered by a board of trustees. As at March 10, 2006, the sole trustee of Holdings Trust is Simon Nyilassy, the President, Chief Executive Officer and a Trustee of the Trust. See "Management of Calloway".

As at March 10, 2006, all of the units of Holdings Trust ("Holdings Trust Units") are held by the Trust. As at March 10, 2006, Holdings Trust owns all of the Class A Units of Calloway LP.

Business

Holdings Trust is a limited purpose trust and its operations and activities shall be restricted to the following activities:

- (a) investing in such securities and/or obligations as may be approved from time to time by the trustees of Holdings Trust, including the securities and/or obligations of Calloway LP, and otherwise lending funds to Calloway LP and its affiliates and borrowing funds for any such purposes;
- (b) issuing guarantees of the obligation and indebtedness of any of its subsidiaries or affiliates and charging, pledging, hypothecating or granting any security interest, mortgage or encumbrance over or with respect to any or all of the assets of Holdings Trust in connection with any such guarantees;
- (c) disposing of any part of the assets of Holdings Trust;
- (d) temporarily holding cash and short term investments in accordance with a policy from time to time determined by the trustees of Holdings Trust and other investments (including investments in Calloway LP) for the purposes of paying expenses and liabilities of Holdings Trust, paying amounts payable by Holdings Trust in connection with the redemption of any units of Holdings Trust, and making distributions to the unitholders of Holdings Trust; and
- (e) undertaking such other activities as shall be approved by the trustees of Holdings Trust from time to time.

Holdings Trust Units

Holdings Trust's authorized capital consists of an unlimited number of Holdings Trust Units. As of March 10, 2006, all of the issued and outstanding Holdings Trust Units are held by the Trust.

Each Holdings Trust Unit represents an equal fractional undivided beneficial interest in any distributions from Holdings Trust, and in any net assets of, Holdings Trust in the event of termination or winding-up of Holdings Trust. All Holdings Trust Units are of the same class with equal rights and privileges. Each Holdings Trust Unit is transferable, entitles the holder thereof to participate equally in distributions, including the distributions of net income and net realized capital gains of Holdings Trust and distributions on liquidation, is fully paid and non-assessable and entitles the holder thereof to one vote at all meetings of unitholders for each Holdings Trust Unit held.

Holdings Trust Units do not represent a traditional investment and should not be viewed by investors as "shares" in Holdings Trust. Holders of Holdings Trust Units do not have the statutory rights normally associated with ownership of shares of a corporation including, for example, the right to bring "oppression" or "derivative" actions.

Holdings Trust Units are not "deposits" within the meaning of the *Canada Deposit Insurance Corporation Act* (Canada) and are not insured under the provisions of that act or any other legislation. Furthermore, Holdings Trust is not a trust company and, accordingly, is not registered under any trust and loan company legislation as it does not carry on or intend to carry on the business of a trust company.

Unitholder Limited Liability

The Holdings Trust Declaration of Trust provides that no unitholder will be subject to any liability in connection with Holdings Trust or its obligations and affairs and, in the event that a court determines unitholders are subject to any such liabilities, the liabilities will be enforceable only against, and will be satisfied only out of the unitholder's share of Holdings Trust's assets. Pursuant to the Holdings Trust Declaration of Trust, Holdings Trust will indemnify and hold harmless each unitholder from any cost, damages, liabilities, expenses, charges and losses suffered by a unitholder resulting from or arising out of such unitholder not having such limited liability.

The Holdings Trust Declaration of Trust provides that the trustees and Holdings Trust will make reasonable efforts to include a provision in all written instruments signed by or on behalf of Holdings Trust to the effect that such obligation will not be binding upon unitholders personally. Notwithstanding the terms of the Holdings Trust Declaration of Trust, unitholders may not be protected from liabilities of Holdings Trust to the same extent as a shareholder is protected from the liabilities of a corporation. Personal liability may also arise in respect of claims against Holdings Trust (to the extent that claims are not satisfied by Holdings Trust) that do not arise under contracts, including claims in tort, claims for taxes

and possibly certain other statutory liabilities. The possibility of any personal liability to unitholders of this nature arising is considered unlikely in the view of the Trust and the fact that the primary activity of Holdings Trust is to hold securities, and all of the operations of Holdings Trust will be carried on by subsidiaries of Holdings Trust.

The activities of Holdings Trust and its subsidiaries will be conducted, upon the advice of counsel, in such a way and in such jurisdictions as to avoid as far as possible any material risk of liability to the unitholders for claims against the Trust including, where commercially reasonable, by obtaining appropriate insurance, where available, for the operations of its operating subsidiaries and, where commercially reasonable, having written agreements signed by or on behalf of Holdings Trust include a provision that such obligations are not binding upon unitholders personally.

Issuance of Holdings Trust Units

The Holdings Trust Declaration of Trust provides that Holdings Trust Units or rights to acquire Holdings Trust Units may be issued at the times, to the persons, for the consideration and on the *terms and conditions* that the trustees determine. At the option of the trustees, Holdings Trust Units may be issued in satisfaction of any distribution of Holdings Trust to unitholders on a pro rata basis to the extent Holdings Trust does not have available cash to fund such distributions. The Holdings Trust Declaration of Trust also provides that, unless the trustees determine otherwise, immediately after any pro rata distribution of Holdings Trust Units to all unitholders in satisfaction of any non-cash distribution, the number of outstanding Holdings Trust Units will be consolidated such that each unitholder will hold after the consolidation the same number of Holdings Trust Units as the unitholder held before the non-cash distribution, except where tax was required to be withheld. In this case, each certificate, if any, representing a number of Holdings Trust Units prior to the non-cash distribution is deemed to represent the same number of Holdings Trust Units after the non-cash distribution and the consolidation.

Cash Distributions

The amount of cash to be distributed periodically per Holdings Trust Unit will generally be equal to a pro rata share of all amounts received by Holdings Trust in each period including, without limitation, distributions on or in respect of the Class A Units of Calloway LP owned by the Trust less: (i) administrative expenses and other obligations of Holdings Trust; and (ii) amounts which may be paid by Holdings Trust in connection with any cash redemptions of Holdings Trust Units. Any income of Holdings Trust which is applied to any such cash redemptions of Holdings Trust Units or is otherwise unavailable for cash distribution will be distributed to unitholders in the form of additional Holdings Trust Units. Such additional Holdings Trust Units will be issued pursuant to applicable exemptions under applicable securities laws, discretionary exemptions granted by applicable securities regulatory authorities or a prospectus or similar filing.

Redemption Right

Holdings Trust Units are redeemable at any time on demand by the holders thereof. Upon receipt of the redemption request by Holdings Trust, all rights to and under the Holdings Trust Units tendered for redemption shall be surrendered and the holder thereof shall be entitled to receive a price per Holdings Trust Unit (the "Redemption Price") equal to the fair market value thereof as determined by the trustees in accordance with the Holdings Trust Declaration of Trust.

The aggregate Redemption Price payable by Holdings Trust in respect of any Holdings Trust Units surrendered for redemption during any calendar month shall be satisfied by way of a cash payment on or before the last day of the following month; provided that the entitlement of unitholders to receive cash upon the redemption of their Holdings Trust Units is subject to the limitations that the total amount payable by Holdings Trust in respect of such Holdings Trust Units and all other Holdings Trust Units tendered for redemption in the same calendar month shall not exceed \$50,000.00 (provided that the trustees may, in their sole discretion, waive such limitation in respect of any calendar month).

If a unitholder is not entitled to receive cash upon the redemption of Holdings Trust Units as a result of the foregoing limitations, then the Redemption Price for such Holdings Trust Units shall be the fair market value thereof, as determined by the trustees, and subject to any applicable regulatory approvals, be paid and satisfied, at the option of Holdings Trust, by way of the issuance and delivery by Holdings Trust to each holder of Holdings Trust Units tendered for redemption who is not entitled to receive cash in respect thereof on the Redemption Date of:

- (a) an unsecured redeemable subordinated promissory note in a principal amount equal to the Redemption Price as determined by the trustees, bearing a commercially reasonable rate of interest as determined by the trustees in their sole and absolute discretion; or
- (b) a promissory note of any other series as may be established by Holdings Trust from time to time with such terms as the trustees may determine in a principal amount equal to the Redemption Price as determined by the trustees; or
- (c) securities and/or obligations held by Holdings Trust or any other assets of Holdings Trust having a fair market value equal to the applicable Redemption Price as determined by the trustees.

No fractions of securities and/or obligations will be distributed and where the number of securities and/or obligations includes a fraction, such number shall be rounded to the next lowest whole number. Holdings Trust shall be entitled to all distributions paid on the securities and/or obligations on or before the date of the distribution in specie.

Meetings of Holders of Holdings Trust Units

The Holdings Trust Declaration of Trust provides that meetings of unitholders must be called and held for, among other matters, the presentation of audited financial statements of Holdings Trust for the prior year, the election or removal of trustees (except filling casual vacancies), the appointment or removal of the auditors of Holdings Trust, the approval of amendments to the Holdings Trust Declaration of Trust (except as described under "Amendments to the Holdings Trust Declaration of Trust"), the sale of the assets of Holdings Trust as an entirety or substantially as an entirety (other than as part of an internal reorganization), the termination of Holdings Trust and providing direction to Holdings Trust as to the election or removal of directors of the general partner of Calloway LP. Meetings of unitholders will be called and held annually for, among other things, the election of the trustees, the appointment of auditors of Holdings Trust and providing direction to Holdings Trust as to the election or removal of directors of the general partner of Calloway LP. A resolution appointing or removing a trustee, the auditors of Holdings Trust or providing direction to Holdings Trust as to the election or removal of directors of the general partner of Calloway LP must be passed by a simple majority of the votes cast by unitholders. The balance of the foregoing matters must be passed by at least 66 2/3% of the votes cast at a meeting of unitholders called for such purpose.

A meeting of holders of Holdings Trust Units may be convened at any time and for any purpose by the trustees and must be convened if requisitioned by the holders of not less than 10% of the Holdings Trust Units then outstanding by a written requisition. A requisition must, among other things, state in reasonable detail the matters proposed to be dealt with at the meeting.

Holders of Holdings Trust Units may attend and vote at all meetings of unitholders either in person or by proxy and a proxyholder need not be a unitholder. One or more persons present in person or represented by proxy and representing in the aggregate at least 5% of the votes attaching to all outstanding Holdings Trust Units shall constitute a quorum for the transaction of business at all such meetings.

The Holdings Trust Declaration of Trust contains provisions as to the notice required and other procedures with respect to the calling and holding of meetings of unitholders.

Information and Reports

Holdings Trust will furnish to unitholders of Holdings Trust such financial statements (including quarterly and annual financial statements) and other reports as are from time to time required by applicable law, including prescribed forms needed for the completion of unitholders' tax returns under the Tax Act and equivalent provincial legislation.

Prior to each meeting of unitholders, the trustees will provide the unitholders of Holdings Trust (along with notice of such meeting) all such information as is required by applicable law and the Holdings Trust Declaration of Trust to be provided to such holders.

Trustees

Holdings Trust is administered by a board of trustees. The Holdings Trust Declaration of Trust establishes a board of trustees comprised of not more than nine members nor less than one member. Trustees shall be reappointed or replaced every year as may be determined by a majority of the votes cast at an annual meeting of the unitholders of Holdings Trust. Persons who are Non-Residents are disqualified from being a trustee.

The Holdings Trust Declaration of Trust provides that, subject to the terms and conditions thereof, the trustees may, in respect of the assets of Holdings Trust, exercise any and all rights, powers and privileges that could be exercised by a legal and beneficial owner thereof and shall supervise the investments and conduct the affairs of Holdings Trust. The trustees are responsible for, among other things: (i) acting for, voting on behalf of and representing Holdings Trust as a unitholder in Calloway LP; (ii) maintaining records and providing reports to unitholders; (iii) supervising the activities of Holdings Trust; (iv) managing the affairs of Holdings Trust; (v) providing direction as to the election or removal of directors of the general partner of Calloway LP; (vi) ensuring that the restrictions in the Holdings Trust Declaration of Trust on Non-Resident ownership are met; and (vii) declaring distributions from Holdings Trust to unitholders.

A trustee may resign upon written notice to Holdings Trust and may be removed by a majority of the votes cast at a special meeting of the unitholders and the vacancy created by such removal may be filled at the same meeting, failing which it may be filled by the trustees.

A quorum of the trustees, being a majority of the trustees then holding office, may fill a vacancy in the trustees, except a vacancy resulting from an increase in the number of trustees or from a failure of the unitholders to elect the required number of trustees. In the absence of a quorum of the trustees, or if the vacancy has arisen from a failure of the unitholders to elect the required number of trustees, the trustees shall forthwith call a special meeting of unitholders to fill the vacancy. If the trustees fail to call such meeting or if there are no trustees then in office, any unitholder may call the meeting.

The Holdings Trust Declaration of Trust provides that the trustees may, between annual meetings of the unitholders, appoint one or more additional trustees to serve until the next annual meeting of the unitholders, but the number of additional trustees shall not at any time exceed one-third of the number of trustees who held office at the expiration of the immediately preceding annual meeting of the unitholders.

The Holdings Trust Declaration of Trust provides that the trustees shall act honestly and in good faith with a view to the best interests of Holdings Trust and in connection therewith shall exercise the degree of care, diligence and skill that a reasonably prudent person would exercise in comparable circumstances. The Holdings Trust Declaration of Trust provides that the trustees shall be entitled to indemnification from Holdings Trust respect of the exercise of their powers and the discharge of their duties in the absence of breach of their duties and standard of care. The duties and standard of care of the trustees provided in the Holdings Trust Declaration of Trust are similar to those imposed on a director of a corporation.

Except as expressly prohibited by law, the trustees may grant or delegate certain of the trustees' authority to effect the actual administration of the duties of the trustees under the Holdings Trust Declaration of Trust. The trustees may grant broad discretion to a third party to administer and manage the day-to-day operations of Holdings Trust, and to make executive decisions which conform to the general policies and general principles set forth in the Holdings Trust Declaration of Trust or otherwise established by the trustees.

See the table in "Management of Calloway" which outlines the name and municipality of residence of the sole trustee of Holdings Trust, Simon Nyilassy, together with his principal occupation for the previous five years.

Amendments to the Holdings Trust Declaration of Trust

The Holdings Trust Declaration of Trust may be amended or altered from time to time by at least 66 ⅔% of the votes cast at a meeting of the unitholders called for such purpose.

The trustees may, without the approval of the unitholders, make certain amendments to the Holdings Trust Declaration of Trust, including amendments:

- (a) for the purpose of ensuring continuing compliance with applicable laws (including the Tax Act), regulations, requirements or policies of any governmental or other authority having jurisdiction over the trustees or over the Holdings Trust;
- (b) deemed necessary or advisable to ensure that Holdings Trust has not been established nor maintained primarily for the benefit of Non-Residents;
- (c) which, in the opinion of the trustees, provide additional protection for or benefit to the unitholders;
- (d) to remove any conflicts or inconsistencies in the Holdings Trust Declaration of Trust or making corrections, including the correction or rectification of any ambiguities, defective provisions, errors, mistakes or omissions, which are, in the opinion of the trustees, necessary or desirable and not prejudicial to the unitholders; and
- (e) which, in the opinion of the trustees, are necessary or desirable as a result of changes in taxation laws.

Term of Holdings Trust and Sale of Substantially All Assets

Holdings Trust has been established for a term ending 21 years after the date of death of the last surviving issue of Her Majesty, Queen Elizabeth, alive on June 1, 2005. Pursuant to the Holdings Trust Declaration of Trust, termination of Holdings Trust or the sale or transfer of the assets of Holdings Trust as an entirety or substantially as an entirety, except as part of an internal reorganization of the assets of Holdings Trust as approved by the board of trustees of Holdings Trust, requires approval by at least 66 ⅔% of the votes cast at a meeting of the holders of Holdings Trust Units.

Exercise of Voting Rights

The Holdings Trust Declaration of Trust provides that:

- (a) the trustees shall not without the approval of holders of Holdings Trust Units by way of resolution passed by a majority of the votes cast by holders of Holdings Trust Units at a meeting (or passed by written resolution):
 - (i) vote the Class A Units of Calloway LP with respect to any matter which under the Calloway LP Agreement requires or permits the approval of holders of Class A Units by way of a resolution passed by a majority of votes cast by holders of Class A Units at a meeting; or
 - (ii) appoint or change the auditors of Holdings Trust.
- (b) The trustees shall not without the approval of holders of Holdings Trust Units by way of a Special Resolution (as defined in the Holdings Trust Declaration of Trust):
 - (i) vote the Class A Units of Calloway LP with respect to any matter which under the Calloway LP Agreement requires or permits the approval of holders of Class A Units by way of a Extraordinary Resolution (as defined in the Calloway LP Agreement);
 - (ii) authorize the termination, liquidation or winding up of Holdings Trust, other than as described under "Information Respecting Calloway Holdings Trust — Term of Holdings Trust and Sale of Substantially All Assets";
 - (iii) amend the Holdings Trust Declaration of Trust, except as described under "Information Respecting Calloway Holdings Trust — Amendments to the Holdings Trust Declaration of Trust"; or

- (iv) authorize or approve the combination, arrangement or merger of Holdings Trust with any other person or entity.
- (c) Notwithstanding the foregoing, the trustees may take any action without the approval of the holders of Holdings Trust Units to effect an internal reorganization of the direct or indirect assets of Holdings Trust as a result of which Holdings Trust has the same interest, whether direct or indirect, in the assets as the interest, whether direct or indirect, that it had prior to the reorganization.

In addition, the Holdings Trust Declaration of Trust provides that except as contemplated in the Holdings Trust Declaration of Trust, the trustees shall have no power to sell or otherwise dispose of all or substantially all of Holdings Trust's assets, except with the approval of holders of Holdings Trust Units by Special Resolution at a meeting of holders of Holdings Trust Units called for that purpose or except as part of an internal reorganization of the direct or indirect assets of Holdings Trust as a result of which Holdings Trust has substantially the same interest, whether direct or indirect, in the assets as the interest, whether direct or indirect, that it had prior to the reorganization.

For the purposes of the Holdings Trust Declaration of Trust, "Special Resolution" means a resolution approved by at least 66 ⅔% of the votes cast by those holders of Holdings Trust Units who, being entitled to vote, vote upon that resolution in person or by proxy at a duly constituted meeting of holders of Holdings Trust Units, or at any adjournment thereof, called in accordance with the Holdings Trust Declaration of Trust, or a written resolution in one or more counterparts signed in original or facsimile form by such persons to which are attached at least 66 ⅔% of the votes entitled to be voted on the relevant matter.

For the purposes of the Calloway LP Agreement, "Extraordinary Resolution" means a resolution approved by at least 66 ⅔% of the votes cast by those limited partners who, being entitled to vote, vote upon that resolution in person or by proxy at a duly constituted meeting of limited partners or at any adjournment thereof, called in accordance with the Calloway LP Agreement, or a written resolution in one or more counterparts signed in original or facsimile form by such limited partners holding units of Calloway LP to which are attached at least 66 ⅔% of the votes entitled to be voted on the relevant matter.

INFORMATION RESPECTING CALLOWAY LIMITED PARTNERSHIP

General

Calloway Limited Partnership ("Calloway LP") is a limited partnership formed under the laws of the Province of Alberta pursuant to a limited partnership agreement dated June 15, 2005 (the "Calloway LP Agreement").

Business

The business of Calloway LP is that of acquiring and operating Real Property and any and all other activities that Calloway LP may engage in from time to time with a view to a profit and that the general partners determine to be in the best interests of Calloway LP, provided that all such business shall relate to the ownership of Real Property.

Calloway GP, as majority general partner of Calloway LP, manages the business and affairs of Calloway LP. See "Information Respecting Calloway GP Inc."

Partnership Units

An unlimited number of Class A Units, Class B Units and Class C Units may be issued. Holders of Class A Units are considered to be limited partners for the purposes of the *Partnership Act* (Alberta) while holders of Class B Units and Class C Units are considered to be general partners for the purposes of the *Partnership Act* (Alberta). There shall be no restriction on the number of partnership units that a partner may hold in Calloway LP. No fractional partnership units will be issued and no person shall have any rights to receive fractional partnership units or to receive cash in lieu of the issue of a fraction of a partnership unit.

Holders of Class A and Class B Units are entitled to notice, of and to attend and vote at, meetings of partners of Calloway LP. Holders of Class C Units are entitled to notice of, and to attend, meetings of partners of Calloway LP but are not entitled to vote thereat. At meetings of partners of Calloway LP, the holders of Class A Units shall have 5 votes for each Class A Unit held, the Class B Units shall have 1 vote for each Class B Unit held, and the holders of Class C Units shall have no votes for each Class C Unit held.

Subject to the restrictions contained in the Calloway LP Agreement and subject to the prior written consent of the majority general partner, partnership units may be transferred by a partner. The majority general partner has the right to deny the transfer of partnership units including, without limitation, any transfer to a Non-Resident or a partnership that is not a "Canadian partnership" within the meaning of the Tax Act and in certain of other circumstances.

Holders of Class C Units are entitled to exchange their Class C Units in consideration for Class B Units and/or cash pursuant to and subject to the terms and conditions set out in the Exchange Agreement. Holders of Class B Units are entitled to exchange their Class B Units in consideration for Units of the Trust pursuant to and subject to the terms and conditions set out in the Exchange Agreement.

As of March 10, 2006, there were 3,080,000 Class A Units, 12,987,859 Class B Units and 8,106,600 Class C Units issued and outstanding. As of March 10, 2006, Holdings Trust owns all of the outstanding Class A Units while others own all of the outstanding Class B and Class C Units

Expenses of the Partnership

Calloway LP will reimburse the general partners for all direct costs and expenses incurred on the partnership's behalf by the general partners *in the performance of its duties hereunder*, but specifically excluding expenses of any action, suit or other proceedings in which or in relation to which the general partners are adjudged to be in breach of any duty or responsibility imposed on it hereunder. In addition, Calloway LP will reimburse the general partners for all indirect costs, including general office and administrative expenses, reasonably allocable to the partnership. Calloway LP will be responsible for the payment of any goods and services tax, if any, with respect to fees paid to the general partners.

Allocation of Net Income and Loss for Tax Purposes

The income for tax purposes or loss for tax purposes for a given fiscal year shall be calculated in accordance with the provisions of the Tax Act and the maximum discretionary deductions available to Calloway LP in computing its income shall be claimed to the extent such deductions reduce the *taxable income of the partnership*, but not to the extent such deductions would create a loss for purposes of the Tax Act. Such income for tax purposes or loss for tax purposes from each source for that fiscal year, and all other items of income, gain, loss, deduction, recapture and credit of the partnership, which are allocable for the purposes of the Tax Act and other relevant taxing statutes, shall be allocated to the partners (including, for greater certainty, partners who become or cease to be partners during the fiscal year of the partnership) in an amount calculated by multiplying the aggregate amount to be allocated among the partners by a fraction, the numerator of which is the sum of the cash distributions received by that partner and the aggregate amount of any loans made by the partnership to that partner in lieu of a distribution pursuant to the applicable provisions of the Calloway LP Agreement with respect to that fiscal year, and the denominator of which is the total amount of the cash distributions and the aggregate amount of all loans under pursuant to the applicable provisions of the Calloway LP Agreement made by the partnership to all partners with respect to that fiscal year. *For greater certainty*, a cash distribution made by the partnership to a partner in a year that is used to repay a loan made pursuant to the applicable provisions of the Calloway LP Agreement shall not be included as a cash distribution received by the partner for these purposes.

The income or loss of the partnership for accounting purposes for a given fiscal year shall be allocated among the partners in the same proportion as income for tax purposes or loss for tax purposes is allocated for such fiscal year.

Amount of Income Allocated

The amount of income allocated to a partner may exceed or be less than the amount of cash distributed by the partnership to that partner in respect of a given fiscal year.

Where No Cash Distributions Made

If, with respect to a given partnership fiscal year, no cash distribution is made by Calloway LP to its partners, the income for tax purposes or loss for tax purposes from each source for that fiscal year will be allocated as follows:

- (a) as to 0.01%, to the majority general partner (i.e. Calloway GP);
- (b) as to 0.01%, to the holders of the Class C Units, pro rata among them in accordance with the number of units held by each such partner; and
- (c) as to the remainder, to the holders of the Class A Units and the Class B Units pro rata among them in accordance with the number of units held by each such partner.

Where Cash Distributions Made

Calloway LP will distribute to the partners whose names appear on the record on the last day of each month, all of the means the free cash flow of Calloway LP as determined by the majority general partner (i.e. Calloway GP) available to the partnership for distribution ("Distributable Cash") and such distributions shall be allocated among the partners as follows:

- (a) as to 0.01%, to the majority general partner (i.e. Calloway GP);
- (b) as to 0.01%, to the holders of the Class C Units, pro rata among them in accordance with the number of units held by each such Partner;
- (c) to the holders of the Class B Units, such amounts as are necessary such that the amount distributed in respect of each such partner is equal to the amount that the Trust would have distributed to such partner if each Class B Unit owned by such partner were a Unit of the Trust; and
- (d) as to the remaining Distributable Cash, to the holders of the Class A Units, pro rata among them in accordance with the number of units owned by each such Partner.

Notwithstanding the foregoing, each partner may, in lieu of receiving the distributions described above at the time indicated above, choose to be loaned amounts from the partnership equal to those amounts which would otherwise have been distributed, and to have the aggregate of all distributions described above made to it on the first business day following the end of the fiscal year in which such distributions would otherwise have been made. Each loan made in a fiscal year will not bear interest and will be due and payable in full on the first business day following the end of the fiscal year during which the loan was made. Any person who has received loans in lieu of distributions in a fiscal year in which such person has ceased to be a partner shall receive distributions on the first business day following the end of that fiscal year equal to the amount that would otherwise have been distributed to such person during that portion of the fiscal year in which such person was a partner. With respect to amounts distributed to a partner or a person who has ceased to be a partner at any time after the making of a loan to a partner, the partner shall be deemed to have irrevocably directed that the amount of any such distribution first be applied to repay loans previously advanced.

INFORMATION RESPECTING CALLOWAY GP INC.

Calloway GP Inc. ("Calloway GP") was established under the *Business Corporations Act* (Alberta) on May 25, 2005. Calloway GP is the general partner of Calloway LP and conducts no other business.

Calloway GP is authorized to issue an unlimited number of common shares. As at March 10, 2006, all of the outstanding common shares of Calloway GP are owned by Holdings Trust. Each common share entitles its holder to receive notice of and to attend all meetings of the shareholders of Calloway GP and to one vote at such meetings. The holders of common shares are, at the discretion of the board of directors of Calloway GP and subject to applicable legal restrictions, entitled to receive any dividends declared by the board of directors on the common shares. The holders of common shares are entitled to share equally in any distribution of the assets of Calloway GP upon the liquidation, dissolution,

bankruptcy or winding-up of Calloway GP or other distribution of its assets among its shareholders for the purpose of winding-up its affairs. Such participation is subject to the rights, privileges, restrictions and conditions attaching to any instruments having priority over the common shares.

As at March 10, 2006, the directors of Calloway GP are Simon Nyilassy, the President, Chief Executive Officer and a Trustee of the Trust, and David Calnan, a Trustee of the Trust. Simon Nyilassy also serves as the President of Calloway GP while David M. Calnan serves as the Secretary of Calloway GP. See "Management of Calloway".

ADDITIONAL INFORMATION

Additional information relating to the Trust may be found on SEDAR at www.sedar.com.

Additional information, including trustees' and officers' remuneration and indebtedness, principal holders of the Trust's securities and securities authorized for issuance under equity compensation plans, where applicable, is contained in the Trust's Information Circular for its most recent meeting of Unitholders which involved the election of Trustees.

Additional financial information is provided in the Trust's consolidated financial statements and management discussion and analysis for its most recently completed financial year.

SCHEDULE A

CHARTER OF THE AUDIT COMMITTEE

I. The Board of Trustees' Mandate for the Audit Committee

1. **The Board of Trustees** (the "Board") bears responsibility for the stewardship of Calloway Real Estate Investment Trust (the "Trust"). To discharge that responsibility, the Board supervises the management of the business and affairs of the Trust. The Board's supervisory function involves Board oversight or monitoring of all significant aspects of the management of the Trust's business and affairs.

Financial reporting and disclosure by the Trust constitutes a significant aspect of the management of the Trust's business and affairs.

The objective of the Board's monitoring of the Trust's financial reporting and disclosure (the "Financial Reporting Objective") is to gain reasonable assurance of the following:

- a) that the Trust complies with all applicable laws, regulations, rules, policies and other requirements of governments, regulatory agencies and stock exchanges relating to financial reporting and disclosure;
- b) that the accounting principles, significant judgements and disclosures which underlie or are incorporated in the Trust's financial statements are the most appropriate in the prevailing circumstances;
- c) that the Trust's quarterly and annual financial statements are accurate and present fairly the Trust's financial position and performance in accordance with generally accepted accounting principles; and
- d) that appropriate information concerning the financial position and performance of the Trust is disseminated to the public in a timely manner.

The Board is of the view that the Financial Reporting Objective cannot be reliably met unless the following activities (the "Fundamental Activities") are conducted effectively:

- a) the Trust's accounting functions are performed in accordance with a system of internal financial controls designed to capture and record properly and accurately all of the Trust's financial transactions;
- b) the Trust's internal financial controls are regularly assessed for effectiveness and efficiency;
- c) the Trust's quarterly and annual financial statements are properly prepared by management;
- d) the Trust's quarterly and annual financial statements are reported on by an external auditor appointed by the unitholders of the Trust; and
- e) the financial components of the Trust's Disclosure Policy are complied with by management and the Board.

To assist the Board in its monitoring of the Trust's financial reporting and disclosure, the Board hereby acknowledges the existence of, a committee of the Board known as the Audit Committee (the "Committee"), as established in the Declaration of Trust (the "Declaration"). The Committee shall develop for the Board's approval a Charter which, amongst other things, will describe the activities in which the Committee will engage to operationalize the powers delegated to it in the Declaration, for the purpose of gaining reasonable assurance that the Fundamental Activities are being conducted effectively and that the Financial Reporting Objective is being met.

2. Composition of the Committee

- a) The Committee shall be appointed annually by the Board and consist of not less than three (3) members from among the Trustees of the Trust, each of whom shall be an independent trustee and free from any relationship that, in the opinion of the Board, would interfere with the exercise of his or her objective judgement as a member of the Committee. Officers of the Trust including the Chairman of the Board, may not serve as members of the Audit Committee.
- b) The Board shall designate the Chairman of the Committee.

3. Reliance on Experts

In contributing to the Committee's discharging of its duties under this mandate, each member of the Committee shall be entitled to rely in good faith upon:

- a) financial statements of the Trust represented to him or her, by an officer of the Trust or in a written report of the external auditors, to present fairly the financial position of the Trust in accordance with Canadian generally accepted accounting principles ("GAAP"); and
- b) any report of a lawyer, accountant, engineer, appraiser or other person whose profession lends credibility to a statement made by any such person.

4. Authority of the Committee

The Committee shall have the authority:

- a) to institute investigations of improprieties, or suspected improprieties, within the scope of its responsibilities,
- b) to inspect any and all books and records of the Trust and affiliated entities,
- c) to discuss with Trust personnel, any affected party and the external auditors, such accounts, records and other matters as any member of the Committee considers necessary and appropriate,
- d) to engage independent counsel and other advisors as it determines necessary to carry out its duties, and
- e) to access Trust resources including administrative support to assist in carrying out its duties.

5. Limitations on Committee's Duties

In contributing to the Committee's discharging of its duties under this mandate, each member of the Committee shall be obliged only to exercise the care, diligence and skill that a reasonably prudent person would exercise in comparable circumstances. Nothing in this mandate is intended, or may be construed, to impose on any member of the Committee a standard of care or diligence that is in any way more onerous or extensive than the standard to which all Board members are subject. The essence of the Committee's duties is monitoring and reviewing to gain reasonable assurance (but not to ensure) that the Fundamental Activities are being conducted effectively and that the Financial Reporting Objective is being met and to enable the Committee to report thereon to the Board.

II. Audit Committee Charter

The Audit Committee's Charter outlines how the Committee will satisfy the requirements set forth by the Board in its mandate. This Charter comprises:

- Operating Principles;

- Operating Procedures;
- Specific Responsibilities and Duties.

A. Operating Principles

The Committee shall fulfill its responsibilities within the context of the following principles:

- 1) Values**
The Committee expects the management of the Trust to operate in compliance with the Trust's Code of Business Conduct and Ethics and other policies; with laws and regulations governing the Trust; and to maintain strong financial reporting and control processes.
- 2) Communications**
The Chairman (and others on the Committee) expects to have direct, open and frank communications throughout the year with management, other Committee Chairmen, the external auditors and other key Committee advisors as applicable.
- 3) Financial Literacy**
All Audit Committee Members should be sufficiently versed in financial matters to understand the Trust's accounting practices and policies and the major judgements involved in preparing the financial statements.
- 4) Annual Audit Committee Work Plan**
The Committee, in consultation with management and the external auditors, shall develop an annual Audit Committee Work Plan responsive to the Committee's responsibilities as set out in this Charter. In addition, the Committee, in consultation with management and the external auditors, shall develop and participate in a process for review of important financial topics that have the potential to impact the Trust's financial disclosure.
- 5) Meeting Agendas**
Committee meeting agendas shall be the responsibility of the Chairman of the Committee in consultation with Committee members, senior management and the external auditors.
- 6) Committee Expectations and Information Needs**
The Committee shall communicate its expectations to management and the external auditors with respect to the nature, timing and extent of its information needs. The Committee expects that written materials will be received from management and the external auditors at least two days in advance of meeting dates.
- 7) External Resources**
To assist the Committee in discharging its responsibilities, the Committee may, in addition to the external auditors, at the expense of the Trust, retain one or more persons having special expertise.
- 8) In Camera Meetings**
At a minimum of once per year, the members of the Committee shall meet in private session with the external auditors; with management; and with the Committee members only.
- 9) Reporting to the Board**
The Committee, through its Chairman, shall report after each Committee meeting to the Board at the Board's next regular meeting.
- 10) Committee Self Assessment**
The Committee shall annually review, discuss and assess its own performance. In addition, the Committee shall periodically review its role and responsibilities.

11) The External Auditors

The Committee expects that, in discharging their responsibilities to the unitholders, the external auditors shall be accountable to the Board through the Audit Committee. The external auditors shall report all material issues or potentially material issues to the Committee.

B. Operating Procedures

- 1) The Committee shall meet at least four times annually, or more frequently as circumstances dictate. Meeting shall be held at the call of the Chairman, upon the request of any member of the Committee or at the request of the external auditors.
- 2) A quorum shall be a majority of the members. However, it shall be the practice of the Audit Committee to require review, and if necessary, approval of certain important matters by all members of the Audit Committee.
- 3) Unless the Committee otherwise specifies, the Secretary or Assistant Secretary of the Trust shall act as Secretary of all meetings of the Committee.
- 4) In the absence of the Chairman of the Committee, the members shall appoint an acting Chairman.
- 5) Questions arising at any meeting of the Committee shall be decided by a majority of the votes cast. In the case of an equality of votes, the Chairman of the meeting shall not have a second or casting vote in addition to his original vote, if any
- 6) Any member may participate in a meeting of the Committee by means of a conference telephone or other communication equipment by means of which all persons participating in the meeting can hear each other and a member so participating shall be considered to be present in person at that meeting.
- 7) A copy of the minutes of each meeting of the Committee shall be provided to each member of the Committee and to each director of the Trust in a timely fashion.
- 8) A written resolution of the Committee, signed by all of the members of the Committee, is valid as if it had been passed at a meeting of the Committee.

C. Specific Responsibilities and Duties

To fulfill its responsibilities and duties, the Committee shall:

Financial Reporting

- 1) review the Trust's annual and quarterly financial statements with management and the external auditors to gain reasonable assurance that the statements are accurate, complete, represent fairly the Trust's financial position and performance and are in accordance with GAAP and report thereon to the Board before such financial statements are approved by the Board;
- 2) review with management and the external auditors the financial statements of the Trust's significant subsidiaries;
- 3) receive from the external auditors reports on their review of the annual and quarterly financial statements;

- 4) receive from management a copy of the representation letter provided to the external auditors and receive from management any additional representations required by the Committee;
- 5) review and, if appropriate, recommend approval to the Board of news releases and reports to unitholders issued by the Trust with respect to the Trust's annual and quarterly financial statements;
- 6) be satisfied that adequate procedures are in place for the review of the Trust's public disclosure of financial information extracted or derived from the Trust's financial statements and must periodically assess the adequacy of those procedures;
- 7) review and if appropriate, recommend approval to the Board of prospectuses, business acquisition reports, material change disclosures of a financial nature, management discussion and analysis, annual information forms and similar disclosure documents to be issued by the Trust;
- 8) review any correspondence that the Trust may receive from securities regulators or government agencies relating to financial reporting matters;
- 9) review the financial statement certification process.

Accounting Policies

- 1) review with management and the external auditors the appropriateness of the Trust's accounting policies, disclosures, key estimates and judgements, including changes or variations thereto;
- 2) obtain reasonable assurance that they are in compliance with GAAP; and report thereon to the Board;
- 3) review with management and the external auditors the degree of conservatism of the Trust's underlying accounting policies and key estimates and judgements.

Risk and Uncertainty

- 1) acknowledging that it is the responsibility of the Board, in consultation with management, to identify the principal business risks facing the Trust, determine the Trust's tolerance for risk and approve risk management policies, the Committee shall focus on financial risk and gain reasonable assurance that financial risk is being effectively managed or controlled by:
 - a) reviewing with management the Trust's tolerance for financial risks;
 - b) reviewing with management its assessment of the significant financial risks facing the Trust;
 - c) reviewing with management the Trust's policies and any proposed changes thereto for managing those significant financial risks;
 - d) reviewing with management its plans, processes and programs to manage and control such risks;
- 2) ascertain that policies and procedures are in place to minimize environmental, occupational health and safety and other risks to asset value and mitigate damage to or deterioration of asset value and review such policies and procedures periodically;
- 3) review policies and compliance therewith that require significant actual or potential liabilities, contingent or otherwise, to be reported to the Board in a timely fashion;

- 4) review interest rate risk mitigation strategies, including the use of derivative financial instruments;
- 5) review the adequacy of insurance coverages maintained by the Trust;
- 6) review regularly with management, the external auditors and the Trust's legal counsel, any legal claim or other contingency, including tax assessments, that could have a material effect upon the financial position or operating results of the Trust and the manner in which these matters have been disclosed in the financial statements.

Financial Controls and Control Deviations

- 1) review with management and in consultation with the external auditors the appropriateness and effectiveness of the Trust's internal controls, policies and business practices which impact the financial integrity of the Trust, including those relating to accounting, information systems, financial reporting, management reporting, insurance and risk management;
- 2) review the plans of the external auditors in regards to the evaluation and testing of internal financial controls;
- 3) receive regular reports from management, the external auditors and its legal department on all significant deviations or indications/detection of fraud and the corrective activity undertaken in respect thereto;
- 4) periodically review with management the need for an internal audit function.

Compliance with Laws and Regulations

- 1) review regular reports from management and others (e.g. external auditors) with respect to the Trust's compliance with laws and regulations having a material impact on the financial statements including:
 - a) tax and financial reporting laws and regulations
 - b) legal withholding requirements
 - c) environmental protection laws and regulations
 - d) other laws and regulations which expose directors to liability;
- 2) review the status of the Trust's tax returns and those of its subsidiaries.

Relationship with External Auditors

- 1) recommend to the Board the nomination of the external auditors or the discharge of the external auditor when circumstances are warranted;
- 2) approve the remuneration and the terms of engagement of the external auditors as set forth in the Engagement Letter;
- 3) when there is to be a change of external auditors, review all issues and provide documentation related to the change, as specified by the relevant securities commissions in Canada and the planned steps for an orderly transition period;

- 4) review the performance of the external auditors annually or more frequently as required;
- 5) receive annually from the external auditors an acknowledgement in writing that the unitholders, as represented by the Board and the Committee, are their primary client;
- 6) pre-approve all non-audit services to be provided to the Trust or its subsidiary entities by its external auditors or the external auditors of the Trust's subsidiary entities. The Audit Committee may satisfy the pre-approval requirement if:
 - a) the aggregate amount of all the non-audit services that were not pre-approved constitutes no more than five per cent of the total amount of revenues paid by the Trust to its external auditors during the fiscal year in which the services are provided;
 - b) the services were not recognized by the Trust at the time of the engagement to be non-audit services; and
 - c) the services are promptly brought to the attention of the Committee and approved, prior to the completion of the audit, by the Committee or by one or more members of the Committee to whom authority to grant such approvals has been delegated by the Committee;
- 7) receive a report annually from the external auditors with respect to their independence, such report to include a disclosure of all engagements (and fees related thereto) for non-audit services provided to the Trust;
- 8) review with the external auditors the scope of the audit, the areas of special emphasis to be addressed in the audit and the materiality levels which the external auditors propose to employ;
- 9) meet at a minimum of once per year with the external auditors in the absence of management to determine, inter alia, that no management restrictions have been placed on the scope and extent of the audit examinations by the external auditors or the reporting of their findings to the Committee and that there was no disagreement with management on a significant accounting issue;
- 10) establish effective communication processes with management and the Trust's external auditors to assist the Committee to monitor objectively the quality and effectiveness of the relationship among the external auditors, management and the Committee.

Other Responsibilities

- 1) periodically review the form, content and level of detail of financial reports to the Board;
- 2) approve annually the reasonableness of the expenses of the Chairman of the Board and the Chief Executive Officer;
- 3) after consultation with the Chief Financial Officer and the external auditors, gain reasonable assurance, at least annually, of the quality and sufficiency of the Trust's accounting and financial personnel and other resources;
- 4) review in advance the appointment of the Trust's senior financial executives;
- 5) establish procedures for the receipt, retention and treatment of complaints and concerns of employees, unitholders and members of the public received by the Trust regarding accounting, internal accounting controls, or auditing matters;
- 6) investigate any matters that, in the Committee's discretion, fall within the Committee's duties;

- 7) review reports from the external auditors, and/or other Committee Chairmen on their review of compliance with the Trust's Code of Business Conduct and Ethics;
- 8) review and approve the Trust's hiring policies regarding partners, employees and former partners and employees of the present or former external auditor of the Trust;
- 9) enquire into and determine the appropriate resolution of any conflict of interest in respect of audit or financial matters, which are directed to the Committee;
- 10) review any significant transactions outside of the Trust's ordinary course of business;
- 11) perform such other functions as may from time to time be assigned to the Committee by the Board.

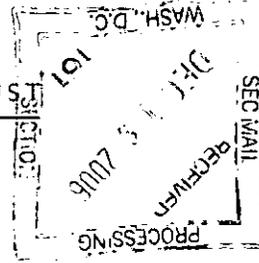

Accountability

- 1) review and update this Charter on a regular basis for approval by the Board;
- 2) review the description of the Committee's activities as set forth in the Declaration of Trust.

GLOSSARY

The following terms used in this annual information form have the meanings set out below. Unless the context otherwise requires, any reference in this annual information form to any agreement, instrument, indenture, declaration or other document shall mean such agreement, instrument, indenture or other document, as amended, supplemented and restated at any time and from time to time prior to the date hereof or in the future.

“Adjusted Unitholders’ Equity” means, at any time, the aggregates of the amount of Unitholders’ equity and the amount of accumulated depreciation and amortization recorded in the books and records of Calloway in respect of its properties, calculated in accordance with generally accepted accounting principles;

“Business Day” means a day which is not a Saturday, Sunday or legal holiday in the Province of Alberta;

“Calloway” or the **“Trust”** means Calloway Real Estate Investment Trust, an unincorporated closed-end trust established under the Declaration of Trust and governed by the laws of the Province of Alberta and, where the context requires, includes its subsidiaries;

“Co-ownership” means the Wal-Mart-FirstPro Co-ownership;

“Co-ownership Development Agreements” means the development agreements dated March 10, 2004 between Calloway and the Partnership II respecting future developments on the Co-ownership Properties;

“Co-ownership Properties” means collectively the 8 retail shopping centres acquired from the Co-ownership in March 2005;

“Co-ownership Undeveloped Lands” means the undeveloped lands on the Co-ownership Properties;

“CPI” means Calloway Properties Inc.;

“Debentures” means the convertible unsecured subordinated debentures of the Trust due June 30, 2014 bearing interest at an annual rate of 6% per annum payable semi-annually on June 30 and December 31 in each year commencing June 30, 2004;

“Declaration of Trust” means the declaration of trust dated December 4, 2001, as amended and restated as of October 24, 2002, October 31, 2003 and January 16, 2004;

“Distributable Income” means, for any period, the income of the Trust and its consolidated subsidiaries determined in accordance with Canadian generally accepted accounting principles, adjusted for: adding back decrease in rentals from income properties from step leases on a straight line basis over the remaining life of the lease, amortization of buildings, amortization of tenant improvements, amortization of in place lease values, amortization of differential between original and above market rents, amortization of customer relationship values, amortization of debenture liability accretion expense, losses on dispositions of assets, and amortization of any net discount on long-term debt assumed from vendors of properties at rates of interest less than fair value; and, deducting increase in rentals from income properties from step leases on a straight line basis over the remaining life of the lease, amortization of differential between original and below market rents, gains on dispositions of assets and amortization of any net premium on long-term debt assumed from vendors of properties at rates of interest greater than fair value. Distributable Income is not a recognized measure under GAAP. See “Non-GAAP Measures”;

“Distribution Date” means, with respect to a distribution by the Trust:

- (a) a Business Day determined by the Trustees for any calendar month other than December, on or about the 15th day of the following month; and
- (b) for the month of December, December 31;

"Distribution Record Date" means, until otherwise determined by the Trustees, the last Business Day of each month of each year, except for the month of December where the Distribution Record Date shall be December 31;

"Distribution Reinvestment Plan" means the distribution reinvestment plan adopted by the Trustees;

"FirstPro" means the FirstPro Shopping Centres group of companies and related and affiliated parties;

"FirstPro Development Agreements" means the development agreements dated October 31, 2003 between Calloway and FirstPro respecting future developments of the FirstPro Properties;

"FirstPro Management Agreements" means the management agreements dated October 31, 2003, February 16, 2004, May 14, 2004, November 30, 2004 and March 10, 2005 between Calloway and FirstPro pursuant to which FirstPro provides property management services for the FirstPro Properties, Partnership Properties I, Partnership Properties II, Partnership Properties III and Co-ownership Properties, respectively;

"FirstPro Properties" means nine shopping centres acquired from FirstPro in October 2003;

"FirstPro Undeveloped Lands" means undeveloped lands on the FirstPro Properties;

"GAAP" means Canadian generally accepted accounting principles;

"Gross Book Value" means, at any time, the book value of the assets of Calloway and its consolidated subsidiaries as shown on its then most recent consolidated balance sheet plus the amount of accumulated amortization of income properties shown thereon;

"Hopewell Management Agreements" means agreements between Calloway and HRESI dated November 4, 2002 whereby HRESI is responsible for the provision to Calloway of property management services for certain of the properties within the Property Portfolio;

"HRESI" means Hopewell Real Estate Services Inc.;

"Independent Trustee" means a Trustee who is "unrelated" (as defined in the Toronto Stock Exchange guidelines on corporate governance) to Calloway or any subsidiary thereof;

"Landmark" means Landmark Property Management;

"Non-Resident" means a person who is not a resident of Canada within the meaning of the Tax Act;

"Outside Trustee" means a Trustee that is not a member of management of Calloway or any of its subsidiaries;

"Partnership" means the Wal-Mart-FirstPro Realty Partnership;

"Partnership II" means the Wal-Mart-FirstPro Realty Partnership II;

"Partnership Development Agreements" means the development agreements between Calloway and the Partnership dated February 16, 2004, May 14, 2004 and November 30, 2004 for the Partnership Undeveloped Lands on each of the Partnership Properties I, Partnership Properties II and Partnership Properties III, respectively, and regarding future developments of such Partnership Properties;

"Partnership Properties" means the Partnership Properties I, Partnership Properties II and Partnership Properties III;

"Partnership Properties I" means collectively the 12 retail shopping centres acquired from the Partnership in February 2004;

“**Partnership Properties II**” means collectively the 12 retail shopping centres acquired from the Partnership in May 2004;

“**Partnership Properties III**” means collectively the 6 retail shopping centres acquired from the Partnership in November 2004;

“**Partnership Undeveloped Lands**” means undeveloped lands on the Partnership Properties;

“**Person**” means any individual, partnership, association, body corporate, trustee, executor, administrator, legal representative, government, regulatory authority or other entity;

“**Plans**” means trusts governed by registered retirement savings plans, registered retirement income funds, deferred profit sharing plans and registered education savings plans under the Tax Act;

“**Property Portfolio**” means, collectively, the retail and industrial rental properties owned by Calloway as at the date of this annual information form;

“**Tax Act**” means the Income Tax Act (Canada) and the regulations thereunder, as amended;

“**Transfer Agent**” means Computershare Trust Company of Canada at its principal offices in Calgary, Alberta, and Toronto, Ontario;

“**Trustees**” means the trustees from time to time of Calloway;

“**TSX**” means the Toronto Stock Exchange;

“**Unit**” means a trust unit of Calloway, each such unit representing an equal undivided beneficial interest therein;

“**Unit Option Plan**” means the incentive trust unit option plan adopted by the Trustees; and

“**Unitholders**” means the holders from time to time of Units.

In this annual information form, a person or company is considered to be an “**affiliate**” of another person or company if one is a subsidiary of the other, or if both are subsidiaries of the same person or company, or if each of them is controlled by the same person or company.

In this annual information form, the term “**associate**”, when used to indicate a relationship with a person or company, means:

- (a) an issuer of which the person or company beneficially owns or controls, directly or indirectly, voting securities entitling the person or company to more than 10% of the voting rights attached to outstanding securities of the issuer;
- (b) any partner of the person or company;
- (c) any trust or estate in which the person or company has a substantial beneficial interest or in respect of which a person or company serves as trustee or in a similar capacity;
- (d) in the case of a person, a relative of that person, including:
 - (i) the spouse or adult interdependent partner of that person; or
 - (ii) a relative of the person's spouse or adult interdependent partner if the relative has the same home as that person;

In this annual information form, a person or company is considered to be “**controlled**” by a person or company if:

- (a) in the case of a person or company:
 - (i) voting securities of the first-mentioned person or company carrying more than 50 percent of the votes for the election of directors or trustees are held, otherwise than by way of security only, by or for the benefit of the other person or company, and
 - (ii) the votes carried by the securities are entitled, if exercised, to elect a majority of the directors or trustees of the first-mentioned person or company;
- (b) in the case of a partnership that does not have directors, other than a limited partnership, the second-mentioned person or company holds more than 50 percent of the interests in the partnership; or
- (c) in the case of a limited partnership, the general partner is the second-mentioned person or company.

In this annual information form, a person or company is considered to be a “**subsidiary**” of another person or company if:

- (a) it is controlled by:
 - (i) that other, or
 - (ii) that other and one or more persons or companies each of which is controlled by that other, or
 - (iii) two or more persons or companies, each of which is controlled by that other; or
- (b) it is a subsidiary of a person or company that is the other’s subsidiary.

Unless the context otherwise requires, any reference in this annual information form to any agreement, instrument, indenture, declaration or other document shall mean such agreement, instrument, indenture or other document, as amended, supplemented and restated at any time and from time to time prior to the date hereof or in the future.

Words importing the singular number only include the plural and vice versa and words importing any gender include all genders.

All dollar amounts set forth in this annual information form are in Canadian dollars, except where otherwise indicated.

FORWARD LOOKING STATEMENTS

Certain statements in this annual information form are “forward looking statements” that reflect management’s expectations regarding Calloway’s future growth, results of operations, performance and business prospects and opportunities. All statements other than statements of historical fact contained in this annual information form are forward looking statements including, without limitation, statements regarding the timing and amount of distributions and the future financial position, business strategy, proposed acquisitions, plans and objectives of the Trust or its subsidiaries. Such forward looking statements reflect management’s current beliefs and are based on information currently available to management. Forward looking statements involve significant risks and uncertainties. A number of factors could cause actual results to differ materially from the results discussed in the forward looking statements including risks associated with real property ownership, availability of cash flow, restrictions on redemption, general uninsured losses, future property acquisitions, environmental matters, tax related matters, debt financing, Unitholder liability, potential conflicts of interest, potential dilution, and reliance on key personnel. Although the forward looking statements contained in this annual information form are based upon what management believes to be reasonable assumptions, Calloway cannot assure investors that actual results will be consistent with these forward looking statements. The forward looking statements contained herein are expressly qualified in their entirety by this cautionary statement. These forward looking statements are made as at the date of this

annual information form and Calloway assumes no obligation to update or revise them to reflect new events or circumstances.

NON-GAAP MEASURES

In this annual information form, there are references to "Distributable Income". See the definition of "Distributable Income" in the "Glossary".

Distributable Income is a measure sometimes used by Canadian income trusts as an indicator of financial performance. Management uses Distributable Income to analyze operating performance. As one of the factors that may be considered relevant by prospective investors is the cash distributed by Calloway relative to the price of the Units, management believes that Distributable Income of Calloway is a useful supplemental measure that may assist prospective investors in assessing an investment in Units.

Distributable Income is not a measure recognized by generally accepted accounting principles in Canada ("GAAP") and does not have a standardized meaning prescribed by GAAP. Therefore, Distributable Income may not be comparable to similar measures presented by other issuers. Distributable Income is not intended to represent operating profits for the period nor should it be viewed as an alternative to net income, cash flow from operating activities or other measures of financial performance calculated in accordance with GAAP.

DISTRIBUTABLE INCOME

A return on an investment in Units of Calloway is not comparable to the return on an investment in a fixed-income security. The recovery of an investment in Units is at risk, and any anticipated return on an investment in Units is based on many performance assumptions.

Although Calloway intends to make distributions of a significant percentage of its available cash to its Unitholders, these cash distributions are not assured and may be reduced or suspended. The ability of Calloway to make cash distributions and the actual amount distributed will be dependant upon, among other things, the financial performance of the properties in its Property Portfolio, its debt covenants and obligations, its working capital requirements and its future capital requirements. In addition, the market value of the Units may decline for a variety of reasons including if Calloway is unable to meet its cash distribution targets in the future, and that decline may be significant.

It is important for a person making an investment in Units of Calloway to consider the particular risk factors that may affect both Calloway and the real estate industry in which Calloway operates and which may therefore affect the stability of the cash distributions on the Units of Calloway. See the section of the annual information form entitled "Risk Factors" which describes Calloway's assessment of those risk factors, as well as the potential consequences to a Unitholder if a risk should occur.

The after-tax return from an investment in Units to Unitholders that is subject to Canadian income tax can be made up of both a "return on" and a "return of" capital. That composition may change over time, thus affecting a Unitholder's after-tax return. Returns on capital are generally taxed as ordinary income, capital gains or as dividends in the hands of a Unitholder. Returns of capital are generally tax-deferred (and reduce the Unitholder's cost base in the unit for tax purposes).

RATINGS ON SECURITIES

Dominion Bond Rating Service Limited ("DBRS") provides stability ratings for real estate investment trusts and income trusts. A stability rating generally provides an indication of both the stability and sustainability of the trust's distributions to unitholders. DBRS's rating categories range from highest stability and sustainability of distributions per unit (STA-1) to poor stability and sustainability of distributions per unit (STA-7). In a report dated May 20, 2004, DBRS provided Calloway with a stability rating of STA-3 (middle). This rating category reflects good stability and sustainability of distributions per unit.

DBRS also provides credit ratings of debt securities for commercial entities. A credit rating generally provides an indication of the risk that the borrower will not fulfill its full obligations in a timely manner with respect to both interest and principal commitments. DBRS's rating categories range from highest credit quality (generally AAA) to very highly speculative (generally C). In a report dated October 14, 2004, DBRS has provided Calloway with an entity credit rating of BB (high) relating to Calloway's senior unsecured debt taking into account prior ranking mortgages. A credit rating of BB is defined to be speculative and non investment grade, where the degree of protection afforded interest and principal is uncertain, particularly during periods of economic recession.

CALLOWAY REAL ESTATE INVESTMENT TRUST

Overview

Calloway Real Estate Investment Trust ("Calloway" or the "Trust") is an unincorporated closed-end real estate investment trust established by the Declaration of Trust and governed by the laws of the Province of Alberta. Calloway was created to invest in income-producing rental properties located in Canada. Calloway intends to invest primarily in large format, unenclosed retail centres which are geographically diversified. Although Calloway is a "mutual fund trust" as defined in the Tax Act, Calloway is not a "mutual fund" as defined in applicable securities legislation. The principal and head office of Calloway is located at 310, 855 – 8th Avenue S.W., Calgary, Alberta T2P 3P1.

During the fall of 2001, the board of directors of Calloway Properties Inc. ("CPI") decided to proceed with the reorganization of CPI into an income trust. On January 21, 2002, the shareholders of CPI approved of the arrangement agreement between CPI and Calloway and the Court of Queens Bench of Alberta issued its final order approving the arrangement agreement on January 22, 2002. The reorganization was completed with an effective date of February 13, 2002. Upon completion of the arrangement between CPI and Calloway, the former shareholders of CPI became holders of Units of Calloway and Calloway became the owner of CPI's commercial rental properties. Calloway continued to carry on the business previously carried on by CPI (other than its construction and land development business).

Acquisitions, Dispositions and Loans

Following completion of the arrangement described above, there were 6,072,692 Units issued and outstanding. On November 4, 2002, those Units were consolidated on an 11.229 for one basis so that there were 540,785 Units outstanding immediately prior to the issuance by Calloway of 5,080,000 Units for gross proceeds of \$50,800,000. The new Units were qualified for distribution by a prospectus dated October 24, 2002.

Prior to the closing of the prospectus offering of Units described in the preceding paragraph, Calloway owned four retail properties in Calgary, Alberta totalling 86,905 square feet. On closing of the public offering, Calloway acquired a portfolio of seven income properties located in Western Canada and the Province of Ontario for \$96,402,848. Calloway, through its wholly owned subsidiary, also advanced \$1,600,000 in mortgage financing for two development projects in Calgary. The balance of the acquisition cost of the income properties was financed by \$28,983,498 in mortgages assumed and \$21,974,647 of new mortgage financing. On December 31, 2002, the underwriters of that prospectus offering partially exercised their over-allotment option and a further 330,750 Units were issued for gross proceeds of \$3,307,500.

Effective November 15, 2002, Calloway acquired the 1558 Willson Place property in Winnipeg from an arm's length party for an aggregate purchase price, including transaction costs, of approximately \$4,769,307, payable as to approximately \$2.115 million in cash and an additional \$2.585 million from proceeds of a new mortgage on this property.

On March 31, 2003, Calloway acquired the Gesco Warehouse and the Ecco Building, each located in Calgary, from an arm's length party for \$4,629,845. The consideration paid consisted of assumption of mortgage financings of \$2,238,022, advances under the operating facility of \$2,175,353, and the remainder by available cash.

On April 30, 2003, Calloway acquired the 1300 Church Avenue property in Winnipeg from an arm's length party for \$1,139,240. The consideration paid consisted of advances under the operating facility of \$1,050,000 and the remainder by available cash.

Effective May 31, 2003, Calloway acquired the Namao Centre in Edmonton, Alberta from an arm's length party for \$6,177,295. The consideration paid consisted of assumption of mortgage financing of \$4,227,263, the issuance of 180,632 Units at \$10.05 per Unit, and the remainder by available cash.

On June 15, 2003, Calloway sold the Dover Village property in Calgary, Alberta to an arm's length party for \$3,380,000. The sale price was settled by the purchaser assuming a mortgage in the amount of \$1,929,207. Calloway providing a second mortgage in the amount of \$230,000, and the remainder in cash. The property had a carrying value of \$2,095,497 and a gain on sale of \$1,230,255 was recognized.

On September 30, 2003, Calloway sold the Richter Plaza property in Calgary, Alberta to an arm's length party for \$1,250,000. The sale price was settled by the purchaser assuming a mortgage in the amount of \$724,872 and the remainder in cash. The property had a carrying value of \$1,115,876 and a gain on sale of \$123,424 was recognized.

On October 16, 2003, Calloway issued 2,050,000 subscription receipts for gross proceeds of \$21,525,000, each subscription receipt being exchangeable for one Unit upon the completion of an acquisition of certain properties (the "FirstPro Properties") by Calloway from the FirstPro Shopping Centres group of companies and related and affiliated parties ("FirstPro"). Effective October 31, 2003, Calloway acquired nine properties (the "FirstPro Properties") from FirstPro for \$109,238,698 including acquisition costs and the subscription receipts were deemed to have been exchanged for an aggregate of 2,050,000 Units. The consideration paid consisted of assumption of mortgage financing of \$63,820,428, the issuance of 3,100,525 Units at \$10.00 per Unit to a nominee of FirstPro, assumption of other adjustment items of \$2,375,101, and the remainder in cash. FirstPro also received warrants to purchase an aggregate of up to 1,000,000 Units at a price of \$10.50 per Unit, such warrants being exercisable at any time on or before October 31, 2008. As at March 16, 2005, Mitchell Goldhar of Toronto, Ontario beneficially owns, directly and indirectly, approximately 16% of the outstanding Units of Calloway. FirstPro is controlled by Mitchell Goldhar.

Concurrently with the closing of the acquisition of the FirstPro Properties, Calloway entered into development agreements with FirstPro for the undeveloped lands on each of the FirstPro Properties (the "FirstPro Development Agreements"). Pursuant to the FirstPro Development Agreements, FirstPro has assumed responsibility for managing the development of the land on the FirstPro Properties and has been granted the right for a period of five years from the date of the acquisition to earn additional proceeds from Calloway on the completion and rental of additional space on these lands. The purchase price for the additional developments will be calculated by a formula using the net operating rents and predetermined capitalization rates. FirstPro has the right, at its option, to receive up to 40% of the proceeds for any new developments in Units of Calloway at purchase prices of \$10.00 and \$10.50 per unit (not to exceed 199,925 and approximately 1,800,000 Units respectively). Calloway will provide financing to FirstPro for the development costs of the additional developments. Calloway has provided a second mortgage on a specific property in the amount of \$10,000,000 as security for payment of the additional proceeds.

On February 16, 2004, Calloway issued 10,948,182 Units at \$13.75 per Unit for gross proceeds of \$150,537,502. An associate of Mitchell Goldhar, a significant unitholder of Calloway subscribed for 1,818,182 of these units. The Units were qualified for distribution by a prospectus dated January 27, 2004. Also on February 16, 2004, Calloway acquired 12 retail properties (the "Partnership Properties I") from the Wal-Mart FirstPro Realty Partnership (the "Partnership"). The purchase price of the properties was \$312,604,214 including costs of acquisition. The purchase price, net of adjustments, was satisfied via new debt financing on ten of the properties totalling \$191,650,000, by the vendors providing non-interest bearing mortgages on two of the properties totalling \$12,912,723, and by the payment of the balance in cash. Excess funds from the equity and debt issues, net of issuance costs, were used to repay variable rate debt obligations. The 12 centres included in the Partnership Properties I comprised approximately 2,402,329 square feet of leased area and included adjacent lands with the potential for future development of approximately 432,879 square feet of retail space, for a total potential area of 2,835,208 square feet. Upon closing of the transaction, Wal-Mart Canada Corp. ("Wal-Mart"), which leases space in all 12 of the centres, made up approximately 26% of Calloway's gross rental revenue. As stated earlier, as at March 16, 2005, Mitchell Goldhar of Toronto, Ontario beneficially owns, directly and indirectly, approximately 16% of the outstanding Units of Calloway. First Professional Realty Inc., one of the partners of the Partnership, is controlled by Mitchell Goldhar and is affiliated with FirstPro. First Professional Realty Inc. had a 40% interest in the Partnership while Wal-Mart Canada Realty Inc. had a 60% interest in the Partnership.

Concurrently with the closing of the acquisition of the Partnership Properties I, Calloway entered into development agreements with the Partnership for the undeveloped lands on each of the Partnership Properties I (the "Partnership Development Agreements I"). Pursuant to the Partnership Development Agreements I, the Partnership has assumed responsibility for managing the development of the land on the Partnership Properties I and has been granted the right for a period of five years from the date of the acquisition to earn additional proceeds from Calloway on the completion and rental of additional space on these lands. The purchase price for the additional developments will be calculated by a formula using the net operating rents and predetermined capitalization rates. The Partnership has the right, at its option, to receive up to 40% of the proceeds for any new developments in Units of Calloway at a purchase price of \$14.00 per unit (for an aggregate of approximately 1,860,000 Units). The Partnership will provide financing to Calloway for the development costs of the additional developments. Calloway has provided a first mortgage, assignment of rents and

leases, and a general security agreement on two properties acquired from the Partnership as security for the development loans.

On May 4, 2004, Calloway completed the acquisition of 50% and 49% undivided interests, respectively, in two retail properties pursuant to an assignment of purchase agreement between FirstPro and the previous owner. The purchase price of this interest was \$52,375,529 including costs of acquisition. Under the terms of the assignment, Calloway loaned an additional \$9,400,000 at 9% per annum to FirstPro to replace mezzanine loans payable by FirstPro to one of the vendors of the properties. The purchase price (net of adjustments) was satisfied via bridge financing totalling \$33,500,000, by the assumption of existing mortgages totalling \$29,105,655, and by an allocation to working capital of the balance. These properties comprise approximately 338,548 square feet of leased area.

On May 14, 2004, Calloway issued 6,700,000 Units at \$15.00 per Unit for gross proceeds of \$100,500,000 and issued convertible unsecured subordinated debentures for gross proceeds of \$55,000,000 (the "Debentures"). The Units and Debentures were qualified for distribution by a prospectus dated April 30, 2004. Also on May 14, 2004, Calloway completed the acquisition of an additional 12 retail properties (the "Partnership Properties II") from the Partnership. The purchase price of the Partnership Properties II was \$287,564,135 including costs of acquisition. The purchase price, net of adjustments, was satisfied via new debt financing on eight of the properties totalling \$140,315,000, by the vendors providing non-interest bearing mortgages on two of the properties totalling \$11,651,592 and an interest bearing mortgage on one of the properties for \$19,500,000, and by the payment of the balance in cash. Excess funds from the equity and debenture issues, net of issuance costs, were used to repay the bridge financing. The 12 additional centres included in the Partnership Properties II comprised approximately 2,391,000 square feet of leased area and included adjacent lands with the potential future development of approximately 281,000 square feet of retail space, for a total potential area of 2,672,000 square feet. Upon closing of the transaction Wal-Mart, which leases space in all 12 of the centres, made up approximately 31.2% of Calloway's gross rental revenue. As stated earlier, as of March 16, 2005, Mitchell Goldhar of Toronto, Ontario beneficially owns, directly and indirectly, approximately 16% of the outstanding Units of Calloway. First Professional Realty Inc., one of the partners of the Partnership, is controlled by Mitchell Goldhar and is affiliated with FirstPro. First Professional Realty Inc. had a 40% interest in the Partnership while Wal-Mart Canada Realty Inc. had a 60% interest in the Partnership.

Concurrently with the closing of the acquisition of the Partnership Properties II, Calloway entered into development agreements with the Partnership for the undeveloped lands on each of the Partnership Properties II (the "Partnership Development Agreements II"). Pursuant to the Partnership Development Agreements II, the Partnership has assumed responsibility for managing the development of the land on the Partnership Properties II and has been granted the right for a period of five years from the date of the acquisition to earn additional proceeds from Calloway on the completion and rental of additional space on these lands. The purchase price for the additional developments will be calculated by a formula using the net operating rents and predetermined capitalization rates. The Partnership has the right, at its option, to receive up to 40% of the proceeds for any new developments in Units of Calloway at a purchase price of \$15.25 per unit (for an aggregate of approximately 1,150,000 Units). The Partnership will provide financing to Calloway for the development costs of the additional developments. Calloway has provided first mortgages, assignments of rents and leases, and general security agreements on two properties acquired from the Partnership as security for the development loans.

On October 13, 2004, Calloway entered into agreements to purchase interests in 14 additional retail properties from the Partnership and from the Wal-Mart-FirstPro Realty Co-ownership (the "Co-ownership"). On November 18, 2004, Calloway issued by private placement 2,320,000 units at \$17.25 per Unit for total proceeds of \$40,020,000. On November 30, 2004, Calloway completed the acquisition from the Partnership of 6 of the 14 properties (the "Partnership Properties III"). The purchase price of the Partnership Properties III was \$71,521,036 including costs of acquisition. The purchase price, net of adjustments, was satisfied via new debt financing totalling \$36,100,000, by the vendors providing a non-interest bearing mortgage totalling \$5,738,276, and by the payment of the balance in cash. The 6 centres included in the Partnership Properties III comprised approximately 516,000 square feet of leased area and included adjacent lands with the potential future development of approximately 206,000 square feet of retail space, for a total potential area of 722,000 square feet. Upon closing of the transaction Wal-Mart, which leases space in 3 of the 6 centres, made up approximately 32.2% of Calloway's gross rental revenue. As stated earlier, as at March 16, 2005, Mitchell Goldhar of Toronto, Ontario beneficially owns, directly and indirectly, approximately 16% of the outstanding Units of Calloway. First Professional Realty Inc., one of the partners of the Partnership, is controlled by Mitchell Goldhar and is

affiliated with FirstPro. First Professional Realty Inc. had a 40% interest in the Partnership while Wal-Mart Canada Realty Inc. had a 60% interest in the Partnership. A "Form 51-102F4 – Business Acquisition Report" has been filed under National Instrument 51-102 with respect to this acquisition and is incorporated by reference herein. A copy of that report can be found on SEDAR at www.sedar.com.

Concurrently with the closing of the acquisition of the Partnership Properties III, Calloway entered into development agreements with the Partnership for the undeveloped lands on each of the Partnership Properties III (the "Partnership Development Agreements III"). Pursuant to the Partnership Development Agreements, the Partnership has assumed responsibility for managing the development of the land on the Partnership Properties III and has been granted the right for a period of five years from the date of the acquisition to earn additional proceeds from Calloway on the completion and rental of additional space on these lands. The purchase price for the additional developments will be calculated by a formula using the net operating rents and predetermined capitalization rates. The Partnership has the right, at its option, to receive up to 40% of the proceeds for any new developments in Units of Calloway at a purchase price of \$17.80 per unit (for an aggregate of approximately 345,000 Units). The Partnership will provide financing to Calloway for the development costs of the additional developments. Calloway has provided first mortgages, assignments of rents and leases, and general security agreements on two properties acquired from the Partnership as security for the development loans.

During 2004, Calloway completed the purchase of an additional 147,381 square feet of developed space from FirstPro and the Partnership for \$25,334,123 (including land value of \$5,798,741) under the terms of the FirstPro Development Agreements and the Partnership Development Agreements. The consideration paid consisted of: the issuance to FirstPro of 139,311 Units at a price of \$10.00 per Unit, 30,773 Units at a price of \$10.50 per Unit, 210,574 Units at a price of \$14.00 per Unit and 335,959 Units at a price of \$15.25 per Unit; assumption of development loans and accounts payable; and the balance in cash. In addition, Calloway repaid acquisition and development loans provided by the Partnership.

On January 10, 2005, Calloway sold both its Holland Cross property, a 272,550 square foot office property in Ottawa, and its Century Park Place property, a 75,675 square foot office property in Calgary, to two separate vendors for aggregate proceeds of \$69,250,000. These dispositions were undertaken by Calloway to continue its focus on retail properties.

On January 20, 2005, Calloway completed the acquisition of a 42,431 square foot retail property in Montreal, Quebec. The purchase price of the property was \$9,397,870 including costs of acquisition. The purchase price was paid in cash.

On February, 11 2005, Calloway acquired a 74,701 square foot retail property in Sarnia, Ontario. The purchase price of the property was approximately \$13,350,000 including costs of acquisition. The purchase price was satisfied by assumption of existing mortgage of \$7,978,889 and by payment of the balance in cash.

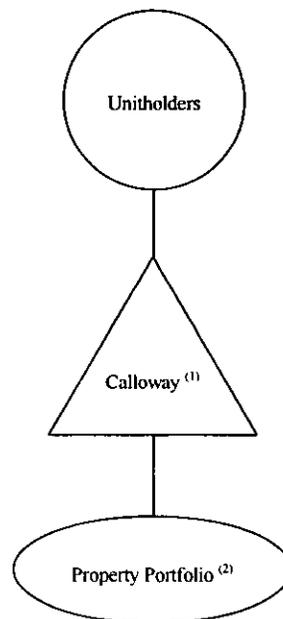

On March 10, 2005, Calloway completed the acquisition from the Co-ownership of the remaining eight properties it agreed to purchase on October 13, 2004 (the "Co-ownership Properties"). The purchase price of the Co-ownership Properties was approximately \$230,000,000 including costs of acquisition. The purchase price, net of adjustments, was satisfied via new debt financing totalling \$155,210,000, by the vendors providing a non-interest bearing mortgage totalling \$5,996,523, and by the payment of the balance in cash. The 8 additional centres included in the Co-ownership Properties comprised approximately 1,498,046 square feet of leased area and included adjacent lands with the potential future development of approximately 177,682 square feet of retail space, for a total potential area of 1,675,728 square feet. Upon closing of the transaction Wal-Mart, which leases space in all 8 of the centres, made up approximately 34.2% of Calloway's gross rental revenue. As stated earlier, Mitchell Goldhar of Toronto, Ontario beneficially owns, directly and indirectly, approximately 16% of the outstanding Units of Calloway. First Professional Realty Inc., one of the co-owners of the Co-ownership, is controlled by Mitchell Goldhar and is affiliated with FirstPro. First Professional Realty Inc. had a 40% interest in the Co-ownership Properties while Wal-Mart Canada Realty Inc. had a 60% interest in the Co-ownership Properties. A "Form 51-102F4 – Business Acquisition Report" will be filed on SEDAR at www.sedar.com under National Instrument 51-102 with respect to this acquisition within the time period prescribed by that instrument.

Concurrently with the closing of the acquisition of the Co-ownership Properties, Calloway entered into development agreements with the Wal-Mart-FirstPro Realty Partnership II (the "Partnership II") for the undeveloped lands on each of the Co-ownership Properties (the "Co-ownership Development Agreements"). Pursuant to the Co-ownership

Development Agreements, the Partnership II has assumed responsibility for managing the development of the land on the Co-ownership Properties and has been granted the right for a period of five years from the date of the acquisition to earn additional proceeds from Calloway on the completion and rental of additional space on these lands. The purchase price for the additional developments will be calculated by a formula using the net operating rents and predetermined capitalization rates. The Partnership II has the right, at its option, to receive up to 40% of the proceeds for any new developments in Units of Calloway at a purchase price of \$19.60 per unit (for an aggregate of approximately 225,000 Units). The Partnership II will provide financing to Calloway for the development costs of the additional developments. Calloway has provided a first mortgage, assignment of rents and leases, and a general security agreement on one property acquired from the Co-ownership as security for the development loans.

Structure of Calloway

The following diagram illustrates the organizational structure of Calloway:

Notes:

- (1) Calloway is an unincorporated closed-end real estate investment trust governed by the laws of the Province of Alberta.
- (2) Legal title to the assets in the Property Portfolio are held by a variety of nominee companies, all of which are 100% owned by Calloway. These nominees do not conduct any business other than the holding of legal title to the assets for the benefit of Calloway.

Objectives and Strategy of Calloway

The objectives of Calloway are: (i) to provide Unitholders with stable and growing cash distributions, payable monthly and, to the maximum extent possible, tax deferred, through the acquisition of well-located, high quality retail centres located in Canada; (ii) to expand the asset base of Calloway and increase its Distributable Income through on-going active management of Calloway's assets and the acquisition of additional high quality, well-located retail centres or interests therein; and (iii) to enhance the value of Calloway's assets and maximize long-term Unit value through efficient management and proactive leasing.

Calloway intends to invest primarily in large format, unenclosed retail properties with strong tenant covenants, stable yields, low vacancy levels and growth potential and build a portfolio of high quality retail centres which is geographically

diversified. Calloway believes it will be able to implement an investment strategy of acquiring additional properties with these characteristics to provide additional cash flow and further enhance the long-term portfolio value. Through the acquisition of the Property Portfolio and through Calloway's continuing relationship with FirstPro and other developers, Calloway believes it has a solid foundation to implement this strategy.

Calloway's management has, in the aggregate, over 40 years of experience in the commercial real estate market, including real estate acquisitions, dispositions, financing and administration, property management, construction and renovation, and marketing. Management's goal will be to maximize cash flow and Unit value, while minimizing Unitholder risk. Management will undertake regular reviews of the Property Portfolio and, based on experience and market knowledge, will assess ongoing opportunities for the Property Portfolio. Where appropriate capital improvement projects, renovations and remarketing initiatives will be implemented.

Management is committed to maximizing income from Calloway's properties through sophisticated and prudent financial management. Management intends to optimize the leveraged returns from the Property Portfolio, while remaining within the overall debt limits set by the Declaration of Trust. Whenever possible, Calloway intends to utilize fixed rate debt financing with terms that are appropriate for the nature of the leases and the properties being financed. Management intends to stagger debt maturities to reduce refinancing risk and to provide a source of additional capital when refinanced, and make use of operating lines or acquisition facilities to generate interim capital.

Calloway plans to achieve its objectives by employing the following internal and external growth strategies:

Growth Through Acquisitions

Calloway intends to expand its asset base and increase Distributable Income by pursuing an external growth strategy. Calloway intends to actively seek accretive acquisitions in its existing and adjacent markets and in new Canadian markets that present opportunities for favourable returns.

Calloway believes it has certain competitive advantages that enhance its ability to identify and capitalize on acquisition opportunities. These advantages include: (i) management's extensive understanding of commercial real estate; (ii) Calloway's strategic relationships with FirstPro and other developers; and (iii) Calloway's access to capital.

Throughout the acquisition process, Calloway intends to identify potential property acquisitions using an investment criteria that focuses primarily on return on equity, security of cash flow, potential for capital appreciation and the potential to increase value by more efficient management of the assets being acquired, including accessing capital for expansion and development of those assets, which access might not otherwise be available to competitors and other property owners.

Calloway intends to focus on investing in additional large format unenclosed retail property interests in Canada to produce a geographically diversified portfolio with strong cash flows which, when coupled with experienced management, will provide future growth opportunities for Unitholders.

Calloway believes it will be able to implement an effective investment strategy by acquiring additional properties from several sources, including the following:

- (i) commercial properties made available generally in the property market;
- (ii) commercial properties made available through its relationships with FirstPro and other developers; and
- (iii) institutional and other owners of commercial real estate.

Growth Through Development

Management of Calloway believes that an important part of Calloway's growth will be achieved through the acquisition of newly developed, renovated or expanded commercial rental properties in Canada. Accordingly, Calloway has established an ongoing relationship with FirstPro and other developers. See "Access to Development Projects".

Growth Through Asset Management

Calloway believes that opportunities exist to increase cash flow of the Property Portfolio through value-added asset management and leasing activity. Calloway develops a leasing strategy for each property that reflects the nature of the property, its position within the marketplace, as well as prevailing and forecast economic conditions. To assist in implementing this strategy, Calloway utilizes and coordinates with the brokerage leasing community and retains appropriate agents on a best-in-class basis for each of the assets. Management expects that this strategy will maximize expansion and renewal opportunities and will involve aggressive, proactive leasing programs.

Calloway recognizes that renewal of existing tenant leases, as opposed to tenant replacement, often provides the best operating results as renewals minimize transaction costs associated with marketing, leasing and tenant improvements and avoids costs of renovation and interruptions in rental income resulting from periods of vacancy. Where existing tenants choose not to renew their lease, Calloway's proactive leasing function is designed to quickly identify replacement tenants at the best available market terms and lowest possible transaction costs.

ACCESS TO DEVELOPMENT PROJECTS

Calloway's relationship with FirstPro and other developers will assist Calloway in avoiding the hurdles associated with property development, including locating and buying attractive development sites, securing construction financing, obtaining development approvals, marketing and leasing a building in advance of and during construction and earning no return during the construction period.

Relationship with FirstPro

Calloway has access to additional retail developments to be undertaken by FirstPro on the FirstPro Undeveloped Lands. FirstPro has been granted the right until October 31, 2008 subject to FirstPro's option to extend for a further five year term (the "FirstPro Earn-Out Period") to earn additional proceeds (the "FirstPro Earn-Out Proceeds") from Calloway on the completion and rental of additional buildings (the "FirstPro Earn-Out Event") on the FirstPro Undeveloped Lands. Upon the occurrence of a FirstPro Earn-Out Event, Calloway has agreed to pay the FirstPro Earn-Out Proceeds to FirstPro. The formula used to calculate the FirstPro Earn-Out Proceeds for any new development uses net rents from the new development less proposed management costs divided by a capitalization rate which in all cases exceeds the capitalization rate used to derive the portion of the purchase price allocated to the associated FirstPro Centre, with the result that in each instance the acquisition of a new development should be accretive to Calloway. FirstPro has been provided the right, at their option, to receive up to 40% of the FirstPro Earn-Out Proceeds, in Units at a purchase price of \$10.00 and \$10.50 per Unit (not to exceed 199,475 Units and approximately 1,800,000 Units respectively).

Based on current projected rents and on potential buildable square feet on the FirstPro Undeveloped Lands, the FirstPro Earn-Out Proceeds could equal approximately \$48.5 million and result in the issuance of up to 1,847,619 additional Units to FirstPro. Calloway expects that it will raise approximately 60% of any FirstPro Earn-Out Proceeds by issuing mortgages secured against the property it acquires or by way of advances under operating line facilities. In the event that FirstPro does not elect to take any portion of the FirstPro Earn-Out Proceeds in Units, Calloway intends to raise such portion of the FirstPro Earn-Out Proceeds by the issuance of Units pursuant to one or more private placements which will be priced at the then current ten day weighted average trading price for Calloway Units, subject to at most a 15% discount. The pricing for such private placement will be subject to the approval of the Toronto Stock Exchange.

For the FirstPro Earn-Out Period, FirstPro has entered into the FirstPro Development Agreements with Calloway with respect to the foregoing, including terms regarding the development of the FirstPro Undeveloped Lands from Calloway on customary terms and conditions, and including the following:

- (a) in consideration of a lease by FirstPro from Calloway of the Undeveloped Lands, FirstPro will pay Calloway an amount equal to 9% per annum, payable monthly, of the aggregate FirstPro Undeveloped Lands value (as agreed between the parties in the initial purchase agreement), as reduced from time to time upon the occurrence of FirstPro Earn-Out Events (the "FirstPro Development Fee");

- (b) Calloway has the option to cause FirstPro to repurchase any FirstPro Undeveloped Lands (or portion thereof) at the FirstPro Undeveloped Lands value (or portion thereof), to the extent that such FirstPro Undeveloped Lands (or portion thereof) have not been the subject of a FirstPro Earn-Out Event as at the end of the FirstPro Earn-Out Period; and
- (c) the obligation of FirstPro to pay the FirstPro Development Fee and to repurchase any remaining FirstPro Undeveloped Lands at the end of the FirstPro Earn-Out Period is secured by Units of Calloway owned by FirstPro and having a value equivalent to the remaining FirstPro Undeveloped Land value from time to time.

In addition to the acquisition of retail developments on the FirstPro Undeveloped Lands as these projects are completed by FirstPro, Calloway hopes to have the opportunity to acquire additional new format retail developments from FirstPro. FirstPro's equity and board positions in Calloway may provide Calloway with an enhanced opportunity to access FirstPro divestures if and when they arise.

Relationship with the Partnership and the Partnership II

Calloway has access to additional retail developments to be undertaken by the Partnership on the Partnership Undeveloped Lands and by the Partnership II on the Co-ownership Undeveloped Lands. The Partnership has been granted the right until February 16, 2009 with respect to the Partnership Properties I, May 14, 2009, with respect to the Partnership Properties II and November 30, 2009, with respect to the Partnership Properties III, and the Partnership II has been granted the right until March 10, 2010 with respect to the Co-ownership Properties, subject to their option to extend for a further five year term (each such period referred to as an "Earn-Out Period") to earn additional proceeds (the "Earn-Out Proceeds") from Calloway on the completion and rental of additional buildings (the "Earn-Out Event") on the Partnership Undeveloped Lands and Co-ownership Undeveloped Lands, respectively. Upon the occurrence of an Earn-Out Event, Calloway has agreed to pay the Earn-Out Proceeds to the Partnership and the Partnership II, as applicable. The formula used to calculate the Earn-Out Proceeds for any new development uses net rents from the new development less proposed management costs divided by a capitalization rate which in all cases exceeds the capitalization rate used to derive the portion of the purchase price allocated to the associated property, with the result that in each instance the acquisition of a new development should be accretive to Calloway. The Partnership and the Partnership II, as applicable, have been provided the right, at their option, to receive up to 40% of the Earn-Out Proceeds, in Units at a purchase price of \$14.00 per Unit for Partnership Undeveloped lands on the Partnership Properties I, \$15.25 per Unit for Partnership Undeveloped Lands on the Partnership Properties II, \$17.80 per Unit for Partnership Undeveloped lands on the Partnership Properties III and \$19.60 per Unit for Co-ownership Undeveloped Lands on the Co-ownership Properties.

Based on current projected rents and on potential buildable square feet on the Partnership Undeveloped Lands and the Co-ownership Undeveloped Lands, the Earn-Out Proceeds could equal approximately \$150 million and result in the issuance of approximately 3.5 million additional Units to the Partnership and the Partnership II. Calloway expects that it will raise approximately 60% of any Earn-Out Proceeds by issuing mortgages secured against the property it acquires. In the event that the Partnership or the Partnership II does not elect to take any portion of the Earn-Out Proceeds in Units, Calloway intends to raise such portion of the Earn-Out Proceeds by the issuance of Units pursuant to one or more private placements which will be priced at the then current ten day weighted average trading price for Calloway Units, subject to at most a 15% discount. The pricing for such private placement will be subject to the approval of the Toronto Stock Exchange.

For the Earn-Out Period, the Partnership and the Partnership II have entered into agreements with Calloway with respect to the foregoing, including terms regarding the development of the Partnership Undeveloped Lands and the Co-ownership Undeveloped Lands from Calloway on customary terms and conditions.

In addition to the acquisition of retail developments on the Partnership Undeveloped Lands and the Co-ownership Undeveloped Lands as these projects are completed by the Partnership and the Partnership II, Calloway hopes to have the opportunity to acquire additional new format retail developments from the Partnership and the Partnership II.

ASSETS OF CALLOWAY

A description of each of the properties in the Property Portfolio is set out below:

British Columbia

Airtech Centre, 6020 Russ Baker Way, Vancouver, British Columbia

This property is an office/warehouse building located near Vancouver International Airport. Calloway has acquired a crown lease for this property which expires on December 31, 2011 and contains a 10 year renewal option. The property is leased to several prominent tenants and consists of 104,668 square feet of rentable space with an additional 2.2 acres of development land.

<u>Major Tenants/ Anchors</u>	<u>Net Rentable Area</u> (square feet)	<u>% of Net Rentable Area</u>	<u>% of Gross Rental Revenue</u>
MTU Maintenance (KKR)	50,193	48.0%	41.9%
William R. Rutherford	10,823	10.3%	14.1%

Courtenay Wal-Mart Centre, 3199 Cliffe Avenue, Courtenay, British Columbia

Courtenay Wal-Mart Centre is located on 23.47 acres at the northwest corner of Anfield Road and Cliffe Avenue in Courtenay, British Columbia. A 106,642 square foot Wal-Mart anchors the centre. The centre also includes national tenants Future Shop, Staples/ Business Depot, Winners, Mark's Work Wearhouse, Payless Shoes, and Reitmans. A further 10,000 square feet of future development potential remains on undeveloped lands. The site can accommodate a 30,000 square foot expansion of the Wal-Mart store.

<u>Major Tenants/ Anchors</u>	<u>Net Rentable Area</u> (square feet)	<u>% of Net Rentable Area</u>	<u>% of Gross Rental Revenue</u>
Wal-Mart	106,642	45.82%	40.74%
Staples/Business Depot	22,956	9.86%	9.73%
Future Shop	20,063	8.62%	10.71%

Cranbrook Wal-Mart Centre, 2100 Willowbrook Drive, Cranbrook, British Columbia

Cranbrook Wal-Mart Centre is located on 15.85 acres at the southeast quadrant of 22nd Street North and Theatre Road in Cranbrook, British Columbia. The centre is anchored by a 107,158 square foot Wal-Mart. Real Canadian Superstore (Loblaws) operates a 142,877 square foot store on property not owned by Calloway. Home Hardware also operates a 42,679 square foot store on property adjacent to the centre but not owned by Calloway. The centre also includes national tenants Tim Hortons, Penningtons, and Payless Shoesource. An additional 26,500 square feet of future development potential remains on undeveloped lands. The site can accommodate a 40,000 square foot expansion of the Wal-Mart store.

<u>Major Tenants/ Anchors</u>	<u>Net Rentable Area</u> (square feet)	<u>% of Net Rentable Area</u>	<u>% of Gross Rental Revenue</u>
Wal-Mart	107,158	91.46%	81.31%
Real Canadian Superstore (Loblaws)	142,877	-	-
Home Hardware	42,679	-	-

Kamloops Wal-Mart Centre, 1055 Hillside Drive, Kamloops, British Columbia

Kamloops Wal-Mart Centre is located on 20.54 acres at the southeast corner of McGill Road and Notre Dame Drive in Kamloops, British Columbia. A 128,609 square foot Wal-Mart anchors the Centre. The balance of the completed centre of 88,643 square feet includes national tenants Michaels, Pier 1, Reitmans, Sleep Country and Montana's.

<u>Major Tenants/ Anchors</u>	<u>Net Rentable Area</u> (square feet)	<u>% of Net Rentable Area</u>	<u>% of Gross Rental Revenue</u>
Wal-Mart	128,609	59.20%	48.19%
Save on Foods	42,161	-	-
Michaels	20,655	9.51%	10.57%

Langley Wal-Mart Centre, 20202 66th Avenue, Langley, British Columbia

Langley Wal-Mart Centre is located on 27.81 acres at the southwest corner of 66th Avenue and 203rd Street in Langley, British Columbia. The centre is anchored by a 129,311 square foot Wal-Mart, a 40,145 square foot Home Outfitters, a 37,595 square foot London Drugs and a 30,535 square foot Best Buy. Home Depot also operates a 130,000 square foot store and Save on Foods operates a 42,161 square foot store (on 3.89 acres) on property adjacent to the centre but not owned by Calloway. Other national tenants include Moores, Everything for a Dollar, Payless Shoesource, Wendy's, Reitmans and Subway. The centre has 18,300 square feet of future development potential remaining on undeveloped lands. The site can accommodate a 30,000 square foot expansion of the Wal-Mart store.

OVERVIEW OF PROPERTY PORTFOLIO

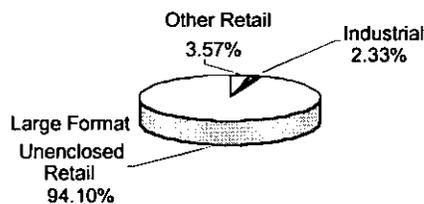

General

As of March 16, 2005, the Property Portfolio consists of 63 properties located in all of the provinces of Canada including six (6) properties located in British Columbia, eleven (11) properties located in Alberta, two (2) properties located in Saskatchewan, six (6) properties located in Manitoba, twenty-two (22) properties located in Ontario, eight (8) properties located in Quebec, one (1) property located in New Brunswick, three (3) properties located in Nova Scotia, one (1) property located in Prince Edward Island, and three (3) properties located in Newfoundland and Labrador.

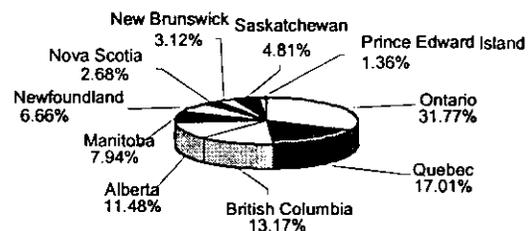

In January 2005, Calloway sold its two office properties. As such, the Property Portfolio is now divided into only two segments of the real estate market: (i) retail properties and (ii) industrial properties. As at March 16, 2005, approximately 97.7% of rental revenue was derived from retail properties containing an aggregate of 8,297,083 square feet and approximately 2.3% of rental revenue was derived from industrial properties containing an aggregate of 484,493 square feet. The occupancy rate for the Property Portfolio as at March 16, 2005 was 97.44%.

Information in the charts below is given as of March 16, 2005.

Gross Rental Revenue Breakdown by Property Type

Gross Revenue Breakdown by Province

The majority of the properties have been completed within the past 6 years. Each of the properties has been professionally managed and well maintained. The properties enjoy the benefits of strong locations and professional management and leasing practices, resulting in low vacancy, stable income and controlled expenses.

The following table summarizes the Property Portfolio as a whole as at March 16, 2005.

	<u>Total</u>
Number of Properties.....	63
Gross Leasable Area (square feet) (excluding Undeveloped Lands).....	8,797,478
Occupancy	97.44%
Average Net Rent in Place.....	\$11.45

Retail Properties

Note:

- (1) An income property was acquired under the terms of a 35 year lease. A single payment of \$39.0 million was made on October 31, 2003 and a payment of \$10.0 million is due at the end of the lease to exercise a purchase option. The net present value of the purchase option payment is \$459,906, at an inherent interest rate of 9.18%, as at February 28, 2005.

DECLARATION OF TRUST AND DESCRIPTION OF UNITS**General**

Calloway Real Estate Investment Trust ("Calloway" or the "Trust") is an unincorporated closed-end real estate investment trust established by the Declaration of Trust and governed by the laws of the Province of Alberta. Calloway was created to invest in income-producing rental properties located in Canada. Calloway intends to invest primarily in large format, unenclosed retail centres which are geographically diversified. Although Calloway is a "mutual fund trust" as defined in the Tax Act, Calloway is not a "mutual fund" as defined in applicable securities legislation. The principal and head office of Calloway is located at 310, 855 – 8th Avenue S.W., Calgary, Alberta T2P 3P1.

Trust Units

Calloway's authorized capital consists of an unlimited number of Units. As of March 16, 2005 there were 36,615,881 Units issued and outstanding.

An unlimited number of Units may be created and issued pursuant to the Declaration of Trust. The Declaration of Trust provides that Units or rights to acquire Units may be issued at times, to the persons, for the consideration and on the terms

and conditions that the Trustees determine. Each Unit represents an equal fractional undivided beneficial interest in any distributions from, and in any net assets of, Calloway in the event of termination or winding-up of Calloway. All Units are of the same class with equal rights and privileges. Each Unit is transferable, entitles the holder thereof to participate equally in distributions, including the distributions of net income and net realized capital gains of Calloway and distributions on liquidation, is fully paid and non-assessable and entitles the holder thereof to one vote at all meetings of Unitholders for each Unit held.

The Units do not represent a traditional investment and should not be viewed by investors as "shares" in Calloway. As holders of Units in Calloway, the Unitholders do not have the statutory rights normally associated with ownership of shares of a corporation including, for example, the right to bring "oppression" or "derivative" actions. The price per Unit is a function of anticipated Distributable Income from Calloway and the combined ability of the Trustees to affect long-term growth in the value of Calloway. The market price of the Units will be sensitive to a variety of market conditions including, but not limited to, interest rates, rental rates in the markets in which Calloway holds property, and the ability of Calloway to acquire additional assets. Changes in market conditions may adversely affect the trading price of the Units.

The Units are not "deposits" within the meaning of the Canada Deposit Insurance Corporation Act (Canada) and are not insured under the provisions of that act or any other legislation. Furthermore, Calloway is not a trust company and, accordingly, is not registered under any trust and loan company legislation as it does not carry on or intend to carry on the business of a trust company.

Trust Unitholder Limited Liability

On July 1, 2004, the *Income Trusts Liability Act* (Alberta) came into force. This act creates a statutory limitation on the liability of unitholders of Alberta income trusts such as Calloway. The legislation provides that a Unitholder will not be, as a beneficiary, liable for any act, default, obligation or liability of the Trustees that arises after the legislation comes into effect.

Further, the Declaration of Trust provides that no Unitholder will be subject to any liability in connection with Calloway or its obligations and affairs and, in the event that a court determines Unitholders are subject to any such liabilities, the liabilities will be enforceable only against, and will be satisfied only out of, the Unitholder's share of Calloway's assets. Pursuant to the Declaration of Trust, Calloway will reimburse each Unitholder from any cost, damages, liabilities, expenses, charges and losses suffered by a Unitholder resulting from or arising out of any payment of a Calloway obligation by a Unitholder.

Further, the Declaration of Trust provides that written instruments signed by or on behalf of Calloway shall, if practicable, contain a provision to the effect that such obligation will not be binding upon Unitholders personally. Notwithstanding the terms of the Declaration of Trust, Unitholders may not be protected from liabilities of Calloway to the same extent as a shareholder is protected from the liabilities of a corporation. Personal liability may also arise in respect of claims against Calloway (to the extent that claims are not satisfied by Calloway) that do not arise under contracts, including claims in tort, claims for taxes and possibly certain other statutory liabilities.

The business of Calloway will be conducted, upon the advice of counsel, in such a way and in such jurisdictions as to avoid as far as possible any material risk of liability to the Unitholders for claims against Calloway including by obtaining appropriate insurance, where available, for the operations of Calloway and having written agreements signed by or on behalf of Calloway include a provision that such obligations are not binding upon Unitholders personally.

Limitations on Non-Resident Trust Unitholders

Certain provisions of the Tax Act require that Calloway not be established nor maintained primarily for the benefit of Non-Residents. Accordingly, in order to comply with such provisions, the Declaration of Trust contains restrictions on the ownership of Units by Unitholders who are Non-Residents. The Transfer Agent may require declarations as to the jurisdictions in which beneficial owners of Units are resident. If the Transfer Agent becomes aware, as a result of requiring such declarations as to beneficial ownership, that the beneficial owners of 49% of the Units then outstanding are, or may be, Non-Residents or that such a situation is imminent, the Transfer Agent may issue a public announcement thereof and shall not accept a subscription for Units from or issue or register a transfer of Units to a person unless the person provides a declaration that the person is not a Non-Resident. If, notwithstanding the foregoing, the Transfer Agent determines that a

majority of the Units are held by Non-Residents, the Transfer Agent may send a notice to Non-Resident holders of Units, chosen in inverse order to the order of acquisition or registration or in such manner as the Transfer Agent may consider equitable and practicable, requiring them to sell their Units or a portion thereof within a specified period of not less than 60 days. If the Unitholders receiving such notice have not sold the specified number of Units or provided the Transfer Agent with satisfactory evidence that they are not Non-Residents within such period, the Transfer Agent may on behalf of such Unitholders sell such Units and, in the interim, shall suspend the voting and distribution rights attached to such Units. Upon such sale the affected holders shall cease to be holders of Units and their rights shall be limited to receiving the net proceeds of sale upon surrender of the certificates representing such Units.

Meetings of Trust Unitholders

The Declaration of Trust provides that meetings of Unitholders must be called and held for, among other matters, the election or removal of Trustees (except filling casual vacancies), the appointment or removal of the auditors of Calloway, the approval of amendments to the Declaration of Trust (except as described under "Amendments to the Declaration of Trust"), an increase or decrease in the number of Trustees, the sale of the assets of Calloway as an entirety or substantially as an entirety (other than as part of an internal reorganization), or the termination of Calloway. Meetings of Unitholders will be called and held annually for, among other things, the election of the Trustees and the appointment of auditors of Calloway. The foregoing matters must be passed by at least a majority of the votes cast at a meeting of Unitholders called for such purpose.

A meeting of Unitholders may be convened at any time and for any purpose by the Trustees and must be convened if requisitioned by the holders of not less than 10% of the Units then outstanding by a written requisition. A requisition must, among other things, state in reasonable detail the business proposed to be transacted at the meeting.

Unitholders may attend and vote at all meetings of Unitholders either in person or by proxy and a proxyholder need not be an Unitholder. Two persons present in person or represented by proxy and representing in the aggregate at least 10% of the votes attaching to all outstanding Units shall constitute a quorum for the transaction of business at all such meetings.

The Declaration of Trust contains provisions as to the notice required and other procedures with respect to the calling and holding of meetings of Unitholders.

Information and Reports

Calloway will furnish to Unitholders such financial statements (including quarterly and annual financial statements) and other reports as are from time to time required by applicable law, including prescribed forms needed for the completion of Unitholders' tax returns under the Tax Act and equivalent provincial legislation.

Prior to each meeting of Unitholders, the Trustees will provide the Unitholders (along with notice of such meeting) a proxy form and an information circular containing information similar to that required to be provided to shareholders of a Canadian public corporation governed by the Canada Business Corporations Act.

Trustees

The Declaration of Trust establishes a board of trustees comprised of not more than twelve nor less than seven members. The Declaration of Trust provides that, subject to the terms and conditions thereof, the Trustees may, in respect of the trust assets, exercise any and all rights, powers and privileges that could be exercised by a legal and beneficial owner thereof and shall supervise the investments and conduct the affairs of Calloway.

The number of Trustees may be changed by the Unitholders. A vacancy occurring among the Trustees may be filled by resolution of a majority of the remaining Trustees, or by the Unitholders at a meeting of the Unitholders. Subject to the right of FirstPro to appoint Trustees as described below, Trustees will be elected annually by resolution passed by a majority of the votes cast at a meeting by Unitholders. Trustees elected at an annual meeting will be elected for a term expiring at the subsequent annual meeting and will be eligible for re-election. A Trustee elected or appointed to fill a vacancy shall hold office for the remaining term of the Trustee he or she is succeeding. The Declaration of Trust provides with respect to

Trustees that a Trustee may be removed with or without cause by a majority of the votes cast at a meeting of Unitholders or with cause by a majority of the remaining Trustees.

The Declaration of Trust provides that:

1. FirstPro shall be entitled to appoint:
 - (a) upon acquiring and for so long as FirstPro is the registered and beneficial owner of in excess of 5% of the issued and outstanding Units, one trustee to the board of Trustees;
 - (b) upon acquiring and for so long as FirstPro is the registered and beneficial owner of in excess of 15% of the issued and outstanding Units, two trustees to the board of Trustees and the board of Trustees shall be limited to a maximum of eight appointees; and
 - (c) Upon acquiring and for so long as FirstPro is the registered and beneficial owner of in excess of 30% of the issued and outstanding Units, three trustees to the board of Trustees of the Trust and the board of Trustees shall be limited to a maximum of nine appointees;
2. for so long as FirstPro holds in excess of 15% of the issued and outstanding Units, two (2) of the FirstPro representatives on the board of Trustees shall be appointed to the Investment Committee and such committee shall be limited to a maximum of five appointees; and
3. for so long as FirstPro holds in excess of 15% of the issued and outstanding Units, one (1) of the FirstPro representatives on the board of Trustees shall be appointed to the Compensation and Corporate Governance Committee and such committee shall be limited to a maximum of four (4) appointees;

unless the prior written consent to the contrary or a written waiver of FirstPro is obtained.

The Declaration of Trust provides that the Trustees shall act honestly and in good faith with a view to the best interest of Calloway and in connection therewith shall exercise the degree of care, diligence and skill that a reasonably prudent person would exercise in comparable circumstances.

Except as expressly prohibited by law, the Trustees may grant or delegate certain of the Trustees' authority to effect the actual administration of the duties of the Trustees under the Declaration of Trust. The Trustees may grant broad discretion to a third party to administer and manage the day-to-day operations of Calloway, and to make executive decisions which conform to the general policies and general principles set forth in the Declaration of Trust or otherwise established by the Trustees.

Amendments to the Declaration of Trust

The Declaration of Trust may be amended or altered from time to time by meetings of the Unitholders called for such purpose. Certain fundamental amendments require the approval of at least two-thirds of the votes cast by Unitholders.

The Trustees may, without the approval of or any notice to Unitholders, make amendments to the Declaration of Trust:

- (a) for the purpose of ensuring continuing compliance with applicable laws, regulations, requirements or policies of any governmental authority having jurisdiction over the Trustees or over the Trust, including respecting its status as a "unit trust" a "mutual fund trust" and a "registered investment" under the Tax Act or the distribution of its Units;
- (b) which, in the opinion of the Trustees, provide additional protection for or benefit to the Unitholders;
- (c) to remove any conflicts or inconsistencies in the Declaration of Trust or to make minor corrections which are, in the opinion of the Trustees, necessary or desirable and not prejudicial to the Unitholders;

- (d) which, in the opinion of the Trustees, are necessary or desirable as a result of changes in taxation laws from time to time, including, without limiting the generality of the foregoing, amendments which may affect the Trust, the Unitholders or Annuitants (as defined in the Declaration of Trust) under a plan of which a Unitholder acts as trustee or carrier or which may permit the Trust to qualify for any status under the Tax Act which would benefit the Trust or the Unitholders;
- (e) for any purpose (except one in respect of which a Unitholder vote is specifically otherwise required), if the Trustees are of the opinion that the amendment is not prejudicial to Unitholders and is necessary or desirable; and
- (f) which, in the opinion of the Trustees, are necessary or desirable to enable the Trust to issue Units for which the purchase price is payable on an instalment basis.

Deferred Unit Plan

The Trustees have adopted a deferred unit plan (the "Deferred Unit Plan"), subject to the approval of such plan by the Unitholders and by the Toronto Stock Exchange. If such approvals are obtained, the effective date of the Deferred Unit Plan will be January 1, 2004 or such other date as the Board of Trustees may determine. The Deferred Unit Plan is administered by the Compensation Committee of the Board of Trustees.

The purpose of the Deferred Unit Plan is to promote a greater alignment of interests between the Trustees, officers and employees of Calloway and/or its subsidiaries ("Eligible Participants") and the Unitholders. Each Eligible Person is given the right to elect to be a participant (a "Participant") of the Deferred Unit Plan. An Eligible Person who elects to be a Participant shall be paid between sixty percent (60%) and one hundred percent (100%) of:

- (i) in respect of a Trustee, the annual retainer paid by Calloway to that Trustee in a calendar year for service on the Board of Trustees, together with committee fees, attendance fees and additional fees and retainers to committee chairs; and
- (ii) in respect of an officer or employee, the annual bonus paid by Calloway to that officer or employee in a calendar year;

(the "Elected Amount") in the form of deferred Units ("Deferred Units") in lieu of cash provided that Calloway shall match the Elected Amount for each Participant such that the number of Deferred Units issued to each Participant shall be equal in value to two (2) times the Elected Amount. The number of Deferred Units (including fractional Deferred Units) granted at any particular time pursuant to this Deferred Unit Plan will be calculated by dividing (i) two (2) times the dollar amount of the Elected Amount allocated to the Participant by (ii) the Market Value (as defined below) of a Unit on the award date. "Market Value" at any date in respect of the Units means the volume weighted average of the closing price for a board lot of all Units traded on the Toronto Stock Exchange for the ten trading days immediately preceding such date (or, if such Units are not listed and posted for trading on the Toronto Stock Exchange, on such stock exchange on which such Units are listed and posted for trading as may be selected for such purpose by the Board of Trustees). In the event that such Units are not listed and posted for trading on any stock exchange, the Market Value shall be the fair market value of such Units as determined by the Board of Trustees in its sole discretion.

Under no circumstances shall Deferred Units be considered Units nor entitle a Participant to any Unitholder rights, including, without limitation, voting rights, distribution entitlements (other than as set out below) or rights on liquidation.

One (1) Deferred Unit is equivalent to one (1) Unit. Fractional Units are permitted under the Deferred Unit Plan. The Deferred Units credited to a Participant's Deferred Unit account that have vested may be redeemable in whole or in part on the date in which the Participant files a written notice of redemption with Calloway (the "Redemption Date"). The Participant shall receive, within five (5) business days after the Redemption Date a whole number of Units from Calloway equal to the whole number of Deferred Units then recorded in the Participant's Deferred Unit account, net of any applicable withholding taxes. Calloway shall also make a cash payment, net of any applicable withholding taxes, to the Participant with respect to the value of fractional Deferred Units standing to the Participant's credit after the maximum number of whole Units have been issued by Calloway, calculated by multiplying (i) the number of such fractional

Deferred Units by (ii) the Market Value of such fractional Deferred Units on the Termination Date or Redemption Date, as applicable. Upon payment in full of the value of the Deferred Units, the Deferred Units shall be cancelled.

As of March 16, 2005, Calloway has 36,615,881 Units outstanding. The aggregate number of Units reserved for issuance upon the redemption of all Deferred Units granted under the Deferred Unit Plan shall not exceed 250,000, or approximately 0.7% of the currently outstanding Units of Calloway, or such greater number of Units as may be determined by the Board of Trustees and approved by the Unitholders and, if required, by any relevant stock exchange or other regulatory authority; provided, however, that at no time shall the number of Units reserved for issuance pursuant to outstanding Deferred Units, together with the number of Units reserved for issuance pursuant to any other compensation arrangements, exceed 10% of the then outstanding Units, as calculated immediately prior to the issuance in question. To date, no Units have been issued upon the redemption of Deferred Units issued under the Deferred Unit Plan. To date, subject to receipt of regulatory and Unitholder approval to the Deferred Unit Plan, an aggregate of 50,812,871,324 Deferred Units, or approximately 0.013% of the outstanding Units of Calloway as at March 16, 2005, have been issued pursuant to the Deferred Unit Plan.

Trust Unit Option Plan

The Trustees have adopted a trust unit option plan (the "Unit Option Plan") to provide long-term incentives to (i) the Trustees and employees and advisors of Calloway, or any subsidiary of Calloway, and (ii) personal holding companies or family trusts of any persons referred to in (i), all as selected by the Trustees (collectively referred to as "Eligible Persons").

Pursuant to the Unit Option Plan, the Trustees may grant options to purchase Units ("Trust Options") to Eligible Persons in respect of authorized and unissued Units, provided that initially, the maximum number of Units issuable upon exercise of such Trust Options may not exceed 562,000 Units (being approximately 2.5% of the number of issued and outstanding Units). The number of Units issuable under the Unit Option Plan may be increased on an annual basis subject to any required regulatory and Unitholder approvals. The number of Trust Options and the exercise price of the Units issuable upon exercise thereof is set by the Trustees at the time of the grant, provided that the exercise price shall not be less than the closing market price of the Units on the day immediately preceding the date of the grant of the Trust Option. Trust Options granted under the Unit Option Plan may be exercised during a period not exceeding five years, subject to earlier termination upon an optionee ceasing to be an Eligible Person or upon an optionee retiring, becoming permanently disabled or dying. The Trust Options will be non-transferable and non-assignable.

As at March 16, 2005, Calloway had issued options to acquire 560,000 Units under the Unit Option Plan, of which 311,600 had been exercised and 248,400 were outstanding.

Upon approval of the Deferred Unit Plan, Calloway does not intend on issuing any further options under the Unit Option Plan.

Distribution Reinvestment Plan

Calloway has adopted a Distribution Reinvestment Plan that permits eligible Unitholders to elect to reinvest monthly distributions in additional Units. The price of Units issued under the Distribution Reinvestment Plan is based on the volume weighted average price for the sale of Units on the TSX during the ten days preceding the relevant distribution date (the "Market Price"). The purchase price of Units purchased with distributions under the Distribution Reinvestment Plan is equal to 97% of the Market Price. There are no commissions or brokerage charges payable on the purchase of Units under the Distribution Reinvestment Plan.

Term of the Trust and Sale of Substantially All Assets

Calloway has been established for a term ending 21 years after the date of death of the last surviving issue of Her Majesty, Queen Elizabeth, alive on December 4, 2001. Pursuant to the Declaration of Trust, termination of Calloway or the sale or transfer of the assets of Calloway as an entirety or substantially as an entirety, except as part of an internal reorganization of the assets of Calloway as approved by the Trustees, requires approval by at least 66 $\frac{2}{3}$ % of the votes cast at a meeting of the Unitholders.

DISTRIBUTION POLICY

The following outlines the distribution policy of Calloway as contained in the Declaration of Trust. The distribution policy may be amended only with the approval of a majority of the votes cast at a meeting of Unitholders.

General

The Trust currently intends to make monthly cash distributions to Unitholders on each Distribution Date equal, on an annual basis, to approximately 90% of Distributable Income although, pursuant to the Declaration of Trust, Calloway is only required to pay or declare payable each taxation year the greater of (i) 75% of its Distributable Income; or (ii) an amount of net income and net realized capital gains of the Trust as is necessary to ensure that the Trust will not be subject to tax on its net income and net capital gains under Part I of the Tax Act. If the Trustees anticipate a cash shortfall and determine that it would be in the best interests of the Trust, they may reduce for any period the percentage of Distributable Income to be distributed to Unitholders. The Trust shall also distribute to Unitholders, and the Unitholders will have a right to receive, on December 31 of each year (i) the net realized capital gains of the Trust and the net recapture income of the Trust for the year then ended and (ii) any excess of the income of the Trust for purposes of the Tax Act for the year then ended over distributions otherwise made for that year. Distributions of Distributable Income may be adjusted for amounts paid in prior periods if the actual Distributable Income for the prior periods is greater than or less than the Trustees' estimates for the prior periods. Distributions shall be made in cash or Units pursuant to any distribution reinvestment plan adopted by the Trustees pursuant to the Declaration of Trust. Any distribution shall be made proportionately to persons who are Unitholders as at the close of business on the record date for such distribution, which shall be the last Business Day of the calendar month preceding the month in which the Distribution Date falls, or if such date is not a Business Day then the next following Business Day, or such other date, if any, as is fixed in accordance with the Declaration of Trust. It is expressly declared in the Declaration of Trust that a Unitholder shall have the legal right to enforce payment as of the Distribution Date of any amount which is required to be distributed to a Unitholder pursuant to the Declaration of Trust. The Trustees, if they so determine when income has been accrued but not collected may, on a temporary basis, transfer sufficient moneys from the capital to the income account of the Trust to permit distributions under the Declaration of Trust to be effected.

Distribution History

The particulars of distributions made by Calloway from November 2002, the month it declared its first distribution, to and including the period ending March 22, 2005 are as follows:

Distribution	Payment Date	Amount of Distribution	Portion of Distribution per Unit Taxable as Capital Gain	Portion of Distribution per Unit Taxable as Income
2002				
November	December 13, 2002	\$0.0959 per Unit	0%	0%
December	December 31, 2002	\$0.0959 per Unit	0%	0%
2003				
January	February 14, 2003	\$0.0959 per Unit	12.1815%	33.0429%
February	March 14, 2003	\$0.0959 per Unit	12.1815%	33.0429%
March	April 14, 2003	\$0.0959 per Unit	12.1815%	33.0429%
April	May 14, 2003	\$0.0959 per Unit	12.1815%	33.0429%
May	June 13, 2003	\$0.0959 per Unit	12.1815%	33.0429%
June	July 15, 2003	\$0.0959 per Unit	12.1815%	33.0429%
July	August 15, 2003	\$0.0959 per Unit	12.1815%	33.0429%
August	September 15, 2003	\$0.0959 per Unit	12.1815%	33.0429%

October	November 14, 2003	\$0.0959 per Unit	12.1815%	33.0429%
November	December 15, 2003	\$0.0959 per Unit	12.1815%	33.0429%
December	December 31, 2003	\$0.0959 per Unit	12.1815%	33.0429%
2004				
January	February 16, 2004	\$0.0959 per Unit	0%	57.1031%
February	March 15, 2004	\$0.0959 per Unit	0%	57.1031%
March	April 15, 2004	\$0.0959 per Unit	0%	57.1031%
April	May 17, 2004	\$0.1000 per Unit	0%	57.1031%

Distribution	Payment Date	Amount of Distribution	Portion of Distribution per Unit Taxable as Capital Gain	Portion of Distribution per Unit Taxable as Income
May	June 15, 2004	\$0.1000 per Unit	0%	57.1031%
June	July 15, 2004	\$0.1000 per Unit	0%	57.1031%
July	August 18, 2004	\$0.1050 per Unit	0%	57.1031%
August	September 15, 2004	\$0.1050 per Unit	0%	57.1031%
September	October 15, 2004	\$0.1050 per Unit	0%	57.1031%
October	November 15, 2004	\$0.1050 per Unit	0%	57.1031%
November	December 15, 2004	\$0.1050 per Unit	0%	57.1031%
December	December 31, 2004	\$0.1050 per Unit	0%	57.1031%
2005				
January	February 15, 2005	\$0.1050 per Unit	(2)	(2)
February	March 15, 2005	\$0.1050 per Unit	(2)	(2)
March ⁽¹⁾	April 15, 2005	\$0.1050 per Unit	(2)	(2)

Notes:

- (1) Such distribution was declared on March 22, 2005 and is payable to unitholders of record at the close of business on March 31, 2005.
- (2) Taxable portion of distribution per Unit for 2005 will be determined early in 2006.

DEBENTURES

The following is a summary of the material attributes and characteristics of the Debentures. This summary does not purport to be complete and is subject to, and qualified in its entirety by reference to the terms of the Indenture (as defined below).

Debentures

On May 14, 2004, Calloway issued Debentures in the aggregate principal amount of \$55,000,000. The Debentures were issued under and pursuant to the provisions of a trust indenture (the "Indenture") dated May 14, 2004 between Calloway and Computershare Trust Company of Canada (the "Debenture Trustee"). The Debentures were limited in the aggregate principal amount to \$55,000,000. Calloway may, however, from time to time, without the consent of the holders of the Debentures, issue additional or other debentures in addition to the Debentures.

The Debentures are issuable only in denominations of \$1,000 and integral multiples thereof. The Debentures are available for delivery in book-entry only form through the facilities of CDS. Holders of beneficial interests in the Debentures do not have the right to receive physical certificates evidencing their ownership of Debentures except under certain circumstances. No fractional Debentures have been or will be issued.

The Debentures bear interest from the date of issue at 6.00% per annum, which is payable semi-annually on June 30 and December 31 in each year, commencing June 30, 2004. Interest is payable based on a 365-day year. The interest on the Debentures is payable in lawful money of Canada. At the option of Calloway, Calloway may deliver Units to the Debenture Trustee who shall sell such Units on behalf of Calloway in order to raise funds to satisfy all or any part of Calloway's obligations to pay interest on the Debentures, but, in any event, the holders of Debentures shall be entitled to receive cash payments equal to the interest otherwise payable on the Debentures.

The principal on the Debentures is payable in lawful money of Canada or, at the option of Calloway and subject to applicable regulatory approval, by payment of Units to satisfy, in whole or in part, its obligation to repay the principal amount of the Debentures, as further described under "Debentures – Payment upon Redemption or Maturity", "Debentures – Redemption and Purchase" and "Debentures – Put Right Upon a Change of Control".

The Debentures are direct obligations of Calloway and are not secured by any mortgage, pledge, hypothec or other charge and are subordinated to all other liabilities of Calloway as described under "Debentures – Subordination". The Indenture does not restrict Calloway from incurring additional indebtedness for borrowed money or from mortgaging, pledging or charging its real or personal property or properties to secure any indebtedness.

The Debentures are transferable, and may be presented for conversion, at the principal offices of the Debenture Trustee in Toronto, Ontario and Montreal, Quebec.

Conversion Privilege

The Debentures are convertible at the holder's option into fully-paid, non-assessable and freely-tradable Units at any time prior to 5:00 p.m. (EST) on the earlier of June 30, 2014 (the "Maturity Date") and the business day immediately preceding the date specified by Calloway for redemption of the Debentures, at a conversion price of \$17.00 per Unit (the "Conversion Price") being a ratio of approximately 58.8235 Units per \$1,000 principal amount of Debentures. No adjustment will be made for distributions on Units issuable upon conversion or for interest accrued on Debentures surrendered for conversion; however, holders converting their Debentures shall be entitled to receive, in addition to the applicable number of Units, accrued and unpaid interest in respect thereof for the period up to, but excluding, the date of conversion from the latest interest payment date. Notwithstanding the foregoing, no Debentures may be converted during the five business days preceding June 30 and December 31 each year, as the registers of the Debenture Trustee will be closed during such periods.

Subject to the provisions thereof, the Indenture provides for the adjustment of the Conversion Price in certain events including: (a) the subdivision or consolidation of the outstanding Units; (b) the distribution of Units to all or substantially all holders of Units by way of distribution or otherwise other than an issue of securities to holders of Units who have elected to receive distributions in securities of Calloway in lieu of receiving cash distributions paid in the ordinary course; (c) the issuance of options, rights or warrants to all or substantially all holders of Units entitling them to acquire Units or other securities convertible into Units at less than 95% of the then current market price (as defined below under "Debentures – Payment upon Redemption or Maturity") of the Units; and (d) the distribution to all holders of Units of any securities or assets (other than cash distributions and equivalent distributions in securities paid in lieu of cash distributions in the ordinary course). There will be no adjustment of the Conversion Price in respect of any event described in (b), (c) or (d) above if, subject to prior regulatory approval, the holders of the Debentures are allowed to participate as though they had converted their Debentures prior to the applicable record date or effective date. Calloway will not be required to make adjustments in the Conversion Price unless the cumulative effect of such adjustments would change the conversion price by at least 1%.

In the case of any reclassification or change (other than a change resulting only from consolidation or subdivision) of the Units or in case of any amalgamation, consolidation or merger of Calloway with or into any other entity, or in the case of any sale, transfer or other disposition of the properties and assets of Calloway as, or substantially as, an entirety to any other entity, the terms of the conversion privilege shall be adjusted so that each Debenture shall, after such reclassification, change, amalgamation, consolidation, merger or sale, be exercisable for the kind and amount of securities or property of Calloway, or such continuing, successor or purchaser entity, as the case may be, which the holder thereof would have been entitled to receive as a result of such reclassification, change, amalgamation, consolidation, merger or sale if on the effective date thereof it had been the holder of the number of Units into which the Debenture was convertible prior to the effective date of such reclassification, change, amalgamation, consolidation, merger or sale.

No fractional Units will be issued on any conversion of the Debentures but in lieu thereof Calloway shall satisfy such fractional interest by a cash payment equal to the current market price of such fractional interest.

Payment upon Redemption or Maturity

On redemption or at the Maturity Date, Calloway will repay the indebtedness represented by the Debentures by paying to the Debenture Trustee in lawful money of Canada an amount equal to the principal amount of the outstanding Debentures, together with accrued and unpaid interest thereon. Calloway may, at its option, on not more than 60 days' and not less than 30 days' prior notice and subject to any required regulatory approvals, unless an Event of Default (as hereinafter defined) has occurred and is continuing, elect to satisfy its obligation to repay, in whole or in part, the principal amount of the Debentures which are to be redeemed or which have matured by issuing Units, in whole or in part, to the holders of the Debentures. The number of Units to be issued will be determined by dividing the principal amount of the Debentures by 95% of the current market price of the Units on the date fixed for redemption or the Maturity Date, as the case may be. No fractional Units will be issued to holders of Debentures but in lieu thereof

Calloway shall satisfy such fractional interest by a cash payment equal to the current market price of such fractional interest.

The term "current market price" is defined in the Indenture to mean the weighted average trading price of the Units on the Toronto Stock Exchange for the 20 consecutive trading days ending on the fifth trading day preceding the date of the applicable event.

Interest Payment Election

Unless an Event of Default (as defined below) has occurred and is continuing, Calloway may elect, from time to time, subject to applicable regulatory approval, to issue and deliver freely-tradable Units to the Debenture Trustee in order to raise funds to satisfy all or any part of Calloway's obligations to pay interest on the Debentures in accordance with the Indenture (the "Unit Interest Payment Election") in which event holders of the Debentures will be entitled to receive a cash payment equal to the interest payable from the proceeds of the sale of such Units by the Debenture Trustee. The Indenture provides that, upon such election, the Debenture Trustee shall (i) accept delivery of Units from Calloway, (ii) accept bids with respect to, and consummate sales of, such Units, each as Calloway shall direct in its absolute discretion, (iii) invest the proceeds of such sales in short term Canadian Government Obligations, which mature prior to the applicable interest payment date; (iv) deliver proceeds to holders of Debentures sufficient to satisfy Calloway's interest payment obligations; and (v) perform any other action necessarily incidental thereto. The amount received by a holder in respect of interest will not be affected by whether or not Calloway elects to utilize the Unit Interest Payment Election.

Neither Calloway's making of the Unit Interest Payment Election nor the consummation of sales of Units will (a) result in the holders of Debentures not being entitled to receive on the applicable interest payment date cash in an aggregate amount equal to the interest payable on such interest payment date, or (b) entitle such holders to receive any Units in satisfaction of the interest payable on the applicable interest payment date.

Redemption and Purchase

The Debentures may not be redeemed by Calloway on or before June 30, 2008. Thereafter, but prior to June 30, 2010, the Debentures may be redeemed, in whole at any time or in part from time to time, on not more than 60 days' and not less than 30 days' prior notice at a price equal to the principal amount thereof plus accrued and unpaid interest provided that the current market price preceding the date upon which the notice of redemption is given is at least 125% of the Conversion Price. On or after June 30, 2010 and prior to the Maturity Date, the Debentures may be redeemed by Calloway, in whole at any time or in part from time to time, at a price equal to the principal amount thereof plus accrued and unpaid interest on not more than 60 days' and not less than 30 days' prior written notice.

Calloway will have the right to purchase Debentures in the market, by tender or by private contract subject to regulatory requirements; provided, however, that if an Event of Default has occurred and is continuing, Calloway will not have the right to purchase the Debentures by private contract.

In the case of redemption of less than all of the Debentures, the Debentures to be redeemed will be selected by the Debenture Trustee on a *pro rata* basis or in such other manner as the Debenture Trustee deems equitable, subject to the consent of the TSX.

Cancellation

All Debentures converted, redeemed or purchased as aforesaid will be cancelled and may not be reissued or resold.

Subordination

The payment of the principal of, and interest on, the Debentures is subordinated in right of payment, in the circumstances referred to below and more particularly as set forth in the Indenture, to the prior payment in full of all Senior Indebtedness of Calloway. "Senior Indebtedness" of Calloway is defined in the Indenture as all indebtedness of Calloway (whether outstanding as at the date of the Indenture or thereafter incurred) which, by the terms of the instrument creating or evidencing the indebtedness, is not expressed to be *pari passu* with, or subordinate in right of payment to, the

Debentures. The Debentures do not limit the ability of Calloway to incur additional indebtedness, including indebtedness that ranks senior to the Debentures, or from mortgaging, pledging or charging its real or personal property or properties to secure any indebtedness.

The Indenture provides that in the event of any insolvency or bankruptcy proceedings, or any receivership, liquidation, reorganization or other similar proceedings relative to Calloway, or to its property or assets, or in the event of any proceedings for voluntary liquidation, dissolution or other winding up of Calloway, whether or not involving insolvency or bankruptcy, or any marshalling of the assets and liabilities of Calloway, all creditors entitled to Senior Indebtedness will receive payment in full before the holders of Debentures will be entitled to receive any payment or distribution of any kind or character, whether in cash, property or securities, which may be payable or deliverable in any such event in respect of any of the Debentures or any unpaid interest accrued thereon.

The Debentures are also subordinate to claims of trade creditors of Calloway.

Put Right upon a Change of Control

Upon the occurrence of a change of control of Calloway involving the acquisition of voting control or direction over 66 $\frac{2}{3}$ % or more of the outstanding Units by any person or group of persons acting jointly or in concert (a "Change of Control"), each holder of Debentures may require Calloway to purchase, on the date which is 30 days following the giving of notice of the Change of Control as set out below (the "Put Date"), the whole or any part of such holder's Debentures at a price equal to 101% of the principal amount thereof (the "Put Price") plus accrued and unpaid interest to the Put Date.

If 90% or more in the aggregate principal amount of the Debentures outstanding on the date of the giving of notice of the Change of Control have been tendered for purchase on the Put Date, Calloway will have the right to redeem all the remaining Debentures on such date at the Put Price, together with accrued and unpaid interest to such date. Notice of such redemption must be given to the Debenture Trustee prior to the Put Date and as soon as possible thereafter, by the Debenture Trustee to the holders of the Debentures not tendered for purchase.

The principal on the Debentures will be payable in lawful money of Canada or, at the option of Calloway and subject to applicable regulatory approval, by payment of Units to satisfy, in whole or in part, its obligation to repay the principal amount of the Debentures.

The Indenture contains notification provisions to the following effect that:

- (a) Calloway will promptly give written notice to the Debenture Trustee of the occurrence of a Change of Control and the Debenture Trustee will thereafter give to the holders of Debentures a notice of the Change of Control, the repayment right of the holders of Debentures and the right of Calloway to redeem untendered Debentures under certain circumstances; and
- (b) a holder of Debentures, to exercise the right to require Calloway to purchase its Debentures, must deliver to the Debenture Trustee, not less than five business days prior to the Put Date, written notice of the holder's exercise of such right, together with a duly endorsed form of transfer.

Calloway will comply with the requirements of Canadian securities laws and regulations to the extent such laws and regulations are applicable in connection with the repurchase of the Debentures in the event of a Change of Control.

Modification

The rights of the holders of the Debentures as well as any other series of debentures that may be issued under the Indenture may be modified in accordance with the terms of the Indenture. For that purpose, among others, the Indenture contains certain provisions which make binding on all holders of Debentures resolutions passed at meetings of the holders of Debentures by votes cast thereat by holders of not less than 66 $\frac{2}{3}$ % of the principal amount of the then outstanding Debentures present at the meeting or represented by proxy, or rendered by instruments in writing signed by the holders of not less than 66 $\frac{2}{3}$ % of the principal amount of the then outstanding Debentures. In certain cases, the modification will,

instead of or in addition to, require assent by the holders of the required percentage of Debentures of each particularly affected series. Under the Indenture, the Debenture Trustee has the right to make certain amendments to the Indenture in its discretion, without the consent of the holders of Debentures.

Events of Default

The Indenture provides that an event of default ("Event of Default") in respect of the Debentures will occur if certain events described in the Indenture occur, including if any one or more of the following described events has occurred and is continuing with respect to the Debentures: (i) failure for 15 days to pay interest on the Debentures when due; (ii) failure to pay principal or premium, if any, on the Debentures, whether at the Maturity Date, upon redemption, by declaration or otherwise; or (iii) certain events of bankruptcy, insolvency or reorganization of Calloway under bankruptcy or insolvency laws. If an Event of Default has occurred and is continuing, the Debenture Trustee may, in its discretion, and shall, upon the request of holders of not less than 25% in principal amount of the then outstanding Debentures, declare the principal of (and premium, if any) and interest on all outstanding Debentures to be immediately due and payable.

Offers for Debentures

The Indenture contains provisions to the effect that if an offer is made for the Debentures which is a takeover bid for Debentures within the meaning of the *Securities Act* (Ontario) and not less than 90% of the Debentures (other than Debentures held at the date of the take over bid by or on behalf of the offeror or associates or affiliates of the offeror) are taken up and paid for by the offeror, the offeror will be entitled to acquire the Debentures held by holders of Debentures who did not accept the offer on the terms offered by the offeror.

Limitation on Non-Resident Ownership

At no time may non-residents of Canada be the beneficial owners of a majority of the outstanding Units (on a fully-diluted basis). The Debenture Trustee may require declarations as to the jurisdictions in which beneficial owners of Debentures are resident. If the Debenture Trustee or the transfer agent and registrar of the Units (the "Transfer Agent") becomes aware that the beneficial owners of 49% of the Units then outstanding (on a fully-diluted basis) are, or may be, non-residents, or that such a situation is imminent, the Debenture Trustee or the Transfer Agent may make a public announcement thereof and shall not register a transfer of Debentures or Units to a person unless the person provides a declaration that the person is not a non-resident. If, notwithstanding the foregoing, the Debenture Trustee or the Transfer Agent determines that a majority of the outstanding Units (on a fully-diluted basis) are held by non-residents, the Debenture Trustee or the Transfer Agent may send a notice to non-resident holders of Debentures or Units, chosen in inverse order to the order of acquisition or registration of the Debentures and Units or in such manner as the Debenture Trustee or the Transfer Agent may consider equitable and practicable, requiring them to sell their Debentures or Units or a portion thereof within a specified period of not less than 60 days. If the Debenture holders or Unitholders receiving such notice have not sold the specified number of Debentures or Units or provided the Debenture Trustee or the Transfer Agent with satisfactory evidence that they are not non residents within such period, the Debenture Trustee or the Transfer Agent may on behalf of such Debenture holder or Unitholder sell such Debentures or Units, as the case may be, and, in the interim, shall suspend the rights attached to such Debentures or Units. Upon such sale the affected holders shall cease to be holders of Debentures or Units, as the case may be, and their rights shall be limited to receiving the net proceeds of sale upon surrender of such Debentures or Units.

Book-entry, Delivery and Form

Debentures are issued in the form of fully-registered global Debentures (the "Global Debentures") held by, or on behalf of, CDS or its successor, (the "Depository") as custodian for its participants. All Debentures are represented in the form of Global Debentures registered in the name of the Depository or its nominee. Purchasers of Debentures represented by Global Debentures will not receive Debentures in definitive form. Rather, the Debentures will be represented only in "book-entry only" form (unless Calloway, in its sole discretion, elects to prepare and deliver definitive Debentures in fully-registered form). Beneficial interests in the Global Debentures, constituting ownership of the Debentures, will be represented through book-entry accounts of institutions acting on behalf of beneficial owners, as direct and indirect participants of the Depository (the "participants"). The Depository will be responsible for establishing and maintaining book-entry accounts for its participants having interests in Global Debentures.

If the Depository notifies Calloway that it is unwilling or unable to continue as depository in connection with the Global Debentures, or if at any time the Depository ceases to be a clearing agency or otherwise ceases to be eligible to be a depository and Calloway and the Debenture Trustee are unable to locate a qualified successor, or if Calloway elects, in its sole discretion, to terminate the book-entry system, with the consent of the Debenture Trustee, beneficial owners of Debentures represented by Global Debentures at such time will receive Debentures in registered and definitive form (the "Definitive Debentures").

Transfer and Exchange of Debentures

Transfers of beneficial ownership in Debentures represented by Global Debentures are effected through records maintained by the Depository for such Global Debentures or its nominees (with respect to interests of participants) and on the records of participants (with respect to interests of persons other than participants). Unless Calloway elects, in its sole discretion, to prepare and deliver Definitive Debentures, beneficial owners who are not participants in the Depository's book-entry system, but who desire to purchase, sell or otherwise transfer ownership of or other interest in Global Debentures, may do so only through participants in the Depository's book-entry system.

The ability of a beneficial owner of an interest in a Debenture represented by a Global Debenture to pledge the Debenture or otherwise take action with respect to such owner's interest in a Debenture represented by a Global Debenture (other than through a participant) may be limited due to the lack of a physical certificate.

Registered holders of Definitive Debentures may transfer such Debentures upon payment of taxes or other charges incidental thereto, if any, by executing and delivering a form of transfer together with the Debentures to the registrar for the Debentures at its principal offices in Toronto, Ontario and Montreal, Quebec or such other city or cities as may from time to time be designated by Calloway whereupon new Debentures will be issued in authorized denominations in the same aggregate principal amount as the Debentures so transferred, registered in the names of the transferees. No transfer of a Debenture will be registered during the period beginning 15 days before the day of the mailing of a notice of redemption of the Debentures and ending at the close of business on the day of such mailing or during the periods commencing on any regular interest record date or special interest record date and ending on the next following interest payment date.

Payments

Payments of interest and principal on each Global Debenture are made to the Depository or its nominee, as the case may be, as the registered holder of the Global Debenture. As long as the Depository or its nominee is the registered owner of a Global Debenture, such Depository or its nominee, as the case may be, will be considered the sole legal owner of the Global Debenture for the purposes of receiving payments of interest and principal on the Debentures and for all other purposes under the Indenture and the Debentures. The record date for the payment of interest will be that day which is the 15th day of the month preceding the month of the applicable interest payment date (or the first business day following such date if not a business day). Interest payments on Global Debentures are made by electronic funds transfer on the day interest is payable and delivered to the Depository or its nominee, as the case may be.

Calloway understands that the Depository or its nominee, upon receipt of any payment of interest or principal in respect of a Global Debenture, credits participants' accounts, on the date interest or principal is payable, with payments in amounts proportionate to their respective beneficial interest in the principal amount of such Global Debenture as shown on the records of the Depository or its nominee. Calloway also understands that payments of interest and principal by participants to the owners of beneficial interest in such Global Debenture held through such participants is governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name" and is the responsibility of such participants. The responsibility and liability of Calloway in respect of payments on Debentures represented by the Global Debenture is limited solely and exclusively, while the Debentures are registered in Global Debenture form, to making payment of any interest and principal due on such Global Debenture to the Depository or its nominee.

If Definitive Debentures are issued instead of or in place of Global Debentures, payments of interest on each Definitive Debenture will be made by electronic funds transfer, if agreed to by the holder of the Definitive Debenture or if required

under any applicable payment clearing system rules, or by cheque dated the interest payment date and mailed to the address of the holder appearing in the register maintained by the registrar for the Debentures, at the close of business on the last business day (a business day for this purpose being a day on which banking institutions are open in the City of Toronto) of the month preceding the month of the applicable interest payment date. Payment of principal at maturity will be made at the principal office of the paying agent in the City of Toronto (or in such other city or cities as may from time to time be designated by Calloway) against surrender of the Definitive Debentures, if any. If the due date for payment of any amount of principal or interest on any Definitive Debenture is not, at the place of payment, a business day such payment will be made on the next business day and the holder of such Definitive Debenture shall not be entitled to any further interest or other payment in respect of such delay.

Reports to Holders

Calloway shall file with the Debenture Trustee, within 15 days after the filing thereof with the Ontario Securities Commission, copies of Calloway's annual report and the information, documents and other reports that Calloway is required to file with the Ontario Securities Commission and deliver to Unitholders. Notwithstanding that Calloway may not be required to remain subject to the reporting requirements of the Ontario Securities Commission, Calloway shall provide to the Debenture Trustee (a) within 90 days after the end of each fiscal year, an annual financial statement of Calloway, and (b) within 45 days after the end of each of the first three fiscal quarters of each fiscal year, interim financial statements of Calloway which shall, at a minimum, contain such information as is required to be provided in quarterly reports under the laws of Canada or any province thereof to security holders of a company with securities listed on the Toronto Stock Exchange, whether or not Calloway has any of its securities so listed. Each of such reports will be prepared in accordance with applicable Canadian disclosure requirements and generally accepted accounting principles. Calloway will provide copies of such information, documents and reports to holders of Debentures upon request.

Governing Law

Each of the Indenture and the Debentures are governed by, and construed in accordance with, the laws of the Province of Ontario applicable to contracts executed and to be performed entirely in such Province.

INVESTMENT GUIDELINES AND OPERATING POLICIES

Investment Guidelines

The Declaration of Trust provides for certain restrictions on investments, which may be made by Calloway. The assets of Calloway may be invested only in accordance with the following restrictions:

- (a) the Trust will focus its acquisition activities on existing income-producing properties that are capital property of the Trust, including office, retail, industrial and mixed use properties, that are substantially leased;
- (b) notwithstanding anything in the Declaration of Trust to the contrary, the Trust shall not make any investment or take any action or omit to take any action that would result in Units not being units of a "mutual fund trust" and of a "unit trust" within the meaning of the Tax Act, that would result in Units being disqualified for investment by registered retirement savings plans, registered retirement income funds, deferred profit sharing plans or registered education savings plans, that would result in the Trust being liable under the Tax Act to pay a tax imposed as a result of holdings by the Trust of foreign property as defined in the Tax Act, that would result in Units being foreign property for the purposes of the Tax Act or that would result in the Trust paying a tax under the registered investment provisions of the Income Tax Act imposed for exceeding certain investment limits;
- (c) the Trust may invest in a joint venture arrangement only if:
 - (i) the arrangement is one pursuant to which the Trust holds an interest in real property jointly or in common with others ("joint venturers") either directly or through the ownership of an interest in a corporation or other entity (a "joint venture entity") as co-owners and not as partners and such

real property is capital property of the Trust and if owned through the ownership of an interest in a joint venture entity, the said real property is capital property of the joint venture entity:

- (ii) the Trust's interest in the joint venture arrangement is not subject to any restriction on transfer other than a right of first offer or a right of first refusal, if any, in favour of the joint venturers;
 - (iii) the Trust has a right of first offer or a right of first refusal to buy the interests of the other joint venturers;
 - (iv) the joint venture arrangement provides an appropriate buy-sell mechanism to enable a joint venturer to purchase the other joint venturers' interests or to sell its interest;
 - (v) the joint venture arrangement provides that the liability of the Trust to third parties is several based on its proportionate ownership interest of the joint venture and not joint and several, provided however, that subject to any remedies that each joint venturer may have against the other joint venturers, a joint venturer may be required to give up its interest in any particular property owned by the joint venture entity as a result of another joint venturer's failure to honour its proportionate share of the obligations relating to such property; and
 - (vi) the joint venture arrangement permits, but does not require, the Trust or its designee to participate fully in the management thereof;
- (d) except for temporary investments held in cash, deposits with a Canadian chartered bank or trust company registered under the laws of a province of Canada, short-term government debt securities, or in money market instruments of, or guaranteed by, a Schedule I Canadian bank maturing prior to one year from the date of issue, the Trust may not hold securities other than securities of a joint venture entity or an entity or corporation wholly owned by the Trust formed and operated for the purpose of holding a particular real property or real properties or for any other purpose relating to the activities of the Trust, and provided further that, notwithstanding anything contained in the Declaration of Trust to the contrary, the Trust may acquire securities of other real estate investment trusts;
 - (e) except as otherwise prohibited in the Declaration of Trust, the Trust may invest in interests (including ownership and leasehold interests) in income-producing real property in Canada and the United States that is capital property of the Trust;
 - (f) except for the Holland Cross (which has since been disposed of) and Lloyd Mall properties, the Trust shall not acquire any single investment in real property if the cost to the Trust of such acquisition (including encumbrances assumed) will exceed 20% of the Gross Book Value calculated following such purchase;
 - (g) the Trust shall not invest in rights to or interests in mineral or other natural resources, including oil or gas, except as incidental to an investment in real property that is capital property of the Trust;
 - (h) the Trust shall not invest in operating businesses unless such investment is incidental to a transaction:
 - (i) where the revenue will be derived, directly or indirectly, principally from real property; or
 - (ii) which principally involves the ownership, maintenance, improvement, leasing or management, directly or indirectly, of real property (in each case as determined by the Trustees);
 - (i) the Trust shall not acquire interests in general partnerships or limited partnerships provided that the Trust may invest in a limited partnership if:
 - (i) the limited partnership is formed and operated solely for the purpose of acquiring, owning, maintaining, improving, leasing or managing a particular real property or real properties or interest therein;

- (ii) the Trust's interest in the limited partnership is not subject to any restriction on transfer other than a right of first offer or right of first refusal, if any, in favour of any other partner or any affiliate thereof;
- (iii) the Trust has a right of first offer or right of first refusal to buy the interests of the other partners; and
- (iv) the Trust has received a legal opinion to the effect that the investment (a) would not result in the Trust or any registered retirement savings plan, registered retirement income fund, deferred profit sharing plan, or registered education savings plan being liable under the Income Tax Act to pay tax imposed as a result of holdings by the Trust of foreign property as defined in the Tax Act, (b) would not disqualify the Trust as a "mutual fund trust" within the meaning of the Tax Act, and (c) would not result in the Trust losing any status under the Tax Act that is otherwise beneficial to the Trust and its Unitholders;

provided that, notwithstanding the foregoing, the Trust may from time to time enter into any limited partnership arrangement which does not comply with clauses (ii) and/or (iii) of this subparagraph (i) if the Trustees determine that the investment is desirable for the Trust and otherwise complies with the Investment Guidelines and Operating Policies in the Declaration of Trust;

- (j) the Trust shall not invest in raw land for development except for properties adjacent to existing properties of the Trust for the purpose of (i) the renovation or expansion of existing facilities that are capital property of the Trust, or (ii) the development of new facilities which will be capital property of the Trust;
- (k) the Trust may invest in mortgages or mortgage bonds (including, with the consent of a majority of the Trustees, a participating or convertible mortgage) where:
 - (i) the Real Property which is security therefor is income-producing Real Property which otherwise meets the general investment guidelines of the Trust adopted by the Trustees from time to time in accordance with this Declaration of Trust and the restrictions set out therein;
 - (ii) the amount of the mortgage loan is not in excess of 75% of the market value of the property securing the mortgage and the mortgage has at least 1.2X debt service coverage;
 - (iii) the mortgage is a first-ranking mortgage registered on title to the Real Property which is security therefor; and
 - (iv) the aggregate value of the investments of the Trust in these mortgages, after giving effect to the proposed investment, will not exceed 20% of the Adjusted Unitholders' Equity;
- (l) the Trust may invest in mortgages if the sole intention is to use the acquisition of the mortgages as a method of acquiring control of income-producing real property which would otherwise meet the investment guidelines of the Trust and provided the aggregate value of the investments of the Trust in these mortgages, after giving effect to the proposed investment, will not exceed 20% of the Adjusted Unitholders' Equity; and
- (m) subject to paragraph (b) above, the Trust may invest an amount (which, in the case of an amount invested to acquire real property, is the purchase price less the amount of any indebtedness assumed or incurred by the Trust and secured by a mortgage on such property) of up to 15% of the Adjusted Unitholders' Equity of the Trust in investments or transactions which do not comply with paragraphs (d), (e), (j), and (k) above or paragraph (c) under the heading "Investment Guidelines and Operating Policies – Operating Policies".

For the purpose of the foregoing guidelines, the assets, liabilities and transactions of a corporation or other entity wholly or partially owned by the Trust will be deemed to be those of the Trust on a proportionate consolidation basis. In addition, any

references in the foregoing to investment in real property will be deemed to include an investment in a joint venture arrangement. Nothing in the guidelines prohibits the Trust from holding or assigning some or all of the receivables due pursuant to any instalment receipt agreement.

Operating Policies

The Declaration of Trust provides that the operations and affairs of Calloway will be conducted in accordance with the following policies:

- (a) the Trust shall not purchase, sell, market or trade in currency or interest rate futures contracts otherwise than for hedging purposes where, for the purposes hereof, the term "hedging" shall have the meaning ascribed thereto by National Instrument 81-102 adopted by the Canadian Securities Administrators, as amended from time to time;
- (b) (i) any written instrument creating an obligation which is or includes the granting by the Trust of a mortgage, and (ii) to the extent the Trustees determine to be practicable and consistent with their duty to act in the best interests of the Unitholders, any written instrument which is, in the judgment of the Trustees, a material obligation, shall contain a provision or be subject to an acknowledgement to the effect that the obligation being created is not personally binding upon, and that resort shall not be had to, nor shall recourse or satisfaction be sought from, the private property of any of the Trustees, Unitholders, Annuitants under a plan of which a Unitholder acts as a trustee or carrier, or officers, employees or agents of the Trust, but that only property of the Trust or a specific portion thereof shall be bound; the Trust, however, is not required, but shall use all reasonable efforts, to comply with this requirement in respect of obligations assumed by the Trust upon the acquisition of real property;
- (c) the Trust shall not lease or sublease to any person any real property, premises or space where that person and its Affiliates would, after the contemplated lease or sublease, be leasing or subleasing real property, premises or space having a fair market value net of encumbrances in excess of 20% of the Adjusted Unitholders' Equity of the Trust;
- (d) the limitation contained in paragraph (c) above shall not apply to the renewal of a lease or sublease and shall not apply where the lessee or sublessee is, or where the lease or sublease is guaranteed by:
 - (i) the Government of Canada, the Government of the United States, any province of Canada, any state of the United States or any municipality in Canada or the United States, or any agency thereof;
 - (ii) any corporation, the bonds, debentures or other evidences of indebtedness of, or guaranteed by which, has received a rating from Standard & Pools of no less than AA (or equivalent from any other recognized credit rating agency) in each case, at the time the lease or sublease is entered into, or at the time other satisfactory leasing arrangements as determined by the Trustees, in their discretion, are entered into;
 - (iii) a Canadian chartered bank registered under the laws of a province of Canada; or
 - (iv) Wal-Mart Canada Corp. and its related associates or affiliates;
- (e) except for renovation or expansion of existing facilities and the development of new facilities on property adjacent to existing properties of the Trust as permitted under paragraph (j) above, the Trust shall not engage in construction or development of property except as necessary to maintain its properties in good repair or to enhance the income producing ability of properties in which the Trust has an interest;
- (f) title to each real property shall be drawn up in the name of the Trustees or, to the extent permitted by applicable law, the Trust or a corporation or other entity wholly owned by the Trust or jointly by the Trust with joint venturers;

- (g) the Trust shall not incur or assume any indebtedness under a mortgage unless, at the date of the proposed assumption or incurring of the indebtedness, the aggregate of (i) the amount of all indebtedness secured on such real property or group of real properties and (ii) the amount of additional indebtedness proposed to be assumed or incurred does not exceed 75% of the market value of such real property or group of real properties (other than the renewal, extension or modification of any existing mortgage, including, on substantially similar terms or on terms more favourable to the Trust, in each such case, as determined by a majority of the Trustees);
- (h) the Trust will not incur or assume any indebtedness if, after the incurring or assuming of the indebtedness, the total indebtedness of the Trust would be more than 60% of the Gross Book Value (65% if convertible debentures are outstanding). This limit includes a maximum of 55% with respect to long-term indebtedness. For the purposes of this subsection, convertible debentures constitute indebtedness but do not constitute long-term indebtedness and the term "indebtedness" means (without duplication) on a consolidated basis:
 - (i) any obligation of the Trust for borrowed money;
 - (ii) any obligation of the Trust incurred in connection with the acquisition of property, assets or business;
 - (iii) any obligation of the Trust issued or assumed as the deferred purchase price of property;
 - (iv) any capital lease obligation of the Trust; and
 - (v) any obligation of the type referred to in the foregoing subparagraphs of another person, the payment of which the Trust has guaranteed or for which the Trust is responsible for or liable;

provided that (a) for the purposes of subparagraphs (i) through (iv), an obligation (other than convertible debentures) will constitute indebtedness only to the extent that it would appear as a liability on the consolidated balance sheet of the Trust in accordance with generally accepted accounting principles; (b) obligations referred to in subparagraphs (i) and (iii) exclude trade accounts payable, distributions payable to Unitholders and accrued liabilities arising the ordinary course of business; and (c) convertible debentures will constitute indebtedness to the extent of the principal amount thereof outstanding;

- (i) generally, debt aggregating no more than 15% of Gross Book Value (other than unsecured trade payables, accrued expenses and distributions payable) shall be at floating interest rates or have a maturity of less than one year, not including term debt falling due in the next twelve months or variable rate debt for which the Trust has entered into interest rate swap agreements to fix the interest rate for a one year period or greater;
- (j) the Trust shall not directly or indirectly guarantee any indebtedness or liabilities of any kind of a third party except indebtedness assumed or incurred under a mortgage by a corporation or other entity wholly-owned by the Trust or jointly by the Trust with joint venturers and operated solely for the purpose of holding a particular property or properties where such mortgage, if granted by the Trust directly, would not cause the Trust to otherwise contravene the restrictions set out in the Investment Guidelines and Operating Policies of the Declaration of Trust, and, where such mortgage is granted by a joint venture entity, subject to a joint venturer being required to give up its interest in a property owned by the joint venture entity as a result of another joint venturer's failure to honour its proportionate share of the obligations relating to such property, the liability of the Trust is limited strictly to the proportion of the mortgage loan equal to the Trust's proportionate ownership interest in the joint venture entity;
- (k) the Trust shall obtain an independent appraisal of each property that it acquires;

- (l) the Trust will not issue additional Units unless the Trustees consider that, based upon the market price of the Units prevailing at such time, the issuance of such Units would not be expected to result in a yield to Unitholders over the ensuing 24 month period which is less than the current yield to Unitholders;
- (m) the Trust shall obtain and maintain at all times insurance coverage in respect of potential liabilities of the Trust and the accidental loss of value of the assets of the Trust from risks, in amounts, with such insurers, and on such terms as the Trustees consider appropriate, taking into account all relevant factors including the practices of owners of comparable properties; and
- (n) the Trust shall have conducted a Phase I environmental audit of each real property to be acquired by it and, if the Phase I environmental audit report recommends a Phase II environmental audit be conducted, the Trust shall have conducted a Phase II environmental audit, in each case by an independent and experienced environmental consultant; such audit as a condition to any acquisition, shall be satisfactory to the Trustees. All new leases granted by the Trust shall contain appropriate covenants from the lessee respecting environmental matters as determined by the Trustees from time to time.

For the purposes of the foregoing policies, the assets, liabilities and transactions of a corporation or other entity wholly or partially owned by the Trust will be deemed to be those of the Trust on a proportionate consolidation basis. In addition, any references in the foregoing to investment in real property will be deemed to include an investment in a joint venture.

All of the foregoing prohibitions, limitations or requirements pursuant to the foregoing policies shall be determined as at the date of investment or other action by the Trust.

BORROWING

The Trust will not incur or assume any indebtedness if, after the incurring or assuming of the indebtedness, the total indebtedness of the Trust would be more than 60% of Gross Book Value (65% if convertible debentures are outstanding). This limit includes a maximum of 55% with respect to long-term indebtedness. For the purposes of this restriction, convertible debentures constitute indebtedness but do not constitute long-term indebtedness and the term "indebtedness" means (without duplication) on a consolidated basis:

- (a) any obligation of the Trust for borrowed money;
- (b) any obligation of the Trust incurred in connection with the acquisition of property, assets or business;
- (c) any obligation of the Trust issued or assumed as the deferred purchase price of property;
- (d) any capital lease obligation of the Trust; and
- (e) any obligation of another person, the payment of which the Trust has guaranteed or for which the Trust is responsible for or liable;

provided that: (i) an obligation (other than convertible debentures) will constitute indebtedness only to the extent that it would appear as a liability on the consolidated balance sheet of the Trust in accordance with generally accepted accounting principles; (ii) obligations exclude trade accounts payable, distributions payable to Unitholders and accrued liabilities arising in the ordinary course of business; and (iii) convertible debentures will constitute indebtedness to the extent of the principal amount thereof outstanding.

MARKET FOR SECURITIES, TRADING PRICE AND VOLUME

Units

The Units of the Trust are listed and posted for trading on the TSX under the trading symbol "CWT".

The following table sets forth the reported high and low sales prices and the trading volumes as reported by the TSX for the periods indicated:

Note:

(1) The Debentures commenced trading on the TSX on May 14, 2004.

RISK FACTORS

An investment in the Units involves a number of risks. In addition to the other information contained in this annual information form, Unitholders should give careful consideration to the following factors:

Potential Volatility of Unit Prices

The price for the Units could be subject to wide fluctuations in response to quarter-to-quarter variations in operating results, the gain or loss of significant properties, changes in income estimates by analysts and market conditions in the industry, as well as general economic conditions or other risk factors set out herein. In addition, stock markets have experienced volatility that has affected the market prices for many companies' stock and that often has been unrelated to the operating performance of such companies. These market fluctuations may adversely affect the market price of the Units.

A publicly traded real estate investment trust will not necessarily trade at values determined solely by reference to the underlying value of its real estate assets. Accordingly, the Units may trade at a premium or a discount to the underlying value of Calloway's real estate assets.

One of the factors that may influence the market price of the Units is market interest rates relative to the monthly cash distributions of Calloway to the Unitholders. An increase in market interest rates or a decrease in monthly cash distributions by Calloway could adversely affect the market price of the Units. In addition, the market price for the Units may be affected by changes in general market conditions, fluctuations in the markets for equity securities and numerous other factors beyond the control of Calloway.

Real Property Ownership

All real property investments are subject to elements of risk. Such investments are affected by general economic conditions, local real estate markets, supply and demand for leased premises, competition from other available premises and various other factors. The nature of real property ownership involves competing against other landlords that may have greater expertise than Calloway.

The value of real property and any improvements thereto may also depend on the credit and financial stability of the tenants and upon the vacancy rates of Calloway's portfolio of income producing properties. Calloway's Distributable Income would be adversely affected if a significant number of tenants were to become unable to meet their obligations under their leases or if a significant amount of available space in the properties in which Calloway has an interest were not able to be leased on economically favourable lease terms. In addition, the Distributable Income of Calloway would be adversely affected by

increased vacancies in Calloway's portfolio of income producing properties. Upon the expiry of any lease, there can be no assurance that the lease will be renewed or the tenant replaced. The terms of any subsequent lease may be less favourable to Calloway than the existing lease. In the event of default by a tenant, delays or limitations in enforcing rights as lessor may be experienced and substantial costs in protecting Calloway's investment may be incurred. Furthermore, at any time, a tenant of any of Calloway's properties may seek the protection of bankruptcy, insolvency or similar laws that could result in the rejection and termination of such tenant's lease and thereby cause a reduction in the cash flow available to Calloway. The ability to rent unleased space in the properties in which Calloway has an interest will be affected by many factors. Costs may be incurred in making improvements or repairs to property. The failure to rent unleased space on a timely basis or at all would likely have an adverse effect on Calloway's financial condition.

Certain significant expenditures, including property taxes, maintenance costs, mortgage payments, insurance costs and related charges must be made throughout the period of ownership of real property regardless of whether the property is producing any income. If Calloway is unable to meet mortgage payments on any property, losses could be sustained as a result of the mortgagee's exercise of its rights of foreclosure or sale.

Real property investments tend to be relatively illiquid with the degree of liquidity generally fluctuating in relation to demand for and the perceived desirability of such investments. If Calloway were to be required to liquidate its real property investments, the proceeds to Calloway might be significantly less than the aggregate carrying value of its properties.

Calloway will be subject to the risks associated with debt financing on its properties and it may not be able to refinance its properties on terms that are as favourable as the terms of existing indebtedness. In order to minimize this risk, Calloway attempts to appropriately structure the timing of the renewal of significant tenant leases on the properties in relation to the time at which mortgage indebtedness on such properties becomes due for refinancing.

Calloway, as a result of recent acquisitions, has become increasingly reliant on the retail shopping centre market in general and on Wal-Mart in particular in meeting its financial targets. Significant deterioration of the retail shopping centre market in general or the financial health of Wal-Mart in particular could have an adverse effect on Calloway's business, financial condition or results of operations.

Availability of Cash Flow

Distributable Income may exceed actual cash available from time to time because of items such as principal repayments, tenant allowances, leasing commissions and capital expenditures and redemption of Units, if any. Calloway may be required to use part of its debt capacity or to reduce distributions in order to accommodate such items. Calloway anticipates temporarily funding such items, if necessary, through an operating line of credit in expectation of refinancing long-term debt on its maturity.

General Uninsured Losses

Calloway carries comprehensive general liability, fire, flood, extended coverage and rental loss insurance with policy specifications, limits and deductibles customarily carried for similar properties. There are, however, certain types of risks, generally of a catastrophic nature, such as wars or environmental contamination, which are either uninsurable or not insurable on an economically viable basis. Calloway has insurance for earthquake risks, subject to certain policy limits, deductibles and self-insurance arrangements, and will continue to carry such insurance if it is economical to do so. Should an uninsured or underinsured loss occur, Calloway could lose its investment in, and anticipated profits and cash flows from, one or more of its properties, but Calloway would continue to be obliged to repay any recourse mortgage indebtedness on such properties.

Development Risk

Calloway will have the obligation under the purchase agreements for the Partnership Properties, and agreements contemplated thereby, to acquire additional retail developments to be undertaken by the Partnership on those properties for 85% of the aggregate of the value of the relevant undeveloped lands and the construction loan associated with these additional developments under certain circumstances. As a result of the operation of these contractual provisions, Calloway could have the obligation to acquire these additional developments prior to completion of same and/or prior to the tenant

commencing payment of rent. Any such acquisition could have an adverse effect on Calloway's business, financial condition or results of operation.

Future Property Acquisitions

Calloway's success depends in large part on identifying suitable acquisition and development opportunities, pursuing such opportunities, consummating acquisitions and acquiring developments, and effectively operating the properties it acquires. If Calloway is unable to manage its growth effectively, its business, operating results and financial condition could be adversely affected.

Environmental Matters

As an owner of real property, Calloway will be subject to various federal, provincial, territorial and municipal laws relating to environmental matters. Such laws provide that Calloway could be liable for the costs of removal of certain hazardous substances and remediation of certain hazardous locations. The failure to remove or remediate such substances or locations, if any, could adversely affect Calloway's ability to sell such real estate or to borrow using such real estate as collateral and could potentially also result in claims against Calloway. Calloway is not aware of any material non-compliance with environmental laws at any of its properties. Calloway is also not aware of any pending or threatened investigations or actions by environmental regulatory authorities in connection with any of its properties or any pending or threatened claims relating to environmental conditions at its properties. Calloway has policies and procedures to review and monitor environmental exposure. It is Calloway's operating policy to obtain a Phase I environmental assessment and (if recommended in the Phase I environmental assessment) a Phase II environmental assessment, each of which are to be conducted by an independent and experienced environmental consultant prior to acquiring a property.

Calloway will make the necessary capital and operating expenditures to ensure compliance with environmental laws and regulations. Although there can be no assurances, Calloway does not believe that costs relating to environmental matters will have a material adverse effect on Calloway's business, financial condition or results of operations. However, environmental laws and regulations can change and Calloway may become subject to more stringent environmental laws and regulations in the future. Compliance with more stringent environmental laws and regulations could have an adverse effect on Calloway's business, financial condition or results of operation.

Land Leases

To the extent the properties in which Calloway has or will have an interest are located on leased land, the land leases may be subject to periodic rate resets that may fluctuate and may result in significant rental rate adjustments. The land lease for the Airtech Centre property expires on December 31, 2011 with a ten year renewal option and has an adjustment provision to amend the land rent on a five year basis. The land lease for the London Argyle Mall property expires in October 2038. Calloway has an option to buy the London Argyle Mall property for \$10,000,000 at the expiry of the lease term.

Tax Related Risk Factors

There can be no assurance that Canadian federal income tax laws respecting the treatment of mutual fund trusts will not be changed in a manner which adversely affects the holders of Units. If Calloway ceases to qualify as a "mutual fund trust" or "registered investment" under the Tax Act, the income tax considerations for Unitholders would be materially and adversely different in certain respects, including that Units may cease to be qualified investments for Plans and may become foreign property for Plans and other tax-exempt entities. The Tax Act imposes penalties for the acquisition or holding of non-qualified investments.

The Declaration of Trust of Calloway provides that a sufficient amount of Calloway's net income and net realized capital gains will be distributed each year to Unitholders or otherwise in order to eliminate Calloway's liability for tax under Part I of the Tax Act. Where such amount of net income and net realized capital gains of Calloway in a taxation year exceeds the cash available for distribution in the year, such excess net income and net realized capital gains will be distributed to Unitholders in the form of additional Units. Unitholders will generally be required to include an amount equal to the fair market value of those Units in their taxable income, in circumstances where they do not directly receive a cash distribution.

The extent to which distributions will be tax deferred in the future will depend in part on the extent to which Calloway is able to deduct capital cost allowance relating to properties directly held by Calloway.

Debt Financing

As at March 11, 2005, Calloway had outstanding indebtedness of approximately \$681 million, of which approximately \$156 million is principal payments and debt maturing prior to January 1, 2010. In addition, approximately 2% of Calloway's indebtedness, as a percentage of Gross Book Value, is variable rate debt as at March 11, 2005. See "Overview of the Property Portfolio - Financing".

The ability of Calloway to make cash distributions or make other payments or advances is subject to applicable laws and contractual restrictions contained in the instruments governing its indebtedness. The degree to which Calloway is leveraged could have important consequences to the holders of the Units, including: that Calloway's ability to obtain additional financing for working capital, capital expenditures or acquisitions in the future may be limited; that a significant portion of Calloway's cash flow from operations may be dedicated to the payment of the principal of and interest on its indebtedness, thereby reducing funds available for future operations and distributions; that certain of Calloway's borrowings may be at variable rates of interest, which exposes it to the risk of increased interest rates; and that Calloway may be vulnerable to economic downturns including Calloway's ability to retain and attract tenants. Also, there can be no assurance that Calloway will continue to generate sufficient cash flow from operations to meet required interest and principal payments. Further, Calloway is subject to the risk that any of its existing indebtedness may not be able to be refinanced upon maturity or that the terms of such financing may not be as favourable as the terms of its existing indebtedness. These factors may adversely affect Calloway's cash distributions.

Calloway's various credit facilities provide first charge security interests on most of the properties in its portfolio of income producing properties, to the various lenders. These credit facilities contain numerous terms and covenants that limit the discretion of management with respect to certain business matters. These covenants place restrictions on, among other things, the ability of Calloway to create liens or other encumbrances, to pay distributions on its Units or make certain other payments, investments, loans and guarantees and to sell or otherwise dispose of assets and merge or consolidate with another entity. In addition, the credit facilities contain a number of financial covenants that require Calloway to meet certain financial ratios and financial condition tests. For example, certain of Calloway's loans require specific loan to value and debt service coverage ratios which must be maintained by Calloway. A failure to comply with the obligations in the credit facilities could result in a default which, if not cured or waived, could result in a reduction or termination of distributions by Calloway and permit acceleration of the relevant indebtedness. If the indebtedness under the credit facilities were to be accelerated, there can be no assurance that the assets of Calloway would be sufficient to repay in full that indebtedness.

Unitholder Liability

On July 1, 2004, the *Income Trusts Liability Act* (Alberta) came into force. This act creates a statutory limitation on the liability of unitholders of Alberta income trusts such as Calloway. The legislation provides that a Unitholder will not be, as a beneficiary, liable for any act, default, obligation or liability of the Trustees that arises after the legislation comes into effect.

Further, the Declaration of Trust provides that no Unitholder will be subject to any liability in connection with Calloway or its obligations and affairs and, in the event that a court determines Unitholders are subject to any such liabilities, the liabilities will be enforceable only against, and will be satisfied only out of, the Unitholder's share of Calloway's assets. Pursuant to the Declaration of Trust, Calloway will reimburse each Unitholder from any cost, damages, liabilities, expenses, charges and losses suffered by a Unitholder resulting from or arising out of any payment of a Calloway obligation by a Unitholder.

Further, the Declaration of Trust provides that written instruments signed by or on behalf of Calloway shall, if practicable, contain a provision to the effect that such obligation will not be binding upon Unitholders personally. Notwithstanding the terms of the Declaration of Trust, Unitholders may not be protected from liabilities of Calloway to the same extent as a shareholder is protected from the liabilities of a corporation. Personal liability may also arise in respect of claims against Calloway (to the extent that claims are not satisfied by Calloway) that do not arise under contracts, including claims in tort, claims for taxes and possibly certain other statutory liabilities.

The business of Calloway will be conducted, upon the advice of counsel, in such a way and in such jurisdictions as to avoid as far as possible any material risk of liability to the Unitholders for claims against Calloway including by obtaining appropriate insurance, where available, for the operations of Calloway and having written agreements signed by or on behalf of Calloway include a provision that such obligations are not binding upon Unitholders personally.

However, in conducting its affairs, Calloway will be acquiring, and has acquired, real property investments subject to existing contractual obligations, including obligations under mortgages and leases. The Trustees will use all reasonable efforts to have any such obligations under mortgages on its properties and material contracts, other than leases, modified so as not to have such obligations binding upon any of the Unitholders or annuitants personally. However, Calloway may not be able to obtain such modification in all cases. To the extent that claims are not satisfied by Calloway, there is a risk that a Unitholder or annuitant will be held personally liable for obligations of Calloway where the liability is not disavowed as described above.

Nature of Units

Securities such as the Units share certain, though not all, attributes common to shares of a company. As holders of Units, Unitholders will not have the statutory rights normally associated with ownership of shares of a company including, for example, the right to bring "oppression" or "derivative" actions. The Units are not "deposits" within the meaning of the *Canada Deposit Insurance Corporations Act* (Canada) and are not insured under the provisions of the Act or any other legislation.

Potential Conflicts of Interest

Calloway may be subject to various conflicts of interest because of the fact that the Trustees and executive management, and their associates, are engaged in a wide range of real estate and other business activities. Calloway may become involved in transactions which conflict with the interests of the foregoing.

The Trustees, executive management and their associates or affiliates may from time to time deal with persons, firms, institutions or corporations with which Calloway may be dealing, or which may be seeking investments similar to those desired by Calloway. The interests of these persons could conflict with those of Calloway. In addition, from time to time, these persons may be competing with Calloway for available investment opportunities.

The Declaration of Trust contains "conflicts of interest" provisions requiring Trustees to disclose material interests in material contracts and transactions and refrain from voting. Kevin Pshebniski has disclosed in writing that, as a President of Hopewell Development Corporation, a Calgary based real estate developer with which Calloway has entered into a development agreement, he will be interested in any contract or transaction, or proposed contract or transaction, with that company and its affiliates. David Calnan is a partner of Shea Nerland Calnan, a law firm that provides legal services to Calloway. Simon Nyilassy is the Executive Vice President Finance and Treasury of FirstPro, and will be interested in any contract or transaction or proposed contract or transaction, with FirstPro and its affiliates. Michael Young provides consulting services to Calloway in consideration for a fee calculated as between 10 and 15 basis points multiplied by the amount raised by Calloway in any public financing.

Capital Requirements

Calloway accesses the capital markets from time-to-time. If Calloway were to be unable to raise additional funds through the issuance of debt, equity or equity-related securities, certain of its acquisition or development activities may be curtailed. Furthermore, Calloway may not be able to raise additional funds on favourable terms.

Dilution

Calloway is authorized to issue an unlimited number of Units. Any issuance of Units may have a dilutive effect on existing Unitholders.

Reliance on Key Personnel

Management of Calloway depends on the services of certain key personnel. Investors who are not prepared to rely on this management should not invest in Units. The loss of the services of key personnel could have an adverse effect on Calloway. Calloway does not have key man insurance on any of its key employees.

Trustees

The Trustees, with the exception of J. Michael Storey, will not devote their full time and attention to the affairs of Calloway. In addition, FirstPro has the ability to appoint members to the board of Trustees and certain committees of the board of Trustees disproportionate to their relative percentage ownership in Trust Units. See "Declaration of Trust and Description of Units - Trustees".

MANAGEMENT OF CALLOWAY

General

An experienced and capable executive management team provides strategic direction to Calloway, subject to the supervision of the board of Trustees. Members of the executive management team have an extensive understanding of the commercial real estate industry in Calloway's target markets. The executive management of Calloway seeks to achieve and maintain geographic asset diversity, staggered lease maturities, staggered debt maturities, reasonable asset leverage, strong tenant covenants, high occupancy rates with contractual rental rate increases and appropriate capital improvement and redevelopment programs. All of Calloway's investments are subject to specific investment guidelines and the operations of Calloway are subject to specific operating policies. See "Investment Guidelines and Operating Policies".

Trustees of Calloway

The following table sets forth the name, municipality of residence, office held with Calloway, experience and principal occupation during at least the last five (5) years and the approximate number of Units beneficially owned or controlled as of March 17, 2005 of each of the current Trustees of Calloway:

<u>Name and Municipality Of Residence</u>	<u>Current Office In Calloway</u>	<u>Principal Occupation</u>	<u>Units Beneficially Owned or Controlled</u>
J. Michael Storey..... Calgary, Alberta	President, Chief Executive Officer and Trustee	President, Chief Executive Officer and a Trustee of Calloway Real Estate Investment Trust since December 4, 2001. President, Chief Executive Officer and a Director of Calloway Properties Inc. from May 1, 1997 to January 22, 2002. Prior thereto, employed with Price Waterhouse's financial advisory services group from July 1988 to August 1995. Chartered Accountant designation in 1984. Bachelor of Commerce from the University of Saskatchewan in 1980.	68,158
Keith McRae Calgary, Alberta	33	Director of Operations	Director of Operations of Calloway Real Estate Investment Trust since February 1, 2002. Prior thereto, employed with J.J. Barnicke Calgary Ltd., in investment sales from June of 2000. Prior thereto, employed with Torode Realty of Edmonton, Alberta in investment sales. Masters of Business Administration Degree from the Richard Ivey School of Business at the University of Western Ontario in 1999. Bachelor of Commerce Degree from the University of Alberta in 1993. Each position was in the real estate business.	36,325

As of March 17, 2005, the Trustees and executive officers of Calloway, as a group, beneficially owned or controlled, directly and indirectly, 1,088,742 Units of Calloway, which represented approximately 3% of the issued and outstanding Units of Calloway.

Cease Trade Orders, Bankruptcies, Penalties or Sanctions

Except as set out below, to the best of the knowledge of management of the Trust, no person or company who is a Trustee or executive officer of the Trust, or a person or company that is the direct or indirect owner of, or who exercises control or direction over, a sufficient number of Units of the Trust so as to materially affect the control of the Trust:

- (a) is, as at the date of this annual information form or has been, within the 10 years before the date of this annual information form, a director or executive officer of any company, that:

- (i) while that person was acting in that capacity, was the subject of a cease trade or similar order or an order that denied the relevant company access to any exemption under securities legislation, for a period of more than 30 consecutive days;
 - (ii) while that person was acting in that capacity, was subject to an event that resulted, after the director or executive officer ceased to be a director or executive officer, in the company being the subject of a cease trade or similar order or an order that denied the relevant company access to any exemption under securities legislation, for a period of more than 30 consecutive days; or
 - (iii) within a year of that person ceasing to act in that capacity, became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold its assets; or
- (b) has, within the 10 years before the date of this annual information form, become bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency, or become subject to or instituted any proceedings, arrangement or compromise with creditors, or had a receiver, receiver manager or trustee appointed to hold the assets of the director, officer or shareholder.

Sable Technologies, Inc., a California based company of which Kevin Pshebniski was a director, filed bankruptcy protection documentation in California on August 12, 2001. Kevin Pshebniski was a director of Sable Technologies, Inc. at the time. Bramalea Limited, a company of which Simon Nyilassy was Senior Vice-President, Finance, filed for bankruptcy protection in 1995.

Conflict of Interest Restrictions and Provisions

The Declaration of Trust contains "conflict of interest" provisions that serve to protect Unitholders without creating undue limitations on Calloway. Given that the Trustees are engaged in a wide range of real estate and other business activities, the Declaration of Trust contains provisions, similar to those contained in the Canada Business Corporations Act, that require each Trustee to disclose to Calloway any interest in a material contract or transaction or proposed material contract or transaction with Calloway (including a contract or transaction involving the making or disposition of any investment in real property or a joint venture arrangement) or the fact that such person is a director or officer of or otherwise has a material interest in any person who is a party to a material contract or transaction or proposed material contract or transaction with Calloway. Such disclosure is required to be made at the first meeting at which a proposed contract or transaction is considered. In the event that a material contract or transaction or proposed material contract or transaction is one that in the ordinary course would not require approval by the Trustees, a Trustee is required to disclose in writing to Calloway or request to have entered into the minutes of the meeting of the Trustees the nature and extent of his or her interest forthwith after the Trustee becomes aware of the contract or transaction or proposed contract or transaction. In any case, a Trustee who has made disclosure to the foregoing effect is not entitled to vote on any resolution to approve the contract or transaction unless the contract or transaction is one relating primarily to his or her remuneration as a Trustee, officer, employee or agent of Calloway or one for indemnity under the provisions of the Declaration of Trust or liability insurance. Kevin Pshebniski has disclosed in writing that, as a President of Hopewell Development Corporation, a Calgary based real estate developer with which Calgary has entered into a development agreement, he will be interested in any contract or transaction, or proposed contract or transaction, with that company and its affiliates. David Calnan is a partner of Shea Nerland Calnan, a law firm that provides legal services to Calloway. Simon Nyilassy is the Executive Vice President Finance and Treasury of FirstPro, and will be interested in any contract or transaction or proposed contract or transaction, with FirstPro and its affiliates. Michael Young provides consulting services to Calloway in consideration for a fee calculated as between 10 and 15 basis points multiplied by the amount raised by Calloway in any public financing.

OPERATION OF THE PROPERTY PORTFOLIO

Leasing Function

Calloway has developed a leasing strategy for each property reflecting the nature of the property, its position within the local marketplace, prevailing and forecast economic conditions and the state of the local real estate market and status of existing tenancies. To implement this strategy, Calloway utilizes and coordinates with the brokerage leasing community and retains appropriate agents on a best-in-class basis for each of the assets. Management expects that this strategy will maximize expansion and renewal opportunities and will involve aggressive, proactive leasing programs.

Property Management Function

The property management function for the Property Portfolio is provided by FirstPro, HRESI, Landmark and internally by Calloway.

FirstPro manages the FirstPro Properties and the Partnership Properties pursuant to the FirstPro Management Agreements and the Samia and Anjou properties acquired in 2005 from third parties.

The FirstPro Management Agreements for the FirstPro Properties include:

- (a) leasing fees equal to \$3.00 per square foot on new leases entered into with respect to the FirstPro Properties and \$1.00 per square foot for lease renewals, inclusive of outside leasing agent fees;
- (b) property management fees equal to 3% of gross rental revenues;
- (c) financing fees equal to 0.5% of any new third party financing where FirstPro is requested to act in this capacity, in which case this fee is inclusive of outside mortgage broker fees;
- (d) disposition fees equal to 2% of gross proceeds of any disposition; and
- (e) a term of five years, renewable, at the option of FirstPro, for a further five year term.

FirstPro manages the Partnership Properties pursuant to the FirstPro Management Agreements. The FirstPro Management Agreements for the Partnership Properties include:

- (a) leasing fees equal to \$3.00 per square foot on new leases entered into with respect to the Partnership Properties and \$1.00 per square foot for lease renewals, inclusive of outside leasing agent fees;
- (b) property management fees equal to 2.5% of net rental revenue plus the administration fees paid by tenants under relevant leases; and
- (c) a term of five years, renewable, at the option of FirstPro, for a further five year term.

HRESI provides property management services for certain multi-tenant assets in Alberta, British Columbia and Ontario. The property management team at HRESI currently manages 1.5 million square feet of commercial real estate in these provinces and have over 75 years of experience in managing retail, industrial and office properties. HRESI is responsible for the provision to Calloway of property management services for the following properties within the Property Portfolio pursuant to the Hopewell Management Agreements:

- Airtech Centre, Vancouver, British Columbia;
- Canadian Commercial Centre, Calgary, Alberta;
- British Colonial Building, Toronto, Ontario;

- Collingwood Plaza, Calgary, Alberta; and
- Crowchild Centre, Calgary, Alberta.

In connection with the provision of its services to Calloway, HRESI is entitled to a fee for each fiscal year during the first three years of the Hopewell Management Agreements in an amount equal to the lesser of (i) 3.0% of the aggregate of gross rentals payable and received from the HRESI managed properties during such year; and (ii) the actual annual recovery from the tenants under their leases for management and administrative fees, charges, expenses and penalties. For lease renewals, HRESI is entitled to a leasing fee equal to one half of the industry standard leasing fees.

The Hopewell Management Agreements have an initial term of three years and will automatically be renewed for successive one year renewal terms, unless otherwise terminated in accordance with the Hopewell Management Agreements. After the initial term, the Hopewell Management Agreements may be terminated by either party on 90 days notice.

Calloway has entered into a property management contract with Landmark with respect to Namao Centre, a retail centre located in Edmonton, Alberta. The contract is for a one year term and is on market terms.

Calloway has determined that it is cost effective to internally manage Lloyd Mall located in Lloydminster, Alberta, the Ecco Building and the Gesco Warehouse in Calgary, Alberta and the three light industrial properties in Winnipeg, Manitoba. Calloway's management team has, in the aggregate, over 40 years of combined experience in lease negotiation, building improvements and property supervision.

Calloway intends to internalize the property management function for all of its properties either directly or through a wholly-owned subsidiary when it is cost effective to do so.

Environmental Policy

Calloway will endeavour to ensure that the Property Portfolio is managed in compliance with all applicable environmental laws and regulations and has adopted and implemented rules, standards and procedures to deal with all applicable environmental issues for each asset in the Property Portfolio. Calloway's operating policy requires it to obtain a Phase 1 environmental assessment conducted by an independent and experienced environmental consultant prior to acquiring a property.

LEGAL PROCEEDINGS

Calloway has not been, nor is presently involved in, any legal proceedings material to it and insofar as it is aware, no such proceedings are contemplated.

TRANSFER AGENT AND REGISTRAR

Computershare Trust Company of Canada at its principal offices in Calgary, Alberta and Toronto, Ontario is the transfer agent and registrar for the Units.

MATERIAL CONTRACTS

There are no contracts, other than contracts entered into in the ordinary course of business, that are material to Calloway that were entered into within the most recently completed financial period, or before the most recently completed financial period but that are still in effect, other than set out below:

- (a) The Purchase and Sale Agreement dated April 13, 2004 between Calloway as purchaser, the Partnership as vendor and First Professional Group Inc. as manager for the acquisition by Calloway of the Partnership Properties III. See "Calloway Real Estate Investment Trust - Acquisitions, Dispositions and Loans" for further details.

- (b) The Trust Indenture dated as of May 14, 2004 between Calloway and Computershare Trust Company of Canada as trustee providing for the issuance of the Debentures. See "Debentures".
- (c) An Agreement of Purchase and Sale Agreement dated October 13, 2004 between Calloway as purchaser, the Partnership as vendor and First Professional Group Inc. as manager for the acquisition by Calloway of the Partnership Properties III. See "Calloway Real Estate Investment Trust - Acquisitions, Dispositions and Loans" for further details.
- (d) An Agreement of Purchase and Sale Agreement dated October 13, 2004 between Calloway as purchaser, the Co-ownership as vendor and First Professional Group Inc. as manager for the acquisition by Calloway of the Co-ownership Properties. See "Calloway Real Estate Investment Trust - Acquisitions, Dispositions and Loans" for further details.

INTERESTS OF EXPERTS

The Trust's auditors are Kenway Mack Slusarchuk Stewart LLP, of Calgary, Alberta. The Trust's consolidated annual financial statements for the year ended December 31, 2004 have been filed under National Instrument 51-102 in reliance on the report of Kenway Mack Slusarchuk Stewart LLP, independent chartered accountants, given on their authority as experts in auditing and accounting. As of March 2, 2005, the partners and employees of Kenway Mack Slusarchuk Stewart LLP as a group did not beneficially own, directly or indirectly, any of the Trust's outstanding securities.

AUDIT COMMITTEE

Audit Committee Charter

A copy of the charter of the Audit Committee is attached as Schedule A to this Annual Information Form.

Audit Committee Composition and Background

The Audit Committee consists of David Carpenter (chair), Aladin Mawani, Jamie McVicar and Kevin Pshebniski. Each member of the Audit Committee is independent and financially literate, as such terms are defined in Multilateral Instrument 52-110 – Audit Committees.

Relevant Education and Experience

In addition to each member's general business experience, the education and experience of each member of the Audit Committee that is relevant to the performance of his responsibilities as a member of the Audit Committee are set forth below.

David Carpenter – Mr. Carpenter served as mayor of Lethbridge, Alberta from 1986 to 2001. Mr. Carpenter was the Alberta representative on the board of the Federation of Canadian Municipalities from 1999 to 2000. Mr. Carpenter has been a Fellow of the Institute of Chartered Accountants since 1989. Mr. Carpenter acts as Chairman of the board of WCB-Alberta and is the former publisher of several Western Canadian newspapers.

Aladin Mawani – Mr. Mawani is currently president of Exponent Capital Partners Inc., a private equity firm. Prior to January 31, 2004, Mr. Mawani was a Vice-President of Industrial Promotion Services Ltd., another private equity firm. Prior thereto, Mr. Mawani was Executive Vice-President of Business Development for one year and Senior Vice-President and Chief Financial Officer for 10 years at Oxford Properties Group Inc., one of Canada's largest real estate companies. Mr. Mawani is a Chartered Accountant and has a Masters in Business Administration from the University of Toronto. He is a member of the Financial Executives Institute and is a trustee of IPC US Real Estate Investment Trust and Boardwalk Real Estate Investment Trust.

Jamie McVicar – Mr. McVicar has been the Chief Financial Officer at Devonian Properties Ltd. since October 2000. Mr. McVicar was the President of Newell Post Developments Ltd. from June 1998 to June 2000. Mr. McVicar also acted as legal counsel for Oxford Development Group from 1988 to June 1998.

Kevin Pshebniski – Mr. Pshebniski was the Vice President with Hopewell Group of Companies from January 1996 to September 1997, Chief Operating Officer of Hopewell Development Corporation from September 1997 to September 1998 and is currently the President of Hopewell Development Corporation. Mr. Pshebniski has also been the Vice President of Exeter Financial Corp., a private mortgage finance company, from 1995 to present.

Pre-Approval Policies and Procedures

The Audit Committee must pre-approve all non-audit services to be provided to the Trust or its subsidiary entities by its external auditors or the external auditors of the Trust's subsidiary entities.

External Auditor Service Fees

The aggregate amounts paid or accrued by the Trust with respect to fees payable to Kenway Mack Slusarchuk Stewart LLP, the auditors of the Trust, for audit (including separate audits of subsidiary entities, financings and regulatory reporting requirements), audit-related, tax and other services in the fiscal years ended December 31, 2004 and 2003 were as follows:

	<u>2004</u>	<u>2003</u>
Audit fees ⁽¹⁾	\$129,800	\$46,050
Audit-related fees ⁽²⁾	\$66,050	\$13,250
Tax fees ⁽³⁾	\$12,100	\$18,350
All other fees ⁽⁴⁾	\$169,150	\$64,300
TOTAL	\$377,100	\$141,950

Notes:

- (1) "Audit fees" include the aggregate professional fees paid to Kenway Mack Slusarchuk Stewart LLP for the audit of the annual consolidated financial statements and other regulatory audits and filings.
- (2) "Audit-related fees" include the aggregate fees paid to Kenway Mack Slusarchuk Stewart LLP for services related to the audit services, including namely review of quarterly financial statements and management's discussion and analysis thereon, audit of property common area costs, advise on audit committee charter and consultations regarding financial reporting and accounting standards.
- (3) "Tax fees" include the aggregate fees paid to Kenway Mack Slusarchuk Stewart LLP for tax compliance, tax advice, tax planning and advisory services, including namely preparation of tax returns, deferred unit plan considerations and sales tax assistance.
- (4) "All other fees" include the aggregate fees paid to Kenway Mack Slusarchuk Stewart LLP for all other services other than those presented in the categories of audit fees, audit-related fees and tax fees, including namely assistance with management information circulars and prospectuses, service related to underwriter's due diligence and assistance to legal counsel for applications for relief to securities commissions.

The Audit Committee of the Trust considered and agreed that the above fees are compatible with maintaining the independence of the Trust's auditors. Further, the Audit Committee determined that, in order to ensure the continued independence of the auditors, only limited non-audit related services will be provided to the Trust by Kenway Mack Slusarchuk Stewart LLP and in such case, only with the prior approval of the Audit Committee.

ADDITIONAL INFORMATION

Additional information relating to the Trust may be found on SEDAR at www.sedar.com.

Additional information, including trustees', directors' and officers' remuneration and indebtedness, principal holders of the Trust's securities and securities authorized for issuance under equity compensation plans, where applicable, is contained in the Trust's Information Circular for its most recent meeting of Unitholders which involved the election of Trustees.

Additional financial information is provided in the Trust's consolidated financial statements and management discussion and analysis for its most recently completed financial year.

SCHEDULE A

CHARTER OF THE AUDIT COMMITTEE

I. The Board of Trustees' Mandate for the Audit Committee

- 1. The Board of Trustees** (the "Board") bears responsibility for the stewardship of Calloway Real Estate Investment Trust (the "Trust"). To discharge that responsibility, the Board supervises the management of the business and affairs of the Trust. The Board's supervisory function involves Board oversight or monitoring of all significant aspects of the management of the Trust's business and affairs.

Financial reporting and disclosure by the Trust constitutes a significant aspect of the management of the Trust's business and affairs.

The objective of the Board's monitoring of the Trust's financial reporting and disclosure (the "Financial Reporting Objective") is to gain reasonable assurance of the following:

- a) that the Trust complies with all applicable laws, regulations, rules, policies and other requirements of governments, regulatory agencies and stock exchanges relating to financial reporting and disclosure;
- b) that the accounting principles, significant judgements and disclosures which underlie or are incorporated in the Trust's financial statements are the most appropriate in the prevailing circumstances;
- c) that the Trust's quarterly and annual financial statements are accurate and present fairly the Trust's financial position and performance in accordance with generally accepted accounting principles; and
- d) that appropriate information concerning the financial position and performance of the Trust is disseminated to the public in a timely manner.

The Board is of the view that the Financial Reporting Objective cannot be reliably met unless the following activities (the "Fundamental Activities") are conducted effectively:

- a) the Trust's accounting functions are performed in accordance with a system of internal financial controls designed to capture and record properly and accurately all of the Trust's financial transactions;
- b) the Trust's internal financial controls are regularly assessed for effectiveness and efficiency;
- c) the Trust's quarterly and annual financial statements are properly prepared by management;
- d) the Trust's quarterly and annual financial statements are reported on by an external auditor appointed by the unitholders of the Trust; and
- e) the financial components of the Trust's Disclosure Policy are complied with by management and the Board.

To assist the Board in its monitoring of the Trust's financial reporting and disclosure, the Board hereby acknowledges the existence of, a committee of the Board known as the Audit Committee (the "Committee"), as established in the Declaration of Trust (the "Declaration"). The Committee shall develop for the Board's approval a Charter which, amongst other things, will describe the activities in which the Committee will engage to operationalize the powers delegated to it in the Declaration, for the purpose of gaining reasonable assurance that the Fundamental Activities are being conducted effectively and that the Financial Reporting Objective is being met.

2. **Composition of the Committee**

- a) The Committee shall be appointed annually by the Board and consist of not less than three (3) members from among the Trustees of the Trust, each of whom shall be an independent trustee and free from any relationship that, in the opinion of the Board, would interfere with the exercise of his or her objective judgement as a member of the Committee. Officers of the Trust including the Chairman of the Board, may not serve as members of the Audit Committee.
- b) The Board shall designate the Chairman of the Committee.

3. **Reliance on Experts**

In contributing to the Committee's discharging of its duties under this mandate, each member of the Committee shall be entitled to rely in good faith upon:

- a) financial statements of the Trust represented to him or her, by an officer of the Trust or in a written report of the external auditors, to present fairly the financial position of the Trust in accordance with Canadian generally accepted accounting principles ("GAAP"); and
- b) any report of a lawyer, accountant, engineer, appraiser or other person whose profession lends credibility to a statement made by any such person.

4. **Authority of the Committee**

The Committee shall have the authority:

- a) to institute investigations of improprieties, or suspected improprieties, within the scope of its responsibilities,
- b) to inspect any and all books and records of the Trust and affiliated entities,
- c) to discuss with Trust personnel, any affected party and the external auditors, such accounts, records and other matters as any member of the Committee considers necessary and appropriate,
- d) to engage independent counsel and other advisors as it determines necessary to carry out its duties, and
- e) to access Trust resources including administrative support to assist in carrying out its duties.

5. **Limitations on Committee's Duties**

In contributing to the Committee's discharging of its duties under this mandate, each member of the Committee shall be obliged only to exercise the care, diligence and skill that a reasonably prudent person would exercise in comparable circumstances. Nothing in this mandate is intended, or may be construed, to impose on any member of the Committee a standard of care or diligence that is in any way more onerous or extensive than the standard to which all Board members are subject. The essence of the Committee's duties is monitoring and reviewing to gain reasonable assurance (but not to ensure) that the Fundamental Activities are being conducted effectively and that the Financial Reporting Objective is being met and to enable the Committee to report thereon to the Board.

II. **Audit Committee Charter**

The Audit Committee's Charter outlines how the Committee will satisfy the requirements set forth by the Board in its mandate. This Charter comprises:

- Operating Principles;

- Operating Procedures;
- Specific Responsibilities and Duties.

A. Operating Principles

The Committee shall fulfill its responsibilities within the context of the following principles:

- 1) Values**
The Committee expects the management of the Trust to operate in compliance with the Trust's Code of Business Conduct and Ethics and other policies; with laws and regulations governing the Trust; and to maintain strong financial reporting and control processes.
- 2) Communications**
The Chairman (and others on the Committee) expects to have direct, open and frank communications throughout the year with management, other Committee Chairmen, the external auditors and other key Committee advisors as applicable.
- 3) Financial Literacy**
All Audit Committee Members should be sufficiently versed in financial matters to understand the Trust's accounting practices and policies and the major judgements involved in preparing the financial statements.
- 4) Annual Audit Committee Work Plan**
The Committee, in consultation with management and the external auditors, shall develop an annual Audit Committee Work Plan responsive to the Committee's responsibilities as set out in this Charter. In addition, the Committee, in consultation with management and the external auditors, shall develop and participate in a process for review of important financial topics that have the potential to impact the Trust's financial disclosure.
- 5) Meeting Agendas**
Committee meeting agendas shall be the responsibility of the Chairman of the Committee in consultation with Committee members, senior management and the external auditors.
- 6) Committee Expectations and Information Needs**
The Committee shall communicate its expectations to management and the external auditors with respect to the nature, timing and extent of its information needs. The Committee expects that written materials will be received from management and the external auditors at least two days in advance of meeting dates.
- 7) External Resources**
To assist the Committee in discharging its responsibilities, the Committee may, in addition to the external auditors, at the expense of the Trust, retain one or more persons having special expertise.
- 8) In Camera Meetings**
At a minimum of once per year, the members of the Committee shall meet in private session with the external auditors; with management; and with the Committee members only.
- 9) Reporting to the Board**
The Committee, through its Chairman, shall report after each Committee meeting to the Board at the Board's next regular meeting.
- 10) Committee Self Assessment**
The Committee shall annually review, discuss and assess its own performance. In addition, the Committee shall periodically review its role and responsibilities.

11) The External Auditors

The Committee expects that, in discharging their responsibilities to the unitholders, the external auditors shall be accountable to the Board through the Audit Committee. The external auditors shall report all material issues or potentially material issues to the Committee.

B. Operating Procedures

- 1) The Committee shall meet at least four times annually, or more frequently as circumstances dictate. Meeting shall be held at the call of the Chairman, upon the request of any member of the Committee or at the request of the external auditors.
- 2) A quorum shall be a majority of the members. However, it shall be the practice of the Audit Committee to require review, and if necessary, approval of certain important matters by all members of the Audit Committee.
- 3) Unless the Committee otherwise specifies, the Secretary or Assistant Secretary of the Trust shall act as Secretary of all meetings of the Committee.
- 4) In the absence of the Chairman of the Committee, the members shall appoint an acting Chairman.
- 5) Questions arising at any meeting of the Committee shall be decided by a majority of the votes cast. In the case of an equality of votes, the Chairman of the meeting shall not have a second or casting vote in addition to his original vote, if any
- 6) Any member may participate in a meeting of the Committee by means of a conference telephone or other communication equipment by means of which all persons participating in the meeting can hear each other and a member so participating shall be considered to be present in person at that meeting.
- 7) A copy of the minutes of each meeting of the Committee shall be provided to each member of the Committee and to each director of the Trust in a timely fashion.
- 8) A written resolution of the Committee, signed by all of the members of the Committee, is valid as if it had been passed at a meeting of the Committee.

C. Specific Responsibilities and Duties

To fulfill its responsibilities and duties, the Committee shall:

Financial Reporting

- 1) review the Trust's annual and quarterly financial statements with management and the external auditors to gain reasonable assurance that the statements are accurate, complete, represent fairly the Trust's financial position and performance and are in accordance with GAAP and report thereon to the Board before such financial statements are approved by the Board;
- 2) review with management and the external auditors the financial statements of the Trust's significant subsidiaries;
- 3) receive from the external auditors reports on their review of the annual and quarterly financial statements;

- 4) receive from management a copy of the representation letter provided to the external auditors and receive from management any additional representations required by the Committee;
- 5) review and, if appropriate, recommend approval to the Board of news releases and reports to unitholders issued by the Trust with respect to the Trust's annual and quarterly financial statements;
- 6) be satisfied that adequate procedures are in place for the review of the Trust's public disclosure of financial information extracted or derived from the Trust's financial statements and must periodically assess the adequacy of those procedures;
- 7) review and if appropriate, recommend approval to the Board of prospectuses, business acquisition reports, material change disclosures of a financial nature, management discussion and analysis, annual information forms and similar disclosure documents to be issued by the Trust;
- 8) review any correspondence that the Trust may receive from securities regulators or government agencies relating to financial reporting matters;
- 9) review the financial statement certification process.

Accounting Policies

- 1) review with management and the external auditors the appropriateness of the Trust's accounting policies, disclosures, key estimates and judgements, including changes or variations thereto;
- 2) obtain reasonable assurance that they are in compliance with GAAP; and report thereon to the Board;
- 3) review with management and the external auditors the degree of conservatism of the Trust's underlying accounting policies and key estimates and judgements.

Risk and Uncertainty

- 1) acknowledging that it is the responsibility of the Board, in consultation with management, to identify the principal business risks facing the Trust, determine the Trust's tolerance for risk and approve risk management policies, the Committee shall focus on financial risk and gain reasonable assurance that financial risk is being effectively managed or controlled by:
 - a) reviewing with management the Trust's tolerance for financial risks;
 - b) reviewing with management its assessment of the significant financial risks facing the Trust;
 - c) reviewing with management the Trust's policies and any proposed changes thereto for managing those significant financial risks;
 - d) reviewing with management its plans, processes and programs to manage and control such risks;
- 2) ascertain that policies and procedures are in place to minimize environmental, occupational health and safety and other risks to asset value and mitigate damage to or deterioration of asset value and review such policies and procedures periodically;
- 3) review policies and compliance therewith that require significant actual or potential liabilities, contingent or otherwise, to be reported to the Board in a timely fashion;

- 4) review interest rate risk mitigation strategies, including the use of derivative financial instruments;
- 5) review the adequacy of insurance coverages maintained by the Trust;
- 6) review regularly with management, the external auditors and the Trust's legal counsel, any legal claim or other contingency, including tax assessments, that could have a material effect upon the financial position or operating results of the Trust and the manner in which these matters have been disclosed in the financial statements.

Financial Controls and Control Deviations

- 1) review with management and in consultation with the external auditors the appropriateness and effectiveness of the Trust's internal controls, policies and business practices which impact the financial integrity of the Trust, including those relating to accounting, information systems, financial reporting, management reporting, insurance and risk management;
- 2) review the plans of the external auditors in regards to the evaluation and testing of internal financial controls;
- 3) receive regular reports from management, the external auditors and its legal department on all significant deviations or indications/detection of fraud and the corrective activity undertaken in respect thereto;
- 4) periodically review with management the need for an internal audit function.

Compliance with Laws and Regulations

- 1) review regular reports from management and others (e.g. external auditors) with respect to the Trust's compliance with laws and regulations having a material impact on the financial statements including:
 - a) tax and financial reporting laws and regulations
 - b) legal withholding requirements
 - c) environmental protection laws and regulations
 - d) other laws and regulations which expose directors to liability;
- 2) review the status of the Trust's tax returns and those of its subsidiaries.

Relationship with External Auditors

- 1) recommend to the Board the nomination of the external auditors or the discharge of the external auditor when circumstances are warranted;
- 2) approve the remuneration and the terms of engagement of the external auditors as set forth in the Engagement Letter;
- 3) when there is to be a change of external auditors, review all issues and provide documentation related to the change, as specified by the relevant securities commissions in Canada and the planned steps for an orderly transition period;

- 4) review the performance of the external auditors annually or more frequently as required;
- 5) receive annually from the external auditors an acknowledgement in writing that the unitholders, as represented by the Board and the Committee, are their primary client;
- 6) pre-approve all non-audit services to be provided to the Trust or its subsidiary entities by its external auditors or the external auditors of the Trust's subsidiary entities. The Audit Committee may satisfy the pre-approval requirement if:
 - a) the aggregate amount of all the non-audit services that were not pre-approved constitutes no more than five per cent of the total amount of revenues paid by the Trust to its external auditors during the fiscal year in which the services are provided;
 - b) the services were not recognized by the Trust at the time of the engagement to be non-audit services; and
 - c) the services are promptly brought to the attention of the Committee and approved, prior to the completion of the audit, by the Committee or by one or more members of the Committee to whom authority to grant such approvals has been delegated by the Committee;
- 7) receive a report annually from the external auditors with respect to their independence, such report to include a disclosure of all engagements (and fees related thereto) for non-audit services provided to the Trust;
- 8) review with the external auditors the scope of the audit, the areas of special emphasis to be addressed in the audit and the materiality levels which the external auditors propose to employ;
- 9) meet at a minimum of once per year with the external auditors in the absence of management to determine, inter alia, that no management restrictions have been placed on the scope and extent of the audit examinations by the external auditors or the reporting of their findings to the Committee and that there was no disagreement with management on a significant accounting issue;
- 10) establish effective communication processes with management and the Trust's external auditors to assist the Committee to monitor objectively the quality and effectiveness of the relationship among the external auditors, management and the Committee.

Other Responsibilities

- 1) periodically review the form, content and level of detail of financial reports to the Board;
- 2) approve annually the reasonableness of the expenses of the Chairman of the Board and the Chief Executive Officer;
- 3) after consultation with the Chief Financial Officer and the external auditors, gain reasonable assurance, at least annually, of the quality and sufficiency of the Trust's accounting and financial personnel and other resources;
- 4) review in advance the appointment of the Trust's senior financial executives;
- 5) establish procedures for the receipt, retention and treatment of complaints and concerns of employees, unitholders and members of the public received by the Trust regarding accounting, internal accounting controls, or auditing matters;
- 6) investigate any matters that, in the Committee's discretion, fall within the Committee's duties;

- 7) review reports from the external auditors, and/or other Committee Chairmen on their review of compliance with the Trust's Code of Business Conduct and Ethics;
- 8) review and approve the Trust's hiring policies regarding partners, employees and former partners and employees of the present or former external auditor of the Trust;
- 9) enquire into and determine the appropriate resolution of any conflict of interest in respect of audit or financial matters, which are directed to the Committee;
- 10) review any significant transactions outside of the Trust's ordinary course of business;
- 11) perform such other functions as may from time to time be assigned to the Committee by the Board.

Accountability

- 1) review and update this Charter on a regular basis for approval by the Board;
- 2) review the description of the Committee's activities as set forth in the Declaration of Trust.

Form 52-109FT1 - Certification of Annual Filings during Transition Period

I, **J. Michael Storey**, Chief Executive Officer of Calloway Real Estate Investment Trust, certify that:

1. I have reviewed the annual filings (as this term is defined in Multilateral Instrument 52-109 *Certification of Disclosure in Issuers' Annual and Interim Filings*) of **Calloway Real Estate Investment Trust** (the issuer) for the period ending **December 31, 2004**;
2. Based on my knowledge, the annual filings do not contain any untrue statement of a material fact or omit to state a material fact required to be stated or that is necessary to make a statement not misleading in light of the circumstances under which it was made, with respect to the period covered by the annual filings; and
3. Based on my knowledge, the annual financial statements together with the other financial information included in the annual filings fairly present in all material respects the financial condition, results of operations and cash flows of the issuer, as of the date and for the periods presented in the annual filings.

AUDITORS' REPORT

To the Unitholders of Calloway Real Estate Investment Trust:

We have audited the consolidated balance sheets of Calloway Real Estate Investment Trust as at December 31, 2004 and 2003 and the consolidated statements of income, unitholders' equity and cash flows for the years then ended. These financial statements are the responsibility of the Trust's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these consolidated financial statements present fairly, in all material respects, the financial position of the Trust as at December 31, 2004 and 2003 and the results of its operations and its cash flows for the years then ended in accordance with Canadian generally accepted accounting principles.

Calloway Real Estate Investment Trust

Notes to the Consolidated Financial Statements

Years Ended December 31, 2004 and 2003

(All tabular amounts in thousands of dollars, except per unit and unit amounts)

1. Organization

Calloway Real Estate Investment Trust (the "REIT") is an unincorporated closed-end real estate investment trust governed by the laws of the Province of Alberta created under a declaration of trust, dated December 4, 2001 subsequently amended and restated on October 24, 2002, October 31, 2003 and January 16, 2004.

2. Acquisitions and Disposals

2004

On February 16, 2004, the REIT completed the acquisition of twelve retail properties from a partnership ("WM-FP Partnership") in which the FirstPro Shopping Centres group of companies ("FirstPro") is a 40% owner and an affiliate of a major tenant is a 60% owner. The purchase price of the properties was \$312,604,214 including costs of acquisition. Wal-Mart Canada Inc. operates stores in all twelve centres. The purchase price (net of adjustments) was satisfied as follows: by new debt financing on ten of the properties totaling \$191,650,000, by the vendors providing a non-interest bearing mortgage on two of the properties totaling \$12,912,723, and by the payment of the balance in cash. The REIT funded the cash component of the purchase price by issuing 10,948,182 units at a price of \$13.75 per unit. A significant unitholder subscribed for 1,818,182 of these units. Excess funds from the equity and debt issues, net of issuance costs, were used to repay variable rate debt obligations.

On May 4, 2004, the REIT completed the acquisition of a 50% and 49% undivided interest in two retail properties pursuant to an assignment of purchase agreement between FirstPro and the previous owner. The purchase price of these interests was \$52,375,529 including costs of acquisition. Under the terms of the assignment, the REIT loaned an additional \$9,400,000 at 9% per annum to FirstPro to replace mezzanine loans payable by FirstPro to one of the vendors of the properties. The purchase price (net of adjustments) was satisfied as follows: by bridge financing totaling \$33,500,000 and by the assumption of existing mortgages totaling \$29,105,655. Excess funds from the bridge financing were allocated to working capital.

On May 14, 2004, the REIT completed the acquisition of twelve retail properties from the WM-FP Partnership. The purchase price of the properties was \$287,564,135 including costs of acquisition. Wal-Mart Canada Inc. operates stores in all twelve centres. The purchase price (net of adjustments) was satisfied as follows: by new debt financing on eight of the properties totaling \$140,315,000, by the vendors providing a non-interest bearing mortgage on two of the properties totaling \$11,651,592 and an interest bearing mortgage on one of the properties totaling \$19,500,000, and by the payment of the balance in cash. The REIT funded the cash component of the purchase price by issuing 6,700,000 units at a price of \$15.00 per unit and by issuing 55,000 convertible unsecured subordinated debentures at a price of \$1,000 per debenture. Excess funds from the equity and debenture issues, net of issuance costs, were used to repay the bridge financing.

On November 30, 2004, the REIT completed the acquisition of six retail properties from the WM-FP Partnership. The purchase price of the properties was \$71,521,036 including costs of acquisition. Wal-Mart Canada Inc. operates stores in all six centres (three stores continue to be owned by Wal-Mart). The purchase price (net of adjustments) was satisfied as follows: by new debt financing on three of the properties totaling \$36,100,000, by the vendors providing a non-interest bearing mortgage on two of the properties totaling \$5,738,276, and by the payment of the balance in cash. The REIT funded the cash component of the purchase price from proceeds of the November 18, 2004 private placement of units.

During 2004, the REIT completed the purchase of additional developed space from FirstPro and the WM-FP Partnership for \$25,334,123 (including land value of \$5,798,741) under the terms of development agreements. The consideration paid consisted of: the issuance of 139,311 units at a price of \$10.00 per unit, 30,773 units at price of \$10.50 per unit, 210,574 units at a price of \$14.00 per unit and 335,959 units at a price of \$15.25 per unit; assumption of development loans and accounts payable; and the balance in cash. In addition, the REIT repaid acquisition and development loans provided by WM-FP Partnership.

Calloway Real Estate Investment Trust

Notes to the Consolidated Financial Statements

Years Ended December 31, 2004 and 2003

(All tabular amounts in thousands of dollars, except per unit and unit amounts)

2003

On March 31, 2003, the REIT completed the purchase of two industrial properties for \$4,629,845. The consideration paid consisted of assumption of mortgage financing of \$2,238,022, advances under the operating facility of \$2,175,353, and the remainder by available cash.

On April 30, 2003, the REIT completed the purchase of an industrial property for \$1,139,240. The consideration paid consisted of advances under the operating facility of \$1,050,000 and the remainder by available cash.

On May 31, 2003, the REIT completed the purchase of a retail property for \$6,177,295. The consideration paid consisted of assumption of mortgage financing of \$4,227,263, the issuance of 180,632 trust units at \$10.05 per unit, and the remainder by available cash.

On June 15, 2003, the REIT disposed of a retail property for \$3,380,000. The sale price was settled by the purchaser assuming a mortgage in the amount of \$1,929,207, the REIT providing a second mortgage in the amount of \$230,000, and the remainder in cash. The property had a carrying value of \$2,095,497 and a gain on sale of \$1,230,255 was recognized.

On September 30, 2003, the REIT disposed of a retail property for \$1,250,000. The sale price was settled by the purchaser assuming a mortgage in the amount of \$724,872 and the remainder in cash. The property had a carrying value of \$1,115,876 and a gain on sale of \$123,424 was recognized.

On October 31, 2003, the REIT completed the purchase of nine retail properties from the FirstPro Shopping Centres group of companies ("FirstPro") for \$109,238,698 including acquisition costs. The consideration paid consists of assumption of mortgage financing of \$63,820,428, the issuance of 3,100,525 units at \$10.00 per unit to a nominee of First Pro, assumption of other adjustment items of \$2,375,101, and the remainder in cash. The REIT funded the cash component of the purchase price from proceeds of the October 16, 2003, issuance of subscription receipts.

3. Significant Accounting Policies

These consolidated financial statements of the REIT have been prepared in accordance with Canadian generally accepted accounting principles. Certain comparative figures have been reclassified to conform to the current year's financial statement presentation.

Basis of Consolidation

The consolidated financial statements present the accounts and operations of Calloway Real Estate Investment Trust and its wholly owned subsidiary Calloway Financial Inc. The REIT carries out certain activities through co-ownerships and these investments are accounted for using the proportionate consolidation method.

Use of Estimates

The preparation of financial statements in conformity with Canadian generally accepted accounting principles requires management to make estimates that affect the amounts of assets and liabilities reported in the financial statements. Those estimates also affect the disclosure of contingencies at the date of the financial statements and the reported amounts of revenues and expenses during the year. Actual results could differ from those estimates.

Calloway Real Estate Investment Trust

Notes to the Consolidated Financial Statements

Years Ended December 31, 2004 and 2003

(All tabular amounts in thousands of dollars, except per unit and unit amounts)

Revenue Recognition

Effective January 1, 2004, the REIT changed its method of recognizing rents from leases such that where leases provide for increases in rent during their term, the rents are recognized on a straight-line basis over the terms of the respective leases. Prior to January 1, 2004, rentals from income properties were recognized as revenue over the terms of the related lease agreements as they become due. This change has been applied prospectively. Had revenue been continued to be recognized as rents became due, the effect on these financial statements would be that accounts receivable, unitholders' equity, revenue, discontinued operations and net income would have decreased by \$1,692,384 (\$0.06 per basic unit; \$0.06 per diluted unit) for the year ended December 31, 2004. Recoveries from tenants for property taxes and other property operating costs are recognized as revenues in the period the applicable costs are incurred.

Income Properties

Income properties are recorded at cost less accumulated amortization. Cost includes initial acquisition costs, other direct costs including allocations of directly attributable general and administrative expenses, or capitalized development costs at the date of completion. If it is determined that the carrying amount of an income property exceeds the undiscounted estimated future net cash flow expected to be received from the ongoing use and residual value of the property, it is reduced to its estimated fair value.

Effective January 1, 2004, the REIT changed its method of amortization of its buildings to the straight line method over the estimated remaining useful lives of the buildings ranging from 17 to 40 years. Prior to January 1, 2004, the REIT used the sinking fund method to amortize its buildings. This change has been applied prospectively. Had the sinking fund method of amortization been continued, the effect on these financial statements would be that income properties would have increased, unitholders' equity would have increased, amortization of income properties would have decreased and net income would have increased by \$17,350,504 (\$0.66 per basic unit; \$0.66 per diluted unit) for the year ended December 31, 2004.

Effective for transactions commenced after September 12, 2003, the purchase price of income properties is allocated to land, building and tenant improvements and intangibles assets including the value of above and below-market leases, in-place leases and tenant relationships, if any. The values of tenant improvements, above and below-market leases, in-place leases and tenant relationships are amortized over the terms of the lease agreements and renewal periods where applicable. In the event a tenant vacates its leased space prior to the contractual termination of the lease and no rental payments are being made on the lease, any unamortized balance of the related tenant improvement or intangibles are written down to management's estimate of fair value or written off.

Properties Under Development

Properties under development are stated at cost. Cost includes initial acquisition costs, other direct costs, property taxes, interest, and incidental operating revenues and expenses during the period of development. Properties under development are subject to development agreements (see Note 5). Upon completion and rental of additional space on these lands by the developer, revenues and expenses are recognized in income and the properties are classified as income properties.

If it is determined that the carrying amount exceeds the undiscounted estimated future net cash flows expected to be received from the ongoing use and residual value of a property, after taking into account estimated costs to complete the development, it is reduced to its estimated fair value.

Deferred Leasing Costs

Deferred leasing costs include tenant inducements and leasing expenses. These costs are deferred and amortized on the straight line basis over the terms of the related lease agreements.

Impairment of Mortgages and Loans Receivable

Mortgages and loans receivable are classified as impaired when, in the opinion of Management, there is a reasonable doubt as to the timely collection of principal and interest. The carrying amount of a mortgage or loan receivable classified as impaired is reduced to its estimated fair value.

Calloway Real Estate Investment Trust

Notes to the Consolidated Financial Statements

Years Ended December 31, 2004 and 2003

(All tabular amounts in thousands of dollars, except per unit and unit amounts)

Disposal of Long-Lived Assets and Discontinued Operations

Effective May 1, 2003, the REIT has adopted the CICA recommendations requiring long-lived assets to be disposed of to be classified as held for sale, and the results of operations associated with long-lived assets disposed of or classified as held for sale be reported separately as discontinued operations. A long-lived asset is classified by the REIT as an asset held for sale at the point in time when it is available for immediate sale, management has committed to a plan to sell the asset and is actively locating a buyer for the asset at a sales price that is reasonable in relation to the current fair value of the asset and the sale is probable and expected to be completed within a one-year period. This recommendation is prospective in application for those disposals initiated after May 1, 2003. Properties held for sale are stated at the lower of cost and net realizable value. No amortization is recorded on these assets once classified as held for sale.

Deferred Financing Costs

Deferred financing costs include commitment fees, underwriting costs, and legal costs associated with the sourcing of new debt and the renewal of existing debt of the REIT. Financing costs for term mortgages are deferred and amortized over the term of the respective indebtedness. Financing costs for non-term mortgages are deferred and amortized over five years. In the event any mortgages are terminated, any unamortized financing costs are expensed.

Cash and Cash Equivalents

Cash and cash equivalents include bank accounts and deposits held with financial institutions.

Derivative Financial Instruments

Derivative financial instruments are utilized by the REIT in the management of its interest rate exposures. The REIT's policy is not to utilize derivative financial instruments for trading or speculative purposes.

The REIT enters into interest rate swaps in order to reduce the impact of fluctuating interest rates on its mortgages payable. These swap agreements require the periodic exchange of payments without the exchange of the notional principal amount on which the payments are based.

The REIT designates its interest rate hedge agreements as hedges of the underlying debt. Interest expense on the debt is adjusted to include the payments made or received under the interest rate swaps.

Asset Retirement Obligations

Effective January 1, 2004, the REIT has adopted the CICA recommendations requiring the recognition of the fair value of legal obligations relating to the retirement of assets with a corresponding increase in the carrying value of the asset. In periods subsequent to initial measurement, the period to period changes in the liability resulting from the passage of time are recognized as accretion expense, and revisions to estimates of the timing and amount of cash flows related to retirement of the asset are capitalized as a cost of the asset. Previously, the requirement was to record estimates of the costs for future removal and site restoration costs when such costs were reasonably determinable. This recommendation is retroactive in application. On adoption the fair value of existing obligations was based on current data. There is no material impact on the REIT's financial position or results of its operations in the current and prior fiscal reporting periods as a result of the adoption of this recommendation.

Financial Instruments

Convertible debentures have been classified as to their liability and equity components in accordance with the January 2004 amendments by the Canadian Institute of Chartered Accountants to Handbook Section 3860 "Financial Instruments". These amendments recommend that the REIT's right to settle the obligation by delivery of its own units, is not an equity component.

Calloway Real Estate Investment Trust

Notes to the Consolidated Financial Statements

Years Ended December 31, 2004 and 2003

(All tabular amounts in thousands of dollars, except per unit and unit amounts)

Income Taxes

The REIT is taxed as a "Mutual Fund Trust" for income tax purposes. The REIT intends to distribute all taxable income directly earned by the REIT to unitholders and to deduct such distributions for income tax purposes. Therefore, no provision for future income taxes has been recorded at December 31, 2004 and December 31, 2003. The tax base of the REIT's real estate and other assets at December 31, 2004 exceeds the carrying value by approximately \$6,000,000.

Unit Based Compensation

(a) Unit Option Plan

The REIT has a unit option plan for trustees and employees, which is described in Note 13. Effective January 1, 2004, the REIT has adopted the CICA recommendations requiring the mandatory recognition of the fair value of unit based compensation associated with options granted to employees. Previously the REIT had provided note disclosure of the pro forma expense and net income information. This recommendation is retroactive in application. There is no material impact on the REIT's financial position or results of its operations in the current and prior fiscal reporting periods as a result of the adoption of this recommendation.

(b) Warrants Issued to Non-Employees

The REIT has issued warrants to FirstPro as described in Note 14. The REIT uses the fair value method to account for warrants issued to non-employees. The fair value of the warrants was recognized by the REIT as an increase in the cost of the income property. The fair value of warrants is determined using the Black-Scholes option pricing model.

(c) Unit Options Issued to Non-employees

The REIT has issued unit options to FirstPro in conjunction with several development agreements described in Note 13. Previously the REIT anticipated using the fair value method to account for these unit options at the date of the earn-out events pursuant to the development agreements. Since earn-out events occur subsequent to October 31, 2003, the date the relationship between the REIT and FirstPro became one of related parties, the REIT has subsequently determined that in recording the acquisition of property pursuant to earn-out events at the exchange amount, there is no recognition of value for the options in excess of the subscription price to FirstPro.

(d) Long Term Incentive Plan

The Deferred Unit Plan as described in Note 12 is subject to approval by the trustees and unitholders. The REIT will determine its liability to issue units pursuant to the Deferred Unit Plan on a mark to market basis based on the market price of the REIT's units at each reporting period. Deferred units related to amounts elected by trustees and executives in respect of their trustee fees and bonuses will be considered in respect of past services and recognized as compensation expense upon grant. Deferred units related to amounts matched by the REIT will be considered in respect of future services and will be recognized as compensation expense over the vesting period.

Net Income Per Trust Unit

Per unit amounts are calculated using the weighted average number of units outstanding during the period. The dilutive effect on per unit amounts resulting from the options, warrants and debentures outstanding is calculated using the treasury stock method.

Related Party Transactions

Transactions with related parties that are conducted in the normal course of operations have been recorded at the exchange amount. Monetary transactions with related parties that are not in the normal course of operations, but result in a substantive change in the ownership interests of the item transferred, are recorded at the exchange amount.

Calloway Real Estate Investment Trust

Notes to the Consolidated Financial Statements

Years Ended December 31, 2004 and 2003
(All tabular amounts in thousands of dollars, except per unit and unit amounts)

4. Income Properties

	December 31, 2004			December 31, 2003		
	Cost	Accumulated Amortization	Net Book Value	Cost	Accumulated Amortization	Net Book Value
Tangibles						
Land	\$ 237,121	\$ -	\$ 237,121	\$ 61,494	\$ -	\$ 61,494
Buildings	507,577	10,056	497,521	162,968	1,126	161,842

	96,257	7,239	89,018	-	-	-
Below market leases						
	(1,017)	(75)	(942)	-	-	-
Tenant relationship values						
	<u>5,312</u>	<u>328</u>	<u>4,984</u>	<u>-</u>	<u>-</u>	<u>-</u>
	<u>\$ 887,208</u>	<u>\$ 21,087</u>	<u>\$ 866,121</u>	<u>\$ 224,554</u>	<u>\$ 1,149</u>	<u>\$ 223,405</u>

Included in income properties is an income property subject to a capital lease. It has a cost of \$40,807,032 (December 31, 2003 - \$39,735,951) and a net book value of \$40,047,978 (December 31, 2003 - \$39,697,778).

Included in income properties is land acquired during 2003 and subject to development agreements with FirstPro, the vendors of the property. FirstPro pays the REIT an opportunity fee equal to 9% per annum of the aggregate undeveloped lands value as reduced from time to time upon the completion and rental of additional space. As the negotiated opportunity fee earned by the REIT reflects Management's estimate of a fair market return for the use of a productive asset, the fee is recognized as revenue. Pursuant to the development agreements, FirstPro assumes responsibility for the cost of developing the land and is granted the right for a period of five years to earn additional proceeds from the REIT on the completion and rental of additional space on these lands. The purchase price for the additional developments will be calculated by formula using the net operating rents and predetermined capitalization rates. FirstPro has the right, at their option, to receive up to 40% of the proceeds for any new developments in units at purchase prices of \$10.00 and \$10.50 per unit (not to exceed 199,475 units and approximately 1,800,000 units respectively). The REIT provides financing to FirstPro for the development costs of the additional developments. The REIT has provided a second mortgage on a specific property in the amount of \$10,000,000 to the vendors as security for payment of the additional proceeds. As at December 31, 2004, there were no additional proceeds payable. During the year ended December 31, 2004, FirstPro completed the development of 28,621 square feet of retail space resulting in a purchase price of \$5,155,592 (including land of \$864,866) to the REIT. FirstPro elected to receive 139,311 units at a purchase price of \$10.00 per unit and 30,773 units at a purchase price of \$10.50 per unit as partial consideration for the purchase price.

During the year ended December 31, 2004, the REIT provided financing totaling \$8,856,988 to FirstPro for development costs and \$2,320,437 was repaid by FirstPro.

During the year ended December 31, 2004, \$2,386,736 of amortization expense was related to the write off of the unamortized balance of tenant improvements and intangibles for vacated tenant space.

Calloway Real Estate Investment Trust

Notes to the Consolidated Financial Statements

Years Ended December 31, 2004 and 2003

(All tabular amounts in thousands of dollars, except per unit and unit amounts)

5. Properties Under Development

Properties under development are subject to development agreements with WM-FP Partnership, the vendors of the properties. Pursuant to the development agreements, WM-FP Partnership assumes responsibility for managing the development of the land and is granted the right for a period of five years to earn additional proceeds from the REIT on the completion and rental of additional space on these lands. The purchase price for the additional developments will be calculated by formula using the net operating rents and predetermined capitalization rates. WM-FP Partnership have the right, at their option, to receive up to 40% of the proceeds for any new developments in units at purchase prices of \$14.00, \$15.25 and \$17.80 per unit (approximately 1,650,000, 815,000 and 345,000 units respectively). WM-FP Partnership will provide financing to the REIT for the development costs of the additional developments. The REIT has provided a first mortgage, assignment of rents and leases, and a general security agreement on six properties acquired from WM-FP Partnership as security for the development loans. During the year ended December 31, 2004, WM-FP Partnership completed the development of 118,760 square feet of retail space resulting in a purchase price of \$20,178,531 (including land of \$4,933,875) to the REIT. FirstPro elected to receive 210,574 units at a purchase price of \$14.00 per unit and 335,959 units at a purchase price of \$15.25 per unit as partial consideration for the purchase price.

6. Mortgages and Loans Receivable

Mortgages receivable totaling \$1,600,000 (December 31, 2003 - \$1,600,000) are secured by second charges on two properties under development, bear interest at 12% per annum and are repayable in their entirety upon the earliest of the REIT purchasing the properties, the properties being sold to a third party and the day which is two years following the date of substantial completion of the properties. The mortgages receivable are provided to a company in which a trustee of the REIT is an officer and director. The REIT has an option to purchase the properties at a negotiated price, or failing agreement, at a price equal to 95% of the appraised value of the properties.

A mortgage receivable in the amount of \$220,544 (December 31, 2003 - \$227,026) is secured by a second charge on an income producing property, bears interest at 11.75%, is repayable in blended monthly installments of \$2,683, and is due June 15, 2006.

Loans receivable totaling \$7,280,971 (December 31, 2003 - \$744,420) have been provided pursuant to development agreements with FirstPro that are described in Note 4. The loans bear interest at the prime rate of a Canadian chartered bank plus rates ranging from 0.75% to 1.25%. The loans are repayable at the completion and rental of the properties under development. FirstPro has not provided any security in regards to the loans; however, proceeds of the loans are used to fund improvements to properties owned by the REIT.

Mortgages receivable totaling \$21,494,922 (December 31, 2003 - \$nil) have been provided pursuant to agreements with FirstPro in which the REIT will lend up to \$37,331,000 (including letters of credit facilities totaling \$1,200,000) for use in acquiring and developing six properties in Ontario, Quebec and Newfoundland. These loans bear interest at a weighted average interest rate of 9.01% with interest only payable monthly. The loans are secured by first or second charges on property, assignments of rents and leases, and general security agreements. In addition, other FirstPro affiliated companies have provided indemnities and guarantees. The loans are due at various dates in 2009 (five years from initial advance.) The REIT has an option to acquire a 50% interest in the properties upon substantial completion at an agreed upon formula. To December 31, 2004, \$29,068,922 has been funded offset by repayments of \$7,574,000, and a letter of credit in the amount of \$1,222,000 has been provided to a municipal authority on behalf of FirstPro.

Mortgages receivable in the amount of \$9,345,274 (December 31, 2003 - \$nil) have been provided to FirstPro, are secured by a second charge on two income producing properties, bear interest at 9.00%, are repayable in blended monthly installments of \$77,830 and are due May 1, 2009.

Calloway Real Estate Investment Trust

Notes to the Consolidated Financial Statements

Years Ended December 31, 2004 and 2003

(All tabular amounts in thousands of dollars, except per unit and unit amounts)

7. Deferred Leasing Costs

	<u>December 31, 2004</u>			<u>December 31, 2003</u>		
	<u>Cost</u>	<u>Accumulated Amortization</u>	<u>Net Book Value</u>	<u>Cost</u>	<u>Accumulated Amortization</u>	<u>Net Book Value</u>
Tenant inducements	\$ 381	\$ 112	\$ 269	\$ 660	\$ 61	\$ 599
Leasing expenses	<u>195</u>	<u>66</u>	<u>129</u>	<u>254</u>	<u>42</u>	<u>212</u>
	<u>\$ 576</u>	<u>\$ 178</u>	<u>\$ 398</u>	<u>\$ 914</u>	<u>\$ 103</u>	<u>\$ 811</u>

8. Deferred Financing Costs

Deferred financing costs are net of accumulated amortization of \$544,239 (December 31, 2003 - \$122,514).

9. Mortgages Payable

	<u>December 31, 2004</u>	<u>December 31, 2003</u>
Term mortgages	\$ 485,190	\$ 70,054
Development loans	45,399	40,013
Revolving operating facility	<u>17,000</u>	<u>7,070</u>
	547,589	117,137
Less: Mortgages payable – assets held for sale	<u>\$ 23,068</u>	<u>-</u>
	<u>\$ 524,521</u>	<u>\$ 117,137</u>

Term mortgages bear fixed interest rates ranging from 4.698% to 7.78% (December 31, 2003 – 4.698% to 7.78%), are repayable in blended monthly installments aggregating \$3,164,697 in December 2004 (\$551,579 in December 2003), are secured by first registered mortgages over specific income properties and properties under development, and first general assignments of leases, insurance and registered chattel mortgages, and are due July 2006 through December 2019.

Development loans totaling \$15,710,554 (December 31, 2003 - \$40,012,985) bear variable interest rates ranging from the prime rates of various Canadian chartered banks plus 0.50% to 1.25% (December 31, 2003 – 0.875% to 1.25%), are secured by first and second registered mortgages over specific income properties, and first general assignments of leases and insurance, and are due April 2005 through December 2005. Non-interest bearing development loans, which are carried at the amount of \$24,640,904 (December 31, 2003 - \$nil) using imputed interest rates ranging from 4.03% to 4.58%, and development loans totaling \$5,047,067 (December 31, 2003 - \$nil) as further described in Note 5 bearing interest at bankers acceptance plus 2%, are secured by first mortgages over specific income properties and properties under development, and first general assignments of leases, and are due the earlier of various dates in 2009 or date of earn out.

As at December 31, 2004, the revolving operating facilities bear variable interest rates ranging from the prime rates of various Canadian chartered banks plus 0.375% to 0.5 (December 31, 2003 – plus 0.5%) are secured by first charges over specific income properties, and first general assignments of leases and insurance, and are subject to review by June 30, 2005 and July 15, 2005. These facilities are authorized to a maximum of \$80,000,000. Subsequent to December 31, 2004, the REIT renegotiated variable interest rates to range from the prime rates of various Canadian chartered banks plus 0% to 0.375%

As at December 31, 2004, \$15,000,000 (December 31, 2003 - \$15,000,000) of the variable rate debt is subject to interest rate swap agreements wherein the interest rate is fixed at a weighted average fixed rate of 5.807% (December 31, 2003 – 5.836%). These interest rate swap agreements mature in February 2005. At December 31, 2004, based on dealer quotes there were no material unrealized gains or losses.

Calloway Real Estate Investment Trust

Notes to the Consolidated Financial Statements

Years Ended December 31, 2004 and 2003

(All tabular amounts in thousands of dollars, except per unit and unit amounts)

All of the income properties of the REIT have been pledged as security under the various debt agreements. The weighted average interest rate of the debt is 5.82% as at December 31, 2004 (6.24% at December 31, 2003).

Approximate principal repayments required to maturity are as follows:

2005	\$ 64,441
2006	16,176
2007	33,891
2008	17,911
2009	37,933
Thereafter	<u>377,237</u>
	<u>\$ 547,589</u>

10. Capital Lease Obligations

An income property was acquired under the terms of a 35 year lease. A single payment of \$39.0 million was made on October 31, 2003 and a payment of \$10.0 million is due at the end of the lease to exercise a purchase option. The capital lease obligation, net of implicit interest costs at 9.18% of \$9,547,052 (\$9,586,643 at December 31, 2003), is \$452,948 at December 31, 2004 (\$413,357 at December 31, 2003).

11. Convertible Debentures

On May 14, 2004, the REIT issued \$55,000,000 of 6.00% convertible unsecured subordinated debentures (the "Subordinated Debentures") due June 30, 2014. The Subordinated Debentures are convertible at the holder's option at any time into trust units at \$17.00 per unit and are redeemable at the option of the REIT in cash or units on or after June 28, 2010. As at December 31, 2004, \$54,550,000 of face value of the convertible debentures was outstanding. The convertible debenture was divided into its liability and equity components, measured at their respective fair values at time of issue. These convertible debentures have not been considered in the calculation of diluted net income per unit as the result would have been anti-dilutive.

12. Unitholders' Equity

Authorized

The REIT is authorized to issue an unlimited number of trust units of a single class, each of which represents an equal undivided interest in the trust.

Trust Units Issued and Outstanding

	Year ended December 31, 2004	Year ended December 31, 2003
Balance of units, beginning of year	11,297,692	5,951,535
Issued for cash	19,968,182	2,050,000
Issued for properties acquired	716,617	3,281,157
Unit options exercised	221,600	15,000

Distribution reinvestment plan	<u>32,610</u>	<u>-</u>
Balance of units, end of year	33,263,171	11,297,692

On May 31, 2003, the REIT completed the acquisition of a property wherein the consideration paid included the issuance of 180,632 units at \$10.05 per unit for gross proceeds of \$1,815,352.

Calloway Real Estate Investment Trust

Notes to the Consolidated Financial Statements

Years Ended December 31, 2004 and 2003

(All tabular amounts in thousands of dollars, except per unit and unit amounts)

On October 31, 2003, the REIT completed the acquisition of nine retail properties wherein the consideration paid included the issuance of 3,100,525 units at \$10.00 per unit for gross proceeds of \$31,005,250.

On October 31, 2003, the REIT funded the cash component of the purchase price and costs of acquisition of the nine retail properties by issuing 2,050,000 units of Calloway on conversion of its previously issued 2,050,000 subscription receipts. The subscription receipts were issued at a price of \$10.50 per unit for gross proceeds of \$21,525,000.

During December 2003, 15,000 options with an exercise price of \$10 per unit were exercised resulting in the issuance of 15,000 units for gross proceeds of \$150,000.

On February 16, 2004, the REIT closed an offering of its trust units pursuant to a short form prospectus. The REIT issued 10,948,182 trust units at \$13.75 per unit, for gross proceeds of \$150,537,502 which were used to partially fund the cash component of the purchase price of twelve retail properties.

On May 14, 2004 the REIT closed an offering of its trust units pursuant to a short form prospectus. The REIT issued 6,700,000 trust units at \$15.00 per unit, for gross proceeds of \$100,500,000 which were used to partially fund the cash component of the purchase price of twelve retail properties.

On November 18, 2004, the REIT closed an offering of its trust units pursuant to a private placement. The REIT issued 2,320,000 trust units at \$17.25 per unit, for gross proceeds of \$40,020,000 which were used to partially fund the cash component of the purchase price of six retail properties.

On November 26, 2004, holders of debentures with a face value of \$450,000 exercised their conversion privileges resulting in the issuance of 26,470 trust units.

During the year ended December 31, 2004, the REIT issued 139,311 trust units at \$10.00 per unit, 30,773 trust units at \$10.50 per unit, 210,574 trust units at \$14.00 per unit and 335,959 trust units at \$15.25 per unit to FirstPro for properties acquired pursuant to development agreements for gross proceeds of \$9,787,637.

During the year ended December 31, 2004, 1,000,000 warrants with an exercise price of \$10.50 per unit were exercised resulting in the issuance of 1,000,000 units for gross proceeds of \$10,500,000.

During the year ended December 31, 2004, 221,600 options with an exercise price of \$10 per unit were exercised resulting in the issuance of 221,600 units for gross proceeds of \$2,216,000.

During the year ended December 31, 2004, the REIT issued 32,610 trust units pursuant to the Distribution Reinvestment Plan for gross proceeds of \$517,891.

Deferred Unit Plan

Upon approval, the trustees and officers are eligible to participate in a compensation plan under which deferred units are granted by the Compensation Committee for trustee fees and executive bonuses. Trustees and officers that participate in the plan must elect to contribute between 60% and 100% of their fees or bonus to the plan. The REIT will match the amount participants elect to contribute to the plan. The number of deferred units granted to each participant is determined by dividing two times their elected amount by the volume weighted average price of the REIT's units traded on the TSX for the ten days immediately prior to the date of grant. Deferred units will vest to the participant as follows: 50% on the third anniversary of the grant; 25% on each of the fourth and fifth anniversaries of the grant, subject to provisions for earlier vesting under change of control, retirement, death or termination. A deferred unit granted through the plan entitles the holder, at the holder's option, to receive on or after the vesting date the equivalent number of trust units or under certain conditions, the then current fair market value of the units. In addition, the deferred units will earn additional deferred units for the cash distributions that would have been paid on the deferred unit if it had been issued as a trust unit on the date of grant assuming the reinvestment of the distribution into REIT units. The plan is subject to the approval of the trustees and unitholders.

On February 16, 2005, the compensation committee approved the grant of deferred units to trustees and officers which will result in the issuance of approximately 50,000 deferred units.

Calloway Real Estate Investment Trust

Notes to the Consolidated Financial Statements

Years Ended December 31, 2004 and 2003

(All tabular amounts in thousands of dollars, except per unit and unit amounts)

Distribution Reinvestment Plan

The REIT, as of the June 2004 distribution, has effected a Distribution Reinvestment Plan for its unit holders which allows participants to reinvest their monthly cash distributions in additional trust units at an effective purchase price equal to 97% of the volume weighted average price for the ten business days prior to the distribution date. During the year ended December 31, 2004, 32,610 trust units have been issued under the plan for gross proceeds of \$517,891.

Weighted Average Number of Units

Net income per unit is calculated using the weighted average number of units outstanding as follows:

	Year ended December 31, 2004	Year ended December 31, 2003
Basic	26,190,956	6,933,559
Effect of dilutive securities:		
Unit option plan	147,571	10,626
Warrants	<u>148,666</u>	<u>-</u>
Diluted	<u>26,487,193</u>	<u>6,944,185</u>

The potential exercise of development agreement options and convertible debentures has not been included in the calculation of the diluted number of units as these have been determined to be anti-dilutive. The units approved for grant under the Deferred Unit Plan have not been included in the calculation of diluted number of units as the plan is subject to approval by unitholders.

13. Unit Options

Unit Option Plan

On October 24, 2002, the REIT adopted a unit option plan for its trustees, officers, employees and other persons who provide services to the REIT. The maximum number of units issuable upon exercise of such options currently may not exceed 562,000 units. The number of units issuable under the option plan may be increased on an annual basis subject to any required regulatory and unitholder approvals. The plan provides for the granting of options to purchase units of the REIT at not less than the market price at the time of granting. The vesting terms of any options granted are fixed by the Board of Trustees of the REIT at the time of grant. An option's maximum term is five years.

On July 7, 2003, 560,000 unit options were granted to employees and trustees. These options have an exercise price of \$10 per unit and expire July 7, 2008. The trading price at the date of grant was \$9.94 per unit. All options granted vested immediately except for 60,000 options vesting January 1, 2004 and 60,000 options vesting January 1, 2005. Options totaling 236,600 were exercised to December 31, 2004 (December 31, 2003 - 15,000). The fair value of these options, using the Black Scholes pricing model, was not material. Upon approval and implementation of the Deferred Unit Plan, the REIT does not intend on issuing any further options under this plan.

Development Agreement Options

Pursuant to certain development agreements (see Note 4), FirstPro has the right, at their option, to receive up to 40% of the proceeds for any new developments in units at purchase prices of \$10.00 or \$10.50 per unit (not to exceed 199,975 units and approximately 1,800,000 units respectively). Developments completed in the year ended December 31, 2004, resulted in the issuance to FirstPro of 139,311 trust units at a price of \$10.00 per unit and 30,773 trust units at a price of \$10.50 per unit. The exercised options have not been considered in the calculation of diluted earnings per unit as the result would have been anti-dilutive. In addition, as the conditions for issuance have not been met, the remaining options are not considered in the calculation of diluted earnings per unit.

Pursuant to certain development agreements (see Note 5), WM-FP Partnership has the right, at their option, to receive up to 40% of the proceeds for any new developments in units at purchase prices of \$14.00, \$15.25 and \$17.80 per unit (approximately 1,860,000, 1,150,000 and 345,000 units respectively). Developments completed in the year ended

Calloway Real Estate Investment Trust

Notes to the Consolidated Financial Statements

Years Ended December 31, 2004 and 2003

(All tabular amounts in thousands of dollars, except per unit and unit amounts)

December 31, 2004, resulted in the issuance to FirstPro of 210,574 trust units at a price of \$14.00 per unit and 335,959 trust units at a price of \$15.25 per unit. These options have not been considered in the calculation of diluted earnings per unit as the result would have been anti-dilutive. In addition, as the conditions for issuance have not been met, the remaining options are not considered in the calculation of diluted earnings per unit.

14. Warrants

Pursuant to the purchase of properties completed on October 31, 2003, 1,000,000 warrants were issued to a FirstPro nominee. These warrants allow the vendor to acquire units in the REIT at \$10.50 per unit. The warrants expire October 31, 2008. The fair value of the warrants at the date of the agreement was \$97,950 calculated using an average volatility of 13% on the underlying units, an exercise price of \$10.50 per unit, a risk free interest rate of 4%, an expected life of four years and an expected distribution rate of 10.95%.

On April 22, 2004, 462,000 warrants issued to a FirstPro nominee with an exercise price of \$10.50 per unit were exercised resulting in the issuance of 462,000 units for gross proceeds of \$4,851,000.

On June 29, 2004, 288,000 warrants issued to a FirstPro nominee with an exercise price of \$10.50 per unit were exercised resulting in the issuance of 288,000 units for gross proceeds of \$3,024,000.

On June 29, 2004, 83,500 warrants issued to a FirstPro nominee with an exercise price of \$10.50 per unit were transferred to a trustee and were exercised resulting in the issuance of 83,500 units for gross proceeds of \$876,750.

On September 28, 2004, 166,500 warrants issued to a FirstPro nominee with an exercise price of \$10.50 per unit were transferred to a trustee and were exercised resulting in the issuance of 166,500 units for gross proceeds of \$1,748,250.

As at December 31, 2004, no warrants remain outstanding.

15. Risk Management and Fair Values

Risk Management

The REIT is exposed to certain financial risks, including interest rates and the credit quality of its tenants. The REIT manages these risks as follows:

Interest Rate Risk

The majority of the REIT's debt is financed at fixed rates with maturities staggered over a number of years, thereby mitigating its exposure to interest rate fluctuations.

A portion of the REIT's debt is financed at variable rates. From time to time the REIT may enter into interest rate swap contracts to modify the interest rate profile of its variable rate debt without an exchange of the underlying principal amount.

Credit Risk

Credit risk arises from the possibility that tenants may experience financial difficulty and be unable to fulfill their lease commitments. The REIT mitigates this risk of credit loss by ensuring that its tenant mix is diversified and by limiting its exposure to any one tenant except Wal-Mart Canada Inc. and government agencies. Further risks arise in the event that borrowers default on the repayment of their mortgages to the REIT. The REIT endeavours to ensure that adequate security has been provided in support of mortgages receivable.

Fair Values

The carrying values of accounts receivable, cash and cash equivalents and accounts payable and accrued liabilities approximates their fair values due to the immediate or short term maturity of these instruments.

Calloway Real Estate Investment Trust

Notes to the Consolidated Financial Statements

Years Ended December 31, 2004 and 2003

(All tabular amounts in thousands of dollars, except per unit and unit amounts)

The carrying value of the mortgages and loans receivable, the development loans payable, the revolving operating facility and the capital lease obligations approximates their fair values as the interest rates are consistent with the current rates offered by or to the REIT for mortgages or other debt with similar terms.

The estimated fair values of fixed rate mortgages payable are \$486,747,075 (December 31, 2003 - \$72,568,506). Fair values are based upon discounted future cash flows using discount rates that reflect current market rates for mortgages with similar terms and risks. Such fair value estimates are not necessarily indicative of the amounts the REIT might pay in actual market transactions. Potential transaction costs have not been considered in estimating fair values.

The estimated fair values of debentures payable is \$52,002,932 (December 31, 2003 - \$nil). Fair value is based upon current market rates for similar types of debentures and using the Black Scholes option pricing model.

The estimated fair value of the interest rate swaps is an obligation of \$10,826, and is based on relevant market prices available. The estimate is not necessarily indicative of the amount that the REIT might pay in actual market transactions.

16. Supplemental Cash Flow Information

	Year ended December 31, 2004	Year ended December 31, 2003
Interest paid – mortgages and other	\$ 21,902	\$ 3,918
Interest paid – debentures	\$ 2,060	-
Interest received	\$ 2,213	\$ 231
Portion of income properties acquired through the assumption of existing mortgages, capital lease obligation, issuance of units, fair value of options issued and an increase in accounts payable	\$ 68,061	\$ 105,071
Portion of properties under development acquired through the vendors providing mortgages and an increase in accounts payable	\$ 29,021	\$ -
Portion of income properties sold by the purchaser's assumption of existing mortgages	\$ -	\$ 2,654

17. Related Party Transactions

As a result of transactions completed on October 31, 2003, a nominee of the FirstPro Group of Companies ("FirstPro") became a significant unitholder of the REIT. An officer of FirstPro was a trustee of the REIT during 2003. In addition, another employee of FirstPro was appointed a trustee of the REIT subsequent to October 31, 2003.

During the year ended December 31, 2004, the REIT paid fees totaling \$1,129,828 (year ended December 31, 2003 - \$387,501) to a legal firm in which a trustee is a partner.

During the year ended December 31, 2004, the REIT paid fees totaling \$481,475 (year ended December 31, 2003 - \$nil) to a trustee for consulting services for public equity offerings.

During the year ended December 31, 2004, the REIT earned interest income totaling \$2,220,709 (year ended December 31, 2003 - \$192,000) from FirstPro and another company in which trustees of the REIT are officers and directors.

During the year ended December 31, 2004, under the terms of property management agreements, the REIT paid property management fees totaling \$1,880,213 (year ended December 31, 2003 - \$105,676) to FirstPro and another company in which trustees of the REIT are officers and directors.

During the year ended December 31, 2004, under the terms of development agreements, the REIT received opportunity fees, head lease rents and operating recoveries totaling \$2,680,721 (year ended December 31, 2003 - \$445,034) from FirstPro and WM-FP Partnership. During the year ended December 31, 2004 fees totaling \$1,470,201 (year ended December 31, 2003 - \$nil) were paid to FirstPro under the development and other agreements.

Calloway Real Estate Investment Trust

Notes to the Consolidated Financial Statements

Years Ended December 31, 2004 and 2003

(All tabular amounts in thousands of dollars, except per unit and unit amounts)

As at December 31, 2004, amounts totaling \$174,198 (December 31, 2003 - \$32,088) included in accounts receivable were receivable from related parties and amounts totaling \$2,187,368 (December 31, 2003 - \$1,526,608) included in accounts payable were payable to related parties.

18. Investment in Co-ownerships

The REIT's share of the assets, liabilities, revenue and net income from co-ownership activities is as follows:

	December 31, 2004	December 31, 2003
Assets	\$ 54,270	\$ -
Liabilities	\$ 31,885	\$ -
	<u>Year Ended</u>	<u>Year Ended</u>
	<u>December 31, 2004</u>	<u>December 31, 2003</u>
Revenue	\$ 4,202	\$ -
Expenses	\$ 4,767	\$ -
Net income (loss)	\$ (565)	\$ -
Cash provided by (used in):		
- operating activities	\$ 869	\$ -
- financing activities	\$ 1,617	\$ -
- investing activities	\$ (23,719)	\$ -

The REIT is contingently liable for certain joint venture obligations of its co-venturers in the joint ventures. Management estimates that the assets of the joint ventures are sufficient for the purpose of satisfying such obligations.

19. Segmented Disclosures

The REIT owns, develops, manages and operates income properties located in Canada. Management, in measuring the REIT's performance, does not distinguish or group its operations on a geographical or any other basis. Accordingly, the REIT has a single reportable segment for disclosure purposes in accordance with Canadian generally accepted accounting principles.

The REIT's major tenant is Wal-Mart Canada Inc., accounting for 32.17% of the REIT's December 2004 rental revenue (December 2003 - 10.25%).

20. Assets Held for Sale and Discontinued Operations

During the year ended December 31, 2004, the REIT approved the plan and initiated the program to dispose of Holland Cross, a 272,550 square foot office property in Ottawa, and Century Park Place, a 75,675 square foot office property in Calgary. The disposals were undertaken by the REIT to continue its focus on retail properties and were completed in January 2005. As a result, the cost of these properties was allocated to properties held for sale and the results of operations reclassified to discontinued operations.

The following are the assets and liabilities of the properties held for sale at December 31, 2004:

Assets	
Income properties	\$ 54,210
Deferred leasing costs	906
Deferred financing costs	10
Prepaid expenses and deposits	2
	<u>55,128</u>
Liabilities	
Mortgages payable	23,068

Notes to the Consolidated Financial Statements

Years Ended December 31, 2004 and 2003

(All tabular amounts in thousands of dollars, except per unit and unit amounts)

The operating results of these properties for 2004 and 2003 have been reclassified as discontinued operations.

	Year Ended December 31, 2004	Year Ended December 31, 2003
Revenues		
Rentals from income properties	\$ 9,549	\$ 9,906
Expenses		
Property operating costs	4,616	4,590
Interest – mortgages	1,878	1,932
Amortization of income properties tangible components	941	365
Amortization of deferred leasing costs	85	24
Amortization of deferred financing costs	5	5
	<u>7,525</u>	<u>6,916</u>
Net income from discontinued operations	\$ 2,024	\$ 2,990

21. Commitments and Contingencies

The REIT has entered into development agreements as disclosed in Note 4 and 5. The estimated potential commitments payable under the agreements total \$163,406,589.

The REIT has entered into agreements with FirstPro in which the REIT will lend monies to FirstPro as disclosed in Note 6. The estimated remaining amounts to be provided under the agreements total \$7,062,078.

One of the REIT's income properties is subject to a land lease requiring annual lease payments of \$205,000. The annual lease payment increases to \$220,000 in 2007. The lease expires November 2011 and the REIT has an option to extend for a further 10 years.

Letters of credit totaling \$4,831,865 has been issued on behalf of the REIT by the REIT's bank as security for mortgages and for maintenance obligations to municipal authorities.

The REIT indemnifies its trustees and officers against any and all claims or losses reasonably incurred in the performance of their services to the REIT to the extent permitted by law.

The REIT, in the normal course of operations, is subject to a variety of legal and other claims against the REIT. Management and the REIT's legal counsel evaluate all claims on their apparent merits and accrue management's best estimate of the likely cost to satisfy such claims. Management believes that the outcome of legal and other claims filed against the REIT will not have a significant impact on the REIT's financial position, operations or cash flow.

22. Subsequent Events

During January 2005, the REIT completed the sale of the Holland Cross and Century Park Place office buildings for gross proceeds of \$69,250,000 resulting in gain from sale of approximately \$12,500,000. The purchaser of Holland Cross assumed a mortgage of \$23,000,000 and the mortgage on Century Park Place was transferred to another property.

During January 2005, the REIT completed the acquisition of a retail property in Montreal for a cost of \$9,397,870. The purchase price was paid in cash.

On February 11, 2005, the REIT completed the acquisition of a retail property in Sarnia for a cost of \$13,350,000. The purchase price (net of adjustments) was satisfied by assumption of existing mortgage of \$7,978,889 and by the payment of the balance in cash.

Calloway Real Estate Investment Trust

Notes to the Consolidated Financial Statements

Years Ended December 31, 2004 and 2003

(All tabular amounts in thousands of dollars, except per unit and unit amounts)

On October 13, 2004, the REIT entered into agreements to purchase interests in fourteen retail properties from WM-FP Partnership. The first six properties closed November 30, 2004 and the second eight properties are expected to close in the first quarter of 2005. The purchase price of the eight properties will be approximately \$230,000,000 including acquisition and financing costs of approximately \$1,573,000. The properties comprise approximately 1,497,691 net square feet of leased area of which approximately 718,389 net square feet is leased to Wal-Mart, and include adjacent lands with the potential for future development of approximately 177,682 net square feet. The cost of the properties will be satisfied as follows: by obtaining first mortgage financing of approximately \$155,210,000; by way of vendor take back mortgage of approximately \$5,998,000; and by payment of the balance in cash. The REIT intends to fund the cash component by issuance of additional units of the REIT and from advances under the revolving operating facilities.

On February 3, 2005, the REIT entered into an agreement to sell 1000 Waverley, 110 Lowson Crescent and 1300 Church Avenue, three industrial properties located in Winnipeg. It is expected that the proceeds will be settled by the purchaser assuming mortgages on each property totaling approximately \$5,263,000 and the remainder in cash. This agreement is subject to typical due diligence by the purchaser and approval by the purchaser's board of directors. Proceeds of disposition and gain on sale cannot be determined until completion of the due diligence and closing of the transaction. The transaction is expected to be completed by May 2005.

On February 23, 2005, the REIT entered into an agreement to sell Collingwood Plaza, a retail property located in Calgary. It is expected that the proceeds will be settled by the purchaser paying cash. Proceeds of disposition and gain on sale cannot be determined until completion of the closing of the transaction. The transaction is expected to be completed by April 2005.

On February 24, 2005, the REIT issued 3,101,000 subscription receipts at a price of \$19.35 per subscription receipt for gross proceeds of \$60,004,350. The proceeds will be used to partially fund the cash component of the acquisition of the eight properties from WM-FP Partnership. Each subscription receipt will entitle the holder to receive one unit of Calloway upon closing of the acquisition.

OPERATIONS AND FINANCIAL CONDITION**

DECEMBER 31, 2004

Dated MARCH 1, 2005

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following management discussion and analysis of the financial condition and results of operations should be read in conjunction with Calloway Real Estate Investment Trust's ("Calloway" or "REIT") audited Consolidated Financial Statements and notes thereto for the year ended December 31, 2004 and Calloway's Audited Consolidated Financial Statements and Management's Discussion and Analysis for the year ended December 31, 2003. Historical results and percentage relationships contained in our consolidated financial statements and management discussion and analysis, including trends which might appear, should not be taken as indicative of our future operations and financial position. All financial information is reported in Canadian dollars and in accordance with Canadian generally accepted accounting principles (GAAP) unless noted otherwise. Additional information about Calloway filed with Canadian securities commissions, including periodic quarterly and annual reports and the Annual Information Form (AIF) is available on-line at www.sedar.com and at www.callowayreit.com.

This discussion may contain forward-looking statements which are based on our expectations, estimates and forecasts. These statements are subject to risks and uncertainties that are difficult to predict or control. These risks and uncertainties could cause actual results to differ materially from those indicated. These risks and uncertainties are described elsewhere in this discussion and in other regulatory filings. Readers should not place undue reliance on any such forward-looking statements. We disclaim any intention or obligation to update or revise any such statement as a result of new information, the occurrence of future events or otherwise.

These forward-looking statements are made as of March 1, 2005, and Calloway assumes no obligation to update or revise them to reflect new events or circumstances.

BUSINESS OVERVIEW

Calloway is an unincorporated "closed end" trust created by a Declaration of Trust and governed by the laws of the Province of Alberta. Calloway's units are publicly traded and listed on the Toronto Stock Exchange under the symbol CWT.UN. Calloway was created to invest in a diversified portfolio of income-producing rental properties located in Canada. As a result of our recent acquisitions from the FirstPro Shopping Centres group of companies ("FirstPro"), Calloway will focus specifically on the acquisition of high quality retail properties.

Calloway's primary objectives are to:

- deliver reliable and growing cash distributions to unitholders on a tax-deferred basis; and
- increase and maximize unitholder value.

Notes:

- (1) Net income per unit and distributable income per unit were calculated using the weighted average number of units outstanding for the quarter.
- (2) Total debt includes mortgages payable, capital lease obligations and convertible debentures.
- (3) Management uses distributable income, distributable income per unit and cash from operations to analyze operating performance and leverage. Distributable income, distributable income per unit and cash from operations as presented do not have any standardized meaning prescribed by Canadian GAAP and therefore may not be comparable with the calculation of similar measures for other entities. Distributable income and cash flow as presented is not intended to represent operating profits for the period nor should it be viewed as an alternative to net income, cash flow from operating activities or other measures of financial performance calculated in accordance with Canadian GAAP. All references to distributable income throughout this report are based on the description provided later in the Distributable Income section. All references to cash from operations throughout this report are based on cash flow from operations activities before changes in other non-cash operating items and expenditures on deferred leasing costs.

RESULTS OF OPERATIONS

Occupancy rates were as follows at the end of each period: December 31, 2004 – 98.0%; September 30, 2004 – 98.1%; December 31, 2003 – 97.9%.

Acquisition of Income Properties

The twelve Wal-Mart-FirstPro properties acquired on February 16, 2004, the twelve Wal-Mart-FirstPro properties acquired on May 14, 2004, the respective interests in the Laval and Halifax properties and the 6 Wal-Mart-FirstPro properties acquired on November 30, 2004 were acquired subsequent to December 31, 2003 and were therefore not included in the financial results for the three months or year ended December 31, 2003. These properties are collectively referred to as "Other Properties". These Other Properties provided gross rental income of \$20,089,737 and net income of \$(944,549) for the period October 1, 2004 to December 31, 2004 and gross rental income of \$57,734,753 and net income of \$2,524,129 for the period January 1, 2004 to December 31, 2004. In addition, the Ecco, Gesco, Church, and Namao properties were acquired as at March 31, 2003 or during the second quarter of 2003 and the nine FirstPro properties (the "FirstPro Centres") were acquired on October 31, 2003.

Results of Operations for three months ended December 31, 2004 compared to the three months ended December 31, 2003

Rentals from income properties for the three months ended December 31, 2004 increased by \$22,324,697 when compared to the three months ended December 31, 2003. The increase was mostly due to the acquisition of the Other Properties but was also affected by increased rentals from the FirstPro Centres of \$1,615,195, recognition of rents from step leases on a straight line basis of \$500,891, and by a decrease in the allowance for doubtful accounts of \$83,215.

Total property operating costs decreased to 32.7% of rental revenue for the three months ended December 31, 2004 as compared to 33.4% for the prior period. The decrease is mostly attributed to recognition of rents on straight line basis. Property operating costs tend to be fully recovered under leases with the exception of vacant space.

Results of Operations for year ended December 31, 2004 compared to the year ended December 31, 2003

Rentals from income properties for the year ended December 31, 2004 increased by \$73,003,265 when compared to the year ended December 31, 2003. The increase was mostly due to the acquisition of the Other Properties but was also affected by increased rentals from the FirstPro Centres of \$13,601,353, the recognition of rents from step leases on a straight line basis of \$1,647,024, a lease termination payment of a lease terminated early by a tenant of \$297,482, offset by reduced revenue from the sale of Dover Village Square and Richter Plaza of \$1,769,908, and an increase to allowance for doubtful accounts of \$532,737.

Total property operating costs decreased to 31.6% of rental revenue for the year ended December 31, 2004 as compared to 33.9.4% for the prior period. The decrease is mostly attributed to the recognition of rents on straight line basis, to the type of properties purchased and the lease termination payment. Property operating costs tend to be fully recovered under leases with the exception of vacant space.

Allowance for Doubtful Accounts

During the year ended December 31, 2004, one retail tenant filed for protection under the Companies' Creditors Arrangement Act and three others declared bankruptcy. These tenants were operating in 77,977 square feet in 16 tenancies located in 14 retail properties. Total annual rental payments are approximately \$1,827,000. These tenants have repudiated 10 leases comprising 43,397 square feet and \$1,104,000 annual rental payments. Three locations comprising 6,032 square feet have been leased to new tenants at

rental rates in excess of the repudiated leases. It is uncertain whether the tenant under the CCAA protection will successfully complete its restructuring and continue operations. During the year ended December 31, 2004, \$532,737 was charged to allowance for doubtful accounts with a corresponding decrease to rentals from income properties.

Subsequent to December 31, 2004, two retail tenants operating in 109,741 square feet in 11 tenancies located in 9 retail properties filed for protection under the Companies' Creditors Arrangement Act. Total annual rental payments are approximately \$2,489,000. These tenants have repudiated nine leases comprising 88,715 square feet and \$1,959,000 annual rental payments.

Interest Expense

Interest expense for mortgages and other items consists primarily of interest paid on mortgages on the income property portfolio. The weighted average interest rate was 5.82% as at December 31, 2004 as compared to 6.03% as at September 30, 2004, and 6.24% as at December 31, 2003.

Interest expense for mortgages and other items for the three months and year ended December 31, 2004 have increased \$7,061,710 and \$21,795,977, respectively, compared to same periods ended December 31, 2003. This increase is due to the substantial increase in mortgage debt arising from the acquisition of the Other Properties and FirstPro Centres.

On May 14, 2004 the REIT issued \$55,000,000 of 6% convertible unsecured subordinated debentures. In the three month and twelve month periods ended December 31, 2004 the total interest expense, including accretion expense, on these debentures was \$863,236 and \$2,179,917 respectively.

Amortization

Amortization of income properties for the three months and year ended December 31, 2004 compared to the three months and year ended December 31, 2003 has increased as result of the acquisition of the Other Properties. In addition, effective January 1, 2004 the amortization of buildings was changed from the sinking fund method to the straight line method on a prospective basis. If the sinking fund method had continued, the amortization of income properties for the three months and year ended December 31, 2004, would have been reduced by \$5,578,725 and \$17,350,504, respectively.

During the three months and year ended December 31, 2004, \$2,386,736 of amortization expense was related to the write off of unamortized balance of tenant improvements and intangibles for vacated tenant space.

Amortization of deferred leasing costs increased due to tenant inducements and leasing expenses incurred for new and renewed tenants. Amortization of deferred financing costs increased mainly due to financing fees incurred on new and renewed financing and convertible debentures.

General and Administrative Expenses

General and administrative expenses are essentially comprised of: executive salaries, bonuses and benefits net of recoveries, trustee fees, transfer agent fees, filing fees, press releases, printing costs, rent, office and other related expenses, and professional fees such as audit fees and legal fees.

General and administrative expenses for the three months and year ended December 31, 2004 have increased compared to the three months and year ended December 31, 2003, due to 2004 and 2003

bonuses approved and paid during the periods, increased salaries and additional employees, additional trustees and meetings thereof, increased investor relation and stock exchange costs, and increased audit fees all as a result of Calloway's significant growth.

Discontinued Operations

During the year ended December 31, 2004, the REIT approved the plan and initiated the program to sell Holland Cross, a 272,550 square foot office property in Ottawa, and Century Park Place, a 75,675 square foot office property in Calgary. Rentals from these income properties for the three months and year ended December 31, 2004 has decreased from the comparative periods due to lower occupancy rates. Amortization of these income properties for three months and year ended December 31, 2004 has increased from the comparative periods due to the change from the sinking fund method to the straight line method on a prospective basis offset by the GAAP requirement that assets held for sale are not amortized once they are categorized as "held for sale".

Net Income Distributable Income

Net income for the three months ended December 31, 2004 was lower than the three months ended December 31, 2003 by \$608,358 (23%) and distributable income for the three months ended December 31, 2004 was greater than the three months ended December 31, 2003 by \$7,800,848 (268%). Distributable income per unit for the three months ended December 31, 2004 was \$0.34 as compared to the same period in 2003 of \$0.30. Net income and distributable income for the year ended December 31, 2004 were greater than the year ended December 31, 2003 by \$4,453,602 (50%) and \$27,192,628 (317%), respectively. Distributable income per unit for the year ended December 31, 2004 was \$1.37 as compared to the same period in 2003 of \$1.24.

The change in accounting policies for amortization of buildings, recognition of revenue from step leases, and allocation of purchase price of acquisitions to tenant improvements and intangibles has affected net income for the three months and year ended December 31, 2004, as compared to the three months and year ended December 31, 2003. If these changes had not been implemented, for the three months ended December 31, 2004, net income would have increased by \$5,062,590 to \$7,045,157, and net income per unit – basic would have been \$0.22 and net income per unit-diluted would have been \$0.22. For the year ended December 31, 2004, net income would have increased by \$15,658,120 to \$29,073,199 and net income per unit – basic would have been \$1.11 and net income per unit – diluted would have been \$1.09. There would have been no effect on distributable income or distributable income per unit – basic and diluted for these changes.

The trustees passed a resolution to clarify the definition of distributable income as provided for in the Declaration of Trust. The resolution provides that distributable income means income of the trust in accordance with Canadian GAAP adjusted for: adding back decrease in rentals from income properties from step leases on a straight line basis over the remaining life of the lease, amortization of buildings, amortization of tenant improvements, amortization of in place lease values, amortization of differential between original and above market rents, amortization of customer relationship values, amortization of debenture liability accretion expense, losses on dispositions of assets, and amortization of any net discount on long-term debt assumed from vendors of properties at rates of interest less than fair value; and, deducting increase in rentals from income properties from step leases on a straight line basis over the remaining life of the lease, amortization of differential between original and below market rents, gains on dispositions of assets and amortization of any net premium on long-term debt assumed from vendors of properties at rates of interest greater than fair value.

FINANCIAL POSITION

Income Properties

Net book value of income properties increased to \$866,121,310 as at December 31, 2004, an increase of \$642,715,906 from the net book value of \$223,405,404 as at December 31, 2003. This increase is due to the acquisition of the thirty Wal-Mart-FirstPro properties, the acquisition of the interest in the Laval and Halifax properties and the properties acquired under the development agreements offset by the reclassification of assets held for sale and amortization recorded during the period.

Included in income properties is land acquired during 2003 and subject to development agreements with the vendors of the property. These lands have a potential future development of 393,074 square feet of retail space. The vendors pay to Calloway an opportunity fee equal to 9% per annum of the aggregate undeveloped lands value as reduced from time to time upon the completion and rental of additional space. As the negotiated opportunity fee earned by Calloway reflects Management's estimate of a fair market return for the use of a productive asset, the fee is recognized as revenue. Pursuant to the development agreements, the vendors assume responsibility for the cost of developing the land and are granted the right for a period of five years to earn additional proceeds from Calloway on the completion and rental of additional space on these lands. The purchase price for the additional developments will be calculated by formula using the net operating rents and predetermined capitalization rates. The vendors have the right, at their option, to receive up to 40% of the proceeds for any new developments in units at purchase prices of \$10.00 and \$10.50 per unit (not to exceed 199,475 units and approximately 1,800,000 units respectively). The REIT provides financing to the vendors for the development costs of the additional developments. The REIT has provided a second mortgage on a specific property in the amount of \$10,000,000 to the vendors as security for payment of the additional proceeds. As at December 31, 2004, there were no additional proceeds payable. The obligation of the vendors is secured by units of Calloway having a value in excess of the remaining undeveloped land value from time to time. The vendors are part of the FirstPro Group of Companies which is owned by a significant unitholder of Calloway and in which two trustees serve as officers (one trustee has resigned as an officer of FirstPro subsequent to December 31, 2004). In the event that FirstPro does not elect to take any portion of the proceeds for new developments in units, Calloway intends to raise such portion of the purchase price by the issuance of units pursuant to one or more private placements. The REIT will lend to FirstPro, at Calloway's cost of funds, monies required to complete the developments. It is projected that these lands will be fully developed in four years at an additional cost of \$49,900,000 to Calloway.

Included in income properties is land acquired during 2004 and subject to a development agreement with the co-owner (a FirstPro company) of the property. This land has a potential future development of 12,300 square feet of retail space. The co-owner pays to Calloway an opportunity fee equal to 9% per annum of the aggregate undeveloped lands value as reduced from time to time upon the completion and rental of additional space. As the negotiated opportunity fee earned by Calloway reflects Management's estimate of a fair market return for the use of a productive asset, the fee is recognized as revenue. Pursuant to the development agreement, the co-owner assumes responsibility for the cost of developing the land and is granted the right for a period of five years to earn additional proceeds from Calloway on the completion and rental of additional space on the land. The purchase price for the additional developments will be calculated by formula using the net operating rents and predetermined capitalization rates. The REIT will lend to the co-owner, at Calloway's cost of funds, monies required to complete the developments. It is projected that the land will be fully developed in one year at an additional cost of \$2,100,000 to Calloway.

During the three months ended December 31, 2004, the vendors completed the development of 4,441 square feet of retail space resulting in an acquisition cost of \$695,984 (including land value of \$196,380). The vendors elected to receive 19,032 units at a purchase price of \$10.50 per unit. During the period, Calloway provided financing totalling \$5,377,795 to the vendors for development costs.

During the year ended December 31, 2004, the vendors completed the development of 28,621 square feet of retail space resulting in an acquisition cost of \$5,155,592 (including land value of \$864,866). The vendors elected to receive 139,311 units at a purchase price of \$10.00 per unit and 30,773 units at a purchase price of \$10.50 per unit. During the period, Calloway provided financing totalling \$8,856,988 to the vendors for development costs and \$2,320,437 was repaid by the vendors.

Properties Under Development

Included in the acquisition of properties from Wal-Mart-FirstPro Partnership in February 2004 was land under development with an acquisition cost of \$12,912,723. These lands have a potential future development of 442,542 square feet of retail space. These lands will be developed by Calloway subject to development agreements with the vendors of the property. Pursuant to the development agreements, the vendors assume responsibility for managing the leasing and development of the land and are granted the right for a period of five years to earn additional proceeds from Calloway on the completion and rental of additional space on these lands. The purchase price for the additional developments will be calculated by formula using the net operating rents and predetermined capitalization rates. The vendors have the right, at their option, to receive up to 40% of the proceeds for any new developments in units at a purchase price of \$14.00 per unit (approximately 1,860,000 units). The vendors have provided acquisition financing in the amount of \$12,912,723 at 0% and will provide development financing at a rate of bankers acceptances plus 200 basis points. Calloway has provided a first mortgage on two properties with the provision that the acquisition loans and development loans cannot exceed 75% of the value of the two properties. In the event that the vendors do not elect to take any portion of the proceeds for new developments in units, Calloway intends to raise such portion of the purchase price by the issuance of units pursuant to one or more private placements. It is projected that these lands will be fully developed in four years at an additional cost of \$45,000,000 to Calloway.

Included in the acquisition of properties from Wal-Mart-FirstPro Partnership in May 2004 was land under development with an acquisition cost of \$11,651,592. These lands have a potential future development of 299,506 square feet of retail space. These lands will be developed by Calloway subject to development agreements with the vendors of the property. Pursuant to the development agreements, the vendors assume responsibility for managing the leasing and development of the land and are granted the right for a period of five years to earn additional proceeds from Calloway on the completion and rental of additional space on these lands. The purchase price for the additional developments will be calculated by formula using the net operating rents and predetermined capitalization rates. The vendors have the right, at their option, to receive up to 40% of the proceeds for any new developments in units at a purchase price of \$15.25 per unit (approximately 1,150,000 units). The vendors have provided acquisition financing in the amount of \$11,651,592 at 0% and will provide development financing at a rate of bankers acceptances plus 200 basis points. Calloway has provided a first mortgage on two properties with the provision that the acquisition loans and development loans cannot exceed 75% of the value of the two properties. In the event that the vendors do not elect to take any portion of the proceeds for new developments in units, Calloway intends to raise such portion of the purchase price by the issuance of units pursuant to one or more private placements. It is projected that these lands will be fully developed in four years at an additional cost of \$48,200,000 to Calloway.

Included in the acquisition of properties from Wal-Mart-FirstPro Partnership in November 2004 was land under development with an acquisition cost of \$5,738,276. These lands have a potential future development of 208,424 square feet of retail space. These lands will be developed by Calloway subject to development agreements with the vendors of the property. Pursuant to the development agreements, the vendors assume responsibility for managing the leasing and development of the land and are granted the right for a period of five years to earn additional proceeds from Calloway on the completion and rental of additional space on these lands. The purchase price for the additional developments will be calculated by formula using the net operating rents and predetermined capitalization rates. The vendors have the right, at their option, to receive up to 40% of the proceeds for any new developments in units at a purchase price of \$17.80 per unit (approximately 345,000 units). The vendors have provided acquisition financing in the amount of \$5,738,276 at 0% and will provide development financing at a rate of bankers acceptances plus 200 basis points. Calloway has provided a first mortgage on two properties with the provision that the acquisition loans and development loans cannot exceed 75% of the value of the two properties. In the event that the vendors do not elect to take any portion of the proceeds for new developments in units, Calloway intends to raise such portion of the purchase price by the issuance of units pursuant to one or more private placements. It is projected that these lands will be fully developed in four years at an additional cost of \$18,200,000 to Calloway.

During the year ended December 31, 2004, the vendors completed the development of 118,760 square feet of retail space resulting in an acquisition cost of \$20,178,531 (including land value of \$4,933,875). The vendors elected to receive 210,574 units at a purchase price of \$14.00 per unit and 335,959 units at a purchase price of \$15.25 per unit.

During the three months and year ended December 31, 2004, the vendors have provided development financing totalling \$5,669,188 and \$13,996,728, respectively. During the three months and year ended December 31, 2004, acquisition financing of \$4,935,875 and development financing of \$8,949,661 was repaid.

Mortgages and Loans Receivable

Mortgages and loans receivable increased to \$39,941,711 as at December 31, 2004 from \$2,571,446 as at December 31, 2003. The increase is due to development loans provided to FirstPro for construction on lands under development owned by Calloway and for loans provided to FirstPro for use in their acquisition and development of properties in which Calloway has an option upon completion to acquire a 50% interest.

Other Assets

Deferred financing costs increased to \$4,781,684 as at December 31, 2004 from \$674,329 as at December 31, 2003. This increase is due to the fees and other charges for the new debt financing for properties acquired in February, May and November and for issuance costs for the convertible debentures.

Prepaid expenses and deposits increased to \$2,388,552 as at December 31, 2004 from \$640,865 as at December 31, 2003, an increase of \$1,747,687. This increase is mainly a result of deposits provided for potential acquisitions, prepaid realty taxes and prepaid insurance.

Accounts receivable increased to \$6,204,472 as at December 31, 2004 from \$341,444, as at December 31, 2003, an increase of \$5,863,028. This increase is due mainly to increase in rents receivable due to increase in properties, accrual of rental revenue on straight line basis over the term of the lease, accrual of

common area recoverables for operating costs and property taxes in excess of recoveries charged to tenants, and accrual of interest receivable on mortgages receivable.

Mortgages Payable

Mortgages payable increased to \$547,589,003 as at December 31, 2004 from \$117,137,027 as at December 31, 2003, an increase of \$430,451,976. This increase arose from new term mortgages totaling \$411,314,851, assumed mortgages totaling \$29,105,665, vendor take back mortgages of \$29,576,782 on properties acquired, advances of development loans of \$18,250,028, net advances of floating rate debt totaling \$9,929,500 offset by repayment of development loans of \$38,379,352, term mortgages repaid of \$19,500,000, vendor take back mortgages repaid of \$4,935,878 and principal repayments totaling \$4,909,620.

The mortgages payable bear interest at the weighted average interest rate of 5.82% (December 31, 2003-6.24%) and mature between 2005 and 2019. The weighted average years to maturity, including the timing for payments of principal and debt maturing, is 7.61 years (8.51 years for term debt). Future principal payments as a percentage of mortgages and other debt payable are as follows:

<u>Year</u>	<u>Payments of principal</u>	<u>Debt maturing during year</u>	<u>Total</u>	<u>% of Total</u>	<u>Weighted average interest rate (%)</u>
2005	8,720,113	55,720,855	64,440,968	11.77	3.88
2006	9,207,040	6,968,694	16,175,734	2.95	4.34
2007	8,849,654	25,041,247	33,890,901	6.19	6.16
2008	9,200,491	8,710,692	17,911,183	3.27	6.16
2009	9,115,977	28,816,945	37,932,922	6.93	5.62
2010	9,086,279	17,897,474	26,983,753	4.93	6.25
2011	8,813,933	19,547,556	28,361,489	5.18	6.87
2012	8,734,435	-	8,734,435	1.60	6.20
2013	8,626,959	28,666,411	37,293,370	6.81	6.26
2014	7,863,571	70,482,116	78,345,687	14.31	5.94
2015	6,238,563	75,315,502	81,554,065	14.89	6.07
2016	5,052,378	31,060,763	36,113,141	6.59	6.11
2017	4,053,795	41,963,932	46,017,727	8.40	6.30
2018	2,684,247	-	2,684,247	0.49	6.47
2019	<u>2,191,817</u>	<u>28,957,564</u>	<u>31,149,381</u>	<u>5.69</u>	<u>6.27</u>
Total	<u>\$108,439,252</u>	<u>\$439,149,751</u>	<u>\$547,589,003</u>	<u>100.00</u>	<u>5.82</u>

Approximately \$37,757,621 or 6.90% of the mortgages payable balance as at December 31, 2004 is comprised of variable rate debt. As at December 31, 2004, \$15,000,000 of this variable rate debt is subject to interest rate swap agreements wherein the interest rate is fixed at a blended fixed rate of 5.807%.

Calloway's Declaration of Trust limits Calloway's indebtedness to a maximum of 60% of the gross book value of Calloway or 65% if convertible debentures are issued. (Gross book value is defined as total assets plus accumulated amortization of income properties). Total mortgages payable (including capital lease obligations) as a percentage of gross book value was 52.9% as at December 31, 2004, as compared

to 51.1% as at December 31, 2003. Total debt (mortgages payable, capital lease obligations and convertible debentures) as a percentage of gross book value was 58.0% as at December 31, 2004.

Management anticipates Calloway will be able to renew its mortgage debt as it matures.

Capital Lease Obligations

An income property was acquired under the terms of a 35 year lease. A single payment of \$39.0 million was made on October 31, 2003 and a payment of \$10.0 million is due at the end of the lease to exercise a purchase option. The capital lease obligation, net of implicit interest costs at 9.18% of \$9,547,052, is \$452,948 at December 31, 2004.

Convertible Debentures

On May 14, 2004, the REIT issued \$55,000,000 of 6.00% convertible unsecured subordinated debentures due June 30, 2014. The debentures are convertible into trust units at \$17.00 per unit and are redeemable at the option of the REIT in cash or units on or after June 28, 2010. As at December 31, 2004 \$54,550,000 of face value of the debentures was outstanding. The debenture was divided into its liability and equity components, measured at their respective fair values at time of issue.

Lease Commitment

One of Calloway's income properties is subject to a land lease requiring annual lease payments of \$205,000. The annual lease payment increases to \$220,000 in 2007. The lease expires November 2011, and Calloway has an option to extend for a further 10 years.

Accounts Payable and Accrued Liabilities

Accounts payable and accrued liabilities increased to \$22,587,192 as at December 31, 2004 from \$5,319,023 as at December 31, 2003 an increase of \$17,268,169. The increase is a result of the accrual of December 2004 distributions to unitholders, accrual of interest and operating costs and property taxes for the properties acquired from Wal-Mart-FirstPro Partnership, holdbacks for costs to complete and an increase in prepaid rents.

Unitholders' Equity

Unitholders equity increased to \$391,505,840 as at December 31, 2004 from \$106,045,219 as at December 31, 2003 an increase of \$285,460,621. This increase was mainly due to the issuance of units and equity component of convertible debentures for partial consideration on purchase of income properties, units issued under the provisions of development agreements and exercise of warrants and options, and net income, offset by distributions to unitholders, and costs of the issuance of units.

It is our intent to make monthly cash distributions to unitholders of approximately 90% of Calloway's Distributable Income. For the three months and year ended December 31, 2004, distributions amounting to 94.4% and 92.9% respectively, of distributable income were made or declared.

LIQUIDITY AND CAPITAL RESOURCES

Calloway's principal sources of liquidity are its ability to generate cash from operations, arrange new loans, and offer units to the public. For the three months ended December 31, 2004, cash from operations totalled \$10,912,702, an increase of \$7,931,765 from the three months ended December 31, 2003. For the

year ended December 31, 2004, cash from operations totalled \$36,497,091, an increase of \$27,717,029 from the year ended December 31, 2003.

During the three months ended December 31, 2004, term mortgages and development loans increased by \$41,168,069. New term mortgages and mortgages provided by vendors were \$44,750,106, advances under development loans was \$6,764,156, net adjustment for imputed interest on non-interest bearing development loans was \$161,813, development loans in the amount of 10,710,495 were repaid, mortgages provided by vendors in the amount of \$4,935,878 were repaid and mortgage repayments were \$1,861,633. During the same period there was a net increase in the revolving operating facility of \$7,000,000. Unit issuances for the three months ended December 31, 2004, resulted in proceeds of \$48,999,148.

During the year ended December 31, 2004, term mortgages and development loans increased by \$430,451,976. New term mortgages were \$411,314,851, mortgages provided by vendors were \$30,302,590, assumed mortgages were \$29,105,665, advances under development loans was \$18,250,028, term mortgages repaid were \$19,500,000, net adjustment for imputed interest on non-interest bearing development loans was \$725,808, development loans repaid were \$38,379,352, mortgages provided by vendors in the amount of \$4,935,878 were repaid and mortgage repayments were \$4,909,620. During the same period net advances of \$9,929,500 were made from the revolving operating facility. Unit and convertible debenture issuances for the year ended December 31, 2004, resulted in proceeds of \$314,529,022 and \$55,000,000, respectively.

On February 16, 2004, the REIT completed the acquisition of twelve retail properties by issuing term mortgages on ten of the properties totalling \$191,650,000, by the vendors providing mortgages on two of the properties totalling \$12,912,723, and by issuing 10,948,182 units at a price of \$13.75 per unit for gross proceeds of \$150,537,502.

On May 4, 2004, the REIT completed the acquisition of an interest in two retail properties by utilizing bridge financing of \$33,500,000 and the assumption of \$29,105,665 of debt.

On May 14, 2004, the REIT completed the acquisition of twelve retail properties and the repayment of \$33,500,000 of bridge financing by issuing term mortgages on eight of the properties totalling \$140,315,000, by the vendors providing mortgages on three of the properties totalling \$31,151,592, by issuing 6,700,000 units at a price of \$15.00 per unit for gross proceeds of \$100,500,000, and by issuing 55,000 debentures at a price of \$1,000 per debenture for gross proceeds of \$55,000,000.

On November 18, 2004, the REIT completed a private placement of trust units for gross proceeds of \$40,020,000 through the issuance of 2,320,000 units at \$17.25 per unit.

On November 30, 2004, the REIT completed the acquisition of six retail properties by issuing term mortgages on three of the properties totalling \$36,100,000, by the vendors providing mortgages on two of the properties totalling \$5,738,276, and by the payment of the balance in cash. The REIT funded the cash component of the purchase price from proceeds of the November 18, 2004 private placement of units.

We expect to be able to meet all of Calloway's ongoing obligations, and maintain cash distributions to unitholders, based on Calloway's cash flow from operations and its borrowing capacity. We expect to fund growth by using borrowing capacity and issuing units.

RELATED PARTY TRANSACTIONS

As a result of transactions completed on October 31, 2003, the owner (or his nominees) of the FirstPro Group of Companies ("FirstPro") became a significant unitholder of Calloway. Two officers of FirstPro are trustees of Calloway.

During the three months ended December 31, 2004, Calloway paid fees totaling \$264,771 (three months ended December 31, 2003 - \$322,746) to a legal firm in which a trustee is a partner. During the year ended December 31, 2004, the REIT paid fees totaling \$1,129,828 (year ended December 31, 2003 - \$387,501) to a legal firm in which a trustee is a partner.

During the three months ended December 31, 2004, Calloway paid fees totaling \$60,000 (three months ended December 31, 2003 - \$nil) to a trustee for consulting services for public equity offerings. During the year ended December 31, 2004, the REIT paid fees totaling \$481,475 (year ended December 31, 2003 - \$nil) to a trustee for consulting services for public equity offerings.

During the three months ended December 31, 2004, Calloway earned interest income totaling \$833,848 (three months ended December 31, 2003 - \$48,395) from FirstPro and another company in which trustees of Calloway are officers and directors. During the year ended December 31, 2004, Calloway earned interest income totaling \$2,220,709 (year ended December 31, 2003 - \$192,000) from FirstPro and another company in which trustees of Calloway are officers and directors.

During the three months ended December 31, 2004, under the terms of property management agreements, Calloway paid property management fees totaling \$592,427 (three months ended December 31, 2003 - \$72,208) to companies in which trustees of Calloway are officers and directors. During the year ended December 31, 2004, under the terms of property management agreements, Calloway paid property management fees totaling \$1,880,213 (year ended December 31, 2003 - \$105,676) to companies in which trustees of Calloway are officers and directors.

During the three months ended December 31, 2004, under the terms of development agreements, Calloway received opportunity fees, head lease rents and operating recoveries totaling \$624,479 (three months ended December 31, 2003 - \$445,034) from FirstPro. During the three months ended December 31, 2004 fees totaling \$137,349 (three months ended December 31, 2003 - \$nil) were paid to FirstPro under the development and other agreements. During the year ended December 31, 2004, under the terms of development agreements, Calloway received opportunity fees, head lease rents and operating recoveries totaling \$2,680,721 (year ended December 31, 2003 - \$445,034) from FirstPro. During the year ended December 31, 2004 fees totaling \$1,470,201 (year ended December 31, 2003 - \$nil) were paid to FirstPro under the development and other agreements.

As at December 31, 2004, amounts totaling \$174,198 included in accounts receivable were receivable from related parties and amounts totaling \$2,187,368 included in accounts payable were payable to related parties.

RISKS AND UNCERTAINTIES

Real Property Ownership

All real property investments are subject to elements of risk. General economic conditions, local real estate markets, supply and demand for leased premises, competition from other available premises and various other factors affect such investments.

The primary risk facing Calloway is the potential for declining revenue arising from increased vacancies or declining rental rates. Calloway has reduced this risk by diversifying its holdings geographically across Canada while focusing its acquisition strategy on high quality retail properties. These properties provide tenants with lower operating costs and tend to be less costly to lease than most other types of commercial real estate. Wal-Mart Canada Inc. comprises approximately 32.17% of the rental revenue as at December 31, 2004. As at December 31, 2004, 15.1% of leases renew prior to January 1, 2010.

Management of Calloway is subject to investment guidelines and operating criteria as set forth in the Declaration of Trust. This includes appropriate due diligence procedures for property acquisitions, the amount of leverage allowed, and review of operations by the Trustees.

Credit Risk

Credit risk arises from the possibility that tenants may experience financial difficulty and be unable to fulfill their lease commitments. Calloway mitigates this risk of credit loss by ensuring that its tenant mix is diversified, and by limiting its exposure to any one tenant except Wal-Mart Canada Inc. and government agencies.

With the exception of Wal-Mart, no one tenant group represents more than 4.03% of annual gross revenues. Calloway's nine largest tenant groups, excluding Wal-Mart, represent approximately 24.60% of annual gross revenues. Calloway's tenant mix, led by Wal-Mart, includes international and national retailers. The names noted below are the names of the parent or operating name and are not necessarily the covenant under the lease.

1.	Wal-Mart	\$ 39,513,663	32.17%

Subsequent to December 31, 2004 SAAN filed for protection under Companies' Creditors Arrangement Act. They have repudiated leases in six of eight locations. The financial effect is discussed above in the Allowance for Doubtful Accounts section.

Further risks arise in the event that borrowers default on the repayment of their mortgages to Calloway. Calloway endeavours to ensure that adequate security has been provided in support of mortgages receivable.

Lease Roll-Over Risk

Lease roll-over risk arises from the possibility that Calloway may experience difficulty renewing leases as they expire or in releasing space vacated by tenants upon lease expiry. With the acquisition of relatively new retail properties, with a significant portion of leases being ten years and greater in term, we have a relatively low amount of space expiring in any one year for the next 7 years.

	<u>Area (sf)</u>	<u>% Area</u>

Total	<u>7,532,454</u>	<u>100.00%</u>

Debt Financing and Interest Rate Risk

Calloway is exposed to interest rate risk in regard to its debt. It minimizes this risk by restricting total indebtedness to 60% of gross book value (65% including convertible debentures). Calloway attempts to stagger maturity dates of term debt including matching maturity dates to Wal-Mart renewal dates. In addition, because of the current historically low interest rate environment, we have financed a significant component of our 2004 acquisitions with debt having terms in excess of ten years. As at December 31, 2004, over 68% of total debt matures in greater than five years.

Calloway has arranged floating rate operating facilities limited to \$80 million. In addition, Calloway has floating rate development loans with banks and vendors of properties. At December 31, 2004, \$37,757,621 was drawn under these facilities and loans. There is a risk that the lenders will not refinance the facilities and loans on terms and conditions acceptable to Calloway, refinance the loans with term debt, or on terms at all. For every 1% increase in the applicable floating rate, interest expense would increase and net income would decrease by \$377,576 and net income per unit and distributable income per unit would decrease by \$0.01 and \$0.01 respectively.

Unitholder Liability

There is a risk, which is considered to be remote in the circumstances, that unitholders could be held personally liable for obligations of Calloway to the extent that these claims are not satisfied by Calloway. We have taken steps to mitigate this risk, including obtaining appropriate operational and asset insurance and, where feasible, attempting to have every material written contract or commitment of Calloway contain an express disavowal of liability against the unitholders, trustees and employees of Calloway. In addition, legislation has been enacted in Alberta and Ontario which limits the personal liability of unitholders in trusts for the trusts liabilities.

Environmental Risk

Calloway is subject to Canadian laws relating to the environment. Most of these laws deal primarily with the removal and remediation of hazardous substances. Environmental risk is relevant to Calloway's ability to sell or finance affected properties and could potentially result in liabilities for the costs of removal and remediation of hazardous substances or claims against Calloway. We are not aware of any material non-compliance with environmental laws or regulations with regard to Calloway's properties, or of any pending or threatened actions, investigations or claims against Calloway relating to environmental matters. In accordance with the Declaration of Trust, Calloway must conduct an environmental review through third party consultants prior to acquiring properties.

Land Leases

To the extent the properties in which Calloway has an interest are located on leased land, the land leases may be subject to periodic rate resets which may fluctuate and may result in significant rental rate adjustments.

Tax Related Risk Factors

There can be no assurance that Canadian federal income tax laws respecting the treatment of mutual fund trusts will not be changed in a manner which results in Calloway being taxed on a basis other than undistributed taxable income.

Potential Conflicts of Interest

Calloway may be subject to various conflicts of interest because of the fact that the Trustees and executive management, and their associates, are engaged in a wide range of real estate and other business activities. Calloway may become involved in transactions which conflict with the interests of the foregoing. Existing Non-Competition Agreements address certain of these conflicts of interest.

The Trustees, executive management and their associates or affiliates may from time to time deal with persons, firms, institutions or corporations with which Calloway may be dealing, or which may be seeking investments similar to those desired by Calloway. The interests of these persons could conflict with those of Calloway. In addition, from time to time, these persons may be competing with Calloway for available investment opportunities. David Calnan, an officer and Trustee of Calloway, is a partner of Shea Nerland Calnan, a law firm that provides legal services to Calloway. John MacNeil and Simon Nyilassy, Trustees of Calloway, are officers of FirstPro, a group of companies from which Calloway has purchased income properties, entered into development agreements with, and provided loans to. FirstPro also provides property management services to Calloway. Kevin Pshebniski, a Trustee of Calloway, is an officer and director of Hopewell, to which Calloway has provided loans to and which provides property management services to Calloway. Michael Young, a Trustee of Calloway, provides equity raising services to Calloway.

The Declaration of Trust contains "conflicts of interest" provisions requiring Trustees to disclose material interests in material contracts and transactions, and refrain from voting.

Capital Requirements

Calloway accesses the capital markets from time to time. If Calloway were to be unable to raise additional funds through the issuance of debt, equity or equity-related securities, certain of its acquisition or development activities may be curtailed. Furthermore, Calloway may not be able to raise additional funds on favourable terms.

Reliance on Key Personnel

Management of Calloway depends on the services of certain key personnel. The loss of the services of key personnel could have an adverse effect on Calloway. Calloway does not have key man insurance on any of its key employees.

CRITICAL ACCOUNTING ESTIMATES

Calloway's significant accounting policies are disclosed in Note 3 to the audited consolidated financial statements for the year ended December 31, 2004. An estimate is considered critical if it requires management to make assumptions about matters that are highly uncertain at the time the accounting estimate is made and different estimates that management could have used in the current period, or changes in the accounting estimate that are reasonably likely to occur from period to period, would have a material impact on Calloway's condition, changes in financial position or results of operations.

Property Acquisitions

Effective for transactions commenced after September 12, 2003, the purchase price of income properties is allocated to land, building, tenant improvements and intangibles, such as the value of above and below market leases, in-place leases and tenant relationships, if any. Management is required to perform the procedures listed below. Many of these procedures are subject to estimation and management judgment.

- (a) Estimate the value of the property on an "as if vacant" basis as of the acquisition date.
- (b) Allocate that value among land, tenant improvements and building.
- (c) Estimate the value of the above and below market leases.
- (d) Estimate the value of costs avoided by acquiring in-place operating leases.
- (e) Calculate the value and associated life of the tenant relationships, if any, by taking the direct identifiable benefits of the tenant relationship and discounting that to its present value.

Impairment of Assets

Under Canadian GAAP, management is required to write down to fair value, any long-lived asset that is determined to have been permanently impaired. Calloway's long-lived assets consist of investments in income properties, properties under development and mortgages and loans receivable. The fair value of investments in income properties is dependent upon anticipated future cash flows from operations over the anticipated holding period. The review of anticipated cash flows involves subjective assumptions of estimated occupancy, rental rates and a residual value. In addition to reviewing anticipated cash flows, management assesses changes in business climates and other factors, which may affect the ultimate value of the property. These assumptions are subjective and may not ultimately be achieved. The fair value of mortgages and loans receivable depends upon the financial condition of the issuer and the economic value of the underlying security. In the event these factors result in a carrying value that exceeds the sum of the undiscounted cash flows expected to result from the direct use and eventual disposition of the property, a provision for impairment would be recognized. There were no impairments recorded for 2004 and 2003.

Amortization of Income Properties

Buildings are amortized over the buildings' estimated remaining useful life using the straight line method. A significant portion of the acquisition cost of each property is allocated to building. The allocation of the acquisition cost to building and the determination of the useful life are based upon management's estimates. In the event the allocation to building is inappropriate or the estimated useful life of buildings proves incorrect, the computation of amortization will not be appropriately reflected over future periods.

Fair Value of Mortgages Payable

In determining the fair value, management uses internally developed models that are based upon current market conditions. The process involves discounting the future contractual mortgage payments based upon a current market rate. In determining market rates, management adds a credit spread to the quoted yields on Canadian government bonds with similar maturity dates to the Calloway's mortgages. The credit spread is estimated based upon experience in obtaining similar financing, and is also affected by current market conditions.

Fair Value of Unit Based Payments and Unit Based Compensation

In determining the fair value of unit based payments and compensation, management uses the Black Scholes Option Pricing model. The pricing model utilizes management's assumptions of unit price volatility, a risk free interest rate, the expected life of the option and the expected distribution rate on units. In determining these assumptions, management assesses market conditions for the units, historical trends relating to unit prices, current market information on interest rates and anticipated cash flows relating to distributable income. These assumptions are subjective and may not ultimately be achieved.

FINANCIAL INSTRUMENTS

In connection with the acquisition of certain income producing properties the REIT issued, during the three months ended June 30, 2004, convertible debentures. As the convertible debentures bear interest at 6.00%, the REIT's exposure to interest rate risk is mitigated. Interest is payable semi-annually. Interest expense is recognized as an operating expense. The liability component of the convertible debentures is being accreted over their life to the value due at maturity. Accretion is recognized as an interest expense, but does not require the use of cash. The debentures are due June 2014 and may not be redeemed by the REIT prior to June 2010. The fair value of the debentures has been determined considering the December 31, 2004 trading value of the debentures less a value for the conversion option. The Black Scholes option pricing model was used to value the conversion option and was calculated using an average volatility of 18% on the underlying units, an exercise price of \$17.00 per unit, a risk free interest rate of 4%, an expected life of 7 years and an expected distribution rate of 7.4%. As well, consideration was given to the fair value of debt component based upon discounted future cash flows using discount rates that reflect current market rates offered to the REIT for debt instruments with similar terms, other than the conversion feature.

Derivative financial instruments are utilized by the REIT in the management of its interest rate exposures, on a portion of its floating rate debt. As at December 31, 2004, \$15,000,000 (December 31, 2003 - \$15,000,000) of the REIT's floating rate debt was subject to swap agreements. The REIT's policy is not to utilize derivative financial instruments for trading or speculative purposes. These swap agreements require the periodic exchange of payments without the exchange of the notional principal amount on which the payments are based. Interest expense on the debt is adjusted to include the payments made or received under the interest rate swaps, and is recognized as an operating expense. The estimated fair

value of the interest rate swaps at December 31, 2004 is an obligation of \$10,826, and is based on relevant market prices available. The estimate is not necessarily indicative of the amount that the REIT might pay in actual market transactions.

NEW ACCOUNTING POLICIES ADOPTED IN 2004

The Canadian Institute of Chartered Accountants (“CICA”) issued accounting pronouncements that impacted the accounting policies of Calloway in 2004. They are as follows:

Amortization of Income Properties

Effective January 1, 2004, Calloway changed its method of amortization of its buildings to the straight line method over the estimated remaining useful lives of the buildings. Prior to January 1, 2004, Calloway used the sinking fund method to amortize its buildings. This change has been applied prospectively. Had the sinking fund method of amortization been continued, the effect on the December 31, 2004 financial statements would be that income properties would have increased, unitholders’ equity would have increased, amortization of income properties would have decreased and net income for the year ended December 31, 2004 would have increased by \$17,350,504 (\$0.66 per basic unit; \$0.66 per diluted unit).

Recognition of Revenue from Rentals; Step Leases

Effective January 1, 2004, Calloway changed its method of recognizing rents from leases such that where leases provide for increases in rent during their term, the rents are recognized on a straight-line basis over the terms of the respective leases. Prior to January 1, 2004, rentals from income properties were recognized as revenue over the terms of the related lease agreements as they become due. This change has been applied prospectively. Had revenue been continued to be recognized as rents became due, the effect on the December 31, 2004 financial statements would be that accounts receivable, unitholders’ equity, revenue and net income for the year ended December 31, 2004 would have decreased by \$1,692,384 (\$0.06 per basic unit; \$0.06 per diluted unit).

Unit Based Compensation

Effective January 1, 2004, Calloway has adopted the CICA recommendations requiring the mandatory recognition of the fair value of unit based compensation associated with options granted to employees. Previously Calloway had provided note disclosure of the pro forma expense and net income information. This recommendation is retroactive in application. There is no material impact on Calloway’s financial position or results of its operations in the December 31, 2004 and prior fiscal reporting periods as a result of the adoption of this recommendation.

Asset Retirement Obligations

Effective January 1, 2004, Calloway has adopted the CICA recommendations requiring the recognition of the fair value of legal obligations relating to the retirement of assets with a corresponding increase in the carrying value of the asset. In periods subsequent to initial measurement, the period to period changes in the liability resulting from the passage of time are recognized as accretion expense, and revisions to estimates of the timing and amount of cash flows related to retirement of the asset are capitalized as a cost of the asset. Previously, the requirement was to record estimates of the costs for future removal and site restoration costs when such costs were reasonably determinable. This recommendation is retroactive in application. On adoption the fair value of existing obligations was based on current data. There is no

material impact on Calloway's financial position or results of its operations in prior fiscal reporting periods as a result of the adoption of this recommendation.

Disposal of Long-Lived Assets and Discontinued Operations

Effective May 1, 2003, Calloway has adopted the CICA recommendations requiring the recognition, measurement, presentation and disclosure of long-lived assets and discontinued operations. Discontinued operations are defined more broadly to include dispositions of real estate assets for which the operations and cash flow can be clearly distinguished, operationally and for financial reporting purposes, from the rest of the enterprise. The results of operations of an asset that has been sold or is held for sale are reported in discontinued operations. The Holland Cross and Century Park Place office buildings have been classified as held for sale during 2004.

Financial Instruments

The issuance during the three months ended June 30, 2004 of convertible debentures necessitated initial adoption of a policy regarding the classification of financial instruments containing both a liability and equity component. The classification has been made in accordance with the January 2004 amendments by the Canadian Institute of Chartered Accountants to Handbook Section 3680 "Financial Instruments". These amendments recommend that the REIT's right to settle the obligation by delivery of its own units, is a liability component. Previously, the recommendations allowed for such rights to settle the obligation by delivery of its own units to be classified as equity components.

FUTURE CHANGES IN ACCOUNTING POLICIES

The accounting pronouncements of the CICA have been reviewed and none have been identified as requiring a change to the accounting policies of the REIT. The REIT is aware of several accounting policies under consideration by the CICA which may have an affect on its accounting policies. As final release of the pronouncements has not occurred at this time, the REIT has not yet made an assessment of the impact on the financial statements in the future.

SUBSEQUENT EVENTS

During January 2005, the REIT completed the sale of the Holland Cross and Century Park Place office buildings for gross proceeds of \$69,250,000 resulting in gain from sale of approximately \$12,500,000. The purchaser of Holland Cross assumed a mortgage of \$23,000,000 and the mortgage on Century Park Place was transferred to another property.

During January 2005, the REIT completed the acquisition of a retail property in Montreal for a cost of \$9,397,870. The purchase price was paid in cash.

On February 11, 2005, the REIT completed the acquisition of a retail property in Sarnia for a cost of \$13,350,000. The purchase price (net of adjustments) was satisfied by assumption of existing mortgage of \$7,978,889 and by the payment of the balance in cash.

On October 13, 2004, the REIT entered into agreements to purchase interests in fourteen retail properties from WM-FP Partnership. The first six properties closed November 30, 2004 and the second eight properties are expected to close in the first quarter of 2005. The purchase price of the eight properties will be approximately \$230,000,000 including acquisition and financing costs of approximately \$1,573,000. The properties comprise approximately 1,497,691 net square feet of leased area of which

approximately 718,389 net square feet is leased to Wal-Mart, and include adjacent lands with the potential for future development of approximately 177,682 net square feet. The cost of the properties will be satisfied as follows: by obtaining first mortgage financing of approximately \$155,210,000; by way of vendor take back mortgage of approximately \$5,996,000; and by payment of the balance in cash. The REIT intends to fund the cash component by issuance of additional units of the REIT and from advances under the revolving operating facilities.

On February 3, 2005, the REIT entered into an agreement to sell 1000 Waverley, 110 Lawson Crescent and 1300 Church Avenue, three industrial properties located in Winnipeg. It is expected that the proceeds will be settled by the purchaser assuming mortgages on each property totaling approximately \$5,263,000 and the remainder in cash. This agreement is subject to typical due diligence by the purchaser and approval by the purchaser's board of directors. Proceeds of disposition and gain on sale cannot be determined until completion of the due diligence and closing of the transaction. The transaction is expected to be completed by May 2005.

On February 23, 2005, the REIT entered into an agreement to sell Collingwood Plaza, a retail property located in Calgary. It is expected that the proceeds will be settled by the purchaser paying cash. Proceeds of disposition and gain on sale cannot be determined until completion of the closing of the transaction. The transaction is expected to be completed by April 2005.

On February 24, 2005, the REIT issued 3,101,000 subscription receipts at a price of \$19.35 per subscription receipt for gross proceeds of \$60,004,350. The proceeds will be used to partially fund the cash component of the acquisition of the eight properties from WM-FP Partnership. Each subscription receipt will entitle the holder to receive one unit of Calloway upon closing of the acquisition.

The accompanying notes are an integral part of these consolidated financial statements.

Calloway Real Estate Investment Trust

Notes to the Consolidated Financial Statements

Three Months Ended March 31, 2005

(Unaudited)

(All amounts in thousands of dollars, except per unit and unit amounts)

1. Organization

Calloway Real Estate Investment Trust (the "REIT") is an unincorporated closed-end real estate investment trust governed by the laws of the Province of Alberta created under a declaration of trust, dated December 4, 2001 subsequently amended and restated on October 24, 2002, October 31, 2003 and January 16, 2004.

2. Acquisitions and Disposals

During January 2005, the REIT completed the sale of the Holland Cross and Century Park Place office buildings for gross proceeds of \$69,250 resulting in gain from sale of approximately \$12,226. The purchaser of Holland Cross assumed a mortgage of \$23,007 and the mortgage on Century Park Place was transferred to another property.

During January 2005, the REIT completed the acquisition of a retail property in Montreal for a cost of \$9,398. The purchase price was paid in cash.

On February 11, 2005, the REIT completed the acquisition of a retail property in Sarnia for a cost of \$13,350. The purchase price was satisfied by the assumption of an existing mortgage of \$7,979 and by the payment of the balance in cash.

On March 10, 2005, the REIT completed the acquisition of 100% interests in three retail properties and 60% undivided interests in five other retail properties from the co-owners, FirstPro Group of Companies ("FirstPro") and Wal-Mart Canada Realty Inc.. The purchase price of the properties was \$229,731 including costs of acquisition. Wal-Mart Canada Inc. operates stores in all eight centres. The purchase price was satisfied as follows: by new debt financing on seven of the properties totaling \$155,210, by the vendors providing a non-interest bearing mortgage on one of the properties totaling \$5,997, assumption of accounts payable and by the payment of the balance in cash. The REIT funded the majority of the cash component of the purchase price by issuing 3,101,000 units at a price of \$19.35 per unit.

During the three months ended March 31, 2005, the REIT completed the purchase of additional developed space from FirstPro for \$6,549 (including land value of \$1,775) under the terms of development agreements. The consideration paid consisted of: the issuance of 39,717 units at a price of \$10.00 per unit, 144,050 units at price of \$10.50 per unit, assumption of development loans and accounts payable, and the balance in cash.

3. Significant Accounting Policies

These unaudited interim consolidated financial statements of the REIT have been prepared in accordance with Canadian generally accepted accounting principles and are consistent with the accounting policies and method of their application used in the preparation of the audited consolidated financial statements as at and for the year ended December 31, 2004. The interim consolidated financial statements contain disclosures which are supplemental to the REIT's annual financial statements. They do not include all the information and disclosure required by Canadian generally accepted accounting principles applicable for annual financial statements and, therefore, they should be read in conjunction with the annual audited consolidated financial statements. Certain comparative figures have been reclassified to conform to the current period's financial statement presentation.

In place lease values	129,531	10,027	119,504	96,257	7,239	89,018
Below market leases	(1,017)	(105)	(912)	(1,017)	(75)	(942)
Tenant relationship values	<u>7,216</u>	<u>455</u>	<u>6,761</u>	<u>5,312</u>	<u>328</u>	<u>4,984</u>
	<u>\$1,127,596</u>	<u>\$ 28,662</u>	<u>\$ 1,098,934</u>	<u>\$ 887,208</u>	<u>\$ 21,087</u>	<u>\$ 866,121</u>

Included in income properties is an income property subject to a capital lease. It has a cost of \$40,958 (December 31, 2004 - \$40,807) and a net book value of \$40,009 (December 31, 2004 - \$40,048).

Included in income properties is land acquired during 2003 and subject to development agreements with FirstPro, the vendors of the property. FirstPro pays the REIT an opportunity fee equal to 9% per annum of the aggregate undeveloped lands value as reduced from time to time upon the completion and rental of additional space. As the negotiated opportunity fee earned by the REIT reflects Management's estimate of a fair market return for the use of a productive asset, the fee is recognized as revenue. Pursuant to the development agreements, FirstPro assumes responsibility for the cost of developing the land and is granted the right for a period of five years to earn additional proceeds from the REIT on the completion and rental of additional space on these lands. The purchase price for the additional developments will be calculated by formula using the net operating rents and predetermined capitalization rates. FirstPro has the right, at their option, to receive up to 40% of the proceeds for any new developments in units at purchase prices of \$10.00 and \$10.50 per unit (not to exceed 199,475 units and approximately 1,800,000 units respectively). The REIT provides financing to FirstPro for the development costs of the additional developments. The REIT has provided a second mortgage on a specific property in the amount of \$10,000 to the vendors as security for payment of the additional proceeds. During the three months ended March 31, 2005, FirstPro completed the development of 41,318 square feet of retail space resulting in a purchase price of \$6,549 (including land of \$1,775) to the REIT. FirstPro elected to receive 39,717 units at a purchase price of \$10.00 per unit and 144,050 units at a purchase price of \$10.50 per unit as partial consideration for the purchase price.

During the three months ended March 31, 2005, the REIT provided financing totaling \$3,725 to FirstPro for development costs and \$3,210 was repaid by FirstPro.

During the three months ended March 31, 2005, \$2,744 of amortization expense was related to the write off of the unamortized balance of tenant improvements and intangibles for vacated tenant space.

Calloway Real Estate Investment Trust

Notes to the Consolidated Financial Statements

Three Months Ended March 31, 2005

(Unaudited)

(All amounts in thousands of dollars, except per unit and unit amounts)

5. Properties Under Development

Properties under development are subject to development agreements with Wal-Mart FirstPro Partnership, FirstPro and Wal-Mart Canada Realty Inc., the vendors of the properties. Pursuant to the development agreements, the vendors assume responsibility for managing the development of the land and are granted the right for a period of five years to earn additional proceeds from the REIT on the completion and rental of additional space on these lands. The purchase price for the additional developments will be calculated by formula using the net operating rents and predetermined capitalization rates. FirstPro has the right, at their option, to receive up to 40% of the proceeds for any new developments in units at purchase prices of \$14.00, \$15.25, \$17.80 and \$19.60 per unit (approximately 1,860,000, 1,150,000, 345,000 and 225,000 units respectively). The vendors will provide financing to the REIT for the development costs of the additional developments. The REIT has provided a first mortgage, assignment of rents and leases, and a general security agreement on seven properties acquired from the vendors as security for the development loans. During the three months ended March 31, 2005, no developments were completed by the vendors.

6. Mortgages and Loans Receivable

Mortgages receivable totaling \$1,600 (December 31, 2004 - \$1,600) are secured by second charges on two properties under development, bear interest at 12% per annum and are repayable in their entirety upon the earliest of the REIT purchasing the properties, the properties being sold to a third party and the day which is two years following the date of substantial completion of the properties. The mortgages receivable are provided to a company in which a trustee of the REIT is an officer and director. The REIT has an option to purchase the properties at a negotiated price, or failing agreement, at a price equal to 95% of the appraised value of the properties.

A mortgage receivable in the amount of \$219 (December 31, 2004 - \$221) is secured by a second charge on an income producing property, bears interest at 11.75%, is repayable in blended monthly installments of \$3, and is due June 15, 2006.

Loans receivable totaling \$7,796 (December 31, 2004 - \$7,281) have been provided pursuant to development agreements with FirstPro that are described in Note 4. The loans bear interest at the prime rate of a Canadian chartered bank plus rates ranging from 0.75% to 1.25%. The loans are repayable at the completion and rental of the properties under development. FirstPro has not provided any security in regards to the loans; however, proceeds of the loans are used to fund improvements to properties owned by the REIT.

Mortgages receivable totaling \$33,288 (December 31, 2004 - \$21,495) have been provided pursuant to agreements with FirstPro in which the REIT will lend up to \$54,257 (including letters of credit facilities totaling \$1,200) for use in acquiring and developing six properties in Ontario, Quebec and Newfoundland. These loans bear interest at a weighted average interest rate of 8.55% with interest only payable monthly. The loans are secured by first or second charges on property, assignments of rents and leases, and general security agreements. In addition, other FirstPro affiliated companies have provided indemnities and guarantees. The loans are due at various dates in 2009 and 2010 (five years from initial advance). The REIT has an option to acquire a 50% interest in the properties upon substantial completion at an agreed upon formula. During the three months ended March 31, 2005, one property was substantially completed and the REIT exercised its option to acquire a 50% interest. To March 31, 2005, \$42,983 has been funded offset by repayments of \$9,695, and a letter of credit in the amount of \$1,222 has been provided to a municipal authority on behalf of FirstPro.

A mortgage receivable in the amount of \$5,011 (December 31, 2004 - \$9,345) has been provided to FirstPro, is secured by a second charge on an income producing property, bears interest at 9.00%, is repayable in blended monthly installments of \$58 and is due May 1, 2009.

Calloway Real Estate Investment Trust

Notes to the Consolidated Financial Statements

(Unaudited)

(All amounts in thousands of dollars, except per unit and unit amounts)

7. Deferred Leasing Costs

	<u>March 31, 2005</u>			<u>December 31, 2004</u>		
	<u>Cost</u>	<u>Accumulated Amortization</u>	<u>Net Book Value</u>	<u>Cost</u>	<u>Accumulated Amortization</u>	<u>Net Book Value</u>
Tenant inducements	\$ 453	\$ 123	\$ 330	\$ 381	\$ 112	\$ 269
Leasing expenses	<u>209</u>	<u>71</u>	<u>138</u>	<u>195</u>	<u>66</u>	<u>129</u>
	<u>\$ 662</u>	<u>\$ 194</u>	<u>\$ 468</u>	<u>\$ 576</u>	<u>\$ 178</u>	<u>\$ 398</u>

8. Deferred Financing Costs

Deferred financing costs are net of accumulated amortization of \$705 (December 31, 2004 - \$544).

9. Mortgages Payable

	<u>March 31, 2005</u>	<u>December 31, 2004</u>
Term mortgages	\$ 633,211	\$ 485,190
Development loans	54,953	45,399
Revolving operating facilities	<u>3,500</u>	<u>17,000</u>
	691,664	547,589
Less: Mortgages payable – assets held for sale	<u>5,273</u>	<u>23,068</u>
	<u>\$ 686,391</u>	<u>\$ 524,521</u>

Term mortgages bear fixed interest rates ranging from 4.698% to 7.78% (December 31, 2004 – 4.698% to 7.78%), are repayable in blended monthly installments aggregating \$4,137 in March 2005 (\$3,165 in December 2004), are secured by first registered mortgages over specific income properties and properties under development, and first general assignments of leases, insurance and registered chattel mortgages, and are due July 2006 through October 2023.

Development loans totaling \$15,393 (December 31, 2004 - \$15,711) bear variable interest rates ranging from the prime rates of various Canadian chartered banks plus 0.875% to 1.25% (December 31, 2004 – 0.50% to 1.25%), are secured by first and second registered mortgages over specific income properties, and first general assignments of leases and insurance, and are due April 2005 through December 2005. Non-interest bearing development loans, which are carried at the amount of \$30,723 (December 31, 2004 - \$24,641) using imputed interest rates ranging from 4.03% to 4.59%, and development loans totaling \$8,837 (December 31, 2004 - \$5,047) as further described in Note 5 bearing interest at bankers acceptance plus 2%, are secured by first mortgages over specific income properties and properties under development, and first general assignments of leases, and are due the earlier of various dates in 2009 and 2010 or date of earn out.

As at March 31, 2005, the revolving operating facilities bear variable interest rates ranging from the prime rates of various Canadian chartered banks plus 0% to 0.375% (December 31, 2004 – 0.375% to 0.5%) are secured by first charges over specific income properties, and first general assignments of leases and insurance, and are subject to review by June 30, 2005 and July 15, 2005. These facilities are authorized to a maximum of \$80,000.

As at March 31, 2005, \$nil (December 31, 2004 - \$15,000) of the variable rate debt is subject to interest rate swap agreements.

Calloway Real Estate Investment Trust

Notes to the Consolidated Financial Statements

Three Months Ended March 31, 2005

(Unaudited)

(All amounts in thousands of dollars, except per unit and unit amounts)

All of the income properties of the REIT have been pledged as security under the various debt agreements. The weighted average interest rate of the debt is 5.70% as at March 31, 2005 (5.82% at December 31, 2004).

Approximate principal repayments required to maturity are as follows:

2005	\$ 58,899
2006	19,891
2007	15,988
2008	21,727
2009	42,771
2010	28,592
Thereafter	<u>503,796</u>
	<u>\$ 691,664</u>

10. Capital Lease Obligations

An income property was acquired under the terms of a 35 year lease with FirstPro. A single payment of \$39,000 was made on October 31, 2003 and a payment of \$10,000 is due at the end of the lease to exercise a purchase option. The capital lease obligation, net of implicit interest costs at 9.18% of \$9,537 (\$9,547 at December 31, 2004) is \$463 at March 31, 2005 (\$453 at December 31, 2004).

11. Convertible Debentures

On May 14, 2004, the REIT issued \$55,000 of 6.00% convertible unsecured subordinated debentures (the "Subordinated Debentures") due June 30, 2014. The Subordinated Debentures are convertible at the holder's option at any time into trust units at \$17.00 per unit and are redeemable at the option of the REIT in cash or units on or after June 28, 2010. As at March 31, 2005, \$53,569 of face value of the convertible debentures was outstanding. The convertible debentures were divided into their liability and equity components, measured at their respective fair values at time of issue. These convertible debentures have not been considered in the calculation of diluted net income per unit as the result would have been anti-dilutive.

12. Unitholders' Equity

Authorized

The REIT is authorized to issue an unlimited number of trust units of a single class, each of which represents an equal undivided interest in the trust.

Trust Units Issued and Outstanding

Calloway Real Estate Investment Trust

Notes to the Consolidated Financial Statements

Three Months Ended March 31, 2005

(Unaudited)

(All amounts in thousands of dollars, except per unit and unit amounts)

On March 10, 2005, the REIT funded the majority of the cash component of the purchase price and costs of acquisition of 100% interests in three retail properties and 60% undivided interests in five other retail properties by issuing 3,101,000 units of the REIT on conversion of its previously issued 3,101,000 subscription receipts. The subscription receipts were issued at a price of \$19.35 per unit for gross proceeds of \$60,004.

During the three months ended March 31, 2005, holders of debentures with a face value of \$981 exercised their conversion privileges resulting in the issuance of 57,705 trust units.

During the three months ended March 31, 2005, the REIT issued 39,717 trust units at \$10.00 per unit and 144,050 trust units at \$10.50 per unit to FirstPro for properties acquired pursuant to development agreements for gross proceeds of \$1,910.

During the three months ended March 31, 2005, 85,000 options with an exercise price of \$10 per unit were exercised resulting in the issuance of 85,000 units for gross proceeds of \$850.

During the three months ended March 31, 2005, the REIT issued 13,836 trust units pursuant to the Distribution Reinvestment Plan for gross proceeds of \$253.

Deferred Unit Plan

Upon approval, the trustees and officers are eligible to participate in a compensation plan under which deferred units are granted by the Compensation Committee for trustee fees and executive bonuses. Trustees and officers that participate in the plan must elect to contribute between 60% and 100% of their fees or bonus to the plan. The REIT will match the amount participants elect to contribute to the plan. The number of deferred units granted to each participant is determined by dividing two times their elected amount by the volume weighted average price of the REIT's units traded on the TSX for the ten days immediately prior to the date of grant. Deferred units will vest to the participant as follows: 50% on the third anniversary of the grant; 25% on each of the fourth and fifth anniversaries of the grant, subject to provisions for earlier vesting under change of control, retirement, death or termination. A deferred unit granted through the plan entitles the holder, at the holder's option, to receive on or after the vesting date the equivalent number of trust units or under certain conditions, the then current fair market value of the units. In addition, the deferred units will earn additional deferred units for the cash distributions that would have been paid on the deferred unit if it had been issued as a trust unit on the date of grant assuming the reinvestment of the distribution into REIT units. The plan is subject to the approval of the unitholders.

On March 8, 2005, the board of trustees approved the grant of deferred units to trustees and officers which will result in the issuance of 51,641 deferred units.

Distribution Reinvestment Plan

The REIT, as of the June 2004 distribution, has effected a Distribution Reinvestment Plan for its unit holders which allows participants to reinvest their monthly cash distributions in additional trust units at an effective purchase price equal to 97% of the volume weighted average price for the ten business days prior to the distribution date. During the three months ended March 31 2005, 13,836 trust units have been issued under the plan for gross proceeds of \$253.

Calloway Real Estate Investment Trust

Notes to the Consolidated Financial Statements

Three Months Ended March 31, 2005
(Unaudited)

(All amounts in thousands of dollars, except per unit and unit amounts)

Weighted Average Number of Units

Net income per unit is calculated using the weighted average number of units outstanding as follows:

	Three months ended <u>March 31, 2005</u>	Three Months ended <u>March 31, 2004</u>
Basic	34,137,963	16,750,862
Effect of dilutive securities:		
Unit option plan	122,794	176,105
Warrants	-	<u>308,300</u>
Diluted	<u>34,260,757</u>	<u>17,235,267</u>

The potential exercise of development agreement options and convertible debentures has not been included in the calculation of the diluted number of units as these have been determined to be anti-dilutive. The units approved for grant under the Deferred Unit Plan have not been included in the calculation of diluted number of units as the plan is subject to approval by unitholders and they have been determined to be anti-dilutive.

13. Unit Options

Unit Option Plan

On October 24, 2002, the REIT adopted a unit option plan for its trustees, officers, employees and other persons who provide services to the REIT. The maximum number of units issuable upon exercise of such options currently may not exceed 562,000 units. The number of units issuable under the option plan may be increased on an annual basis subject to any required regulatory and unitholder approvals. The plan provides for the granting of options to purchase units of the REIT at not less than the market price at the time of granting. The vesting terms of any options granted are fixed by the Board of Trustees of the REIT at the time of grant. An option's maximum term is five years.

On July 7, 2003, 560,000 unit options were granted to employees and trustees. These options have an exercise price of \$10 per unit and expire July 7, 2008. The trading price at the date of grant was \$9.94 per unit. All options granted vested immediately except for 60,000 options vesting January 1, 2004 and 60,000 options vesting January 1, 2005. Options totaling 321,600 were exercised to March 31, 2005 (December 31, 2004 – 236,600). The fair value of these options, using the Black Scholes pricing model, was not material. Upon approval and implementation of the Deferred Unit Plan, the REIT does not intend on issuing any further options under this plan.

Development Agreement Options

Pursuant to certain development agreements (see Note 4), FirstPro has the right, at their option, to receive up to 40% of the proceeds for any new developments in units at purchase prices of \$10.00 or \$10.50 per unit (not to exceed 199,975 units and approximately 1,800,000 units respectively). Developments completed in the three months ended March 31, 2005, resulted in the issuance to FirstPro of 39,717 trust units at a price of \$10.00 per unit and 144,050 trust units at a price of \$10.50 per unit. The exercised options have not been considered in the calculation of diluted earnings per unit as the result would have been anti-dilutive. In addition, as the conditions for issuance have not been met, the remaining options are not considered in the calculation of diluted earnings per unit.

Pursuant to certain development agreements (see Note 5), FirstPro has the right, at its option, to receive up to 40% of the proceeds for any new developments in units at purchase prices of \$14.00, \$15.25, \$17.80 and \$19.60 per unit (approximately 1,860,000, 1,150,000, 345,000 and 225,000 units respectively). There were no unit issuances to FirstPro under these agreements in the three months ended March 31, 2005. In addition, as the conditions for issuance have not been met, the remaining options are not considered in the calculation of diluted earnings per unit.

15. Related Party Transactions

The following related party transactions are those that are not disclosed elsewhere in these statements. Other related party transactions are disclosed in Notes 2, 4, 5, 6, 10, 13, 16, 19 and 20. As at March 31, 2005, FirstPro owned 5,992,013 units of the REIT (16.3% of the issued and outstanding units). FirstPro has options to acquire approximately 4,679,091 units pursuant to development agreements as disclosed in notes 4, 5 and 13. At the current level of ownership FirstPro has the right to nominate two Trustees.

Calloway Real Estate Investment Trust

Notes to the Consolidated Financial Statements

Three Months Ended March 31, 2005

(Unaudited)

(All amounts in thousands of dollars, except per unit and unit amounts)

During the three months ended March 31, 2005, the REIT earned interest income totaling \$1,004 (three months ended March 31, 2004 - \$106) from FirstPro and another company in which trustees of the REIT are officers and directors.

During the three months ended March 31, 2005, under the terms of property management agreements, the REIT paid property management fees totaling \$782 (three months ended March 31, 2004 - \$216) to FirstPro and another company in which trustees of the REIT are officers and directors.

During the three months ended March 31, 2005, under the terms of development agreements, the REIT received opportunity fees, head lease rents and operating recoveries totaling \$519 (three months ended March 31, 2004 - \$628) from FirstPro, Wal-Mart Canada Realty Inc. and Wal-Mart FirstPro Partnership. During the three months ended March 31, 2005 fees totaling \$140 (three months ended March 31, 2004 - \$nil) were paid to FirstPro under the development and other agreements.

During the three months ended March 31, 2005, the REIT paid fees totaling \$366 (three months ended March 31, 2004, - \$429) to a legal firm in which a trustee is a partner.

During the three months ended March 31, 2005, the REIT paid fees totaling \$90 (three months ended March 31, 2004 - \$188) to a trustee for consulting services for public equity offerings.

As at March 31, 2005, amounts totaling \$202 (March 31, 2004 - \$234) included in accounts receivable were receivable from related parties and amounts totaling \$4,865 (March 31, 2004 - \$2,137) included in accounts payable were payable to related parties.

16. Investment in Co-ownerships

The REIT's share of the assets, liabilities, revenue and net income from co-ownership activities is as follows:

	<u>March 31,</u> <u>2005</u>	<u>December 31,</u> <u>2004</u>
Assets	\$ 199,497	\$ 54,270

Calloway Real Estate Investment Trust

Notes to the Consolidated Financial Statements

Three Months Ended March 31, 2005
(Unaudited)

(All amounts in thousands of dollars, except per unit and unit amounts)

The REIT is contingently liable for certain joint venture obligations of its co-venturers in the joint ventures. Management estimates that the assets of the joint ventures are sufficient for the purpose of satisfying such obligations. The remaining interests in the properties are owned by FirstPro.

17. Segmented Disclosures

The REIT owns, develops, manages and operates income properties located in Canada. Management, in measuring the REIT's performance, does not distinguish or group its operations on a geographical or any other basis. Accordingly, the REIT has a single reportable segment for disclosure purposes in accordance with Canadian generally accepted accounting principles.

The REIT's major tenant is Wal-Mart Canada Inc., accounting for 34.3% of the REIT's March 2005 rental revenue (March 2004 – 26.4%).

18. Assets Held for Sale and Discontinued Operations

During January 2005, the REIT completed the sale of Holland Cross, a 272,550 square foot office property in Ottawa, and Century Park Place, a 75,675 square foot office property in Calgary for gross proceeds of \$69,250 resulting in a gain from sale of approximately \$12,226.

During the three months ended March 31, 2005, the REIT approved the plan and initiated the program to dispose of 1000 Waverly, a 59,439 square foot industrial property in Winnipeg, 110 Lowson Crescent, a 53,100 square foot industrial property, 1300 Church, a 40,600 square foot industrial property in Winnipeg and Collingwood, a 7,210 square foot retail property in Calgary. The disposals were undertaken by the REIT to continue its focus on retail properties and are expected to be completed in second quarter of 2005. As a result, the cost of these properties was allocated to properties held for sale and the results of operations reclassified to discontinued operations.

Assets held for sale:

	<u>March 31, 2005</u>	<u>December 31, 2004</u>
Assets		
Income properties	\$ 9,043	\$ 63,261

19. Commitments and Contingencies

The REIT has entered into development agreements as disclosed in Note 4 and 5. The estimated potential commitments payable under the agreements total approximately \$172,000.

The REIT has entered into agreements with FirstPro in which the REIT will lend monies to FirstPro as disclosed in Note 6. The estimated remaining amounts to be provided under the agreements total \$17,648.

One of the REIT's income properties is subject to a land lease requiring annual lease payments of \$205. The annual lease payment increases to \$220 in 2007. The lease expires November 2011 and the REIT has an option to extend for a further 10 years.

Letters of credit totaling \$6,755 have been issued on behalf of the REIT by the REIT's bank as security for mortgages and for maintenance obligations to municipal authorities.

Under the terms of the deferred unit plan as disclosed in Note 12, the potential future unrecorded liabilities are approximately \$499.

Calloway Real Estate Investment Trust

Notes to the Consolidated Financial Statements

Three Months Ended March 31, 2005

(Unaudited)

(All amounts in thousands of dollars, except per unit and unit amounts)

20. Subsequent Events

On February 3, 2005, the REIT entered into an agreement to sell 1000 Waverley, 110 Lawson Crescent and 1300 Church Avenue, three industrial properties located in Winnipeg for gross proceeds of \$9,300. It is expected that the proceeds will be settled by the purchaser assuming mortgages on each property totaling approximately \$5,255 and the remainder in cash. The gain on sale is estimated to be approximately \$720. The transaction is expected to be completed by June 2005.

On March 21, 2005, the REIT entered into an agreement to purchase a 91,248 square foot retail property in Abbotsford, BC. The purchase price of the property will be approximately \$16,900 including costs of acquisition. The cost of the property will be satisfied as follows: by assumption of existing mortgage financing of approximately \$11,900 and by payment of the balance in cash. The REIT intends to fund the cash component from proceeds from sale of properties and from working capital. The transaction is expected to be completed by June 2005.

Subsequent to March 31, 2005, the REIT entered into agreements to acquire freehold and leasehold interests in 45 properties from FirstPro and Wal-Mart Canada Realty Inc. These interests include the co-ownership interests owned by FirstPro in seven properties where the REIT owns the other co-ownership interests (see Note 16). The price of the properties will be approximately \$1,175,000 (including acquisition and financing costs of approximately \$40,000) of which approximately \$185,000 relates to three properties in which the REIT will acquire leasehold interests. The properties comprise approximately 5,199,379 net square feet of leased area of which approximately 2,081,739 net square feet is leased to Wal-Mart, and include adjacent lands with the potential for future development of approximately 2,992,922 net square feet. The cost of the properties will be satisfied as follows: by assumption of existing mortgages of \$282,000, by obtaining first mortgage and unsecured bridge financing of approximately \$306,000; by way of vendor take back mortgages of approximately \$31,000; by FirstPro subscribing to Class A units of a limited partnership to be formed by the REIT and by payment of the balance in cash. The REIT intends to fund the cash component by issuance of additional units of the REIT. The agreement with FirstPro includes issuing special voting units to FirstPro, an increase in FirstPro's ability to nominate trustees, the REIT acquiring a portion of FirstPro's development and leasing operations, the REIT's head office being relocated to Toronto and appointment of new senior management. The transaction is expected to be completed by August 2005 and is subject to due diligence, unitholder and regulatory approval and other customary conditions.

On April 15, 2005, the REIT completed the sale of Collingwood Plaza, a retail property located in Calgary, for gross proceeds of \$1,275 resulting in a gain from sale of approximately \$350.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

**For the Period Ended March 31, 2005
(All amounts in thousands of dollars, except per unit and unit amounts)**

The following management discussion and analysis of the financial condition and results of operations should be read in conjunction with Calloway Real Estate Investment Trust's ("Calloway" or "REIT") Unaudited Consolidated Financial Statements and notes thereto for the quarter ended March 31, 2005, Calloway's Unaudited Consolidated Financial Statements and Calloway's Management's Discussion and Analysis for the quarters ended September 30, 2004, June 30, 2004, March 31, 2004, September 30, 2003 and June 30, 2003 and Calloway's Audited Consolidated Financial Statements and Management's Discussion and Analysis for the year ended December 31, 2004 and for the year ended December 31, 2003. Historical results and percentage relationships contained in our consolidated financial statements and management discussion and analysis, including trends which might appear, should not be taken as indicative of our future operations and financial position. All financial information is reported in Canadian dollars and in accordance with Canadian generally accepted accounting principles (GAAP) unless noted otherwise. Additional information about Calloway filed with Canadian securities commissions, including periodic quarterly and annual reports and the Annual Information Form (AIF) is available on-line at www.sedar.com.

This discussion may contain forward-looking statements which are based on our expectations, estimates and forecasts. These statements are subject to risks and uncertainties that are difficult to predict or control. These risks and uncertainties could cause actual results to differ materially from those indicated. These risks and uncertainties are described elsewhere in this discussion and in other regulatory filings. Readers should not place undue reliance on any such forward-looking statements. We disclaim any intention or obligation to update or revise any such statement as a result of new information, the occurrence of future events or otherwise.

These forward-looking statements are made as of May 11, 2005, and Calloway assumes no obligation to update or revise them to reflect new events or circumstances.

BUSINESS OVERVIEW

Calloway is an unincorporated "closed end" trust created by a Declaration of Trust and governed by the laws of the Province of Alberta. Calloway's units are publicly traded and listed on the Toronto Stock Exchange under the symbol CWT.UN. Calloway was created to invest in a diversified portfolio of income-producing rental properties located in Canada and is now focused specifically on the acquisition of high quality retail properties.

Calloway's primary objectives are to:

- deliver reliable and growing cash distributions to unitholders on a tax-deferred basis; and
- increase and maximize unitholder value.

Notes:

- (1) Net income per unit and distributable income per unit were calculated using the weighted average number of units outstanding for the quarter.
- (2) Total debt includes mortgages payable, capital lease obligations and convertible debentures.
- (3) Management uses distributable income, distributable income per unit and cash from operations to analyze operating performance and leverage. Distributable income, distributable income per unit and cash from operations as presented do not have any standardized meaning prescribed by Canadian GAAP and therefore may not be comparable with the calculation of similar measures for other entities. Distributable income and cash flow as presented is not intended to represent operating profits for the period nor should it be viewed as an alternative to net income, cash flow from operating activities or other measures of financial performance calculated in accordance with Canadian GAAP. All references to distributable income throughout this report are based on the description provided later in the Distributable Income section. All references to cash from operations throughout this report are based on cash flow from operating activities before changes in other non-cash operating items and expenditures on deferred leasing costs.

RESULTS OF OPERATIONS

Occupancy rates were as follows at the end of each of the following periods: March 31, 2005 – 97.2%; December 31, 2004 – 97.8%; March 31, 2004 – 98.8%.

Acquisition of Income Properties

The twelve Wal-Mart-FirstPro properties acquired on May 14, 2004, the respective interests in the Laval and Halifax properties, the six Wal-Mart-FirstPro properties acquired on November 30, 2004, Anjou, Sarnia and the respective interests in the eight Wal-Mart-FirstPro properties acquired effective March 1, 2005 were acquired subsequent to March 31, 2004 and were therefore not included in the financial results for the three months ended March 31, 2004. These properties are collectively referred to as "Other Properties". These Other Properties provided gross rental income of \$15,684 and net income of \$161 for the period January 1, 2005 to March 31, 2005. In addition, the twelve Wal-Mart-FirstPro properties ("The Centres") acquired on February 16, 2004, provided an additional gross rental income of \$4,960 and net loss of \$1,241 for the three months ended March 31, 2005 as compared to the three months ended March 31, 2004.

Results of Operations for three months ended March 31, 2005 compared to the three months ended March 31, 2004

Rental from Income Properties

Rentals from income properties for the three months ended March 31, 2005 increased by \$21,517 when compared to the three months ended March 31, 2004. The increase was mostly due to the acquisition of the Other Properties and The Centres. Rentals from income properties for the three months ended March 31, 2005 included \$503 from the prospective application of the recognition of rents from step leases on a straight line basis over the remaining life of the lease. The reduction to allowance for doubtful accounts for the period amounted to \$87.

Allowance for Doubtful Accounts

During the three months ended March 31, 2005, retail tenants operating in 109,741 square feet in nine retail properties filed for protection under the Companies' Creditors Arrangement Act or declared bankruptcy. Total annual gross rental payments are approximately \$2,489. The tenants have repudiated leases in all locations. Two location comprising 16,885 square feet have been leased to new tenants at a rental rates in excess of the repudiated leases.

Interest Income

Interest income consists primarily of interest received on the mortgages and loans receivable portfolio. Interest income for the three months ended March 31, 2005 has increased by \$995, compared to the same period ended March 31, 2004. This increase is due to the additional loans provided to FirstPro.

Property Operating Costs

Total property operating costs increased to 33.7% of rental revenue for the three months ended March 31, 2005 as compared to 33.1% for the prior period. Property operating costs tend to be fully recovered under leases with the exception of vacant space.

Interest Expense

Interest expense for mortgages and other items consists primarily of interest paid on mortgages on the income property portfolio. The weighted average interest rate was 5.70% as at March 31, 2005, as compared to 5.82% as at December 31, 2004 and 5.77% as at March 31, 2004.

Interest expense for mortgages and other items for the three months ended March 31, 2005 has increased by \$5,942, compared to same period ended March 31, 2004. This increase is due to the substantial increase in mortgage debt arising from the acquisition of the Other Properties.

On May 14, 2004 Calloway issued \$55,000 of 6% convertible unsecured subordinated debentures. In the three month period ended March 31, 2005 the total interest expense, including accretion expense, on these debentures was \$854.

Amortization

Amortization of income properties for the three months ended March 31, 2005 compared to the three months ended March 31, 2004 has increased as a result of the acquisition of the Other Properties and for the increased amortization rate relating to the allocation of purchase price of acquisitions to tenant improvements and intangibles. In addition, during the three months ended March 31, 2005, \$2,744 of amortization expense was related to the write off of unamortized balance of intangibles for vacated tenant space.

Amortization of deferred leasing costs increased due to tenant inducements and leasing expenses incurred for new and renewed tenants. Amortization of deferred financing costs increased mainly due to financing fees incurred on new and renewed financing.

General and Administrative Expenses

General and administrative expenses are essentially comprised of: executive salaries, bonuses and benefits net of recoveries, trustee fees, transfer agent fees, filing fees, press releases, printing costs, rent, office and other related expenses, and professional fees such as audit fees and legal fees.

General and administrative expenses for the three months ended March 31, 2005 have increased compared to the three months ended March 31, 2004, due to increased salaries and additional employees, additional trustees and meetings thereof, increased investor relation and stock exchange costs, and increased audit and legal fees all as a result of Calloway's significant growth.

Discontinued Operations

In accordance with CICA Section 3475, Disposal of Long-Lived Assets and Discontinued Operations, Calloway has classified the following properties as discontinued operations.

Properties sold during the three months ended March 31, 2005

<u>Property Type</u>	<u>Property Name</u>	<u>Property Location</u>	<u>Closing Date</u>	<u>GLA (sq ft)</u>
Office	Holland Cross	Ottawa, ON	January 10, 2005	272,550
Office	Century Park Place	Calgary, AB	January 14, 2005	75,675

Properties Held for Sale at March 31, 2005

<u>Property Type</u>	<u>Property Name</u>	<u>Property Location</u>	<u>GLA (sq ft)</u>
Industrial	1000 Waverley	Winnipeg, MB	59,439
Industrial	110 Lawson Crescent	Winnipeg, MB	53,100
Industrial	1300 Church Avenue	Winnipeg, MB	40,600
Retail	Collingwood Plaza	Calgary, AB	7,210

During the three months ended March 31, 2005, the Holland Cross and Century Park Place office buildings were sold for gross proceeds of \$69,250 resulting in gain from sale of \$12,226.

Net Income Distributable Income

As a result of the items discussed above, net income and distributable income for the three months ended March 31, 2005 were greater than the three months ended March 31, 2004 by \$10,669 (343%) and \$6,894 (113%), respectively. Distributable income per unit-basic for the three months ended March 31, 2005 was \$0.354 as compared to the same period in 2004 of \$0.311.

The trustees passed a resolution to clarify the definition of distributable income as provided for in the Declaration of Trust. The resolution provides that distributable income means income of the trust in accordance with Canadian GAAP adjusted for: adding back decrease in rentals from income properties from step leases on a straight line basis over the remaining life of the lease, amortization of buildings, amortization of tenant improvements, amortization of in place lease values, amortization of differential between original and above market rents, amortization of customer relationship values, amortization of debenture liability accretion expense, losses on dispositions of assets, and amortization of any net discount on long-term debt assumed from vendors of properties at rates of interest less than fair value; and, deducting increase in rentals from income properties from step leases on a straight line basis over the remaining life of the lease, amortization of differential between original and below market rents, gains on dispositions of assets and amortization of any net premium on long-term debt assumed from vendors of properties at rates of interest greater than fair value.

FINANCIAL POSITION

Income Properties

Net book value of income properties increased to \$1,098,934 as at March 31, 2005, an increase of \$232,813 from the net book value of \$866,121 as at December 31, 2004. This increase is due to the acquisition of interests in the eight properties from FirstPro and Wal-Mart, Anjou, Sarnia, and the properties acquired under the development agreements offset by the reclassification of assets held for sale and amortization recorded during the period.

Included in income properties is land acquired during 2003 and subject to development agreements with the vendors of the property. These lands have a potential future development of 372,872 square feet of retail space. The vendors pay to Calloway an opportunity fee equal to 9% per annum of the aggregate undeveloped lands value as reduced from time to time upon the completion and rental of additional space. As the negotiated opportunity fee earned by Calloway reflects Management's estimate of a fair market

return for the use of a productive asset, the fee is recognized as revenue. Pursuant to the development agreements, the vendors assume responsibility for the cost of developing the land and are granted the right for a period of five years to earn additional proceeds from Calloway on the completion and rental of additional space on these lands. The purchase price for the additional developments will be calculated by formula using the net operating rents and predetermined capitalization rates. The vendors have the right, at their option, to receive up to 40% of the proceeds for any new developments in units at purchase prices of \$10.00 and \$10.50 per unit (not to exceed 199,475 units and approximately 1,800,000 units respectively). Calloway provides financing to the vendors for the development costs of the additional developments. Calloway has provided a second mortgage on a specific property in the amount of \$10,000 to the vendors as security for payment of the additional proceeds. The obligation of the vendors is secured by units of Calloway having a value in excess of the remaining undeveloped land value from time to time. The vendors are part of the FirstPro Group of Companies ("FirstPro") which is owned by a significant unitholder of Calloway and in which a trustee serves as an officer. Calloway will lend to FirstPro, at Calloway's cost of funds, monies required to complete the developments. It is projected that these lands will be fully developed in four years at an additional cost of \$46,004 to Calloway.

Included in income properties is land acquired during 2004 and subject to a development agreement with the co-owner (a FirstPro company) of the property. This land has a potential future development of 3,100 square feet of retail space. The co-owner pays to Calloway an opportunity fee equal to 9% per annum of the aggregate undeveloped lands value as reduced from time to time upon the completion and rental of additional space. As the negotiated opportunity fee earned by Calloway reflects Management's estimate of a fair market return for the use of a productive asset, the fee is recognized as revenue. Pursuant to the development agreement, the co-owner assumes responsibility for the cost of developing the land and is granted the right for a period of five years to earn additional proceeds from Calloway on the completion and rental of additional space on the land. The purchase price for the additional developments will be calculated by formula using the net operating rents and predetermined capitalization rates. Calloway will lend to the co-owner, at Calloway's cost of funds, monies required to complete the developments. It is projected that the land will be fully developed in one year at an additional cost of \$425 to Calloway.

During the three months ended March 31, 2005, the vendors completed the development of 41,318 square feet of retail space resulting in an acquisition cost of \$4,774. The vendors elected to receive 39,717 units at a purchase price of \$10.00 per unit and 144,050 units at a purchase price of \$10.50 per unit as partial consideration of the purchase price. During the period, Calloway provided financing totaling \$3,725 to the vendors for development costs and \$3,210 was repaid by the vendors.

Properties Under Development

Included in the acquisition of properties from Wal-Mart-FirstPro Partnership, FirstPro and Wal-Mart Canada Realty Inc. was land under development. These lands will be developed by Calloway subject to development agreements with the vendors of the properties. Pursuant to the development agreements, the vendors assume responsibility for managing the leasing and development of the land and are granted the right for a period of five years to earn additional proceeds from Calloway on the completion and rental of additional space on these lands. The purchase price for the additional developments will be calculated by formula using the net operating rents and predetermined capitalization rates. FirstPro has the right, at their option, to receive up to 40% of the proceeds for any new developments in units at purchase prices of \$14.00, \$15.25, \$17.80 and \$19.60 per unit (approximately 1,860,000, 1,150,000, 345,000 and 225,000 units respectively). The vendors have provided acquisition financing at 0% and will provide development financing at a rate of bankers acceptance plus 200 basis points. Calloway has provided a first mortgage, assignment of rents and leases, and a general security agreement on seven properties acquired from the vendors as security for the acquisition and development loans. In the event that the vendors do not elect

to take any portion of the proceeds for new developments in units, Calloway intends to raise such portion of the purchase price by the issuance of units pursuant to one or more private placements. It is projected that these lands will be fully developed in four years. During the three months ended March 31, 2005, no developments were completed by the vendors.

A summary of each acquisition is as follows:

Development agreement options at date of acquisition

Acquisition Date	Future Development		Option Units	
	\$	Square Feet	\$ / Unit	Number of units
October, 2003	51,600	420,338	10.00	199,475
			10.50	1,800,000
February 2004	61,900	479,377	14.00	1,860,000
May 2004	49,370	374,938	15.25	1,150,000
November 2004	18,200	206,088	17.80	345,000
March 2005	16,000	177,682	19.60	225,000

Development agreement options at March 31, 2005

Acquisition Date	Remaining Future Development		Remaining Option Units	
	\$	Square Feet	\$ / Unit	Number of units
October, 2003	46,004	357,282	10.00	20,447
			10.50	1,625,177
February 2004	47,396	443,091	14.00	1,649,426
May 2004	44,107	299,506	15.25	814,041
November 2004	18,678	208,424	17.80	345,000
March 2005	15,914	177,682	19.60	225,000

During the three months ended March 31, 2005, the vendors have provided development financing totaling \$4,778.

Mortgages and Loans Receivable

Mortgages and loans receivable increased to \$47,914 as at March 31, 2005 from \$39,942 as at December 31, 2004. The increase is due to loans provided to FirstPro for use in their acquisition and development of property in which Calloway has an option upon completion to acquire a 50% interest and for development loans provided to FirstPro for construction on lands under development owned by Calloway offset by repayment by FirstPro of loans on income producing properties.

Other Assets

Deferred financing costs increased to \$5,406 as at March 31, 2005 from \$4,782 as at December 31, 2004. This increase is due to the fees and other charges for the new debt financing for properties acquired in the first three months of 2005.

Prepaid expenses and deposits increased to \$3,034 as at March 31, 2005 from \$2,389 as at December 31, 2004, an increase of \$645. This increase is mainly a result of increased prepaid realty taxes offset by decreased deposits for potential acquisitions.

Accounts receivable increased to \$9,172 as at March 31, 2005 from \$6,204, as at December 31, 2004, an increase of \$2,968. This increase is due mainly to increase in accrual of common area recoverables for operating costs and property taxes in excess of recoveries charged to tenants, rents receivable due to increase in properties, accrual of rental revenue on straight line basis over the term of the lease, and accrual of interest receivable on mortgages receivable.

Mortgages Payable

Mortgages payable increased to \$691,664 as at March 31, 2005 from \$547,589 as at December 31, 2004, an increase of \$144,075. This increase arose from new term mortgages totaling \$165,044, assumed mortgages totaling \$7,979, vendor take back mortgages of \$6,083 on properties acquired, advances of development loans of \$4,778, offset by repayment of development loans of \$1,305, term mortgages assumed by the purchaser of Holland Cross of \$23,007 and principal repayments totaling \$1,997 and net repayments of floating rate debt totaling \$13,500.

The mortgages payable bear interest at the weighted average interest rate of 5.70% (December 31, 2004-5.82%) and mature between 2005 and 2023. The weighted average years to maturity, including the timing for payments of principal and debt maturing, is 8.89 years (9.65 years for term debt). Future principal payments as a percentage of mortgages and other debt payable are as follows:

<u>Year</u>	<u>Payments of principal</u>	<u>Debt maturing during year</u>	<u>Total</u>	<u>% of Total</u>	<u>Weighted average interest rate (%)</u>
2005	8,232	50,667	58,899	8.52	3.19
2006	11,813	8,078	19,891	2.88	4.23
2007	12,457	3,531	15,988	2.31	5.30
2008	13,016	8,711	21,727	3.14	6.07
2009	13,139	29,632	42,771	6.18	5.61
2010	13,383	15,209	28,592	4.13	5.98
2011	13,525	19,548	33,073	4.78	6.71
2012	13,558	5,748	19,306	2.79	6.42
2013	13,339	31,525	44,864	6.49	6.16
2014	12,833	70,482	83,315	12.05	5.92
2015	11,157	82,359	93,516	13.52	6.06
2016	10,350	31,061	41,411	5.99	6.05
2017	9,655	41,964	51,619	7.46	6.23
2018	7,297	32,668	39,965	5.78	5.62
2019	6,193	46,385	52,578	7.60	6.01
Thereafter	8,620	35,529	44,149	6.38	5.69
Total	<u>\$ 178,567</u>	<u>\$ 513,097</u>	<u>\$ 691,664</u>	<u>100.00</u>	<u>5.70</u>

Approximately \$27,730 or 4.00% of the mortgages payable balance as at March 31, 2005 is comprised of variable rate debt.

Calloway's Declaration of Trust limits Calloway's indebtedness to a maximum of 60% of the gross book value of Calloway or 65% if convertible debentures are issued. (Gross book value is defined as total assets plus accumulated amortization of income properties). Total mortgages payable (including capital lease obligations) as a percentage of gross book value was 55.0% as at March 31, 2005, as compared to 52.9% as at December 31, 2004 and 51.9% as at March 31, 2004. Total debt (mortgages payable, capital lease obligations and convertible debentures) as a percentage of gross book value was 59.1% as at March 31, 2005 (December 31, 2004 – 58.0%).

Management anticipates Calloway will be able to renew its mortgage debt as it matures.

Capital Lease Obligations

An income property was acquired under the terms of a 35 year lease. A single payment of \$39,000 was made on October 31, 2003 and a payment of \$10,000 is due at the end of the lease to exercise a purchase option. The capital lease obligation, net of implicit interest costs at 9.18% of \$9,537 is \$463 at March 31, 2005.

Convertible Debentures

On May 14, 2004, Calloway issued \$55,000 of 6.00% convertible unsecured subordinated debentures due June 30, 2014. The debentures are convertible into trust units at \$17.00 per unit and are redeemable at the option of Calloway in cash or units on or after June 28, 2010. As at March 31, 2005 \$53,569 of face value of the debentures was outstanding. The debentures were divided into their liability and equity components, measured at their respective fair values at time of issue.

Lease Commitment

One of Calloway's income properties is subject to a land lease requiring annual lease payments of \$205. The annual lease payment increases to \$220 in 2007. The lease expires November 2011, and Calloway has an option to extend for a further 10 years.

Accounts Payable and Accrued Liabilities

Accounts payable and accrued liabilities increased to \$29,963 as at March 31, 2005 from \$22,587 as at December 31, 2004 an increase of \$7,376. The increase is a result of the accrual for property taxes and operating costs, holdbacks for costs to complete on properties acquired, additional distributions to unitholders and an increase in net GST payable.

Unitholders' Equity

Unitholders equity increased to \$456,496 as at March 31, 2005 from \$391,506 as at December 31, 2004 an increase of \$64,990. This increase was due to the issuance of units for partial consideration on purchase of income properties, units issued under the provisions of development agreements, exercise of options and net income, offset by distributions to unitholders, and costs of the issuance of units.

It is our intent to make monthly cash distributions to unitholders of approximately 90% of Calloway's Distributable Income. For the three months ended March 31, 2005, distributions amounting to 89.9% of distributable income were made or declared.

LIQUIDITY AND CAPITAL RESOURCES

Calloway's principal sources of liquidity are its ability to generate cash from operations, arrange new loans, and offer units to the public. For the three months ended March 31, 2005, cash from operations totalled \$12,303, an increase of \$6,993 from the three months ended March 31, 2004.

During the three months ended March 31, 2005, term mortgages and development loans increased by \$144,075. New term mortgages and mortgages provided by vendors were \$171,041, advances under development loans was \$4,778, net adjustment for imputed interest on non-interest bearing development loans was \$86, a term mortgage in the amount of \$7,979 was assumed by Calloway, a term mortgage in the amount of \$23,007 was assumed by the purchaser of Holland Cross, a development loan in the amount of \$1,305 was repaid and mortgage repayments were \$1,997. During the same period there was a net repayment in the revolving operating facility of \$13,500

Unit issuances for the three months ended March 31, 2005, resulted in gross proceeds of \$63,998.

During January 2005, Calloway completed the acquisition of a retail property in Montreal for a cost of \$9,398. The purchase price was paid in cash.

On February 11, 2005, Calloway completed the acquisition of a retail property in Sarnia for a cost of \$13,350. The purchase price was satisfied by assumption of existing mortgage of \$7,979 and by the payment of the balance in cash

On March 10, 2005, Calloway completed the acquisition of 100% interests in three retail properties and 60% interests in five others for a cost of \$229,731. The purchase price was satisfied by issuing term mortgages on seven of the properties totaling \$155,210, by the vendors providing mortgages on one of the properties totaling \$5,997, by issuing 3,101,000 units at a price of \$19.35 per unit for gross proceeds of \$60,004 and by working capital.

We expect to be able to meet all of Calloway's ongoing obligations, and maintain cash distributions to unitholders, based on Calloway's cash flow from operations and its borrowing capacity. We expect to fund growth by using borrowing capacity and issuing units.

RELATED PARTY TRANSACTIONS

The following related party transactions are those that are not disclosed elsewhere in this document. Other related party transactions are disclosed in Notes 2, 4, 5, 6, 10, 13, 16, 19 and 20 of the unaudited consolidated financial statements for the three months ended March 31, 2005. As at March 31, 2005, FirstPro owned 5,992,013 units of Calloway (16.3% of the issued and outstanding units). At this level of ownership FirstPro has the right to nominate two trustees.

During the three months ended March 31, 2005, Calloway earned interest income totaling \$1,004 (three months ended March 31, 2004 - \$106) from FirstPro and another company in which trustees of Calloway are officers and directors.

During the three months ended March 31, 2005, under the terms of property management agreements, Calloway paid property management fees totaling \$782 (three months ended March 31, 2004 - \$216) to companies in which trustees of Calloway are officers and directors.

During the three months ended March 31, 2005, under the terms of development agreements, Calloway received opportunity fees, head lease rents and operating recoveries totaling \$519 (three months ended March 31, 2004 - \$628) from FirstPro and Wal-Mart-FirstPro Partnership. During the three months ended March 31, 2005 fees totaling \$140 (three months ended March 31, 2004 - \$nil) were paid to FirstPro under the development and other agreements.

During the three months ended March 31, 2005, Calloway paid fees totaling \$366 (three months ended March 31, 2004 - \$429) to a legal firm in which a trustee is a partner.

During the three months ended March 31, 2005, Calloway paid fees totaling \$90 (three months ended March 31, 2004 - \$188) to a trustee for consulting services for public equity offerings.

As at March 31, 2005, amounts totaling \$202 included in accounts receivable were receivable from related parties and amounts totaling \$4,865 included in accounts payable were payable to related parties.

RISKS AND UNCERTAINTIES

Real Property Ownership

All real property investments are subject to elements of risk. General economic conditions, local real estate markets, supply and demand for leased premises, competition from other available premises and various other factors affect such investments.

The primary risk facing Calloway is the potential for declining revenue arising from increased vacancies or declining rental rates. Calloway has reduced this risk by diversifying its holdings geographically across Canada while focusing its acquisition strategy on high quality retail properties. These properties provide tenants with lower operating costs and tend to be less costly to lease than most other types of commercial real estate. Wal-Mart Canada Inc. comprises approximately 34.27% of the rental revenue as at March 31, 2005. As at March 31, 2005, 9.98% of leases renew prior to January 1, 2010.

Management of Calloway is subject to investment guidelines and operating criteria as set forth in the Declaration of Trust. This includes appropriate due diligence procedures for property acquisitions, the amount of leverage allowed, and review of operations by the Trustees.

Credit Risk

Credit risk arises from the possibility that tenants may experience financial difficulty and be unable to fulfill their lease commitments. Calloway mitigates this risk of credit loss by ensuring that its tenant mix is diversified, and by limiting its exposure to any one tenant except Wal-Mart Canada Inc. and government agencies.

With the exception of Wal-Mart, no one tenant group represents more than 4.47% of annual gross revenues. Calloway's nine largest tenant groups, excluding Wal-Mart, represent approximately 25.65% of annual gross revenues. Calloway's tenant mix, led by Wal-Mart, includes international and national retailers. The names noted below are the names of the parent or operating name and are not necessarily the covenant under the lease.

1.	Wal-Mart	\$	47,877	34.27%
2.	Reitmans Group	\$	6,242	4.47%
3.	Winners	\$	5,056	3.62%
4.	Mark's Work Wearhouse	\$	4,502	3.22%
5.	Best Buy/Future Shop	\$	4,165	2.98%
6.	HBC / Zellers	\$	4,035	2.89%
7.	Staples/Business Depot	\$	3,630	2.60%
8.	Sobey's / IGA	\$	3,465	2.48%
9.	Cara Group	\$	2,901	2.08%
10.	Payless Shoesource	\$	1,826	1.31%

During the three months ended March 31, 2005 SAAN filed for protection under Companies' Creditors Arrangement Act. They have repudiated leases in eight locations. The financial effect is discussed above in the Allowance for Doubtful Accounts section.

Further risks arise in the event that borrowers default on the repayment of their mortgages to Calloway. Such risk is mitigated through due diligence, the evaluation of the worth of underlying real estate security and, where possible, obtaining a secondary source of security.

Lease Roll-Over Risk

Lease roll-over risk arises from the possibility that Calloway may experience difficulty renewing leases as they expire or in releasing space vacated by tenants upon lease expiry. With the acquisition of relatively new retail properties, with a significant portion of leases being ten years and greater in term, we have a relatively low amount of space expiring in any one year for the next 7 years.

	<u>Area (sf)</u>	<u>% Area</u>
2005	88,225	1.00%
2006	111,500	1.27%
2007	272,252	3.09%
2008	170,653	1.94%
2009	235,870	2.68%
2010	370,769	4.21%
2011	370,451	4.21%
Thereafter	6,937,725	78.82%
Vacancy as at March 31, 2005	<u>244,706</u>	<u>2.78%</u>
Total	<u>8,802,151</u>	<u>100.00%</u>

Debt Financing and Interest Rate Risk

Calloway is exposed to interest rate risk in regard to its debt. It minimizes this risk by restricting total indebtedness to 60% of gross book value (65% including convertible debentures). Calloway attempts to stagger maturity dates of term debt including matching maturity dates to Wal-Mart renewal dates. In addition, because of the current historically low interest rate environment, we have financed a significant component of our 2004 and 2005 acquisitions with debt having terms in excess of ten years. As at March 31, 2005, over 72% of total debt matures in greater than five years.

Calloway has arranged floating rate operating facilities limited to \$80,000. In addition, Calloway has floating rate development loans with banks and vendors of properties. At March 31, 2005, \$27,730 was

drawn under these facilities and loans. There is a risk that the lenders will not refinance the facilities and loans on terms and conditions acceptable to Calloway, refinance the loans with term debt, or on terms at all. For every 1% increase in the applicable floating rate, interest expense would increase and net income would decrease by \$277 and net income per unit and distributable income per unit on an annual basis would decrease by \$0.008 and \$0.008 respectively.

Unitholder Liability

There is a risk, which is considered to be remote in the circumstances, that unitholders could be held personally liable for obligations of Calloway to the extent that these claims are not satisfied by Calloway. We have taken steps to mitigate this risk, including obtaining appropriate operational and asset insurance and, where feasible, attempting to have every material written contract or commitment of Calloway contain an express disavowal of liability against the unitholders, trustees and employees of Calloway. In addition, legislation has been enacted in Alberta and Ontario which limits the personal liability of unitholders in trusts for the trusts liabilities.

Environmental Risk

Calloway is subject to Canadian laws relating to the environment. Most of these laws deal primarily with the removal and remediation of hazardous substances. Environmental risk is relevant to Calloway's ability to sell or finance affected properties and could potentially result in liabilities for the costs of removal and remediation of hazardous substances or claims against Calloway. We are not aware of any material non-compliance with environmental laws or regulations with regard to Calloway's properties, or of any pending or threatened actions, investigations or claims against Calloway relating to environmental matters. In accordance with the Declaration of Trust, Calloway must conduct an environmental review through third party consultants prior to acquiring properties.

Land Leases

To the extent the properties in which Calloway has an interest are located on leased land, the land leases may be subject to periodic rate resets which may fluctuate and may result in significant rental rate adjustments.

Tax Related Risk Factors

There can be no assurance that Canadian federal income tax laws respecting the treatment of mutual fund trusts will not be changed in a manner which results in Calloway being taxed on a basis other than undistributed taxable income.

Potential Conflicts of Interest

Calloway may be subject to various conflicts of interest because of the fact that FirstPro (a significant unitholder), the Trustees, executive management, and their associates, are engaged in a wide range of real estate and other business activities. Calloway may become involved in transactions which conflict with the interests of the foregoing. Existing Non-Competition Agreements address those conflicts of interest with executive management.

The Trustees, executive management and their associates or affiliates may from time to time deal with persons, firms, institutions or corporations with which Calloway may be dealing, or which may be seeking investments similar to those desired by Calloway. The interests of these persons could conflict

with those of Calloway. In addition, from time to time, these persons may be competing with Calloway for available investment opportunities. David Calnan, an officer and Trustee of Calloway, is a partner of Shea Nerland Calnan, a law firm that provides legal services to Calloway. Simon Nyilassy, a Trustee of Calloway, is an officer of FirstPro, a group of companies from which Calloway has purchased income properties, entered into development agreements with, and provided loans to. FirstPro also provides property management services to Calloway. Kevin Pshebniski, a Trustee of Calloway, is an officer and director of Hopewell Development Corporation, to which Calloway has provided loans and which provides property management services to Calloway. Michael Young, a Trustee of Calloway, provides equity raising services to Calloway.

The Declaration of Trust contains "conflicts of interest" provisions requiring Trustees to disclose material interests in material contracts and transactions, and refrain from voting.

Capital Requirements

Calloway accesses the capital markets from time to time through the issuance of debt, equity or equity-related securities. If Calloway were to be unable to raise additional funds on favourable terms or for other reasons, certain of its acquisition or development activities may be curtailed and in certain cases Calloway may be unable to fulfill commitments under various agreements.

Reliance on Key Personnel

Management of Calloway depends on the services of certain key personnel. The loss of the services of key personnel could have an adverse effect on Calloway. Calloway does not have key man insurance on any of its key employees.

We have determined that there is no change in our assessment of the risks and uncertainties as detailed in our management discussion and analysis for the year ended December 31, 2004.

CRITICAL ACCOUNTING ESTIMATES

Calloway's significant accounting policies are disclosed in Note 3 to the unaudited consolidated financial statements for the quarter ended March 31, 2005 and in Note 3 to the audited consolidated financial statements for the year ended December 31, 2004. An estimate is considered critical if it requires management to make assumptions about matters that are highly uncertain at the time the accounting estimate is made and different estimates that management could have used in the current period, or changes in the accounting estimate that are reasonably likely to occur from period to period, would have a material impact on Calloway's condition, changes in financial position or results of operations. We have determined that there is no change in our disclosure of critical accounting estimates as detailed in our management discussion and analysis for the year ended December 31, 2004.

NEW ACCOUNTING POLICIES ADOPTED IN 2005

The Canadian Institute of Chartered Accountants ("CICA") has not issued any accounting pronouncements that impacted the accounting policies of Calloway for the first quarter of 2005.

FUTURE CHANGES IN ACCOUNTING POLICIES

The accounting pronouncements of the CICA have been reviewed and none have been identified as requiring a change to the accounting policies of Calloway at this time. Calloway is aware of several accounting policies under review by the CICA which may have an affect on its accounting policies. As final release of the pronouncements has not occurred at this time, Calloway has not yet made an assessment of the impact on the financial statements in the future.

SUBSEQUENT EVENTS

On February 3, 2005, Calloway entered into an agreement to sell 1000 Waverley, 110 Lawson Crescent and 1300 Church Avenue, three industrial properties located in Winnipeg, for gross proceeds of \$9,300. It is expected that the proceeds will be settled by the purchaser assuming mortgages on each property totaling approximately \$5,255 and the remainder in cash. The gain on sale is estimated to be approximately \$720. The transaction is expected to be completed by June 2005.

On March 21, 2005, Calloway entered into an agreement to purchase a 91,248 square foot retail property in Abbotsford, BC. The purchase price of the property will be approximately \$16,900 including costs of acquisition. The cost of the property will be satisfied as follows: by assumption of existing mortgage financing of approximately \$11,900 and by payment of the balance in cash. Calloway intends to fund the cash component from proceeds from sale of properties and from working capital. The transaction is expected to be completed by June 2005.

Subsequent to March 31, 2005, Calloway entered into agreements to acquire freehold and leasehold interests in 45 properties from FirstPro and Wal-Mart Canada Realty Inc. These interests include the co-ownership interests owned by FirstPro in seven properties where Calloway owns the other co-ownership interests. The purchase price of the properties will be approximately \$1,175,000 (including acquisition and financing costs of approximately \$40,000) of which approximately \$185,000 relates to three properties in which Calloway will acquire leasehold interests. The properties comprise approximately 5,199,379 net square feet of leased area of which approximately 2,081,739 net square feet is leased to Wal-Mart, and include adjacent lands with the potential for future development of approximately 2,992,922 net square feet. The cost of the properties will be satisfied as follows: by assumption of existing mortgages of \$316,000, by obtaining first mortgage and unsecured bridge financing of approximately \$306,000; by way of vendor take back mortgages of approximately \$31,000; by FirstPro subscribing to Class A units of a limited partnership to be formed by Calloway and by payment of the balance in cash. Calloway intends to fund the cash component by issuance of additional units of Calloway. The agreement with FirstPro includes issuing special voting units to FirstPro, an increase in FirstPro's ability to nominate trustees, Calloway acquiring a portion of FirstPro's development and leasing operations, Calloway's head office being relocated to Toronto, and appointment of new senior management. The transaction is expected to be completed by August 2005 and is subject to due diligence, unitholder and regulatory approval and other customary conditions.

On April 15, 2005, Calloway completed the sale of Collingwood Plaza, a retail property located in Calgary, for gross proceeds of \$1,275 resulting in a gain from sale of approximately \$350.

FORM 52-109FT2
CERTIFICATION OF INTERIM FILINGS DURING TRANSITION PERIOD

I, **J. Michael Storey, the President and Chief Executive Officer of Calloway Real Estate Investment Trust (the "Issuer")**, certify that:

1. I have reviewed the interim filings (as this term is defined in Multilateral Instrument 52-109 *Certification of Disclosure in Issuers' Annual and Interim Filings*) of the Issuer for the interim period ending March 31, 2005;
2. Based on my knowledge, the interim filings do not contain any untrue statement of a material fact or omit to state a material fact required to be stated or that is necessary to make a statement not misleading in light of the circumstances under which it was made, with respect to the period covered by the interim filings; and
3. Based on my knowledge, the interim financial statements together with the other financial information included in the interim filings fairly present in all material respects the financial condition, results of operations and cash flows of the Issuer, as of the date and for the periods presented in the interim filings.

Date: May 13, 2005.

Calloway Real Estate Investment Trust

Notes to the Consolidated Financial Statements

Six Months Ended June 30, 2005

(Unaudited)

(All amounts in thousands of dollars, except per unit and unit amounts)

1. Organization

Calloway Real Estate Investment Trust (the "REIT") is an unincorporated closed-end real estate investment trust governed by the laws of the Province of Alberta created under a declaration of trust, dated December 4, 2001 subsequently amended and restated on October 24, 2002, October 31, 2003 and January 16, 2004.

On July 7, 2005, unitholders passed a special resolution approving amendments to the declaration of trust which have the effect of converting the REIT to an open-end mutual fund trust and implementing additional amendments to the declaration of trust.

2. Acquisitions and Disposals

During January 2005, the REIT completed the sale of the Holland Cross and Century Park Place office buildings for gross proceeds of \$69,250, resulting in gain from sale of \$12,226. The purchaser of Holland Cross assumed a mortgage of \$23,007 and the mortgage on Century Park Place was transferred to another property.

During January 2005, the REIT completed the acquisition of a retail property in Montreal for a cost of \$9,398. The purchase price was paid in cash.

On February 11, 2005, the REIT completed the acquisition of a retail property in Sarnia for a cost of \$13,350. The purchase price was satisfied by the assumption of an existing mortgage of \$7,979 and by the payment of the balance in cash.

On March 10, 2005, the REIT completed the acquisition of 100% interests in three retail properties and 60% undivided interests in five other retail properties from the co-owners, FirstPro Group of Companies ("FirstPro") and Wal-Mart Canada Realty Inc. The purchase price of the properties was \$229,731 including costs of acquisition. Wal-Mart Canada Inc. operates stores in all eight centres. The purchase price was satisfied as follows: by new debt financing on seven of the properties totaling \$155,210, by the vendors providing a non-interest bearing mortgage on one of the properties totaling \$5,997, assumption of accounts payable and by the payment of the balance in cash. The REIT funded the majority of the cash component of the purchase price by issuing 3,101,000 units at a price of \$19.35 per unit.

On April 15, 2005, the REIT completed the sale of the Collingwood Plaza retail building for gross proceeds of \$1,275, resulting in a gain from sale of \$368.

On May 18, 2005, the REIT completed the sale of the Lawson Crescent, Church Avenue and Waverley industrial buildings for gross proceeds of \$9,300, resulting in a gain on sale of \$744. The purchaser assumed mortgages totalling \$5,264.

On May 20, 2005, the REIT completed the acquisition of a retail property in Abbotsford for a cost of \$16,500. The purchase price was satisfied by the assumption of an existing mortgage of \$11,979 and by the payment of the balance in cash.

Calloway Real Estate Investment Trust

Notes to the Consolidated Financial Statements

Six Months Ended June 30, 2005

(Unaudited)

(All amounts in thousands of dollars, except per unit and unit amounts)

During the six months ended June 30, 2005, the REIT completed the purchase of additional developed space from FirstPro for \$14,911 (including land value of \$3,524) under the terms of development agreements. The consideration paid consisted of: the issuance of 47,476 units at a price of \$10.00 per unit, 192,791 units at a price of \$10.50 per unit, 34,089 units at a price of \$14.00 per unit, 136,523 units at a price of \$15.25 per unit, assumption of development loans and accounts payable, and the balance in cash.

3. Significant Accounting Policies

These unaudited interim consolidated financial statements of the REIT have been prepared in accordance with Canadian generally accepted accounting principles and are consistent with the accounting policies and method of their application used in the preparation of the audited consolidated financial statements as at and for the year ended December 31, 2004. The interim consolidated financial statements contain disclosures which are supplemental to the REIT's annual financial statements. They do not include all the information and disclosure required by Canadian generally accepted accounting principles applicable for annual financial statements and, therefore, they should be read in conjunction with the annual audited consolidated financial statements. Certain comparative figures have been reclassified to conform to the current period's financial statement presentation.

4. Income Properties

	June 30, 2005			December 31, 2004		
	Cost	Accumulated Amortization	Net Book Value	Cost	Accumulated Amortization	Net Book Value

Included in income properties is an income property subject to a capital lease. It has a cost of \$42,025 (December 31, 2004 - \$40,807) and a net book value of \$40,877 (December 31, 2004 - \$40,048).

Calloway Real Estate Investment Trust

Notes to the Consolidated Financial Statements

Six Months Ended June 30, 2005

(Unaudited)

(All amounts in thousands of dollars, except per unit and unit amounts)

Included in income properties is land acquired during 2003 and subject to development agreements with FirstPro, the vendors of the property. FirstPro pays the REIT an opportunity fee equal to 9% per annum of the aggregate undeveloped lands value as reduced from time to time upon the completion and rental of additional space. As the negotiated opportunity fee earned by the REIT reflects Management's estimate of a fair market return for the use of a productive asset, the fee is recognized as revenue. Pursuant to the development agreements, FirstPro assumes responsibility for the cost of developing the land and is granted the right for a period of five years to earn additional proceeds from the REIT on the completion and rental of additional space on these lands. The purchase price for the additional developments will be calculated by formula using the net operating rents and predetermined capitalization rates. FirstPro has the right, at their option, to receive up to 40% of the proceeds for any new developments in units at purchase prices of \$10.00 and \$10.50 per unit (not to exceed 199,475 units and approximately 1,800,000 units respectively). The REIT provides financing to FirstPro for the development costs of the additional developments. The REIT has provided a second mortgage on a specific property in the amount of \$10,000 to the vendors as security for payment of the additional proceeds. During the six months ended June 30, 2005, FirstPro completed the development of 50,622 square feet of retail space resulting in a purchase price of \$8,513 (including land of \$2,265) to the REIT. FirstPro elected to receive 47,476 units at a purchase price of \$10.00 per unit and 192,791 units at a purchase price of \$10.50 per unit as partial consideration for the purchase price.

During the six months ended June 30, 2005, the REIT provided financing totaling \$8,466 to FirstPro for development costs and \$4,172 was repaid by FirstPro.

During the six months ended June 30, 2005, \$5,096 of amortization expense was related to the write off of the unamortized balance of tenant improvements and intangibles for vacated tenant space.

5. Properties Under Development

Properties under development are subject to development agreements with Wal-Mart FirstPro Partnership, FirstPro and Wal-Mart Canada Realty Inc., the vendors of the properties. Pursuant to the development agreements, the vendors assume responsibility for managing the development of the land and are granted the right for a period of five years to earn additional proceeds from the REIT on the completion and rental of additional space on these lands. The purchase price for the additional developments will be calculated by formula using the net operating rents and predetermined capitalization rates. FirstPro has the right, at their option, to receive up to 40% of the proceeds for any new developments in units at purchase prices of \$14.00, \$15.25, \$17.80 and \$19.60 per unit (approximately 1,860,000, 1,150,000, 345,000 and 225,000 units respectively). The vendors will provide financing to the REIT for the development costs of the additional developments. The REIT has provided a first mortgage, assignment of rents and leases, and a general security agreement on seven properties acquired from the vendors as security for the development loans. During the six months ended June 30, 2005, Wal-Mart FirstPro Partnership completed the development of 28,308 square feet of retail space resulting in a purchase price of \$6,398 (including land of \$1,259) to the REIT. FirstPro elected to receive 34,089 units at a purchase price of \$14.00 per unit and 136,523 units at a purchase price of \$15.25 per unit as partial consideration for the purchase. During the six months ended June 30, 2005, the vendors provided development financing totaling \$10,344, and Calloway repaid \$2,706.

Notes to the Consolidated Financial Statements

Six Months Ended June 30, 2005

(Unaudited)

(All amounts in thousands of dollars, except per unit and unit amounts)

6. Mortgages and Loans Receivable

Mortgages receivable totaling \$1,600 (December 31, 2004 - \$1,600) are secured by second charges on two properties under development, bear interest at 12% per annum and are repayable in their entirety upon the earliest of the REIT purchasing the properties, the properties being sold to a third party and the day which is two years following the date of substantial completion of the properties. The mortgages receivable are provided to a company in which a trustee of the REIT is an officer and director. The REIT has an option to purchase the properties at a negotiated price, or failing agreement, at a price equal to 95% of the appraised value of the properties.

Loans receivable totaling \$11,575 (December 31, 2004 - \$7,281) have been provided pursuant to development agreements with FirstPro that are described in Note 4. The loans bear interest at the prime rate of a Canadian chartered bank plus rates ranging from 0.75% to 1.25%. The loans are repayable at the completion and rental of the properties under development. FirstPro has not provided any security in regards to the loans; however, proceeds of the loans are used to fund improvements to properties owned by the REIT.

Mortgages receivable totaling \$30,018 (December 31, 2004 - \$21,495) have been provided pursuant to agreements with FirstPro in which the REIT will lend up to \$61,931 (including letters of credit facilities totaling \$1,200) for use in acquiring and developing seven properties in Ontario, Quebec and Newfoundland. These loans bear interest at a weighted average interest rate of 8.51% with interest only payable monthly. The loans are secured by first or second charges on property, assignments of rents and leases, and general security agreements. In addition, other FirstPro affiliated companies have provided indemnities and guarantees. The loans are due at various dates in 2009 and 2010 (five years from initial advance). The REIT has an option to acquire a 50% interest in the properties upon substantial completion at an agreed upon formula. During the six months ended June 30, 2005, one property was substantially completed and the REIT exercised its option to acquire a 50% interest. The acquisition was completed on July 8, 2005 at a cost of \$6,190. To June 30, 2005, \$43,497 has been funded offset by repayments of \$13,479.

7. Deferred Leasing Costs

	June 30, 2005			December 31, 2004		
	Cost	Accumulated Amortization	Net Book Value	Cost	Accumulated Amortization	Net Book Value
Tenant Inducements	\$ 347	\$ 83	\$ 264	\$ 381	\$ 112	\$ 269
Leasing expenses	106	23	83	195	66	129
	<u>\$ 453</u>	<u>\$ 106</u>	<u>\$ 347</u>	<u>\$ 576</u>	<u>\$ 178</u>	<u>\$ 398</u>

8. Deferred Financing Costs

Deferred financing costs are net of accumulated amortization of \$838 (December 31, 2004 - \$544).

9. Mortgages Payable

	June 30, 2005	December 31, 2004
Term mortgages	\$ 646,968	\$ 485,190
Development loans	56,791	45,399
Revolving operating facilities	-	17,000
	703,759	547,589
Less: Mortgages payable – assets held for sale	6,691	23,068
	<u>\$ 697,068</u>	<u>\$ 524,521</u>

Term mortgages bear fixed interest rates ranging from 4.698% to 7.78% (December 31, 2004 – 4.698% to 7.78%), are repayable in blended monthly installments aggregating \$4,247 in June 2005 (\$3,165 in December 2004), are secured by first registered mortgages over specific income properties and properties under development, and first general assignments of leases, insurance and general security agreements, and are due July 2006 through October 2023.

Development loans totaling \$17,157 (December 31, 2004 - \$15,711) bear variable interest rates ranging from the prime rates of various Canadian chartered banks plus 0.875% to 1.25% (December 31, 2004 – 0.50% to 1.25%), are secured by first and second registered mortgages over specific income properties, and first general assignments of leases and insurance, and are due September 2005 through December 2005. Non-interest bearing development loans, which are carried at the amount of \$29,700 (December 31, 2004 - \$24,641) using imputed interest rates ranging from 4.03% to 4.59%, and development loans totaling \$9,934 (December 31, 2004 - \$5,047) as further described in Note 5 bearing interest at bankers acceptance plus 2%, are secured by first mortgages over specific income properties and properties under development, and first general assignments of leases, and are due the earlier of various dates in 2009 and 2010 or date of earn out.

As at June 30, 2005, the revolving operating facilities bear variable interest rates ranging from the prime rates of various Canadian chartered banks plus 0% to 0.375% (December 31, 2004 – 0.375% to 0.5%) are secured by first charges over specific income properties, and first general assignments of leases and insurance, and are subject to review by July 15, 2005 and September 30, 2005. These facilities are authorized to a maximum of \$80,000.

As at June 30, 2005, \$nil (December 31, 2004 - \$15,000) of the variable rate debt is subject to interest rate swap agreements.

Substantially all of the income properties of the REIT have been pledged as security under the various debt agreements. The weighted average interest rate of the debt is 5.72% as at June 30, 2005 (5.82% at December 31, 2004).

10. Capital Lease Obligations

An income property was acquired under the terms of a 35 year lease with FirstPro. A single payment of \$39,000 was made on October 31, 2003 and a payment of \$10,000 is due at the end of the lease to exercise a purchase option. The capital lease obligation, net of implicit interest costs at 9.18% of \$9,526 (\$9,547 at December 31, 2004) is \$474 at June 30, 2005 (\$453 at December 31, 2004).

11. Convertible Debentures

On May 14, 2004, the REIT issued \$55,000 of 6.00% convertible unsecured subordinated debentures (the "Subordinated Debentures") due June 30, 2014. The Subordinated Debentures are convertible at the holder's option at any time into trust units at \$17.00 per unit and are redeemable at the option of the REIT in cash or units on or after June 28, 2010. As at June 30, 2005, \$34,681 of face value of the convertible debentures was outstanding. The convertible debentures were divided into their liability and equity components, measured at their respective fair values at time of issue. These convertible debentures have not been considered in the calculation of diluted net income per unit as the result would have been anti-dilutive.

12. Unitholders' Equity

Authorized

The REIT is authorized to issue an unlimited number of trust units of a single class, each of which represents an equal undivided interest in the trust.

Calloway Real Estate Investment Trust

On March 10, 2005, the REIT funded the majority of the cash component of the purchase price and costs of acquisition of 100% interests in three retail properties and 60% undivided interests in five other retail properties by issuing 3,101,000 units of the REIT on conversion of its previously issued 3,101,000 subscription receipts. The subscription receipts were issued at a price of \$19.35 per unit for gross proceeds of \$60,004.

During the three months ended June 30, 2005, holders of debentures with a face value of \$18,888 exercised their conversion privileges resulting in the issuance of 1,111,056 trust units. During the six months ended June 30, 2005, holders of debentures with a face value of \$19,869 exercised their conversion privileges resulting in the issuance of 1,168,761 trust units.

During the three months ended June 30, 2005, the REIT issued 7,759 trust units at \$10.00 per unit, 48,741 trust units at \$10.50 per unit, 34,089 trust units at \$14.00 per unit and 136,523 units at \$15.25 per unit to FirstPro for properties acquired pursuant to development agreements for gross proceeds of \$3,148. During the six months ended June 30, 2005, the REIT issued 47,476 trust units at \$10.00 per unit, 192,791 trust units at \$10.50 per unit, 34,089 trust units at \$14.00 per unit and 136,523 units at \$15.25 per unit to FirstPro for properties acquired pursuant to development agreements for gross proceeds of \$5,058.

During the three months ended June 30, 2005, 30,000 options with an exercise price of \$10 per unit were exercised resulting in the issuance of 30,000 units for gross proceeds of \$300. During the six months ended June 30, 2005, 115,000 options with an exercise price of \$10 per unit were exercised resulting in the issuance of 115,000 units for gross proceeds of \$1,150.

During the three months ended June 30, 2005, the REIT issued 13,998 trust units pursuant to the Distribution Reinvestment Plan for gross proceeds of \$262. During the six months ended June 30, 2005, the REIT issued 27,834 trust units pursuant to the Distribution Reinvestment Plan for gross proceeds of \$515.

Calloway Real Estate Investment Trust

Notes to the Consolidated Financial Statements

Six Months Ended June 30, 2005

(Unaudited)

(All amounts in thousands of dollars, except per unit and unit amounts)

Subscription Receipts

During the three months ended June 30, 2005, the REIT issued 11,336,000 subscription receipts at a price of \$19.85 per subscription receipt for gross proceeds of \$225,020. The receipt of the proceeds by the REIT was contingent upon the acquisition of certain properties. Each subscription receipt entitled the holder to receive one unit of the REIT. The acquisition was completed on July 8, 2005 as further described in Note 20, and accordingly, the cash proceeds and unit issuance have been recorded at that date.

Deferred Unit Plan

Upon approval, the trustees and officers are eligible to participate in a compensation plan under which deferred units are granted by the Compensation Committee for trustee fees and executive bonuses. Trustees and officers that participate in the plan must elect to contribute between 60% and 100% of their fees or bonus to the plan. The REIT will match the amount participants elect to contribute to the plan. The number of deferred units granted to each participant is determined by dividing two times their elected amount by the volume weighted average price of the REIT's units traded on the TSX for the ten days immediately prior to the date of grant. Deferred units will vest to the participant as follows: 50% on the third anniversary of the grant; 25% on each of the fourth and fifth anniversaries of the grant, subject to provisions for earlier vesting under change of control, retirement, death or termination. A deferred unit granted through the plan entitles the holder, at the holder's option, to receive on or after the vesting date the equivalent number of trust units or under certain conditions, the then current fair market value of the units. In addition, the deferred units will earn additional deferred units for the cash distributions that would have been paid on the deferred unit if it had been issued as a trust unit on the date of grant assuming the reinvestment of the distribution into REIT units.

As at June 30, 2005, 59,103 deferred units were granted under the plan, subject to the approval of the plan by unitholders. On July 1, 2005, a further 12,539 deferred units were granted under the plan, subject to the approval of the plan by unitholders. On July 7, 2005, unitholders approved the plan. On July 8, 2005, with the completion of the acquisition of properties as described in Note 20, 71,642 deferred units were vested to the holders. The mark to market liability of the vested units on July 8, 2005, was \$888 in excess of that recorded as at June 30, 2005.

Distribution Reinvestment Plan

The REIT, as of the June 2004 distribution, has effected a Distribution Reinvestment Plan for its unit holders which allows participants to reinvest their monthly cash distributions in additional trust units at an effective purchase price equal to 97% of the volume weighted average price for the ten business days prior to the distribution date. During the three months ended June 30 2005, 13,998 trust units have been issued under the plan for gross proceeds of \$262. During the six months ended June 30 2005, 27,834 trust units have been issued under the plan for gross proceeds of \$515.

Calloway Real Estate Investment Trust

Notes to the Consolidated Financial Statements

Six Months Ended June 30, 2005

(Unaudited)

(All amounts in thousands of dollars, except per unit and unit amounts)

Weighted Average Number of Units

Net income per unit is calculated using the weighted average number of units outstanding as follows:

	Three months ended June 30		Six months ended June 30	
	2005	2004	2005	2004
Basic	36,927,057	26,324,579	35,540,215	21,537,719
Effect of dilutive securities:				
Unit option plan	113,776	135,711	119,093	157,653
Warrants	-	182,090	-	247,257
Diluted	37,040,833	26,642,380	35,659,308	21,942,629

The potential exercise of development agreement options and convertible debentures has not been included in the calculation of the diluted number of units as these have been determined to be anti-dilutive. The units approved for grant under the Deferred Unit Plan have not been included in the calculation of diluted number of units as the plan is subject to approval by unitholders.

13. Unit Options

Unit Option Plan

On October 24, 2002, the REIT adopted a unit option plan for its trustees, officers, employees and other persons who provide services to the REIT. The maximum number of units issuable upon exercise of such options currently may not exceed 562,000 units. The number of units issuable under the option plan may be increased on an annual basis subject to any required regulatory and unitholder approvals. The plan provides for the granting of options to purchase units of the REIT at not less than the market price at the time of granting. The vesting terms of any options granted are fixed by the Board of Trustees of the REIT at the time of grant. An option's maximum term is five years.

On July 7, 2003, 560,000 unit options were granted to employees and trustees. These options have an exercise price of \$10 per unit and expire July 7, 2008. The trading price at the date of grant was \$9.94 per unit. All options granted vested immediately except for 60,000 options vesting January 1, 2004 and 60,000 options vesting January 1, 2005. Options totaling 351,600 were exercised to June 30, 2005 (December 31, 2004 - 236,600). The fair value of these options, using the Black Scholes pricing model, was not material. Upon approval and implementation of the Deferred Unit Plan, the REIT does not intend on issuing any further options under this plan.

Calloway Real Estate Investment Trust

Notes to the Consolidated Financial Statements

Six Months Ended June 30, 2005

(Unaudited)

Development Agreement Options

Pursuant to certain development agreements (see Note 4), FirstPro has the right, at their option, to receive up to 40% of the proceeds for any new developments in units at purchase prices of \$10.00 or \$10.50 per unit (not to exceed 199,975 units and approximately 1,800,000 units respectively). Developments completed in the three months ended June 30, 2005, resulted in the issuance to FirstPro of 7,759 trust units at a price of \$10.00 per unit and 48,741 trust units at a price of \$10.50 per unit. Developments completed in the six months ended June 30, 2005, resulted in the issuance to FirstPro of 47,476 trust units at a price of \$10.00 per unit and 192,791 trust units at a price of \$10.50 per unit. The exercised options have not been considered in the calculation of diluted earnings per unit as the result would have been anti-dilutive. In addition, as the conditions for issuance have not been met, the remaining options are not considered in the calculation of diluted earnings per unit.

Pursuant to certain development agreements (see Note 5), FirstPro has the right, at its option, to receive up to 40% of the proceeds for any new developments in units at purchase prices of \$14.00, \$15.25, \$17.80 and \$19.60 per unit (approximately 1,860,000, 1,150,000, 345,000 and 225,000 units respectively). Developments completed in the three months ended June 30, 2005, resulted in the issuance to FirstPro of 34,089 trust units at a price of \$14.00 per unit and 136,523 trust units at a price of \$15.25 per unit. Developments completed in the six months ended June 30, 2005, resulted in the issuance to FirstPro of 34,089 trust units at a price of \$14.00 per unit and 136,523 trust units at a price of \$15.25 per unit. The exercised options have not been considered in the calculation of diluted earnings per unit as the result would have been anti-dilutive. In addition, as the conditions for issuance have not been met, the remaining options are not considered in the calculation of diluted earnings per unit.

15. Related Party Transactions

The following related party transactions are those that are not disclosed elsewhere in these statements. Other related party transactions are disclosed in Notes 2, 4, 5, 6, 10, 13, 16, 19 and 20. As at June 30, 2005, FirstPro owned 6,219,125 units of the REIT (16.3% of the issued and outstanding units). FirstPro has options to acquire approximately 4,451,979 units pursuant to development agreements as disclosed in notes 4, 5 and 13. As at June 30, 2005, FirstPro has the right to nominate two Trustees.

During the three months ended June 30, 2005, the REIT paid fees totaling \$600 (three months ended June 30, 2004 - \$455) to a legal firm in which a trustee is a partner. During the six months ended June 30, 2005, the REIT paid fees totaling \$966 (six months ended June 30, 2004 - \$884) to a legal firm in which a trustee is a partner.

During the three months ended June 30, 2005, the REIT paid fees totaling \$338 (three months ended June 30, 2004 - \$233) to a trustee for consulting services for public equity offerings. During the six months ended June 30, 2005, the REIT paid fees totaling \$428 (six months ended June 30, 2004 - \$421) to a trustee for consulting services for public equity offerings.

During the three months ended June 30, 2005, the REIT earned interest income totaling \$942 (three months ended June 30, 2004 - \$497) from FirstPro and another company in which trustees of the REIT are officers and directors. During the six months ended June 30, 2005, the REIT earned interest income totaling \$1,946 (six months ended June 30, 2004 - \$603) from FirstPro and another company in which trustees of the REIT are officers and directors.

During the three months ended June 30, 2005, under the terms of property management agreements, the REIT paid property management fees totaling \$759 (three months ended June 30, 2004 - \$441) to FirstPro and another company in which trustees of the REIT are officers and directors. During the six months ended June 30, 2005, under the terms of property management agreements, the REIT paid property management fees totaling \$1,541 (six months ended June 30, 2004 - \$657) to FirstPro and another company in which trustees of the REIT are officers and directors.

During the three months ended June 30, 2005, under the terms of development agreements, the REIT received opportunity fees, head lease rents and operating recoveries totaling \$448 (three months ended June 30, 2004 - \$734) from FirstPro, Wal-Mart Canada Realty Inc. and Wal-Mart FirstPro Partnership. During the three months ended June 30, 2005 fees totaling \$224 (three months ended June 30, 2004 - \$1,196) were paid to FirstPro under the development and other agreements. During the six months ended June 30, 2005, under the terms of development agreements, the REIT received opportunity fees, head lease rents and operating recoveries totaling \$967 (six months ended June 30, 2004 - \$1,352) from FirstPro, Wal-Mart Canada Realty Inc. and Wal-Mart FirstPro Partnership. During the six months ended June 30, 2005 fees totaling \$364 (six months ended June 30, 2004 - \$1,196) were paid to FirstPro under the development and other agreements.

As at June 30, 2005, amounts totaling \$174 (December 31, 2004 - \$174) included in accounts receivable were receivable from related parties and amounts totaling \$3,750 (December 31, 2004 - \$2,187) included in accounts payable were payable to related parties.

The REIT is contingently liable for certain joint venture obligations of its co-venturers in the joint ventures. Management estimates that the assets of the joint ventures are sufficient for the purpose of satisfying such obligations. The remaining interests in the properties are owned by FirstPro.

Calloway Real Estate Investment Trust

Notes to the Consolidated Financial Statements

Six Months Ended June 30, 2005

(Unaudited)

(All amounts in thousands of dollars, except per unit and unit amounts)

17. Segmented Disclosures

The REIT owns, develops, manages and operates income properties located in Canada. Management, in measuring the REIT's performance, does not distinguish or group its operations on a geographical or any other basis. Accordingly, the REIT has a single reportable segment for disclosure purposes in accordance with Canadian generally accepted accounting principles.

The REIT's major tenant is Wal-Mart Canada Inc., accounting for 33.6% of the REIT's June 2005 rental revenue (June 30, 2004 – 31.1%).

18. Assets Held for Sale and Discontinued Operations

During the three months ended June 30, 2005, the REIT approved the plan and initiated the program to dispose of Ecco Warehouse, a 36,000 square foot industrial property in Calgary, Gesco Warehouse, a 63,894 square foot industrial property in Calgary, Airtech Centre, a 112,744 square foot industrial property in Vancouver, Canadian Commercial Centre, a 124,678 square foot industrial property in Calgary and British Colonial Building, a 17,536 square foot retail property in Toronto. As a result, the cost of these properties was allocated to properties held for sale and the results of operations reclassified to discontinued operations.

The following are the assets and liabilities of the properties held for sale:

	June 30, 2005	December 31, 2004
Assets		
Income properties	\$ 20,773	\$ 54,210
Deferred leasing costs	410	906
Deferred financing costs	24	10
Prepaid expenses and deposits	<u>(16)</u>	<u>2</u>
	21,191	55,128

19. Commitments and Contingencies

The REIT has entered into development agreements as disclosed in Notes 4 and 5. The estimated commitments payable under the agreements total approximately \$163,000.

The REIT has entered into agreements with FirstPro in which the REIT will lend monies to FirstPro as disclosed in Note 6. The estimated remaining amounts to be provided under the agreements total \$17,234.

One of the REIT's assets held for sale is subject to a land lease requiring annual lease payments of \$205. The annual lease payment increases to \$220 in 2007. The lease expires November 2011 and the REIT has an option to extend for a further 10 years.

Letters of credit totaling \$9,962 have been issued on behalf of the REIT by the REIT's lenders as security for mortgages and for maintenance obligations to municipal authorities.

(Unaudited)

(All amounts in thousands of dollars, except per unit and unit amounts)

20. Subsequent Events

On July 8, 2005, the REIT completed the acquisition of substantially all of the freehold and leasehold interests in 45 properties from FirstPro, Wal-Mart Canada Realty Inc. and other vendors. These interests include the co-ownership interests owned by FirstPro in seven properties where the REIT owns the other co-ownership interests (see Note 16) and a 50% interest in a property subject to an option which the REIT exercised (see Note 6). The purchase price of the properties was approximately \$1,165,271 (including costs of acquisition) which will be allocated to the tangible and intangible components of the income properties and to the properties under development acquired. Approximately \$189,292 of the purchase price relates to three properties in which the REIT will acquire leasehold interests. The properties comprise approximately 5,458,375 net square feet of leased area of which approximately 2,141,771 net square feet is leased to Wal-Mart, and include adjacent lands with the potential for future development of approximately 2,721,594 net square feet. The purchase price was satisfied as follows: by assumption of existing mortgages of \$342,863; by obtaining first mortgage and unsecured bridge financing of approximately \$296,250; by way of vendor take back mortgages of approximately \$33,091; by way of vendors providing a mark to market adjustment on mortgages assumed of \$22,386; by FirstPro and other vendors subscribing to 12,594,458 exchangeable Class B units at a price of \$19.85 per unit of a limited partnership formed by the REIT and by payment of the balance in cash. The REIT funded the majority of the cash component of the purchase price by issuing 11,336,000 units at a price of \$19.85 per unit. The agreements included issuing special voting units to FirstPro and other vendors, an increase in FirstPro's ability to nominate trustees, the REIT acquiring a portion of FirstPro's development and leasing operations, entering into long term development agreements and amending existing property management agreements with FirstPro, the REIT's head office being relocated to Toronto and appointment of new senior management. The REIT estimates that approximately \$2,000 in expenses related to the relocation of the head office and turnover in senior management including bonuses will be incurred. The expenses will be recognized as incurred.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

For the Period Ended June 30, 2005

(All amounts in thousands of dollars, except per unit and unit amounts)

The following management discussion and analysis of the financial condition and results of operations should be read in conjunction with Calloway Real Estate Investment Trust's ("Calloway" or "REIT") Unaudited Consolidated Financial Statements and notes thereto for the quarter ended June 30, 2005, Calloway's Unaudited Consolidated Financial Statements and Calloway's Management's Discussion and Analysis for the quarter ended March 31, 2005, and Calloway's Audited Consolidated Financial Statements and Management's Discussion and Analysis for the year ended December 31, 2004 and for the year ended December 31, 2003. Historical results and percentage relationships contained in our consolidated financial statements and management discussion and analysis, including trends which might appear, should not be taken as indicative of our future operations and financial position. All financial information is reported in Canadian dollars and in accordance with Canadian generally accepted accounting principles (GAAP) unless noted otherwise. Additional information about Calloway filed with Canadian securities commissions, including periodic quarterly and annual reports and the Annual Information Form (AIF) is available on-line at www.sedar.com.

This discussion may contain forward-looking statements which are based on our expectations, estimates and forecasts. These statements are subject to risks and uncertainties that are difficult to predict or control. These risks and uncertainties could cause actual results to differ materially from those indicated. These risks and uncertainties are described elsewhere in this discussion and in other regulatory filings. Readers should not place undue reliance on any such forward-looking statements. We disclaim any intention or obligation to update or revise any such statement as a result of new information, the occurrence of future events or otherwise.

These forward-looking statements are made as of August 4, 2005, and Calloway assumes no obligation to update or revise them to reflect new events or circumstances.

BUSINESS OVERVIEW

Calloway was an unincorporated "closed end" trust created by a Declaration of Trust and governed by the laws of the Province of Alberta until July 7, 2005. On July 7, 2005, unitholders by resolution approved amendments to the Declaration of Trust which have the effect of converting Calloway to an "open-end" mutual fund trust. Calloway's units are publicly traded and listed on the Toronto Stock Exchange under the symbol CWT.UN. Calloway was created to invest in a diversified portfolio of income-producing rental properties located in Canada and is now focused specifically on the acquisition of high quality retail properties.

Calloway's primary objectives are to:

- deliver reliable and growing cash distributions to unitholders on a tax-deferred basis; and
- increase and maximize unitholder value.

Notes:

- (1) Net income per unit and distributable income per unit were calculated using the weighted average number of units outstanding for the quarter.
- (2) Total debt includes mortgages payable, capital lease obligations and convertible debentures.
- (3) Management uses distributable income, distributable income per unit and cash from operations to analyze operating performance. Distributable income, distributable income per unit and cash from operations as presented do not have any standardized meaning prescribed by Canadian GAAP and therefore may not be comparable with the calculation of similar measures for other entities. Distributable income and cash flow as presented is not intended to represent operating profits for the period nor should it be viewed as an alternative to net income, cash flow from operating activities or other measures of financial performance calculated in accordance with Canadian GAAP. All references to distributable income throughout this report are based on the description provided later in the Distributable Income section. All references to cash from operations throughout this report are based on cash flow from operating activities before changes in other non-cash operating items and expenditures on deferred leasing costs.

RESULTS OF OPERATIONS

Occupancy rates were as follows at the end of each of the following periods: June 30, 2005 – 98.4%; December 31, 2004 – 97.8%; June 30, 2004 – 99.3%.

- (1) Distributable income per unit – diluted is adjusted for the dilutive effect of the convertible debentures which are not dilutive for net income purposes.

Acquisition of Income Properties

The six Wal-Mart-FirstPro properties acquired on November 30, 2004, Anjou, Sarnia, Abbotsford and the respective interests in the eight Wal-Mart-FirstPro properties acquired effective March 1, 2005 were acquired subsequent to June 30, 2004 and were therefore not included in the financial results for the three months ended June 30, 2004. These properties are collectively referred to as "Other Properties". These Other Properties provided gross rental income of \$9,007 and net income of \$418 for the period April 1, 2005 to June 30, 2005 and gross rental income of \$14,004 and net income of \$273 for the period January 1, 2005 to June 30, 2005. In addition, the respective interests in the Laval and Halifax properties acquired on May 1, 2004 and the twelve Wal-Mart-FirstPro properties ("The Centres II") acquired on May 14, 2004, provided an additional gross rental income of \$5,099 and net income of \$291 for the three months ended June 30, 2005 as compared to the three months ended June 30, 2004. For the six months ended June 30, 2005, the twelve Wal-Mart-FirstPro properties ("The Centres") acquired on February 16, 2004, the respective interests in the Laval and Halifax properties acquired on May 1, 2004 and the twelve Wal-Mart-FirstPro properties ("The Centres II") acquired on May 14, 2004, provided an additional gross rental income of \$20,958 and net loss of \$1,438 compared to the six months ended June 30, 2004.

Rental from Income Properties

Rentals from income properties for the three months ended June 30, 2005 increased by \$14,785 when compared to the three months ended June 30, 2004. The increase was mostly due to the acquisition of the Other Properties and The Centres II. Rentals from income properties for the three months ended June 30, 2005 included \$686 from the recognition of rents from step leases on a straight line basis over the remaining life of the lease. The reduction to allowance for doubtful accounts for the period amounted to \$64.

Rentals from income properties for the six months ended June 30, 2005 increased by \$36,351 when compared to the six months ended June 30, 2004. The increase was mostly due to the acquisition of the Other Properties, The Centres and The Centres II. Rentals from income properties for the six months ended June 30, 2005 included \$1,190 from the recognition of rents from step leases on a straight line basis over the remaining life of the lease. The reduction to allowance for doubtful accounts for the period amounted to \$151.

Allowance for Doubtful Accounts

During the three months ended June 30, 2005, no significant retail tenants filed for protection under the Companies' Creditors Arrangement Act, declared bankruptcy or vacated their premises.

During the six months ended June 30, 2005, retail tenants operating in 110,691 square feet in ten retail properties filed for protection under the Companies' Creditors Arrangement Act or declared bankruptcy. Total annual gross rental payments from these tenants were approximately \$2,521. The tenants have repudiated leases in all locations. Two locations comprising 16,885 square feet have been leased to new tenants at a rental rates in excess of the repudiated leases.

Interest Income

Interest income consists primarily of interest received on the mortgages and loans receivable portfolio. Interest income for the three and six months ended June 30, 2005 has increased by \$489 and \$1,483 respectively compared to the same periods ended June 30, 2004. This increase is due to the additional loans provided to FirstPro.

Property Operating Costs

Total property operating costs decreased to 30.3% and 31.8% of rental revenue for the three and six month periods ended June 30, 2005 as compared to 31.2% and 31.9% for the prior periods. Substantially all property operating costs tend to be fully recovered under leases with the exception of vacant space.

Interest Expense

Interest expense for mortgages and other items consists primarily of interest paid on mortgages on the income property portfolio. The weighted average interest rate was 5.72% as at June 30, 2005, as compared to 5.82% as at December 31, 2004 and 6.05% as at June 30, 2004.

Interest expense for mortgages and other items for the three and six months ended June 30, 2005 has increased by \$4,499 and \$10,443 respectively compared to the same periods ended June 30, 2004. This increase is due to the substantial increase in mortgage debt arising from the acquisition of the Other Properties, The Centres and The Centres II.

On May 14, 2004 Calloway issued \$55,000 of 6% convertible unsecured subordinated debentures. In the three and six months ended June 30, 2005 the total interest expense, including accretion expense, on these debentures was \$825 and \$1,679 respectively.

Amortization

Amortization of income properties for the three and six months ended June 30, 2005 compared to the three and six months ended June 30, 2004 has increased as a result of the acquisition of the Other Properties, The Centres and the Centres II. In addition, during the three and six months ended June 30, 2005, \$2,352 and \$5,096 of amortization expense was related to the write off of unamortized balance of intangibles for vacated tenant space.

Amortization of deferred leasing costs increased due to tenant inducements and leasing expenses incurred for new and renewed tenants. Amortization of deferred financing costs increased mainly due to financing fees incurred on new and renewed financing.

General and Administrative Expenses

General and administrative expenses are essentially comprised of: executive salaries, bonuses and benefits net of recoveries, trustee fees, transfer agent fees, filing fees, press releases, printing costs, rent, office and other related expenses, and professional fees such as audit fees and legal fees.

General and administrative expenses for the three months ended June 30, 2005 have decreased compared to the three months ended June 30, 2004 by \$47, due to the payment of bonuses in 2004.

General and administrative expenses for the six months ended June 30, 2005 have increased compared to the six months ended June 30, 2004 by \$115, due to increased salaries and additional employees, additional trustees and meetings thereof, directors and officer liability insurance premiums, increased

investor relation and stock exchange costs, and increased audit and legal fees all as a result of Calloway's significant growth.

Discontinued Operations

In accordance with CICA Section 3475, Disposal of Long-Lived Assets and Discontinued Operations, Calloway has classified the following properties as discontinued operations.

Properties sold during the six months ended June 30, 2005

<u>Property Type</u>	<u>Property Name</u>	<u>Property Location</u>	<u>Closing Date</u>	<u>GLA (sq ft)</u>
Office	Holland Cross	Ottawa, ON	January 10, 2005	272,550
Office	Century Park Place	Calgary, AB	January 14, 2005	75,675
Retail	Collingwood Plaza	Calgary, AB	April 15, 2005	7,210
Industrial	1000 Waverley	Winnipeg, MB	May 18, 2005	59,439
Industrial	110 Lawson Crescent	Winnipeg, MB	May 18, 2005	53,100
Industrial	1300 Church Avenue	Winnipeg, MB	May 18, 2005	40,600

Properties Held for Sale at June 30, 2005

<u>Property Type</u>	<u>Property Name</u>	<u>Property Location</u>	<u>GLA (sq ft)</u>
Industrial	Ecco Warehouse	Calgary, AB	36,000
Industrial	Gesco Warehouse	Calgary, AB	63,894
Industrial	Canadian Commercial Centre	Calgary, AB	124,678
Industrial	Airtech Centre	Vancouver, BC	112,744
Retail	British Colonial Building	Toronto, ON	17,356

During the three months ended June 30, 2005, the Waverley, Lawson and Church Industrial sites and the Collingwood Plaza retail building were sold for gross proceeds of \$10,575 resulting in gain from sale of \$1,112.

During the six months ended June 30, 2005, the Holland Cross and Century Park office building, the Waverley, Lawson and Church Industrial sites and the Collingwood Plaza retail building were sold for gross proceeds of \$79,825 resulting in gain from sale of \$13,338.

Net Income

Distributable Income

As a result of the items discussed above, net income and distributable income for the three months ended June 30, 2005 were greater than the three months ended June 30, 2004 by \$896 (24%) and \$4,733 (54%), respectively. Distributable income per unit-basic for the three months ended June 30, 2005 was \$0.367 as compared to the same period in 2004 of \$0.335. Distributable income per unit-diluted for the three months ended June 30, 2005 was \$0.357 as compared to the same period in 2004 of \$0.303.

Net income and distributable income for the six months ended June 30, 2005 were greater than the six months ended June 30, 2004 by \$11,565 (169%) and \$11,627 (83%), respectively. Distributable income per unit-basic for the six months ended June 30, 2005 was \$0.722 as compared to the same period in 2004 of \$0.651. Distributable income per unit-diluted for the six months ended June 30, 2005 was \$0.700 as compared to the same period in 2004 of \$0.634.

The trustees passed a resolution to clarify the definition of distributable income as provided for in the Declaration of Trust. On July 7, 2005, unitholders approved the definition. The resolution provides that distributable income means the consolidated net income of the trust in accordance with Canadian GAAP adjusted for: adding back decrease in rentals from income properties from step leases on a straight line basis over the remaining life of the lease, amortization of buildings, amortization of tenant improvements, amortization of in place lease values, amortization of differential between original and above market rents, amortization of customer relationship values, amortization of debenture liability accretion expense, losses on dispositions of assets, and amortization of any net discount on long-term debt assumed from vendors of properties at rates of interest less than fair value; and, deducting increase in rentals from income properties from step leases on a straight line basis over the remaining life of the lease, amortization of differential between original and below market rents, gains on dispositions of assets and amortization of any net premium on long-term debt assumed from vendors of properties at rates of interest greater than fair value.

FINANCIAL POSITION

Income Properties

Net book value of income properties increased to \$1,093,821 as at June 30, 2005, an increase of \$227,700 from the net book value of \$866,121 as at December 31, 2004. This increase is due to the acquisition of interests in the eight properties from FirstPro and Wal-Mart, the acquisition of the Anjou, Sarnia and Abbotsford properties, and properties acquired under development agreements offset by the reclassification of assets held for sale and amortization recorded during the period.

Included in income properties is land acquired during 2003 and subject to development agreements with the vendors of the property. These lands have a remaining potential future development of 337,782 square feet of retail space. The vendors pay to Calloway an opportunity fee equal to 9% per annum of the aggregate undeveloped lands value as reduced from time to time upon the completion and rental of additional space. As the negotiated opportunity fee earned by Calloway reflects Management's estimate of a fair market return for the use of a productive asset, the fee is recognized as revenue. Pursuant to the development agreements, the vendors assume responsibility for the cost of developing the land and are granted the right for a period of five years to earn additional proceeds from Calloway on the completion and rental of additional space on these lands. The purchase price for the additional developments will be calculated by formula using the net operating rents and predetermined capitalization rates. The vendors have the right, at their option, to receive up to 40% of the proceeds for any new developments in units at purchase prices of \$10.00 and \$10.50 per unit (not to exceed 199,475 units and approximately 1,800,000 units respectively). Calloway provides financing to the vendors for the development costs of the additional developments. Calloway has provided a second mortgage on a specific property in the amount of \$10,000 to the vendors as security for payment of the additional proceeds. The obligation of the vendors is secured by units of Calloway having a value in excess of the remaining undeveloped land value from time to time. The vendors are part of the FirstPro Group of Companies ("FirstPro") which is owned by a significant unitholder of Calloway and in which a trustee serves as an officer. Calloway will lend to FirstPro, at Calloway's cost of funds, monies required to complete the developments. It is projected that these lands will be fully developed in four years at an additional cost of \$43,266 to Calloway.

During the three months ended June 30, 2005, the vendors completed the development of 9,304 square feet of retail space resulting in an acquisition cost (net of land) of \$1,473. The vendors elected to receive 7,759 units at a purchase price of \$10.00 per unit and 48,741 units at a purchase price of \$10.50 per unit as partial consideration of the purchase price. During the period, Calloway provided financing totaling \$4,741 to the vendors for development costs and \$962 was repaid by the vendors.

During the six months ended June 30, 2005, the vendors completed the development of 50,622 square feet of retail space resulting in an acquisition cost (net of land) of \$6,248. The vendors elected to receive 47,476 units at a purchase price of \$10.00 per unit and 192,791 units at a purchase price of \$10.50 per unit as partial consideration of the purchase price. During the period, Calloway provided financing totaling \$8,466 to the vendors for development costs and \$4,172 was repaid by the vendors.

Properties Under Development

Included in the acquisition of properties from Wal-Mart-FirstPro Partnership, FirstPro and Wal-Mart Canada Realty Inc. was land under development. These lands will be developed by Calloway subject to development agreements with the vendors of the properties. Pursuant to the development agreements, the vendors assume responsibility for managing the leasing and development of the land and are granted the right for a period of five years to earn additional proceeds from Calloway on the completion and rental of additional space on these lands. The purchase price for the additional developments will be calculated by formula using the net operating rents and predetermined capitalization rates. FirstPro has the right, at their option, to receive up to 40% of the proceeds for any new developments in units at purchase prices of \$14.00, \$15.25, \$17.80 and \$19.60 per unit (approximately 1,860,000, 1,150,000, 345,000 and 225,000 units respectively). The vendors have provided acquisition financing at 0% and will provide development financing at a rate of bankers acceptance plus 200 basis points. Calloway has provided a first mortgage, assignment of rents and leases, and a general security agreement on seven properties acquired from the vendors as security for the acquisition and development loans. In the event that the vendors do not elect to take any portion of the proceeds for new developments in units, Calloway intends to raise such portion of the purchase price by the issuance of units pursuant to one or more private placements. It is projected that these lands will be fully developed in four years at an additional cost of \$119,516 to Calloway.

During the three and six months ended June 30, 2005, the vendors have completed the development of 28,308 square feet of retail space resulting in an acquisition cost of \$6,398 (including land of \$1,259). The vendors elected to receive 34,089 units at a purchase price of \$14.00 per unit and 136,523 units at a purchase price of \$15.25 per unit.

A summary of each acquisition is as follows:

Development agreement options at date of acquisition

Acquisition Date	Future Development		Option Units	
	\$	Square Feet	\$ / Unit	Number of units
October 2003	51,600	420,338	10.00	199,475
			10.50	1,800,000
February 2004	61,900	479,377	14.00	1,860,000
May 2004	49,370	374,938	15.25	1,150,000
November 2004	18,200	206,088	17.80	345,000
March 2005	16,000	177,682	19.60	225,000

Development agreement options at June 30, 2005

Acquisition Date	Remaining Future Development		Remaining Option Units	
	\$	Square Feet	\$ / Unit	Number of units
October 2003	43,266	337,782	10.00	12,688
			10.50	1,636,117
February 2004	45,867	433,128	14.00	1,639,214
May 2004	38,733	273,549	15.25	677,518
November 2004	18,923	209,529	17.80	345,000
March 2005	15,993	177,682	19.60	225,000

During the three and six months ended June 30, 2005, the vendors have provided development financing totaling \$5,566 and \$10,344, respectively. During the three and six months ended June 30, 2005 Calloway has repaid \$1,305 and \$2,706, respectively.

Mortgages and Loans Receivable

Mortgages and loans receivable increased to \$43,193 as at June 30, 2005 from \$39,942 as at December 31, 2004. The increase is due to loans provided to FirstPro for use in their acquisition and development of property in which Calloway has an option upon completion to acquire a 50% interest and for development loans provided to FirstPro for construction on lands under development owned by Calloway offset by repayments by FirstPro of certain of these loans.

Other Assets

Deferred financing costs increased to \$5,379 as at June 30, 2005 from \$4,782 as at December 31, 2004. This increase is due to the fees and other charges for the new debt financing for properties acquired in the first three months of 2005 offset by amortization recorded during the period.

Prepaid expenses and deposits increased to \$10,420 as at June 30, 2005 from \$2,389 as at December 31, 2004, an increase of \$8,031. This increase is mainly a result of increased prepaid realty taxes and prepaid acquisition charges and deposits for potential acquisitions offset by decreased prepaid insurance premiums.

Accounts receivable increased to \$9,299 as at June 30, 2005 from \$6,204, as at December 31, 2004, an increase of \$3,095. This increase is due mainly to increase in accrual of common area recoverables for operating costs and property taxes in excess of recoveries charged to tenants, rents receivable due to increase in properties, and accrual of rental revenue on straight line basis over the term of the lease.

Mortgages Payable

Mortgages payable increased to \$703,759 as at June 30, 2005 from \$547,589 as at December 31, 2004, an increase of \$156,170. This increase arose from new term mortgages totaling \$174,620, assumed mortgages totaling \$19,899, vendor take back mortgages of \$6,318 on properties acquired, advances on development loans of \$10,344, offset by repayment of development loans of \$4,011, term mortgages assumed by the purchasers of Holland Cross, Church, Lawson Crescent and Waverley of \$28,270 and principal repayments totaling \$5,730 and net repayments of floating rate debt totaling \$17,000.

The mortgages payable bear interest at the weighted average interest rate of 5.72% (December 31, 2004-5.82%) and mature between 2005 and 2023. The weighted average years to maturity, including the timing for payments of principal and debt maturing, is 9.10 years (9.84 years for term debt). Future principal payments as a percentage of mortgages and other debt payable are as follows:

Year	Payments of principal	Debt maturing during year	Total	% of Total	Weighted average interest rate (%)
2005	2,412	49,044	51,456	7.31	2.99
2006	12,307	8,037	20,344	2.89	4.28
2007	12,985	3,531	16,516	2.35	5.32
2008	13,659	3,832	17,491	2.49	6.08
2009	13,887	29,631	43,518	6.18	5.62
2010	14,179	15,209	29,388	4.18	5.98
2011	14,375	19,548	33,923	4.82	6.69
2012	14,465	5,748	20,213	2.87	6.40
2013	14,048	38,089	52,137	7.41	6.06
2014	13,081	80,522	93,603	13.30	5.95
2015	11,280	82,359	93,639	13.31	6.06
2016	10,481	31,061	41,542	5.90	6.05
2017	9,794	41,964	51,758	7.35	6.22
2018	7,442	32,668	40,110	5.70	5.61
2019	6,344	47,616	53,960	7.67	5.99
Thereafter	<u>9,440</u>	<u>34,721</u>	<u>44,161</u>	<u>6.27</u>	<u>5.73</u>
Total	<u>\$ 180,179</u>	<u>\$ 523,580</u>	<u>\$ 703,759</u>	<u>100.00</u>	<u>5.72</u>

Approximately \$27,091 or 3.85% of the mortgages payable balance as at June 30, 2005 is comprised of variable rate debt.

Calloway's Declaration of Trust limits Calloway's indebtedness to a maximum of 60% of the gross book value of Calloway or 65% if convertible debentures are issued. (Gross book value is defined as total assets plus accumulated amortization of income properties). Total mortgages payable (including capital lease obligations) as a percentage of gross book value was 54.9% as at June 30, 2005, as compared to 52.9% as at December 31, 2004 and 53.1% as at June 30, 2004. Total debt (mortgages payable, capital lease obligations and convertible debentures) as a percentage of gross book value was 57.5% as at June 30, 2005, as compared to 58.0% as at December 31, 2004 and 58.7% as at June 30, 2004.

Management anticipates Calloway will be able to renew its mortgage debt as it matures.

Capital Lease Obligations

An income property was acquired under the terms of a 35 year lease. A single payment of \$39,000 was made on October 31, 2003 and a payment of \$10,000 is due at the end of the lease to exercise a purchase option. The capital lease obligation, net of implicit interest costs at 9.18% of \$9,526 is \$474 at June 30, 2005.

Convertible Debentures

On May 14, 2004, Calloway issued \$55,000 of 6.00% convertible unsecured subordinated debentures due June 30, 2014. The debentures are convertible into trust units at \$17.00 per unit and are redeemable at the option of Calloway in cash or units on or after June 28, 2010. As at June 30, 2005 \$34,681 of face value of the debentures was outstanding. The debentures were divided into their liability and equity components, measured at their respective fair values at time of issue.

Lease Commitment

One of Calloway's assets held for sale is subject to a land lease requiring annual lease payments of \$205. The annual lease payment increases to \$220 in 2007. The lease expires November 2011, and Calloway has an option to extend for a further 10 years.

Accounts Payable and Accrued Liabilities

Accounts payable and accrued liabilities increased to \$36,878 as at June 30, 2005 from \$22,587 as at December 31, 2004 an increase of \$14,291. The increase is a result of the accrual for property taxes and operating costs, holdbacks for costs to complete on properties acquired, accrual for costs of potential acquisitions, additional prepaid rents made by tenants, additional distributions to unitholders, an increase in net GST payable, and an increase in interest payable arising from additional mortgages.

Unitholders' Equity

Unitholders equity increased to \$470,300 as at June 30, 2005 from \$391,506 as at December 31, 2004 an increase of \$78,794. This increase was due to the issuance of units for partial consideration on purchase of income properties, units issued under the provisions of development agreements, exercise of options and net income, offset by distributions to unitholders, and costs of the issuance of units.

It has been our intent to make monthly cash distributions to unitholders of approximately 90% of Calloway's Distributable Income. For the three months ended June 30, 2005, distributions amounting to 93.4% of distributable income were made or declared. For the six months ended June 30, 2005, distributions amounting to 91.8% of distributable income were made or declared.

LIQUIDITY AND CAPITAL RESOURCES

Calloway's principal sources of liquidity are its ability to generate cash from operations, arrange new loans, and offer units to the public. For the three months ended June 30, 2005, cash from operations totalled \$13,803, an increase of \$4,804 from the three months ended June 30, 2004. For the six months ended June 30, 2005, cash from operations totalled \$26,106, an increase of \$11,797 from the three months ended June 30, 2004.

During the three months ended June 30, 2005, term mortgages, development loans and revolving operating facilities increased by \$12,095. New term mortgages and mortgages provided by vendors were \$9,576, advances under development loans were \$5,566, net adjustment for imputed interest on non-interest bearing development loans was \$236, a term mortgage in the amount of \$11,979 was assumed by Calloway, term mortgages in the amount of \$5,264 was assumed by the purchaser of the Church, Lowson Crescent and Waverley buildings, development loans in the amount of \$2,706 were repaid and mortgage repayments were \$3,792. During the same period there was a net repayment in the revolving operating facility of \$3,500.

During the six months ended June 30, 2005, term mortgages, development loans and revolving operating facilities increased by \$156,170. New term mortgages and mortgages provided by vendors were \$180,616, advances under development loans were \$10,344, net adjustment for imputed interest on non-interest bearing development loans was \$321, term mortgages in the amount of \$19,958 were assumed by Calloway, term mortgages in the amount of \$28,271 were assumed by the purchasers of the Holland Cross, Century Park Place, Church, Lowson Crescent and Waverley buildings, development loans in the amount of \$4,011 were repaid and mortgage repayments were \$5,787. During the same period there was a net repayment in the revolving operating facility of \$17,000.

Unit issuances for the three months ended June 30, 2005, resulted in gross proceeds of \$22,598. Unit issuances for the six months ended June 30, 2005, resulted in gross proceeds of \$86,596.

During January 2005, Calloway completed the acquisition of the Anjou retail property in Montreal for a cost of \$9,398. The purchase price was paid in cash.

On February 11, 2005, Calloway completed the acquisition of a retail property in Sarnia for a cost of \$13,350. The purchase price was satisfied by assumption of existing mortgage of \$7,979 and by the payment of the balance in cash.

On March 10, 2005, Calloway completed the acquisition of 100% interests in three retail properties and 60% interests in five others for a cost of \$229,731. The purchase price was satisfied by issuing term mortgages on seven of the properties totaling \$155,210, by the vendors providing mortgages on one of the properties totaling \$5,997, by issuing 3,101,000 units at a price of \$19.35 per unit for gross proceeds of \$60,004 and by working capital.

On April 15, 2005, the REIT completed the sale of the Collingwood Plaza retail building for gross proceeds of \$1,275, resulting in a gain from sale of \$368.

On May 18, 2005, the REIT completed the sale of the Lowson Crescent, Church Avenue and Waverley industrial buildings for gross proceeds of \$9,300, resulting in a gain on sale of \$744. The purchaser assumed mortgages totalling \$5,264.

On May 20, 2005, the REIT completed the acquisition of a retail property in Abbotsford for a cost of \$16,500. The purchase price was satisfied by the assumption of an existing mortgage of \$11,979 and by the payment of the balance in cash.

We expect to be able to meet all of Calloway's ongoing obligations, and maintain cash distributions to unitholders, based on Calloway's cash flow from operations and its borrowing capacity. We expect to fund growth by using borrowing capacity and issuing units.

RELATED PARTY TRANSACTIONS

The following related party transactions are those that are not disclosed elsewhere in this document. Other related party transactions are disclosed in Notes 2, 4, 5, 6, 10, 13, 16, 19 and 20 of the unaudited consolidated financial statements for the three months ended June 30, 2005. As at June 30, 2005, FirstPro owned 6,219,125 units of the REIT (16.3% of the issued and outstanding units). FirstPro has options to acquire approximately 4,451,979 units pursuant to development agreements. At the current level of ownership FirstPro has the right to nominate two Trustees.

During the three months ended June 30, 2005, the REIT paid fees totaling \$600 (three months ended June 30, 2004 - \$455) to a legal firm in which a trustee is a partner. During the six months ended June 30, 2005, the REIT paid fees totaling \$966 (six months ended June 30, 2004 - \$884) to a legal firm in which a trustee is a partner.

During the three months ended June 30, 2005, the REIT paid fees totaling \$338 (three months ended June 30, 2004 - \$233) to a trustee for consulting services for public equity offerings. During the six months ended June 30, 2005, the REIT paid fees totaling \$428 (six months ended June 30, 2004 - \$421) to a trustee for consulting services for public equity offerings.

During the three months ended June 30, 2005, the REIT earned interest income totaling \$942 (three months ended June 30, 2004 - \$497) from FirstPro and another company in which trustees of the REIT are officers and directors. During the six months ended June 30, 2005, the REIT earned interest income totaling \$1,946 (six months ended June 30, 2004 - \$603) from FirstPro and another company in which trustees of the REIT are officers and directors.

During the three months ended June 30, 2005, under the terms of property management agreements, the REIT paid property management fees totaling \$759 (three months ended June 30, 2004 - \$441) to FirstPro and another company in which trustees of the REIT are officers and directors. During the six months ended June 30, 2005, under the terms of property management agreements, the REIT paid property management fees totaling \$1,541 (six months ended June 30, 2004 - \$657) to FirstPro and another company in which trustees of the REIT are officers and directors.

During the three months ended June 30, 2005, under the terms of development agreements, the REIT received opportunity fees, head lease rents and operating recoveries totaling \$448 (three months ended June 30, 2004 - \$734) from FirstPro, Wal-Mart Canada Realty Inc. and Wal-Mart FirstPro Partnership. During the three months ended June 30, 2005 fees totaling \$224 (three months ended June 30, 2004 - \$1,196) were paid to FirstPro under the development and other agreements. During the six months ended June 30, 2005, under the terms of development agreements, the REIT received opportunity fees, head lease rents and operating recoveries totaling \$967 (six months ended June 30, 2004 - \$1,352) from FirstPro, Wal-Mart Canada Realty Inc. and Wal-Mart FirstPro Partnership. During the six months ended June 30, 2005 fees totaling \$364 (six months ended June 30, 2004 - \$1,196) were paid to FirstPro under the development and other agreements.

As at June 30, 2005, amounts totaling \$174 included in accounts receivable were receivable from related parties and amounts totaling \$3,750 included in accounts payable were payable to related parties.

RISKS AND UNCERTAINTIES

Real Property Ownership

All real property investments are subject to elements of risk. General economic conditions, local real estate markets, supply and demand for leased premises, competition from other available premises and various other factors affect such investments.

The primary risk facing Calloway is the potential for declining revenue arising from increased vacancies or declining rental rates. Calloway has reduced this risk by diversifying its holdings geographically across Canada while focusing its acquisition strategy on high quality retail properties. These properties provide tenants with lower operating costs and tend to be less costly to lease than most other types of commercial real estate. Wal-Mart Canada Inc. comprises approximately 33.63% of the rental revenue as at June 30, 2005. As at June 30, 2005, 9.33% of leases renew prior to January 1, 2010.

Management of Calloway is subject to investment guidelines and operating criteria as set forth in the Declaration of Trust. This includes appropriate due diligence procedures for property acquisitions, the amount of leverage allowed, and review of operations by the Trustees.

Credit Risk

Credit risk arises from the possibility that tenants may experience financial difficulty and be unable to fulfill their lease commitments. Calloway mitigates this risk of credit loss by ensuring that its tenant mix is diversified, and by limiting its exposure to any one tenant except Wal-Mart Canada Inc. and government agencies.

With the exception of Wal-Mart, no one tenant group represents more than 4.38% of annual gross revenues. Calloway's nine largest tenant groups, excluding Wal-Mart, represent approximately 25.16% of annual gross revenues. Calloway's tenant mix, led by Wal-Mart, includes international and national retailers. The names noted below are the names of the parent or operating name and are not necessarily the covenant under the lease.

1. Wal-Mart	\$47,877	33.63%
2. Reitmans Group	\$ 6,242	4.38%
3. Winners	\$ 5,056	3.55%
4. Mark's Work Wearhouse	\$ 4,502	3.16%
5. Best Buy/Future Shop	\$ 4,165	2.93%
6. HBC / Zellers	\$ 4,035	2.83%
7. Staples/Business Depot	\$ 3,630	2.55%
8. Sobey's / IGA	\$ 3,465	2.43%
9. Cara Group	\$ 2,901	2.04%
10. Payless Shoesource	\$ 1,832	1.29%

During the three months ended June 30, 2005 no significant tenants filed for protection under Companies' Creditors Arrangement Act or the Bankruptcy and Insolvency Act, or vacated premises. The financial effect of tenants who have filed for protection under Companies' Creditors Arrangement Act or the Bankruptcy and Insolvency Act, or vacated premises for the six months ended June 30, 2005 is discussed above in the Allowance for Doubtful Accounts section.

Further risks arise in the event that borrowers default on the repayment of their mortgages to Calloway. Such risk is mitigated through due diligence, the evaluation of the worth of underlying real estate security and, where possible, obtaining a secondary source of security.

Lease Roll-Over Risk

Lease roll-over risk arises from the possibility that Calloway may experience difficulty renewing leases as they expire or in releasing space vacated by tenants upon lease expiry. With the acquisition of relatively new retail properties, with a significant portion of leases being ten years and greater in term, we have a relatively low amount of space expiring in any one year for the next 7 years.

	<u>Area (sf)</u>	<u>% Area</u>
2005	74,393	0.85%
2006	91,152	1.04%
2007	284,086	3.23%
2008	165,918	1.89%
2009	205,775	2.34%
2010	401,929	4.57%
2011	377,381	4.29%
Thereafter	7,053,273	80.18%
Vacancy as at June 30, 2005	<u>143,375</u>	<u>1.63%</u>
Total	<u>8,797,282</u>	<u>100.00%</u>

Debt Financing and Interest Rate Risk

Calloway is exposed to interest rate risk in regard to its debt. It minimizes this risk by restricting total indebtedness to 60% of gross book value (65% including convertible debentures). Calloway attempts to stagger maturity dates of term debt including matching maturity dates to Wal-Mart renewal dates. In addition, because of the current historically low interest rate environment, we have financed a significant component of our 2004 and 2005 acquisitions with debt having terms in excess of ten years. As at June 30, 2005, over 74% of total debt matures in greater than five years.

Calloway has arranged floating rate operating facilities limited to \$80,000. In addition, Calloway has floating rate development loans with banks and vendors of properties. At June 30, 2005, \$27,091 was drawn under these facilities and loans. There is a risk that the lenders will not refinance the facilities and loans on terms and conditions acceptable to Calloway, refinance the loans with term debt, or on terms at all. For every 1% increase in the applicable floating rate, interest expense would increase and net income would decrease by \$271 and net income per unit and distributable income per unit on an annual basis would decrease by \$0.007 and \$0.007 respectively.

Unitholder Liability

There is a risk, which is considered to be remote in the circumstances, that unitholders could be held personally liable for obligations of Calloway to the extent that these claims are not satisfied by Calloway. We have taken steps to mitigate this risk, including obtaining appropriate operational and asset insurance and, where feasible, attempting to have every material written contract or commitment of Calloway contain an express disavowal of liability against the unitholders, trustees and employees of Calloway. In addition, legislation has been enacted in Alberta and Ontario which limits the personal liability of unitholders in trusts for the trusts liabilities.

Environmental Risk

Calloway is subject to Canadian laws relating to the environment. Most of these laws deal primarily with the removal and remediation of hazardous substances. Environmental risk is relevant to Calloway's ability to sell or finance affected properties and could potentially result in liabilities for the costs of removal and remediation of hazardous substances or claims against Calloway. We are not aware of any material non-compliance with environmental laws or regulations with regard to Calloway's properties, or of any pending or threatened actions, investigations or claims against Calloway relating to environmental matters. In accordance with the Declaration of Trust, Calloway must conduct an environmental review through third party consultants prior to acquiring properties.

Land Leases

To the extent the properties in which Calloway has an interest are located on leased land, the land leases may be subject to periodic rate resets which may fluctuate and may result in significant rental rate adjustments.

Tax Related Risk Factors

There can be no assurance that Canadian federal income tax laws respecting the treatment of mutual fund trusts will not be changed in a manner which results in Calloway being taxed on a basis other than undistributed taxable income.

Potential Conflicts of Interest

Calloway may be subject to various conflicts of interest because of the fact that FirstPro (a significant unitholder), the Trustees, executive management, and their associates, are engaged in a wide range of real estate and other business activities. Calloway may become involved in transactions which conflict with the interests of the foregoing. Existing Non-Competition Agreements address those conflicts of interest with executive management.

The Trustees, executive management and their associates or affiliates may from time to time deal with persons, firms, institutions or corporations with which Calloway may be dealing, or which may be seeking investments similar to those desired by Calloway. The interests of these persons could conflict with those of Calloway. In addition, from time to time, these persons may be competing with Calloway for available investment opportunities. David Calnan, an officer and Trustee of Calloway, is a partner of Shea Nerland Calnan, a law firm that provides legal services to Calloway. Simon Nyilassy, a Trustee of Calloway, was an officer of FirstPro until July 8, 2005 at which time he became President and Chief Executive Officer of Calloway. FirstPro is a group of companies from which Calloway has purchased income properties, entered into development agreements with, and provided loans to. FirstPro also provides property management services to Calloway. Kevin Pshebniski, a Trustee of Calloway, is an officer and director of Hopewell Development Corporation, to which Calloway has provided loans and which provides property management services to Calloway. Michael Young, a Trustee of Calloway, provides equity raising services to Calloway.

The Declaration of Trust contains "conflicts of interest" provisions requiring Trustees to disclose material interests in material contracts and transactions, and refrain from voting.

Capital Requirements

Calloway accesses the capital markets from time to time through the issuance of debt, equity or equity-related securities. If Calloway were to be unable to raise additional funds on favourable terms or for other reasons, certain of its acquisition or development activities may be curtailed and in certain cases Calloway may be unable to fulfill commitments under various agreements.

Reliance on Key Personnel

Management of Calloway depends on the services of certain key personnel. The loss of the services of key personnel could have an adverse effect on Calloway. Calloway does not have key man insurance on any of its key employees.

We have determined that there is no change in our assessment of the risks and uncertainties as detailed in our management discussion and analysis for the year ended December 31, 2004.

CRITICAL ACCOUNTING ESTIMATES

Calloway's significant accounting policies are disclosed in Note 3 to the unaudited consolidated financial statements for the quarter ended June 30, 2005 and in Note 3 to the audited consolidated financial statements for the year ended December 31, 2004. An estimate is considered critical if it requires management to make assumptions about matters that are highly uncertain at the time the accounting estimate is made and different estimates that management could have used in the current period, or changes in the accounting estimate that are reasonably likely to occur from period to period, would have a material impact on Calloway's condition, changes in financial position or results of operations. We have determined that there is no change in our disclosure of critical accounting estimates as detailed in our management discussion and analysis for the year ended December 31, 2004.

NEW ACCOUNTING POLICIES ADOPTED IN 2005

The Canadian Institute of Chartered Accountants ("CICA") has not issued any accounting pronouncements that impacted the accounting policies of Calloway for the six months ended June 30, 2005.

FUTURE CHANGES IN ACCOUNTING POLICIES

The accounting pronouncements of the CICA have been reviewed and none have been identified as requiring a change to the accounting policies of Calloway at this time. Calloway is in the process of assessing the impact on the financial statements in the future resulting from the CICA pronouncements regarding Comprehensive Income, Financial Instruments-Recognition and Measurement, and Hedges.

SUBSEQUENT EVENTS

On July 8, 2005, 2005, the REIT completed the acquisition of substantially all of the freehold and leasehold interests in 45 properties from FirstPro, Wal-Mart Canada Realty Inc. and other vendors. These interests include the co-ownership interests owned by FirstPro in seven properties where the REIT owns the other co-ownership interests and a 50% interest in a property subject to an option which the REIT exercised. The purchase price of the properties was approximately \$1,165,271 (including costs of acquisition) which will be allocated to the tangible and intangible components of the income properties and to the properties under development acquired. Approximately \$189,292 of the purchase price relates to three properties in which the REIT will acquire leasehold interests. The properties comprise approximately 5,458,375 net square feet of leased area of which approximately 2,141,771 net square feet is leased to Wal-Mart, and include adjacent lands with the potential for future development of approximately 2,721,594 net square feet. The purchase price was satisfied as follows: by assumption of existing mortgages of \$342,863, by obtaining first mortgage and unsecured bridge financing of approximately \$296,250; by way of vendor take back mortgages of approximately \$33,091; by way of vendors providing mark to market adjustments on mortgages assumed of \$22,386; by FirstPro and other vendors subscribing to 12,594,458 exchangeable Class B units at a price of \$19.85 per unit of a limited partnership formed by the REIT and by payment of the balance in cash. The REIT funded the majority of the cash component of the purchase price by issuing 11,336,000 units at a price of \$19.85 per unit. The agreements included issuing special voting units to FirstPro and other vendors, an increase in FirstPro's ability to nominate trustees, the REIT acquiring a portion of FirstPro's development and leasing operations, entering into long term development agreements and amending existing property management agreements with FirstPro, the REIT's head office being relocated to Toronto and appointment of new senior management. The REIT estimates that approximately \$2,000 in expenses related to the relocation of the head office and turnover in senior management including bonuses will be incurred. The expenses will be recognized as incurred.

FORM 52-109FT2
CERTIFICATION OF INTERIM FILINGS DURING TRANSITION PERIOD

I, *Simon Nyilassy, the President and Chief Executive Officer of Calloway Real Estate Investment Trust (the "Issuer")*, certify that:

1. I have reviewed the interim filings (as this term is defined in Multilateral Instrument 52-109 *Certification of Disclosure in Issuers' Annual and Interim Filings*) of the Issuer for the interim period ending June 30, 2005;
2. Based on my knowledge, the interim filings do not contain any untrue statement of a material fact or omit to state a material fact required to be stated or that is necessary to make a statement not misleading in light of the circumstances under which it was made, with respect to the period covered by the interim filings; and
3. Based on my knowledge, the interim financial statements together with the other financial information included in the interim filings fairly present in all material respects the financial condition, results of operations and cash flows of the Issuer, as of the date and for the periods presented in the interim filings.

Date: August 10, 2005.

Simon Nyilassy
President and Chief Executive Officer
Calloway Real Estate Investment Trust

Calloway Real Estate Investment Trust

Notes to the Consolidated Financial Statements

Nine Months Ended September 30, 2005

(Unaudited)

(All amounts in thousands of dollars, except per unit and unit amounts)

1. Organization

Calloway Real Estate Investment Trust (the "REIT") is an unincorporated open-end mutual fund trust governed by the laws of the Province of Alberta created under a declaration of trust, dated December 4, 2001 subsequently amended and restated on October 24, 2002, October 31, 2003, January 16, 2004 and July 7, 2005.

On July 7, 2005, unitholders passed a special resolution approving amendments to the declaration of trust which have the effect of converting the REIT from a closed-end to an open-end mutual fund trust and implementing additional amendments to the declaration of trust.

2. Acquisitions and Disposals

During January 2005, the REIT completed the sale of the Holland Cross and Century Park Place office buildings for gross proceeds of \$69,250, resulting in a gain from sale of \$12,226. The purchaser of Holland Cross assumed a mortgage of \$23,007 and the mortgage on Century Park Place was transferred to another property.

During January 2005, the REIT completed the acquisition of a retail property in Montreal for a cost of \$9,398. The purchase price was paid in cash.

On February 11, 2005, the REIT completed the acquisition of a retail property in Sarnia for a cost of \$13,350. The purchase price was satisfied by the assumption of an existing mortgage of \$7,979 and by the payment of the balance in cash.

On March 10, 2005, the REIT completed the acquisition of 100% interests in three retail properties and a 60% undivided interests in each of five other retail properties from the co-owners, FirstPro Group of Companies ("FirstPro") and Wal-Mart Canada Realty Inc. The purchase price of the properties was \$229,731 including costs of acquisition. Wal-Mart Canada Inc. operates stores in all eight centres. The purchase price was satisfied as follows: by new debt financing on seven of the properties totaling \$155,210, by the vendors providing a non-interest bearing mortgage on one of the properties totaling \$5,997, assumption of accounts payable and by the payment of the balance in cash.

On April 15, 2005, the REIT completed the sale of the Collingwood Plaza retail building for gross proceeds of \$1,275, resulting in a gain from sale of \$368.

On May 18, 2005, the REIT completed the sale of the Lawson Crescent, Church Avenue and Waverley industrial buildings for gross proceeds of \$9,300, resulting in a gain on sale of \$744. The purchaser assumed mortgages totaling \$5,269.

On May 20, 2005, the REIT completed the acquisition of a retail property in Abbotsford for a cost of \$16,500. The purchase price was satisfied by the assumption of an existing mortgage of \$11,979 and by the payment of the balance in cash.

Calloway Real Estate Investment Trust

Notes to the Consolidated Financial Statements

Nine Months Ended September 30, 2005

(Unaudited)

(All amounts in thousands of dollars, except per unit and unit amounts)

On July 8, 2005, the REIT completed the acquisition of substantially all of the freehold and leasehold interests in 45 properties from FirstPro, Wal-Mart Canada Realty Inc. and other vendors. These interests include the co-ownership interests owned by FirstPro in seven properties where the REIT owns the other co-ownership interests effectively giving the REIT a 100% ownership interest in these properties. The purchase price of the properties was approximately \$1,175,946 (including costs of acquisition) which was allocated to the tangible and intangible components of the income properties and to the properties under development acquired. Approximately \$189,292 of the purchase price relates to three properties in which the REIT acquired leasehold interests. The 45 properties comprise approximately 5,458,375 net square feet of leased area of which approximately 2,141,771 net square feet is leased to Wal-Mart, and include lands with the potential for future development of approximately 2,721,594 net square feet. The purchase price was satisfied as follows: by assumption of existing mortgages of \$342,863; by obtaining first mortgage and unsecured bridge financing of approximately \$329,250; by the vendors providing non-interest bearing mortgages of approximately \$33,091; by way of vendors providing a credit with respect to a marked-to-market adjustment on mortgages assumed of \$22,386; by FirstPro and other vendors subscribing to 12,594,458 exchangeable Class B units at a price of \$19.85 per unit of a limited partnership formed by the REIT, by issuance of development agreement options and Class C units, and by payment of the balance in cash. The agreements included: issuing special voting units and development options of the REIT, and Class C units of the limited partnership, to FirstPro and other vendors; an increase in FirstPro's ability to nominate trustees; entering into long term development agreements and property management agreements on the properties acquired with FirstPro; the REIT's head office being relocated to Toronto and appointment of new senior management. The Class B units were valued at a price of \$19.85 which was approximately the fair market value of trust units on the date the substantive terms of the acquisition were agreed and announced. Development agreement options and the Class C units were valued at their estimated fair market value of \$10,675 based on a Black-Scholes calculation using the following assumptions: average volatility of 17.8% on the underlying units; an exercise price of \$20.10 per unit; a risk free interest rate of 1.605%; a weighted average expected life of two years; and an expected distribution rate of 6.76%. As at September 30, 2005, the acquisition of three properties under development (included in the discussion above) has not been completed and 376,960 Class B units and \$1,988 in cash is held in escrow which will be released to the vendors on completion of acquisition of the properties by the REIT. In addition, the REIT is obligated to provide an additional \$10,444 in cash to complete the acquisition of one of these properties. If the properties are acquired, they will be recorded at the date of acquisition at which time the purchase price will be allocated to the fair value of the net assets acquired.

3. Significant Accounting Policies

These unaudited interim consolidated financial statements of the REIT have been prepared in accordance with Canadian generally accepted accounting principles and are consistent with the accounting policies and method of their application used in the preparation of the audited consolidated financial statements as at and for the year ended December 31, 2004. The interim consolidated financial statements contain disclosures which are supplemental to the REIT's annual financial statements. They do not include all the information and disclosure required by Canadian generally accepted accounting principles applicable for annual financial statements and, therefore, they should be read in conjunction with the annual audited consolidated financial statements. Certain comparative figures have been reclassified to conform to the current period's financial statement presentation.

Exchangeable Securities

The REIT has adopted the recommendations of the Emerging Issues Committee of the Canadian Institute of Chartered Accountants who issued an Abstract of Issues Discussed (EIC-151) "Exchangeable Securities Issued by Subsidiaries of Income Trusts" which provides guidance on the presentation of exchangeable securities issued by a subsidiary of an income trust. In order to be presented as equity, the exchangeable securities must have distributions that are economically equivalent to distributions on units issued directly by the income trust and the exchangeable securities must also ultimately be exchanged for units of the income trust.

Amortization of prepaid land rent is included in property operating costs on the consolidated income statement.

Included in income properties are four income properties subject to capital leases. They have a cost of \$232,220 (December 31, 2004 - \$40,807) and a net book value of \$227,830 (December 31, 2004 - \$40,048).

Included in income properties is land with a net book value of \$10,148 acquired during 2003 and subject to development agreements with FirstPro, the vendors of the property. FirstPro pays the REIT an opportunity fee equal to 9% per annum of the aggregate undeveloped lands value as reduced from time to time upon the completion and rental of additional space. As the negotiated opportunity fee earned by the REIT reflects Management's estimate of a fair market return for the use of a productive asset, the fee is recognized as revenue. Pursuant to the development agreements, FirstPro assumes responsibility for the cost of developing the land and is granted the right for a period of five years (extendable to ten years under certain circumstances) to earn additional proceeds from the REIT on the completion and rental of additional space on these lands. The vendors have an obligation to repurchase any land remaining undeveloped at the end of the development period. The REIT is obligated to purchase the additional developments at a price calculated by formula using the net operating rents and predetermined negotiated capitalization rates (9.5% to 10%), on the date rent becomes payable on the additional space. FirstPro has the right, at its option, to receive up to 40% of the proceeds for any new developments in units at purchase prices of \$10.00 and \$10.50 per unit (not to exceed 199,475 units and approximately 1,800,000 units, respectively). The REIT provides financing to FirstPro for the development costs of the additional developments. The REIT has provided a second mortgage on a specific property in the amount of \$10,000 to FirstPro as security for payment of the additional proceeds. During the nine months ended September 30, 2005, FirstPro completed the development of 72,795 square feet of retail space resulting in a purchase price of \$9,938 to the REIT. FirstPro elected to receive 47,476 units at a purchase price of \$10.00 per unit and 333,353 units at a purchase price of \$10.50 per unit as partial consideration for the purchase price.

During the nine months ended September 30, 2005, the REIT provided financing totaling \$11,915 to FirstPro for development costs and \$7,371 was repaid by FirstPro.

During the nine months ended September 30, 2005, \$3,939 of amortization expense was related to the write off of the unamortized balance of tenant improvements and intangibles for vacated tenant space.

Calloway Real Estate Investment Trust

(All amounts in thousands of dollars, except per unit and unit amounts)

5. Properties Under Development

Properties under development with a book value of \$70,777 are subject to development agreements with Wal-Mart FirstPro Partnership, FirstPro and Wal-Mart Canada Realty Inc., the vendors of the properties. Pursuant to the development agreements, the vendors assume responsibility for managing the development of the land and are granted the right for a period of five years to earn additional proceeds from the REIT on the completion and rental of additional space on these lands. The purchase price for the additional developments will be calculated by formula using the net operating rents and predetermined negotiated capitalization rates (7.250% to 9.125%). FirstPro has the right, at its option, to receive up to 40% of the gross proceeds for any new developments in trust units at purchase prices of \$14.00, \$15.25, \$17.80, \$19.60 and \$20.10 per unit (approximately 1,860,000, 1,150,000, 345,000, 225,000 and 2,500,000 trust units respectively). The development option prices were at market on the date the substantive terms of their issue were agreed upon and announced. The vendors have provided non-interest bearing loans for the initial acquisition costs and will provide financing to the REIT for the development costs of the additional developments. The REIT has provided a first mortgage, assignment of rents and leases, and a general security agreement on seven properties acquired from the vendors as security for the loans. During the nine months ended September 30, 2005, Wal-Mart FirstPro Partnership completed the development of 61,156 square feet of retail space resulting in a purchase price of \$9,982 to the REIT. FirstPro elected to receive 65,089 trust units at a purchase price of \$14.00 per unit, 215,470 trust units at a purchase price of \$15.25 per unit and 56,764 trust units at a purchase price of \$17.80 per unit as partial consideration for the purchase. During the nine months ended September 30, 2005, the vendors provided development financing totaling \$21,479, and Calloway repaid \$6,065.

Properties under development with a book value of \$111,414 are subject to an exchange, option and support agreement ("Exchange Agreement") with FirstPro and other vendors of the properties. Pursuant to the agreement, the vendors assume responsibility for managing the development of specific properties under development and are granted the right for a period of five years to earn additional proceeds from the REIT on the completion and rental of additional space on these lands. The purchase price for the additional developments will be calculated by formula using the net operating rents and predetermined negotiated capitalization rates (7.250% to 8.875%). FirstPro and the other vendors have the right, at their option, to receive up to 40% of the gross proceeds for any new developments managed by them pursuant to the Exchange Agreement in Class B units at a purchase price of \$20.10 per unit by exchanging a similar amount of Class C units (approximately 3,250,000 Class C units). Pursuant to the Exchange Agreement, FirstPro and the other vendors are also entitled, on the completion and rental of additional space on the remaining properties under development subject to the Exchange Agreement, to exchange Class C units together with a cash payment of \$20.10 per unit for Class B units (approximately 5,250,000 Class C units). During the nine months ended September 30, 2005, FirstPro and another vendor completed the development of 55,683 square feet of retail space resulting in a purchase price of \$7,843 to the REIT. FirstPro and the other vendor elected to receive, as partial consideration for the purchase, 155,549 Class B units at a purchase price of \$20.10 per unit by exchanging 155,549 Class C units.

(All amounts in thousands of dollars, except per unit and unit amounts)

6. Mortgages and Loans Receivable

Mortgages receivable totaling \$1,600 (December 31, 2004 - \$1,600) are secured by second charges on two properties under development, bear interest at 12% per annum and are repayable in their entirety upon the earliest of the REIT purchasing the properties, the properties being sold to a third party and the day which is two years following the date of substantial completion of the properties. The mortgages receivable are provided to a company in which a trustee of the REIT is an officer and director. The REIT has an option to purchase the properties at a negotiated price, or failing agreement, at a price equal to 95% of the appraised value of the properties.

Loans receivable totaling \$11,825 (December 31, 2004 - \$7,281) have been provided pursuant to development agreements with FirstPro that are described in Note 4. The loans bear interest at the prime rate of a Canadian chartered bank plus rates ranging from 0.75% to 1.25%. The loans are repayable at the completion and rental of the properties under development. FirstPro has not provided any security in regards to the loans; however, proceeds of the loans are used to fund improvements to properties owned by the REIT.

Mortgages receivable totaling \$28,396 (December 31, 2004 - \$21,495) have been provided pursuant to agreements with FirstPro in which the REIT will lend up to \$61,931 (including letters of credit facilities totaling \$1,200) for use in acquiring and developing seven properties in Ontario, Quebec and Newfoundland. These loans bear interest at a weighted average interest rate of 8.50% with interest only payable monthly. The loans are secured by first or second charges on property, assignments of rents and leases, and general security agreements. In addition, other FirstPro affiliated companies have provided indemnities and guarantees. The loans are due at various dates in 2009 and 2010 (five years from initial advance). The REIT has an option to acquire a 50% interest in the properties upon substantial completion at an agreed upon formula. During the nine months ended September 30, 2005, one property was completed and the REIT exercised its option to acquire a 50% interest. The acquisition was completed on July 8, 2005 at a cost of \$6,190. To September 30, 2005, a cumulative amount of \$43,749 has been funded offset by repayments of \$15,353.

7. Deferred Leasing Costs

	September 30, 2005			December 31, 2004		
	Cost	Accumulated Amortization	Net Book Value	Cost	Accumulated Amortization	Net Book Value
Tenant Inducements	\$ 347	\$ 99	\$ 248	\$ 381	\$ 112	\$ 269
Leasing expenses	271	39	232	195	66	129
	<u>\$ 618</u>	<u>\$ 138</u>	<u>\$ 480</u>	<u>\$ 576</u>	<u>\$ 178</u>	<u>\$ 398</u>

Calloway Real Estate Investment Trust

Notes to the Consolidated Financial Statements

(Unaudited)

(All amounts in thousands of dollars, except per unit and unit amounts)

8. Deferred Financing Costs

Deferred financing costs are net of accumulated amortization of \$938 (December 31, 2004 - \$544). For the three months and nine months ended September 30, 2005, \$1,028 and \$1,084, respectively, of unamortized deferred financing costs relating to the convertible debentures that have been converted, have been charged to equity issuance costs.

9. Mortgages Payable

	September 30, 2005	December 31, 2004
Term mortgages	\$ 1,137,179	\$ 485,190
Development loans	101,264	45,399
Revolving operating facilities	-	17,000
	1,238,443	547,589
Less: Mortgages payable – assets held for sale	6,647	23,068
	<u>\$ 1,231,796</u>	<u>\$ 524,521</u>

Term mortgages bear fixed interest rates ranging from 4.698% to 8.97% (December 31, 2004 – 4.698% to 7.78%), are repayable in blended monthly installments aggregating \$7,240 in September 2005 (\$3,165 in December 2004), are secured by first registered mortgages over specific income properties and properties under development, and first general assignments of leases, insurance and general security agreements, and are due June 2006 through July 2025. Term mortgages include \$21,353 (December 31, 2004 - \$nil) marked-to-market adjustment to reflect the fair value of mortgages at the time the related property was acquired. The marked-to-market adjustments are amortized to interest expense over the term to maturity of the related debt.

Development loans totaling \$21,843 (December 31, 2004 - \$15,711) bear variable interest rates ranging from the prime rates of various Canadian chartered banks plus 0.50% to 1.50% (December 31, 2004 – 0.50% to 1.25%) and a fixed rate of 10%, are secured by first and second registered mortgages over specific income properties, and first general assignments of leases and insurance, and are due December 2005 through July 2006. Non-interest bearing development loans, which are carried at the amount of \$58,960 (December 31, 2004 - \$24,641) using imputed interest rates ranging from 4.03% to 4.59%, and development loans totaling \$20,461 (December 31, 2004 - \$5,047) bearing interest at bankers acceptance plus 2%, as further described in Note 5, are secured by first mortgages over specific income properties and properties under development, and first general assignments of leases, and are due the earlier of various dates in 2009 and 2010 or date of earn out. Earn out is the date building construction is completed and the tenant is in occupancy and paying rent.

As at September 30, 2005, the revolving operating facilities bear variable interest rates ranging from the prime rates of various Canadian chartered banks plus 0% to 0.375% (December 31, 2004 – 0.375% to

Calloway Real Estate Investment Trust

(Unaudited)

(All amounts in thousands of dollars, except per unit and unit amounts)

0.5%), are secured by first charges over specific income properties and first general assignments of leases and insurance, and are subject to review by July 15, 2006 and September 30, 2006. These facilities are authorized to a maximum of \$80,000.

As at September 30, 2005, \$nil (December 31, 2004 - \$15,000) of the variable rate debt is subject to interest rate swap agreements.

Income properties and properties under development with a net book value of approximately \$2,111,321 have been pledged as security under the various debt agreements. The weighted average interest rate of the debt (excluding marked-to-market adjustment) is 5.76% as at September 30, 2005 (5.82% at December 31, 2004).

During the three months ended September 30, 2005, interest totaling \$1,191 (2004 - \$55) has been capitalized to properties under development. During the nine months ended September 30, 2005, interest totaling \$1,383 (2004 - \$57) has been capitalized to properties under development.

Approximate principal repayments required to maturity are as follows:

2005 (remainder of year)	\$63,780
2006	78,834
2007	27,073
2008	28,941
2009	61,587
2010	50,916
Thereafter	905,959
Marked-to-Market adjustment	<u>21,353</u>
	<u>\$1,238,443</u>

10. Capital Lease Obligations

An income property was acquired under the terms of a 35 year lease with FirstPro. A single payment of \$39,000 was made on October 31, 2003 and a payment of \$10,000 is due at the end of the lease to exercise a purchase option. The capital lease obligation, net of implicit interest costs at 9.18% of \$9,515 (\$9,547 at December 31, 2004) is \$485 at September 30, 2005 (\$453 at December 31, 2004).

On July 8, 2005, three income properties were acquired under the terms of 35 year leases with FirstPro. FirstPro will have the right to terminate the leases after ten years on payment to the REIT of the market value of a 35 year leasehold interest in the properties at that time and will have the right to terminate the leases at any time in the event any third party acquires 20% of the aggregate of the trust units and special voting units by payment to the REIT of the unamortized balance of any prepaid rent paid by the REIT to FirstPro. There are no purchase options at the end of the lease term. The REIT prepaid its entire lease obligations of \$188,647 under the lease agreements on July 8, 2005.

Calloway Real Estate Investment Trust

Notes to the Consolidated Financial Statements

Nine Months Ended September 30, 2005

11. Debentures

	September 30, 2005	December 31, 2004
Series A unsecured debentures	\$ 200,000	\$ -
Convertible debentures	<u>25,221</u>	<u>52,483</u>
	<u>\$ 225,221</u>	<u>\$ 52,483</u>

On September 22, 2005, the REIT issued \$200,000 of 4.51% Series A unsecured debentures due September 22, 2010. At September 30, 2005, the Series A unsecured debentures are rated "BBB" with a stable trend by Dominion Bond Rating Services. The net proceeds of approximately \$198,286 were used to repay the unsecured bridge financing (Note 2) obtained for the July 8, 2005 acquisition, operating lines of credit and other debt facilities, and for general trust purposes.

On May 14, 2004, the REIT issued \$55,000 of 6.00% convertible unsecured subordinated debentures (the "Convertible Debentures") due June 30, 2014. The Convertible Debentures are convertible at the holder's option at any time into trust units at \$17.00 per unit and are redeemable at the option of the REIT in cash or units on or after June 28, 2010. The Convertible Debentures were divided into their liability and equity components, measured at their respective fair values at time of issue. As at September 30, 2005, \$26,017 of face value of the Convertible Debentures was outstanding (December 31, 2004 - \$54,550). The Convertible Debentures have not been included in the calculation of diluted net income per unit as the result would have been anti-dilutive.

12. Equity

Trust Units Authorized

The REIT is authorized to issue an unlimited number of voting trust units, each of which represents an equal undivided interest in the trust. All trust units outstanding from time to time shall be entitled to participate pro rata in any distributions by the REIT and, in the event of termination or winding-up of the REIT, in the net assets of the REIT. All trust units shall rank among themselves equally and rateably without discrimination, preference or priority. Unitholders are entitled to require the REIT to redeem all or any part of their trust units at prices determined and payable in accordance with the conditions provided for in the declaration of trust, as amended.

The REIT is authorized to issue an unlimited number of special voting units that will be used to provide voting rights to holders of exchangeable securities. Special voting units are not entitled to any interest or share in the distributions or net assets of the REIT. Each special voting unit entitles the holder to the number of votes at any meeting of unitholders of the REIT, which is equal to the number of trust units into which the exchangeable security is exchangeable or convertible. Special voting units shall be cancelled on the issuance of trust units on exercise, conversion or cancellation of the exchangeable securities.

On March 10, 2005, the REIT raised cash to fund the majority of the cash component of the purchase price and costs of acquisition of 100% interests in three retail properties and 60% undivided interests in five other retail properties (Note 2), by issuing 3,101,000 trust units of the REIT on conversion of its previously issued 3,101,000 subscription receipts. The subscription receipts were issued at a price of \$19.35 per unit for gross proceeds of \$60,004 (net proceeds of \$58,210).

On July 8, 2005, the REIT raised cash to fund the majority of the cash component of the purchase price and costs of acquisition of freehold and leasehold interests in 45 properties (Note 2), by issuing 11,336,000 trust units of the REIT on conversion of its previously issued 11,336,000 subscription receipts. The subscription receipts were issued at a price of \$19.85 per unit for gross proceeds of \$225,020 (net proceeds of \$218,457).

During the three months ended September 30, 2005, holders of debentures with a face value of \$8,664 exercised their conversion privileges resulting in the issuance of 509,636 trust units. During the nine months ended September 30, 2005, holders of debentures with a face value of \$28,533 exercised their conversion privileges resulting in the issuance of 1,678,397 trust units.

During the three months ended September 30, 2005, the REIT issued 140,562 trust units at \$10.50 per unit, 31,000 trust units at \$14.00 per unit, 78,947 trust units at \$15.25 per unit, and 56,764 trust units at \$17.80 per unit all to FirstPro for properties acquired pursuant to development agreements for gross proceeds of \$4,124. During the nine months ended September 30, 2005, the REIT issued 47,476 trust units at \$10.00 per unit, 333,353 trust units at \$10.50 per unit, 65,089 trust units at \$14.00 per unit, 215,470 trust units at \$15.25 per unit and 56,764 trust units at \$17.80 per unit to FirstPro for properties acquired pursuant to development agreements for gross proceeds of \$9,183.

During the three months ended September 30, 2005, 203,400 options with an exercise price of \$10 per unit were exercised resulting in the issuance of 203,400 trust units for gross proceeds of \$2,034. During the nine months ended September 30, 2005, 318,400 options with an exercise price of \$10 per unit were exercised resulting in the issuance of 318,400 trust units for gross proceeds of \$3,184.

Calloway Real Estate Investment Trust

Notes to the Consolidated Financial Statements

Nine Months Ended September 30, 2005

(Unaudited)

(All amounts in thousands of dollars, except per unit and unit amounts)

During the three months ended September 30, 2005, the REIT issued 47,100 trust units pursuant to the Distribution Reinvestment Plan for gross proceeds of \$1,065. During the nine months ended September 30, 2005, the REIT issued 74,934 trust units pursuant to the Distribution Reinvestment Plan for gross proceeds of \$1,580.

Special Voting Units Issued and Outstanding

During the three months ended September 30, 2005, the REIT issued 12,750,007 special voting units to vendors of properties acquired. There is no value assigned to the special voting units.

Deferred Unit Plan

The trustees and officers are eligible to participate in a compensation plan under which deferred units are granted by the Compensation Committee for trustee fees and executive bonuses. Trustees and officers that participate in the plan must elect to contribute between 60% and 100% of their fees or bonuses to the plan. The REIT will match the amount participants elect to contribute to the plan. The number of deferred units granted to each participant is determined by dividing two times their elected amount by the volume weighted average price of the REIT's units traded on the TSX for the ten days immediately prior to the date of grant. Deferred units will vest to the participant as follows: 50% on the third anniversary of the grant; 25% on each of the fourth and fifth anniversaries of the grant, subject to provisions for earlier vesting under change of control, retirement, death or termination. A deferred unit granted through the plan entitles the holder, at the holder's option, to receive on or after the vesting date the equivalent number of trust units. In addition, the deferred units will earn additional deferred units ("Additional Deferred Units") for the cash distributions that would have been paid on the deferred unit if it had been issued as a trust unit on the date of grant assuming the reinvestment of the distribution into REIT units. No additional compensation expense is recorded for Additional Deferred Units issued.

The deferred unit plan was approved by unitholders on July 7, 2005 resulting in the grant of 71,544 deferred units at a grant day value of \$1,545. The completion of the acquisition of properties on July 8, 2005, was considered to be a change of control for purposes of the deferred unit plan resulting in the vesting of all outstanding deferred units and all unrecognized compensation expense in respect of these deferred units, in excess of initial amounts previously recorded for trustee fees and executive bonuses, of \$858 was recorded in the three months ended September 30, 2005. In addition, 1,156 Additional Deferred Units were granted during the period.

As at September 30, 2005, 72,700 deferred units were outstanding and vested under the plan.

Distribution Reinvestment Plan

The REIT, as of the June 2004 distribution, has effected a Distribution Reinvestment Plan for holders of trust units which allows participants to reinvest their monthly cash distributions in additional trust units at an effective purchase price equal to 97% of the volume weighted average price for the ten business days prior to the distribution date. During the three months ended September 30, 2005, 47,100 trust units have been issued under the plan for gross proceeds of \$1,065. During the nine months ended September 30, 2005, 74,934 trust units have been issued under the plan for gross proceeds of \$1,580.

Calloway Real Estate Investment Trust

Notes to the Consolidated Financial Statements

Nine Months Ended September 30, 2005

(Unaudited)

(All amounts in thousands of dollars, except per unit and unit amounts)

Limited Partnership Units Authorized

An unlimited number of Class A units, Class B units and Class C units may be issued by Calloway Limited Partnership ("LP"). Class A partners shall have five votes for each Class A unit held, Class B partners shall have one vote for each Class B unit held and Class C partners shall have no votes at all meetings of the LP.

The Class A units are entitled to all the remaining distributable cash of the LP after the required distributions to the Class B units. All of the Class A units are owned indirectly by the REIT and have been eliminated on consolidation.

The Class B units are non-transferable, except under certain circumstances, but are exchangeable, on a one-for-one basis, into trust units at any time at the option of the holder. Holders of Class B units are entitled to receive distributions equivalent to distributions received by trust units. Each Class B unit is entitled to one special voting unit, which will entitle the holder to receive notice of, attend and vote at all meetings of unitholders of the REIT.

The Class C units are entitled to receive 0.01% of any distributions of the LP and have nominal value. They are exchangeable, at the option of the holder, into Class B units upon the completion and rental of additional premises on specific properties under development at an amount of \$20.10 per unit.

The Class B units and Class C are considered to be economically equivalent and cannot be sold to third parties without exchanging to trust units and accordingly have been presented as equity.

Class B Units Issued and Outstanding

On July 8, 2005, the LP issued 12,594,458 Class B units for properties acquired pursuant to agreements for purchase and sale (Note 2). The Class B units were issued at a price of \$19.85 per Class B unit for ascribed proceeds of \$250,000.

On August 1, 2005, the LP issued 155,549 Class B units upon conversion of Class C units arising from completion of developments. The Class B units were issued at a price of \$20.10 per Class B unit for gross proceeds of \$3,127.

As at September 30, 2005, 376,960 Class B Units and \$1,988 in cash were held in escrow subject to completion of the acquisition of three properties. No distributions are accrued or paid on the Class B units while they are held in escrow. The Class B units and cash held in escrow will be returned to treasury or the REIT if the properties are not acquired by the REIT. All of the Class B units held in escrow units have been included in basic number of units outstanding for earnings per unit calculations from the date of issue.

Class C Units Issued and Outstanding

On July 8, 2005, the LP issued 8,500,000 Class C units pursuant to agreements for purchase and sale (Note 2). On August 1, 2005, 155,549 Class C units were exchanged for Class B units.

Calloway Real Estate Investment Trust

Notes to the Consolidated Financial Statements

Nine Months Ended September 30, 2005

(Unaudited)

(All amounts in thousands of dollars, except per unit and unit amounts)

Weighted Average Number of Units

Net income per unit is calculated using the weighted average number of units outstanding as follows:

	Three months ended September 30		Nine months ended September 30	
	2005	2004	2005	2004
Trust units	49,015,791	30,097,376	40,081,436	24,411,767
Class B units	11,739,320	-	3,956,107	-
Vested deferred units	67,477	-	22,740	-
Basic	60,822,588	30,097,376	44,060,283	24,411,767
Effect of dilutive securities:				
Unit option plan	31,556	134,424	115,206	150,456
Warrants	-	55,249	-	188,250
Diluted	60,854,144	30,287,049	44,175,489	24,750,473

The potential exercise of development agreement options, conversion of Class C units into Class B units and conversion of convertible debentures into trust units has not been included in the calculation of the diluted number of units as these have been determined to be anti-dilutive.

13. Unit Options

Unit Option Plan

On October 24, 2002, the REIT adopted a unit option plan for its trustees, officers, employees and other persons who provide services to the REIT. The maximum number of trust units issuable upon exercise of such options currently may not exceed 562,000 trust units. The number of trust units issuable under the option plan may be increased on an annual basis subject to any required regulatory and unitholder approvals. The plan provides for the granting of options to purchase trust units of the REIT at not less than the market price at the time of granting. The vesting terms of any options granted are fixed by the Board of Trustees of the REIT at the time of grant. An option's maximum term is five years.

On July 7, 2003, 560,000 unit options were granted to employees and trustees. These options have an exercise price of \$10 per unit and expire July 7, 2008. The trading price at the date of grant was \$9.94 per unit. All options granted have now vested. Options totaling 555,000 were exercised up to and including September 30, 2005 (December 31, 2004 - 236,600). As a result of the approval and implementation of the Deferred Unit Plan, the REIT does not intend to issue any further options under this plan.

Development Options

Pursuant to certain development agreements (see Notes 4 and 5), FirstPro has the right, at its option, to receive up to 40% of the gross proceeds for any new developments in trust units at purchase prices noted below. Developments completed in the three months ended September 30, 2005, resulted in the issuance to FirstPro of 140,562 trust units at a price of \$10.50 per unit, 31,000 trust units at a price of \$14.00 per unit, 78,947 trust units at a price of \$15.25 per unit and 56,764 trust units at \$17.80 per unit. Developments completed in the nine months ended September 30, 2005, resulted in the issuance to FirstPro of 47,476 trust units at a price of \$10.00 per unit, 333,353 trust units at a price of \$10.50 per unit, 65,089 trust units at a price of \$14.00 per unit, 215,470 trust units at a price of \$15.25 per unit and 56,764 trust units at \$17.80 per unit.

Pursuant to the Exchange Agreement (see Note 5), FirstPro and other vendors have the right, at their option, to receive up to 40% of the gross proceeds for new developments managed by them in Class B units for \$20.10 per unit and the exchange of a similar number of Class C units. In addition, First Pro and the other vendors are entitled on the completion and rental of additional space on the remaining developments subject to the Exchange Agreement, at their option, to exchange Class C units for Class B units at a purchase price of \$20.10 per unit. Developments completed in the three months and nine months ended September 30, 2005, resulted in the issuance to FirstPro and another vendor of 155,549 Class B units at a price of \$20.10 per unit.

The options have not been included in the calculation of diluted earnings per unit as the result would have been anti-dilutive or the conditions for issuance have not been met.

15. Related Party Transactions

The following related party transactions are those that are not disclosed elsewhere in these statements. Other related party transactions are disclosed in Notes 2, 4, 5, 6, 9, 10, 12, 13, 16 and 19. As at September 30, 2005, FirstPro owned 6,526,398 trust units of the REIT and 10,045,638 Class B units (which represents 26.2% of the issued and outstanding trust units and Class B units). FirstPro has options to acquire approximately 6,683,380 trust units pursuant to development agreements and approximately 7,921,448 Class B units pursuant to exchange rights on Class C units, as disclosed in notes 4, 5 and 13. Pursuant to its rights under the Declaration of Trust, as at September 30, 2005, FirstPro has nominated three Trustees out of nine.

During the three months ended September 30, 2005, the REIT paid fees totaling \$361 (three months ended September 30, 2004 - \$nil) to a legal firm in which a trustee is a partner. During the nine months ended September 30, 2005, the REIT paid fees totaling \$1,327 (nine months ended September 30, 2004 - \$884) to a legal firm in which a trustee is a partner.

During the three months ended September 30, 2005, the REIT paid fees totaling \$60 (three months ended September 30, 2004 - \$nil) to a trustee for consulting services for public equity offerings. During the nine months ended September 30, 2005, the REIT paid fees totaling \$488 (nine months ended September 30, 2004 - \$421) to a trustee for consulting services for public equity offerings.

During the three months ended September 30, 2005, the REIT earned interest income totaling \$801 (three months ended September 30, 2004 - \$768) from FirstPro and another company in which trustees of the REIT are officers and directors. During the nine months ended September 30, 2005, the REIT earned interest income totaling \$2,747 (nine months ended September 30, 2004 - \$1,371) from FirstPro and another company in which trustees of the REIT are officers and directors.

Calloway Real Estate Investment Trust

(Unaudited)

(All amounts in thousands of dollars, except per unit and unit amounts)

During the three months ended September 30, 2005, under the terms of property management agreements, the REIT paid property management fees totaling \$1,158 (three months ended September 30, 2004 - \$535) to FirstPro (74 properties) and another company (one property) in which trustees of the REIT are officers and directors. During the nine months ended September 30, 2005, under the terms of property management agreements, the REIT paid property management fees totaling \$2,698 (nine months ended September 30, 2004 - \$1,192) to FirstPro and another company in which trustees of the REIT are officers and directors.

During the three months ended September 30, 2005, under the terms of development agreements, the REIT received opportunity fees, head lease rents and operating recoveries totaling \$630 (three months ended September 30, 2004 - \$694) from FirstPro, Wal-Mart Canada Realty Inc. and Wal-Mart FirstPro Partnership. During the three months ended September 30, 2005 fees totaling \$885 (three months ended September 30, 2004 - \$136) were paid to FirstPro under the development and other agreements. During the nine months ended September 30, 2005, under the terms of development agreements, the REIT received opportunity fees, head lease rents and operating recoveries totaling \$1,597 (nine months ended September 30, 2004 - \$2,056) from FirstPro, Wal-Mart Canada Realty Inc. and Wal-Mart FirstPro Partnership. During the nine months ended September 30, 2005, fees totaling \$1,248 (nine months ended September 30, 2004 - \$1,333) were paid to FirstPro under the development and other agreements.

During the three months and nine months ended September 30, 2005, the REIT paid \$149 to FirstPro for finance, legal and other administrative services including office rent.

As at September 30, 2005, amounts totaling \$1,765 (December 31, 2004 - \$174) included in accounts receivable were receivable from related parties and amounts totaling \$5,131 (December 31, 2004 - \$2,187) included in accounts payable were payable to related parties.

The REIT is contingently liable for certain joint venture obligations of its co-venturers in the joint ventures. Management estimates that the assets of the joint ventures are sufficient for the purpose of satisfying such obligations. The remaining interests in these properties are owned by FirstPro (two properties) or third parties (five properties). The REIT's interests in these properties range from 49.9% to 60%.

Calloway Real Estate Investment Trust

Notes to the Consolidated Financial Statements

Nine Months Ended September 30, 2005

(Unaudited)

(All amounts in thousands of dollars, except per unit and unit amounts)

17. Segmented Disclosures

The REIT owns, develops, manages and operates income properties located in Canada. Management, in measuring the REIT's performance, does not distinguish or group its operations on a geographical or any other basis. Accordingly, the REIT has a single reportable segment for disclosure purposes in accordance with Canadian generally accepted accounting principles.

The REIT's major tenant is Wal-Mart Canada Inc., accounting for 31.6% of the REIT's September 2005 rental revenue (September 30, 2004 – 31.3%).

18. Assets Held for Sale and Discontinued Operations

During the nine months ended September 30, 2005, the REIT approved the plan and initiated the program to dispose of Ecco Warehouse, a 36,000 square foot industrial property in Calgary, Gesco Warehouse, a 63,894 square foot industrial property in Calgary, Airtech Centre, a 112,744 square foot industrial property in Vancouver, Canadian Commercial Centre, a 124,678 square foot industrial property in Calgary and British Colonial Building, a 17,536 square foot retail property in Toronto. As a result, the assets and liabilities of these properties were classified as properties held for sale and the results of operations reclassified to discontinued operations.

The following are the assets and liabilities of the properties held for sale:

	September 30, 2005	December 31, 2004
Assets		
Income properties	\$ 20,878	\$ 54,210

19. Commitments and Contingencies

The REIT has entered into development agreements as disclosed in Notes 4 and 5. The estimated commitments payable under the agreements total approximately \$517,000.

The REIT has entered into agreements with FirstPro in which the REIT will lend monies to FirstPro as disclosed in Note 6. The estimated remaining amounts to be provided under the agreements total \$16,982.

One of the REIT's assets held for sale is subject to a land lease requiring annual lease payments of \$205. The annual lease payment increases to \$220 in 2007. The lease expires November 2011 and the REIT has an option to extend for a further 10 years.

Letters of credit totaling \$15,969 have been issued on behalf of the REIT by the REIT's lenders as security for mortgages and for maintenance obligations to municipal authorities.

As part of the July 8, 2005 acquisition, the REIT has entered into agreement with FirstPro in which the REIT will acquire three properties under development upon FirstPro successfully completing the transfer of ownership. As at September 30, 2005, 376,960 Class B units and \$1,988 in cash was held in escrow which will be released to FirstPro on completion of the transfer of ownership. In addition, the REIT will be obligated to provide funds in the amount of \$10,444 for the acquisition of one of the properties. The Class B units and cash held in escrow will be returned to treasury or the REIT if the properties are not acquired by the REIT.

Calloway Real Estate Investment Trust

Notes to the Consolidated Financial Statements

Nine Months Ended September 30, 2005

(Unaudited)

(All amounts in thousands of dollars, except per unit and unit amounts)

The REIT, in the normal course of operations, is subject to a variety of legal and other claims against the REIT. Management and the REIT's legal counsel evaluate all claims on their apparent merits and accrue management's best estimate of the likely cost to satisfy such claims. Management believes that the outcome of legal and other claims filed against the REIT will not have a significant impact on the REIT's financial position, operations or cash flow.

20. Income Taxes

Properties purchased from FirstPro and other vendors by LP were acquired with an income tax base which is \$250,000 lower than the assigned acquisition costs. Under the terms of the LP partnership agreement, any taxable income of LP will be allocated to all LP unitholders pro rata based on distributions made by LP.

21. Subsequent Events

On September 21, 2005, the REIT entered into agreements to sell Ecco Warehouse and Gesco Warehouse (Note 18), two industrial properties located in Calgary, for gross proceeds of \$5,500 resulting in an estimated gain on sale of approximately \$725. It is expected that the proceeds will be settled by the purchaser paying cash. The transaction is expected to be completed by December 1, 2005.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

**For the Period Ended September 30, 2005
(All amounts in thousands of dollars, except per unit and unit amounts)**

The following management discussion and analysis of the financial condition and results of operations should be read in conjunction with Calloway Real Estate Investment Trust's ("Calloway" or "REIT") Unaudited Consolidated Financial Statements and notes thereto for the quarter ended September 30, 2005, Calloway's Unaudited Consolidated Financial Statements and Calloway's Management's Discussion and Analysis for the quarters ended June 30, 2005, and March 31, 2005, and Calloway's Audited Consolidated Financial Statements and Management's Discussion and Analysis for the year ended December 31, 2004 and for the year ended December 31, 2003. Historical results and percentage relationships contained in our consolidated financial statements and management discussion and analysis, including trends which might appear, should not be taken as indicative of our future operations and financial position. All financial information is reported in Canadian dollars and in accordance with Canadian generally accepted accounting principles (GAAP) unless noted otherwise. Additional information about Calloway filed with Canadian securities commissions, including periodic quarterly and annual reports and the Annual Information Form (AIF) is available on-line at www.sedar.com.

This discussion may contain forward-looking statements, which are based on our expectations, estimates and forecasts. These statements are subject to risks and uncertainties that are difficult to predict or control. These risks and uncertainties could cause actual results to differ materially from those indicated. These risks and uncertainties are described elsewhere in this discussion and in other regulatory filings. Readers should not place undue reliance on any such forward-looking statements. We disclaim any intention or obligation to update or revise any such statement as a result of new information, the occurrence of future events or otherwise.

These forward-looking statements are made as of November 8, 2005, and Calloway assumes no obligation to update or revise them to reflect new events or circumstances.

BUSINESS OVERVIEW

Calloway is an unincorporated "open-end" mutual fund trust governed by the laws of the Province of Alberta. On July 7, 2005, unitholders approved a resolution to amend its Declaration of Trust, which had the effect of converting Calloway from a "closed-end" to an "open-end" mutual fund trust. Calloway's units are publicly traded and listed on the Toronto Stock Exchange under the symbol CWT.UN. Calloway was created to invest in a diversified portfolio of income-producing rental properties located in Canada and is now focused on the acquisition of high quality retail properties.

Calloway's primary objectives are to:

- deliver reliable and growing cash distributions to unitholders on a tax-deferred basis; and
- increase and maximize unitholder value.

Notes:

- (1) Net income per unit and distributable income per unit were calculated using the weighted average number of units outstanding for the quarter.
- (2) Total debt includes mortgages payable, capital lease obligations and debentures.
- (3) Management uses distributable income, distributable income per unit and cash from operations to analyze operating performance. Distributable income, distributable income per unit and cash from operations as presented do not have any standardized meaning prescribed by Canadian GAAP and therefore may not be comparable with the calculation of similar measures for other entities. Distributable income and cash flow as presented is not intended to represent operating profits for the period nor should it be viewed as an alternative to net income, cash flow from operating activities or other measures of financial performance calculated in accordance with Canadian GAAP. All references to distributable income throughout this report are based on the description provided later in the Distributable Income section. All references to cash from operations throughout this report are based on cash flow from operating activities before changes in other non-cash operating items and expenditures on deferred leasing costs.

RESULTS OF OPERATIONS

Occupancy rates were as follows at the end of each of the following periods: September 30, 2005 – 99.1%; December 31, 2004 – 97.8%; and September 30, 2004 – 98.1%.

Note 1 Distributable income per unit – diluted is adjusted for the dilutive effect of the convertible debentures which are not dilutive for net income purposes.

Acquisition of Income Properties

Calloway's results for the three and nine month periods ended September 30, 2005 have been materially affected by the significant number of acquisitions of income properties that have occurred since January 1, 2004. The impact on revenues and net income from income properties are set out below for each major portfolio of properties acquired during such period.

On July 8, 2005, Calloway acquired from FirstPro, Wal-Mart and other vendors, 35 shopping centres, with adjacent undeveloped lands with future development potential, and 10 development properties for the development of new shopping centres. These properties are collectively referred to as "Centres V". For the three months and nine months ended September 30, 2005, these properties provided additional rentals from income properties of \$27,519 and net income of \$507 as compared to the three and nine months ended September 30, 2004.

Six properties acquired on November 30, 2004, together with properties in Anjou, Sarnia, and Abbotsford acquired in the first six months of 2004 and interests in eight Wal-Mart-FirstPro properties acquired effective March 1, 2005 were all acquired subsequent to September 30, 2004 and were therefore not included in the financial results for the three months and nine months ended September 30, 2004. These properties are collectively referred to as "Other Properties". These Other Properties provided rentals from income properties of \$9,251 and net income of \$967 for the three months ended September 30, 2005 and rentals from income properties of \$23,255 and net income of \$1,240 for the nine months ended September 30, 2005.

For the nine months ended September 30, 2005, twelve properties acquired from Wal-Mart-FirstPro on February 16, 2004 ("The Centres"), interests in the Laval and Halifax properties acquired on May 1, 2004 and twelve properties acquired from Wal-Mart-FirstPro on May 14, 2004 ("The Centres II"), provided additional rentals from income properties of \$21,277 and a reduction in net income of \$1,760 compared to the nine months ended September 30, 2004.

Rental from Income Properties

Rentals from income properties for the three months ended September 30, 2005 increased by \$37,710 when compared to the three months ended September 30, 2004. The increase was mostly due to the acquisition of the Centres V and the Other Properties. Rentals from income properties for the three months ended September 30, 2005 included \$1,315 from the recognition of rents from step leases on a straight-line basis over the remaining life of the lease.

Rentals from income properties for the nine months ended September 30, 2005 increased by \$74,060 when compared to the nine months ended September 30, 2004. The increase was mostly due to the acquisition of the Centres V, Other Properties, The Centres and The Centres II. Rentals from income properties for the nine months ended September 30, 2005 included \$2,504 from the recognition of rents from step leases on a straight-line basis over the remaining life of the lease.

Allowance for Doubtful Accounts

During the three months ended September 30, 2005, no significant retail tenants filed for protection under the Companies' Creditors Arrangement Act, declared bankruptcy or unilaterally terminated their tenancy and vacated their premises.

During the nine months ended September 30, 2005, 3 retail tenants operating in 110,691 square feet in ten retail properties filed for protection under the Companies' Creditors Arrangement Act or declared bankruptcy. The tenants have repudiated leases in all locations.

Interest Income

Interest income consists primarily of interest received on the mortgages and loans receivable portfolio along with interest earned on cash balances. Interest income for the three and nine months ended September 30, 2005 has increased by \$328 and \$1,813 respectively compared to the same periods ended September 30, 2004. This increase is due to the additional loans provided to FirstPro to finance the acquisition of additional retail developments for which Calloway has an option to acquire a 50% interest on completion and due to increased cash balances.

Property Operating Costs

Total property operating costs decreased to 29.2% and 30.6% of rental revenue for the three and nine month periods ended September 30, 2005 as compared to 30.0% and 31.0% for the prior periods. Substantially all property operating costs relating to leased space are fully recovered from tenants.

Interest Expense

Interest expense consists primarily of interest paid on mortgages on income properties. The weighted average interest rate was 5.76% as at September 30, 2005, as compared to 5.82% as at December 31, 2004 and 6.03% as at September 30, 2004.

Interest expense for the three and nine months ended September 30, 2005 increased by \$10,722 and \$21,166 respectively compared to the same periods ended September 30, 2004. This increase is due to the substantial increase in mortgage debt arising from the acquisition of the Other Properties, The Centres, The Centres II and Centres V properties.

On May 14, 2004 Calloway issued \$55,000 6% convertible unsecured subordinated debentures. In the three and nine months ended September 30, 2005 the total interest expense, including accretion expense, on these debentures was \$482 and \$2,162 respectively.

On September 22, 2005 Calloway issued \$200,000 Series A 4.51% unsecured debentures due September 22, 2010. In the three and nine months ended September 30, 2005 the total interest expense on these debentures was \$222.

Amortization

Amortization of income properties and deferred leasing costs for the three and nine months ended September 30, 2005 compared to the three and nine months ended September 30, 2004 has increased as a result of the acquisition of the Other Properties, The Centres, The Centres II and Centres V properties. In addition, during the three and nine months ended September 30, 2005, \$nil and \$3,939 respectively, of amortization expense, was related to the write off of the unamortized balance of tenant improvements and intangibles for vacated tenant space.

Amortization of deferred financing costs for the three and nine months ended September 30, 2005 compared to the three and nine months ended September 30, 2004 has increased as a result of the acquisition of the Other Properties, The Centres, The Centres II and Centres V properties and also due to

financing fees incurred on new and renewed financing including the issuance of the \$200,000 Series A unsecured debenture on September 22, 2005.

General and Administrative Expenses

General and administrative expenses for the three months ended September 30, 2005 include an aggregate \$2,714 incurred for the transition of the head office from Calgary to Toronto and for deferred unit compensation expense. The transition costs, totalling approximately \$1,856, include termination obligations, bonuses and transitional salary premium payments to Calgary located employees, duplication of office, salaries and other administrative costs, and physical relocation costs. It is anticipated that additional transition costs to be incurred in the fourth quarter will not exceed \$500.

The deferred unit plan was approved by unitholders on July 7, 2005 resulting in the grant of 71,544 deferred units at a grant day value of \$1,545. The completion of the acquisition of properties on July 8, 2005, was considered to be a change of control for purposes of the deferred unit plan resulting in the vesting of all outstanding deferred units and additional compensation expense, in excess of initial amounts recorded for trustee fees and executive bonuses, of \$858 was provided for in the quarter.

General and administrative expenses for the three months ended September 30, 2005 have increased compared to the three months ended September 30, 2004 by \$3,062, due primarily to the office transition costs and additional compensation expense for the deferred unit plan.

General and administrative expenses for the nine months ended September 30, 2005 have increased compared to the nine months ended September 30, 2004 by \$3,177, due primarily to the office transition costs and additional compensation expense for the deferred unit plan.

Discontinued Operations

In accordance with CICA Section 3475, Disposal of Long-Lived Assets and Discontinued Operations, Calloway has classified the following properties as discontinued operations.

Properties sold during the nine months ended September 30, 2005:

<u>Property Type</u>	<u>Property Name</u>	<u>Property Location</u>	<u>Closing Date</u>	<u>GLA (sq ft)</u>
Office	Holland Cross	Ottawa, ON	January 10, 2005	272,550
Office	Century Park Place	Calgary, AB	January 14, 2005	75,675
Retail	Collingwood Plaza	Calgary, AB	April 15, 2005	7,210
Industrial	1000 Waverley	Winnipeg, MB	May 18, 2005	59,439
Industrial	110 Lawson Crescent	Winnipeg, MB	May 18, 2005	53,100
Industrial	1300 Church Avenue	Winnipeg, MB	May 18, 2005	40,600

Properties Held for Sale at September 30, 2005:

<u>Property Type</u>	<u>Property Name</u>	<u>Property Location</u>	<u>GLA (sq ft)</u>
Industrial	Ecco Warehouse	Calgary, AB	36,000
Industrial	Gesco Warehouse	Calgary, AB	63,894
Industrial	Canadian Commercial Centre	Calgary, AB	124,678
Industrial	Airtech Centre	Vancouver, BC	112,744
Retail	British Colonial Building	Toronto, ON	17,356

During the nine months ended September 30, 2005, the Holland Cross and Century Park office building, the Waverley, Lawson and Church Industrial sites and the Collingwood Plaza retail building were sold for gross proceeds of \$79,825 resulting in gain from sale of \$13,338. As at September 30, 2005, the Ecco Warehouse and Gesco Warehouse properties are subject to purchase and sale agreements. They are expected to be sold by December 1, 2005 for gross proceeds of \$5,500 resulting in an estimated gain on sale of approximately \$725.

Net Income
Distributable Income

Net income for the three months ended September 30, 2005 was less than the three months ended September 30, 2004 by \$1,833 (40%) primarily as a result of non-cash amortization of recent acquisitions, one time expenses relating to transition costs and deferred unit plan compensation costs. Distributable income for the three months ended September 30, 2005 was greater than the three months ended September 30, 2004 by \$11,105 (101%) due to the accretive nature of acquisition transactions. Distributable income per unit-basic for the three months ended September 30, 2005 was \$0.364 as compared to the same period in 2004 of \$0.366. Distributable income per unit-diluted for the three months ended September 30, 2005 was \$0.361 as compared to the same period in 2004 of \$0.354.

Net income for the nine months ended September 30, 2005 was greater than the nine months ended September 30, 2004 by \$9,731 (85%) primarily due to gains on sale of properties offset by non-cash amortization of recent acquisitions, one time expenses relating to transition costs and deferred unit plan compensation costs. Distributable income for the nine months ended September 30, 2005 was greater than the nine months ended September 30, 2004 by 22,732 (91%) due to the accretive nature of acquisition transactions. Distributable income per unit-basic for the nine months ended September 30, 2005 was \$1.08 as compared to the same period in 2004 of \$1.03. Distributable income per unit-diluted for the nine months ended September 30, 2005 was \$1.06 as compared to the same period in 2004 of \$0.97.

The trustees passed a resolution to clarify the definition of distributable income as provided for in the Declaration of Trust. On July 7, 2005, unitholders approved the definition. The resolution provides that distributable income means the consolidated net income of the trust in accordance with Canadian GAAP adjusted for: adding back decrease in rentals from income properties from step leases on a straight line basis over the remaining life of the lease, amortization of buildings, amortization of tenant improvements, amortization of in place lease values, amortization of differential between original and above market rents, amortization of customer relationship values, amortization of debenture liability accretion expense, losses on dispositions of assets, and amortization of any net discount on long-term debt assumed from vendors of properties at rates of interest less than fair value; and, deducting increase in rentals from income properties from step leases on a straight line basis over the remaining life of the lease, amortization of differential between original and below market rents, gains on dispositions of assets and

amortization of any net premium on long-term debt assumed from vendors of properties at rates of interest greater than fair value. The trustees subsequently resolved that distributable income should also be adjusted by adding back the amortization of prepaid land rent.

FINANCIAL POSITION

Income Properties

Net book value of income properties increased to \$2,146,538 as at September 30, 2005, an increase of \$1,280,417 from the net book value of \$866,121 as at December 31, 2004. This increase is due to the acquisition of freehold and leasehold interests in "Centres V", certain of the "Other Properties", and properties acquired under development agreements offset by the reclassification of assets held for sale and amortization recorded during the period.

Included in income properties is land acquired during 2003 and subject to development agreements with the vendors of the property. The vendors pay to Calloway an opportunity fee equal to 9% per annum of the aggregate undeveloped lands value as reduced from time to time upon the completion and rental of additional space. As the negotiated opportunity fee earned by Calloway reflects management's estimate of a fair market return for the use of a productive asset, the fee is recognized as revenue. Pursuant to the development agreements, the vendors assume responsibility for the cost of developing the land and are granted the right for a period of five years to earn additional proceeds from Calloway on the completion and rental of additional space on these lands. This right is extendable for a further five years under certain circumstances and the vendors have an obligation to repurchase any land remaining undeveloped at the end of the development period. The obligations of the vendors are secured by units of Calloway having a value in excess of the remaining undeveloped land value from time to time. Calloway is obligated to purchase the additional developments at a price calculated by formula using the net operating rents and predetermined capitalization rates on the date rent becomes payable on the additional space. Calloway has provided a second mortgage on a specific property in the amount of \$10,000 to the vendors as security for payment of the additional proceeds. The vendors have the right, at their option, to receive up to 40% of the proceeds for any new developments in units at purchase prices of \$10.00 and \$10.50 per unit (not to exceed 199,475 units and approximately 1,800,000 units respectively). The vendors are part of the FirstPro Group of Companies ("FirstPro"), which is owned by a significant unitholder of Calloway and in which two trustees serve as officers. Calloway provides financing to FirstPro, at Calloway's cost of funds, for the costs to complete the additional developments, which are repayable on completion of the development. It is anticipated that these lands will be fully developed in approximately four years at an additional cost of \$41,464 to Calloway.

During the three months ended September 30, 2005, the vendors completed the development of 22,353 square feet of retail space resulting in an acquisition cost of \$3,690. The vendors elected to receive 140,562 units at a purchase price of \$10.50 per unit as partial consideration of the purchase price. During the period, Calloway provided financing totaling \$3,449 to the vendors for development costs and \$3,199 was repaid by the vendors.

During the nine months ended September 30, 2005, the vendors completed the development of 72,975 square feet of retail space resulting in an acquisition cost of \$9,938. The vendors elected to receive 47,476 units at a purchase price of \$10.00 per unit and 333,353 units at a purchase price of \$10.50 per unit as partial consideration of the purchase price. During the period, Calloway provided financing totaling \$11,915 to the vendors for development costs and \$7,371 was repaid by the vendors.

Properties Under Development

Included in the acquisition of properties from the Wal-Mart-FirstPro Partnership, FirstPro and Wal-Mart Canada Realty Inc. (the "Vendors") was land under development. Calloway will develop these lands subject to development agreements with the Vendors of the properties. Pursuant to the development agreements, the Vendors assume responsibility for managing the leasing and development of the land and are granted the right for a period of five years to earn additional proceeds from Calloway on the completion and rental of additional space on these lands. Such right is extendable by five years under certain circumstances. Calloway is obligated to purchase the additional developments at a price calculated by formula using the net operating rents and predetermined capitalization rates on the date rent becomes payable on the additional space. FirstPro has the right, at their option, to receive up to 40% of the proceeds for any new developments in units at purchase prices of \$14.00, \$15.25, \$17.80, \$19.60 and \$20.10 per unit (approximately 1,860,000, 1,150,000, 345,000, 225,000 and 2,500,000 units respectively). The vendors have provided non-interest bearing loans for the purchase price of the land and will provide development financing at a rate of bankers acceptance plus 200 basis points. Calloway has provided a first mortgage, assignment of rents and leases, and a general security agreement on seven properties acquired from the vendors as security for the acquisition and development loans. In the event that the vendors do not elect to take any portion of the proceeds for new developments in units, Calloway intends to raise such portion of the purchase price by the issuance of units pursuant to one or more public offerings or private placements. It is anticipated that these lands will be fully developed in approximately four years at an additional cost of \$200,864 to Calloway. Calloway has the right to repay any remaining land acquisition and development loans at 85% of the then face amount, at the end of the development period.

During the three months ended September 30, 2005, the vendors have completed the development of 32,848 square feet of retail space resulting in an acquisition cost of \$4,843. The vendors elected to receive 31,000 units at a purchase price of \$14.00 per unit, 78,947 units at a purchase price of \$15.25 per unit, and 56,764 units at a purchase price of \$17.80 per unit. During the nine months ended September 30, 2005, the vendors have completed the development of 61,156 square feet of retail space resulting in an acquisition cost of \$9,982. The vendors elected to receive 65,089 units at a purchase price of \$14.00 per unit, 215,470 units at a purchase price of \$15.25 per unit, and 56,764 units at a purchase price of \$17.80 per unit as partial consideration for the acquisition price. During the three and nine months ended September 30, 2005, the vendors have provided development financing totaling \$13,887 and \$21,479, respectively. During the three and nine months ended September 30, 2005 Calloway has repaid \$3,359 and \$6,065, respectively.

Properties under development with a book value of \$111,414 are subject to an exchange, option and support agreement ("Exchange Agreement") with FirstPro and other vendors of the properties. Pursuant to the agreement, the vendors assume responsibility for managing the development of specific properties under development and are granted the right for a period of five years to earn additional proceeds from the REIT on the completion and rental of additional space on these lands. The purchase price for the additional developments will be calculated by formula using the net operating rents and predetermined negotiated capitalization rates. FirstPro and the other vendors have the right, at their option, to receive up to 40% of the gross proceeds for any new developments managed by them pursuant to the Exchange Agreement in Class B units at a purchase price of \$20.10 per unit by exchanging a similar amount of Class C units (approximately 3,250,000 Class C units). Pursuant to the Exchange Agreement, FP and the other vendors are also entitled, on the completion and rental of additional space on the remaining properties under development subject to the Exchange Agreement, to exchange Class C units together with a cash payment of \$20.10 per unit for Class B units (approximately 5,250,000 Class C units).

During the three and nine months ended September 30, 2005, FirstPro and another vendor completed the development of 55,683 square feet of retail space resulting in an acquisition cost of \$7,843. FirstPro and the other vendor elected to receive 155,548 units at a purchase price of \$20.10 per unit.

A summary of each acquisition is as follows:

Development options at date of acquisition

Acquisition Date	Future Development		Option Units	
	\$	Square Feet	\$ / Unit	Number of units
Development Agreement Options				
October 2003	51,600	420,338	10.00	199,475

Mortgages and Loans Receivable

Mortgages and loans receivable increased to \$41,821 as at September 30, 2005 from \$39,942 as at December 31, 2004. The increase is due to loans provided to FirstPro for use in their acquisition and development of property in which Calloway has an option upon completion to acquire a 50% interest and for development loans provided to FirstPro for construction on lands under development owned by Calloway offset by repayments by FirstPro of certain of these and other loans.

Other Assets

In addition to the specific comments below, increases in balances as at September 30, 2005 as compared to as at December 31, 2004 are a direct result of the acquisition of the properties acquired in the nine months ended September 30, 2005.

Deferred financing costs increased to \$6,962 as at September 30, 2005 from \$4,782 as at December 31, 2004. This increase is due to the fees and other charges for the new and assumed debt financing for properties acquired in the first nine months of 2005 offset by amortization recorded during the period.

Prepaid expenses and deposits increased to \$22,749 as at September 30, 2005 from \$2,389 as at December 31, 2004, an increase of \$20,360. This increase is mainly a result of increased prepaid realty taxes, increased deposits and escrow balances for potential acquisitions and increased prepaid insurance premiums.

Accounts receivable increased to \$24,343 as at September 30, 2005 from \$6,204, as at December 31, 2004, an increase of \$18,139. This is due mainly to an increase in a receivable from a municipality for recoverable development costs, increases in rents receivable due to an increase in the number of properties, increases in accruals of rental revenue on straight-line basis over the term of the lease, and increases in accruals of common area recoverables for operating costs and property taxes in excess of recoveries charged to tenants.

Mortgages Payable

Mortgages payable increased to \$1,238,443 as at September 30, 2005 from \$547,589 as at December 31, 2004, an increase of \$690,854. This increase arose from new term mortgages totaling \$328,869, assumed mortgages totaling \$338,507, assumed development loans totaling \$24,255, vendor take back mortgages net of imputed interest adjustment of \$38,232 on properties acquired, advances on development loans of \$30,569, mark to market adjustment net of amortization for the assumed mortgages of \$21,353 offset by repayment of development loans of \$32,781, term mortgages assumed by the purchasers of Holland Cross, Church, Lawson Crescent and Waverley of \$28,271 and principal repayments totaling \$12,879 and net repayments of floating rate debt totaling \$17,000.

The mortgages payable bear interest at the weighted average interest rate of 5.76%, excluding marked-to-mark adjustment, (December 31, 2004-5.82%) and mature between 2005 and 2025. The weighted average years to maturity, including the timing for payments of principal and debt maturing, is 9.29 years (10.04 years for term debt). Future principal payments, excluding the marked-to-mark adjustment balance of \$21,353, as a percentage of mortgages and other debt payable are as follows:

<u>Year</u>	<u>Payments of principal</u>	<u>Debt maturing during year</u>	<u>Total</u>	<u>% of Total</u>	<u>Weighted average interest rate (%)</u>
2005	7,322	56,458	63,780	5.24	4.10
2006	22,881	55,952	78,833	6.48	3.58
2007	23,848	3,225	27,073	2.22	5.77
2008	25,109	3,832	28,941	2.38	6.17
2009	25,949	35,638	61,587	5.06	5.84
2010	26,846	24,070	50,916	4.18	6.29
2011	27,253	60,008	87,261	7.17	6.57
2012	26,294	5,748	32,042	2.63	6.34
2013	25,220	84,480	109,700	9.01	6.57
2014	24,658	80,522	105,180	8.64	5.97
2015	23,568	82,359	105,927	8.70	6.06
2016	23,164	50,456	73,620	6.05	5.76
2017	22,097	86,851	108,948	8.95	5.70
2018	17,299	48,674	65,973	5.42	6.06
2019	14,220	67,166	81,386	6.69	5.92
Thereafter	28,143	107,780	135,923	11.18	5.72
Total	<u>\$ 363,871</u>	<u>\$ 853,219</u>	<u>\$ 1,217,090</u>	<u>100.00</u>	<u>5.76</u>

Approximately \$42,304 or 3.42% of the mortgages payable balance as at September 30, 2005 is comprised of variable rate debt.

Calloway's Declaration of Trust limits Calloway's indebtedness to a maximum of 60% of gross book value or 65% including convertible debentures. (Gross book value is defined as total assets plus accumulated amortization of income properties). Total indebtedness (excluding convertible debentures) as a percentage of gross book value was 56.7% as at September 30, 2005, as compared to 52.9% as at December 31, 2004 and 53.3% as at September 30, 2004. Total debt (including convertible debentures) as a percentage of gross book value was 57.7% as at September 30, 2005, as compared to 58.0% as at December 31, 2004 and 58.9% as at September 30, 2004.

Management anticipates Calloway will be able to renew its mortgage debt as it matures.

Capital Lease Obligations

An income property was acquired under the terms of a 35-year lease. A single payment of \$39,000 was made on October 31, 2003 and a payment of \$10,000 is due at the end of the lease to exercise a purchase option. The capital lease obligation, net of implicit interest costs at 9.18% of \$9,515 is \$485 at September 30, 2005.

On July 8, 2005, three income properties were acquired under the terms of 35 year leases with FirstPro. FirstPro will have the right to terminate the leases after ten years on payment to the REIT of the market value of a 35 year leasehold interest in the properties at that time and will have the right to terminate the leases at any time in the event any third party acquires 20% of the aggregate of the trust units and special voting units by payment to the REIT of the unamortized balance of any prepaid rent paid by the REIT to FirstPro. There are no purchase options at the end of the lease term. The REIT prepaid its entire lease obligations of \$188,647 under the lease agreements on July 8, 2005.

Lease Commitment

One of Calloway's assets held for sale is subject to a land lease requiring annual lease payments of \$205. The annual lease payment increases to \$220 in 2007. The lease expires November 2011, and Calloway has an option to extend for a further 10 years.

Debentures

On September 22, 2005, Calloway issued \$200,000 of 4.51% Series A unsecured debentures due September 22, 2010. The Series A debentures are rated "BBB" with a stable trend by Dominion Bond Rating Services. Net proceeds of approximately \$198,286 were used to repay the unsecured bridge financing obtained for the July 8, 2005 acquisition, operating lines of credit and other debt facilities, and for general trust purposes.

On May 14, 2004, Calloway issued \$55,000 of 6.00% convertible unsecured subordinated debentures due June 30, 2014. The debentures are convertible at the holder's option at any time into trust units at \$17.00 per unit and are redeemable at the option of Calloway in cash or units on or after June 28, 2010. As at September 30, 2005 \$26,017 of face value of the convertible debentures was outstanding. The convertible debentures were divided into their liability and equity components, measured at their respective fair values at time of issue. These convertible debentures have not been included in the calculation of diluted net income per unit as the result would have been anti-dilutive.

Accounts Payable and Accrued Liabilities

Accounts payable and accrued liabilities increased to \$64,808 as at September 30, 2005 from \$22,587 as at December 31, 2004 an increase of \$42,221. The increase is a result of construction costs and holdback obligations on development lands, the accrual for property taxes and operating costs, additional distributions to unitholders, additional prepaid rents made by tenants and an increase in interest payable arising from additional mortgages and debentures.

In addition to the specific comments above, the increase as at September 30, 2005 as compared to as at December 31, 2004 is a direct result of the acquisition of the 53 properties acquired in the intervening period.

Unitholders' Equity

Unitholders equity increased to \$949,282 as at September 30, 2005 from \$391,506 as at December 31, 2004 an increase of \$557,776. This increase was due to the issuance of units by way of private placement and to vendors of properties, conversion of debentures, units issued under the provisions of development agreements, exercise of options, units issued pursuant to the distribution reinvestment plan and net income, offset by distributions to unitholders, and costs of the issuance of units.

It has been our intent to make monthly cash distributions to unitholders of approximately 90% of Calloway's Distributable Income. For the three months ended September 30, 2005, distributions amounting to 99.9% of distributable income were made or declared. For the nine months ended September 30, 2005, distributions amounting to 95.5% of distributable income were made or declared. Excluding the transition costs and deferred unit compensation cost, distributions would be 89.0% and 90.4% of distributable income for the three months and nine months ended September 30, 2005, respectively.

LIQUIDITY AND CAPITAL RESOURCES

Calloway's principal sources of liquidity are its ability to generate cash from operations, arrange new loans or debentures, and offer units to the public. For the three months ended September 30, 2005, cash from operations totalled \$23,327, an increase of \$12,052 from the three months ended September 30, 2004. For the nine months ended September 30, 2005, cash from operations totalled \$49,434, an increase of \$23,850 from the nine months ended September 30, 2004. As at September 30, 2005, Calloway had \$80,000 in committed operating facilities, of which \$15,969 was utilized for Letters of Credit only.

During the three months ended September 30, 2005, term mortgages, development loans and amounts outstanding under revolving operating facilities increased by \$534,685. New term mortgages and mortgages provided by vendors were \$187,341, advances under development loans were \$20,225, term mortgages in the amount of \$318,608 and development loans in the amount of 24,255 were assumed by Calloway, the marked to market adjustment net of amortization on the assumed mortgages was \$21,353, development loans in the amount of \$28,770 were repaid, net adjustment for imputed interest on non-interest bearing development loans was \$1,178, and mortgage repayments were \$7,150.

During the nine months ended September 30, 2005, term mortgages and development loans increased by \$690,854, net of a repayment in revolving operating facilities of \$17,000. New term mortgages and mortgages provided by vendors were \$367,957, advances under development loans were \$30,569, term mortgages in the amount of \$338,507 and development loans in the amount of \$24,255 were assumed by Calloway, the marked to market adjustment net of amortization on the assumed mortgages was \$21,353, term mortgages in the amount of \$28,271 were assumed by the purchasers of the Holland Cross, Century Park Place, Church, Lawson Crescent and Waverley buildings, the net adjustment for imputed interest on non-interest bearing development loans was \$856, development loans in the amount of \$32,781 were repaid and mortgage repayments were \$12,879.

Unit issuances for the three months ended September 30, 2005, resulted in gross proceeds of \$495,579. Unit issuances for the nine months ended September 30, 2005, resulted in gross proceeds of \$582,175.

On September 22, 2005 the REIT issued \$200,000 of 4.51% Series A debentures due September 2010.

During January 2005, the REIT completed the sale of the Holland Cross and Century Park Place office buildings for gross proceeds of \$69,250, resulting in gain from sale of \$12,226. The purchaser of Holland Cross assumed a mortgage of \$23,007 and the mortgage on Century Park Place was transferred to another property.

During January 2005, Calloway completed the acquisition of the Anjou retail property in Montreal for a cost of \$9,398. The purchase price was paid in cash.

On February 11, 2005, Calloway completed the acquisition of a retail property in Sarnia for a cost of \$13,350. The purchase price was satisfied by assumption of existing mortgage of \$7,979 and by the payment of the balance in cash

On March 10, 2005, Calloway completed the acquisition of 100% interests in three retail properties and 60% interests in five others for a cost of \$229,731. The purchase price was satisfied by issuing term mortgages on seven of the properties totaling \$155,210, by the vendors providing mortgages on one of the properties totaling \$5,997, by issuing 3,101,000 units at a price of \$19.35 per unit for gross proceeds of \$60,004 and by the assumption of working capital.

On April 15, 2005, the REIT completed the sale of the Collingwood Plaza retail building for gross proceeds of \$1,275, resulting in a gain from sale of \$368.

On May 18, 2005, the REIT completed the sale of the Lawson Crescent, Church Avenue and Waverley industrial buildings for gross proceeds of \$9,300, resulting in a gain on sale of \$744. The purchaser assumed mortgages totalling \$5,269.

On May 20, 2005, the REIT completed the acquisition of a retail property in Abbotsford for a cost of \$16,500. The purchase price was satisfied by the assumption of an existing mortgage of \$11,979 and by the payment of the balance in cash.

On July 8, 2005, the REIT completed the acquisition of substantially all of the freehold and leasehold interests in 45 properties from FirstPro, Wal-Mart Canada Realty Inc. and other vendors. These interests include the co-ownership interests owned by FirstPro in seven properties where the REIT owns the other co-ownership interests effectively giving the REIT a 100% ownership interest in these properties. The purchase price of the properties was approximately \$1,175,946 (including costs of acquisition) which will be allocated to the tangible and intangible components of the income properties and to the properties under development acquired. Approximately \$189,292 of the purchase price relates to three properties in which the REIT acquired leasehold interests. The properties comprise approximately 5,458,375 net square feet of leased area of which approximately 2,141,771 net square feet is leased to Wal-Mart, and include adjacent and stand alone lands with the potential for future development of approximately 2,721,594 net square feet. The purchase price was satisfied as follows: by assumption of existing mortgages of \$342,863; by obtaining first mortgage and unsecured bridge financing of approximately \$296,250; by way of vendor take back mortgages of approximately \$33,091; by way of vendors providing a mark to market adjustment on mortgages assumed of \$22,386; by FirstPro and other vendors subscribing to 12,594,458 exchangeable Class B units at a price of \$19.85 per unit of a limited partnership formed by the REIT, by issuance of development agreement options and Class C units, and by payment of the balance in cash. The agreements included issuing special voting units to FirstPro and other vendors, an increase in FirstPro's ability to nominate trustees, entering into long term development agreements and property management agreements with FirstPro, the REIT's head office being relocated to Toronto and appointment of new senior management.

We expect to be able to meet all of Calloway's ongoing obligations, and maintain cash distributions to unitholders, based on Calloway's expected cash flow from operations and its projected borrowing capacity. We expect to fund growth by using borrowing capacity, including borrowing on the new assets, and issuing units.

RELATED PARTY TRANSACTIONS

The following related party transactions are those that are not disclosed elsewhere in the financial statements. Other related party transactions are disclosed in Notes 2, 4, 5, 6, 9, 10, 12, 13, 16 and 19 of the financial statements. As at September 30, 2005, FirstPro owned 6,526,398 trust units of the REIT and 10,045,638 Class B units (which represents 26.2% of the issued and outstanding trust units and Class B units). FirstPro has options to acquire approximately 6,683,380 trust units pursuant to development agreements as disclosed in notes 4, 5 and 13 of the financial statements and approximately 7,921,448 Class B units pursuant to exchange rights on Class C units. Pursuant to its rights under the Declaration of Trust, as at September 30, 2005, FirstPro has nominated three Trustees out of nine.

During the three months ended September 30, 2005, the REIT paid fees totaling \$361 (three months ended September 30, 2004 - \$nil) to a legal firm in which a trustee is a partner. During the nine months ended September 30, 2005, the REIT paid fees totaling \$1,327 (nine months ended September 30, 2004 - \$884) to a legal firm in which a trustee is a partner.

During the three months ended September 30, 2005, the REIT paid fees totaling \$60 (three months ended September 30, 2004 - \$nil) to a trustee for consulting services for public equity offerings. During the nine months ended September 30, 2005, the REIT paid fees totaling \$488 (nine months ended September 30, 2004 - \$421) to a trustee for consulting services for public equity offerings.

During the three months ended September 30, 2005, the REIT earned interest income totaling \$801 (three months ended September 30, 2004 - \$768) from FirstPro and another company in which trustees of the REIT are officers and directors. During the nine months ended September 30, 2005, the REIT earned interest income totaling \$2,747 (nine months ended September 30, 2004 - \$1,371) from FirstPro and another company in which trustees of the REIT are officers and directors.

During the three months ended September 30, 2005, under the terms of property management agreements, the REIT paid property management fees totaling \$1,158 (three months ended September 30, 2004 - \$535) to FirstPro (74 properties) and another company (one property) in which trustees of the REIT are officers and directors. During the nine months ended September 30, 2005, under the terms of property management agreements, the REIT paid property management fees totaling \$2,698 (nine months ended September 30, 2004 - \$1,192) to FirstPro and another company in which trustees of the REIT are officers and directors.

During the three months ended September 30, 2005, under the terms of development agreements, the REIT received opportunity fees, head lease rents and operating recoveries totaling \$630 (three months ended September 30, 2004 - \$694) from FirstPro, Wal-Mart Canada Realty Inc. and Wal-Mart FirstPro Partnership. During the three months ended September 30, 2005 fees totaling \$885 (three months ended September 30, 2004 - \$136) were paid to FirstPro under the development and other agreements. During the nine months ended September 30, 2005, under the terms of development agreements, the REIT received opportunity fees, head lease rents and operating recoveries totaling \$1,597 (nine months ended September 30, 2004 - \$2,056) from FirstPro, Wal-Mart Canada Realty Inc. and Wal-Mart FirstPro Partnership. During the nine months ended September 30, 2005 fees totaling \$1,248 (nine months ended September 30, 2004 - \$1,333) were paid to FirstPro under the development and other agreements.

During the three months and nine months ended September 30, 2005, the REIT paid \$149 to FirstPro for finance, legal and other administrative services including office rent.

As at September 30, 2005, amounts totaling \$1,765 included in accounts receivable were receivable from related parties and amounts totaling \$5,131 included in accounts payable were payable to related parties.

RISKS AND UNCERTAINTIES

Real Property Ownership

All real property investments are subject to elements of risk. General economic conditions, local real estate markets, supply and demand for leased premises, competition from other available premises and various other factors affect such investments.

The primary risk facing Calloway is the potential for declining revenue arising from increased vacancies or declining rental rates. Calloway has reduced this risk by diversifying its holdings geographically across Canada while focusing its acquisition strategy on high quality retail properties. We believe our properties provide tenants with lower operating costs and tend to be less costly to lease than most other types of commercial real estate. Wal-Mart Canada Inc. comprises approximately 31.63% of the rental revenue as at September 30, 2005. As at September 30, 2005, 9.73% of leases renew prior to January 1, 2010.

Management of Calloway is subject to investment guidelines and operating criteria as set forth in the Declaration of Trust. This includes appropriate due diligence procedures for property acquisitions, the amount of leverage allowed, and review of operations by the Trustees.

Credit Risk

Credit risk arises from the possibility that tenants may experience financial difficulty and be unable to fulfill their lease commitments. Calloway mitigates this risk of credit loss by ensuring that its tenant mix is diversified, and by limiting its exposure to any one tenant except Wal-Mart Canada Inc. and government agencies.

With the exception of Wal-Mart, no one tenant group represents more than 3.87% of annual gross revenues. Calloway's nine largest tenant groups, excluding Wal-Mart, represent approximately 24.90% of annual gross revenues. Calloway's tenant mix, led by Wal-Mart, includes international and national retailers. The names noted below are the names of the parent or operating name and are not necessarily the covenant under the lease.

1. Wal-Mart	\$79,976	31.63%
2. Reitmans Group	\$ 9,749	3.87%
3. Winners	\$ 9,015	3.57%
4. Best Buy/Future Shop	\$ 8,746	3.47%
5. Mark's Work Wearhouse	\$ 8,661	3.43%
6. HBC / Zellers	\$ 6,727	2.67%
7. Sobey's / IGA	\$ 5,940	2.35%
8. Staple's / Business Depot	\$ 5,691	2.26%
9. Reno Depot / Rona	\$ 4,282	1.70%
10. Cara Group	\$ 4,010	1.59%

During the three months ended September 30, 2005 no significant tenants filed for protection under Companies' Creditors Arrangement Act or the Bankruptcy and Insolvency Act, or vacated premises.

Further risks arise in the event that borrowers default on the repayment of their mortgages to Calloway. Such risk is mitigated through due diligence, the evaluation of the worth of underlying real estate security and, where possible, obtaining a secondary source of security.

Lease Roll-Over Risk

Lease roll-over risk arises from the possibility that Calloway may experience difficulty renewing leases as they expire or in releasing space vacated by tenants upon lease expiry. With the acquisition of relatively new retail properties, with a significant portion of leases being ten years and greater in term, we have a relatively low amount of space expiring in any one year for the next 7 years.

	<u>Area (sf)</u>	<u>% Area</u>
2005	72,229	0.51%
2006	215,461	1.51%
2007	381,257	2.67%
2008	377,820	2.64%
2009	343,356	2.40%
2010	689,394	4.82%
2011	673,352	4.71%
Thereafter	11,408,953	79.81%
Vacancy as at September 30, 2005	<u>133,560</u>	<u>0.93%</u>
Total	<u>14,295,382</u>	<u>100.00%</u>

Development Risk

Development risk arises from the possibility that developed space will not be leased or that costs of development will exceed returns from the lease. Calloway mitigates this risk by not commencing construction of any development until sufficient lease up has occurred and by entering into fixed price contracts for development costs.

Debt Financing and Interest Rate Risk

Calloway is exposed to interest rate risk in regard to its debt. It minimizes this risk by restricting total indebtedness to 60% of gross book value (65% including convertible debentures). Calloway attempts to stagger maturity dates of term debt including matching maturity dates to Wal-Mart renewal dates. In addition, because of the current historically low interest rate environment, we have financed a significant component of our 2004 and 2005 acquisitions with debt having terms in excess of ten years. As at September 30, 2005, over 76% of total debt matures in greater than five years.

Pursuant to development agreements, Calloway is obligated to acquire up to approximately 2.5 million square feet in additional income properties at pre-determined capitalization rates, on completion and rental of such income properties. The acquisition of these income properties will be financed by new loans and additional equity issuable to First Pro at pre-determined prices. There is a risk that the interest rate on the loans may exceed the capitalization rate. At September 30, 2005, interest rates on ten year mortgages were approximately 3% below the average capitalization rates for income properties to be acquired pursuant to the development agreement.

Calloway has arranged floating rate operating facilities limited to \$80,000. In addition, Calloway has floating rate development loans with banks and vendors of properties. At September 30, 2005, \$42,304 was drawn under these facilities and loans. There is a risk that the lenders will not refinance the facilities and loans on terms and conditions acceptable to Calloway, refinance the loans with term debt, or on any terms at all. For every 1% increase in the applicable floating rate, interest expense would increase and net income would decrease by \$423 and net income per unit and distributable income per unit on an annual basis would decrease by \$0.007 and \$0.007 respectively.

Unitholder Liability

There is a risk, which is considered to be remote in the circumstances, that unitholders could be held personally liable for obligations of Calloway to the extent that these claims are not satisfied by Calloway. We have taken steps to mitigate this risk, including obtaining appropriate operational and asset insurance and, where feasible, attempting to have every material written contract or commitment of Calloway contain an express disavowal of liability against the unitholders, trustees and employees of Calloway. In addition, legislation has been enacted in Alberta and Ontario which limits the personal liability of unitholders in trusts for the trusts liabilities.

Environmental Risk

Calloway is subject to Canadian laws relating to the environment. Most of these laws deal primarily with the removal and remediation of hazardous substances. Environmental risk is relevant to Calloway's ability to sell or finance affected properties and could potentially result in liabilities for the costs of removal and remediation of hazardous substances or claims against Calloway. We are not aware of any material non-compliance with environmental laws or regulations with regard to Calloway's properties, or of any pending or threatened actions, investigations or claims against Calloway relating to environmental matters. In accordance with the Declaration of Trust, Calloway must conduct an environmental review through third party consultants prior to acquiring properties. In addition, the standard lease restricts tenants from carrying on environmentally hazardous activities or having environmental hazardous substances on site.

Tax Related Risk Factors

There can be no assurance that Canadian federal income tax laws respecting relating to the treatment of mutual fund trusts will not be changed in a manner which results in Calloway being taxed on a basis other than undistributed taxable income or limitation on deductibility of interest expense between operating subsidiaries and the REIT.

Potential Conflicts of Interest

Calloway may be subject to various conflicts of interest because of the fact that FirstPro (a significant unitholder), the Trustees, executive management, and their associates, are engaged in a wide range of real estate and other business activities. Calloway may become involved in transactions which conflict with the interests of the foregoing. Existing Non-Competition Agreements address those conflicts of interest with executive management.

The Trustees, executive management and their associates or affiliates may from time to time deal with persons, firms, institutions or corporations with which Calloway may be dealing, or which may be seeking investments similar to those desired by Calloway. The interests of these persons could conflict with those of Calloway. In addition, from time to time, these persons may be competing with Calloway for available investment opportunities. David Calnan, an officer and Trustee of Calloway, is a partner of

Shea Nerland Calnan, a law firm that provides legal services to Calloway. Simon Nyilassy, a Trustee of Calloway, was an officer of FirstPro until July 8, 2005 at which time he became President and Chief Executive Officer of Calloway. Peter Forde and Mitchell Goldhar, both Trustees of Calloway, are officers of First Pro. FirstPro is a group of companies from whom Calloway has purchased income properties, with whom Calloway has entered into development agreements with, and with whom Calloway has provided loans to. FirstPro also provides property management services to Calloway. Kevin Pshebniski, a Trustee of Calloway, is an officer and director of Hopewell Development Corporation, to which Calloway has provided loans and which provides property management services to Calloway.

The Declaration of Trust contains "conflicts of interest" provisions requiring Trustees to disclose material interests in material contracts and transactions, and refrain from voting.

Capital Requirements

Calloway accesses the capital markets from time to time through the issuance of debt, equity or equity-related securities. If Calloway were to be unable to raise additional funds on favourable terms or for other reasons, certain of its acquisition or development activities may be curtailed and in certain cases Calloway may be unable to fulfill commitments under various agreements.

Reliance on Key Personnel

Management of Calloway depends on the services of certain key personnel. The loss of the services of key personnel could have an adverse effect on Calloway. Calloway does not have key man insurance on any of its key employees.

We have determined that there is no material change in our assessment of the risks and uncertainties as detailed in our management discussion and analysis for the year ended December 31, 2004.

CRITICAL ACCOUNTING ESTIMATES

Calloway's significant accounting policies are disclosed in Note 3 to the unaudited consolidated financial statements for the quarter ended September 30, 2005 and in Note 3 to the audited consolidated financial statements for the year ended December 31, 2004. An estimate is considered critical if it requires management to make assumptions about matters that are highly uncertain at the time the accounting estimate is made and different estimates that management could have used in the current period, or changes in the accounting estimate that are reasonably likely to occur from period to period, would have a material impact on Calloway's condition, changes in financial position or results of operations. We have determined that there is no change in our disclosure of critical accounting estimates as detailed in our management discussion and analysis for the year ended December 31, 2004.

NEW ACCOUNTING POLICIES ADOPTED IN 2005

The Canadian Institute of Chartered Accountants ("CICA") has not issued any accounting pronouncements that impacted the accounting policies of Calloway for the nine months ended September 30, 2005.

FUTURE CHANGES IN ACCOUNTING POLICIES

The accounting pronouncements of the CICA have been reviewed and none have been identified as requiring a change to the accounting policies of Calloway at this time. Calloway is in the process of assessing the impact on the financial statements in the future resulting from the CICA pronouncements regarding Comprehensive Income, Financial Instruments-Recognition and Measurement, and Hedges.

SUBSEQUENT EVENTS

On September 21, 2005, the REIT entered into agreements to sell Ecco Warehouse and Gesco Warehouse, two industrial properties located in Calgary, for gross proceeds of \$5,500 resulting in an estimated gain on sale of approximately \$725. It is expected that the proceeds will be settled by the purchaser paying cash. The transaction is expected to be completed by December 1, 2005.

FORM 52-109FT2
CERTIFICATION OF INTERIM FILINGS DURING TRANSITION PERIOD

I, *Simon Nyilassy, the President and Chief Executive Officer of Calloway Real Estate Investment Trust (the "Issuer")*, certify that:

1. I have reviewed the interim filings (as this term is defined in Multilateral Instrument 52-109 *Certification of Disclosure in Issuers' Annual and Interim Filings*) of the Issuer for the interim period ending September 30, 2005;
2. Based on my knowledge, the interim filings do not contain any untrue statement of a material fact or omit to state a material fact required to be stated or that is necessary to make a statement not misleading in light of the circumstances under which it was made, with respect to the period covered by the interim filings; and
3. Based on my knowledge, the interim financial statements together with the other financial information included in the interim filings fairly present in all material respects the financial condition, results of operations and cash flows of the Issuer, as of the date and for the periods presented in the interim filings.

Date: November 8, 2005.

Calloway Real Estate Investment Trust

Notes to Consolidated Financial Statement

(Unaudited) For the period ended March 31, 2006

(in thousands of dollars)

1 Organization

Calloway Real Estate Investment Trust (the Trust) is an unincorporated open-ended mutual fund trust governed by the laws of the Province of Alberta created under a declaration of trust, dated December 4, 2001 subsequently amended and restated on October 24, 2002, October 31, 2003, January 16, 2004 and July 7, 2005 (the Declaration of Trust).

2 Significant accounting policy

Basis of presentation

These unaudited interim consolidated financial statements of the Trust have been prepared in accordance with Canadian generally accepted accounting principles and are consistent with the accounting policies and method of their application used in the preparation of the audited consolidated financial statements as at and for the year ended December 31, 2005. The interim consolidated financial statements contain disclosures which are supplemental to the Trust's annual financial statements. They do not include all the information and disclosures required by Canadian generally accepted accounting principles applicable for annual financial statements and, therefore, they should be read in conjunction with the annual audited consolidated financial statements. Certain comparative figures have been reclassified to conform to the current period's financial statement presentation.

3 Acquisitions

Acquisitions during the three months ended March 31, 2006

- a) On February 10, 2006, the Trust completed the acquisition of a 51,060 square foot retail property in Calgary, Alberta for a purchase price of \$10,505. The purchase price was paid in cash, adjusted for other working capital amounts.
- b) On February 20, 2006, the Trust completed the acquisition of a 14.53-acre development property in Burlington, Ontario for a purchase price of \$11,264. The purchase price was paid in cash, adjusted for other working capital amounts.
- c) On March 14, 2006, the Trust completed the acquisition of a 186,016 square foot retail property in Kitchener, Ontario for a purchase price of \$28,723 paid for by assuming an existing mortgage of \$14,219 and the remainder in cash, adjusted for other working capital amounts.
- d) On March 16, 2006, the Trust acquired a 49.9% interest in a 50,095 square foot retail property in Hull, Quebec for a purchase price of \$5,139. The purchase price was paid in cash, adjusted for other working capital amounts.
- e) On March 30, 2006, the Trust completed the acquisition of a 17.78-acre development property in London, Ontario for a purchase price of \$11,093. The purchase price was paid in cash, adjusted for assumption of accounts payable and accrued liabilities and other assets.
- f) Pursuant to development agreements and the exchange agreement referred to in notes 4 and 5(a), the Trust completed the purchase of additional development space (Earnouts) from FirstPro Group of companies (First Pro) and Wal-Mart Canada Realty Inc. for \$23,288. Subsequent to quarter end, First Pro changed its name to Smart Centres.

Calloway Real Estate Investment Trust

Notes to Consolidated Financial Statement

(Unaudited) For the period ended March 31, 2006

(in thousands of dollars)

Consideration for the assets acquired during the three months ended March 31, 2006 is summarized as follows:

	Acquisitions \$	Earnouts \$	Total \$
Cash	52,055	12,719	64,774
Mortgages payable			
Assumed at fair value	14,219	-	14,219
Accounts payable and accrued liabilities assumed less other assets acquired	450	(113)	337
Class B units issued	-	1,912	1,912
Trust units issued	-	8,770	8,770
	66,724	23,288	90,012

The allocation of the purchase price of the acquisition during the three months ended March 31, 2006 to the assets acquired are summarized as follows:

	Acquisitions \$	Earnouts \$	Total \$
Income properties			
Tangible assets			
Land (i)	11,998	(214)	11,784
Buildings	20,880	17,488	38,368
Tenant improvements	4,630	2,235	6,865
	37,508	19,509	57,017
Intangible assets			
In-place lease	6,329	3,503	9,832
Tenant relationships	582	276	858
Below market leases	(52)	-	(52)
	6,859	3,779	10,638
	44,367	23,288	67,655
Properties under development	22,357	-	22,357
	66,724	23,288	90,012

i) The allocation of the purchase price of Earnouts in the above table does not include the cost of previously acquired land in the amount of \$4,623.

Calloway Real Estate Investment Trust

Notes to Consolidated Financial Statement

(Unaudited) For the period ended March 31, 2006

(in thousands of dollars)

Acquisitions during the three months ended March 31, 2005

- a) On March 10, 2005, the Trust completed the acquisition of a 100% interest in three retail properties and a 60% undivided interest in each of five other retail properties from the co-owners, FirstPro and Wal-Mart Canada Realty Inc. The purchase price of the properties was \$229,333 including costs of acquisition. Wal-Mart Canada Corp. operates stores in all eight centres. The purchase price was satisfied by a non-interest bearing mortgage on one of the properties provided by the vendors, the issuance of Development Agreement options, the assumption of accounts payable and accrued liabilities, and cash including amounts obtained from new debt financing on seven of the properties.
- b) Pursuant to Development Agreements and the Exchange Agreement referred to in notes 4 and 5(a), the Trust completed the purchase of additional development space (Earnouts) from FirstPro and Wal-Mart Canada Realty Inc. for \$6,473.
- c) The Trust completed two acquisitions from unrelated parties during the three months ended March 31, 2005 for a total purchase price of \$22,728.

Consideration for the assets acquired during the three months ended March 31, 2005 is summarized as follows:

	March 10, 2005 \$	Earnouts \$	Other \$	Total \$
Cash	220,066	4,798	14,749	239,613
Mortgages payable				
Assumed at fair value	-	-	7,979	7,979
Vendor take-back	5,997	-	-	5,997
Accounts payable and accrued liabilities assumed less other assets acquired	3,270	(235)	-	3,035
Trust Units issued	-	1,910	-	1,910
	<u>229,333</u>	<u>6,473</u>	<u>22,728</u>	<u>258,534</u>

The allocations of the purchase price of the acquisitions during the three months ended March 31, 2005 to the assets acquired are summarized as follows:

	March 10, 2005 \$	Earnouts \$	Other \$	Total \$
Income properties				
Tangible assets				
Land (i)	59,687	126	5,693	65,506

Land with a carrying value at March 31, 2006 of \$30,941 (December 31, 2005 - \$31,231) is subject to development acquisition agreements and the Exchange Agreement with FirstPro, the original vendor of the properties. FirstPro pays the Trust an opportunity fee ranging from 8% to 9% per annum of the aggregate undeveloped land cost as reduced from time to time upon the completion and rental of additional space that is purchased by the Trust. As the negotiated opportunity fee earned by the Trust reflects management's estimate of a fair market return for the lease of a productive asset, the fee is recognized as revenue. Pursuant to the development acquisition agreements and the Exchange Agreement, FirstPro has assumed the responsibility for the cost of developing the land. Included in this land subject to development acquisition agreements is land with a carrying value of \$6,753 for which FirstPro is obligated to repurchase any land remaining undeveloped at the end of the specified development period of five years (extendable to ten years under certain circumstances). The remaining land subject to development acquisition agreements with a carrying value of \$24,188 provides for a reduction, under certain circumstances at the end of the development period, of 15% of the Trust's obligations under a non-interest bearing development loan related to the land, which has a principal amount outstanding at March 31, 2006 of \$3,600. Upon the completion and rental of additional space on these lands the Trust is obligated to purchase the additional developments at a total price calculated by a formula using the net operating rents and predetermined negotiated capitalization rates (which range from 7.155% to 10.0%), on the date rent becomes payable on the additional space (Gross Cost). The actual price paid to FirstPro is the Gross Cost less the associated land cost (Net Cost). The Trust has provided a second mortgage on a specific property in the amount of \$10,000 to FirstPro as security for payment of the Net Cost.

For certain of this land, FirstPro has been granted the right, at its option, to receive up to 40% of the Gross Cost in Trust Units for developments completed pursuant to the development acquisition agreements, subject to a maximum number of units (note 11(c)). For other land, FirstPro has been granted the right, at its option, to receive up to 40% of the Gross Cost in Class B Units for developments completed pursuant to the Exchange Agreement, subject to a maximum number of units (note 11(c)).

The Trust has also provided financing to FirstPro to fund development costs (note 6(b)).

During the three months ended March 31, 2006, the Trust acquired 9,636 square feet (three months ended March 31, 2005 - 41,318 square feet) of retail space upon completion and rental of additional space by FirstPro at a Net Cost of \$1,611 (three months ended March 31, 2005 - \$6,473) (i.e., exclusive of the cost of land previously acquired). FirstPro elected to receive consideration of \$556 (three months ended March 31, 2005 - \$1,910) in Trust Units (note 11(c)).

Calloway Real Estate Investment Trust

Notes to Consolidated Financial Statement (Unaudited) For the period ended March 31, 2006

(in thousands of dollars)

As at March 31, 2006, four income properties with a cost of \$234,342 (December 31, 2005 - \$234,307) and a net book value of \$223,320 (December 31, 2005 - \$226,589) are subject to capital leases. Three of the income properties were acquired in 2005 under the terms of 35-year leases with FirstPro. FirstPro has the right to terminate the leases after ten years on payment to the Trust of the market value of a 35-year leasehold interest in the properties at that time and also has the right to terminate the leases at any time in the event any third party acquires 20% of the aggregate of the Trust Units and special voting units by payment to the Trust of the unamortized balance of any prepaid lease cost. The Trust prepaid its entire lease obligations of \$190,017, including prepaid land rent of \$47,157, under these lease agreements on July 8, 2005. There are no purchase options at the end of the lease term for these three income properties and, accordingly, the portion of the prepaid lease obligation attributable to land has been classified as prepaid land rent. Amortization of prepaid land rent is included in property operating costs in the consolidated statement of income. The fourth capital lease is described further in note 9(c).

During the three months ended March 31, 2006, unamortized tenant improvements and intangible assets relating to space that was vacated by tenants during the period, totalling \$nil (three months ended March 31, 2005 - \$2,744), were charged to amortization expense.

During the three months ended March 31, 2006, the Trust completed the development and leasing of income properties on property under development not subject to development management agreements (note 5 (b)). Costs in respect of land (\$6,665), building (\$22,718) and tenant improvements (\$44), have been reclassified from properties under development to income properties.

5 Properties under development

Properties under development consist of the following:

	March 31, 2006	December 31, 2005
	\$	\$
Properties under development subject to development management agreements (a)	47,005	56,025
Properties under development not subject to development management agreements (b)	101,174	99,792
	<u>148,179</u>	<u>155,817</u>

a) Properties under development subject to development management agreements

These properties under development are subject to development management agreements with FirstPro and Wal-Mart Canada Realty Inc. (together with the development acquisition agreements discussed in note 4, collectively referred to as the Development Agreements) and to an exchange, option and support agreement with FirstPro and the other vendors of the properties (the Exchange Agreement). Pursuant to the development management agreements and the Exchange Agreement, the vendors assume responsibility for managing the development of the land on behalf of the Trust and are granted the right for a period of five years to earn an Earnout Fee. The Trust is obligated to pay the Earnout Fee upon the completion and rental of additional space on these properties, on the date rent becomes payable on the additional space. Gross Cost is calculated by a formula using the net operating rents and predetermined negotiated capitalization rates (which range from 7.250% to 9.125%). The Earnout Fee is calculated as the Gross Cost less the associated land and development costs incurred by the Trust.

For certain of these properties under development, FirstPro has been granted the right, at its option, to receive up to 40% of the Gross Cost in Trust Units for developments completed pursuant to the development management agreements, subject to a maximum number of units (note 11(c)). For other properties under development, FirstPro has been granted the right, at

Calloway Real Estate Investment Trust

Notes to Consolidated Financial Statement (Unaudited) For the period ended March 31, 2006

(in thousands of dollars)

their option, to receive up to 40% of the Gross Cost in Class B Units for developments completed pursuant to the Exchange Agreement, subject to a maximum number of units (note 11(c)).

The vendors have provided non-interest bearing loans for the initial land acquisition costs and interest bearing loans to finance additional costs of developments (notes 10(c) and 10(b), respectively).

During the three months ended March 31, 2006, the Trust completed 109,892 square feet (three months ended March 31, 2005 - nil square feet) of retail space with a Gross Cost of \$12,260 (three months ended March 31, 2005 - \$nil) plus Earnout Fees paid to the vendors of \$9,417 (three months ended March 31, 2005 - \$nil). FirstPro elected to receive \$8,214 (three months ended March 31, 2005 - \$nil) in Trust Units and \$1,912 (three months ended March 31, 2005 - \$nil) in Class B Units (note 11(c)).

b) Properties under development not subject to development management agreements

These properties under development are being developed directly by the Trust. Pursuant to the Exchange Agreement, FirstPro and the other vendors are entitled to acquire Class B Units on the completion and rental of additional space on certain of these properties under development, subject to a maximum number of units (note 11(c)).

6 Mortgages and loans receivable

Mortgages and loans receivable consist of the following:

	March 31, 2006	December 31, 2005
	\$	\$
Mortgages receivable (a)	46,577	36,492
Loans receivable (b)	4,390	5,061
Mortgages receivable (c)	1,600	1,600
	<u>52,567</u>	<u>43,153</u>

- a) Mortgages receivable of \$46,577 (December 31, 2005 - \$36,492) have been provided pursuant to agreements with FirstPro in which the Trust will lend up to \$82,650 (December 31, 2005 - \$54,450) for use in acquiring and developing seven (December 31, 2005 - six) properties in Ontario and Quebec. These mortgages bear interest payable monthly at 7.25% to 9.25% (December 31, 2005 - 7.50% to 9.25%) and the principal amounts are due at the maturity of the mortgages at various dates in 2009 and 2011 (four to five years from the initial advance). The mortgages are secured by first or second charges on properties, assignments of rents and leases, and general security agreements. In addition, other FirstPro affiliated companies have provided certain limited indemnities and guarantees.
During the three months ended March 31, 2006, \$14,615 has been funded, offset by repayments of \$4,530.

The Trust has an option to acquire a 50% interest in the properties upon substantial completion at an agreed upon formula using the net operating rents and a capitalization rate based on the 10 year Government of Canada rate within a specified range. Should the capitalization rate exceed the upper limit, the owner is not obligated to sell, with one exception, when the owner is obligated to sell at the upper limit. Should the capitalization rate be less than the lower limit, then the lower limit is deemed to be the capitalization rate, with one exception, where no lower limit exists. During the year ended December 31, 2005, one property was completed and the Trust exercised its option to acquire a 50% interest. The acquisition was completed on July 8, 2005 at a cost of \$6,208. Two further options were exercised with the acquisitions closing on April 12, 2006 at a purchase price of \$11,082.

- b) Loans receivable at March 31, 2006 of \$4,390 (December 31, 2005 - \$5,061) have been provided pursuant to development acquisition agreements with FirstPro (note 4). The loans bear interest at rates that approximate the prime rate of a Canadian chartered bank plus rates ranging from 0.75% to 1.25% (December 31, 2005 - 0.75% to 1.25%). The loans receivable are repayable at the completion and rental of the properties under development. FirstPro has not provided any security in regard to the loans; however, the loan agreements stipulate that the proceeds of the loans are to be used to fund improvements to properties owned by the Trust.

Calloway Real Estate Investment Trust

Notes to Consolidated Financial Statement

(Unaudited) For the period ended March 31, 2006

(in thousands of dollars)

During the three months ended March 31, 2006, \$600 has been funded, offset by repayments of \$1,271.

- c) Mortgages receivable at March 31, 2006 of \$1,600 (December 31, 2005 - \$1,600) have been provided to a company in which a trustee of the Trust is an officer and director, are secured by second charges on two properties under development, bear interest at 12% per annum and are repayable in their entirety upon the earliest of the Trust purchasing the properties, the properties being sold to a third party and the day which is two years following the date of substantial completion of the properties. The Trust has an option to purchase the properties at a negotiated price, or failing agreement, at a price equal to 95% of the appraised value of the properties. The Trust has declined the option right on one of the properties. Mortgages receivable, which were provided to FirstPro, were secured by a second charge on two income properties, interest bearing at 9.00% and repayable in blended monthly instalments of \$78. These mortgages receivable were repaid in full on July 8, 2005. A mortgage receivable, which was secured by a second charge on an income property, was interest bearing at 11.75% and repayable in blended monthly instalments of \$3. It was repaid in full on April 5, 2005.

The estimated fair value of the mortgages and loans receivable is \$51,231 based on current market rates for mortgages and loans with similar terms and risks. Mortgages and loans receivable have not been reduced to their estimated fair values because it is currently the Trust's intent to hold them to maturity.

7 Deferred leasing costs

Deferred leasing costs consist of the following:

	March 31, 2006			December 31, 2005		
	Cost \$	Accumulated amortization \$	Net \$	Cost \$	Accumulated amortization \$	Net \$
Tenant inducements	724	165	559	579	140	439
Leasing costs	1,155	77	1,078	868	60	808
	<u>1,879</u>	<u>242</u>	<u>1,637</u>	<u>1,447</u>	<u>200</u>	<u>1,247</u>

8 Deferred financing costs

Deferred financing costs consist of the following:

	March 31, 2006			December 31, 2005		
	Cost \$	Accumulated amortization \$	Net \$	Cost \$	Accumulated amortization \$	Net \$
Deferred financing costs	8,370	1,444	6,926	8,181	1,167	7,014

For the three months ended March 31, 2006, \$159 (three months ended March 31, 2005 - \$nil) of unamortized deferred financing costs, relating to convertible debentures that have been converted, have been charged to equity (note 11(g)). Amortization of deferred financing costs are included in interest expense (note 10(g)).

(in thousands of dollars)

b) Interest bearing development loans

Interest bearing development loans total \$33,359 at March 31, 2006 (December 31, 2005 - \$34,420) and are detailed as follows:

- Development loans totalling \$24,104 at March 31, 2006 (December 31, 2005 - \$21,021) bear variable interest rates ranging from the prime rates of various Canadian chartered banks plus 0.375% to bankers' acceptance rates plus 2.00% on \$15,494 and a fixed rate of 10% on \$8,610, are secured by first and second registered mortgages over specific income properties and first general assignments of leases and insurance, and are subject to review annually.
- Development loans totalling \$9,255 at March 31, 2006 (December 31, 2005 - \$13,399) have been provided by FirstPro and Wal-Mart Canada Realty Inc. to finance additional costs of developments (note 5(a)). They bear variable interest rates at the bankers' acceptance rates plus 2%, are secured by first mortgages over specific income properties and income properties under development and first general assignments of leases, and are due the earlier of various dates in 2009 and 2010 or the date building construction is completed and the tenant is in occupancy and paying rent.

c) Non-interest bearing development loans

Non-interest bearing development loans have been provided by FirstPro and Wal-Mart Canada Realty Inc. to finance initial land acquisition costs (note 5(a)). These loans were initially measured at their estimated fair value using imputed interest rates ranging from 4.03% to 4.63%, are secured by first mortgages over specific income properties and properties under development and first general assignments of leases, and are due the earlier of various dates in 2009 and 2010 or the date building construction is completed and the tenant is in occupancy and paying rent. During the three months ended March 31, 2006, imputed interest of \$384 (three months ended March 31, 2005 - \$309) was capitalized to property under development.

d) Revolving operating facilities

The revolving operating facilities bear variable interest rates based on bank prime plus nil% to 0.375% (December 31, 2005 - nil% to 0.375%) and are secured by first charges over specific income properties, and first general assignments of leases and insurance, and are subject to review by July 15, 2006 and September 30, 2006.

	March 31, 2006	December 31, 2005
	\$	\$
Lines of credit available	80,000	80,000
Lines of credit outstanding	11,500	5,000
Letters of credit outstanding	14,797	15,386

e) Unsecured debentures

On September 22, 2005, the Trust issued \$200,000 of 4.51% Series A unsecured debentures due September 22, 2010 (the Unsecured Debentures) with semi-annual interest payments on September 22 and March 22 of each year. At March 31, 2006, the Unsecured Debentures are rated BBB with a stable trend by Dominion Bond Rating Services.

Calloway Real Estate Investment Trust

Notes to Consolidated Financial Statement

(Unaudited) For the period ended March 31, 2006

(in thousands of dollars)

f) Convertible debentures

On May 14, 2004, the Trust issued \$55,000 of 6.00% convertible unsecured subordinated debentures (the Convertible Debentures) due June 30, 2014. The Convertible Debentures are convertible at the holder's option at any time into Trust Units at \$17.00 per unit and are redeemable at the option of the Trust on or after June 28, 2010. The Convertible Debentures were divided into their liability and equity components, measured at their respective fair values at time of issue. During the three months ended March 31, 2006, \$4,444 of face value of the Convertible Debentures (three months ended March 31, 2005 - \$981) was converted into Trust Units (note 11(g)). At March 31, 2006, \$18,230 of face value of the Convertible Debentures was outstanding (December 31, 2005 - \$22,674).

g) Interest expense

Interest expense consists of the following:

	March 31, 2006	March 31, 2005
	\$	\$
Interest at stated rate	20,040	9,163
Amortization of mark-to-market adjustment	(1,049)	-
Amortization of deferred financing costs	328	161
	<hr/>	<hr/>
	19,319	9,324
Less: Interest capitalized to properties under development	(1,371)	(75)
	<hr/>	<hr/>
Interest expense	17,948	9,249
	<hr/>	<hr/>

h) Fair values

The estimated fair value of debt is approximately as follows:

	March 31, 2006	December 31, 2005
	\$	\$
Term mortgages	1,163,221	1,174,547
Development loans	78,638	84,948
Revolving operating facilities	11,500	5,000
Unsecured debentures	194,868	196,672
Convertible debentures	28,167	31,063
	<hr/>	<hr/>
	1,476,394	1,492,230
	<hr/>	<hr/>

11 Unit equity

The following presents the number of units issued and outstanding, and the related carrying value of unit equity, for the three months ended March 31, 2006 and the three months ended March 31, 2005:

a) Authorized units

i) Trust Units

The Trust is authorized to issue an unlimited number of voting trust units (Trust Units), each of which represents an equal undivided interest in the Trust. All Trust Units outstanding from time to time shall be entitled to participate pro rata in any distributions by the Trust and, in the event of termination or winding up of the Trust, in the net assets of the Trust. All Trust Units shall rank among themselves equally and rateably without discrimination, preference or priority. Unitholders are entitled to require the Trust to redeem all or any part of their Trust Units at prices determined and payable in accordance with the conditions provided for in the Declaration of Trust. A maximum amount of \$50 may be redeemed in total in any one month unless otherwise waived by the Board of Trustees.

The Trust is authorized to issue an unlimited number of special voting units that will be used to provide voting rights to holders of exchangeable securities. Special voting units are not entitled to any interest or share in the distributions or net assets of the Trust. Each special voting unit entitles the holder to the number of votes at any meeting of unitholders of the Trust, which is equal to the number of Trust Units into which the exchangeable security is exchangeable or convertible. Special voting units shall be cancelled on the issuance of Trust Units on exercise, conversion or cancellation of the corresponding exchangeable securities. At March 31, 2006, there were 13,020,236 (December 31, 2005 - 12,925,125) special voting units outstanding. There is no value assigned to the special voting units.

ii) Limited partnership units

An unlimited number of Class A Units, Class B Units and Class C Units may be issued by Calloway Limited Partnership (LP). Class A partners have five votes for each Class A Unit held, Class B partners have one vote for each Class B Unit held and Class C partners have no votes at meetings of the LP. The LP is under the control of the Trust.

Calloway Real Estate Investment Trust

Notes to Consolidated Financial Statement

(Unaudited) For the period ended March 31, 2006

(in thousands of dollars)

The Class A Units are entitled to all distributable cash of the LP after the required distributions on the Class B Units have been paid. At March 31, 2006, there were 3,080,000 (December 31, 2005 - 3,080,000) Class A Units outstanding. All Class A Units are owned indirectly by the Trust and have been eliminated on consolidation.

The Class B Units are non-transferable, except under certain circumstances, but are exchangeable into an equal number of Trust Units at the holder's option. Holders of Class B Units are entitled to receive distributions equivalent to the distributions on Trust Units. Each Class B Unit is entitled to one special voting unit, which will entitle the holder to receive notice of, attend and vote at all meetings of the Trust. The Class B Units are considered to be economically equivalent to Trust Units and accordingly have been presented as equity in these consolidated financial statements.

The Class C Units are entitled to receive 0.01% of any distributions of the LP and have nominal value assigned in the financial statements. The Class C Units are exchangeable at the holder's option into Class B Units upon the completion and rental of additional space on specific properties and payment of \$20.10 per unit (the Exchange Agreement options - see note 11(c)). At March 31, 2006, there were 8,074,222 (December 31, 2005 - 8,169,333) Class C Units outstanding.

b) Units issued

During the three months ended March 31, 2005, the Trust issued Trust Units for cash:

	Issued units	Issue price \$	Proceeds \$
March 10	<u>3,101,000</u>	19.35	60,004
Issue costs			<u>(1,946)</u>
			<u>58,058</u>

c) Development Agreement options and Exchange Agreement options

As part of consideration paid for certain income property acquisitions, the Trust has granted options in connection with Development Agreements and the Exchange Agreement (notes 4 and 5) with FirstPro and other vendors. Upon completion and rental of additional space on specific properties, the holder may elect to exercise the options and receive Trust Units, in the case of the Development Agreements options, and Class B Units by exchanging Class C Units, in the case of the Exchange Agreement options. The option strike prices were based on the market price of Trust Units on the date the substantive terms were agreed upon and announced.

Calloway Real Estate Investment Trust

Exchange Agreement July 2005	20.10	8,169,333	95,111	8,074,222	1,912

d) Unit option plan

On July 7, 2003, 560,000 unit options expiring on July 7, 2008 were granted at a strike price of \$10 per unit to employees and trustees. The status of the outstanding unit options as at March 31, 2006 is as follows:

	Outstanding	Vested
Balance - December 31, 2004	323,400	263,400
Vested	-	60,000
Exercised	<u>(318,400)</u>	<u>(318,400)</u>
Balance - December 31, 2005	5,000	5,000
Exercised	<u>(5,000)</u>	<u>(5,000)</u>
Balance - March 31, 2006	<u>-</u>	<u>-</u>

The Trust does not intend to issue any further options under this plan.

e) Deferred unit plan

During 2005, the Trust implemented a deferred unit plan. The plan entitles trustees and officers, at the participant's option, to receive deferred units in consideration for trustee fees or executive bonuses with the Trust matching the number of units received. The deferred units vest 50% on the third anniversary and 25% on each of the fourth and fifth anniversaries, subject to provisions for earlier vesting in certain events. The deferred units earn additional deferred units for the distributions that would otherwise have been paid on the deferred units (i.e., had they instead been issued as Trust Units on the date of grant). Once vested, participants are entitled to receive an equivalent number of Trust Units for the vested deferred units and the corresponding additional deferred units.

Calloway Real Estate Investment Trust

Notes to Consolidated Financial Statement

(Unaudited) For the period ended March 31, 2006

(in thousands of dollars)

The deferred unit plan was approved by unitholders on July 7, 2005 and the Trust granted 71,544 deferred units at a grant day value of \$1,545. The completion of the acquisition of properties on July 8, 2005, was defined to be a change of control for purposes of the deferred unit plan. This resulted in the immediate vesting of all outstanding deferred units at this date and the recognition of all unrecognized compensation expense in respect of these deferred units, in excess of initial amounts previously recorded for trustee fees and executive bonuses.

The status of the outstanding deferred units as at March 31, 2006 is as follows:

	Outstanding	Vested
Deferred units granted and vested on July 7, 2005	71,544	71,544
Deferred units granted	12,069	-
Additional deferred units earned on vested deferred units	2,326	2,326
Additional deferred units earned on unvested deferred units	46	-
	<hr/>	<hr/>
Balance - December 31, 2005	85,985	73,870
Deferred units granted during period	20,677	-
Additional deferred units earned on vested units	1,116	1,116
Additional deferred units earned on unvested deferred units	496	-
	<hr/>	<hr/>
Balance - March 31, 2006	<u>108,274</u>	<u>74,986</u>

f) Distribution reinvestment plan

The Trust enables holders of Trust Units to reinvest their cash distributions in additional units of the Trust at 97% of the weighted average unit price over the ten trading days prior to the distribution. The 3% bonus amount is recorded as an additional distribution and reinvestment.

g) Convertible debentures

During the three months ended March 31, 2006, \$4,444 (three months ended March 31, 2005 - \$981) of face value of the Convertible Debentures were converted into 261,404 (three months ended March 31, 2005 - 57,705) Trust Units. The face value of the Convertible Debentures, net of a discount of \$176 (three months ended March 31, 2005 - \$nil), plus a proportionate share of the equity component in the amount of \$176 (three months ended 31, 2005 - \$39), net of applicable unamortized deferred financing costs of \$159 (three months ended March 31, 2005 - \$nil), was added to Trust Unit capital.

12 Amortization expense

Amortization expense consists of the following:

	March 31, 2006	March 31, 2006
	\$	\$
Income properties		
Tangible assets	12,697	5,061
Intangible assets	9,679	5,871
Deferred leasing costs	21	17
	<hr/>	<hr/>
	<u>22,397</u>	<u>10,949</u>

Calloway Real Estate Investment Trust

Notes to Consolidated Financial Statement (Unaudited) For the period ended March 31, 2006

(in thousands of dollars)

13 Net income per unit

The following table sets forth the weighted average number of units outstanding for income per unit purposes:

	March 31, 2006	March 31, 2005
Trust Units	56,914,783	34,137,963
Class B Units	12,956,852	-
Vested deferred units	74,446	-
Basic	69,946,081	34,137,963
Effect of dilutive securities Unit options	406	122,794
Diluted	69,946,487	34,260,757

The impact of the potential exercise of Development Agreement options and Exchange Agreement options have not been included in the calculation of the weighted average diluted number of units outstanding because the conditions necessary for their issuance were not satisfied as at March 31, 2006. The impact of the unvested deferred units and the potential conversion of the Convertible Debentures into Trust Units has not been included in the calculation of the diluted number of units outstanding, as at March 31, 2006, as it has been determined to be anti-dilutive.

14 Supplemental cash flow information

The following summarizes supplemental cash flow information and non-cash transactions:

	March 31, 2006 \$	March 31, 2005 \$
Interest paid	22,164	8,453
Interest received	1,624	1,092
Mortgages assumed on acquisitions	14,219	7,979
Vendor take-back mortgages obtained on acquisitions	-	5,997
Development Agreement options and Exchange Agreement options issued as consideration for acquisitions	10,682	1,910
Liabilities assumed on acquisitions, net of other assets	337	3,035
Units issued under the distribution reinvestment plan	2,230	253
Units issued on conversion of debentures	4,444	981
Mortgages assumed by purchasers on sale of income properties	-	23,007
Distributions payable at period-end	8,493	4,621
Liabilities at period-end relating to additions to income properties and properties under development	2,325	3,014

15 Related party transactions

Transactions with related parties that are conducted in the normal course of operations have been recorded at the exchange amount. Monetary transactions with related parties that are not in the normal course of operations, but that result in a substantive change in the ownership interests of the item transferred, are recorded at the exchange amount.

As at March 31, 2006, FirstPro owned 8,602,410 Trust Units and 10,683,826 Class B Units, which represent approximately 27.4% of the issued and outstanding Trust Units and Class B Units, combined. FirstPro has options to acquire approximately 4,367,361 Trust Units pursuant to Development Agreements and approximately 7,651,220 Class B Units pursuant to the

Calloway Real Estate Investment Trust

Notes to Consolidated Financial Statement

(Unaudited) For the period ended March 31, 2006

(in thousands of dollars)

Exchange Agreement. Pursuant to its rights under the Declaration of Trust, as at March 31, 2006, FirstPro has nominated three trustees out of nine.

In addition to related party transactions and balances disclosed elsewhere in these consolidated financial statements, the following summarizes related party transactions and balances with FirstPro and other related parties:

	March 31, 2006 \$	March 31, 2005 \$
Related party transactions and balances with FirstPro		
Property management fees paid (included in property operating costs)	1,561	775
Development fees and other fees paid (capitalized to properties under development)	2,796	140
Interest expense (capitalized to properties under development)	138	75
Interest income from mortgages and loans receivable	913	812
Opportunity fees, head lease rents and operating cost recoveries received (included in rentals from income properties)	969	519
Rent and operating costs paid (included in general and administration expenses)	28	-
Legal and other administration services included in general and administration expenses	170	-

(in thousands of dollars)

16 Co-ownership interests

The following amounts, included in these consolidated financial statements, represent the Trust's proportionate share in co-ownership interests as at March 31, 2006 and as at December 31, 2005 and the statements of income for properties for the three months ended March 31, 2006 and 2005:

	March 31, 2006 \$	December 31, 2005 \$
Balance sheets		
Assets	374,929	365,914
Liabilities	(218,490)	(215,872)
Net assets	156,439	150,042
	March 31, 2006 \$	March 31, 2005 \$
Statements of operations		
Revenue	9,556	3,182
Expenses	10,300	3,324
Net loss	(744)	(142)
	March 31, 2006 \$	March 31, 2005 \$
Statements of cash flows		
Cash flows resulting from		
Operating activities	1,898	17,627
Financing activities	10,633	297,829
Investing activities	(10,480)	(317,047)

Management believes that the assets of the co-ownerships are sufficient for the purpose of satisfying such obligations. The remaining interests in these co-ownerships are owned by FirstPro (two properties) and third parties (five properties). The Trust's interests in these co-ownerships range from 49.9% - 60%.

17 Segmented information

The Trust owns, develops, manages and operates income properties located in Canada. In measuring performance, the Trust does not distinguish or group its operations on a geographical or any other basis and, accordingly, has a single reportable segment for disclosure purposes.

The Trust's major tenant is Wal-Mart Canada Corp., accounting for 30.6% of the Trust's March 2006 rental revenue (March 31, 2005 - 34.3%).

18 Assets held for sale, assets sold and discontinued operations

During the three months ended March 31, 2005, the Trust completed the sale of two income properties (348,225 square feet) for gross proceeds of \$69,250 resulting in a gain from sale of \$12,226.

Calloway Real Estate Investment Trust

Notes to Consolidated Financial Statement

(Unaudited) For the period ended March 31, 2006

(in thousands of dollars)

The Trust has entered into an agreement to sell a 126,792 square foot industrial property located in Calgary, Alberta. The proceeds will be settled by an assumption of a mortgage of \$4,056 and the remaining \$7,644 in cash. The estimated gain on sale will approximate \$5,002. The transaction is anticipated to close in May 2006. This property was classified as held for sale at March 31, 2006 and December 31, 2005.

The following tables set forth the balance sheets associated with the income property classified as held for sale as at March 31, 2006 and as at December 31, 2005 and the statements of income for properties sold and held for sale for the three months ended March 31, 2006 (1 income property) and 2005 (8 income properties):

19 Risk management and fair value

The Trust is exposed to certain financial risks, including changes in interest rates, the credit quality of its tenants and environmental matters. The Trust manages these risks as follows:

a) Interest rate risk

The majority of the Trust's debt is financed at fixed rates with maturities staggered over a number of years, thereby mitigating its exposure to changes in interest rates.

Calloway Real Estate Investment Trust

Notes to Consolidated Financial Statement

(Unaudited) For the period ended March 31, 2006

(in thousands of dollars)

A portion of the Trust's debt is financed at variable rates. From time to time, the Trust may enter into interest rate swap contracts to modify the interest rate profile of its variable rate debt without an exchange of the underlying principal amount. There were no interest rate swaps or other derivative financial instruments outstanding as at December 31, 2005 or March 31, 2006.

b) Credit risk

Credit risk arises from the possibility that tenants may experience financial difficulty and be unable to fulfill their lease commitments. The Trust mitigates this risk of credit loss by ensuring that its tenant mix is diversified and by limiting its exposure to any one tenant except Wal-Mart Canada Corp. and government agencies. Further risks arise in the event that borrowers default on the repayment of amounts owing to the Trust. The Trust endeavours to ensure adequate security has been provided in support of mortgages and loans receivable.

c) Environmental risk

As an owner of real property, the Trust is subject to various federal, provincial and municipal laws relating to environmental matters. Such laws provide a range of potential liability, including potentially significant penalties, and potential liability for the costs of removal or remediation of certain hazardous substances. The presence of such substances, if any, could adversely affect the Trust's ability to sell or redevelop such real estate or to borrow using such real estate as collateral and, potentially, could also result in civil claims against the Trust. As required by the Declaration of Trust, and in accordance with best management practices, Phase 1 audits are completed on all properties prior to acquisition. Further investigation is conducted if Phase 1 tests indicate a potential problem. In addition, the standard lease restricts tenants from carrying on environmentally hazardous activities or having environmentally hazardous substances on site. The Trust has obtained environmental insurance on certain assets to further manage risk.

20 Commitments and contingencies

The Trust has certain obligations and commitments pursuant to Development Agreements as disclosed in notes 4 and 5(a) and also has entered into various development contracts totalling \$8,835. In addition, the Trust is committed to complete the acquisition of two properties under development.

The Trust has entered into agreements with FirstPro in which the Trust will lend monies to FirstPro as disclosed in note 6(a). The maximum amount that may be provided under the agreements totals \$82,650.

The Trust has entered into an agreement to purchase a 144,377 square foot retail income property in Ontario at a price of approximately \$34,800 to be paid for by assuming an existing mortgage, issuance of equity units and cash.

One of the Trust's income properties is subject to a land lease requiring annual lease payments of \$205. The annual lease payment increases to \$220 in 2007. The lease expires November 2011 and the Trust has an option to extend for a further ten years.

Letters of credit totalling \$17,206 have been issued on behalf of the Trust by the Trust's bank as security for mortgages and for maintenance obligations to municipal authorities.

The Trust indemnifies its trustees and officers against any and all claims or losses reasonably incurred in the performance of their services to the Trust to the extent permitted by law.

The Trust, in the normal course of operations, is subject to a variety of legal and other claims. Management and the Trust's legal counsel evaluate all claims on their apparent merits and accrue management's best estimate of the likely cost to satisfy such claims. Management believes that the outcome of current legal and other claims filed against the Trust will not have a significant impact on the Trust's consolidated financial statements.

Calloway Real Estate Investment Trust

Notes to Consolidated Financial Statement

(Unaudited) For the period ended March 31, 2006

(in thousands of dollars)

21 Subsequent events

On April 12, 2006, the Trust acquired four retail properties (152,404 square feet) from First Pro for total consideration of \$38,730 in cash. Included in the four, are two properties (50,659 square feet) where the Trust exercised its option to acquire the remaining 50% interest that the Trust did not already own at a purchase price of \$11,083.

On April 13, 2006, the Trust completed the issuance of 8,500,000 trust units for \$26.60 per unit for gross proceeds of \$226,100 and net proceeds of \$217,056. The issuance was made under the Trust's base shelf prospectus dated September 14, 2005 qualifying the issue of up to \$2,000,000 in debt or equity securities.

On April 27, 2006, the Trust completed the purchase of earnouts totalling 14,756 square feet of development space from First Pro for \$3,960. The purchase price was satisfied through the issuance of 73,660 Trust units with a value of \$1,304, the issuance of 13,929 Class B Limited Partnership units with a value of \$280, and the balance in cash.

The Trust has entered into two agreements to acquire two income properties (377,266 square feet) in British Columbia at a purchase price of approximately \$46,283 to be paid for in cash. The expected closings are in May 2006.

Management's Discussion and Analysis Of Results of Operations and Financial Condition
As at March 31, 2006

Management's Discussion and Analysis (the "MD&A") sets out Calloway Real Estate Investment Trust's ("Calloway" or the "Trust") strategies and provides an analysis of the financial performance for the three months ended March 31, 2006, significant risks facing the business, and management's outlook.

This MD&A of the results of continuing operations and financial condition for the three months ended March 31, 2006, compared with the prior quarter ending December 31, 2005 should be read in conjunction with the Trust's audited consolidated financial statements and the accompanying notes for the years ended December 31, 2005 and 2004 and unaudited financial statements for the three months ended March 31, 2006. The MD&A is based on financial statements prepared in accordance with Canadian generally accepted accounting principles ("Canadian GAAP").

The MD&A is dated May 10, 2006, which is the date of the press release announcing Calloway's results for the three months ended March 31, 2006. Disclosure contained in this document is current to that date, unless otherwise noted.

Readers are cautioned that certain terms used such as; "Funds from Operations (FFO)", "Adjusted Funds from Operations (AFFO)", "Distributable Income (DI)", "Net Operating Income (NOI)", "Book Value" and any related per unit amounts used to measure, compare and explain the operating results and financial performance of Canadian real estate entities are not recognized terms under Canadian GAAP. These terms are defined in this report and reconciled to the accompanying financial statements. Such terms do not necessarily have a standardized meaning and may not be comparable to similarly titled measures presented by the other publicly traded entities.

Certain statements in this MD&A are "forward looking statements" that reflect management's expectations regarding Calloway's future growth, results of operations, performance and business prospects and opportunities. All statements other than statements of historical fact contained in this MD&A are forward looking statements including, without limitation, statements regarding the timing and amount of distributions and the future financial position, business strategy, proposed acquisitions, plans and objectives of the Trust or its subsidiaries. Such forward-looking statements reflect management's current beliefs and are based on information currently available to management. Forward-looking statements involve significant risks and uncertainties. A number of factors could cause actual results to differ materially from the results discussed in the forward-looking statements. Although the forward looking statements contained in this MD&A are based upon what management believes to be reasonable assumptions, Calloway cannot assure investors that actual results will be consistent with these forward looking statements. The forward-looking statements contained herein are expressly qualified in their entirety by this cautionary statement. These forward looking statements are made as at the date of this MD&A and Calloway assumes no obligation to update or revise them to reflect new events or circumstances unless otherwise required by applicable securities legislation.

Prior period results have been reclassified to conform to the presentation adopted in the current period. Generally, these reclassifications were made to realign revenues and expenses associated with discontinued operations, as defined by Canadian GAAP.

All amounts in the MD&A are in thousands of Canadian dollars, except where otherwise stated. Per unit amounts are on a diluted basis, except where otherwise stated.

Business Overview and Strategic Direction

Calloway is an unincorporated "open-ended" mutual fund trust governed by the laws of the Province of Alberta. The Trust units and the convertible debentures are publicly traded and listed on the Toronto Stock Exchange ("TSX") under the symbol "CWT.UN" and "CWT.DB", respectively.

Calloway's objectives are to provide unit holders with stable and growing tax deferred cash distributions through the acquisition, development and operation of a portfolio of well-located, primarily large format unenclosed retail centres in Canada; and to enhance the value of Calloway's assets and unit value through effective management, and long-term leasing and re-development.

As at March 31, 2006, Calloway owned 99 shopping centres and 2 industrial buildings with a gross leaseable area of 15.2 million square feet, located in communities across Canada. These centres are focused on providing value to the customers in those communities. Wal-Mart is the largest tenant in the Trust's portfolio and anchors 79 of Calloway's shopping centres as either a tenant under a long-term lease (58) or as an owner (21) operating a store as an integrated part of the centre (a "shadow" anchor). Calloway's centres are conveniently located close to major highways, which, along with the anchor stores, provide significant draws to the Calloway portfolio, attracting both value-oriented consumers and retailers.

Quarterly Highlights

- Acquired 262,000 square feet of retail space in two shopping centres and a 49.9% interest in a third for \$44.4 million.
- Acquired 32.31 acres of land with future development potential of 314,700 square feet for \$22.4 million.
- Committed an additional \$33.4 million to two new mezzanine loans, and advanced \$14.6 million under these and other existing agreements.
- Opened new Wal-Mart stores in three development properties, two leased and one "shadow".

Real Estate Assets

As at March 31, 2006, real estate assets totalled \$2,506.0 million, an increase of \$81.1 million during the quarter. Real estate assets include income properties (\$2,303.6 million), properties under development (\$148.2 million), mortgage and loan receivables (\$52.6 million) and deferred leasing costs (\$1.6 million). The portfolio consists of 15.2 million square feet of built gross leaseable area and 3.6 million square feet of future potential gross leaseable area in 101 properties. The portfolio is located across Canada with assets in each of the ten provinces. The Trust targets major urban centres and shopping centres that are dominant in their trade area. By selecting well-located centres, Calloway attracts quality tenants at economic rental rates.

Income Properties

Income properties total \$2,303.6 million, an increase of \$78.9 million during the quarter.

(000's)	\$
Income properties – December 31, 2005	2,224,711
Acquisition of income properties	44,365
Development completed in existing properties (\$45,966 of which is transferred from properties under development)	56,994
Building, equipment and tenant improvement additions on existing properties	240
Increase in accumulated amortization	(22,683)
Net additions to income properties	78,916
Income properties – March 31, 2006	2,303,627

Acquisitions

During the quarter, the Trust acquired two retail properties and a 49.9% interest in another centre, adding an additional 262,000 square feet of rentable area. The purchase price totalled \$44.4 million and was satisfied by the assumption of an existing mortgage totalling \$14.2 million and the balance in cash.

Development of Existing Properties

Certain income properties acquired by the Trust included lands for future developments. Pursuant to exchange agreements and development agreements, the vendors assume responsibility for managing the developments on behalf of the Trust for additional proceeds ("Earnouts") calculated based on a pre-determined rate of return, net of land and development costs incurred by the Trust.

During the quarter, \$56.9 million of development was completed. The Trust acquired 119,500 square feet of retail space for \$23.2 million pursuant to agreements. Properties under development of \$29.4 million were completed and transferred. In addition, \$4.3 million of land held by the Trust was transferred from properties under development.

Income Properties include approximately \$30.9 million related to certain properties, which are subject to development acquisition agreements with SmartCentres (which changed its name effective April 21, 2006 from First Professional Shopping Centres). These agreements provide that SmartCentres assumes responsibility for managing the development of these properties, including the cost of developing the land. The additional proceeds are calculated based on pre-determined capitalization rates ranging from 7.155% to 10%. SmartCentres also has the right, at its option, to subscribe up to 40% of the proceeds for any new developments in Trust units at purchase prices of \$10.00, \$10.50 and \$20.10 per unit up to 199,475 Trust units, 1,800,000 Trust units and 1,500,000 Class "B" partnership units, respectively. The Class "B" partnership units are exchangeable into Trust units on a one for one basis. The Trust provides financing to SmartCentres for the development costs of the additional developments. SmartCentres pays the Trust a fee equal to 9% per annum, on the value of lands purchased in October 2003, and 8% per annum, on the value of certain lands purchased in July 2005. The value of lands subject to development financing is reduced from time to time upon the completion and rental of additional space. As the negotiated fee earned by the Trust reflects management's estimate of a fair market return for the use of a productive asset, the fee is recognized as revenue. At March 31, 2006, there was an estimated 546,826 square feet of developable area that management anticipates will be completed over the next five years at a cost of \$65.2 million.

Capital Expenditures, Tenant Inducements, and Leasing Commissions

Capital expenditures totalling \$147, tenant inducements totalling \$93 and leasing commissions totalling \$436 were incurred during the quarter. Management expects to incur \$1.5 million in capital expenditures and \$1.0 million in tenant inducements and leasing commissions during the current year.

Properties Under Development

As at March 31, 2006, properties under development totalled \$148.2 million compared to \$155.8 million at December 31, 2005. The net reduction of \$7.6 million, which includes the development and leasing of two Wal-Mart stores (\$29.4 million) and completion of earnouts (\$16.6 million), is as follows:

(000's)	\$
Properties under Development – December 31, 2005	155,817
Acquisition of properties under development	22,357
Development costs incurred	15,971
Development completed in existing properties – costs	(45,966)
Net reduction to properties under development	(7,638)
Properties under Development – March 31, 2006	148,179

Properties under development totalling approximately \$47.0 million are subject to development management agreements with SmartCentres and Wal-Mart Canada Realty Inc., and to an exchange option and support agreement with SmartCentres and other vendors. The vendors assume responsibility for managing the development on behalf of the Trust for additional proceeds calculated based on pre-determined capitalization rates ranging from 7.25% to 9.125%. Costs during the development period are paid for by the Trust and are funded through interest bearing development loans provided by the vendors. Upon the completion of the development and the commencement of lease payments by a tenant, the additional proceeds are paid by the Trust, net of land and development costs incurred. SmartCentres also has the right, at its option, to subscribe for up to 40% of the proceeds in Trust units based on prices

ranging from \$14.00 per unit to \$20.10 per unit, as well as the right to subscribe for up to 1,750,000 Class "B" partnership units, (which are exchangeable into Trust units on a one for one basis) at a price of \$20.10 per unit. At March 31, 2006, there was an estimated 1,412,228 square feet of developable area related to these agreements that management anticipates will be completed over the next five years at an estimated cost of \$190.0 million.

Properties under development totalling approximately \$78.5 million are subject to an exchange, option and support agreement with SmartCentres and other vendors of the properties. Pursuant to the agreement, the Trust is responsible for managing the development of the properties under development and the vendors are granted the right for a period of five years to subscribe for up to 5,250,000 Class "B" units at a price of \$20.10, upon the completion and rental of additional space. At March 31, 2006, there is an estimated 1,314,244 square feet of developable area related to these agreements that management anticipates will be completed over the next five years at an estimated cost of \$144.7 million.

The Trust purchased an estimated 314,669 square feet of developable area during the first quarter of 2006, totalling approximately \$22.7 million (including \$300 of costs incurred subsequent to acquisition), which are not subject to any development; management; or exchange, option and support agreement. The Trust is responsible for managing the development of these lands, and anticipates completion over the next five years at an estimated cost of \$48.7 million.

⁽¹⁾ Adjustments in Future Development are increases/(decreases) to initial and previous periods' estimates, and are based on Management's estimates at March 31, 2006. Adjustments include acquisition of lands for development and site plan changes due to items such as, but not limited to: certification of areas; intensification of allowable density; tenant requirements; successful property re-zonings and parking requirements.

Mortgage and Loan Receivables

(000's)	March 31, 2006	December 31, 2005
	\$	\$
Mortgage Receivables	48,177	38,092
Loan Receivables	4,390	5,061
	52,567	43,153

Mortgage Receivables

In addition to direct property acquisitions, Calloway provides mezzanine financing to developers, which includes options to acquire an interest in the related property upon substantial completion. This program provides a significant pipeline of future property acquisitions, which is particularly important in the current competitive acquisition market.

As at March 31, 2006, mortgages totalling \$46.6 million, secured by first or second charges on the properties, have been advanced to SmartCentres. During the quarter, the Trust entered two agreements with SmartCentres to lend up to \$33.4 million for use in acquiring and developing properties in Caledon and Simcoe County, Ontario. The Trust advanced \$10.4 million against these mortgages. A further \$4.2 million was advanced against existing mortgages, and one mortgage totalling \$4.5 million was repaid. The mortgages are interest only with rates that range from 7.5% to 9.25%. The mortgages mature on various dates between 2009 and 2011. The mortgages include an option entitling the Trust to acquire a 50% interest in the properties upon substantial completion at an agreed upon formula. Options were exercised on the St. Jerome and St. John's properties and closed on April 13, 2006.

Two mortgages to another borrower, totalling \$1.6 million, are outstanding at quarter end. These loans are secured by second charges on two properties under development, bear interest at 12% per annum, and are due the earlier of two years after substantial completion, upon the sale of the property or when the Trust exercises its option to acquire. The mortgage includes an option to purchase the properties, however, the Trust elected not to exercise its option on one of the properties. A trustee of Calloway is an officer and director of the borrower.

Loan Receivables

Pursuant to development agreements with SmartCentres, the Trust has advanced loans to fund the cost of improvements on six of Calloway's properties.

As at March 31, 2006, loans receivable totalling \$4.4 million have been advanced. The loans bear interest at rates that approximate the prime rate of a Canadian chartered bank plus rates ranging from 0.75% to 1.25% and are repayable upon completion and the commencement of rental payments. During the quarter, the Trust advanced \$600 against two properties and received principal repayment of \$1.3 million on six properties, including one property that was repaid in full.

Amounts Receivable

As at March 31, 2006 amounts receivable increased to \$34.9 million from \$26.7 million as at December 31, 2005. This increase is primarily the result of an increase in tenant receivables relating to accrued recoverable property taxes, which can only be collected when the municipalities invoice the Trust.

Debt

(000's)	March 31, 2006 \$	December 31, 2005 \$
Term mortgages	1,147,494	1,139,458
Unsecured debentures	200,000	200,000
Development loans	78,638	84,948
Convertible debentures	17,777	22,029
Operating facilities	11,500	5,000
Subtotal	1,455,409	1,451,435
Less: debt related to assets held for sale	(4,034)	(4,056)
Total	1,451,375	1,447,379

Calloway's Declaration of Trust limits Calloway's indebtedness to a maximum of 60% of gross book value (excluding convertible debentures) and 65% including convertible debentures. Gross book value is defined as total assets plus accumulated amortization of income properties. Total indebtedness (excluding convertible debentures) as a percentage of gross book value was 53.7% as at March 31, 2006 (December 31, 2005 - 54.0%). Total debt (including convertible debentures) as a percentage of gross book value was 54.4% as at March 31, 2006 (December 31, 2005 - 54.9%). Management anticipates Calloway will be able to renew its mortgage debt as it matures.

On April 13, 2006 the Trust issued an additional 8,500,000 units for gross proceeds of \$226.1 million (net proceeds of \$217.1 million), reducing the ratio of indebtedness to gross book value to 49.7% (excluding convertible debentures) and 50.3% (including convertible debentures). The Trust has no off balance sheet debt at March 31, 2006.

Term Mortgages

As at March 31, 2006 term mortgages increased to \$1,147.5 million from \$1,139.4 million as at December 31, 2005, an increase of \$8.1 million. This increase is primarily the result of the assumption of a mortgage on acquisition (\$14.2 million) offset by mark-to-market adjustment (\$1.0 million) and principal repayments. The term mortgages payable bear interest at a weighted average contractual interest rate of 6.07% (December 31, 2005 - 6.06%) and mature between 2006 and 2025. Including mark-to-market adjustments, the effective weighted average interest rate on term mortgages is 5.97%. The weighted average years to maturity, including the timing for payments of principal and debt maturing, is 9.2 years. Future principal payments as a percentage of term mortgages are as follows:

Term Facilities	Payments of Principal \$	Debt Maturing During Year \$	Total \$	Total %
2006 (remainder)	17,587	11,643	29,230	2.6
2007	24,358	1,337	25,695	2.3
2008	25,742	3,832	29,574	2.6
2009	26,651	34,682	61,333	5.4
2010	27,559	24,070	51,629	4.6
2011	28,154	60,055	88,209	7.8

Thereafter	102,218	358,141	460,359	40.8
TOTAL	352,227	776,097	1,128,324	100.0
Mark-to-market adjustment			19,170	
			1,147,494	

Unsecured Debentures

As at March 31, 2006 the Trust has, issued and outstanding, \$200 million of 4.51% Series "A" unsecured debentures, with interest payable semi annually on September 22 and March 22, due September 22, 2010. The debentures are rated "BBB" by Dominion Bond Rating Services.

Development Loans

Development loans totalling \$78.6 million (December 31, 2005 - \$84.9 million) are outstanding as at March 31, 2006 of which \$33.4 million (December 31, 2005 - \$34.4 million) are interest bearing and \$45.2 million (December 31, 2005 - \$50.5 million) are non-interest bearing.

Interest bearing loans

Pursuant to purchase and sale agreements, the vendor, FirstPro/WM Partnership, agreed to finance the costs associated with the construction and lease up of undeveloped lands for certain assets. Development loans totalling \$9.3 million have been advanced from FirstPro/WM Partnership under the agreements. These loans bear variable interest rates at bankers' acceptance rate ("B/A") plus 2% and are secured by first mortgages over specific income properties and properties under development, and general assignment of leases; and are due the earlier of various dates in 2009 and 2010 or the date building construction is completed and the tenant is in occupancy and paying rent.

Calloway has also borrowed from third party lenders to finance construction and leasing costs of various other properties. Development loans totalling \$24.1 million bear variable interest rates ranging from the prime rates of various Canadian chartered banks plus 0.375% to 2.00% on \$15.5 million in loans and a fixed rate of 10% on the remaining \$8.6 million. These loans are secured by first and second mortgages registered on income properties, and a general assignment of leases.

Non-Interest Bearing Loans

FirstPro/WM Partnership has provided non-interest bearing loans to finance certain land acquisition costs. An imputed annual cost has been calculated at rates ranging from 4.03% to 4.63% and the loans

are secured by first mortgages over specific income properties and development properties and a general assignment of leases, and are due the earlier of various dates in 2009 and 2010 or the date building construction is completed and the tenant is in occupancy and paying rent.

Convertible Debentures

On May 14, 2004, Calloway issued \$55 million of 6.0% convertible unsecured subordinated debentures due June 30, 2014. The debentures are convertible at the holder's option into trust units at \$17.00 per unit. The units are redeemable at the option of Calloway in cash or units on or after June 28, 2010. During the quarter, debenture holders have elected to convert \$4.4 million (three months ended December 31, 2005 - \$3.3 million) into trust units. As of March 31, 2006, convertible debentures outstanding totalled \$17.8 million (\$18.2 million at face value).

Fair value of options issued	-	10,675
Equity component of debentures	-	-
Net income for the year	7,249	26,752
Distributions for the year	(25,443)	(69,484)
Unitholders' equity – closing balance	1,057,028	1,058,027

As at March 31, 2006, unitholders' equity totalled \$1,057.0 million (December 31, 2005 - \$1,058.0 million), including \$700 pertaining to the allocation of the equity component of convertible debentures. As at March 31, 2006, paid in capital totalled \$1,135.0 million and units outstanding, including Class "B" units of a subsidiary partnership totalled 70,474,651. During the quarter, the Trust issued 904,320 trust units and 95,111 Class "B" units.

Holders of \$4.4 million of face value of the Convertible Debentures elected to convert and received 261,404 trust units. The Trust's capital was increased \$4.1 million as a result of these conversions.

Development and Exchange agreement options that enable SmartCentres to acquire units at pre-determined prices were exercised resulting in 548,408 Trust units and 95,111 Class "B" units being issued. The proceeds from units totalled \$8.8 million and \$1.9 million, respectively, which are included in issuance of units.

The holders of the remaining 5,000 unit options outstanding at December 31, 2005 exercised those options during the quarter at a strike price of \$10 per unit. The Trust's capital was increased by \$50 as a result of this transaction. The Trust does not intend to issue any further options under this plan.

Distributions by the Trust totalled \$25.4 million in the first 3 months of 2006 (2005 - \$10.9 million) or \$0.362 per unit (2005 - \$0.315 per unit). The Trust paid \$23.2 million in cash and the balance by issuing 89,508 units under the distribution re-investment plan.

Capital Resources

As at March 31, 2006, the Trust has sufficient capital resources to meet its future commitments. The details of its capital resources are as follows:

	\$
Cash and cash equivalents	3,405
Unused operating facilities	53,703
Total capital resources at March 31, 2006	<u>57,108</u>

The debt to gross book value as defined in the Trust deed at March 31, 2006 is 53.7%. If the Trust utilized its unused operating facility and increased its debt to gross book value to 57.5% (the mid-point of the Trust's target range of 55% to 60%) it could raise an additional \$186.6 million. Short-term fluctuations in working capital are funded through pre-established operating lines.

Results of Operations

The real estate portfolio has grown substantially through acquisitions and earnouts during the course of the past twelve months. As a result, there are substantial increases in company operating activity components when comparing quarter end results for March 31, 2006 to March 31, 2005. The fourth quarter 2005 results have therefore also been included to provide a more meaningful comparison to current operations.

Revenues in the first quarter of 2006 totalled \$73.8 million, compared with \$67.9 million in the fourth quarter 2005. Rentals from income properties totalling \$72.3 million account for 98.0% of revenues and are diversified by geographic location and tenant.

Based on March 2006 revenues

Wal-Mart is the Trust's largest tenant, representing 30.6% of total revenues, followed by the Reitmans Group at 3.8%. The five largest tenants account for 45.0% of portfolio revenue as follows:

Tenants	% of Revenues
Wal-Mart	30.6%
Reitmans Group of Companies	3.8%
Best Buy / Future Shop	3.7%
Mark's Work Wearhouse	3.5%
HBC	3.4%

Net Operating Income

Net operating income from continuing operations, defined as income from rental properties less operating expenses, increased 4.1% to \$47.1 million from \$45.2 million in the previous quarter, and increased 122% from \$21.2 million in the same quarter in 2005.

(000's)	Three months ended March 31, 2006 \$	Three months ended December 31, 2005 \$	Three months ended March 31, 2005 \$
Same property	19,191	19,221	19,177
2006 acquisitions	199	-	-
2005 acquisitions	25,246	24,831	1,965
Earnouts	2,477	1,190	54
Net operating income	47,113	45,242	21,196

The \$1.9 million increase in NOI over the previous quarter is primarily due to income from space acquired under the terms of earnouts from SmartCentres (\$1.3 million) and acquisitions made in 2005 and 2006 (\$614). Compared to the same period in 2005, the increase in NOI of \$25.9 million was primarily due to acquisitions (\$23.5 million) and earnouts from SmartCentres (\$2.4 million) in 2005 and 2006.

Lease Expiries

As at March 31, 2006, the portfolio has a vacancy rate of 0.9% or 147,348 square feet. Forward commitments of approximately 21,000 square feet of leased tenancies have been executed, and will take possession and open in the existing vacant space during the next few quarters. Only 12.7% of leases are expiring over the next five years with 227,731 square feet, or 1.50% of space, expiring for the balance of 2006.

Year of Expiry	Area	%
2006 (remainder)	227,731	1.5
2007	282,285	1.9
2008	397,729	2.6
2009	334,654	2.2
2010	677,991	4.5
Beyond	13,091,663	86.4
Vacant	147,348	0.9
TOTAL	15,159,401	100.00

Interest

(000's)	Three months ended March 31, 2006 \$	Three months ended December 31, 2005 \$	Three months ended March 31, 2005 \$
Interest at contract rate	20,041	20,026	9,164
Mark to market adjustment	(1,049)	(1,134)	-
Amortization of deferred financing costs	327	289	160
	<u>19,319</u>	<u>19,181</u>	<u>9,324</u>
Less: capitalized interest	(1,371)	(1,586)	(75)
Interest expense	<u>17,948</u>	<u>17,595</u>	<u>9,249</u>

Interest costs incurred during the first quarter of 2006 totalled \$19.3 million, net of the \$1.0 million mark-to-market adjustment. Interest capitalized to properties under development totalled \$1.4 million and the balance of \$17.9 million was expensed. In the fourth quarter 2005, interest costs totalled \$19.1 million and \$1.6 million was capitalized to properties under development. The increase in interest expense was a result of acquisitions made during 2006 and funds borrowed to complete the development of certain properties. Capitalized interest decreased from the previous quarter due to the completion of development of certain income properties. The weighted average interest rate of total debt capital, including the adjustment for mark to market amortization, is 5.60% (Dec 31, 2005 – 5.56%). Compared to the same period in 2005, the increase in interest of \$8.7 million was primarily due to additional debt incurred due to acquisitions and earnouts in 2005 and 2006.

Amortization

(000's)	Three months ended March 31, 2006 \$	Three months ended December 31, 2005 \$	Three months ended March 31, 2005 \$
Income properties			
-tangible assets	12,697	12,689	5,061
-intangible assets	9,679	9,947	5,871
Deferred leasing costs	21	43	17
	<u>22,397</u>	<u>22,679</u>	<u>10,949</u>

Amortization of \$22.4 million in 2006 has decreased \$282 from the fourth quarter of 2005. This decrease is due to the disposition of two

income properties in December 2005. Compared to the same period in 2005, the increase in amortization of \$11.4 million was primarily due to acquisitions and earnouts in 2005 and 2006.

General and Administrative

(000's)	Three months ended	Three months ended	Three months ended
	March 31, 2006	December 31, 2005	March 31, 2005
	\$	\$	\$
Salaries and benefits	307	869	219
Public company costs	294	84	189
Professional fees	296	215	95
Rent and occupancy	92	130	76
Other	127	274	29
	1,116	1,572	608

General and administrative expenses decreased \$456 from the previous quarter mainly due to year end bonus accruals, severance and other office relocation costs recorded in fourth quarter, offset by professional fees and public company costs recorded in 2006. Compared to the same period in 2005, the increase in general and administrative expenses of \$508 was primarily due to the overall growth of the Trust in 2005 and 2006.

Income from Discontinued Operations

Income from discontinued operations totaled \$125 in 2006 compared to \$1,004 in the prior quarter. In the fourth quarter of 2005 the Trust sold two properties for proceeds of \$5.5 million and recorded a gain on sale of \$921. In 2006 there were no property sales.

For the quarter ended March 31, 2006, cash provided from operating activities was \$124, offset by cash used in financing activities of \$22. There were no investing activities in the period.

⁽¹⁾ Diluted FFO, DI and AFFO per unit are adjusted for the dilutive effect of the convertible debentures, which are not dilutive for net income purposes. To calculate diluted FFO, DI and AFFO per unit for the three months ended March 31, 2006 and 2005, convertible debenture interest of \$314 and \$801 are added back to net income, and 1,253,680 and 3,185,542 units are added back to the weighted average units outstanding, respectively.

⁽²⁾ Approximately \$22 of the \$147 in capital expenditures relate to properties held for sale.

⁽³⁾ All of the \$529 in tenant inducement and leasing costs relates to continuing operations.

Distributable Income

Distributable income has historically been used by Calloway as an indicator of financial performance in the REIT industry. The calculation of DI is not comparable from REIT to REIT and the differences in methodology can be significant. DI for the period ended March 31, 2006 totalled \$27.5 million (Dec 31, 2005 - \$25.1 million) and the payout ratio totalled 92.7% (Dec 31, 2005 - 94.4%).

Funds From Operations

While FFO is not defined by GAAP, it is a non-GAAP financial measure of operating performance widely used by the real estate industry. FFO has been calculated in accordance with the new recommendations of Real Property Association of Canada (RealPac), the industry association to which most public REIT's and real estate operating companies belong. FFO for the period totalled \$30 million.

Adjusted Funds From Operations

Since FFO does not consider capital transactions, adjusted funds from operations is presented herein as an alternative measure of determining available cash flow. AFFO is not defined by GAAP. Calloway also calculates AFFO in accordance with the recommendations of RealPac. AFFO for the period ended March 31, 2006 totalled \$27.9 million (fourth quarter 2005 - \$25.5 million) and the payout ratio was 91.5% (fourth quarter 2005 - 93.2%). Calloway targets a payout ratio of 95% of AFFO.

Quarterly Information

Revenue from continuing operations has increased significantly over the past eight quarters because of the large number of acquisitions and earnout transactions including: the acquisition of 12 income properties in February 2004; the acquisition of 14 income properties effective May 2004; the acquisition of 6 income properties in November 2004; the acquisition of interests in 8 income properties on March 10, 2005; the acquisition of 45 income properties on July 8, 2005; the acquisition of 3 income properties in 2006 and the completion of a substantial number of earnouts during the fourth quarter 2005 and the first quarter 2006.

Net income from continuing operations has also grown over the past eight quarters for the reasons stated above. However, for the quarter ended December 31, 2004 and the quarter ended March 31, 2005, the net income from continuing operations decreased because of the write-off of the unamortized balance of intangibles for vacated tenant space. For the quarter ended September 30, 2005 the net income from continuing operations decreased as a result of the office relocation transition costs of approximately \$2.8 million.

In addition, there were gains on sales of income properties as follows: March 31, 2005 - \$12,226; June 30, 2005 - \$1,112; and December 31, 2005 - \$921.

Related Party

SmartCentres (formerly FirstPro) owns 27.4% (24.4% after equity issue on April 13, 2006) of the aggregate issued and outstanding Trust units and special voting units of Calloway. A July 2005 agreement preserves SmartCentres' voting rights at a minimum of 25%. The ownership would increase to 37.8% if SmartCentres exercised all remaining development and exchange agreement options. Calloway has entered into agreements with SmartCentres to borrow funds from SmartCentres and to

finance various development projects. In addition, the Trust has entered into property management, leasing, development and exchange agreements with SmartCentres.

The financial implication of these agreements is disclosed in notes 3, 4, 5, 6, 10, 11, 15, 16, 20 and 22 of the unaudited financial statements.

Subsequent Events

Calloway completed the issuance of 8,500,000 trust units for \$26.60 per unit for gross proceeds of \$226,100 and net proceeds of \$217,056. The issuance was made under Calloway's base shelf prospectus dated September 14, 2005 qualifying the issue of up to \$2 billion in debt or equity securities.

Calloway acquired interests in four retail centres from SmartCentres (152,404 square feet) for total consideration of approximately \$38.7 million in cash. Included in the four, are two properties (50,659 square feet) where Calloway exercised its option to acquire the remaining 50% interest that the Trust did not already own at a purchase price of approximately \$11.1 million, pursuant to existing financing agreements.

On April 27, 2006, the Trust completed the purchase of earmouts totalling 14,756 square feet of development space from SmartCentres for \$3,960. The purchase price was satisfied through the issuance of 73,660 Trust units with a value of \$1,304; the issuance of 13,929 Class B Limited Partnership units with a value of \$280; and the balance in cash.

The Trust has entered into two agreements to acquire two income properties (377,266 square feet) in British Columbia at a purchase price of approximately \$46,283 to be paid for in cash. The expected closings are in May 2006.

Critical Accounting Estimates

In preparing the Trust's consolidated financial statements and accompanying notes, it is necessary for management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported amounts of revenue and expenses during the period. The significant items requiring estimates are impairment value of real estate assets and investments, the useful life of assets, the allocation of the purchase price to tangible and intangible assets, the determination of fair value of options granted, and the collectibility of accounts and potential litigation. Changes in these assumptions will cause actual results to differ from estimated amounts.

Accounting Policies

On January 1, 2005, the Trust prospectively adopted the requirements of the Canadian Institute of Chartered Accountants (CICA) Accounting Guideline 15, "Consolidation of Variable Interest Entities" (ACG-13), which provides guidance for "Subsidiaries", to those entities defined as Variable Interest Entities (VIE's).

Risks and Uncertainties

Real Property Ownership Risk

All real property investments are subject to elements of risk. General economic conditions, local real estate markets, supply and demand for leased premises, competition from other available premises and various other factors affect such investments.

Real estate has a high fixed cost associated with ownership, and income lost due to declining rental rates or increased vacancies cannot easily be minimized through cost reduction. Through well-located, well-designed and professionally managed properties, management seeks to reduce this risk. Prime locations will attract high quality retailers with excellent covenants and will enable the Trust to maintain economic rents and high occupancy. By maintaining the property at the highest standard through professional management practices, management seeks to increase tenant loyalty.

Development Risk

Development risk arises from the possibility that developed space will not be leased or that costs of development will exceed original estimates, resulting in an uneconomic return from the leasing of such developments. Calloway mitigates this risk by not commencing construction of any development until sufficient lease up has occurred and by entering into fixed price contracts for development costs.

Interest and Financing Risk

In the low interest rate environment that the Canadian economy has experienced in recent years, leverage has enabled the Trust to enhance its return to unit holders. A reversal of this trend, however, can significantly affect the business's ability to meet its financial obligations. In order to minimize this risk, Calloway negotiates fixed rate term debt with staggered maturities on the portfolio, and the Declaration of Trust restricts total indebtedness permitted on the portfolio.

Interest rate changes will also impact the Trust's development portfolio. Calloway has entered into development agreements that obligate the trust to acquire up to approximately 2.1 million square feet of additional income properties at a cost determined by capitalizing the rental income at pre-determined rates. The Trust will finance these acquisitions by issuing additional debt and equity. Changes in interest rates will have an impact on the return from these acquisitions and should the rate exceed the capitalization rate used, could result in a purchase being non-accretive. This risk is mitigated as management has the right not to approve the development.

Operating facilities and development loans exist that are priced at prime plus a risk premium. Changes in short-term interest rates will negatively impact the cost of funds. In addition, there is a risk that the lenders will not refinance upon maturity. By restricting the amount of variable interest rate debt the Trust has minimized the impact on financial performance.

Environmental Risk

As an owner and manager of real property, the Trust is subject to various laws relating to environmental matters. These laws impose liability for the cost of removal and remediation of certain hazardous materials released or deposited on properties owned by the Trust or on adjacent properties. As required by the Declaration of Trust, and in accordance with best management practices, Phase 1 audits are completed on all properties prior to acquisition. Further investigation is conducted if Phase 1 tests indicate a potential problem. In addition, the standard lease restricts tenants from carrying on environmentally hazardous activities or having environmentally hazardous substances on site. The Trust has obtained environmental insurance on certain assets to further manage risk.

Capital Requirements

Calloway accesses the capital markets from time to time through the issuance of debt, equity or equity-related securities. If Calloway was unable to raise additional funds then acquisition or development activities may be curtailed, asset sales accelerated and property specific financing re-negotiated.

Outlook

Subsequent to quarter end, Calloway completed the issuance of 8,500,000 Trust units for net proceeds of \$217.1 million. These proceeds will be used to finance continued growth in the portfolio. Calloway's relationship with SmartCentres is expected to provide additional opportunities to acquire recently built

shopping centres. In addition, Calloway intends to grow its mezzanine-financing program, and to continue to exercise its purchase options under previous financing options. In addition, demand from tenants for additional space in Calloway's existing portfolio remains strong and is expected to provide significant further portfolio growth over the balance of 2006 and beyond. Calloway also expects to acquire properties from third parties that meet the Trust's investment criteria and provide accretive returns.

Both short and long term interest rates have increased during the first quarter of 2006 and management believes that further increases are possible. Increases in financing costs have little impact on the Trust's current operations as the average term to maturity on total debt capital is 8 years and only 2.5% is variable rate financing. However, increases in interest rates may impact the net return from future acquisitions.

Calloway's portfolio of 15.2 million square feet of newly constructed retail centres has little leasing exposure, with an average lease term of 11.1 years and tenants with strong financial covenants. In addition, with an average construction age in the portfolio of less than 5 years, capital expenditures in the foreseeable future will be minimal.

FORM 52 – 109FT2
CERTIFICATION OF INTERIM FILINGS DURING TRANSITION PERIOD

I *Simon Nyilassy, the President and Chief Executive Officer of Calloway Real Estate Investment Trust (the "Issuer")*, certify that:

1. I have reviewed the interim filings (as this term is defined in Multilateral Instrument 52-109 *Certification of Disclosure in Issuers' Annual and Interim Filings*) of the Issuer for the interim period ending March 31, 2006:
2. Based on my knowledge, the interim filings do not contain any untrue statement of material act or omit to state a material fact required to be stated or that it is necessary to make a statement not misleading in light of the circumstances under which it was made, with respect to the period covered by the interim filings; and
3. Based on my knowledge, the interim financial statements together with the other financial information included in the interim filings fairly present in all material respects the financial condition, results of operations and cash flows of the Issuer, as of the date and for the periods presented in the interim filings.

The accompanying notes are an integral part of these consolidated financial statements.

Calloway Real Estate Investment Trust

Notes to Consolidated Financial Statements

(Unaudited) For the period ended June 30, 2006

(in thousands of dollars)

1. Organization

Calloway Real Estate Investment Trust (the Trust) is an unincorporated open-ended mutual fund trust governed by the laws of the Province of Alberta created under a declaration of trust, dated December 4, 2001 subsequently amended and restated on October 24, 2002, October 31, 2003, January 16, 2004, July 7, 2005 and May 16, 2006 (the Declaration of Trust).

2. Significant accounting policy

Basis of presentation

These unaudited interim consolidated financial statements of the Trust have been prepared in accordance with Canadian generally accepted accounting principles and are consistent with the accounting policies and method of their application used in the preparation of the audited consolidated financial statements as at and for the year ended December 31, 2005. The interim consolidated financial statements contain disclosures, which are supplemental to the Trust's annual financial statements. They do not include all the information and disclosures required by Canadian generally accepted accounting principles applicable for annual financial statements and, therefore, they should be read in conjunction with the annual audited consolidated financial statements. Certain comparative figures have been reclassified to conform to the current period's financial statement presentation.

3. Acquisitions

Acquisitions during the six months ended June 30, 2006

- a) On February 10, 2006, the Trust completed the acquisition of a 51,060 square foot retail property in Calgary, Alberta for a purchase price of \$10,505. The purchase price was paid in cash, adjusted for other working capital amounts.
- b) On February 20, 2006, the Trust completed the acquisition of a 14.53-acre development property in Burlington, Ontario for a purchase price of \$11,264. The purchase price was paid in cash, adjusted for other working capital amounts.
- c) On March 14, 2006, the Trust completed the acquisition of a 186,016 square foot retail property in Kitchener, Ontario for a purchase price of \$28,723 paid for by assuming an existing mortgage of \$14,219 and the remainder in cash, adjusted for other working capital amounts.
- d) On March 16, 2006, the Trust acquired a 49.9% interest in a 50,095 square foot retail property in Hull, Quebec for a purchase price of \$5,139. The purchase price was paid in cash, adjusted for other working capital amounts. This property is subject to joint control and accordingly has been proportionately consolidated from the date of acquisition.
- e) On March 30, 2006, the Trust completed the acquisition of a 17.78-acre development property in London, Ontario for a purchase price of \$11,093. The purchase price was paid in cash, adjusted for other working capital amounts.
- f) On April 12, 2006, the Trust acquired a 95% controlling interest in four retail properties (152,404 square feet) from SmartCentres Group of Companies (SmartCentres) for total consideration of \$39,111 in cash, adjusted for other working capital amounts. Included in the four properties, are two properties (50,659 square feet) where the Trust exercised its option to acquire the remaining 50% interest that the Trust did not already own at a purchase price of \$19,837.
- g) On May 24, 2006, the Trust completed the acquisition of a 201,947 square foot retail property in Penticton, B.C. for a purchase price of \$30,067. The purchase price was paid in cash, adjusted for other working capital amounts.
- h) On May 30, 2006, the Trust completed the acquisition of a 144,377 square foot retail property in Toronto, Ontario for a purchase price of \$36,540, adjusted for other working capital amounts. The purchase price was satisfied by the assumption of an existing first mortgage totalling \$17,080; the issuance of 756,525 Class B LP II Units with a value of \$17,778; and the balance in cash.

Calloway Real Estate Investment Trust

Notes to Consolidated Financial Statements

(Unaudited) For the period ended June 30, 2006

(in thousands of dollars)

- i) In June 2006, the Trust acquired a 44.4% joint venture interest in a 384,357 square foot retail property in Toronto, Ontario for a purchase price of \$37,976, adjusted for other working capital amounts. The purchase price was satisfied by the assumption of an existing first mortgage totalling \$14,043, the issuance of 58,823 Class B LP Units with a value of \$1,500, and the balance in cash. Of the 44.4% interest acquired, 5.55% of the income property was acquired from SmartCentres for a purchase price of \$4,724. This property is subject to joint control and accordingly has been proportionately consolidated from the date of acquisition.
- j) On June 26, 2006, the Trust completed the acquisition of a 237,949 square foot retail property in Vaughan, Ontario for a purchase price of \$41,298, adjusted for other working capital amounts. The purchase price was satisfied by the assumption of an existing first mortgage totalling \$17,249 and the balance in cash.
- k) Pursuant to development agreements and the exchange agreement referred to in notes 4 and 5(a), the Trust completed the purchase of additional development space (Earnouts) from SmartCentres and Wal-Mart Canada Realty Inc. for \$34,113. In April, 2006, SmartCentres changed its name from First Pro Shopping Centres.

Consideration for the assets acquired during the six months ended June 30, 2006 is summarized as follows:

	Acquisitions \$	Earnouts \$	Total \$
Cash	163,812	18,307	182,119
Mortgages payable			
Assumed at fair value	62,591	-	62,591
Accounts payable and accrued liabilities assumed less other assets acquired	7,424	(87)	7,337
Class B LP & LP II Units issued	19,278	3,730	23,008
Trust units issued	-	12,163	12,163
	<u>253,105</u>	<u>34,113</u>	<u>287,218</u>

The allocation of the purchase price of the acquisition during the six months ended June 30, 2006 to the assets acquired is summarized as follows:

	Acquisitions \$	Earnouts \$	Total \$
Income properties			
Tangible assets			
Land (i)	58,825	204	59,029
Buildings	115,452	25,239	140,691
Tenant improvements	20,259	3,182	23,441
	<u>194,536</u>	<u>28,625</u>	<u>223,161</u>
Intangible assets			
In-place lease	33,302	5,088	38,390
Tenant relationships	2,962	400	3,362
Below market leases	(52)	-	(52)
	<u>36,212</u>	<u>5,488</u>	<u>41,700</u>
Properties under development	230,748	34,113	264,861
	<u>22,357</u>	<u>-</u>	<u>22,357</u>
	<u>253,105</u>	<u>34,113</u>	<u>287,218</u>

- i) The allocation of the purchase price of Earnouts in the above table does not include the cost of previously acquired land in the amount of \$6,432.

Calloway Real Estate Investment Trust

Notes to Consolidated Financial Statements

(Unaudited) For the period ended June 30, 2006

(in thousands of dollars)

Acquisitions during the six months ended June 30, 2005

- a) On March 10, 2005, the Trust completed the acquisition of a 100% interest in three retail properties and a 60% undivided interest in each of five other retail properties from the co-owners, SmartCentres and Wal-Mart Canada Realty Inc. The purchase price of the properties was \$229,333 including costs of acquisition. Wal-Mart Canada Corp. operates stores in all eight centres. The purchase price was satisfied by a non-interest bearing mortgage on one of the properties provided by the vendors, the issuance of Development Agreement options, the assumption of accounts payable and accrued liabilities, and cash including amounts obtained from new debt financing on seven of the properties.
- b) Pursuant to Development Agreements and the Exchange Agreement referred to in notes 4 and 5(a), the Trust completed the purchase of additional development space (Earnouts) from SmartCentres and Wal-Mart Canada Realty Inc. for \$15,198.
- c) The Trust completed three acquisitions from unrelated parties during the six months ended June 30, 2005 for a total purchase price of \$39,289.

Consideration for the assets acquired during the six months ended June 30, 2005 is summarized as follows:

	March 10, 2005 \$	Earnouts \$	Other \$	Total \$
Cash	220,066	10,230	18,753	249,049
Mortgages payable				
Assumed at fair value	-	-	19,958	19,958
Vendor take-back	5,997	-	-	5,997
Accounts payable and accrued liabilities assumed less other assets acquired	3,270	(90)	578	3,758
Trust Units issued	-	5,058	-	5,058
	<u>229,333</u>	<u>15,198</u>	<u>39,289</u>	<u>283,820</u>

The allocations of the purchase price of the acquisitions during the six months ended June 30, 2005 to the assets acquired are summarized as follows:

	March 10, 2005 \$	Earnouts \$	Other \$	Total \$
Income properties				
Tangible assets				
Land (i)	59,687	1,552	9,303	70,542

Land with a carrying value at June 30, 2006 of \$30,885 (December 31, 2005 - \$31,231) is subject to development acquisition agreements and the Exchange Agreement with SmartCentres, the original vendor of the properties. SmartCentres pays the Trust an opportunity fee ranging from 8% to 9% per annum of the aggregate undeveloped land cost as reduced from time to time upon the completion and rental of additional space that is purchased by the Trust. As the negotiated opportunity fee earned by the Trust reflects management's estimate of a fair market return for the lease of a productive asset, the fee is recognized as revenue. Pursuant to the development acquisition agreements and the Exchange Agreement, SmartCentres has assumed the responsibility for the cost of developing the land. Included in this land, subject to development acquisition agreements, is land with a carrying value of \$6,697 for which SmartCentres is obligated to repurchase any land remaining undeveloped at the end of the specified development period of five years (extendable to ten years under certain circumstances). The remaining land subject to development acquisition agreements with a carrying value of \$24,188 provides for a reduction, under certain circumstances at the end of the development period, of 15% of the Trust's obligations under a non-interest bearing development loan related to the land, which has a principal amount outstanding at June 30, 2006 of \$3,600. Upon the completion and rental of additional space on these lands, the Trust is obligated to purchase the additional developments at a total price calculated by a formula using the net operating rents and predetermined negotiated capitalization rates (which range from 7.155% to 10.0%), on the date rent becomes payable on the additional space (Gross Cost). The actual price paid to SmartCentres is the Gross Cost less the associated land cost (Net Cost). The Trust has provided a second mortgage on a specific property in the amount of \$10,000 to SmartCentres as security for payment of the Net Cost.

For certain of this land, SmartCentres has been granted the right, at its option, to receive up to 40% of the Gross Cost in Trust Units for developments completed pursuant to the development acquisition agreements, subject to a maximum number of units (note 11(c)). For other land, SmartCentres has been granted the right, at its option, to receive up to 40% of the Gross Cost in Class B LP Units for developments completed pursuant to the Exchange Agreement, subject to a maximum number of units (note 11(c)).

The Trust has also provided financing to SmartCentres to fund development costs (note 6(b)).

Calloway Real Estate Investment Trust

Notes to Consolidated Financial Statements

(Unaudited) For the period ended June 30, 2006

(in thousands of dollars)

During the three months ended June 30, 2006, the Trust acquired 1,321 square feet (three months ended June 30, 2005 – 9,304 square feet) of retail space upon completion and rental of additional space by SmartCentres at a Net Cost of \$235 (three months ended June 30, 2005 - \$1,518) (i.e., exclusive of the cost of land previously acquired). SmartCentres elected to receive consideration of \$89 (three months ended June 30, 2005 - \$590) in Trust Units (note 11(c)).

During the six months ended June 30, 2006, the Trust acquired 10,957 square feet (six months ended June 30, 2005 – 50,622 square feet) of retail space upon completion and rental of additional space by SmartCentres at a Net Cost of \$1,846 (six months ended June 30, 2005 - \$7, 991) (i.e., exclusive of the cost of land previously acquired). SmartCentres elected to receive consideration of \$645 (six months ended June 30, 2005 - \$2,500) in Trust Units (note 11(c)).

As at June 30, 2006, four income properties with a cost of \$234,354 (December 31, 2005 - \$234,307) and a net book value of \$220,216 (December 31, 2005 - \$226,589) are subject to capital leases. Three of the income properties were acquired in 2005 under the terms of 35-year leases with SmartCentres. SmartCentres has the right to terminate the leases after ten years on payment to the Trust of the market value of a 35-year leasehold interest in the properties at that time and also has the right to terminate the leases at any time in the event any third party acquires 20% of the aggregate of the Trust Units and special voting units by payment to the Trust of the unamortized balance of any prepaid lease cost. The Trust prepaid its entire lease obligations of \$190,017, including prepaid land rent of \$47,157, under these lease agreements on July 8, 2005. There are no purchase options at the end of the lease term for these three income properties and, accordingly, the portion of the prepaid lease obligation attributable to land has been classified as prepaid land rent. Amortization of prepaid land rent is included in property operating costs in the consolidated statement of income. The fourth capital lease is described further in note 9(c).

During the three months ended June 30, 2006, unamortized tenant improvements and intangible assets relating to space that was vacated by tenants during the period, totalling \$nil (three months ended June 30, 2005 - \$2,352), were charged to amortization expense.

During the six months ended June 30, 2006, unamortized tenant improvements and intangible assets relating to space that was vacated by tenants during the period, totalling \$nil (six months ended June 30, 2005 - \$5,096), were charged to amortization expense.

During the three months ended June 30, 2006, the Trust completed the development and leasing of income properties on property under development not subject to development management agreements (note 5 (b)). Costs in respect of land (\$1,355), building (\$2,587) and tenant improvements (\$185), have been reclassified from properties under development to income properties.

During the six months ended June 30, 2006, the Trust completed the development and leasing of income properties on property under development not subject to development management agreements (note 5 (b)). Costs in respect of land (\$8,020), building (\$25,305) and tenant improvements (\$229), have been reclassified from properties under development to income properties.

5. Properties under development

Properties under development consist of the following:

	June 30 2006 \$	December 31 2005 \$
Properties under development subject to development management agreements (a)	45,903	56,025
Properties under development not subject to development management agreements (b)	103,928	99,792
	<u>149,831</u>	<u>155,817</u>

Calloway Real Estate Investment Trust

Notes to Consolidated Financial Statements

(Unaudited) For the period ended June 30, 2006

(in thousands of dollars)

a) Properties under development subject to development management agreements

These properties under development are subject to development management agreements with SmartCentres and Wal-Mart Canada Realty Inc. (together with the development acquisition agreements discussed in note 4, collectively referred to as the Development Agreements) and to an exchange, option and support agreement with SmartCentres and the other vendors of the properties (the Exchange Agreement). Pursuant to the development management agreements and the Exchange Agreement, the vendors assume responsibility for managing the development of the land on behalf of the Trust and are granted the right for a period of five years to earn an Earnout Fee. The Trust is obligated to pay the Earnout Fee upon the completion and rental of additional space on these properties, on the date rent becomes payable on the additional space. Gross Cost is calculated by a formula using the net operating rents and predetermined negotiated capitalization rates (which range from 7.250% to 9.125%). The Earnout Fee is calculated as the Gross Cost less the associated land and development costs incurred by the Trust.

For certain of these properties under development, SmartCentres has been granted the right, at its option, to receive up to 40% of the Gross Cost in Trust Units for developments completed pursuant to the development management agreements, subject to a maximum number of units (note 11(c)). For other properties under development, SmartCentres has been granted the right, at their option, to receive up to 40% of the Gross Cost in Class B LP Units for developments completed pursuant to the Exchange Agreement, subject to a maximum number of units (note 11(c)).

The vendors have provided non-interest bearing loans for the initial land acquisition costs and interest bearing loans to finance additional costs of developments (notes 10(c) and 10(b), respectively).

During the three months ended June 30, 2006, the Trust completed 47,070 square feet (three months ended June 30, 2005 - 28,308 square feet) of retail space with a Gross Cost of \$5,179 (three months ended June 30, 2005 - \$3,965) plus Earnout Fees paid to the vendors of \$5,412 (three months ended June 30, 2005 - \$3,242). SmartCentres elected to receive \$3,304 (three months ended June 30, 2005 - \$2,558) in Trust Units and \$1,818 (three months ended June 30, 2005 - \$nil) in Class B LP Units (note 11(c)).

During the six months ended June 30, 2006, the Trust completed 156,962 square feet (six months ended June 30, 2005 - 28,308 square feet) of retail space with a Gross Cost of \$17,439 (six months ended June 30, 2005 - \$3,965) plus Earnout Fees paid to the vendors of \$14,829 (six months ended June 30, 2005 - \$3,242). SmartCentres elected to receive \$11,518 (six months ended June 30, 2005 - \$2,558) in Trust Units and \$3,730 (six months ended June 30, 2005 - \$nil) in Class B LP Units (note 11(c)).

b) Properties under development not subject to development management agreements

These properties under development are being developed directly by the Trust. Pursuant to the Exchange Agreement, SmartCentres and the other vendors are entitled to acquire Class B LP Units on the completion and rental of additional space on certain of these properties under development, subject to a maximum number of units (note 11(c)).

6. Mortgages and loans receivable

Mortgages and loans receivable consist of the following:

	June 30, 2006	December 31, 2005
	\$	\$
Mortgages receivable (a)	53,378	36,492
Loans and notes receivable (b)	6,948	5,061
Mortgages receivable (c)	600	1,600
	<hr/>	<hr/>
	60,926	43,153
	<hr/>	<hr/>

Calloway Real Estate Investment Trust

Notes to Consolidated Financial Statements

(Unaudited) For the period ended June 30, 2006

(in thousands of dollars)

- a) Mortgages receivable of \$53,378 (December 31, 2005 - \$36,492) have been provided pursuant to agreements with SmartCentres in which the Trust will lend up to \$89,850 (December 31, 2005 - \$54,450) for use in acquiring and developing eight (December 31, 2005 - six) properties in Ontario and Quebec. These mortgages bear interest payable monthly at 7.25% to 9.25% (December 31, 2005 - 7.50% to 9.25%) and the principal amounts are due at the maturity of the mortgages at various dates in 2009 and 2011 (four to five years from the initial advance). The mortgages are secured by first or second charges on properties, assignments of rents and leases, and general security agreements. In addition, other SmartCentres affiliated companies have provided certain limited indemnities and guarantees.

During the three months ended June 30, 2006, \$6,802 has been funded, offset by repayments of \$nil. During the six months ended June 30, 2006, \$21,416 has been funded, offset by repayments of \$5,530.

The Trust has an option to acquire a 50% interest in the properties upon substantial completion at an agreed upon formula using the net operating rents and a capitalization rate based on the ten year Government of Canada rate within a specified range. Should the capitalization rate exceed the upper limit, the owner is not obligated to sell, with one exception, when the owner is obligated to sell at the upper limit. Should the capitalization rate be less than the lower limit, then the lower limit is deemed to be the capitalization rate, with one exception, where no lower limit exists. In addition, included in one of these loan agreements, is a forward purchase contract whereby, subject to due diligence, the Trust will acquire a 50% interest in an income property parcel (Wal-Mart tenancy only) from SmartCentres at a price calculated by a formula using net operating rents and a predetermined negotiated capitalization rate of 7.00%. SmartCentres has the option to put their remaining 50% interest in that same parcel to the Trust at the same 7% capitalization rate. As well, SmartCentres has the option to put certain remaining non Wal-Mart tenancy income property parcels to the Trust at a price calculated by a formula using net operating rents and capitalization rates based on the ten year Government of Canada rate with a range from 6.50% to 7.75%. The forward purchase contract closes upon completion of the construction of the income property, and the put options expire within five years of closing of the forward purchase contract.

During the year ended December 31, 2005, one property was completed and the Trust exercised its option to acquire a 50% interest. The acquisition was completed on July 8, 2005 at a cost of \$6,208. Two further options were exercised with the acquisitions, which closed on April 12, 2006 at a purchase price of \$19,837.

- b) Loans receivable at June 30, 2006 of \$4,757 (December 31, 2005 - \$5,061) have been provided pursuant to development acquisition agreements with SmartCentres (note 4). The loans bear interest at rates that approximate the prime rate of a Canadian chartered bank plus rates ranging from 0.75% to 1.25% (December 31, 2005 - 0.75% to 1.25%). The loans receivable are repayable at the completion and rental of the properties under development. SmartCentres has not provided any security in regard to the loans; however, the loan agreements stipulate that the proceeds of the loans are to be used to fund improvements to properties owned by the Trust. During the three months ended June 30, 2006, \$547 has been funded, offset by repayments of \$180. During the six months ended June 30, 2006, \$1,147 has been funded, offset by repayments of \$1,451.

Notes receivable at June 30, 2006 of \$2,191 (December 31, 2005 - \$nil) have been provided to SmartCentres. These secured demand notes bear interest at 9%.

- c) The mortgage receivable at June 30, 2006 of \$600 (December 31, 2005 - \$1,600) has been provided to a company in which a trustee of the Trust is an officer and director, is secured by a second charge on a property under development, bears interest at 12% per annum and is repayable in entirety upon the earliest of the Trust purchasing the property, the property being sold to a third party and the day which is two years following the date of substantial completion of the property. The Trust has an option to purchase the property at a negotiated price, or failing agreement, at a price equal to 95% of the appraised value of the property. A mortgage totalling \$1,000 was repaid on June 27, 2006.

Calloway Real Estate Investment Trust

Notes to Consolidated Financial Statements

(Unaudited) For the period ended June 30, 2006

(in thousands of dollars)

Mortgages receivable, which were provided to SmartCentres, were secured by a second charge on two income properties, interest bearing at 9.00% and repayable in blended monthly instalments of \$78. These mortgages receivable were repaid in full on July 8, 2005. A mortgage receivable, which was secured by a second charge on an income property, was interest bearing at 11.75% and repayable in blended monthly instalments of \$3. It was repaid in full on April 5, 2005.

The estimated fair value of the mortgages and loans receivable is \$61,554 based on current market rates for mortgages and loans with similar terms and risks. Mortgages and loans receivable have not been reduced to their estimated fair values because it is currently the Trust's intent to hold them to maturity.

7. Deferred leasing costs

Deferred leasing costs consist of the following:

	June 30, 2006			December 31, 2005		
	Cost \$	Accumulated amortization \$	Net \$	Cost \$	Accumulated amortization \$	Net \$
Tenant inducements	752	217	535	579	140	439
Leasing commissions and other leasing costs	1,268	116	1,152	868	60	808
	<u>2,020</u>	<u>333</u>	<u>1,687</u>	<u>1,447</u>	<u>200</u>	<u>1,247</u>

8. Deferred financing costs

Deferred financing costs consist of the following:

	June 30, 2006			December 31, 2005		
	Cost \$	Accumulated amortization \$	Net \$	Cost \$	Accumulated amortization \$	Net \$
Deferred financing costs	8,184	1,667	6,517	8,181	1,167	7,014

For the six months ended June 30, 2006, \$451 (six months ended June 30, 2005 - \$nil) of unamortized deferred financing costs, relating to convertible debentures that have been converted, have been charged to equity (note 11(g)). Amortization of deferred financing cost is included in interest expense (note 10(g)).

9. Working capital

a) Prepaid expenses and deposits

Prepaid expenses and deposits consist of the following:

	June 30 2006 \$	December 31 2005 \$
Prepaid expenses and other	12,217	2,697
Deposits	3,931	1,984
Cash and units held in escrow	3,913	3,913
	<u>20,061</u>	<u>8,594</u>

Calloway Real Estate Investment Trust

Notes to Consolidated Financial Statements

(Unaudited) For the period ended June 30, 2006

(in thousands of dollars)

b) Amounts receivable

Amounts receivable consist of the following:

	June 30 2006 \$	December 31 2005 \$
Tenant receivables	14,570	8,554
Straight-line rent receivable	8,984	5,645
Development costs recoverable from municipality	6,916	6,916
Other	8,657	5,579
	<u>39,127</u>	<u>26,694</u>

c) Accounts payable and accrued liabilities

Accounts payable and accrued liabilities consist of the following:

	June 30 2006 \$	December 31 2005 \$
Accounts payable - operations	14,715	953
Accounts payable - development	6,163	9,524
Accruals and other payables	20,373	19,401
Accrued interest payable	8,491	8,164
Prepaid rents and tenant deposits	9,188	7,572
Distributions payable	9,722	8,373
Capital lease obligation	520	496
	<u>69,172</u>	<u>54,483</u>

An income property under a 35-year capital lease with SmartCentres requires a \$10,000 payment at the end of the lease in 2038 to exercise a purchase option. The capital lease obligation of \$520 (December 31, 2005 - \$496) is net of imputed interest at 9.18% of \$9,480 (December 31, 2005 - \$9,504).

d) Changes in other non-cash operating items

Changes in other non-cash operating items consist of the following:

	Three months ended June 30 2006 \$	Three months ended June 30 2005 \$	Six months ended June 30 2006 \$	Six months ended June 30 2005 \$
Prepaid expenses and deposits	(4,837)	(8,267)	(9,520)	(9,216)

10. Debt

Debt consists of the following:

	June 30, 2006 \$	December 31, 2005 \$
Term mortgages (a)	1,183,638	1,139,458
Development loans		
Interest bearing (b)	18,212	34,420
Non-interest bearing (c)	43,721	50,528
Revolving Operating Facilities (d)	-	5,000
Unsecured debentures (e)	200,000	200,000
Convertible debentures (f)	9,876	22,029
	<hr/> 1,455,447	<hr/> 1,451,435
Less: Debt related to assets held for sale	-	(4,056)
	<hr/> 1,455,447	<hr/> 1,447,379

a) Term mortgages

Term mortgages bear interest at fixed rates with a weighted average interest rate of 6.06% at June 30, 2006 (December 31, 2005 - 6.06%) and mature between 2006 and 2025. The term mortgages are secured by first registered mortgages over specific income properties and properties under development, and first general assignments of leases, insurance and registered chattel mortgages.

Principal repayment requirements for term mortgages are as follows:

	Instalment payments \$	Lump sum payments at maturity \$	Total \$
2006 (remainder of)	13,915	-	13,915
2007	25,980	1,337	27,317
2008	27,531	-	27,531
2009	28,602	34,682	63,284
2010	29,640	24,070	53,710
Thereafter	238,388	737,711	976,099
	<hr/> 364,056	<hr/> 797,800	<hr/> 1,161,856
Mark-to-market adjustment			<hr/> 21,782
			<hr/> 1,183,638

b) Interest bearing development loans

Interest bearing development loans total \$18,212 at June 30, 2006 (December 31, 2005 - \$34,420) and are detailed as follows:

- Development loans totalling \$13,452 at June 30, 2006 (December 31, 2005 - \$21,021) bear a variable interest rate of prime plus 0.50% on \$2,332, BA rate plus 2% on \$2,293 and a fixed rate of 10% on \$8,827, are secured by first and second registered mortgages over specific income properties and first general assignments of leases and insurance, and are subject to review annually.
- Development loans totalling \$4,760 at June 30, 2006 (December 31, 2005 - \$13,399) have been provided by SmartCentres and Wal-Mart Canada Realty Inc. to finance additional costs of developments (note 5(a)). They bear variable interest rates at the bankers' acceptance rates plus 2%, are secured by first mortgages over specific income properties and income properties under development and first general assignments of leases, and are due the earlier of various dates in 2009 and 2010 or the date building construction is completed and the tenant is in occupancy and paying rent.

Calloway Real Estate Investment Trust

Notes to Consolidated Financial Statements

(Unaudited) For the period ended June 30, 2006

(in thousands of dollars)

c) Non-interest bearing development loans

Non-interest bearing development loans have been provided by SmartCentres and Wal-Mart Canada Realty Inc. to finance initial land acquisition costs (note 5(a)). These loans were initially measured at their estimated fair value using imputed interest rates ranging from 4.03% to 4.63%, are secured by first mortgages over specific income properties and properties under development and first general assignments of leases, and are due the earlier of various dates in 2009 and 2010 and the date building construction is completed and the tenant is in occupancy and paying rent. During the three months ended June 30, 2006, imputed interest of \$208 (three months ended June 30, 2005 - \$236) was capitalized to property under development. During the six months ended June 30, 2006, imputed interest of \$582 (six months ended June 30, 2005 - \$478) was capitalized to property under development.

d) Revolving operating facilities

The revolving operating facilities bear variable interest rates based on bank prime plus nil% to 0.375% (December 31, 2005 - nil% to 0.375%) and are secured by first charges over specific income properties, and first general assignments of leases and insurance, and are subject to review by July 15, 2006 (currently under negotiation) and September 30, 2006.

	June 30, 2006	December 31, 2005
	\$	\$
Lines of credit available	80,000	80,000
Lines of credit outstanding	-	5,000
Letters of credit outstanding	15,077	15,386

e) Unsecured debentures

On September 22, 2005, the Trust issued \$200,000 of 4.51% Series A unsecured debentures due September 22, 2010 (the Unsecured Debentures) with semi-annual interest payments on September 22 and March 22 of each year. At June 30, 2006, the Unsecured Debentures are rated BBB with a stable trend by Dominion Bond Rating Services.

f) Convertible debentures

On May 14, 2004, the Trust issued \$55,000 of 6.00% convertible unsecured subordinated debentures (the Convertible Debentures) due June 30, 2014. The Convertible Debentures are convertible at the holder's option at any time into Trust Units at \$17.00 per unit and are redeemable at the option of the Trust on or after June 28, 2010. The Convertible Debentures were divided into their liability and equity components, measured at their respective fair values at time of issue. During the three months ended June 30, 2006, \$8,233 of face value of the Convertible Debentures (three months ended June 30, 2005 - \$18,888) was converted into Trust Units (note 11(g)). During the six months ended June 30, 2006, \$12,677 of face value of the Convertible Debentures (six months ended June 30, 2005 - \$19,869) was converted into Trust Units (note 11(g)). At June 30, 2006, \$9,997 of face value of the Convertible Debentures was outstanding (December 31, 2005 - \$22,674).

g) Interest expense

Interest expense consists of the following:

	Three months ended June 30		Six months ended June 30	
	2006	2005	2006	2005
	\$	\$	\$	\$
Interest at stated rate	20,105	10,728	40,145	19,892
Amortization of mark-to-market adjustment	(1,120)	-	(2,169)	-
Amortization of deferred financing costs	301	174	629	333
	19,286	10,902	38,605	20,225
Less: Interest capitalized to properties under development	(1,062)	(117)	(2,433)	(192)
Interest expense	18,224	10,785	36,172	20,033

Calloway Real Estate Investment Trust

Notes to Consolidated Financial Statements

(Unaudited) For the period ended June 30, 2006

(in thousands of dollars)

h) Fair values

The estimated fair value of debt is approximately as follows:

	June 30 2006 \$	December 31 2005 \$
Term mortgages	1,227,040	1,174,547
Development loans	61,933	84,948
Revolving operating facilities	-	5,000
Unsecured debentures	192,532	196,672
Convertible debentures	14,197	31,063
	<u>1,495,702</u>	<u>1,492,230</u>

11. Unit equity

The following presents the number of units issued and outstanding, and the related carrying value of unit equity, for the six months ended June 30, 2006 and June 30, 2005:

	Number of units issued and outstanding				Carrying amount			
	Trust Units	Class B LP Units	Class B LPII Units	Total	Trust Units \$	Class B LP Units \$	Class B LPII Units \$	Total \$

a) Authorized units

i) Trust Units

The Trust is authorized to issue an unlimited number of voting trust units (Trust Units), each of which represents an equal undivided interest in the Trust. All Trust Units outstanding from time to time shall be entitled to participate pro rata in any distributions by the Trust and, in the event of termination or winding-up of the Trust, in the net

Calloway Real Estate Investment Trust

Notes to Consolidated Financial Statements

(Unaudited) For the period ended June 30, 2006

(in thousands of dollars)

assets of the Trust. All Trust Units shall rank among themselves equally and rateably without discrimination, preference or priority. Unitholders are entitled to require the Trust to redeem all or any part of their Trust Units at prices determined and payable in accordance with the conditions provided for in the Declaration of Trust. A maximum amount of \$50 may be redeemed in total in any one month unless otherwise waived by the Board of Trustees.

The Trust is authorized to issue an unlimited number of special voting units that will be used to provide voting rights to holders of exchangeable securities. Special voting units are not entitled to any interest or share in the distributions or net assets of the Trust. Each special voting unit entitles the holder to the number of votes at any meeting of unitholders of the Trust, which is equal to the number of Trust Units into which the exchangeable security is exchangeable or convertible. Special voting units shall be cancelled on the issuance of Trust Units on exercise, conversion or cancellation of the corresponding exchangeable securities. At June 30, 2006, there were 13,926,062 (December 31, 2005 - 12,925,125) special voting units outstanding. There is no value assigned to the special voting units.

ii) Calloway Limited Partnership Units

An unlimited number of Class A LP Units, Class B LP Units and Class C LP Units may be issued by Calloway Limited Partnership(LP). Class A LP partners have five votes for each Class A LP Unit held, Class B LP partners have one vote for each Class B LP Unit held and Class C LP partners have no votes at meetings of the LP. The LP is under the control of the Trust.

The Class A LP Units are entitled to all distributable cash of the LP after the required distributions on the Class B LP Units have been paid. At June 30, 2006, there were 3,080,000 (December 31, 2005 - 3,080,000) Class A LP Units outstanding. All Class A LP Units are owned indirectly by the Trust and have been eliminated on consolidation.

The Class B LP Units are non-transferable, except under certain circumstances, but are exchangeable into an equal number of Trust Units at the holder's option. Holders of Class B LP Units are entitled to receive distributions equivalent to the distributions on Trust Units. Each Class B LP Unit is entitled to one special voting unit, which will entitle the holder to receive notice of, attend and vote at all meetings of the Trust. The Class B LP Units are considered to be economically equivalent to Trust Units and, accordingly, have been presented as equity in these consolidated financial statements.

The Class C LP Units are entitled to receive 0.01% of any distributions of the LP and have nominal value assigned in the financial statements. The Class C LP Units are exchangeable at the holder's option into Class B LP Units upon the completion and rental of additional space on specific properties and payment of \$20.10 per unit (the Exchange Agreement options - see note 11(c)). At June 30, 2006, there were 7,973,743 (December 31, 2005 - 8,169,333) Class C LP Units outstanding.

iii) Calloway Limited Partnership II Units

This limited partnership was formed February 6, 2006 and commenced activity on May 29, 2006.

An unlimited number of Class A LP II Units and Class B LP II Units may be issued by Calloway Limited Partnership II (LP II). Class A LP II partners have five votes for each Class A LP II Unit held, Class B LP II partners have one vote for each Class B LP II Unit held. The LP II is under the control of the Trust.

The Class A LP II Units are entitled to all distributable cash of the LP II after the required distributions on the Class B LP II Units have been paid. At June 30, 2006, there were 200,001 Class A LP II Units outstanding. The Class A LP II Units are owned indirectly by the Trust and have been eliminated on consolidation.

The Class B LP II Units are non-transferable, except under certain circumstances, but are exchangeable into an equal number of Trust Units at the holder's option. Holders of Class B LP II Units are entitled to receive distributions equivalent to the distributions on Trust Units. Each Class B LP II Unit is entitled to one special voting unit, which will entitle the holder to receive notice of, attend and vote at all meetings of the Trust. The Class B LP II Units are

Calloway Real Estate Investment Trust

Notes to Consolidated Financial Statements

(Unaudited) For the period ended June 30, 2006

(in thousands of dollars)

considered to be economically equivalent to Trust Units and, accordingly, have been presented as equity in these consolidated financial statements.

b) Units issued

During the six months ended June 30, 2006, the Trust issued Trust Units for cash:

	Issued units	Issue price \$	Proceeds \$
April 13	<u>8,500,000</u>	26.60	226,100
Issue costs			<u>(9,542)</u>
			<u>216,558</u>

During the six months ended June 30, 2005, the Trust issued Trust Units for cash:

	Issued units	Issue price \$	Proceeds \$
March 10	<u>3,101,000</u>	19.35	60,004
Issue costs			<u>(1,946)</u>
			<u>58,058</u>

c) Development Agreement options and Exchange Agreement options

As part of consideration paid for certain income property acquisitions, the Trust has granted options in connection with Development Agreements and the Exchange Agreement (notes 4 and 5) with SmartCentres and other vendors. Upon completion and rental of additional space on specific properties, the holder may elect to exercise the options and receive Trust Units, in the case of the Development Agreements options, and Class B LP Units by exchanging Class C LP Units, in the case of the Exchange Agreement options. The option strike prices were based on the market price of Trust Units on the date the substantive terms were agreed upon and announced.

Date options were granted	Strike price \$	Options outstanding at April 1, 2006	Options exercised during three months ended June 30, 2006	Options outstanding at June 30, 2006	Proceeds during three months ended June 30, 2006 \$

d) Unit option plan

On July 7, 2003, 560,000 unit options expiring on July 7, 2008 were granted at a strike price of \$10 per unit to employees and trustees. The status of the outstanding unit options as at June 30, 2006 is as follows:

	Outstanding	Vested
Balance - December 31, 2004	323,400	263,400
Vested	-	60,000
Exercised	(318,400)	(318,400)
Balance - December 31, 2005	5,000	5,000
Exercised	(5,000)	(5,000)
Balance - March 31, 2006 and June 30, 2006	-	-

The Trust does not intend to issue any further options under this plan.

e) Deferred unit plan

During 2005, the Trust implemented a deferred unit plan (amended May 16, 2006). The plan entitles trustees and officers, at the participant's option, to receive deferred units in consideration for trustee fees or executive bonuses with the Trust matching the number of units received. The deferred units in respect of trustee fees or executive bonuses effectively vest immediately, and the matching deferred units vest 50% on the third anniversary and 25% on each of the fourth and fifth anniversaries, subject to provisions for earlier vesting in certain events. The deferred units earn additional deferred units for the distributions that would otherwise have been paid on the deferred units (i.e., had they instead been issued as Trust Units on the date of grant). Once vested, participants are entitled to receive an equivalent number of Trust Units for the vested deferred units and the corresponding additional deferred units.

The deferred unit plan was approved by unitholders on July 7, 2005 and the Trust granted 71,544 deferred units at a grant day value of \$1,545. The completion of the acquisition of properties on July 8, 2005, was defined to be a change of control for purposes of the deferred unit plan. This resulted in the immediate vesting of all outstanding

Calloway Real Estate Investment Trust

Notes to Consolidated Financial Statements

(Unaudited) For the period ended June 30, 2006

(in thousands of dollars)

deferred units at this date and the recognition of all unrecognized compensation expense in respect of these deferred units, in excess of initial amounts previously recorded for trustee fees and executive bonuses.

The status of the outstanding deferred units is as follows:

	Outstanding	Vested
Deferred units granted and vested on July 7, 2005	71,544	71,544
Deferred units granted	12,069	-
Additional deferred units earned on vested deferred units	2,326	2,326
Additional deferred units earned on unvested deferred units	46	-
Balance - December 31, 2005	85,985	73,870
Deferred units granted during period	20,677	-
Additional deferred units earned on vested units	1,116	1,116
Additional deferred units earned on unvested deferred units	496	-
Balance - March 31, 2006	108,274	74,986
Previously granted units now vested	-	16,644
Deferred units granted during period	6,511	3,256
Additional deferred units earned on vested units	1,430	1,430
Additional deferred units earned on unvested deferred units	301	-
Balance - June 30, 2006	116,516	96,316

f) Distribution reinvestment plan

The Trust enables holders of Trust Units to reinvest their cash distributions in additional units of the Trust at 97% of the weighted average unit price over the ten trading days prior to the distribution. The 3% bonus amount is recorded as an additional distribution and reinvestment.

g) Convertible debentures

During the three months ended June 30, 2006, \$8,233 (three months ended June 30, 2005 - \$18,888) of face value of the Convertible Debentures were converted into 484,289 (three months ended June 30, 2005 - 1,111,056) Trust Units. The face value of the Convertible Debentures, net of a discount of \$326 (three months ended June 30, 2005 - \$nil), plus a proportionate share of the equity component in the amount of \$326 (three months ended June 30, 2005 - \$747), net of applicable unamortized deferred financing costs of \$293 (three months ended June 30, 2005 - \$nil), was added to Trust Unit capital.

During the six months ended June 30, 2006, \$12,677 (six months ended June 30, 2005 - \$19,869) of face value of the Convertible Debentures were converted into 745,693 (six months ended June 30, 2005 - 1,168,761) Trust Units. The face value of the Convertible Debentures, net of a discount of \$502 (six months ended June 30, 2005 - \$nil), plus a proportionate share of the equity component in the amount of \$502 (six months ended June 30, 2005 - \$786), net of applicable unamortized deferred financing costs of \$451 (six months ended June 30, 2005 - \$nil), was added to Trust Unit capital.

12. Amortization expense

Amortization expense consists of the following:

	Three months ended June 30		Six months ended June 30	
	2006	2005	2006	2005
	\$	\$	\$	\$
Income properties				
Tangible assets	13,566	5,676	26,263	10,738
Intangible assets	10,387	4,960	20,066	10,831
Deferred leasing costs	103	34	124	51
	24,056	10,670	46,453	21,620

Calloway Real Estate Investment Trust

Notes to Consolidated Financial Statements

(Unaudited) For the period ended June 30, 2006

(in thousands of dollars)

13. Net income per unit

The following table sets forth the weighted average number of units outstanding for income per unit purposes:

	Three months ended June 30		Six months ended June 30	
	2006	2005	2006	2005
Trust Units	65,260,975	36,927,057	61,110,934	35,540,215
Class B LP Units	13,048,735	-	13,003,048	-
Class B LPII Units	274,344	-	137,930	-
Vested deferred units	75,545	-	74,998	-
Basic	78,659,599	36,927,057	74,326,910	35,540,215
Effect of dilutive securities	-	113,776	331	119,093
Unit options	-	-	-	-
Diluted	78,659,599	37,040,833	74,327,241	35,659,308

The impact of the potential exercise of Development Agreement options and Exchange Agreement options have not been included in the calculation of the weighted average diluted number of units outstanding because the conditions necessary for their issuance were not satisfied as at June 30, 2006. The impact of the unvested deferred units and the potential conversion of the Convertible Debentures into Trust Units has not been included in the calculation of the diluted number of units outstanding, as at June 30, 2006, as it has been determined to be anti-dilutive.

14. Supplemental cash flow information

The following summarizes supplemental cash flow information and non-cash transactions:

	Three months ended June 30		Six months ended June 30	
	2006 \$	2005 \$	2006 \$	2005 \$
Interest paid	17,653	10,886	39,817	19,339
Interest received	2,139	1,048	3,763	2,140
Mortgages assumed on acquisitions	48,372	11,979	62,591	19,958
Vendor take-back mortgages obtained on acquisitions	-	5,997	-	5,997
Development Agreement options and Exchange Agreement options issued as consideration for acquisitions	24,489	3,148	35,171	5,058
Liabilities assumed on acquisitions, net of other assets	7,000	723	7,337	3,758
Units issued under the distribution Reinvestment plan	2,101	262	4,331	515
Units issued on conversion of Debentures	8,233	18,888	12,677	19,869
Mortgages assumed by purchasers on sale of income properties	4,020	5,264	4,020	28,271
Distributions payable at period-end	9,722	4,322	9,722	4,322
Liabilities at period end relating to additions to income properties and properties under development	9,108	6,213	9,108	6,213

15. Related party transactions

Transactions with related parties that are conducted in the normal course of operations have been recorded at the exchange amount. Monetary transactions with related parties that are not in the normal course of operations, but that result in a substantive change in the ownership interests of the item transferred, are recorded at the exchange amount.

Calloway Real Estate Investment Trust

Notes to Consolidated Financial Statements

(Unaudited) For the period ended June 30, 2006

(in thousands of dollars)

As at June 30, 2006, SmartCentres owned 8,799,619 Trust Units, 10,774,305 Class B LP Units and nil Class B LP II Units, which represent approximately 24.3% of the issued and outstanding Trust Units, Class B LP Units and Class B LP II Units, combined. SmartCentres has options to acquire approximately 4,170,152 Trust Units pursuant to Development Agreements and approximately 7,560,741 Class B LP Units pursuant to the Exchange Agreement. Pursuant to its rights under the Declaration of Trust, as at June 30, 2006, SmartCentres has nominated three trustees out of nine.

The non-controlling interests in the balance sheet represents a 5.0% equity interest by SmartCentres in four consolidated income properties.

During the quarter end June 30, 2006, an acquisition fee of \$6,249 was paid to SmartCentres related to the assembly of multiple interests in a property acquired by the Trust.

In addition to related party transactions and balances disclosed elsewhere in these consolidated financial statements, the following summarizes related party transactions and balances with SmartCentres and other related parties:

	Three months ended June 30		Six months ended June 30

Calloway Real Estate Investment Trust

Notes to Consolidated Financial Statements

(Unaudited) For the period ended June 30, 2006

(in thousands of dollars)

16. Co-ownership interests

The following amounts, included in these consolidated financial statements, represent the Trust's proportionate share in co-ownership interests as at June 30, 2006 and as at December 31, 2005 and the statements of income and cash flows for properties for the three and six months ended June 30, 2006 and 2005:

	June 30, 2006 \$	December 31, 2005 \$
Balance sheets		
Assets	374,154	365,914
Liabilities	(208,351)	(215,872)
Net assets	165,803	150,042

	Three months ended June 30 2006 \$	Three months ended June 30 2005 \$	Six months ended June 30 2006 \$	Six months ended June 30 2005 \$
Statements of operations				
Revenue	9,390	5,933	18,946	9,202
Expenses	9,920	5,749	20,220	9,081
Net earnings (loss)	(530)	184	(1,274)	121

	Three months ended June 30 2006 \$	Three months ended June 30 2005 \$	Six months ended June 30 2006 \$	Six months ended June 30 2005 \$
Statements of cash flows				
Cash flows resulting from				
Operating activities	(4,492)	542	(2,594)	1,840
Financing activities	5,283	5,541	15,916	109,441
Investing activities	(2,885)	(1,554)	(13,365)	(140,110)

Management believes the assets of the co-ownerships are sufficient for the purpose of satisfying the associated obligations of the co-ownerships. The remaining interests in these co-ownerships are owned by SmartCentres (four properties) and third parties (seven properties). The Trust's interests in these co-ownerships range from 44.4% to 60%.

17. Segmented information

The Trust owns, develops, manages and operates income properties located in Canada. In measuring performance, the Trust does not distinguish or group its operations on a geographical or any other basis and, accordingly, has a single reportable segment for disclosure purposes.

The Trust's major tenant is Wal-Mart Canada Corp., accounting for 28.6% of the Trust's June 30, 2006 rental revenue (June 30, 2005 – 33.6%).

18. Assets held for sale, assets sold and discontinued operations

During the three and six months ended June 30, 2006, the Trust completed the sale of one income property (124,678 square feet) for gross proceeds of \$11,700 resulting in a gain from sale of \$4,709. The purchaser assumed an existing mortgage totalling \$4,020.

Calloway Real Estate Investment Trust

Notes to Consolidated Financial Statements

(Unaudited) For the period ended June 30, 2006

(in thousands of dollars)

During the three months ended June 30, 2005, the Trust completed the sale of four income properties (160,349 square feet) for gross proceeds of \$10,575 resulting in a gain from sale of \$1,112. During the six months ended June 30, 2005, the Trust completed the sale of six income properties (508,574 square feet) for gross proceeds of \$79,825 resulting in a gain from sale of \$13,338.

The following tables set forth the balance sheets associated with the income property classified as held for sale as at December 31, 2005 and the statements of income for properties sold for the three and six months ended June 30, 2006 (one income property) and 2005 (nine income properties):

19. Risk management and fair value

The Trust is exposed to certain financial risks, including changes in interest rates, the credit quality of its tenants and environmental matters. The Trust manages these risks as follows:

Calloway Real Estate Investment Trust

Notes to Consolidated Financial Statements

(Unaudited) For the period ended June 30, 2006

(in thousands of dollars)

a) Interest rate and financing risk

The majority of the Trust's debt is financed at fixed rates with maturities staggered over a number of years, thereby mitigating its exposure to changes in interest rates and financing risks. A portion of the Trust's debt is financed at variable rates. From time to time, the Trust may enter into interest rate swap contracts to modify the interest rate profile of its variable rate debt without an exchange of the underlying principal amount. There were no interest rate swaps or other derivative financial instruments outstanding as at December 31, 2005 and June 30, 2006.

b) Credit risk

Credit risk arises from the possibility that tenants may experience financial difficulty and be unable to fulfill their lease commitments. The Trust mitigates this risk of credit loss by reviewing tenants covenants, ensuring its tenant mix is diversified and by limiting its exposure to any one tenant except Wal-Mart Canada Corp. Further risks arise in the event that borrowers default on the repayment of amounts owing to the Trust. The Trust endeavours to ensure adequate security has been provided in support of mortgages and loans receivable.

c) Environmental risk

As an owner of real property, the Trust is subject to various federal, provincial and municipal laws relating to environmental matters. Such laws provide a range of potential liability, including potentially significant penalties, and potential liability for the costs of removal or remediation of certain hazardous substances. The presence of such substances, if any, could adversely affect the Trust's ability to sell or redevelop such real estate or to borrow using such real estate as collateral and, potentially, could also result in civil claims against the Trust. As required by the Declaration of Trust, and in accordance with best management practices, Phase 1 audits are completed on all properties prior to acquisition. Further investigation is conducted if Phase 1 tests indicate a potential problem. The Trust has operating policies to monitor and manage risk. In addition, the standard lease restricts tenants from carrying on environmentally hazardous activities or having environmentally hazardous substances on site. The Trust has obtained environmental insurance on certain assets to further manage risk.

20. Commitments and contingencies

The Trust has certain obligations and commitments pursuant to Development Agreements as disclosed in notes 4 and 5(a) and also has entered into various development contracts totalling \$9,774. In addition, the Trust is committed to complete the acquisition of two properties under development.

The Trust has entered into agreements with SmartCentres in which the Trust will lend monies to SmartCentres as disclosed in note 6(a). The maximum amount that may be provided under the agreements totals \$89,850 of which \$53,378 has been provided as of June 30, 2006. In addition, a particular loan as disclosed in note 6(a) has a forward purchase contract and allows for certain put options by SmartCentres.

One of the Trust's income properties is subject to a land lease requiring annual lease payments of \$205. The annual lease payment increases to \$220 in 2007. The lease expires November 2011 and the Trust has an option to extend for a further ten years.

Letters of credit totalling \$19,776 have been issued on behalf of the Trust by the Trust's bank as security for mortgages and for maintenance obligations to municipal authorities.

The Trust has committed to acquire from SmartCentres the remaining 50% interest in two income properties in Toronto, Ontario for a total purchase price of \$99,100. SmartCentres has six months to decide whether to accept the offer. The purchase price would be satisfied by the assumption of existing mortgages with the balance in cash or a combination of cash and Trust units.

The Trust indemnifies its trustees and officers against any and all claims or losses reasonably incurred in the performance of their services to the Trust to the extent permitted by law.

Calloway Real Estate Investment Trust

Notes to Consolidated Financial Statements

(Unaudited) For the period ended June 30, 2006

(in thousands of dollars)

The Trust, in the normal course of operations, is subject to a variety of legal and other claims. Management and the Trust's legal counsel evaluate all claims on their apparent merits and accrue management's best estimate of the likely cost to satisfy such claims. Management believes the outcome of current legal and other claims filed against the Trust will not have a significant impact on the Trust's consolidated financial statements.

21. Subsequent events

On July 27, 2006, the Trust completed the purchase of Earnouts totaling 29,172 square feet of development space from SmartCentres for \$7,527. The purchase price was satisfied through the issuance of 67,766 Trust Units with a value of \$1,186, the issuance of 47,424 Class B LP units with a value of \$953, and the balance in cash.

On July 28, 2006, the Trust completed the acquisition of 50% interests in each of two income properties (275,750 square feet) in Toronto, Ontario at a combined purchase price of approximately \$99,100. The purchase price was satisfied by the assumption of existing mortgages and a promissory note from the vendor totalling \$40,000 and the balance in cash.

On August 3, 2006, the Trust completed the acquisition of a 2.5-acre development property in Woodstock, Ontario for a purchase price of \$1,220. The purchase price was paid in cash.

Management's Discussion and Analysis Of Results of Operations and Financial Condition
As at June 30, 2006

Management's Discussion and Analysis (the "MD&A") sets out Calloway Real Estate Investment Trust's ("Calloway" or the "Trust") strategies and provides an analysis of the financial performance for the three and six months ended June 30, 2006, significant risks facing the business, and management's outlook.

This MD&A of the results of operations and financial condition for the three and six months ended June 30, 2006 should be read in conjunction with the Trust's audited consolidated financial statements and the accompanying notes for the years ended December 31, 2005 and 2004 and unaudited financial statements for the three months ended June 30, 2006 and March 31, 2006. The MD&A is based on financial statements prepared in accordance with Canadian generally accepted accounting principles ("Canadian GAAP").

The MD&A is dated August 10, 2006, which is the date of the press release announcing Calloway's results for the three months ended June 30, 2006. Disclosure contained in this document is current to that date, unless otherwise noted.

Readers are cautioned that certain terms used such as; "Funds from Operations (FFO)", "Adjusted Funds from Operations (AFFO)", "Distributable Income (DI)", "Net Operating Income (NOI)", "Book Value" and any related per unit amounts used to measure, compare and explain the operating results and financial performance of Canadian real estate entities are not recognized terms under Canadian GAAP. These terms are defined in this report and reconciled to the accompanying financial statements. Such terms do not necessarily have a standardized meaning and may not be comparable to similarly titled measures presented by the other publicly traded entities.

Certain statements in this MD&A are "forward looking statements" that reflect management's expectations regarding Calloway's future growth, results of operations, performance and business prospects and opportunities. All statements other than statements of historical fact contained in this MD&A are forward looking statements including, without limitation, statements regarding the timing and amount of distributions and the future financial position, business strategy, proposed acquisitions, plans and objectives of the Trust or its subsidiaries. Such forward-looking statements reflect management's current beliefs and are based on information currently available to management. Forward-looking statements involve significant risks and uncertainties. A number of factors could cause actual results to differ materially from the results discussed in the forward-looking statements. Although the forward looking statements contained in this MD&A are based upon what management believes to be reasonable assumptions, Calloway cannot assure investors that actual results will be consistent with these forward looking statements. The forward-looking statements contained herein are expressly qualified in their entirety by this cautionary statement. These forward looking statements are made as at the date of this MD&A and Calloway assumes no obligation to update or revise them to reflect new events or circumstances unless otherwise required by applicable securities legislation.

Prior period results have been reclassified to conform to the presentation adopted in the current period. Generally, these reclassifications were made to realign revenues and expenses associated with discontinued operations, as defined by Canadian GAAP.

All amounts in the MD&A are in thousands of Canadian dollars, except where otherwise stated. Per unit amounts are on a diluted basis, except where otherwise stated.

Additional information relating to Calloway, including the Trust's Annual Information Form for the year ended December 31, 2005, can be found at www.sedar.com

Business Overview and Strategic Direction

Calloway is an unincorporated "open-ended" mutual fund trust governed by the laws of the Province of Alberta. The Trust units and the convertible debentures are publicly traded and listed on the Toronto Stock Exchange ("TSX") under the symbol "CWT.UN" and "CWT.DB", respectively.

Calloway's objectives are to provide unit holders with stable and growing tax deferred cash distributions through the acquisition, development and operation of a portfolio of well-located, well leased, primarily large format unenclosed retail centres in Canada; and to enhance the value of Calloway's assets and unit value through effective management, and long-term leasing and re-development, while still managing financing and operating costs.

As at June 30, 2006, Calloway owned 105 shopping centres and 1 industrial building, with gross leaseable area of 16.0 million square feet, located in communities across Canada. These centres are focused on providing value to the customers in those communities. Wal-Mart is the largest tenant in the Trust's portfolio and anchors 81 of Calloway's shopping centres as either a tenant under a long-term lease (59) or as an owner (22) operating a store as an integrated part of the centre (a "shadow" anchor). Calloway's centres are conveniently located close to major highways, which, along with the anchor stores, provide significant draws to the Calloway portfolio, attracting both value-oriented consumers and retailers.

Quarterly Highlights

- Acquired 1,121,000 square feet of retail space in one shopping centre and partial interests in seven additional centres for \$186.4 million.
- Issued 8,500,000 Trust Units for \$26.60 per unit for gross proceeds of \$226.1 million and net proceeds of \$216.6 million.
- Committed an additional \$7.2 million to a new mezzanine loan, and advanced \$6.8 million under this and other existing agreements.

- During the quarter, \$17.0 million of development was completed and leased, expanding existing centres by an additional 72,655 square feet of leaseable area.

Real Estate Assets

As at June 30, 2006, real estate assets totalled \$2,695.4 million, an increase of \$189.4 million during the quarter. Real estate assets include income properties (\$2,482.9 million), properties under development (\$149.8 million), mortgage and loan receivables (\$60.9 million) and deferred leasing costs (\$1.7 million). The portfolio consists of 16.0 million square feet of built gross leaseable area and 3.8 million square feet of future potential gross leaseable area in 106 properties. The portfolio is located across Canada with assets in each of the ten provinces. The Trust targets major urban centres and shopping centres that are dominant in their trade area. By selecting well-located centres, Calloway attracts quality tenants at economic rental rates.

Income Properties

Income properties total \$2,482.9 million, an increase of \$179.3 million during the quarter.

(000's)	Three months ended June 30, 2006 \$	Three months ended March 31, 2006 \$	Six months ended June 30, 2006 \$
Income properties – beginning of period	2,303,627	2,224,711	2,224,711
Acquisition of income properties	186,380	44,365	230,745
Development completed in existing properties ⁽¹⁾	16,986	56,994	73,980
Building, equipment and tenant improvement additions on existing properties	244	240	484
Increase in accumulated amortization	(24,310)	(22,683)	(46,993)
Net additions to income properties	179,300	78,916	258,216
Income properties – end of period	2,482,927	2,303,627	2,482,927

⁽¹⁾ Included in these amounts for the six months ended June 30, 2006 are costs of \$55,107 (three months ended June 30, 2006 - \$9,141, three months ended March 31, 2006 - \$45,966) which were transferred from properties under development.

Acquisitions

During the quarter, the Trust acquired one retail property, a 95.0% interest in four retail properties, a 44.4% interest in another centre, and the remaining 50% interest in two other centres, adding an additional 1,121,000 square feet of rentable area. The purchase price totaled \$186.4 million and was satisfied by the assumption of existing mortgages totaling \$48.4 million and the balance in cash.

Development of Existing Properties

Certain income properties previously acquired by the Trust from SmartCentres (formerly FirstPro Shopping Centres) and Wal-Mart Canada Inc. included lands for future developments. Pursuant to exchange agreements and development agreements, the vendors assume responsibility for managing the developments on behalf of the Trust for additional proceeds ("Earmouts") calculated based on a pre-determined rate of return, net of land and development costs incurred by the Trust.

During the quarter, \$17.0 million of development was completed. The Trust acquired 48,391 square feet of retail space for \$11.2 million pursuant to earmouts. Properties under development by Calloway totalling 24,264 square feet and \$4.1 million were completed and transferred. In addition, \$1.7 million of land held by the Trust was transferred from properties under development.

Income properties include approximately \$30.9 million related to certain properties, which are subject to development acquisition agreements with SmartCentres. These agreements provide that SmartCentres assumes responsibility for managing the development of these properties, including the cost of developing the land. The additional proceeds are calculated based on pre-determined capitalization rates ranging from 7.155% to 10%. The value of lands subject to development financing is reduced from time to time upon the completion and rental of additional space. At June 30, 2006, there was an estimated 547,000 square feet of developable area that management anticipates will be completed over the next five years at an estimated cost of approximately \$61.4 million.

SmartCentres also has the right, at its option, to subscribe up to 40% of the proceeds for any new developments in Trust units at purchase prices of \$10.00, \$10.50 and \$20.10 per unit up to 199,475 Trust units, 1,800,000 Trust units and 1,500,000 Class B LP Units, respectively. The Class B LP Units are exchangeable into Trust units on a one for one basis. The Trust provides financing to SmartCentres for the development costs of the additional developments.

SmartCentres pays the Trust a fee equal to 9% per annum, on the value of lands purchased in October 2003, and 8% per annum, on the value of certain lands purchased in July 2005. This fee earned reflects management's estimate of a fair market return for the use of a productive asset. As such, the fee is recognized as revenue.

Capital Expenditures, Tenant Inducements, and Leasing Commissions

Capital expenditures totalling \$91, tenant inducements totalling \$153 and leasing commissions totalling \$203 were incurred during the quarter. Management expects to incur \$1,600 in tenant inducements and leasing commissions for the balance of the year.

Properties Under Development

As at June 30, 2006, properties under development totalled \$149.8 million compared to \$148.2 million at March 31, 2006. The net increase of \$1.6 million, which includes the development and leasing of seven new tenants (\$4.1 million) and the completion of earnouts (\$5.0 million), is as follows:

(000's)	Three Months ended June 30, 2006	Three months ended March 31, 2006	Six months ended June 30, 2006
	\$	\$	\$
Properties under Development – beginning of period	148,179	155,817	155,817
Acquisition of properties under development	-	22,357	22,357
Development costs incurred	10,793	15,971	26,764
Development completed in existing properties – costs	(9,141)	(45,966)	(55,107)
Net increase (reduction) to properties under development	1,652	(7,638)	(5,986)
Properties under development – end of period	149,831	148,179	149,831

Properties under development totalling approximately \$46.0 million are subject to development management agreements with SmartCentres and Wal-Mart Canada Realty Inc., and to an exchange option and support agreement with SmartCentres and other vendors. The vendors assume responsibility for managing the development on behalf of the Trust for additional proceeds calculated based on pre-determined capitalization rates ranging from 7.25% to 9.125%. Costs during the development period are paid for by the Trust and are funded through interest bearing development loans provided by the vendors. Upon the completion of the development and the commencement of lease payments by a tenant, the additional proceeds are paid by the Trust, net of land and development costs incurred. At June 30, 2006, there was an estimated 1,432,591 square feet of developable area related to these agreements that management anticipates will be completed over the next five years at an estimated cost of \$193.2 million. SmartCentres also has the right, at its option, to subscribe for up to 40% of the proceeds in Trust units based on prices ranging from \$14.00 per unit to \$20.10 per unit, as well as the right to subscribe for up to 1,750,000 Class B LP Units, (which are exchangeable into Trust units on a one for one basis) at a price of \$20.10 per unit.

Properties under development totalling approximately \$81.0 million are subject to an exchange, option and support agreement with SmartCentres and other vendors of the properties. Pursuant to the agreement, the Trust is responsible for managing the development of the properties under development. At June 30, 2006, there is an estimated 1,462,640 square feet of developable area related to these agreements that management anticipates will be completed over the next five years at an estimated cost of \$176.5 million. The vendors are also granted the right for a period of five years to subscribe for up to 5,250,000 Class B LP Units at a price of \$20.10, upon the completion and rental of additional space.

The Trust also holds developable lands totalling approximately \$22.9 million that are not subject to any development, management, or exchange option and support agreements. At June 30, 2006 there is an estimated 314,669 square feet of developable area. The Trust is responsible for managing the development of these lands, and anticipates completion over the next five years at an estimated cost of approximately \$25.3 million.

The following tables present the estimated future development as estimated originally when the properties were acquired and as of June 30, 2006, together with the number of units the respective vendors are entitled to acquire upon completion of such developments.

Mortgages Receivable

In addition to direct property acquisitions, Calloway provides mezzanine financing to developers, which includes options to acquire an interest in the related property upon substantial completion. This program provides a significant pipeline of future property acquisitions, which is particularly important in the current competitive acquisition market.

As at June 30, 2006, mortgages totalling \$53.4 million, secured by first or second charges on the properties, have been advanced to SmartCentres. During the quarter, the Trust entered into an agreement with SmartCentres to lend up to \$7.2 million for use in acquiring and developing a Quebec property, for a four-year term at a 7.25% interest rate. Calloway has negotiated a forward purchase of a 50% interest in an income property parcel (Wal-Mart tenancy only) from SmartCentres at a 7% capitalization rate, and SmartCentres has the option to put their remaining 50% interest in that same parcel to the Trust at a 7% capitalization rate. For the balance of the site, the Trust has an option to purchase a 50% interest and SmartCentres has an option to put the remaining 50% interest at an agreed upon formula. The Trust advanced \$6.3 million against this mortgage. A further \$500 was advanced against existing mortgages. The mortgages are interest only with rates that range from 7.25% to 9.25%. The mortgages mature on various dates between 2009 and 2011. The mortgages include an option entitling the Trust to acquire a 50% interest in the properties upon substantial completion at agreed upon formulas. During the quarter, the Trust exercised options on two properties, which closed on April 12, 2006.

A mortgage to another borrower, totalling \$1 million, was repaid in the quarter with \$600 outstanding at quarter end. This loan is secured by a second charge on a property under development, bears interest at 12% per annum, and is due the earlier of two years after substantial completion, upon the sale of the property or when the Trust exercises its option to acquire. The mortgage includes an option to purchase the property. A trustee of Calloway is an officer and director of the borrower.

Loans Receivable

Pursuant to development agreements with SmartCentres, the Trust has advanced loans to fund the cost of improvements on six of Calloway's properties. As at June 30, 2006, loans receivable totalling \$4.8 million remain outstanding. The loans bear interest at rates that approximate the prime rate of a Canadian chartered bank plus rates ranging from 0.75% to 1.25% and are repayable upon completion and the commencement of rental payments. During the quarter, the Trust advanced \$547 against four properties and received principal repayment of \$180 on one property, which was repaid in full.

Notes Receivable

During the quarter, secured demand notes totalling \$2.2 million were provided to SmartCentres bearing interest at 9%.

Amounts Receivable

As at June 30, 2006 amounts receivable increased to \$39.1 million from \$34.9 million as at March 31, 2006. This increase is primarily the result of the acquisition of income properties; the straight-line recording of step rents; and tenant receivables relating to accrued recoverable property taxes.

Debt

(000's)	June 30, 2006	March 31, 2006	December 31, 2005
	\$	\$	\$
Term mortgages	1,183,638	1,147,494	1,139,458
Unsecured debentures	200,000	200,000	200,000
Development loans	61,933	78,638	84,948
Convertible debentures	9,876	17,777	22,029
Operating facilities	-	11,500	5,000
Subtotal	1,455,447	1,455,409	1,451,435
Less: debt related to assets held for sale	-	(4,034)	(4,056)
Total	1,455,447	1,451,375	1,447,379

Calloway's Declaration of Trust limits Calloway's indebtedness to a maximum of 60% of gross book value (excluding convertible debentures) and 65% including convertible debentures. Gross book value is defined as total assets plus accumulated amortization of income properties. Total

indebtedness (excluding convertible debentures) as a percentage of gross book value was 49.0% as at June 30, 2006 (March 31, 2006 – 53.7%). Total debt (including convertible debentures) as a percentage of gross book value was 49.4% as at June 30, 2006 (March 31, 2006 – 54.4%). The decline is the result of additional equity raised in April 2006. Management anticipates Calloway will be able to renew its mortgage debt as it matures.

Term Mortgages

As at June 30, 2006 term mortgages increased to \$1,183.6 million from \$1,147.5 million as at March 31, 2006, an increase of \$36.1 million. This increase is primarily the result of the assumption of mortgages on acquisition (\$48.4 million), new mortgages (\$6.1 million) and a mark-to-market adjustment (\$2.2 million); offset by the sale of one property (\$4.0 million), repayment of maturing debt (\$11.6 million) and principal repayments. The term mortgages payable bear interest at a weighted average contractual interest rate of 6.06% (March 31, 2006 – 6.07%) and mature between 2006 and 2025. Including mark-to-market adjustments, the effective weighted average interest rate on term mortgages is 5.95% (March 31, 2006 – 5.97%). The weighted average years to maturity, including the timing for payments of principal and debt maturing, is 9.0 years. Future principal payments as a percentage of term mortgages are as follows:

Term Facilities	Payments of Principal \$	Debt Maturing During Year \$	Total \$	Total %
2006 (remainder)	13,915	-	13,915	1.2
2007	25,980	1,337	27,317	2.4
2008	27,531	-	27,531	2.4
2009	28,602	34,682	63,284	5.4
2010	29,640	24,070	53,710	4.6

2014	25,128	80,522	105,650	9.1
2015	24,069	82,324	106,393	9.2
Thereafter	102,640	365,856	468,496	40.3
TOTAL	364,056	797,800	1,161,856	100.0
Mark-to-market adjustment			21,782	
			<u>1,183,638</u>	

Unsecured Debentures

As at June 30, 2006 the Trust has, issued and outstanding, \$200 million of 4.51% Series "A" unsecured debentures, with interest payable semi-annually on September 22 and March 22, due September 22, 2010. The debentures are rated "BBB" with a stable trend by Dominion Bond Rating Services.

Development Loans

Development loans totalling \$61.9 million (March 31, 2006 - \$78.6 million) are outstanding as at June 30, 2006 of which \$18.2 million (March 31, 2006 - \$33.4 million) are interest bearing and \$43.7 million (March 31, 2006 - \$45.3 million) are non-interest bearing.

Interest bearing loans

Pursuant to purchase and sale agreements, the vendor, FirstPro/WM Partnership, agreed to finance the costs associated with the construction and lease up of undeveloped lands for certain assets. Development loans totalling \$4.8 million have been advanced from FirstPro/WM Partnership under the agreements. These loans bear variable interest rates at bankers' acceptance rate ("B/A") plus 2% and are secured by first mortgages over specific income properties and properties under development, and general assignment of leases; and are due the earlier of various dates in 2009 and 2010 or the date building construction is completed and the tenant is in occupancy and paying rent.

Calloway has also borrowed from third party lenders to finance construction and leasing costs of various other properties. Development loans totalling \$13.5 million bear a variable interest rate of prime plus 0.50% on \$2.3 million in loans, BA rate plus 2.0% on \$2.3 million in loans and a fixed rate of 10.0% on the remaining \$8.9 million. These loans are secured by first and second mortgages registered on income properties, and a general assignment of leases. The \$8.9 million loan was repaid subsequent to June 30, 2006.

Non-Interest bearing loans

FirstPro/WM Partnership has provided \$43.7 million in non-interest bearing loans to finance certain land acquisition costs. An imputed annual cost has been calculated at rates ranging from 4.03% to 4.63% and the loans are secured by first mortgages over specific income properties and development properties and a general assignment of leases, and are due the earlier of various dates in 2009 and 2010 or the date building construction is completed and the tenant is in occupancy and paying rent.

Convertible Debentures

On May 14, 2004, Calloway issued \$55 million of 6.0% convertible unsecured subordinated debentures due June 30, 2014. The debentures are convertible at the holder's option into trust units at \$17.00 per unit. The units are redeemable at the option of Calloway in cash or units on or after June 28, 2010. During the quarter, debenture holders have elected to convert \$8.2 million (three months ended March 31, 2006 - \$4.4 million) into trust units. As at June 30, 2006, convertible debentures outstanding totalled \$9.9 million (\$10.0 million at face value).

Unitholders' Equity

(000's)	Three Months ended June 30, 2006	Three months ended March 31, 2006	Six months ended June 30, 2006	Year ended December 31, 2005
	\$	\$	\$	\$
Unitholders' equity – beginning of period	1,057,028	1,058,027	1,058,027	391,506
Issuance of units	243,318	13,086	256,404	669,182
Conversion of debentures, net of financing cost	7,615	4,109	11,724	29,396
Fair value of options issued	-	-	-	10,675
Net income for the period	13,191	7,249	20,440	26,752
Distributions for the period	(28,978)	(25,443)	(54,421)	(69,484)
Unitholders' equity – end of period	1,292,174	1,057,028	1,292,174	1,058,027

As at June 30, 2006, unitholders' equity totalled \$1,292.2 million (March 31, 2006 - \$1,057.0 million), including \$394 pertaining to the allocation of the equity component of convertible debentures. As at June 30, 2006, paid in capital totalled \$1,386.5 million and units outstanding, including Class B LP Units and Class B LP II Units of subsidiary partnerships, totalled 80,646,127. During the second quarter, the Trust issued 9,265,650 Trust Units and 905,826 Class B LP and Class B LP II Units.

During the second quarter, holders of \$8.2 million of face value of the Convertible Debentures elected to convert and received 484,289 trust units. The Trust's capital was increased \$7.9 million as a result of these conversions.

Development and Exchange agreement options that enable SmartCentres to acquire units at pre-determined prices were exercised during the quarter, resulting in 197,209 Trust Units and 90,479 Class B LP Units being issued. The proceeds from units totalled \$3.4 million and \$1.8 million respectively, which are included in issuance of units.

Distributions by the Trust totalled \$29 million during the second quarter of 2006 (March 31, 2006 - \$25.4 million) or \$0.3625 per unit (March 31, 2006 - \$0.3625 per unit). The Trust paid \$25.6 million in cash during the second quarter and the balance by issuing 84,151 units under the distribution re-investment plan.

Capital Resources

As at June 30, 2006, the Trust believes it has sufficient capital resources to meet its future commitments. The details of its capital resources are as follows:

(000's)	\$
Cash and cash equivalents	57,919
Unused operating facilities	64,923
Total capital resources at June 30, 2006	122,842

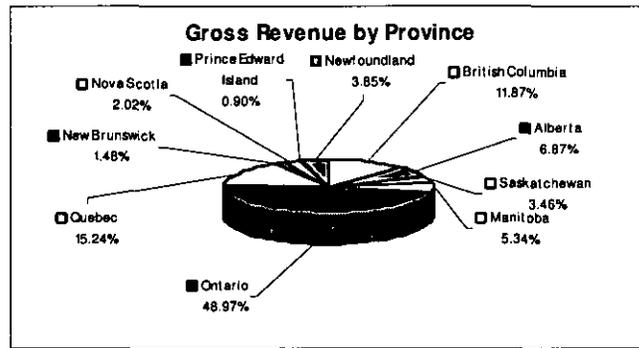

The debt to gross book value as defined in the Trust deed at June 30, 2006 is 49.4%. If the Trust utilized its unused operating facility and increased its debt to gross book value to 57.5% (the mid-point of the Trust's target range of 55% to 60%) it could raise an additional \$522.6 million. Short-term fluctuations in working capital are funded through pre-established operating lines.

The Trust has entered an agreement to increase its operating facilities to \$190.0 million through a new unsecured \$150.0 million acquisition facility scheduled to close in August, and an existing \$40.0 million operating facility secured by specific assets. An existing second secured operating line will be cancelled.

Results of Operations

The real estate portfolio has grown substantially through acquisitions and earnouts during the course of the past twelve months. As a result, there are substantial increases in operating activity components when comparing operating results for three and six-month periods ended June 30, 2006 to June 30, 2005. The first quarter 2006 results have therefore also been included to provide a more meaningful comparison to current operations.

Revenues in the second quarter of 2006 totalled \$73.7 million, virtually unchanged from first quarter and a \$37.7 million increase from second quarter 2005. Increased base rent of \$2.6 million for the quarter was offset by decreased expense recoveries as a result of lower operating expenses. The lower operating expenses reflect season fluctuations for snow removal and other services. Rentals from income properties totalling \$71.6 million account for 97.0% of revenues and are diversified by geographic location and tenant.

Based on June 2006 revenues

Wal-Mart is the Trust's largest tenant, representing 28.6% of total revenues, followed by the Reitmans Group at 3.7%. The five largest tenants account for 43.0% of portfolio revenue as follows:

Tenants	% of Revenues
Wal-Mart	28.6%
Reitmans Group of Companies	3.7%
Hudsons Bay Group of Companies	3.6%
Best Buy / Future Shop	3.6%
Mark's Work Wearhouse	3.5%

Net Operating Income

Net operating income ("NOI") from continuing operations, defined as income from rental properties less operating expenses, increased 7.3% to \$50.0 million from \$46.6 million in the previous quarter, and increased 105.2% from \$24.4 million in the same quarter in 2005.

(000's)	Three months ended June 30 \$	Three months ended March 31 \$	Six months ended June 30 \$
Same property	23,457	23,409	46,866
2006 acquisitions	1,925	193	2,118
2005 acquisitions	19,317	18,920	38,237
Earnouts	3,334	2,692	6,026
NOI before adjustments	48,033	45,214	93,247
Straight lining of rents	1,927	1,412	3,339
Net operating income – 2006	49,960	46,626	96,586
Net operating income – 2005	24,350	21,196	45,546

The \$2.8 million increase in NOI before adjustments over the previous quarter is primarily due to income from space acquired under the terms of earnouts from SmartCentres (\$642) and acquisitions made in 2005 and 2006 (\$2.1 million). Compared to the same period in 2005, the increase in NOI of \$25.6 million was primarily due to acquisitions (\$21.1 million) and earnouts from SmartCentres (\$3.3 million) in 2005 and 2006.

Lease Expiries

As at June 30, 2006, the portfolio has a vacancy rate of 1.1% or 181,669 square feet. Forward commitments of approximately 21,000 square feet of leased tenancies have been executed, and will take possession and open in the existing vacant space during the next few quarters. Only 11.6% of leases are expiring over the next five years with 183,732 square feet, or 1.15% of space, expiring for the balance of 2006.

Year of Expiry	Area	%
2006 (remainder)	183,732	1.15%
2007	289,524	1.81%
2008	362,340	2.26%
2009	386,043	2.41%
2010	630,489	3.93%
Beyond	13,999,733	87.32%
Vacant	181,669	1.13%
TOTAL	16,033,530	100.00%

Interest

(000's)	Three months ended June 30 \$	Three months ended March 31 \$	Six months ended June 30 \$
Interest at contract rate	20,105	20,040	40,145
Mark to market adjustment	(1,120)	(1,049)	(2,169)
Amortization of deferred financing costs	301	328	629
	19,286	19,319	38,605
Less: capitalized interest	(1,062)	(1,371)	(2,433)
Interest expense - 2006	18,224	17,948	36,172
Interest expense - 2005	10,785	9,249	20,033

Interest costs incurred during the second quarter of 2006 totalled \$19.3 million, net of the \$1.1 million mark-to-market adjustment. Interest capitalized to properties under development totalled \$1.1 million and the balance of \$18.2 million was expensed. In the first quarter 2006, interest costs totalled \$19.3 million and \$1.4 million was capitalized to properties under development. Capitalized interest decreased from the previous quarter due to the completion of development of certain income properties. The weighted average interest rate of total debt capital, including the adjustment for mark to market amortization, is 5.60% (March 31, 2006 – 5.6%). Compared to the same period in 2005, the increase in second quarter interest of \$7.4 million was primarily due to additional debt incurred due to acquisitions and earnouts in 2005 and 2006.

Amortization

(000's)	Three months ended June 30 \$	Three months ended March 31 \$	Six months ended June 30 \$
Income properties			
-tangible assets	13,566	12,697	26,263
-intangible assets	10,387	9,679	20,066
Deferred leasing costs	103	21	124
Amortization expense - 2006	24,056	22,397	46,453
Amortization expense - 2005	10,670	10,949	21,620

Amortization of \$24.1 million for the second quarter 2006 has increased \$1.7 million from the first quarter of 2006. This increase is due to the acquisition of eight income properties, earnouts, and the transfer of completed tenant units from development to income producing. Compared to the same period in 2005, the increase in amortization of \$13.4 million was primarily due to acquisitions and earnouts in 2005 and 2006.

General and Administrative

(000's)	Three months ended June 30 \$	Three months ended March 31 \$	Six months ended June 30 \$
Salaries and benefits	712	307	1,019
Public company costs	197	294	491
Professional fees	213	296	509
Rent and occupancy	99	92	191
Other	195	127	322
General and administrative expense - 2006	1,416	1,116	2,532
General and administrative expense - 2005	464	606	1,070

General and administrative expenses increased \$300 from the previous quarter mainly due to reversal in the first quarter of 2005 year end over-accrual of bonuses, and the accrual of 2006 bonuses during the second quarter, offset by lower professional fees and public company costs in the second quarter. Compared to the same period in 2005, the increase in general and administrative expenses of \$952 was primarily due to the overall growth of the Trust.

Income from Discontinued Operations

Income from discontinued operations totalled \$4.8 million in the second quarter of 2006 compared to \$125 in the prior quarter, due to the sale of one income property for proceeds of \$11.7 million resulting in a gain on sale of \$4.7 million.

For the quarter ended June 30, 2006, cash provided from operating activities was \$351, and from investing activities \$7.6 million; offset by cash used in financing activities of \$14.

Other Measures of Performance (in 000's)	Three Months ended June 30, 2006 \$	Three Months ended March 31, 2006 \$

Distributable Income

Distributable income has historically been used by Calloway as an indicator of financial performance in the REIT industry. The calculation of DI is not comparable from REIT to REIT and the differences in methodology can be significant. DI for the three-month period ended June 30, 2006 totalled \$29.7 million (March 31, 2006 - \$27.5 million) and the payout ratio totalled 96.2% (March 31, 2006 - 92.7%).

Funds From Operations

While FFO is not defined by GAAP, it is a non-GAAP financial measure of operating performance widely used by the real estate industry. FFO has been calculated in accordance with the new recommendations of Real Property Association of Canada (RealPac), the industry association to which most public REIT's and real estate operating companies belong. FFO for the period totalled \$32.9 million.

Adjusted Funds From Operations

Since FFO does not consider capital transactions, adjusted funds from operations is presented herein as an alternative measure of determining available cash flow. AFFO is not defined by GAAP. Calloway also calculates AFFO in accordance with the recommendations of RealPac. AFFO for the three-month period ended June 30, 2006 totalled \$30.4 million (first quarter 2006 - \$27.9 million) and the payout ratio was 94.1% (March 31, 2006 - 91.5%). Calloway targets a payout ratio of 95.0% of AFFO.

Quarterly Information

Revenue from continuing operations has increased significantly over the past eight quarters because of the large number of acquisitions and earnout transactions including: the acquisition of 6 income properties in November 2004; the acquisition of interests in 8 income properties on March 10, 2005; the acquisition of 45 income properties on July 8, 2005; the acquisition of 8 income properties and interests in 11 more in 2006 and the completion of a substantial number of earnouts during the fourth quarter 2005 and the first two quarters of 2006.

Net income from continuing operations has also grown over the past eight quarters for the reasons stated above. However, for the quarter ended December 31, 2004 and the quarter ended March 31, 2005, the net income from continuing operations decreased because of the write-off of the unamortized balance of intangibles for vacated tenant space. For the quarter ended September 30, 2005 the net income from continuing operations decreased as a result of the office relocation transition costs of approximately \$2.9 million.

In addition, there were gains on sales of income properties as follows: March 31, 2005 - \$12,226; June 30, 2005 - \$1,112; and December 31, 2005 - \$921 and June 30, 2006 - \$4,709.

⁽¹⁾ Diluted net income per unit is calculated using the weighted average number of units outstanding for the quarter.

⁽²⁾ Diluted funds from operations, distributable income, and adjusted funds from operations per unit are adjusted for the dilutive effect of the convertible debentures, which are not dilutive for net income purposes.

Related Party

SmartCentres owns 24.3% of the aggregate issued and outstanding Trust units and special voting units of Calloway. A July 2005 agreement preserves SmartCentres' voting rights at a minimum of 25.0%. The ownership would increase to 33.7% if SmartCentres exercised all remaining development and exchange agreement options. Calloway has entered into agreements with SmartCentres to borrow funds from SmartCentres and to finance various development projects. In addition, the Trust has entered into property management, leasing, development and exchange agreements, and co-ownership agreements, with SmartCentres.

During the second quarter, an acquisition fee of \$6,249 was paid to SmartCentres related to the assembly of multiple interests in a property acquired by the Trust.

The financial implication of these agreements is disclosed in notes 3, 4, 5, 6, 10, 11, 15, 16, 20 and 21 of the unaudited financial statements for the quarter ended June 30, 2006.

Subsequent Events

On July 27, 2006, the Trust completed the purchase of earmouts totalling 29,172 square feet of development space from SmartCentres for \$7.5 million. The purchase price was satisfied through the issuance of 67,766 Trust units with a value of \$1.2 million; the issuance of 47,424 Class B LP units with a value of \$1.0 million; and the balance in cash.

On July 28, 2006 the Trust purchased a 50.0% interest in two income properties in Toronto and Mississauga, ON, for a purchase price of \$99.1 million, satisfied by the assumption of mortgages for \$35.7 million, and the balance in cash. The Trust has committed to acquire from SmartCentres the remaining 50.0% interest in the two income properties for a total purchase price of \$99.1 million. SmartCentres has six months to decide whether to accept the offer. The purchase price would be satisfied by the assumption of existing mortgages with the balance in cash or a combination of cash and Trust units.

On August 4, 2006 the Canadian Securities Administrators issued Notice 52-306. The notice provides that the reconciliation of distributable income should start with cash flow from operating activities. In response to this notice, the Trust is reviewing its methodology for reconciling distributable income and will make such changes to its presentation of distributable income in future filings, as the Trustees consider appropriate, to comply with this notice.

Critical Accounting Estimates

In preparing the Trust's consolidated financial statements and accompanying notes, it is necessary for management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported amounts of revenue and expenses during the period. The significant items requiring estimates are impairment value of real estate assets and investments, the useful life of assets, the allocation of the purchase price to tangible and intangible assets, the determination of fair value of options granted, and the collectibility of accounts and potential litigation. Changes in these assumptions will cause actual results to differ from estimated amounts.

Accounting Policies

On January 1, 2005, the Trust prospectively adopted the requirements of the Canadian Institute of Chartered Accountants (CICA) Accounting Guideline 15, "Consolidation of Variable Interest Entities" (ACG-13), which provides guidance for "Subsidiaries", to those entities defined as Variable Interest Entities (VIE's).

Risks and Uncertainties

Real Property Ownership Risk

All real property investments are subject to elements of risk. General economic conditions, local real estate markets, supply and demand for leased premises, competition from other available premises and various other factors affect such investments.

Real estate has a high fixed cost associated with ownership, and income lost due to declining rental rates or increased vacancies cannot easily be minimized through cost reduction. Through well-located, well-designed and professionally managed properties, management seeks to reduce this risk. Prime locations will attract high quality retailers with excellent covenants and will enable the Trust to maintain economic rents and high occupancy. By maintaining the property at the highest standard through professional management practices, management seeks to increase tenant loyalty.

Development Risk

Development risk arises from the possibility that developed space will not be leased or that costs of development will exceed original estimates, resulting in an uneconomic return from the leasing of such developments. Calloway mitigates this risk by not commencing construction of any development until sufficient lease up has occurred and by entering into fixed price contracts for development costs.

Interest and Financing Risk

In the low interest rate environment that the Canadian economy has experienced in recent years, leverage has enabled the Trust to enhance its return to unit holders. A reversal of this trend, however, can significantly affect the business's ability to meet its financial obligations. In order to minimize this risk, Calloway negotiates fixed rate term debt with staggered maturities on the portfolio, and matches average lease maturity to average debt maturity. In addition, the Declaration of Trust restricts total indebtedness permitted on the portfolio.

Interest rate changes will also impact the Trust's development portfolio. Calloway has entered into development agreements that obligate the trust to acquire up to approximately 2 million square feet of additional income properties at a cost determined by capitalizing the rental income at pre-determined rates. The Trust will finance these acquisitions by issuing additional debt and equity. Changes in interest rates will have an impact on the return from these acquisitions and should the rate exceed the capitalization rate used, could result in a purchase being non-accretive. This risk is mitigated as management has the right not to approve the development.

Operating facilities and development loans exist that are priced at a risk premium over short-term rates. Changes in short-term interest rates will impact the cost of funds. In addition, there is a risk that the lenders will not refinance upon maturity. By restricting the amount of variable interest rate debt and the short-term debt the Trust has minimized the impact on financial performance.

Environmental Risk

As an owner and manager of real property, the Trust is subject to various laws relating to environmental matters. These laws impose liability for the cost of removal and remediation of certain hazardous materials released or deposited on properties owned by the Trust or on adjacent properties. As required by the Declaration of Trust, and in accordance with best management practices, Phase 1 audits are completed on all properties prior to acquisition. Further investigation is conducted if Phase 1 tests indicate a potential problem. The Trust has operating policies to monitor and manage risk. In addition, the standard lease restricts tenants from carrying on environmentally hazardous activities or having environmentally hazardous substances on site. The Trust has obtained environmental insurance on certain assets to further manage risk.

Capital Requirements

Calloway accesses the capital markets from time to time through the issuance of debt, equity or equity-related securities. If Calloway was unable to raise additional funds then acquisition or development activities may be curtailed, asset sales accelerated and property specific financing renegotiated.

Outlook

Management believes the Canadian real estate market will continue to perform well in the foreseeable future. Demand from tenants for additional space remains strong and will ensure continuation of high occupancy as well as provide further growth opportunities for the portfolio.

Both short and long-term interest rates have increased during the second quarter of 2006 and management believes that further increases are possible despite the recent pull back in long-term rates. Increases in financing costs have little impact on the Trust's current operations as the average term to maturity on total debt capital is 8.2 years and only 0.6% is variable rate financing. However, increases in interest rates may impact the net return from future acquisitions.

Calloway's portfolio of 16.0 million square feet of newly constructed retail centres has little leasing exposure, with an average lease term of 10.8 years and tenants with strong financial covenants. In addition, with an average construction age in the portfolio of less than 5 years, capital expenditures in the foreseeable future will be minimal.

Capital remains plentiful for real estate. Due to aggressive pricing, the Trust will be selective when proceeding with transactions. It is expected that SmartCentres will continue to provide additional acquisition opportunities.

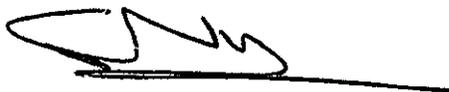

FORM 52-109F2

CERTIFICATION OF INTERIM FILINGS - CEO

I **Simon Nyilassy**, President and Chief Executive Officer of Calloway Real Estate Investment Trust, certify that:

1. I have reviewed the interim filings (as this term is defined in Multilateral Instrument 52-109 *Certification of Disclosure in Issuers' Annual and Interim Filings*) of Calloway Real Estate Investment Trust, (the issuer) for the interim period ending June 30, 2006;
2. Based on my knowledge, the interim filings do not contain any untrue statement of a material fact or omit to state a material fact required to be stated or that is necessary to make a statement not misleading in light of the circumstances under which it was made, with respect to the period covered by the interim filings;
3. Based on my knowledge, the interim financial statements together with the other financial information included in the interim filings fairly present in all material respects the financial condition, results of operations and cash flows of the issuer, as of the date and for the periods presented in the interim filings;
4. The issuer's other certifying officers and I are responsible for establishing and maintaining disclosure controls and procedures for the issuer, and we have designed such disclosure controls and procedures, or caused them to be designed under our supervision, to provide reasonable assurance that material information relating to the issuer, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which the interim filings are being prepared.

Calloway Real Estate Investment Trust

Notes to Consolidated Financial Statements

(Unaudited) For the period ended September 30, 2006

(in thousands of dollars), except for per unit amounts

1. Organization

Calloway Real Estate Investment Trust (the Trust) is an unincorporated open-ended mutual fund trust governed by the laws of the Province of Alberta created under a declaration of trust, dated December 4, 2001 subsequently amended and restated on October 24, 2002, October 31, 2003, January 16, 2004, July 7, 2005 and May 16, 2006 (the Declaration of Trust).

2. Significant accounting policy

Basis of presentation

These unaudited interim consolidated financial statements of the Trust have been prepared in accordance with Canadian generally accepted accounting principles and are consistent with the accounting policies and method of their application used in the preparation of the audited consolidated financial statements as at and for the year ended December 31, 2005. The interim consolidated financial statements contain disclosures, which are supplemental to the Trust's annual financial statements. They do not include all the information and disclosures required by Canadian generally accepted accounting principles applicable for annual financial statements and, therefore, they should be read in conjunction with the annual audited consolidated financial statements. Certain comparative figures have been reclassified to conform to the current period's financial statement presentation.

3. Acquisitions

Acquisitions during the nine months ended September 30, 2006

- a) On February 10, 2006, the Trust completed the acquisition of a 51,060 square foot retail property in Calgary, Alberta for a purchase price of \$10,505. The purchase price was paid in cash, adjusted for other working capital amounts.
- b) On February 20, 2006, the Trust completed the acquisition of a 14.53-acre development property in Burlington, Ontario for a purchase price of \$11,264. The purchase price was paid in cash, adjusted for other working capital amounts.
- c) On March 14, 2006, the Trust completed the acquisition of a 186,016 square foot retail property in Kitchener, Ontario for a purchase price of \$30,112 paid for by assuming an existing mortgage of \$14,219 and the remainder in cash, adjusted for other working capital amounts.
- d) On March 16, 2006, the Trust acquired a 49.9% interest in a 50,095 square foot retail property in Hull, Quebec for a purchase price of \$5,139. The purchase price was paid in cash, adjusted for other working capital amounts. This property is subject to joint control and accordingly has been proportionately consolidated from the date of acquisition.
- e) On March 30, 2006, the Trust completed the acquisition of a 17.78-acre development property in London, Ontario for a purchase price of \$11,093. The purchase price was paid in cash, adjusted for other working capital amounts.
- f) On April 12, 2006, the Trust acquired a 95% controlling interest in four retail properties (152,404 square feet) from SmartCentres Group of Companies (SmartCentres) for total consideration of \$39,111 in cash, adjusted for other working capital amounts. Included in the four properties, are two properties (50,659 square feet) where the Trust exercised its option to acquire the remaining 50% interest that the Trust did not already own at a purchase price of \$19,837.
- g) On May 24, 2006, the Trust completed the acquisition of a 201,947 square foot retail property in Penticton, B.C. for a purchase price of \$30,067. The purchase price was paid in cash, adjusted for other working capital amounts.
- h) On May 30, 2006, the Trust completed the acquisition of a 144,377 square foot retail property in Toronto, Ontario for a purchase price of \$36,540, adjusted for other working capital amounts. The purchase price was satisfied by the assumption of an existing first mortgage totalling \$17,080; the issuance of 756,525 Class B LP II Units with a value of \$17,778; and the balance in cash.

Calloway Real Estate Investment Trust

Notes to Consolidated Financial Statements

(Unaudited) For the period ended September 30, 2006

(in thousands of dollars), except for per unit amounts

- i) In June 2006, the Trust acquired a 44.4% joint venture interest in a 384,357 square foot income property in Toronto, Ontario for a purchase price of \$37,976, adjusted for other working capital amounts. The purchase price was satisfied by the assumption of an existing first mortgage totalling \$14,043, the issuance of 58,823 Class B LP Units with a value of \$1,500, and the balance in cash. Of the 44.4% interest acquired, 5.55% of the income property was acquired from SmartCentres for a purchase price of \$4,724. This property is subject to joint control and accordingly has been proportionately consolidated from the date of acquisition.
- j) On June 26, 2006, the Trust completed the acquisition of a 237,949 square foot retail property in Vaughan, Ontario for a purchase price of \$41,298, adjusted for other working capital amounts. The purchase price was satisfied by the assumption of an existing first mortgage totalling \$17,249 and the balance in cash.
- k) On July 28, 2006, the Trust completed the acquisition of 50% joint venture interests in each of two income properties (275,750 square feet) in Toronto, Ontario at a combined purchase price of \$102,577 (includes property under development component of \$13,308), adjusted for other working capital amounts. The purchase price was satisfied by the assumption of an existing first mortgage and a construction loan totalling \$35,711 and the balance in cash. These properties are subject to joint control and accordingly have been proportionately consolidated from the date of acquisition.
- l) On August 3, 2006, the Trust completed the acquisition of a 2.5-acre development property in Woodstock, Ontario for a purchase price of \$1,237, adjusted for other working capital amounts. The purchase price was paid in cash, adjusted for other working capital amounts.
- m) On September 22, 2006 the Trust completed the acquisition of a 257,840 square foot retail property in Montreal, Quebec for a purchase price of \$38,345, adjusted for other working capital amounts. The purchase price was paid in cash.
- n) Pursuant to development agreements and the exchange agreement referred to in notes 4 and 5(a), the Trust completed the purchase of additional development space (Earnouts) from SmartCentres and Wal-Mart Canada Realty Inc. for \$47,855. In April 2006, SmartCentres changed its name from First Pro Shopping Centres.

	<u>395,264</u>	<u>47,855</u>	<u>443,119</u>

i) The allocation of the purchase price of Earnouts in the above table does not include the cost of previously acquired land in the amount of \$9,656.

Calloway Real Estate Investment Trust

Notes to Consolidated Financial Statements

(Unaudited) For the period ended September 30, 2006

(in thousands of dollars), except for per unit amounts

Acquisitions during the nine months ended September 30, 2005

- a) On March 10, 2005, the Trust completed the acquisition of a 100% interest in three retail properties and a 60% undivided interest in each of five other retail properties from the co-owners, SmartCentres and Wal-Mart Canada Realty Inc. The purchase price of the properties was \$229,333 including costs of acquisition. Wal-Mart Canada Corp. operates stores in all eight centres. The purchase price was satisfied by a non-interest bearing mortgage on one of the properties provided by the vendors, the issuance of Development Agreement options, the assumption of accounts payable and accrued liabilities, and cash including amounts obtained from new debt financing on seven of the properties.
- b) On July 8, 2005, the Trust completed the acquisition of substantially all of the freehold and leasehold interests in 45 properties from SmartCentres, Wal-Mart Canada Realty Inc. and other vendors. These interests include the co-ownership interests owned by SmartCentres in seven properties where the Trust already owned the other co-ownership interest in these properties, effectively giving the Trust a 100% ownership interest in these properties. The purchase price of the properties was \$1,168,703 including costs of acquisition. Of this purchase price, approximately \$190,017 relates to three properties in which the Trust acquired leasehold interests and prepaid its entire lease obligation. The purchase price was satisfied by the assumption of existing mortgages, non-interest bearing mortgages provided by the vendors, the issuance of 12,594,458 Class B LP Units to SmartCentres and the other vendors, the issuance of Development Agreement options and Exchange Agreement options to SmartCentres and other vendors, the assumption of accounts payable and accrued liabilities, and the remainder in cash obtained from new mortgages and unsecured bridge loan financing. The Class B LP Units were valued at a price of \$19.85 per unit, which was approximately the fair market value of the Trust Units on the date the substantive terms of the acquisition were agreed upon and announced. Development Agreement and Exchange Agreement options were valued at their estimated combined fair market value of \$10,675 based on a Black-Scholes calculation using the following assumption: average volatility of 17.8% on the underlying Trust Units; an exercise price of \$20.10 per unit; a risk free interest rate of 1.605%; a weighted average expected life of two years; and an expected distribution rate on the Trust Units of 6.76%.
- c) Pursuant to Development Agreements and the Exchange Agreement referred to in notes 4 and 5(a), the Trust completed the purchase of additional development space (Earnouts) from SmartCentres and Wal-Mart Canada Realty Inc. for \$36,218.
- d) The Trust completed three acquisitions from unrelated parties during the nine months ended September 30, 2005 for a total purchase price of \$39,289.

Consideration for the assets acquired during the nine months ended September 30, 2005 is summarized as follows:

	July 8, 2005	March 10, 2005	Earnouts	Other	Total
	\$	\$	\$	\$	\$
Cash	506,526	220,066	23,877	18,753	769,222

Land with a carrying value at September 30, 2006 of \$30,849 (December 31, 2005 - \$31,231) is subject to development acquisition agreements and the Exchange Agreement with SmartCentres, the original vendor of the properties. SmartCentres pays the Trust an opportunity fee ranging from 8% to 9% per annum of the aggregate undeveloped land cost as reduced from time to time upon the completion and rental of additional space that is

Calloway Real Estate Investment Trust

Notes to Consolidated Financial Statements

(Unaudited) For the period ended September 30, 2006

(in thousands of dollars), except for per unit amounts

purchased by the Trust. As the negotiated opportunity fee earned by the Trust reflects management's estimate of a fair market return for the lease of a productive asset, the fee is recognized as revenue. Pursuant to the development acquisition agreements and the Exchange Agreement, SmartCentres has assumed the responsibility for the cost of developing the land. Included in this land, subject to development acquisition agreements, is land with a carrying value of \$6,661 for which SmartCentres is obligated to repurchase any land remaining undeveloped at the end of the specified development period of five years (extendable to ten years under certain circumstances). The remaining land subject to development acquisition agreements with a carrying value of \$24,188 provides for a reduction, under certain circumstances at the end of the development period, of 15% of the Trust's obligations under a non-interest bearing development loan related to the land, which has a principal amount outstanding at September 30, 2006 of \$3,600. Upon the completion and rental of additional space on these lands, the Trust is obligated to purchase the additional developments at a total price calculated by a formula using the net operating rents and predetermined negotiated capitalization rates (which range from 7.155% to 10.0%), on the date rent becomes payable on the additional space (Gross Cost). The actual price paid to SmartCentres is the Gross Cost less the associated land cost (Net Cost). The Trust has provided a second mortgage on a specific property in the amount of \$10,000 to SmartCentres as security for payment of the Net Cost.

For certain of this land, SmartCentres has been granted the right, at its option, to receive up to 40% of the Gross Cost in Trust Units for developments completed pursuant to the development acquisition agreements, subject to a maximum number of units (note 11(c)). For other land, SmartCentres has been granted the right, at its option, to receive up to 40% of the Gross Cost in Class B LP Units for developments completed pursuant to the Exchange Agreement, subject to a maximum number of units (note 11(c)).

The Trust has also provided financing to SmartCentres to fund development costs (note 6(b)).

During the three months ended September 30, 2006, the Trust acquired nil square feet (three months ended September 30, 2005 - 78,037 square feet) of retail space upon completion and rental of additional space by SmartCentres at a net cost of \$120 (three months ended September 30, 2005 - \$11,532) (i.e., exclusive of the cost of land previously acquired). SmartCentres elected to receive consideration of \$48 (three months ended September 30, 2005 - \$1,476) in Trust Units and \$nil (three months ended September 30, 2005 - \$3,127) in Class B LP Units (note 11(c)).

During the nine months ended September 30, 2006, the Trust acquired 10,957 square feet (nine months ended September 30, 2005 - 128,659 square feet) of retail space upon completion and rental of additional space by SmartCentres at a net cost of \$1,966 (nine months ended September 30, 2005 - \$19,523) (i.e., exclusive of the cost of land previously acquired). SmartCentres elected to receive consideration of \$693 (nine months ended September 30, 2005 - \$3,976) in Trust Units and \$nil (nine months ended September 30, 2005 - \$3,127) in Class B LP Units (note 11(c)).

As at September 30, 2006, four income properties with a cost of \$234,354 (December 31, 2005 - \$234,307) and a net book value of \$217,577 (December 31, 2005 - \$226,589) are subject to capital leases. Three of the income properties were acquired in 2005 under the terms of 35-year leases with SmartCentres. SmartCentres has the right to terminate the leases after ten years on payment to the Trust of the market value of a 35-year leasehold interest in the properties at that time and also has the right to terminate the leases at any time in the event any third party acquires 20% of the aggregate of the Trust Units and special voting units by payment to the Trust of the unamortized balance of any prepaid lease cost. The Trust prepaid its entire lease obligations of \$190,017, including prepaid land rent of \$47,156, under these lease agreements on July 8, 2005. There are no purchase options at the end of the lease term for these three income properties and, accordingly, the portion of the prepaid lease obligation attributable to land has been classified as prepaid land rent. Amortization of prepaid land rent is included in property operating costs in the consolidated statement of income. The fourth capital lease is described further in note 9(c).

During the three months ended September 30, 2006, unamortized tenant improvements and intangible assets relating to space that was vacated by tenants during the period, totalling \$nil (three months ended September 30, 2005 - \$nil), were charged to amortization expense.

Calloway Real Estate Investment Trust

Notes to Consolidated Financial Statements

(Unaudited) For the period ended September 30, 2006

(in thousands of dollars), except for per unit amounts

During the nine months ended September 30, 2006, unamortized tenant improvements and intangible assets relating to space that was vacated by tenants during the period, totalling \$nil (nine months ended September 30, 2005 - \$3,939), were charged to amortization expense.

During the three months ended September 30, 2006, the Trust completed the development and leasing of income properties on property under development not subject to development management agreements (note 5 (b)). Costs in respect of land (\$1,667), building (\$3,632) and tenant improvements (\$406), have been reclassified from properties under development to income properties.

During the nine months ended September 30, 2006, the Trust completed the development and leasing of income properties on property under development not subject to development management agreements (note 5 (b)). Costs in respect of land (\$9,687), building (\$28,937) and tenant improvements (\$635), have been reclassified from properties under development to income properties.

5. Properties under development

Properties under development consist of the following:

	September 30 2006 \$	December 31 2005 \$
Properties under development subject to development management agreements (a)	40,968	56,025
Properties under development not subject to development management agreements (b)	125,472	99,792
	<u>166,440</u>	<u>155,817</u>

a) Properties under development subject to development management agreements

These properties under development are subject to development management agreements with SmartCentres and Wal-Mart Canada Realty Inc. (together with the development acquisition agreements discussed in note 4, collectively referred to as the Development Agreements) and to an exchange, option and support agreement with SmartCentres and the other vendors of the properties (the Exchange Agreement). Pursuant to the development management agreements and the Exchange Agreement, the vendors assume responsibility for managing the development of the land on behalf of the Trust and are granted the right for a period of five years to earn an Earnout Fee. The Trust is obligated to pay the Earnout Fee upon the completion and rental of additional space on these properties, on the date rent becomes payable on the additional space. Gross Cost is calculated by a formula using the net operating rents and predetermined negotiated capitalization rates (which range from 7.250% to 9.125%). The Earnout Fee is calculated as the Gross Cost less the associated land and development costs incurred by the Trust.

For certain of these properties under development, SmartCentres has been granted the right, at its option, to receive up to 40% of the Gross Cost plus Earnout Fees in Trust Units for developments completed pursuant to the development management agreements, subject to a maximum number of units (note 11(c)). For other properties under development, SmartCentres has been granted the right, at their option, to receive up to 40% of the Gross Cost in Class B LP Units for developments completed pursuant to the Exchange Agreement, subject to a maximum number of units (note 11(c)).

The vendors have provided non-interest bearing loans for the initial land acquisition costs and interest bearing loans to finance additional costs of developments (notes 10(c) and 10(b), respectively).

During the three months ended September 30, 2006, the Trust completed 74,779 square feet (three months ended September 30, 2005 - 58,019 square feet) of retail space with a Gross Cost of \$5,090 (three months ended September 30, 2005 - \$6,012) plus Earnout Fees paid to the vendors of \$8,531 (three months ended September 30, 2005 - \$3,476). SmartCentres elected to receive \$3,320 (three months ended September 30, 2005 - \$2,648) in Trust Units and \$1,538 (three months ended September 30, 2005 - \$nil) in Class B LP Units (note 11(c)).

During the nine months ended September 30 2006, the Trust completed 231,741 square feet (nine months ended

Calloway Real Estate Investment Trust

Notes to Consolidated Financial Statements

(Unaudited) For the period ended September 30, 2006

(in thousands of dollars), except for per unit amounts

September 30, 2005 – 86,327 square feet) of retail space with a Gross Cost of \$22,529 (nine months ended September 30, 2005 - \$9,977) plus Earnout Fees paid to the vendors of \$23,360 (nine months ended September 30, 2005 - \$6,718). SmartCentres elected to receive \$14,838 (nine months ended September 30, 2005 - \$5,206) in Trust Units and \$5,268 (nine months ended September 30, 2005 - \$nil) in Class B LP Units (note 11(c)).

b) Properties under development not subject to development management agreements

These properties under development are being developed directly by the Trust. Pursuant to the Exchange Agreement, SmartCentres and the other vendors are entitled to acquire Class B LP Units on the completion and rental of additional space on certain of these properties under development, subject to a maximum number of units (note 11(c)).

6. Mortgages and loans receivable

Mortgages and loans receivable consist of the following:

	September 30, 2006	December 31, 2005
	\$	\$
Mortgages receivable (a)	54,643	36,492
Loans and notes receivable (b)	8,494	5,061
Mortgages receivable (c)	600	1,600
	<u>63,737</u>	<u>43,153</u>

- a) Mortgages receivable of \$54,643 (December 31, 2005 - \$36,492) have been provided pursuant to agreements with SmartCentres in which the Trust will lend up to \$89,850 (December 31, 2005 - \$54,450) for use in acquiring and developing eight (December 31, 2005 – six) properties in Ontario and Quebec. These mortgages bear interest payable monthly at 7.25% to 9.25% (December 31, 2005 – 7.50% to 9.25%) and the principal amounts are due at the maturity of the mortgages at various dates in 2009 and 2011 (four to five years from the initial advance). The mortgages are secured by first or second charges on properties, assignments of rents and leases, and general security agreements. In addition, other SmartCentres affiliated companies have provided certain limited indemnities and guarantees.

During the three months ended September 30, 2006, \$1,265 has been funded, offset by repayments of \$nil. During the nine months ended September 30, 2006, \$22,681 has been funded, offset by repayments of \$4,530.

The Trust has an option to acquire a 50% interest in the properties upon substantial completion at an agreed upon formula using the net operating rents and a capitalization rate based on the ten year Government of Canada rate within a specified range. Should the capitalization rate exceed the upper limit, the owner is not obligated to sell, with one exception, when the owner is obligated to sell at the upper limit. Should the capitalization rate be less than the lower limit, then the lower limit is deemed to be the capitalization rate, with one exception, where no lower limit exists. In addition, included in one of these loan agreements, is a forward purchase contract whereby, subject to due diligence, the Trust will acquire a 50% interest in an income property parcel (Wal-Mart tenancy only) from SmartCentres at a price calculated by a formula using net operating rents and a predetermined negotiated capitalization rate of 7.00%. SmartCentres has the option to put their remaining 50% interest in that same parcel to the Trust at the same 7.00% capitalization rate. As well, SmartCentres has the option to put certain remaining non Wal-Mart tenancy income property parcels to the Trust at a price calculated by a formula using net operating rents and capitalization rates based on the ten year Government of Canada rate with a range from 6.50% to 7.75%. The forward purchase contract closes upon completion of the construction of the income property, and the put options expire within five years of closing of the forward purchase contract.

During the year ended December 31, 2005, one property was completed and the Trust exercised its option to acquire a 50% interest. The acquisition was completed on July 8, 2005 at a cost of \$6,208. Two further options were exercised with the acquisitions, which closed on April 12, 2006 at a purchase price of \$19,837.

- b) Loans receivable at September 30, 2006 of \$6,303 (December 31, 2005 - \$5,061) have been provided pursuant to development acquisition agreements with SmartCentres (note 4). The loans bear interest at rates that approximate

Calloway Real Estate Investment Trust

Notes to Consolidated Financial Statements

(Unaudited) For the period ended September 30, 2006

(in thousands of dollars), except for per unit amounts

the prime rate of a Canadian chartered bank plus rates ranging from 0.75% to 1.25% (December 31, 2005 – 0.75% to 1.25%). The loans receivable are repayable at the completion and rental of the properties under development. SmartCentres has not provided any security in regard to the loans; however, the loan agreements stipulate that the proceeds of the loans are to be used to fund improvements to properties owned by the Trust. During the three months ended September 30, 2006, \$1,547 has been funded, offset by repayments of \$nil. During the nine months ended September 30, 2006, \$2,694 has been funded, offset by repayments of \$1,451.

Notes receivable at September 30, 2006 of \$2,191 (December 31, 2005 - \$nil) have been provided to SmartCentres. These secured demand notes bear interest at 9%.

- c) The mortgage receivable at September 30, 2006 of \$600 (December 31, 2005 - \$1,600) has been provided to a company in which a trustee of the Trust is an officer and director, is secured by a second charge on a property under development, bears interest at 12% per annum and is repayable in entirety upon the earliest of the Trust purchasing the property, the property being sold to a third party and the day which is two years following the date of substantial completion of the property. The Trust has an option to purchase the property at a negotiated price, or failing agreement, at a price equal to 95% of the appraised value of the property. A mortgage totalling \$1,000 was repaid on June 27, 2006.

Mortgages receivable, which were provided to SmartCentres, were secured by a second charge on two income properties, interest bearing at 9.00% and repayable in blended monthly instalments of \$78. These mortgages receivable were repaid in full on July 8, 2005. A mortgage receivable, which was secured by a second charge on an income property, was interest bearing at 11.75% and repayable in blended monthly instalments of \$3. It was repaid in full on April 5, 2005.

The estimated fair value of the mortgages, loans and notes receivable is \$64,550 based on current market rates for mortgages and loans with similar terms and risks. Mortgages and loans receivable have not been adjusted to their estimated fair values because it is currently the Trust's intent to hold them to maturity.

7. Deferred leasing costs

Deferred leasing costs consist of the following:

	September 30, 2006			December 31, 2005		
	Cost \$	Accumulated amortization \$	Net \$	Cost \$	Accumulated amortization \$	Net \$
Tenant inducements	780	246	534	579	140	439
Leasing commissions and other leasing costs	1,320	166	1,154	868	60	808
	<u>2,100</u>	<u>412</u>	<u>1,688</u>	<u>1,447</u>	<u>200</u>	<u>1,247</u>

8. Deferred financing costs

Deferred financing costs consist of the following:

	September 30, 2006			December 31, 2005		
	Cost \$	Accumulated amortization \$	Net \$	Cost \$	Accumulated amortization \$	Net \$
Deferred financing costs	9,134	1,974	7,160	8,181	1,167	7,014

Calloway Real Estate Investment Trust

Notes to Consolidated Financial Statements

(Unaudited) For the period ended September 30, 2006

(in thousands of dollars), except for per unit amounts

For the nine months ended September 30, 2006, \$503 (nine months ended September 30, 2005 - \$1,085) of unamortized deferred financing costs, relating to convertible debentures that have been converted, have been charged to equity (note 11(g)). Amortization of deferred financing cost is included in interest expense (note 10(h)).

9. Working capital

a) Prepaid expenses and deposits

Prepaid expenses and deposits consist of the following:

	September 30 2006 \$	December 31 2005 \$
Prepaid expenses and other	15,579	2,697
Deposits	3,239	1,984
Cash and units held in escrow	3,913	3,913
	<hr/>	<hr/>
	22,731	8,594

b) Amounts receivable

Amounts receivable consist of the following:

	September 30 2006 \$	December 31 2005 \$
Tenant receivables	14,126	8,554
Straight-line rent receivable	10,441	5,645
Development costs recoverable from municipality	6,916	6,916
Other	6,504	5,579
	<hr/>	<hr/>
	37,987	26,694

c) Accounts payable and accrued liabilities

Accounts payable and accrued liabilities consist of the following:

	September 30 2006 \$	December 31 2005 \$
Accounts payable - operations	1,905	953
Accounts payable - development	10,334	9,524
Accruals and other payables	29,687	19,401
Accrued interest payable	7,078	8,164
Prepaid rents and tenant deposits	9,050	7,572
Distributions payable	10,116	8,373
Capital lease obligation	532	496
	<hr/>	<hr/>
	68,702	54,483

An income property under a 35-year capital lease with SmartCentres requires a \$10,000 payment at the end of the lease in 2038 to exercise a purchase option. The capital lease obligation of \$532 (December 31, 2005 - \$496) is net of imputed interest at 9.18% of \$9,468 (December 31, 2005 - \$9,504).

Calloway Real Estate Investment Trust

Notes to Consolidated Financial Statements

(Unaudited) For the period ended September 30, 2006

d) Changes in other non-cash operating items

Changes in other non-cash operating items consist of the following:

	Three months ended September 30 2006 \$	Three months ended September 30 2005 \$	Nine months ended September 30 2006 \$	Nine months ended September 30 2005 \$
Prepaid expenses and deposits	(3,362)	(10,503)	(12,882)	(18,519)
Amounts receivable	2,108	(16,116)	(6,043)	(18,064)
Accounts payable and accrued liabilities	(5,821)	23,139	135	32,848
	(7,075)	(3,480)	(18,790)	(3,735)

10. Debt

Debt consists of the following:

	September 30, 2006 \$	December 31, 2005 \$
Term mortgages (a)	1,234,976	1,139,458
Development loans		
Interest bearing (b)	20,652	34,420
Non-interest bearing (c)	42,935	50,528
Revolving Acquisition Facility (d)	63,000	-
Revolving Operating Facilities (e)	15,535	5,000
Unsecured debentures (f)	200,000	200,000
Convertible debentures (g)	8,296	22,029
	1,585,394	1,451,435
Less: Debt related to assets held for sale	-	(4,056)
	1,585,394	1,447,379

a) Term mortgages

Term mortgages bear interest at fixed rates with a weighted average interest rate of 6.06% at September 30, 2006 (December 31, 2005 - 6.06%) and mature between 2007 and 2025. The term mortgages are secured by first registered mortgages over specific income properties and properties under development, and first general assignments of leases, insurance and registered chattel mortgages.

Principal repayment requirements for term mortgages are as follows:

	Instalment payments \$	Lump sum payments at maturity \$	Total \$
2006 (remainder of)	8,067	-	8,067
2007	27,309	1,336	28,645
2008	28,944	-	28,944
2009	30,105	34,682	64,787
2010	31,238	24,070	55,308
Thereafter	252,217	774,082	1,026,299
	377,880	834,170	1,212,050
Mark-to-market adjustment			22,926
			1,234,976

Calloway Real Estate Investment Trust

Notes to Consolidated Financial Statements

(Unaudited) For the period ended September 30, 2006

(in thousands of dollars), except for per unit amounts

b) Interest bearing development loans

Interest bearing development loans total \$20,652 at September 30, 2006 (December 31, 2005 - \$34,420) and are detailed as follows:

- Development loans totalling \$15,398 at September 30, 2006 (December 31, 2005 - \$21,021) bear a variable interest rate of prime plus 0.75% to 3.00% on \$12,072 and BA rate plus 2% on \$3,326, are secured by first and second registered mortgages over specific income properties and first general assignments of leases and insurance, and are subject to review annually.
- Development loans totalling \$5,254 at September 30, 2006 (December 31, 2005 - \$13,399) have been provided by SmartCentres and Wal-Mart Canada Realty Inc. to finance additional costs of developments (note 5(a)). They bear variable interest rates at the bankers' acceptance rates plus 2%, are secured by first mortgages over specific income properties and income properties under development and first general assignments of leases, and are due the earlier of various dates in 2009 and 2010 or the date building construction is completed and the tenant is in occupancy and paying rent.

c) Non-interest bearing development loans

Non-interest bearing development loans have been provided by SmartCentres and Wal-Mart Canada Realty Inc. to finance initial land acquisition costs (note 5(a)). These loans were initially measured at their estimated fair value using imputed interest rates ranging from 4.03% to 4.63%, are secured by first mortgages over specific income properties and properties under development and first general assignments of leases, and are due the earlier of various dates in 2009 and 2010 and the date building construction is completed and the tenant is in occupancy and paying rent. During the three months ended September 30, 2006, imputed interest of \$58 (three months ended September 30, 2005 - \$440) was capitalized to property under development. During the nine months ended September 30, 2006, imputed interest of \$640 (nine months ended September 30, 2005 - \$918) was capitalized to property under development.

d) Revolving acquisition facility

The revolving acquisition facility, with an available credit limit of \$118,000, of which \$63,000 is outstanding, bears interest at a variable rate based on the 30 day BA rate plus 1.5%, is secured by a first charges over specific income properties, a first general assignment of leases and a general security agreement, and matures in September 2008.

e) Revolving operating facilities

The two revolving operating facilities bear variable interest rates based on bank prime plus nil% and bank prime plus 0.375% (December 31, 2005 - nil% and 0.375%) and are secured by first charges over specific income properties, and first general assignments of leases and insurance. One \$40,000 operating facility is subject to review by October 31, 2006 (currently under negotiation). In October 2006, the other \$40,000 operating facility bearing interest at bank prime plus 0.375% was not renewed by the Trust.

	September 30, 2006	December 31, 2005
	\$	\$
Lines of credit available	80,000	80,000
Lines of credit outstanding	15,535	5,000
Letters of credit outstanding	15,412	15,386

f) Unsecured debentures

On September 22, 2005, the Trust issued \$200,000 of 4.51% Series A unsecured debentures due September 22, 2010 (the Unsecured Debentures) with semi-annual interest payments on September 22 and March 22 of each year. At September 30, 2006, the Unsecured Debentures are rated BBB with a stable trend by Dominion Bond Rating Services.

Calloway Real Estate Investment Trust

Notes to Consolidated Financial Statements

(Unaudited) For the period ended September 30, 2006

(in thousands of dollars), except for per unit amounts

g) Convertible debentures

On May 14, 2004, the Trust issued \$55,000 of 6.00% convertible unsecured subordinated debentures (the Convertible Debentures) due June 30, 2014. The Convertible Debentures are convertible at the holder's option at any time into Trust Units at \$17.00 per unit and are redeemable at the option of the Trust on or after June 28, 2010. The Convertible Debentures were divided into their liability and equity components, measured at their respective fair values at time of issue. During the three months ended September 30, 2006, \$1,647 of face value of the Convertible Debentures (three months ended September 2005 - \$8,664) was converted into Trust Units (note 11(g)). During the nine months ended September 30, 2006, \$14,324 of face value of the Convertible Debentures (nine months ended September 30, 2005 - \$28,533) was converted into Trust Units (note 11(g)). At September 30, 2006, \$8,350 of face value of the Convertible Debentures was outstanding (December 31, 2005 - \$22,674).

h) Interest expense

Interest expense consists of the following:

	Three months ended September 30		Nine months ended September 30	
	2006	2005	2006	2005
	\$	\$	\$	\$
Interest at stated rate	21,330	20,268	61,475	40,150
Amortization of mark-to-market adjustment	(1,090)	(1,033)	(3,259)	(1,033)
Amortization of deferred financing costs	315	295	944	629
	20,555	19,530	59,160	39,746
Less: Interest capitalized to properties under development	(1,019)	(1,176)	(3,452)	(1,368)
Interest expense	19,536	18,354	55,708	38,378

i) Fair values

The estimated fair value of debt is approximately as follows:

	September 30 2006	December 31 2005
	\$	\$
Term mortgages	1,294,237	1,174,547
Development loans	63,587	84,948
Revolving acquisition and operating facilities	78,535	5,000
Unsecured debentures	198,470	196,672
Convertible debentures	13,366	31,063
	1,648,195	1,492,230

Calloway Real Estate Investment Trust

Notes to Consolidated Financial Statements

(Unaudited) For the period ended September 30, 2006

(in thousands of dollars), except for per unit amounts

a) Authorized units

i) Trust Units

The Trust is authorized to issue an unlimited number of voting trust units (Trust Units), each of which represents an equal undivided interest in the Trust. All Trust Units outstanding from time to time shall be entitled to participate pro rata in any distributions by the Trust and, in the event of termination or winding-up of the Trust, in the net assets of the Trust. All Trust Units shall rank among themselves equally and rateably without discrimination, preference or priority. Unitholders are entitled to require the Trust to redeem all or any part of their Trust Units at prices determined and payable in accordance with the conditions provided for in the Declaration of Trust. A maximum amount of \$50 may be redeemed in total in any one month unless otherwise waived by the Board of Trustees.

The Trust is authorized to issue an unlimited number of special voting units that will be used to provide voting rights to holders of exchangeable securities. Special voting units are not entitled to any interest or share in the distributions or net assets of the Trust. Each special voting unit entitles the holder to the number of votes at any meeting of unitholders of the Trust, which is equal to the number of Trust Units into which the exchangeable security is exchangeable or convertible. Special voting units shall be cancelled on the issuance of Trust Units on exercise, conversion or cancellation of the corresponding exchangeable securities. At September 30, 2006, there were 14,002,541 (December 31, 2005 - 12,925,125) special voting units outstanding. There is no value assigned to the special voting units.

ii) Calloway Limited Partnership Units

An unlimited number of Class A LP Units, Class B LP Units and Class C LP Units may be issued by Calloway Limited Partnership (LP). Class A LP partners have five votes for each Class A LP Unit held, Class B LP partners have one vote for each Class B LP Unit held and Class C LP partners have no votes at meetings of the LP. The LP is under the control of the Trust.

The Class A LP Units are entitled to all distributable cash of the LP after the required distributions on the Class B LP Units have been paid. At September 30, 2006, there were 3,080,000 (December 31, 2005 - 3,080,000) Class A LP Units outstanding. All Class A LP Units are owned indirectly by the Trust and have been eliminated on consolidation.

The Class B LP Units are non-transferable, except under certain circumstances, but are exchangeable into an equal number of Trust Units at the holder's option. Holders of Class B LP Units are entitled to receive distributions equivalent to the distributions on Trust Units. Each Class B LP Unit is entitled to one special voting unit, which will entitle the holder to receive notice of, attend and vote at all meetings of the Trust. The Class B LP Units are considered to be economically equivalent to Trust Units and, accordingly, have been presented as equity in these consolidated financial statements.

The Class C LP Units are entitled to receive 0.01% of any distributions of the LP and have nominal value assigned in the financial statements. The Class C LP Units are exchangeable at the holder's option into Class B LP Units upon the completion and rental of additional space on specific properties and payment of \$20.10 per unit (the Exchange Agreement options - see note 11(c)). At September 30, 2006, there were 7,907,263 (December 31, 2005 - 8,169,333) Class C LP Units outstanding.

iii) Calloway Limited Partnership II Units

This limited partnership was formed February 6, 2006 and commenced activity on May 29, 2006.

An unlimited number of Class A LPII Units and Class B LPII Units may be issued by Calloway Limited Partnership II (LPII). Class A LPII partners have five votes for each Class A LPII Unit held, Class B LPII partners have one vote for each Class B LPII Unit held. The LPII is under the control of the Trust.

The Class A LPII Units are entitled to all distributable cash of the LPII after the required distributions on the Class B LPII Units have been paid. At September 30, 2006, there were 200,001 Class A LPII Units outstanding. The Class A LPII Units are owned indirectly by the Trust and have been eliminated on consolidation.

Calloway Real Estate Investment Trust

Notes to Consolidated Financial Statements

(Unaudited) For the period ended September 30, 2006

(in thousands of dollars), except for per unit amounts

The Class B LP II Units are non-transferable, except under certain circumstances, but are exchangeable into an equal number of Trust Units at the holder's option. Holders of Class B LP II Units are entitled to receive distributions equivalent to the distributions on Trust Units. Each Class B LP II Unit is entitled to one special voting unit, which will entitle the holder to receive notice of, attend and vote at all meetings of the Trust. The Class B LP II Units are considered to be economically equivalent to Trust Units and, accordingly, have been presented as equity in these consolidated financial statements.

b) Units issued

During the nine months ended September 30, 2006, the Trust issued Trust Units for cash:

	Issued units	Issue price \$	Proceeds \$
April 13	<u>8,500,000</u>	26.60	226,100
Issue costs			<u>(9,567)</u>
			<u>216,533</u>

During the nine months ended September 30, 2005, the Trust issued Trust Units for cash:

	Issued units	Issue price \$	Proceeds \$
March 10	3,101,000	19.35	60,004
July 8	<u>11,336,000</u>	19.85	<u>225,020</u>
	<u>14,437,000</u>		285,024
Issue costs			<u>(7,992)</u>
			<u>277,032</u>

c) Development Agreement options and Exchange Agreement options

As part of consideration paid for certain income property acquisitions, the Trust has granted options in connection with Development Agreements and the Exchange Agreement (notes 4 and 5) with SmartCentres and other vendors. Upon completion and rental of additional space on specific properties, the holder may elect to exercise the options and receive Trust Units, in the case of the Development Agreements options, and Class B LP Units by exchanging Class C LP Units, in the case of the Exchange Agreement options. The option strike prices were based on the market price of Trust Units on the date the substantive terms were agreed upon and announced.

Calloway Real Estate Investment Trust

Notes to Consolidated Financial Statements

(Unaudited) For the period ended September 30, 2006

(in thousands of dollars), except for per unit amounts

d) Unit option plan

On July 7, 2003, 560,000 unit options expiring on July 7, 2008 were granted at a strike price of \$10 per unit to employees and trustees. The status of the outstanding unit options as at September 30, 2006 is as follows:

	Outstanding	Vested
Balance - December 31, 2004	323,400	263,400
Vested	-	60,000
Exercised	(318,400)	(318,400)
Balance - December 31, 2005	5,000	5,000
Exercised	(5,000)	(5,000)
Balance - March 31, June 30 and September 30, 2006	-	-

The Trust does not intend to issue any further options under this plan.

e) Deferred unit plan

During 2005, the Trust implemented a deferred unit plan (amended May 16, 2006). The plan entitles trustees and officers, at the participant's option, to receive deferred units in consideration for trustee fees or executive bonuses with the Trust matching the number of units received. The deferred units in respect of trustee fees or executive bonuses effectively vest immediately, and the matching deferred units vest 50% on the third anniversary and 25% on each of the fourth and fifth anniversaries, subject to provisions for earlier vesting in certain events. The deferred units earn additional deferred units for the distributions that would otherwise have been paid on the deferred units (i.e., had they instead been issued as Trust Units on the date of grant). Once vested, participants are entitled to receive an equivalent number of Trust Units for the vested deferred units and the corresponding additional deferred units.

The deferred unit plan was approved by unitholders on July 7, 2005 and the Trust granted 71,544 deferred units at a grant day value of \$1,545. The completion of the acquisition of properties on July 8, 2005, was defined to be a change of control for purposes of the deferred unit plan. This resulted in the immediate vesting of all outstanding deferred units at this date and the recognition of all unrecognized compensation expense in respect of these deferred units, in excess of initial amounts previously recorded for trustee fees and executive bonuses.

Calloway Real Estate Investment Trust

Notes to Consolidated Financial Statements

(Unaudited) For the period ended September 30, 2006

(in thousands of dollars), except for per unit amounts

The status of the outstanding deferred units is as follows:

	Outstanding	Vested
Deferred units granted and vested on July 7, 2005	71,544	71,544
Deferred units granted	12,069	-
Additional deferred units earned on vested deferred units	2,326	2,326
Additional deferred units earned on unvested deferred units	46	-
	<hr/>	<hr/>
Balance - December 31, 2005	85,985	73,870
Deferred units granted during period	20,677	-
Additional deferred units earned on vested units	1,116	1,116
Additional deferred units earned on unvested deferred units	496	-
	<hr/>	<hr/>
Balance - March 31, 2006	108,274	74,986
Previously granted units now vested	-	16,644

Balance - June 30, 2006	116,516	96,316
Deferred units granted during period	6,431	3,216
Additional deferred units earned on vested units	1,490	1,490
Additional deferred units earned on unvested deferred units	350	-
	<hr/>	<hr/>
Balance - September 30, 2006	<u>124,787</u>	<u>101,022</u>

f) Distribution reinvestment plan

The Trust enables holders of Trust Units to reinvest their cash distributions in additional units of the Trust at 97% of the weighted average unit price over the ten trading days prior to the distribution. The 3% bonus amount is recorded as an additional distribution and reinvestment.

g) Convertible debentures

During the three months ended September 30, 2006, \$1,647 (three months ended September 30, 2005 - \$8,664) of face value of the Convertible Debentures were converted into 96,877 (three months ended September 30, 2005 - 509,636) Trust Units. The face value of the Convertible Debentures, net of a discount of \$64 (three months ended September 30, 2005 - \$nil), plus a proportionate share of the equity component in the amount of \$64 (three months ended September 30, 2005 - \$343), net of applicable unamortized deferred financing costs of \$52 (three months ended September 30, 2005 - \$1,085), was added to Trust Unit capital.

During the nine months ended September 30, 2006, \$14,324 (nine months ended September 30, 2005 - \$28,533) of face value of the Convertible Debentures were converted into 842,570 (nine months ended September 30, 2005 - 1,678,397) Trust Units. The face value of the Convertible Debentures, net of a discount of \$566 (nine months ended September 30, 2005 - \$nil), plus a proportionate share of the equity component in the amount of \$566 (nine months ended September 30, 2005 - \$1,129), net of applicable unamortized deferred financing costs of \$503 (nine months ended September 30, 2005 - \$1,085), was added to Trust Unit capital.

Calloway Real Estate Investment Trust

(Unaudited) For the period ended September 30, 2006

(in thousands of dollars), except for per unit amounts

12. Rentals from income properties

Rentals from income properties consists of the following:

	Three months ended September 30		Nine months ended September 30	
	2006	2005	2006	2005
	\$	\$	\$	\$
Base rent	54,350	44,910	154,242	91,314
Property operating costs recovered	20,719	18,035	64,230	38,625
	75,069	62,945	218,472	129,939

13. Amortization expense

Amortization expense consists of the following:

	Three months ended September 30		Nine months ended September 30	
	2006	2005	2006	2005
	\$	\$	\$	\$
Income properties				
Tangible assets	14,517	12,084	40,780	22,822
Intangible assets	10,757	9,264	30,823	20,095
Deferred leasing costs	75	30	199	79
	25,349	21,378	71,802	42,996

14. Net income per unit

The following table sets forth the weighted average number of units outstanding for income per unit purposes:

	Three months ended September 30		Nine months ended September 30	
	2006	2005	2006	2005
Trust Units	66,882,272	49,015,791	63,055,854	40,081,436
Class B LP Units	13,204,822	11,739,320	13,071,045	3,956,107
Class B LPII Units	756,525	-	346,394	-
Vested deferred units	76,696	67,477	75,571	22,740
Basic	80,920,315	60,822,588	76,548,865	44,060,283
Effect of dilutive securities				
Unit options	-	31,556	133	115,206
Diluted	80,920,315	60,854,144	76,548,997	44,175,489

The impact of the potential exercise of Development Agreement options and Exchange Agreement options have not been included in the calculation of the weighted average diluted number of units outstanding because the conditions necessary for their issuance were not satisfied as at September 30, 2006. The impact of the unvested deferred units and the potential conversion of the Convertible Debentures into Trust Units has not been included in the calculation of the diluted number of units outstanding, as at September 30, 2006, as it has been determined to be anti-dilutive.

15. Supplemental cash flow information

The following summarizes supplemental cash flow information and non-cash transactions:

	Three months ended September 30		Nine months ended September 30	
	2006 \$	2005 \$	2006 \$	2005 \$
Interest paid	22,741	15,389	62,558	34,728
Interest received	1,689	1,131	5,452	3,271
Mortgages assumed on acquisitions	35,711	365,249	98,302	385,207
Vendor take-back mortgages obtained on acquisitions	-	33,091	-	39,088
Trust, Class B LP and Class B LPII Units issued as consideration for acquisitions	4,906	7,252	40,077	12,310
Development Agreement options and Exchange Agreement options issued as consideration for acquisitions	-	-	-	10,675
Liabilities assumed on acquisitions, net of other assets	4,970	3,284	12,307	7,042
Units issued under the Distribution Reinvestment Plan	2,085	1,065	6,416	1,580
Units issued on conversion of Debentures	1,647	8,664	14,324	28,533
Mortgages assumed by purchasers on sale of income properties	-	-	4,020	28,271
Distributions payable at period-end	10,116	7,596	10,116	7,596
Liabilities at period end relating to additions to income properties and properties under development	15,890	18,037	15,890	18,037

16. Related party transactions

Transactions with related parties that are conducted in the normal course of operations have been recorded at the exchange amount. Monetary transactions with related parties that are not in the normal course of operations, but that result in a substantive change in the ownership interests of the item transferred, are recorded at the exchange amount.

As at September 30, 2006, SmartCentres owned 9,012,452 Trust Units, 10,820,784 Class B LP Units and nil Class B LPII Units, which represent approximately 24.5% of the issued and outstanding Trust Units, Class B LP Units and Class B LPII Units, combined. A July 2005 agreement preserves SmartCentre's voting rights at a minimum of 25.0%. SmartCentres has options to acquire approximately 3,957,319 Trust Units pursuant to Development Agreements and approximately 7,484,262 Class B LP Units pursuant to the Exchange Agreement. The ownership would increase to 33.6% if SmartCentres exercised all remaining development and exchange agreement options. Pursuant to its rights under the Declaration of Trust, as at September 30, 2006, SmartCentres has nominated three trustees out of nine.

The non-controlling interests in the balance sheet represent a 5.0% equity interest by SmartCentres in four consolidated income properties.

During the nine months ended September 30, 2006, acquisition fees of \$8,205 were paid to SmartCentres related to the assembly of multiple interests in properties acquired by the Trust.

Calloway Real Estate Investment Trust

Notes to Consolidated Financial Statements

(Unaudited) For the period ended September 30, 2006

(in thousands of dollars), except for per unit amounts

In addition to related party transactions and balances disclosed elsewhere in these consolidated financial statements, the following summarizes related party transactions and balances with SmartCentres and other related parties:

	Three months ended September 30		Nine months ended September 30	
	2006 \$	2005 \$	2006 \$	2005 \$

Management believes the assets of the co-ownerships are sufficient for the purpose of satisfying the associated obligations of the co-ownerships. The remaining interests in these co-ownerships are owned by SmartCentres (five properties) and third parties (nine properties). The Trust's interests in these co-ownerships range from 44.4% to 60%.

18. Segmented information

The Trust owns, develops, manages and operates income properties located in Canada. In measuring performance, the Trust does not distinguish or group its operations on a geographical or any other basis and, accordingly, has a single reportable segment for disclosure purposes.

The Trust's major tenant is Wal-Mart Canada Corp., accounting for 27.3% of the Trust's September 30, 2006 rental revenue (September 30, 2005 – 31.6%).

19. Assets held for sale, assets sold and discontinued operations

During the nine months ended September 30, 2006, the Trust completed the sale of one income property (124,678 square feet) for gross proceeds of \$11,700 resulting in a gain from sale of \$4,709. The purchaser assumed an existing mortgage totalling \$4,020.

During the nine months ended September 30, 2005, the Trust completed the sale of four income properties (160,349 square feet) for gross proceeds of \$10,575 resulting in a gain from sale of \$1,112. During the nine months ended September 30, 2005, the Trust completed the sale of six income properties (508,574 square feet) for gross proceeds of \$79,825 resulting in a gain from sale of \$13,338.

Calloway Real Estate Investment Trust

(in thousands of dollars), except for per unit amounts

20. Risk management and fair value

The Trust is exposed to certain financial risks, including changes in interest rates, the credit quality of its tenants and environmental matters. The Trust manages these risks as follows:

a) Interest rate and financing risk

The majority of the Trust's debt is financed at fixed rates with maturities staggered over a number of years, thereby mitigating its exposure to changes in interest rates and financing risks. A portion of the Trust's debt is financed at variable rates. From time to time, the Trust may enter into interest rate swap contracts to modify the interest rate profile of its variable rate debt without an exchange of the underlying principal amount. There were no interest rate swaps or other derivative financial instruments outstanding as at December 31, 2005 and September 30, 2006.

b) Credit risk

Credit risk arises from the possibility that tenants may experience financial difficulty and be unable to fulfill their lease commitments. The Trust mitigates this risk of credit loss by reviewing tenants covenants, ensuring its tenant mix is diversified and by limiting its exposure to any one tenant except Wal-Mart Canada Corp. Further risks arise in the event that borrowers default on the repayment of amounts owing to the Trust. The Trust endeavours to ensure adequate security has been provided in support of mortgages and loans receivable.

c) Environmental risk

As an owner of real property, the Trust is subject to various federal, provincial and municipal laws relating to environmental matters. Such laws provide a range of potential liability, including potentially significant penalties, and potential liability for the costs of removal or remediation of certain hazardous substances. The presence of such substances, if any, could adversely affect the Trust's ability to sell or redevelop such real estate or to borrow using such real estate as collateral and, potentially, could also result in civil claims against the Trust. As required by the Declaration of Trust, and in accordance with best management practices, Phase 1 audits are completed on all properties prior to acquisition. Further investigation is conducted if Phase 1 tests indicate a potential problem. The Trust has operating policies to monitor and manage risk. In addition, the standard lease requires compliance with environmental laws and regulations, and restricts tenants from carrying on environmentally hazardous activities or having environmentally hazardous substances on site. The Trust has obtained environmental insurance on certain assets to further manage risk.

21. Commitments and contingencies

The Trust has certain obligations and commitments pursuant to Development Agreements as disclosed in notes 4 and 5(a) and also has entered into various development contracts totalling \$11,454. In addition, the Trust is committed to complete the acquisition of two properties under development.

The Trust has entered into agreements with SmartCentres in which the Trust will lend monies to SmartCentres as disclosed in note 6(a). The maximum amount that may be provided under the agreements totals \$89,850 of which \$54,643 has been provided as of September 30, 2006. In addition, a particular loan as disclosed in note 6(a) has a forward purchase contract and allows for certain put options by SmartCentres.

One of the Trust's income properties is subject to a land lease requiring annual lease payments of \$205. The annual lease payment increases to \$220 in 2007. The lease expires November 2011 and the Trust has an option to extend for a further ten years.

Letters of credit totalling \$19,202 have been issued on behalf of the Trust by the Trust's bank as security for mortgages and for maintenance obligations to municipal authorities.

The Trust has committed to acquire from SmartCentres the remaining 50% interest in two income properties in Toronto, Ontario for a total purchase price of \$99,100. SmartCentres has six months commencing July 28, 2006 to decide whether to accept the offer. The purchase price would be satisfied by the assumption of existing mortgages with the balance in cash or a combination of cash and Trust units.

The Trust indemnifies its trustees and officers against any and all claims or losses reasonably incurred in the performance of their services to the Trust to the extent permitted by law.

Calloway Real Estate Investment Trust

Notes to Consolidated Financial Statements

(Unaudited) For the period ended September 30, 2006

(in thousands of dollars), except for per unit amounts

The Trust, in the normal course of operations, is subject to a variety of legal and other claims. Management and the Trust's legal counsel evaluate all claims on their apparent merits and accrue management's best estimate of the likely cost to satisfy such claims. Management believes the outcome of current legal and other claims filed against the Trust will not have a significant impact on the Trust's consolidated financial statements.

22. Subsequent events

On October 2, 2006, the Trust entered into two agreements to loan SmartCentres and a third party up to \$14,000 each for use in acquiring and developing an income property in Toronto, Ontario. These mortgages bear interest at 7.0% on the initial advance of \$10,500 each, and 8.0% on the additional advances. The principal amount is due eight years after the initial advance. The mortgages are secured by first or second charges on the property, assignments of rents and leases, and general security agreements. In addition, there are certain limited guarantees. The Trust has the option to acquire each of the borrower's 50% interests in the property upon substantial completion. Subsequent to September 30, 2006, a total of \$24,500 was advanced on these mortgages.

On October 2, 2006, the Trust committed to two fixed term mortgages totalling \$32,000 for a 15 year term at 5.16% amortized over 30 years. The mortgages are secured by first charges on two income properties and a general assignment of leases.

On October 5, 2006, the Trust completed the acquisition of a 58,433 square foot income property in Peterborough, Ontario at a purchase price of approximately \$12,300. The purchase price was paid in cash.

On October 12, 2006, The Trust issued \$250,000 (approximate net proceeds including closing costs - \$247,617) of 5.37% Series B unsecured debentures due October 12, 2016 with semi annual interest payments due on October 12 and April 12 of each year.

On October 24, 2006, the Trust entered into conditional agreements to acquire freehold and leasehold interests in sixteen properties from SmartCentres. These properties are comprised of nine income properties and seven development properties. Of the nine income properties, four income properties are 50% co-ownership interests and two income properties are 40% co-ownership interests. The Trust owns the remaining 50% in two of the properties and the remaining 60% interest in two of the properties. The purchase price of the properties will be approximately \$428,526 of which \$222,459 relates to interests in five properties in which the Trust will acquire leasehold interests. The purchase price will be satisfied as follows: by assumption of existing mortgages of approximately \$232,090; by SmartCentres subscribing for 2,180,000 Class B LP Units with a value of \$58,864; and the balance in cash. In addition, the Trust will acquire from SmartCentres part of its property management business, which currently manages the Trust's income properties for a purchase price of \$14,000 to be satisfied in cash. The transaction is anticipated to close in December 2006 and is subject to due diligence, regulatory approvals and other customary conditions.

In October 2006, the Trust entered into an agreement, in which the Trust will lend to SmartCentres \$57,000 for use in acquiring and developing a retail property in Vaughan, Ontario. This mortgage bears interest at 7.25% and matures in 2014. The Trust has an option to acquire a 50% interest in the property upon substantial completion at an agreed upon formula using the net operating rents and a capitalization rate with upper and lower limits based on the 10 year Government of Canada rate. The Trust has funded \$7,890 on this mortgage.

In November 2006, the Trust expects to complete the acquisition of a 3.1 acre development property in Fort Erie, Ontario from SmartCentres for a purchase price of approximately \$1,000. The purchase price will be paid with the release of 28,262 Trust Units with a value of \$561, currently being held in escrow, and the remainder in cash.

In November 2006, the Trust expects to complete the acquisition of two income properties in St. John's, Newfoundland and Halifax, Nova Scotia (224,326 square feet) for a purchase price of approximately \$44,495. The purchase price will be satisfied by the assumption of existing mortgages totalling approximately \$23,164 and the balance in cash.

Management's Discussion and Analysis Of Results of Operations and Financial Condition
As at September 30, 2006

Management's Discussion and Analysis (the "MD&A") sets out Calloway Real Estate Investment Trust's ("Calloway" or the "Trust") strategies and provides an analysis of the financial performance for the three and nine months ended September 30, 2006, significant risks facing the business, and management's outlook.

This MD&A of the results of operations and financial condition for the three and nine months ended September 30, 2006 should be read in conjunction with the Trust's audited consolidated financial statements and the accompanying notes for the years ended December 31, 2005 and 2004 and unaudited financial statements for the three months ended September 30, 2006, June 30, 2006 and March 31, 2006. The MD&A is based on financial statements prepared in accordance with Canadian generally accepted accounting principles ("Canadian GAAP").

The MD&A is dated November 10, 2006, which is the date of the press release announcing Calloway's results for the three months ended September 30, 2006. Disclosure contained in this document is current to that date, unless otherwise noted.

Readers are cautioned that certain terms used such as; "Funds from Operations (FFO)", "Adjusted Funds from Operations (AFFO)", "Distributable Income (DI)", "Net Operating Income (NOI)", "Book Value" and any related per unit amounts used to measure, compare and explain the operating results and financial performance of Canadian real estate entities are not recognized terms under Canadian GAAP. These terms are defined in this report and reconciled to the accompanying financial statements. Such terms do not necessarily have a standardized meaning and may not be comparable to similarly titled measures presented by the other publicly traded entities.

Certain statements in this MD&A are "forward looking statements" that reflect management's expectations regarding Calloway's future growth, results of operations, performance and business prospects and opportunities. All statements other than statements of historical fact contained in this MD&A are forward looking statements including, without limitation, statements regarding the timing and amount of distributions and the future financial position, business strategy, proposed acquisitions, plans and objectives of the Trust or its subsidiaries. Such forward-looking statements reflect management's current beliefs and are based on information currently available to management. Forward-looking statements involve significant risks and uncertainties. A number of factors could cause actual results to differ materially from the results discussed in the forward-looking statements. Although the forward looking statements contained in this MD&A are based upon what management believes to be reasonable assumptions, Calloway cannot assure investors that actual results will be consistent with these forward looking statements. The forward-looking statements contained herein are expressly qualified in their entirety by this cautionary statement. These forward looking statements are made as at the date of this MD&A and Calloway assumes no obligation to update or revise them to reflect new events or circumstances unless otherwise required by applicable securities legislation.

Prior period results have been reclassified to conform to the presentation adopted in the current period. Generally, these reclassifications were made to realign revenues and expenses associated with discontinued operations, as defined by Canadian GAAP.

All amounts in the MD&A are in thousands of Canadian dollars, except where otherwise stated. Per unit amounts are on a diluted basis, except where otherwise stated.

Additional information relating to Calloway, including the Trust's Annual Information Form for the year ended December 31, 2005, can be found at www.sedar.com

Business Overview and Strategic Direction

Calloway is an unincorporated "open-ended" mutual fund trust governed by the laws of the Province of Alberta. The Trust units and the convertible debentures are publicly traded and listed on the Toronto Stock Exchange ("TSX") under the symbol "CWT.UN" and "CWT.DB", respectively.

Calloway's objectives are to provide unit holders with stable and growing tax deferred cash distributions through the acquisition, development and operation of a portfolio of well-located, well leased, primarily large format unenclosed retail centres in Canada; and to enhance the value of Calloway's assets and unit value through effective management, leasing and re-development of its assets; and through effective control of financing and operating costs.

As at September 30, 2006, Calloway owned 108 shopping centres and 1 industrial building, with gross leaseable area of 16.7 million square feet, located in communities across Canada. These centres are focused on providing value to the customers in those communities. Wal-Mart is the largest tenant in the Trust's portfolio and anchors 82 of Calloway's shopping centres, either as a tenant under a long-term lease (60 stores); or operating a store as an integrated part of the centre (a "shadow" anchor) as an owner or as a tenant of another landlord (22 stores). Calloway's centres are conveniently located close to major highways, which, along with the anchor stores, provide significant draws to the Calloway portfolio, attracting both value-oriented consumers and retailers.

CWT.UN
CWT.DB

Quarterly Highlights

- Acquired one shopping centre and a 50% interest in two additional centres, comprising 533,590 square feet of retail space, for \$127.6 million plus properties under development for \$13.3 million
- \$22.8 million of development was completed and leased, expanding existing centres by an additional 123,008 square feet of leaseable area
- Increased distributions per unit by 3.4% to \$1.50 per unit

Real Estate Assets

As at September 30, 2006, real estate assets totalled \$2,840.7 million, an increase of \$145.3 million during the quarter. Real estate assets include income properties (\$2,608.8 million), properties under development (\$166.4 million), mortgage and loan receivables (\$63.7 million) and deferred leasing costs (\$1.7 million). The portfolio consists of 16.7 million square feet of built gross leaseable area and 3.5 million square feet of future potential gross leaseable area in 109 properties. The portfolio is located across Canada with assets in each of the ten provinces. The Trust targets major urban centres and shopping centres that are dominant in their trade area. By selecting well-located centres, Calloway attracts quality tenants at economic rental rates.

Income Properties

Income properties total \$2,608.8 million, an increase of \$125.9 million during the quarter.

(000's)	Three months ended September 30, 2006	Three months ended June 30, 2006	Nine months ended September 30, 2006

Income properties – end of period	2,608,790	2,482,927	2,608,790

Acquisitions

During the quarter, the Trust acquired one retail property and a 50% interest in two retail properties, adding an additional 533,590 square feet of rentable area. The purchase price totalled \$127.6 million and was satisfied by the assumption of existing mortgages totaling \$35.7 million and the balance in cash.

On October 5, 2006, the Trust completed the acquisition of a 58,433 square foot income property in Peterborough, Ontario at a purchase price of approximately \$12.3 million, paid in cash.

In November 2006, the Trust expects to complete the acquisition of two income properties in St. John's, Newfoundland and Halifax, Nova Scotia (224,326 square feet) for a purchase price of approximately \$44.5 million. The purchase price will be satisfied by the assumption of existing mortgages totalling approximately \$23.2 million, and the balance in cash.

Development of Existing Properties

Certain properties previously acquired by the Trust included lands for future developments. Vendors retained the responsibility for managing certain of these developments ("Earmout Developments") on behalf of the Trust for additional proceeds calculated based on a pre-determined rate of return, net of land and development costs incurred by the Trust. Calloway is responsible for managing the completion of the remaining developments ("Calloway Developments").

During the quarter, \$22.8 million of Earmouts and Calloway Developments were completed. The Trust acquired 74,779 square feet of retail space for \$13.8 million pursuant to Earmout Developments. Calloway Developments totalling 48,229 square feet and \$5.7 million were completed and transferred. In addition, \$3.3 million of land held by the Trust was transferred from properties under development to income properties.

Capital Expenditures, Tenant Inducements, and Leasing Commissions

Included in building, equipment and tenant improvements on existing properties incurred in the quarter totalling \$1.1 million, are capital expenditures totalling \$157. Management expects to incur \$400 in capital expenditures, tenant inducements and leasing commissions for the balance of the year.

Properties Under Development

As at September 30, 2006, properties under development totalled \$166.4 million compared to \$149.8 million at June 30, 2006. The net increase of \$16.6 million is after the transfer to income properties of the cost of twelve new tenants from Calloway Developments for \$5.7 million and the cost of completed Earnouts of \$8.9 million, as follows:

(000's)	Three Months ended September 30, 2006	Three Months ended June 30, 2006	Nine months ended September 30, 2006
	\$	\$	\$
Properties under Development – beginning of period	149,831	148,179	155,817
Acquisition of properties under development	14,545	-	36,902
Development costs incurred	16,701	10,793	43,465
Development completed in existing properties – costs	(14,637)	(9,141)	(69,744)
Net increase to properties under development	16,609	1,652	10,623
Properties under development – end of period	166,440	149,831	166,440

Properties under Development as at September 30, 2006 comprised the following:

(000's)	\$
Earnout Developments, subject to option agreements ⁽¹⁾	40,968
Calloway Developments, subject to option agreements ⁽²⁾	86,656
Other Calloway Developments	38,816
Properties under Development – end of period	166,440

⁽¹⁾ Earnout Development costs during the development period are paid by the Trust and funded through interest bearing development loans provided by the vendors. Upon completion of the development and the commencement of lease payments by a tenant, the Earnout Developments will be acquired from the vendors based on pre-determined capitalization rates ranging from 7.25% to 9.125%, net of land and development costs incurred.

⁽²⁾ SmartCentres also has the right for a period of five years to subscribe for up to 5,250,000 Class B LP Units at a price of \$20.10, upon the completion and rental of additional space in certain Calloway Developments.

In November 2006, the Trust expects to complete the acquisition of a 3.1-acre development property in Fort Erie, Ontario from SmartCentres for a purchase price of approximately \$1.0 million. The purchase price will be satisfied with the release of 28,262 Trust Units with a value of \$0.6 million which are currently held in escrow, and the remainder in cash.

The following tables present the future development as estimated originally when the properties were acquired, and estimated as of September 30, 2006; together with the number of units the respective vendors are entitled to acquire upon completion of such developments.

⁽¹⁾ Adjustments to future development are increases/(decreases) to initial and previous periods' estimates, and are based on Management's estimates at September 30, 2006. Adjustments include acquisition of lands for development and site plan changes due to items such as, but not limited to: certification of areas; intensification of allowable density; tenant requirements; successful property re-zonings and parking requirements.

Mortgages, Loans and Notes Receivable

(000's)	September 30, 2006	June 30 2006	December 31, 2005
	\$	\$	\$
Mortgages receivable	55,243	53,978	38,092
Loans receivable	6,303	4,757	5,061
Notes receivable	2,191	2,191	-
	<u>63,737</u>	<u>60,926</u>	<u>43,153</u>

Mortgages Receivable

In addition to direct property acquisitions, Calloway provides mezzanine financing to developers, which includes an option to acquire an interest in the related property upon substantial completion. This program provides a significant pipeline of future property acquisitions, which is particularly important in the current competitive acquisition market.

As at September 30, 2006, mortgages totalling \$54.6 million, secured by first or second charges on the properties, have been advanced to SmartCentres. A further \$1.3 million was advanced against existing mortgages during the quarter. The mortgages are interest only with rates that range from 7.25% to 9.25%. The mortgages mature on various dates between 2009 and 2011. Each mortgage has an option entitling the Trust to acquire a 50% interest in the property upon substantial completion at agreed upon formulas.

A mortgage to another borrower, totalling \$600, is outstanding at quarter end. This loan is secured by a second charge on a property under development, bears interest at 12% per annum, and is due the earlier of two years after substantial completion, upon the sale of the property or when the Trust exercises its option to acquire. The mortgage includes an option to purchase the property. A trustee of Calloway is an officer and director of the borrower.

The Trust entered into an agreement with SmartCentres and a third party to lend up to \$28.0 million for use in acquiring and developing a property in the City of Toronto, for an eight-year term, at a blended interest rate of 7.25%. Subsequent to the quarter end, the trust advanced \$24.5 million against this mortgage.

Loans Receivable

Pursuant to development agreements with SmartCentres, the Trust has advanced secured loans to fund the cost of improvements on six of Calloway's properties. As at September 30, 2006, loans receivable totalling \$6.3 million remain outstanding. The loans bear interest at rates that approximate the prime rate of a Canadian chartered bank plus rates ranging from 0.75% to 1.25% and are repayable upon completion and the commencement of rental payments. During the quarter, the Trust advanced \$1.5 million against six properties.

Notes Receivable

In the second quarter, secured demand notes totalling \$2.2 million were provided to SmartCentres bearing interest at 9%.

Amounts Receivable

As at September 30, 2006 amounts receivable remained virtually unchanged at \$38.0 million compared to \$39.1 million as at June 30, 2006, with no significant changes in the individual components making up this balance. Included in the balance at September 30, 2006 is \$14.1 million (June 30, 2006 - \$14.6 million) of tenant receivables. This balance has decreased by \$0.5 million despite the additional acquisitions of income properties made during the second and third quarters of 2006. A balance of \$6.9 million receivable is from a municipality, of which \$6.1 million is expected to be collected in the fourth quarter of 2006 or early in 2007.

Debt

(000's)	September 30, 2006	June 30, 2006	December 31, 2005
	\$	\$	\$

Total	<u>1,585,394</u>	<u>1,455,447</u>	<u>1,447,379</u>

Calloway's Declaration of Trust limits Calloway's indebtedness to a maximum of 60% of gross book value (excluding convertible debentures) and 65% including convertible debentures. Gross book value is defined as total assets plus accumulated amortization of income properties. Total indebtedness (excluding convertible debentures) as a percentage of gross book value was 51.0% as at September 30, 2006 (June 30, 2006 – 49.0%). Total debt (including convertible debentures) as a percentage of gross book value was 51.3% as at September 30, 2006 (June 30, 2006 – 49.4%). The increase is the result of the increased operating and acquisition loan facilities. Management anticipates Calloway will be able to renew its mortgage debt as it matures.

Term Debt

Term Mortgages

As at September 30, 2006 term mortgages increased to \$1,235.0 million from \$1,183.6 million as at June 30, 2006, an increase of \$51.4 million. This increase is primarily the result of the assumption of mortgages on acquisitions (\$24.2 million), new mortgages (\$30 million) and a mark-to-market adjustment (\$1.1 million); offset by principal repayments. The term mortgages payable bear interest at a weighted average contractual interest rate of 6.06% (June 30, 2006 – 6.06%) and mature between 2007 and 2025. Including mark-to-market adjustments, the effective weighted average interest rate on term mortgages is 5.94% (June 30, 2006 – 5.95%). The weighted average years to maturity, including the timing for payments of principal and debt maturing, is 8.8 years.

On October 2, 2006 the Trust committed to two fixed term mortgages totalling \$32.0 million, for a 15-year term at 5.16% amortized over 30 years. The mortgages are secured by first charges on two income properties and a general assignment of leases.

Unsecured Debentures

As at September 30, 2006, the Trust has, issued and outstanding, \$200 million of 4.51% Series "A" unsecured debentures, with interest payable semi-annually on September 22 and March 22, due September 22, 2010.

On October 12, 2006, the Trust issued \$250.0 million (approximate net proceeds including closing costs - \$247.6 million) of 5.37% Series B unsecured debentures due October 12, 2016 with semi-annual interest payments on April 12 and October 12.

The debentures are rated "BBB" with a stable trend by Dominion Bond Rating Services.

Future principal payments as a percentage of term debt are as follows:

Term Facilities	Payments of Principal \$	Debt Maturing During Year \$	Total \$	Total %
2006 (remainder)	8,067	-	8,067	0.6
2007	27,309	1,336	28,645	2.0

Development Loans

Development loans totalling \$63.6 million (June 30, 2006 - \$61.9 million) are outstanding as at September 30, 2006 of which \$20.7 million (June 30, 2006 - \$18.2 million) are interest bearing and \$42.9 million (June 30, 2006 - \$43.7 million) are non-interest bearing.

Interest bearing loans

Pursuant to purchase and sale agreements, the vendor, FirstPro/WM Partnership, agreed to finance the costs associated with the construction and lease up of undeveloped lands for certain assets. Development loans totalling \$5.3 million have been advanced from FirstPro/WM Partnership under the agreements. These loans bear variable interest rates at bankers' acceptance rate ("B/A") plus 2% and are secured by first mortgages over specific income properties and properties under development, and general assignment of leases; and are due the earlier of various dates in 2009 and 2010 or the date building construction is completed and the tenant is in occupancy and paying rent.

Calloway has also borrowed from third party lenders to finance construction and leasing costs of various other properties. Development loans totalling \$15.4 million bear variable interest rates of BA rate plus 2.0% on \$3.3 million in loans, prime plus 0.75% on \$0.7 million in loans, and various rates from prime plus 0.88% to prime plus 3% on the remaining \$11.4 million. These loans are secured by first and second mortgages registered on income properties, and a general assignment of leases.

Non-Interest bearing loans

FirstPro/WM Partnership has provided \$42.9 million in non-interest bearing loans to finance certain land acquisition costs. An imputed annual cost has been calculated at rates ranging from 4.03% to 4.63% and the loans are secured by first mortgages over specific income properties and development properties and a general assignment of leases, and are due the earlier of various dates in 2009 and 2010 or the date building construction is completed and the tenant is in occupancy and paying rent.

Convertible Debentures

Originally issued at \$55 million, these 6.0% convertible unsecured subordinated debentures are due June 30, 2014. The debentures are convertible at the holders' option into trust units at \$17.00 per unit. The units are redeemable at the option of Calloway in cash or units on or after June 28, 2010. During the quarter, debenture holders have elected to convert \$1.6 million (three months ended June 30, 2006 - \$8.2 million) into trust units. As at September 30, 2006, convertible debentures outstanding totalled \$8.3 million (\$8.4 million at face value).

Unitholders' Equity

(000's)	Three Months ended September 30, 2006	Three months ended June 30, 2006	Nine months ended September 30, 2006	Year ended December 31, 2005
	\$	\$	\$	\$
Unitholders' equity – beginning of period	1,292,174	1,057,028	1,058,027	391,506
Issuance of units	7,089	243,318	263,493	669,182
Conversion of debentures, net of financing cost	1,530	7,615	13,254	29,396
Fair value of options issued	-	-	-	10,675
Net income for the period	7,427	13,191	27,867	26,752
Distributions for the period	(29,712)	(28,978)	(84,133)	(69,484)
Unitholders' equity – end of period	1,278,508	1,292,174	1,278,508	1,058,027

As at September 30, 2006, unitholders' equity totalled \$1,278.5 million (June 30, 2006 - \$1,292.2 million), including \$330 pertaining to the allocation of the equity component of convertible debentures. As at September 30, 2006, paid in capital totalled \$1,395.2 million and units outstanding, including Class B LP Units and Class B LPII Units of subsidiary partnerships, totalled 81,115,405. During the third quarter, the Trust issued 392,799 Trust Units and 76,478 Class B LP Units, and no Class B LPII Units.

During the third quarter, holders of \$1.6 million of face value of the Convertible Debentures elected to convert and received 96,877 trust units. The Trust's capital was increased \$1.5 million as a result of these conversions.

During the quarter, the Trust issued \$7.1 million in units as follows:

Development and Exchange Agreement options exercised:	212,833 Trust units	\$3.4 million
	76,478 Class B LP Units	\$1.5 million
Distribution Reinvestment Plan:	83,089 Trust Units	\$2.2 million

Distributions by the Trust totalled \$29.7 million during the third quarter of 2006 (June 30, 2006 - \$29.0 million) or \$0.3667 per unit (June 30, 2006 - \$0.3625 per unit). The Trust paid \$27.6 million in cash and the balance by issuing 83,089 units with a value of \$2.2 million under the distribution reinvestment plan.

Capital Resources

As at September 30, 2006, the Trust believes it has sufficient capital resources to meet its future commitments. The details of its capital resources are as follows:

(000's)	\$
Cash and cash equivalents	26,273
Unused operating and acquisition facilities	104,053
Total capital resources at September 30, 2006	130,326

The debt to gross book value as defined in the Trust deed at September 30, 2006 is 51.0%, excluding convertible debentures. The Trust could invest an additional \$470 million, financed only by additional debt, and remain at the mid-point of the Trust's target debt to gross book value range of 55% to 60%. Short-term fluctuations in working capital are funded through pre-established operating lines.

During the quarter, the Trust entered an agreement to increase its operating and acquisition facilities to \$190.0 million through a new unsecured \$150.0 million acquisition facility, and renewing an existing \$40.0 million operating facility secured by specific assets. Subsequent to quarter end, an existing second \$40.0 million secured operating facility was cancelled.

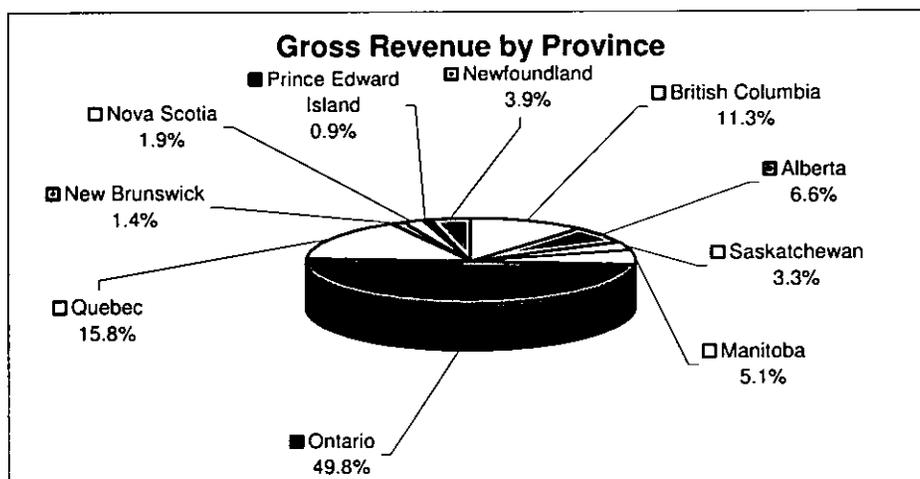

Results of Operations

The real estate portfolio has grown substantially through acquisitions and earnouts during the course of the past twelve months. As a result, there are substantial increases in operating activity components when comparing operating results for three and nine-month periods ended September 30, 2006 to September 30, 2005. The second quarter 2006 results have therefore also been included to provide a more meaningful comparison to current operations.

Rentals from income properties in the third quarter of 2006 totalled \$75.1 million; a \$3.5 million or 4.9% increase from second quarter and a \$12.1 million or 19.2% increase from third quarter 2005. For the quarter ended September 30, 2006, base rent and property operating costs recovered increased by \$2.8 million and \$0.7 million, respectively, primarily due to acquisitions and earnouts. The increase in rentals from income properties for the quarter ended September 30, 2006 in comparison to the same period in 2005 is also due to the significant number of acquisitions and earnouts during the intervening period.

(000's)	Three months ended September 30, 2006 \$	Three months ended June 30, 2006 \$	Nine months ended September 30, 2006 \$

Property operating costs recovered	20,719	20,009	64,230
Rentals from income properties - 2006	75,069	71,550	218,472
Rentals from income properties - 2005	62,945	34,988	129,939

Rentals from income properties account for 97.8% of revenues for the three months ended September 30, 2006 and are diversified by geographic location and tenant as follows, based on September 2006 revenues:

Wal-Mart is the Trust's largest tenant, representing 27.3% of total revenues. The five largest tenants account for 42.6% of portfolio revenue as follows:

Tenants	% of Revenues
Wal-Mart	27.3%
Canadian Tire/Mark's Work Wearhouse	4.1%
HBC	4.1%
Best Buy / Future Shop	3.6%
Reitmans Group of Companies	3.5%

Wal-Mart has announced its intention to introduce its "Superstore" format into Canada. They have announced seven sites, of which four are expansions of existing centres and three are to be new developments. Calloway is the owner of all four expansion sites, and has one of the new developments under contract. The Superstore format will introduce a complete line of food products. Calloway does not anticipate any short-term impact on rental revenue as a result of these expansions. However, management expects that increased frequency of customer visits to the expanded stores will result in increased sales to all retailers within the same centres as the expanded stores.

Calloway's portfolio currently has food anchors in 49.5% of its shopping centres, through lease or shadow anchors. Conventional food, which includes Loblaws, Sobeys, Safeway, Zehrs, IGA, and others, are located in 43 centres; and discount food, which includes Price Chopper, No Frills, Super C, and Maxi, are located in 11 centres.

	Lease Anchor	Shadow Anchor	Total
Wal-Mart	60	22	82
Conventional Food	11	32	43
Discount Food	6	5	11

Net Operating Income

Net operating income ("NOI") from continuing operations is defined as rentals from income properties less property operating costs. NOI from acquisitions, earnouts and development activities highlights the impact each component has on NOI. Straight lining of rent and other adjustments have been excluded from NOI attributed to same properties, acquisitions, earnouts and development activities in the table below.

For the three months ended September 30, 2006, NOI increased 4.6% to \$52.3 million from \$50.0 million in the previous quarter, and increased 17.5% from \$44.5 million in the same quarter in 2005. The increase in the third quarter is primarily due to income from space acquired under the terms of earnouts from SmartCentres (\$0.3 million) and acquisitions (\$2.7 million) made during the third quarter. Compared to the same period in 2005, the increase in NOI of \$7.8 million was primarily due to acquisitions (\$4.7 million) and earnouts from SmartCentres (\$2.7 million) in 2005 and 2006. Same properties in the chart below refer to those income properties that were owned by the Trust for the entire 15-month period beginning July 1, 2005.

(000's)	Three months ended September 30, 2006	Three months ended June 30, 2006	Three months ended September 30, 2005
NOI	\$	\$	\$
Same properties ⁽¹⁾	43,005	43,122	42,840
2006 acquisitions	4,708	2,025	-
Earnouts	3,066	2,779	338
NOI before adjustments	50,779	47,926	43,178
ease termination income	20	107	-
Straight lining of rents	1,472	1,927	1,312
Net operating income	52,271	49,960	44,490

For the nine months ended September 30, 2006, NOI increased 65.3% to \$148.9 million from \$90.0 million in the in the same period in 2005. The increase was primarily due to acquisitions (\$47.2 million) and earnouts from SmartCentres (\$9.8 million) in 2005 and 2006. Same properties in the chart below refer to those income properties that were owned by the Trust for the entire 21 months beginning January 1, 2005.

(000's)	Nine months ended September 30, 2006	Nine months ended September 30, 2005
NOI	\$	\$
Same properties ⁽¹⁾	52,725	53,271
2006 acquisitions	6,930	-
2005 acquisitions	72,111	31,856
Earnouts and developments	12,051	2,225
NOI before adjustments	143,817	87,352
Lease termination income	229	123
Straight lining of rents	4,811	2,562
Net operating income	148,857	90,037

(1) During the three months ended September 30, 2006, an adjustment for the current and prior year was made with respect to the recoverable portion of common area costs.

Lease Expiries

As at September 30, 2006, the portfolio has a vacancy rate of approximately 1.0% or 159,783 square feet. Forward commitments of approximately 12,000 square feet of leased tenancies have been executed. Only 11.6% of leases are expiring over the next five years with 198,689 square feet, or 1.19% of space, expiring for the balance of 2006.

Year of Expiry	Area	%
2006 (remainder)	198,689	1.19
2007	297,467	1.78
2008	409,911	2.45
2009	399,284	2.39
2010	642,550	3.84
Beyond	14,616,967	87.40
Vacant	159,783	0.96
TOTAL	16,724,651	100.00

Interest

(000's)	Three months ended September 30, 2006 \$	Three months ended June 30, 2006 \$	Nine months ended September 30, 2006 \$
Interest at contract rate	21,330	20,105	61,475
Mark to market adjustment	(1,090)	(1,120)	(3,259)
Amortization of deferred financing costs	315	301	944
	20,555	19,286	59,160
Less: capitalized interest	(1,019)	(1,062)	(3,452)
Interest expense - 2006	19,536	18,224	55,708
Interest expense - 2005	18,354	10,779	38,378

Interest costs incurred during the third quarter of 2006 totalled \$20.5 million, net of the \$1.1 million mark-to-market adjustment. Interest capitalized to properties under development totalled \$1.0 million and the balance of \$19.5 million was expensed. The increase in interest expense of \$1.3 million over second quarter is a result of further acquisitions and earnouts. In the second quarter 2006, interest costs totalled \$19.3 million and \$1.1 million was capitalized to properties under development, with the balance of \$18.2 million expensed. Capitalized interest decreased slightly from the previous quarter due to the completion of development in certain income properties. The weighted average interest rate of total debt capital, including the adjustment for mark to market amortization, is 5.6% (June 30, 2006 - 5.6%). Compared to the same period in 2005, the increase in third quarter interest expense of \$1.2 million was primarily due to additional debt incurred due to acquisitions and earnouts in 2005 and 2006.

Amortization

(000's)	Three months ended September 30, 2006 \$	Three months ended June 30, 2006 \$	Nine months ended September 30, 2006 \$
Income properties			
-tangible assets	14,517	13,566	40,780
-intangible assets	10,757	10,387	30,823
Deferred leasing costs	75	103	199
Amortization expense - 2006	25,349	24,056	71,802
Amortization expense - 2005	21,378	10,670	42,996

Amortization of \$25.3 million for the third quarter 2006 has increased \$1.3 million from the second quarter of 2006. This increase is due to the acquisition of three income properties, earnouts, and the transfer of completed tenant units from development to income producing. Compared to the same period in 2005, the increase in amortization of \$4.0 million was primarily due to acquisitions and earnouts in 2005 and 2006.

General and Administrative

(000's)	Three months ended September 30, 2006 \$	Three months ended June 30, 2006 \$	Nine months ended September 30, 2006 \$
Salaries and benefits	807	712	1,826
Public company costs	103	197	594
Professional fees	319	213	828
Rent and occupancy	89	99	280
Due diligence costs	119	-	119
Other	178	195	500
General and administrative expense - 2006	1,615	1,416	4,147
General and administrative expense - 2005	3,302	464	4,372

General and administrative expenses increased \$0.2 million from the previous quarter mainly as a result of expensing due diligence costs for potential acquisitions that were not subsequently acquired, and increased staffing levels. Compared to the third quarter in 2005, the decrease in general and administrative expenses of \$1.7 million was due to one time costs related to the move of the head office from Calgary to Toronto in September 2005.

Income from Discontinued Operations

There is no income from discontinued operations in the third quarter of 2006, compared to \$4.8 million in the prior quarter, due to the sale of one income property for proceeds of \$11.7 million in the prior quarter, resulting in a gain on sale of \$4.7 million.

Funds From Operations

While FFO is not defined by GAAP, it is a non-GAAP financial measure of operating performance widely used by the real estate industry. FFO has been calculated in accordance with the new recommendations of Real Property Association of Canada (RealPac), the industry association to which most public REIT's and real estate operating companies belong. FFO for the three months ended September 30, 2006 totalled \$33.1 million (June 30, 2006 - \$32.9 million) and the payout ratio totalled 89.8% (June 30, 2006 - 87.1%).

Distributable Income

Distributable income has historically been used by Calloway as an indicator of financial performance in the REIT industry. The calculation of DI is not comparable from REIT to REIT and the differences in methodology can be significant. DI for the three-month period ended September 30, 2006 totalled \$30.5 million (June 30, 2006 - \$29.7 million) and the payout ratio totalled 97.5% (June 30, 2006 - 96.2%).

Adjusted Funds From Operations

Since FFO does not consider capital transactions, adjusted funds from operations is presented herein as an alternative measure of determining available cash flow. AFFO is not defined by GAAP. Calloway also calculates AFFO in accordance with the recommendations of RealPac. AFFO for the three-month period ended September 30, 2006 totalled \$31.4 million (June 30, 2006 - \$30.4 million) and the payout ratio was 94.6% (June 30, 2006 - 94.1%). Calloway targets a payout ratio of 95.0% of AFFO. Unit distributions of \$29.7 million exceed cash provided by operating activities by \$5.9 million due to non-cash operating items, which the Trust expects to be realized.

For the three months ended September 30, 2006 AFFO is higher than cash provided by operating activities (GAAP measure) by \$7.6 million (June 30, 2006 - \$5.6 million) because AFFO does not consider changes in other non-cash operating items and mark-to-market adjustments as reductions of cash available for distribution.

Quarterly Information

Revenue from continuing operations has increased significantly over the past eight quarters because of the large number of acquisitions and earnout transactions including: the acquisition of 6 income properties in November 2004; the acquisition of interests in 8 income properties on March 10, 2005; the acquisition of 45 income properties on July 8, 2005; the acquisition of 8 income properties and interests in 6 more in 2006 and the completion of a substantial number of earnouts during the fourth quarter 2005 and the first three quarters of 2006.

Net income from continuing operations has also grown over the past eight quarters for the reasons stated above. However, for the quarter ended September 30, 2006, net income from continuing operations decreased by \$1.0 million, mainly due to the adjustment of prior period common area costs (\$0.5 million) and 2006 common area costs (\$0.2 million), and due diligence costs related to acquisitions not completed (\$0.1 million). For the quarter ended September 30, 2005 the net income from continuing operations decreased as a result of head office relocation costs. In addition, there were gains on sales of income properties as follows: March 31, 2005 - \$12,226; June 30, 2005 - \$1,112; December 31, 2005 - \$921 and June 30, 2006 - \$4,709.

⁽¹⁾ Diluted net income per unit is calculated using the weighted average number of units outstanding for the quarter.

⁽²⁾ Diluted funds from operations, distributable income, and adjusted funds from operations per unit are adjusted for the dilutive effect of the convertible debentures, which are not dilutive for net income purposes.

Related Party

SmartCentres owns 24.5% of the aggregate issued and outstanding Trust units and special voting units of Calloway. A July 2005 agreement preserves SmartCentres' voting rights at a minimum of 25.0%. The ownership would increase to 33.6% if SmartCentres exercised all remaining development and exchange agreement options. Calloway has entered into agreements with SmartCentres to borrow funds from SmartCentres and to finance various development projects. In addition, the Trust has entered into property management, leasing, development and exchange agreements, and co-ownership agreements, with SmartCentres.

The financial implication of these agreements is disclosed in notes 3, 4, 5, 6, 9, 10, 11, 16, 17, 21 and 22 of the unaudited financial statements for the quarter ended September 30, 2006.

Income Taxes

The federal Minister of Finance announced on October 31, 2006, a "Distribution Tax" on publicly traded income trusts and publicly listed partnerships. The announcement creates a new tax regime for publicly listed flow-through entities. These entities will be taxed in effect as corporations (at a rate comparable to the general combined federal/provincial corporate income tax rate). The distributions will be taxed as taxable dividends to investors. Distributions to Canadian resident individuals will be deemed to be "eligible dividends," qualifying for the enhanced dividend tax credit.

Existing publicly traded trusts and partnerships will have four years to adjust their business, operations, commitments, obligations, plans and strategies to the changes, as the new rules start in the 2011 taxation year.

The new regime will apply to Specified Investment Flow-Throughs ("SIFTs"), which include certain publicly listed income trusts and publicly listed partnerships. Certain real estate investment trusts ("REITs") are excluded from the SIFT definition, and therefore are not subject to the new regime. This exclusion appears narrow and will not apply to all trusts that are ordinarily considered REITs. It will apply to REITs that earn passive income.

Specifically, the REIT exclusion will apply if:

- the trust does not hold any non-portfolio property (other than real property situated in Canada) at any time in the year;
- at least 95% of the trust's income for the year is income from properties (from Canada or abroad, and including dividends, interest, rents and taxable capital gains from dispositions of real property);
- at least 75% of the trust's income for the year is from rents directly or indirectly attributable to, mortgages on, or gains from the disposition of, real properties situated in Canada; and
- the fair market value of real properties situated in Canada, cash, debt or other obligations of Governments in Canada held by the trust throughout the year is at least 75% of the REIT's equity value.

For this purpose, real property situated in Canada will include securities issued by any entity that itself satisfies these four conditions. Therefore, a REIT can hold its Canadian real properties either directly or through intermediary entities. However, real property situated in Canada will exclude depreciable property with a capital cost allowance rate that exceeds 5%.

The Trust has reviewed the announcement and believes that it does meet the REIT exclusion requirements, and will review the draft legislation when it becomes available to determine if there is any change that may impact the initial assessment.

Subsequent Events

Significant events subsequent to the quarter ended September 30, 2006 are disclosed elsewhere in this this Management Discussion and Analysis, except as follows:

On October 24, 2006, the Trust entered into conditional agreements to acquire freehold and leasehold interests in sixteen properties from SmartCentres. These properties are comprised of nine income properties and seven development properties. Of the nine income properties, four income properties are 50% co-ownership interests and two income properties are 40% co-ownership interests. The Trust owns the remaining 50% interest in two of the properties and the remaining 60% interest in two of the properties. The purchase price of the properties will be approximately \$428.5 million of which \$222.5 million relates to interests in five properties in which the Trust will acquire leasehold interests. The purchase price will be satisfied as follows: by assumption of existing mortgages of approximately \$232.1 million; by SmartCentres subscribing for 2,180,000 Class B LP Units with a value of \$58.9 million; and the balance in cash. In addition, the Trust will acquire from SmartCentres part of its property management business, which currently manages the Trust's income properties, for a purchase price of \$14.0 million to be satisfied in cash from existing capital resources. The transaction is anticipated to close in December 2006 and is subject to due diligence, regulatory approvals and other customary conditions.

Critical Accounting Estimates

In preparing the Trust's consolidated financial statements and accompanying notes, it is necessary for management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported amounts of revenue and expenses during the period. The significant items requiring estimates are impairment value of real estate assets and investments, the useful life of assets, the allocation of the purchase price to tangible and intangible assets, the determination of fair value of options granted, and the collectibility of accounts and potential litigation. Changes in these assumptions will cause actual results to differ from estimated amounts.

Accounting Policies

On January 1, 2005, the Trust prospectively adopted the requirements of the Canadian Institute of Chartered Accountants (CICA) Accounting Guideline 15, "Consolidation of Variable Interest Entities" (ACG-13), which provides guidance for "Subsidiaries", to those entities defined as Variable Interest Entities (VIE's).

Risks and Uncertainties

Real Property Ownership Risk

All real property investments are subject to elements of risk. General economic conditions, local real estate markets, supply and demand for leased premises, competition from other available premises and various other factors affect such investments.

Real estate has a high fixed cost associated with ownership, and income lost due to declining rental rates or increased vacancies cannot easily be minimized through cost reduction. Through well-located, well-designed and professionally managed properties, management seeks to reduce this risk. Prime locations will attract high quality retailers with excellent covenants and will enable the Trust to maintain economic rents and high occupancy. By maintaining the property at the highest standard through professional management practices, management seeks to increase tenant loyalty.

Development Risk

Development risk arises from the possibility that developed space will not be leased or that costs of development will exceed original estimates, resulting in an uneconomic return from the leasing of such developments. Calloway mitigates this risk by not commencing construction of any development until sufficient lease up has occurred and by entering into fixed price contracts for development costs.

Interest and Financing Risk

In the low interest rate environment that the Canadian economy has experienced in recent years, leverage has enabled the Trust to enhance its return to unit holders. A reversal of this trend, however, can significantly affect the business's ability to meet its financial obligations. In order to minimize this risk, Calloway negotiates fixed rate term debt with staggered maturities on the portfolio, and matches average lease maturity to average debt maturity. In addition, the Declaration of Trust restricts total indebtedness permitted on the portfolio.

Interest rate changes will also impact the Trust's development portfolio. Calloway has entered into development agreements that obligate the trust to acquire up to approximately 2 million square feet of additional income properties at a cost determined by capitalizing the rental income at pre-determined rates. The Trust will finance these acquisitions by issuing additional debt and equity. Changes in interest rates will have an impact on the return from these acquisitions and should the rate exceed the capitalization rate used, could result in a purchase being non-accretive. This risk is mitigated as management has certain right of approval over the developments.

Operating facilities and development loans exist that are priced at a risk premium over short-term rates. Changes in short-term interest rates will impact the cost of funds. In addition, there is a risk that the lenders will not refinance upon maturity. By restricting the amount of variable interest rate debt and the short-term debt the Trust has minimized the impact on financial performance.

Environmental Risk

As an owner and manager of real property, the Trust is subject to various laws relating to environmental matters. These laws impose liability for the cost of removal and remediation of certain hazardous materials released or deposited on properties owned by the Trust or on adjacent properties. As required by the Declaration of Trust, and in accordance with best management practices, Phase 1 audits are completed on all properties prior to acquisition. Further investigation is conducted if Phase 1 tests indicate a potential problem. The Trust has operating policies to monitor and manage risk. In addition, the standard lease requires compliance with environmental laws and regulations, and restricts tenants from carrying on environmentally hazardous activities or having environmentally hazardous substances on site. The Trust has obtained environmental insurance on certain assets to further manage risk.

Capital Requirements

Calloway accesses the capital markets from time to time through the issuance of debt, equity or equity-related securities. If Calloway was unable to raise additional funds then acquisition or development activities may be curtailed, asset sales accelerated and property specific financing renegotiated.

Outlook

Management believes the Canadian real estate market will continue to perform well. Retailers continue to demand space in well-located shopping centres, providing future growth in the portfolio.

Calloway's portfolio of 16.7 million square feet of newly constructed retail space has only 159,783 square feet of vacant space and 460,153 square feet of lease expiries over the next 12 months, adding stability to the Trust's future cash flow. Leasing costs will be minimal for the near future.

After a brief rise in long-term interest rates, markets have reversed and long-term debt remains slightly above 4%. Increases in financing costs have little impact on the Trust's operations as only 6.3% of total debt is variable rate. Large and sustained increases in rates would impact returns from future acquisitions. However, management believes interest rates will have some volatility but will remain low by historical standards.

The Trust will continue to grow through acquisitions, developments, development earnouts and mezzanine financing. Management has targeted over \$500 million in new business in 2007 and it is expected that SmartCentres will continue to provide product.

REC'D
2005 DEC 21
OFFICE OF INTER
CORPORATE F.

Calloway Real Estate Investment Trust Announces Distribution Increase, Acquisitions, Dispositions, Leasing and Financing

CALGARY, ALBERTA-Calloway REIT (TSX: CWT.UN) announced today that, as a result of the numerous investment and financing activities described below, it will increase its monthly distribution for the month of April 2005 by approximately 8% to 11.333 cents per trust unit, representing \$1.36 per unit on an annualized basis, or a 10 cents per unit annualized increase, conditional on closing the second tranche (8 shopping centres) of the previously announced acquisition of 14 shopping centres from the First Pro/ Wal-Mart partnership .

Upon closing of this acquisition, scheduled to occur in March, 2005, Calloway will have invested over \$1.1 billion in acquisitions since the third quarter of 2003. Calloway will then have substantially completed its re-positioning as a REIT focussed on high quality retail properties with long-term leases to credit quality tenants.

Calloway's investing activities announced today include:

- The approval by its Investment Committee of the second tranche of 8 shopping centres from the First Pro/Wal-Mart partnership, for an expected purchase price of \$230 million. Calloway has arranged \$155.2 million in fixed rate long-term financing, with an average term of 15.3 years and an average interest rate of 5.64% to finance this transaction. The balance will be financed by a combination of new equity, operating lines and vendor mortgages.
- The acquisition of shopping centres in Montreal (Anjou) Quebec and Sarnia, Ontario. These centres are well located in their respective markets and include such tenants as Sobey's, Shell, HBC Home Outfitters, LCBO, Sleep Country and Moores. Both acquisitions are accretive, fit well with Calloway's acquisition strategy and together represent an investment of over \$22 million.
- The completion of further expansions of seven centres previously acquired from First Pro and Wal-Mart by 123,201 square feet representing approximately \$21 million of accretive investment. Tenants include Winners, Old Navy, Pier One Imports, Reitmans, Radio Shack, EB Games, Payless Shoes and Telus. As of December 31, 2004, there was approximately 362,000 square feet of new potential space with binding agreements to lease in place and construction underway. Over one-third of the available expansion area is now leased, leaving a further 993,000 square feet for future development, equivalent to four additional, new shopping centres.

- A mezzanine loan agreement with First Pro Shopping Centres on a centrally located, 48 acre development site in Laval, Quebec. Total loan proceeds are \$24.6 million. Calloway has the option to purchase a 50% interest in the property upon its substantial completion. Also under the mezzanine loan program with First Pro Calloway has exercised an option to acquire a 50% interest in a new Wal-Mart leased property in Kenora, Ontario for approximately \$6 million at an accretive unlevered yield of 8.65%. This represents the first of a seven-property pipeline of large format retail centres that Calloway expects to acquire over the next several years in Laval, Montreal and St. Jerome, Quebec, Kenora, Stratford and Whitby, Ontario and St. John's Newfoundland through its growing mezzanine loan program.

Calloway also announced that it has completed the previously announced disposition of its office properties: Holland Cross in Ottawa, Ontario; and Century Park Place in Calgary, Alberta. Total proceeds from the sales were approximately \$69,250,000 resulting in an estimated gain on sale of \$12,500,000, or 18%.

Mr. Michael Storey, President and CEO said, "Calloway continues to strategically pursue accretive acquisition opportunities in the Canadian marketplace. The sale of our office properties and subsequent re-investment of the proceeds in contemporary, well-tenanted unenclosed shopping centres with long term leases reflects Calloway's focused strategy of investing in high quality retail assets. These transactions, together with the deferred portion of the purchase from the Wal-Mart First-Pro partnership, represent the culmination of a significant 18 month period of strategic growth during which Calloway will have accumulated a \$1.1 billion portfolio of recently built, high quality retail assets. We have accumulated this portfolio for the long term. In addition to the efficiencies of new buildings, averaging 5 years of age across the portfolio, our assets are leased to credit quality tenants with an average committed lease term of 12.1 years, and are financed predominantly with fixed rate debt with an average term to maturity of 9.1 years. We are focussed on building a portfolio of long-term assets and a conservative balance sheet that ensure sustainability of distributions through good times and bad and provide a solid platform for future growth."

After the closing of the deferred portion of our acquisition from the Wal-Mart First-Pro Partnership, we will have a 91.5% weighting of assets in newer, unenclosed shopping centres and less than 2.2% invested in non-retail assets. These centres benefit from significantly lower operating costs than enclosed retail centres making them appealing to our retail business clients."

Mr. Storey also said, "Our relationship with First Pro continues to provide Calloway with a reliable 'pipeline' of accretive growth. We are fortunate to have access to the development world through the support of First Pro, an entrepreneurial organization that provides a pipeline of acquisition, development and strategic mezzanine lending opportunities. Calloway will continue to look for opportunities to grow its business and distributable cash flow both through First Pro and through other initiatives. We intend to

pass on to our unitholders, in the form of further increases in our monthly distributions, the accretive cash flow benefits of our acquisition and expansion initiatives.”

Calloway Real Estate Investment Trust is an unincorporated closed-end real estate investment trust established to focus its acquisition activities on acquiring, holding and managing income producing real property in Canada. As of December 31, 2004 Calloway had 33,263,171 units issued and outstanding.

This press released contains “forward looking statements” subject to various significant risks and uncertainties which may cause actual results, performances and achievements of Calloway to be materially different from any future results, performances or achievements expressed or implied by such forward looking statements. Such risk factors include, but are not limited to, risks associated with real property ownership, availability of cash flow, restrictions on redemption, general uninsured losses, future property acquisition, environmental matters, tax related matters, debt financing, Unitholder liability, potential conflicts of interest, potential dilution, and reliance on key personnel. Calloway cannot assure investors that actual results will be consistent with these forward looking statements and Calloway assumes no obligation to update or revise them to reflect new events or circumstances.

CALLOWAY REAL ESTATE INVESTMENT TRUST ANNOUNCES PRIVATE PLACEMENT

CALGARY, February 24, 2005 – Calloway REIT (TSX: CWT.UN) today announced that it has closed the sale of 3,101,000 Subscription Receipts at a price of \$19.35 per Subscription Receipt for gross proceeds of \$60,004,350. The proceeds will be used to partially fund the cash component of the purchase price of the second tranche (8 shopping centres) of the previously announced acquisition of 14 shopping centres developed by FirstPro Shopping Centres and owned by FirstPro and Wal-Mart (the "Acquisition"). Each Subscription Receipt will entitle the holder to receive one Unit of Calloway upon closing of the Acquisition.

The sale, co-led by CIBC World Markets Inc. and TD Securities Inc., and including Desjardins Securities Inc. and Canaccord Capital Corporation, was completed by way of a private placement subject to applicable resale restrictions pursuant to Multilateral Instrument 45-102, Resale of Securities.

**CALLOWAY REAL ESTATE INVESTMENT TRUST – YEAR END RESULTS
FOR IMMEDIATE RELEASE: March 9, 2005, Calgary, AB**

Calloway Real Estate Investment Trust is pleased to report that the financial results for the year ending December 31, 2004 are characterized by dynamic growth.

Calloway's asset base more than quadrupled in size as a result of the completion of four separate asset acquisition transactions. These asset acquisitions included the purchase of 32 retail properties for a total acquisition cost of \$724 million. The portfolio increased from 23 properties with 1.85 million square feet of rentable area at the end of December 31, 2003 to 55 properties comprising 7.5 million square feet at December 31, 2004.

This growth has continued into 2005. During the first quarter of 2005, Calloway has or is expected to complete the acquisition of an interest in ten retail properties with 1.6 million square feet of rentable area for a cost of approximately \$252 million. We have continued with our strategy of focusing on retail properties by disposing of two office properties in January 2005 and will continue to dispose of non-core assets as appropriate.

With the dramatic growth of our portfolio, real estate assets increased from \$227 million as at December 31, 2003 to \$994 million as at December 31, 2004. Revenues increased more than six fold from \$12.8 million for the year ending December 31, 2003 to \$87.9 million for the year ending December 31, 2004. Net income increased from \$8.9 million for the year ending December 31, 2003 to \$13.4 million for the year ending December 31, 2004. Net income was affected significantly by certain changes in accounting policies for amortization of buildings, recognition of revenue from step leases, and allocation of purchase price of acquisitions to tenant improvements and intangibles. If these changes had not been implemented, net income would have increased by a further \$15.7 million to \$29.1 million, an increase of 227% over the same period in 2003. Distributable income increased from \$8.6 million for the year ending December 31, 2003 to \$35.8 million for the year ending December 31, 2004 an increase of 416%. Distributable income per unit increased from \$1.24 for the year ended December 31, 2003 to \$1.37 for the year ended December 31, 2004 an increase of 10%. Distributions to unitholders were \$1.2177 per unit in 2004 compared to \$1.1508 per unit in 2003, an increase of 5.8%. The annualized distribution rate increased from \$1.1508 at December 31, 2003 to \$1.26 at December 31, 2004, an increase of 9.5%.

The portion of distributions in 2004 that will be taxed as income is 57.1031% and the portion that will be taxed as return of capital is 42.8969%.

Occupancy rates were as follows during the period: December 31, 2004 – 97.8%; September 30, 2004 – 98.1%; December 31, 2003 – 97.9%.

Full reports of the financial results are outlined in the financial statements and management discussion and analysis, available on SEDAR. In addition, supplemental information is available on Calloway's website at www.callowayreit.com.

Calloway will hold a conference call on Thursday March 10, 2005 at 3:30pm Eastern Time. Participating on the call will be members of Calloway's senior management.

Investors are invited to access the call by dialing 1-800-354-6885. You will be required to identify yourself and the organization on whose behalf you are participating. A recording of this call will be made available March 10 beginning at 6:00 pm (ET) through to 11:59pm (ET) on March 17. To access the recording please call 1-800-558-5253 and use the reservation number 21234631.

Press Release
March 10, 2005
FOR IMMEDIATE RELEASE

CALLOWAY ACQUIRES 8 PROPERTIES

Calgary, Alberta, March 10, 2005 – Calloway Real Estate Investment Trust (TSX: CWT.UN) announced that it has completed the second phase of its previously announced acquisition (the "Acquisition") from the Wal-Mart-FirstPro Realty Co-ownership (the "Co-ownership"), comprising eight shopping centres with a total of approximately 1,497,691 rentable square feet of leased area (Calloway's interest) (the "Centres") and connected undeveloped lands with the potential for approximately 177,682 square feet of future retail space (Calloway's interest) (the "Undeveloped Lands"), of which 30,390 square feet of the Undeveloped Lands is leased and under construction.

As a result of the completion of the acquisition described above, Calloway intends to increase its monthly distribution for the month of April 2005 by approximately 8% to 11.333 cents per trust unit, representing \$1.36 per unit on an annualized basis, or a 10 cents per unit annualized increase.

The total consideration (including Calloway's costs) paid for the Centres and the Undeveloped Lands was approximately \$230 million which was satisfied:

- (a) by way of a vendor take back mortgage to the Co-ownership in the amount of approximately \$6.0 million, which is interest free and relates to the Undeveloped Lands; and
- (b) by the payment of the balance in cash.

Calloway funded the cash component of the Acquisition, in part, by borrowing approximately \$155.2 million secured by fixed rate mortgage financing on seven of the Properties at a weighted average interest rate of 5.64% and an average term of 15.3 years. The remaining cash component was funded from the proceeds of the private placement of Subscriptions Receipts closed by Calloway on February 24, 2005. These Subscription Receipts were converted into 3,101,000 units of Calloway concurrently with the closing of the Acquisition. There are currently approximately 36.6 million units of Calloway issued and outstanding.

Michael Storey, President of Calloway, said, "The Acquisition conforms with Calloway's strategy of focusing on high quality retail properties. Fully 97.7% of our revenue will now come from retail properties and 34.2% continues to be generated from Wal-Mart, our major tenant, whose average remaining initial lease term is approximately 16 years. In addition to Wal-Mart, other national retailers are well represented in our centres, including Loblaws, Canadian Tire, Home Depot, Reno Depot, Best Buy/Future Shop, Mark's Work Wearhouse, Winners, Staples/Business Depot, Home Outfitters and Reitmans. Going forward we anticipate that we will continue our path of aggressive growth."

Calloway's portfolio is now comprised of approximately 8.8 million square feet and an enterprise value of over \$1.4 billion. We will continue to build Calloway for the long term. The weighted average age of our buildings is only approximately 5 years. Over 64% of our term mortgage financing matures after 2013, with no more than 6.7% of the total term mortgage financing maturing within any one of the next nine

years. In addition, over 90% of total mortgages and loans payable is represented by term mortgage financing. Not only has this strategy enabled us to deliver higher returns to unitholders by way of increasing distributions, but we expect this strategy will deliver a sustainable and growing source of income and distributions to our unitholders in the future.

Calloway Real Estate Investment Trust is an unincorporated closed-end real estate investment trust focused on the acquisition of high quality retail properties.

This press release contains "forward looking statements" subject to various significant risks and uncertainties which may cause actual results, performances or achievements of Calloway to be materially different from any future results, performances or achievements expressed or implied by such forward looking statements. Such risk factors include, but are not limited to, risks associated with real property ownership, availability of cash flow, restrictions on redemption, general uninsured losses, future property acquisitions, environmental matters, tax related matters, debt financing, Unitholder liability, potential conflicts of interest, potential dilution, and reliance on key personnel. Calloway cannot assure investors that actual results will be consistent with these forward looking statements and Calloway assumes no obligation to update or revise them to reflect new events or circumstances.

FOR IMMEDIATE RELEASE

CALLOWAY ANNOUNCES CHANGE OF DIRECTORS

Calgary, Alberta, March 15, 2005 – Calloway Real Estate Investment Trust (TSX: CWT.UN) announced that John MacNeil has tendered his resignation as a Trustee of Calloway. John, who recently left his position at FirstPro Shopping Centres, was a FirstPro nominee to Calloway's Board of Trustees and will be replaced on Calloway's Board at a future time by a new FirstPro nominee. Mr. Al Mawani has been added to the Board of Calloway as a replacement, independent Trustee effective March 15, 2005. Mr. Mawani is currently President of Exponent Capital Partners Inc., a private equity firm. Prior to January 31, 2004, Mr. Mawani was a Vice- President of IPS Industrial Promotion Services Ltd., a private equity firm. Prior thereto, Mr. Mawani was Executive Vice-President of Business Development for one year and Senior Vice-President and Chief Financial Officer at Oxford Properties Group Inc., one of Canada's largest real estate companies, for 10 years.

Mr. Mawani is a chartered accountant and has a MBA from the University of Toronto. He is a member of the Financial Executives Institute and is a trustee of IPC US REIT (TSX) and Boardwalk REIT (TSX).

Calloway Real Estate Investment Trust is an unincorporated closed-end real estate investment trust focused on the acquisition of high quality retail properties.

FOR IMMEDIATE RELEASE

April 19, 2005

NOT FOR DISSEMINATION OVER UNITED STATES NEWSWIRE

\$1.2 BILLION PROPERTY ACQUISITION ANNOUNCED BY CALLOWAY REIT

Calgary, April 19, 2005 – Calloway REIT (TSX: CWT.UN) announced today that its Board of Directors has approved conditional agreements with FirstPro Shopping Centres and Wal-Mart Canada Corp. to:

- (a) acquire interests in 36 recently completed, large-format shopping centres, including a 60% interest in 8 Centres from Wal-Mart Canada Corp., and acquire development properties for 10 new shopping centres, totaling approximately 12 million square feet on completion, for consideration of approximately \$1.2 billion;
- (b) relocate its operations to Toronto from Calgary;
- (c) take on part of FirstPro's leasing and development operations; and
- (d) appoint a new senior management team with Simon Nyilassy (now at First Pro) in the role of President and CEO.

The result of this transaction to Calloway REIT will be:

- (a) a doubling of its size from \$1.2 billion to \$2.4 billion in assets and 19 million square feet, upon completion,
- (b) the transformation of Calloway into the dominant retail REIT for large format unenclosed centres, with a portfolio of 85 operating retail properties, with 70 anchored by a Wal-Mart store, and
- (c) the introduction of an internal development team that initially will be responsible for over 2 million square feet of new development in 24 properties.

The acquisition is expected to close by June 30, 2005 and the transaction is subject to due diligence, unitholder approval and other customary conditions. FirstPro will continue to property manage all of the centres.

"This is clearly a great opportunity for Calloway and its unitholders as this transaction takes Calloway to the next level and provides a platform for continued growth. The strategic transition to Toronto will position Calloway's operations at the centre of real estate development and capital markets in Canada", says Michael Storey, current President and CEO of Calloway. He adds, "Upon completion of this deal, the board has approved the appointment of Simon Nyilassy as President and CEO. Mr. Nyilassy has spent 5 years as an Executive Vice President at developer FirstPro and has been a valuable member of Calloway's board since 2003. We welcome the addition that Mr. Nyilassy's experience with Canada's leading retail developer will bring."

The portfolio of properties being acquired includes some of Canada's prime retail properties. It includes properties in 8 of Canada's 10 provinces, including 28 (61%) in Ontario. Sixty percent of the 36 operating centres exceed 300,000 square feet in leaseable area, with 25% exceeding 500,000 square feet. Wal-Mart operates a department store in 33 of the 36 operating centres and comprises approximately 4 million square feet under long-term leases with a weighed average remaining initial term of over 16 years. Calloway's share of rents generated from Wal-Mart leases will represent approximately 32% of the rents from Calloway's total portfolio after closing, compared to 34% today.

The 36 operating centres generate net rents of over \$80 million per annum (Calloway's interest), will contain approximately 10.5 million square feet of retail space on completion and currently have approximately 8.3 million square feet leased. Alongside Wal-Mart, 25 of the 36 centres operate with at least one of Sam's Club, Loblaws, Sobeys, Rona, Home Depot and Canadian Tire as additional anchors. The 10 vacant sites will, following completion of development, also be anchored by Wal-Mart and/or other Canadian retailers. These properties are expected to achieve substantial completion within the next 1 to 3 years and will add a further 1.3 million square feet on completion.

"These properties are the dominant centres in their markets", says Nyilassy. He added, "A significant additional benefit is that Calloway will be completing the development of 24 of the 46 properties, with the potential for enhanced returns and accretion."

With this acquisition, Calloway's assets will have grown from \$100 million in November of 2002 to \$2.4 billion by the end of June 2005. Calloway's portfolio will be comprised of 85 operating shopping centres and 10 properties for the development of future shopping centres. This portfolio of predominately newly built properties, located in every province of Canada have financially strong tenants with an overall weighted average lease term of 11 years, and an average term to maturity of over 10 years on mortgages payable, most of which are locked in at today's low interest rates. This property and financial profile ensures predictability of cash flow and stability for Calloway unitholders. "In March 2005, we announced a 10 cent per unit annualized increase, to \$1.36 per annum, as a result of our last acquisition. We anticipate that rental income from these 36 new centres will provide sufficient cash flow to increase our distributions for the second time this year", says Storey.

Mr. Mitchell Goldhar, owner of First Pro and owner of interests in all of the 46 properties as well as approximately 6 million units of Calloway, has announced his intention to subscribe for Class A and Class B units of a limited partnership to be formed by Calloway. The Class A units will be issued as consideration for current income producing assets while the Class B units represent future potential equity Mr. Mitchell Goldhar could obtain as development of the portfolio proceeds. Mr. Goldhar will be issued Special Voting Units of Calloway which provide votes, (but no equity participation), equal to the aggregate of the Class A and Class B units. As a result, Mr. Mitchell Goldhar will increase his equity interest in Calloway from approximately 16% to as much as 30% and his voting interest in Calloway from approximately 16% to as much as 40%. The enhanced voting rights exist only for so long as the development process for the portfolio is in process and the aggregate voting rights will be, in general, equal to Mr. Goldhar's equity plus additional equity units he could receive from future developments. Mr. Mitchell Goldhar will also be granted the right, under certain circumstances, to receive additional voting units of Calloway in order to maintain his voting interest at a minimum of 25%. This right will expire at the end of five years unless an additional \$750 million dollars in assets is transferred from FirstPro to Calloway (inclusive of assets acquired by Calloway under existing development agreements), in which case the 25% minimum voting right will extend for an additional five-year term. "A natural next step is being taken", says Mr. Goldhar.

The 36 completed centres include 9 properties in which Calloway will acquire a leasehold interest (see Schedule A for Transaction Details and Schedule B for breakdown of assets). The term of the ground leases will be from a minimum of 5 to a maximum of 35 years. FirstPro will have the right to terminate the nine ground leases in the event that at any time it controls less than 20% of the voting rights of Calloway or in the event that any third party acquires 20% of the voting rights of Calloway. In the event that the ground leases are terminated as a result of the foregoing, Calloway's assets would reduce by approximately 15%.

Calloway will hold a conference call on Tuesday, April 19, 2005 at 5:30pm Eastern Standard Time. Investors are invited to access the call by dialing 1-800-840-6238 – they will be required to identify themselves and their organization, or on whose behalf they are participating.

Calloway Real Estate Investment Trust is an unincorporated closed-end real estate investment trust that invests primarily in large format, unenclosed retail centres that are geographically diversified. As part of this transaction, Calloway will be seeking the approval of its unitholders to re-organize the Trust into an open-ended real estate investment trust, together with such other changes as may be necessary or desirable to effect the transaction.

FirstPro Shopping Centres, is a private real estate development company which has, over the last 12 years, developed over 160 shopping centres across Canada, many of which are anchored by a new Wal-Mart discount department store. First Pro committed to the creation of centres designed for the incomes and lifestyles of all Canadians. First Pro currently has one representative on the Calloway Board of Trustees. As a result of Mr.

Mitchell Goldhar's financial interest in this transaction, the FirstPro representative will abstain from voting on this transaction.

Established in 1994 and headquartered in Mississauga, Ontario, **Wal-Mart Canada Corp.** operates a growing network of 256 discount stores and six SAM'S CLUBS in Canada. Since 2000, more than 100 Canadian communities have lobbied or petitioned to have a Wal-Mart store built in their communities. Three times during the past four years Wal-Mart Canada Corp. has been named the best retailer to work for in Canada by international human resources firm Hewitt Associates and Report on Business Magazine. In addition, the company has been ranked one of the country's most respected corporations (Ipsos-Reid) and Canada's most trusted major retailer (Reader's Digest and Ipsos Reid).

This press release contains "forward looking statements" subject to various significant risks and uncertainties which may cause actual results, performances or achievements of Calloway to be materially different from any future results, performances or achievements expressed or implied by such forward looking statements. Such risk factors include, but are not limited to, risks associated with real property ownership, availability of cash flow, restrictions on redemption, general uninsured losses, future property acquisitions, environmental matters, tax related matters, debt financing, Unitholder liability, potential conflicts of interest, potential dilution, and reliance on key personnel. Calloway cannot assure investors that actual results will be consistent with these forward looking statements and Calloway assumes no obligation to update or revise them to reflect new events or circumstances.

SCHEDULE A
PROPOSED TRANSACTION DETAILS

The aggregate purchase price for the interests in the 46 properties will be approximately \$1.2 billion and will be satisfied as follows:

1. By obtaining first mortgage financing, including the assumption of existing mortgage debt, in the amount of approximately \$695 million;
2. By way of vendor take-back mortgage in the amount of approximately \$27 million and by the payment of the balance in cash. Calloway intends to finance the cash portion through the issuance of new units and/ or convertible debentures.
3. Mr. Mitchell Goldhar intends to subscribe for up to 13.5 million Class A units and up to 12.5 million Class B units of Calloway LP as partial payment for the purchase of his interests in the properties. Calloway LP will be a partnership between Calloway and FirstPro, in which Calloway will be the general partner.
4. In addition, Mr. Mitchell Goldhar will receive up to 26 million Special Voting Units of Calloway, which will be entitled to one vote per unit. Mr. Mitchell Goldhar will be granted the right, under certain circumstances, to receive additional special voting units of Calloway, to maintain his voting interest at 25%. Such rights will end after 5 years, but may be extended for an additional 5 years if FirstPro sells in excess of \$750 million of assets to Calloway in the initial 5 year period, including expansions of existing centres.
5. In addition to the base purchase price, Calloway expects to incur approximately \$40 million in costs resulting in an aggregate total cost to Calloway of approximately \$1.24 billion.

In connection with the transaction, Calloway will have access to additional retail developments on the undeveloped lands connected to 26 of the 36 centres. Calloway will develop approximately 0.8 million square feet of additional retail properties in 14 of the centres and FirstPro will develop and Calloway will acquire from Wal-Mart and FirstPro approximately 1.4 million square feet of additional retail properties on the completion and rental of additional space on the remaining undeveloped lands.

The purchase price for the additional developments undertaken by FirstPro will be calculated by a formula that results in each acquisition being accretive to Calloway. FirstPro will have the option to finance up to 40% of the value of these properties, on completion, through the subscription for additional Class A units of Calloway LP. The pricing of these units will be subject to the approval of the Toronto Stock Exchange.

Calloway will acquire nine of the centres comprising approximately 3.1 million square feet of currently leased space and future development potential of approximately 0.6 million square feet, by way of 35 year ground leases, with title remaining with FirstPro. FirstPro will have the right to reduce the term of sets of three of these nine ground leases after each of five, seven and ten years and on up to all nine of the ground leases in the event that Mr. Mitchell Goldhar at any time holds less than 20% of the voting rights associated with Calloway's units or any other party acquires the voting rights with 20% of Calloway's units.

The Vendors may terminate the transactions in the event that a third party prior to closing initiates a transaction that could result in a change in the control of Calloway.

The transaction is conditional on the following: Calloway amending its declaration of trust to add a redemption feature to become an 'open-ended' mutual fund trust; forming a subsidiary limited partnership for use

in the acquisition of the new assets; amending its declaration of trust to provide FirstPro with three of nine Board members while it holds more than 25% of Calloway's units rather than 30% of Calloway's units as it currently provides. FirstPro will continue to be entitled to nominate two of eight Board members while it holds between 15% and 25% of Calloway's units and one of eight Board members while it holds between 5% and 15%.

FOR IMMEDIATE RELEASE

CALLOWAY REAL ESTATE INVESTMENT TRUST DECLARES APRIL 2005 DISTRIBUTION

CALGARY, April 20, 2005 – Calloway REIT (TSX: CWT.UN) today announced that the trustees of the REIT have declared a distribution for the month of April 2005 of \$0.11333 per trust unit, representing \$1.36 per unit on an annualized basis. Payment will be made on or about May 16, 2004 to unitholders of record on April 29, 2004.

J. Michael Storey, President and CEO of Calloway Real Estate Investment Trust, “We are very pleased to be significantly increasing our distributions again. The strength of our tenant base combined with our long term financing results in a very stable cash flow going forward and hence the confidence to increase our monthly distributions.”

For those investors wishing to replay our conference call of Tuesday April 19, 2005 announcing our proposed \$1.2 Billion property acquisition, a recording is available until 11:59 pm (ET) on April 26, 2005. To access the recording please call (416) 626-4100 from the Toronto area, 1-800-558-5253 from elsewhere and use the reservation number 21245165.

Calloway Real Estate Investment Trust is an unincorporated closed-end real estate investment trust created to invest in a geographically diversified portfolio of income producing real property in Canada.

Calloway Real Estate Investment Trust Announces Acquisition, and Dispositions

CALGARY, ALBERTA - Calloway REIT (TSX: CWT.UN) announced today that it has entered into a binding agreement to purchase a 91,500 square foot new format shopping centre in Abbotsford, BC. The property is anchored by Sears Whole Home and Home Outfitters and is well located within a major retail node. The purchase price is approximately \$16,500,000 and the purchase is expected to close mid May.

Calloway also announced that it has completed the disposition of its Collingwood Plaza in Calgary, Alberta and has entered into a binding agreement to sell three industrial buildings in Winnipeg, Manitoba (110 Lawson Crescent, 1000 Waverley Street and 1300 Church Street), with closing anticipated by mid May. Net proceeds from the sale of all 4 properties were approximately \$10,314,000 resulting in an estimated gain on sale of \$1,144,000, or 11.1%.

Mr. Michael Storey, President and CEO said, "Calloway continues to strategically pursue accretive acquisition opportunities in the Canadian marketplace. The sale of these non-core properties and subsequent re-investment of the proceeds in a contemporary, well-tenanted unenclosed shopping centre with long term leases reflects Calloway's focused strategy of investing in high quality retail assets."

Calloway Real Estate Investment Trust is an unincorporated closed-end real estate investment trust established to focus its acquisition activities on acquiring, holding and managing income producing real property in Canada.

Calloway Announces Refinements for \$1.2 Billion Acquisition, expected to close in June, 2005.

May 11, 2005

Calloway REIT is pleased to announce enhancements to the previously announced \$1.2 billion acquisition of some of Canada's prime retail properties from FirstPro Shopping Centres and Wal-Mart Canada Realty Inc., one of the largest transactions to date by a Canadian REIT. The changes, which follow discussions with significant unitholders, are described in detail below and include an increase in the number of freehold properties to 42 from 37 and a reduction in the number of leasehold properties to three from nine. Also, the Class B votes will be eliminated. Additional voting units may be acquired by Mr. Mitchell Goldhar, owner of FirstPro Shopping Centres, as development "earn outs" are completed, as explained below.

Mr. Mitchell Goldhar said, "All investor input matters - building consensus as Calloway grows is a principle we endorse."

Goodman & Company, Investment Counsel Ltd. has indicated that it and other institutional investors who together have a significant equity stake in Calloway REIT support this revised transaction, subject to a review of the information circular. Mr. Oscar Belaiche, Vice President and Portfolio Manager of Goodman & Company said "We have worked in good faith with all parties involved to reach terms satisfactory to our unitholders."

Guardian Capital LP and Middlefield Group together, have indicated that they support the revised transaction, subject to a review of the information circular. Mr. John Priestman, Managing Director of Guardian Capital LP said "We are pleased with the way both parties worked together to create an acceptable transaction for our unitholders."

Calloway will acquire interests in eight million square feet of existing, newly constructed retail space in 35 shopping centres, for consideration of approximately \$1.09 billion. Calloway will also acquire lands for the construction of an additional 10 centres, with 1.3 million square feet of retail space on completion, for consideration of approximately \$ 42 million. As partial payment of the consideration for the transaction, Mr. Mitchell Goldhar, owner and CEO of FirstPro Shopping Centres, will be issued approximately 10.2 million Class A units of Calloway LP and other vendors will be issued approximately 3 million Class A units of Calloway LP, with each such unit carrying one vote at the Calloway REIT level.

The portfolio of properties being acquired includes properties in eight of Canada's ten provinces, with 27 of 45 (or 60%) in Ontario. Twenty one of the 35 operating centres (60%) exceed 300,000 square feet in leaseable area, with nine (25%) exceeding 500,000 square feet. Approximately 66% of these centres are strategically located in the major metropolitan markets of Greater Toronto, Greater Montreal, Greater Vancouver, Calgary, Ottawa-Hull, Regina, Winnipeg and Halifax, with much of the balance located in such prosperous markets as Barrie, London and Cambridge. The

properties being acquired will generate net rents of approximately \$74 million per annum at closing. Net rents are expected to increase to approximately \$110 million per annum on completion of development of all 45 of the centres.

Wal-Mart operates a department store in 32 of the 35 operating centres and comprises approximately 4 million square feet under long-term leases with a weighed average remaining initial term of over 16 years. Calloway's share of rents generated from Wal-Mart leases will represent approximately 32% of the rents from Calloway's total portfolio after closing, compared to 34% today. Alongside Wal-Mart, 24 of the 35 centres operate with at least one of Loblaws, Sobeys, Rona, Home Depot, Canadian Tire and Sam's Club as additional anchors. Calloway anticipates that the 10 vacant development sites will, also be anchored by Wal-Mart and/or other major Canadian retailers, following completion of development.

"The 35 operating properties are some of the best large-format, shopping centres in Canada", says Nyilassy. He added, "The 10 vacant development sites provide Calloway with a built in pipeline for future accretive growth. We are excited with Calloway's future."

As part of the transaction, Calloway will also:

- (a) relocate its operations to Toronto from Calgary;
- (b) assume part of FirstPro's leasing and development operations; and
- (c) appoint a new senior management team with Simon Nyilassy (now at FirstPro) in the role of President and CEO

"A shopping centre portfolio of this quality, size and scope would normally take years to assemble. We are fortunate to have the opportunity to acquire this portfolio in a single transaction that will transform Calloway and provide a platform for continued growth." says Michael Storey, current President and CEO of Calloway. He adds, "Calloway is cleared for take-off."

The transaction will double Calloway's assets, to approximately \$2.4 billion from approximately \$1.2 billion, and transform Calloway into a dominant retail REIT for newly constructed, large format, unenclosed shopping centres. Upon completion of the transaction, Calloway will have a portfolio of 84 operating centres and 10 vacant development sites, which will contain approximately 20.5 million square feet on completion. This portfolio of predominately newly built properties, located in every province of Canada, have financially strong tenants with an overall weighted average lease term of 11 years, and an average term to maturity of over 10 years on mortgages payable, most of which are locked in at today's low interest rates. This property and financial profile ensures predictability of cash flow and stability for Calloway unitholders.

"In March 2005, we announced a 10 cent per unit annualized increase, to \$1.36 per annum, as a result of our last acquisition. We anticipate that rental income from these 35 new centres will provide sufficient cash flow to increase our distributions for the second time this year", says Mr. Michael Storey.

Mr. Mitchell Goldhar, who now controls approximately six million Calloway units (approximately 16%), will, control approximately 16 million voting units upon closing of the transaction, representing an economic and voting interest in Calloway of approximately 27%. Prior to this transaction, Mr. Goldhar is able to increase his interest in Calloway to approximately 26%, as the remaining development value inherent in the properties already acquired by Calloway is realized on completion of the centres. After closing of the transaction, Mr. Goldhar will be able

to increase his economic and voting interests in Calloway to as much as 40%, as the existing and new developments are completed.

An information circular is anticipated to be mailed to unit holders on or about May 27, 2005, for a special and annual meeting to be held on or about June 22, 2005 to, among other matters, approve the transaction. The transaction is conditional on the approval of the unitholders of Calloway. Mr. Goldhar, FirstPro and all affiliated persons and companies will not be entitled to vote on the transaction.

Calloway has also appointed a Special Committee comprised of 4 of its independent Trustees with a mandate to comply with the requirements of Ontario Securities Commission Rule 61-501, in particular to obtain an independent valuation of the properties being acquired and the consideration that Calloway will be paying to related parties in connection with the acquisition. The Special Committee is in the process of retaining an independent financial advisor to prepare the required valuation of the transaction. The valuation and disclosure of the Special Committee's deliberations, conclusions and recommendations will be included in the information circular.

The changes to the previously announced transaction are as follows:

- a) The number of leasehold properties will be reduced to three from nine, as follows:
 - i) Calloway will no longer be acquiring an interest in the FirstPro Richmond Hill Wal-Mart Centre and will be acquiring a 60% freehold interest in each of the FirstPro Mississauga Wal-Mart Centre - South Common Mall and FirstPro Pickering Wal-Mart Centres, rather than 60% freehold and 40% leasehold interest in these properties;
 - ii) Calloway will be acquiring freehold, rather than leasehold, interests in FirstPro Vaughan Wal-Mart Centre, FirstPro Whitby North Wal-Mart Centre and FirstPro Ottawa Wal-Mart Centre;
 - iii) Calloway's interest in FirstPro Barrie South Wal-Mart Centre, FirstPro Cambridge Wal-Mart Centre and 40% of FirstPro Etobicoke Wal-Mart Centre will continue to be by way of 35 year operating leases, which will represent approximately 8% of Calloway's rent after completion of the transaction. After ten years (previously five years), it will have the option to cancel the balance of the term on the leasehold properties by paying to Calloway the then market value of a 35 year leasehold interest in the properties. In the event that a third party acquires greater than 20% of the issued and outstanding units of Calloway, FirstPro will have the right to immediately terminate the operating leases on payment to Calloway of the unamortized value of the leasehold property;
- b) The terms of the "earn-out" arrangements for future developments will be amended to eliminate the voting rights associated with the Class B units of Calloway LP;
- c) Mr. Mitchell Goldhar will join the board of trustees of Calloway on completion of the transaction; and
- d) Mr. Goldhar's right to extend his minimum 25% voting interest from five to ten years will now occur only after FirstPro has sold to Calloway at least an additional \$800 million of freehold interests in shopping centres in which it has an ownership interest, in the five years after closing of the transaction, and provided that Mr. Goldhar remains a Calloway trustee and maintains ownership of the lesser of 20 million or 20% of the Calloway units or Class A units of Calloway LP.

The transaction remains conditional on required approvals, due diligence and acceptable financing arrangements.

2000, more than 100 Canadian communities have lobbied or petitioned to have a Wal-Mart store built in their communities. Three times during the past four years Wal-Mart Canada Corp. has been named the best retailer to work for in Canada by international human resources firm Hewitt Associates and Report on Business Magazine. In addition, the company has been ranked one of the country's most respected corporations (Ipsos-Reid) and Canada's most trusted major retailer (Reader's Digest and Ipsos Reid).

This press release contains "forward looking statements" subject to various significant risks and uncertainties which may cause actual results, performances or achievements of Calloway to be materially different from any future results, performances or achievements expressed or implied by such forward looking statements. Such risk factors include, but are not limited to, risks associated with real property ownership, availability of cash flow, restrictions on redemption, general uninsured losses, future property acquisitions, environmental matters, tax related matters, debt financing, Unitholder liability, potential conflicts of interest, potential dilution, and reliance on key personnel. Calloway cannot assure investors that actual results will be consistent with these forward looking statements and Calloway assumes no obligation to update or revise them to reflect new events or circumstances.

Prior to the effect of the proposed transaction, we estimate the portion of distributions in 2005 that will be taxed as income is 47%, the portion that will be taxed as capital gain is 28%, and the portion that will be taxed as return of capital is 25%.

Calloway Real Estate Investment Trust is an unincorporated closed-end real estate investment trust that invests primarily in large format, unenclosed retail centres that are geographically diversified. As part of this transaction, Calloway will be seeking the approval of its unitholders to re-organize the Trust into an open-ended real estate investment trust, together with such other changes as may be necessary or desirable to effect the transaction.

FirstPro Shopping Centres, is a private real estate development company which has, over the last 12 years, developed over 160 shopping centres across Canada, many of which are anchored by a new Wal-Mart discount department store. FirstPro committed to the creation of centres designed for the incomes and lifestyles of all Canadians. FirstPro currently has one representative on the Calloway Board of Trustees. As a result of Mr. Mitchell Goldhar's financial interest in this transaction, the FirstPro representative will abstain from voting on this transaction.

Established in 1994 and headquartered in Mississauga, Ontario, **Wal-Mart Canada Corp.** operates a growing network of 256 discount stores and six SAM'S CLUBS in Canada. Since 2000, more than 100 Canadian communities have lobbied or petitioned to have a Wal-Mart store built in their communities. Three times during the past four years Wal-Mart Canada Corp. has been named the best retailer to work for in Canada by international human resources firm Hewitt Associates and Report on Business Magazine. In addition, the company has been ranked one of the country's most respected corporations (Ipsos-Reid) and Canada's most trusted major retailer (Reader's Digest and Ipsos Reid).

**CALLOWAY REAL ESTATE INVESTMENT TRUST – FIRST QUARTER RESULTS
FOR IMMEDIATE RELEASE: May 13, 2005, Calgary, AB**

Calloway Real Estate Investment Trust is pleased to report its financial results for the three months ending March 31, 2005 and continues its history of significant strategic growth.

During the quarter, Calloway's asset base increased 21% as a result of the completion of three separate asset acquisitions following the successful divestiture of two non core properties. The asset acquisitions included the purchase of ten retail properties for a total acquisition cost of \$252 million. The portfolio increased from 55 properties with 7.5 million net square feet of rentable area at the end of December 31, 2004 to 63 properties comprising 8.8 million net square feet at March 31, 2005.

This growth has continued into the second quarter. In a landmark transaction, Calloway has entered into agreements to acquire freehold and leasehold interests in \$1.1 billion of assets from First Pro Group of Companies and Wal-Mart Canada Realty Inc. comprised of 35 operating shopping centres and 10 parcels of development land. These properties include 5.2 million net square feet of rentable area with a further developable area of approximately 3.0 million net square feet. We have continued with our strategy of focusing on retail properties by disposing of one non-core retail property and have entered into an agreement to sell three industrial properties.

With the dramatic growth of our portfolio, real estate assets increased from \$994 million as at December 31, 2004 to \$1,198 million as at March 31, 2005. Revenues increased more than three fold from \$10.9 million for the three months ending March 31, 2004 to \$33.5 million for the three months ending March 31, 2005. Net income from continuing operations decreased from \$2.4 million for the three months ending March 31, 2004 to \$1.6 million for the three months ending March 31, 2005. Net income was affected significantly by certain changes in accounting policies for allocation of purchase price of acquisitions to tenant improvements and intangibles and for the write-off of unamortized balance of intangibles for vacated tenant space. More importantly, distributable income increased from \$5.2 million for the three months ending March 31, 2004 to \$12.1 million for the three months ending March 31, 2005 an increase of 130%. Distributable income per unit increased from \$0.31 for the three months ended March 31, 2004 to \$0.35 for the three months ended March 31, 2005 an increase of 13%. The annualized distribution rate increased from \$1.26 at December 31, 2004 to \$1.36 commencing with the April 2005 distribution, an increase of 7.9%.

Occupancy rates were as follows during the period: March 31, 2005 – 97.2%; December 31, 2004 – 97.8%; March 31, 2004 – 98.8%.

Prior to the effect of the proposed transaction, we estimate the portion of distributions in 2005 that will be taxed as income is 47%, the portion that will be taxed as capital gain is 28%, and the portion that will be taxed as return of capital is 25%.

Full reports of the financial results are outlined in the financial statements and management discussion and analysis, available on SEDAR. In addition, supplemental information is available on Calloway's website at www.callowayreit.com.

Calloway will hold a conference call on Monday May 16, 2005 at 11:00am Eastern Time. Participating on the call will be members of Calloway's senior management.

Investors are invited to access the call by dialing 1-888-722-1090. You will be required to identify yourself and the organization on whose behalf you are participating. A recording of this call will be made available May 16 beginning at 1:00 pm (ET) through to 11:59pm (ET) on May 21. To access the recording please call 1-800-558-5253 and use the reservation number 21247131.

Calloway Announces its Special Committee has Retained Independent Valuator for Previously Announced Related Party Acquisition

May 19, 2005

Calloway Real Estate Investment Trust ("Calloway") (TSX: CWT.UN) announces that the Special Committee of its Board of Trustees, established with a mandate to comply with the requirements of Ontario Securities Commission Rule 61-501 ("Rule 61-501") and comprised of four independent trustees, has entered into an agreement formally retaining RBC Dominion Securities Inc. ("RBC"), a member company of RBC Capital Markets, to serve as independent valuator in connection with the preparation of valuations compliant with Rule 61-501 for purposes of valuating the properties being acquired and the non-cash consideration involved in Calloway's previously announced acquisition of some of Canada's prime retail properties from FirstPro Shopping Centres ("FirstPro") and Wal-Mart Canada Realty Inc. for approximately \$1.09 billion (the "Transaction").

Mr. Mitchell Goldhar, owner of FirstPro, currently controls approximately 16% of the outstanding trust units of Calloway and will, upon closing of the Transaction, hold an economic and voting interest in Calloway of approximately 27% which may be increased further in certain circumstances. Because of Mr. Goldhar's ownership of FirstPro and his current holding of Calloway, the Transaction is considered to be a related party transaction under Rule 61-501 and requires the independent valuations referred to above.

The Special Committee will receive and review RBC's valuations, which will be presented to Calloway unitholders in the information circular sent to them for purposes of approving the Transaction by the minority unitholders.

Calloway is an unincorporated closed-end real estate investment trust that invests primarily in large format, unenclosed retail centres that are geographically diversified. As part of this Transaction, Calloway will be seeking the approval of its unitholders to re-organize the Trust into an open-ended real estate investment trust, together with such other changes as may be necessary or desirable to effect the Transaction.

CALLOWAY REAL ESTATE INVESTMENT TRUST ANNOUNCES PRIVATE PLACEMENT

Not for distribution to U.S. News wire services or dissemination in the U.S.

CALGARY, June 9, 2005 – Calloway REIT (TSX: CWT.UN) today announced that it has agreed to increase its previously announced offering of Subscription Receipts. Calloway will issue 11,336,000 Subscription Receipts at a price of \$19.85 per Subscription Receipt for gross proceeds of \$225,019,600 pursuant to the terms of an agency agreement. The proceeds will be used to fund a portion of the cash component of the purchase price of the previously announced acquisition of 35 shopping centres developed by FirstPro Shopping Centres and owned by FirstPro and Wal-Mart and 10 parcels of development lands from FirstPro (the "Acquisition"). The balance of the cash component will be financed by new term mortgage and other debt facilities. Each Subscription Receipt will entitle the holder to receive one Unit of Calloway upon closing of the Acquisition.

The sale, led by CIBC World Markets Inc. and including Scotia Capital Inc., Desjardins Securities Inc., RBC Capital Markets, Merrill Lynch Canada Inc and National Bank Financial Inc. on an agency basis, will be completed by way of a private placement subject to applicable resale restrictions. The sale is scheduled to close on June 22, 2005.

Calloway Real Estate Investment Trust is an unincorporated closed-end real estate investment trust focused on the acquisition of high quality retail properties.

Press Release
July 8, 2005
FOR IMMEDIATE RELEASE

CALLOWAY ACQUIRES 45 PROPERTIES

Calgary, Alberta, July 8, 2005 – Calloway Real Estate Investment Trust (TSX: CWT.UN) announced that it has completed its previously announced acquisition of some of Canada's prime retail properties from FirstPro Shopping Centres and Wal-Mart Canada Realty Inc., one of the largest transactions to date by a Canadian REIT.

Calloway has acquired interests in approximately eight million square feet of existing, newly constructed retail space in 35 shopping centres, for consideration of approximately \$1.12 billion. Calloway also acquired lands or options to acquire lands for the construction of an additional 10 centres, with 1.2 million square feet of retail space on completion, for consideration of approximately \$42 million. As partial payment of the consideration for the transaction, Mr. Mitchell Goldhar, owner and CEO of FirstPro Shopping Centres, has been issued 9,571,491 Class B units of Calloway LP and other vendors will be issued 2,297,526 Class B units of Calloway LP, with each such unit carrying one vote at the Calloway REIT level.

A portion of the cash component for the acquisition was funded from the proceeds of the private placement of Subscription Receipts, closed by Calloway on June 22, 2005. These Subscription Receipts were converted into 11,336,000 Units of Calloway concurrently with the closing of the acquisition. Certificates representing the Units issued on conversion of the Subscription Receipts will be available for delivery commencing on July 12, 2005. As a result of the conversion of Subscription Receipts into units of Calloway, there are currently 49,422,645 units of Calloway issued and outstanding.

The portfolio of properties acquired includes properties in eight of Canada's ten provinces, with 27 of 45 (or 60%) in Ontario. Twenty one of the 35 operating centres (60%) exceed 300,000 square feet in leaseable area, with nine (25%) exceeding 500,000 square feet. Approximately 66% of these centres are strategically located in the major metropolitan markets of Greater Toronto, Greater Montreal, Greater Vancouver, Calgary, Ottawa-Hull, Regina, Winnipeg and Halifax, with much of the balance located in such prosperous markets as Barrie, London and Cambridge. The properties acquired will generate net rents of approximately \$75.8 million per annum at closing. Net rents are expected to increase to approximately \$113.7 million per annum on completion of development of all 45 of the centres.

Wal-Mart operates a department store in 32 of the 35 operating centres and comprises approximately 4 million square feet under long-term leases with a weighed average remaining initial term of over 16 years. Calloway's share of rents generated from Wal-Mart leases will represent approximately 32% of the rents from Calloway's total portfolio after closing, compared to 34% today. Alongside Wal-Mart, 24 of the 35 centres operate with at least one of Loblaws, Sobeys, Rona, Home Depot, Canadian Tire and Sam's Club as additional anchors. Calloway anticipates that the 10 vacant development sites will also be anchored by Wal-Mart and/or other major Canadian retailers, following completion of development.

As a result of the transaction, Calloway will also be:

- (a) relocating its operations to Toronto from Calgary; and
- (b) assuming part of FirstPro's leasing and development operations;

In addition, Mr. Simon Nyilassy (formerly EVP Finance at First Pro) has been appointed to the role of President and CEO, replacing Mr. Michael Storey, who remains as a Trustee.

The acquisition doubles Calloway's assets to approximately \$2.4 billion from approximately \$1.2 billion, and transforms Calloway into a dominant retail REIT for newly constructed, large format, unenclosed shopping centres. Calloway now has a portfolio of 84 operating centres and 10 vacant development sites, which will contain approximately 20.5 million square feet on completion. This portfolio of predominately newly built properties, located in every province of Canada, has financially strong tenants with an overall weighted average lease term of 11 years, and an average term to maturity of over 10 years on mortgages payable, most of which are locked in at today's low interest rates. This property and financial profile ensures predictability of cash flow and stability for Calloway unitholders.

In connection with the acquisition, Mr. Mitchell Goldhar through various affiliates acquired 9,571,491 Class B Exchangeable Units of Calloway LP, 8,038,110 Class C Exchangeable Units of Calloway LP and 9,571,491 Special Voting Units of Calloway. Mr. Goldhar through an affiliate also received the right to acquire approximately 2,300,000 units of Calloway on the completion and rental of certain properties. Mitchell Goldhar holds 6,219,125 units of the REIT, representing approximately 12.6% of the total issued and outstanding units of the REIT which, together with the Class B Exchangeable Units and associated Special Voting Units represent a 25.8% voting interest in Calloway. With the right to acquire Calloway units or Class B Exchangeable Units and associated Special Voting Units on the completion and rental of certain properties, Mr. Goldhar will be able to increase his economic and voting interest in Calloway to as much as 42.9% as such properties are completed and rented. Mr. Goldhar has no present intention of acquiring any additional units or securities convertible or exchangeable into units other than pursuant to the foregoing. A report under National Instrument 62-103 further detailing Mr. Goldhar's holdings in Calloway will be filed within two business days on the Canadian Securities Administrators' System for Electronic Document Analysis and Retrieval (SEDAR) at www.sedar.com. A copy may also be obtained by contacting David Taras of First Pro at 905 760 6200.

Mr. David Carpenter and Mr. Ken Delf have resigned as trustees of Calloway. Their hard work and direction as trustees has been greatly appreciated. Mr. Mitchell Goldhar and Mr. Peter Forde have joined the board of trustees as FirstPro appointees. Mr. Forde is a chartered accountant and is Executive Vice President, Finance and Administration of FirstPro. Mr. Michael Young will remain as a trustee and has also been designated as a FirstPro appointee.

Calloway Real Estate Investment Trust is an unincorporated closed-end real estate investment trust focused on the acquisition of high quality retail properties.

**CALLOWAY REAL ESTATE INVESTMENT TRUST – SECOND QUARTER RESULTS
FOR IMMEDIATE RELEASE: August 10, 2005, Calgary, AB**

Calloway Real Estate Investment Trust is pleased to report its financial results for the three months ending June 30, 2005 and continues its history of significant strategic growth.

During the quarter, Calloway continued its focus on the acquisition and ownership of high quality retail properties by entering into agreements to acquire freehold and leasehold interests in \$1.2 billion of assets from First Pro Group of Companies, Wal-Mart Canada Realty Inc. and other vendors. The assets are comprised of 35 operating shopping centres and 10 parcels of development land. These properties include 5.4 million net square feet of rentable area with a further developable area of approximately 2.7 million net square feet. This landmark transaction closed on July 8, 2005, resulting in the doubling of the size of Calloway.

Calloway has also continued with its strategy of focusing on retail properties by disposing of three industrial properties and one non-core retail property during the quarter. The proceeds from these dispositions were used to acquire a 91,248 square foot retail property in Abbotsford, BC.

Revenues increased 75% from \$20.3 million for the three months ending June 30, 2004 to \$35.5 million for the three months ending June 30, 2005. Net income increased from \$3.7 million for the three months ending June 30, 2004 to \$4.6 million for the three months ending June 30, 2005. More importantly, distributable income increased from \$8.8 million for the three months ending June 30, 2004 to \$13.6 million for the three months ending June 30, 2005 an increase of 54%. Distributable income per unit (basic) increased from \$0.335 for the three months ended June 30, 2004 to \$0.367 for the three months ended June 30, 2005 an increase of 10%. On a diluted basis, distributable income increased 18% over the same period in 2004, from \$0.303 per unit for the three months ended June 30, 2004 to \$0.357 per unit for the three months ended June 30, 2005. The annualized distribution rate increased from \$1.26 at December 31, 2004 to \$1.36 commencing with the April 2005 distribution, an increase of 7.9%.

Occupancy rates were as follows during the period: June 30, 2005 – 98.4%; March 31, 2005 – 97.2%; December 31, 2004 – 97.8%; June 30, 2004 – 99.3%.

Full reports of the financial results are outlined in the financial statements and management discussion and analysis, available on SEDAR. In addition, supplemental information is available on Calloway's website at www.callowayreit.com.

Calloway will hold a conference call on Thursday August 11, 2005 at 9:00am Eastern Time. Participating on the call will be members of Calloway's senior management.

Investors are invited to access the call by dialing 1-888-633-8341. You will be required to identify yourself and the organization on whose behalf you are participating. A recording of this call will be made available August 11 beginning at 12:00 pm (ET) through to 11:59pm (ET) on August 18. To access the recording please call 1-800-558-5253 and use the reservation number 21257475.

FOR IMMEDIATE RELEASE

**CALLOWAY REAL ESTATE INVESTMENT TRUST ANNOUNCES
FINAL SIZE AND PRICING TERMS OF ITS INAUGURAL SENIOR
UNSECURED DEBENTURE OFFERING**

MEDIA RELEASE IS NOT FOR DISTRIBUTION IN THE
UNITED STATES OR OVER UNITED STATES WIRE SERVICES

CALGARY, ALBERTA (September 15, 2005) – Calloway REIT (TSX: CWT.UN) announced today that it has agreed to issue, on an agency basis, \$200 million principal amount of Series A senior unsecured debentures (the “Debentures”) with a maturity date of September 22, 2010 and a coupon rate of 4.51%. The issue, as a result of strong investor demand, was upsized from the originally intended issue size of \$150 million. A syndicate led by RBC Capital Markets and including Scotia Capital Inc. acted as agents for the sale of the Debentures. Closing of this issue is expected on or about September 22, 2005. This offering is being made under Calloway’s base shelf prospectus dated September 14, 2005 qualifying the issue of up to \$2 billion in debt or equity securities. The net proceeds from the issue will be used primarily to pay down outstanding credit facilities and for general trust purposes. The Debentures have been rated BBB (Stable) by Dominion Bond Rating Services.

“We are thrilled to be coming to the market with our first senior unsecured debt offering,” commented Simon Nyilassy, President and CEO. “This provides Calloway with a new and important source of capital to fund our growth as Canada’s largest owner of large format unenclosed retail properties.”

About Calloway

Calloway Real Estate Investment Trust is an unincorporated open-end real estate investment trust focused on the ownership and development of high quality retail properties. Calloway’s purpose is to deliver to its unitholders stable and reliable cash distributions, which continuously increase over time. Calloway is Canada’s largest owner of large format unenclosed retail properties with total assets of approximately \$2.4 billion. It has ownership interests in a portfolio of 84 retail properties and 4 industrial properties across Canada containing an aggregate of approximately 14.2 million square feet.

**Calloway Real Estate Investment Trust: THIRD QUARTER RESULTS
FOR IMMEDIATE RELEASE: November 9, 2005**

CALLOWAY REPORTS 80% REVENUE INCREASE

Calloway Real Estate Investment Trust is pleased to report its results for the quarter ending September 30, 2005, another period of significant growth.

During the quarter, Calloway completed the acquisition of a \$1.2 billion portfolio of high quality retail properties from First Pro Group of Companies, Wal-Mart Canada Realty Inc. and other vendors. The portfolio is comprised of 35 operating shopping centres and 10 parcels of development land. These properties include 5.4 million square feet of leased area with a further developable area of approximately 2.7 million square feet. This landmark transaction closed on July 8, 2005, resulting in a doubling of the size of Calloway.

Calloway now has over 4 million square feet of new expansion and development capacity in its portfolio of 88 operating and 10 development properties. Calloway has already commenced construction of new Wal-Mart stores on three of the 10 development properties. These stores will be opening in Welland and Napanee, Ontario and Gander, Newfoundland over the next three months. In aggregate, Calloway has pre-leased over 1 million square feet of expansions and new developments most of which will be completed by the end of 2006.

Mr. Simon Nyilassy, President and CEO of Calloway, said, "We are pleased to see concrete results so soon from our development and expansion activities. We look forward to further accretive growth in these areas."

Revenues for the three months ending September 30, 2005, were \$63.6 million, 80% higher than the previous quarter and approximately 2.5 times the revenue of \$25.5 million for the three months ending September 30, 2004. Net income from continuing operations decreased from \$3.8 million for the three months ending September 30, 2004, to \$2.3 million for the three months ending September 30, 2005, primarily due to additional non-cash amortization relating to property acquisitions and one time expenses of \$2.7 million related to the transition of Calloway's business and operations to Toronto from Calgary.

Distributable income, which is a non-GAAP measure commonly used by REIT's as an estimate of cash available for distribution to unitholders, more than doubled, to \$22.1 million for the three months ending September 30, 2005, from \$11.0 million for the three months ending September 30, 2004. On a diluted basis, distributable income per unit increased 2% over the same period in 2004, to \$0.36 per unit for the three months ending September 30, 2005 from \$0.35 per unit for the three months ending September 30, 2004. Year to date, distributable income increased to \$1.06 per unit from \$0.97 per unit in 2004, an increase of over 9%. The annualized distribution rate increased from \$1.26 at December 31, 2004 to \$1.45 commencing with the August 2005 distribution, an increase of 15%.

Occupancy rates continued their upward trend, with end of period results as follows: September 30, 2005 – 99.0%; June 30, 2005 – 98.4%; March 31, 2005 - 97.2%; December 31, 2004 - 97.8%; September 30, 2004 – 98.1%

Full reports of the financial results are outlined in the financial statements and management discussion and analysis, available on SEDAR. In addition, supplemental information is available on Calloway's website at www.callowayreit.com.

Calloway will hold a conference call on Thursday November 10, 2005 at 10:00 a.m. Eastern Time. Participating on the call will be members of Calloway's senior management.

Investors are invited to access the call by dialing 1-888-424-1784. You will be required to identify yourself and the organization on whose behalf you are participating. A recording of this call will be made available November 10, 2005 beginning at 12:00 pm (ET) through to 11:59 pm (ET) on November 17, 2005. NOVEMBER 15, 2005

Calloway Announces Appointment of Chief Financial Officer

TORONTO, ONTARIO—November 15, 2005 - Calloway Real Estate Investment Trust (TSX:CWT.UN) (TSX:CWT.DB) announced today that Mr. Bart Munn has been appointed to the position of Chief Financial Officer of the Trust effective December 12, 2005. Mr. Munn is currently Chief Financial Officer of a Toronto based real estate operating company listed on the Toronto Stock Exchange. He has spent more than 20 years in the real estate industry, with extensive experience in accounting, treasury, capital markets and mergers and acquisitions.

Mr. Munn is a chartered accountant and has a Bachelor of Commerce degree from Queen's University. He will be located in Calloway's Toronto offices.

Mr. Simon Nyilassy, President and Chief Executive Officer of Calloway, said, "We look forward to the addition of Mr. Munn to our team and to the experience he will bring to the operation and continued growth of one of Canada's largest REIT's." Mr. Munn will be replacing Mr. Mark Suchan, who has made an outstanding contribution to the success of Calloway, since it's formation in Calgary in 2002.

Calloway Real Estate Investment Trust is an unincorporated open-end real estate investment trust focused on the acquisition of high quality retail properties.

Calloway Announces Expansion of Shopping Centres

TORONTO, ONTARIO--(CCNMatthews - Nov. 30, 2005) - Calloway REIT (TSX:CWT.UN) (TSX:CWT.DB) Calloway Real Estate Investment Trust announced today, that in the first two months of the current quarter it has completed almost 200,000 square feet of expansions, in 15 of its existing shopping centres. Calloway has invested approximately \$38 million in the expansions, which includes such tenants as LCBO, Circuit City, Home Outfitters, Designer Depot, Sears, Bank of Nova Scotia, Quizno's, First Choice, Le Chateau, Moore's and Sleep Country.

Mr. Simon Nyilassy, President and CEO said, "We are pleased that tenant interest in our centres continues to produce results. The investments we have made will be immediately accretive to our Unitholders. The approximately 4 million square feet, the equivalent of 15 to 20 new shopping centres of further expansion and development potential in our existing portfolio provides us with a significant pipeline of future accretive investment. Over 900,000 square feet of this pipeline is already pre-leased and under development, for completion during the next 12 to 18 months."

The expansions were financed, in part, by the issuance of \$15.1 million of additional units to Mitchell Goldhar, the REIT's largest unitholder, who subscribed for 916,407 REIT units and 91,678 Class B LP Units, pursuant to previous agreements.

Calloway Real Estate Investment Trust is an unincorporated open-end real estate investment trust focused on the ownership and development of high quality retail properties.

This press released contains "forward looking statements" subject to various significant risks and uncertainties which may cause actual results, performances and achievements of Calloway to be materially different from any future results, performances or achievements expressed or implied by such forward looking statements. Such risk factors include, but are not limited to, risks associated with real property ownership, availability of cash flow, restrictions on redemption, general uninsured losses, future property acquisition environmental matters, tax related matters, debt financing, Unitholder liability, potential conflicts of interest, potential dilution, and reliance on key personnel. Calloway cannot assure investors that actual results will be consistent with these forward looking statements and Calloway assumes no obligation to update or revise them to reflect new events or circumstances.

CALLOWAY ANNOUNCES PROGRESS ON GROWTH INITIATIVES: OVER \$310MM IN NEW INVESTMENTS

TORONTO, ONTARIO--(CCNMatthews - March 8, 2006) Calloway Real Estate Investment Trust (TSX:CWT.UN) announced today details of a number of different acquisition, development, expansion and lending activities undertaken during the past three months.

Investments of over \$310 million will be made by Calloway as a result of a number of initiatives undertaken during the last quarter including:

Acquisitions of newly constructed centres and lands	\$155 million
Developments	55 million
Expansions	53 million
Loans	47 million

Approximately \$220 million of this amount will be invested before the end of the second quarter this year, with the balance to occur on completion of certain of the shopping centres.

Simon Nyilassy, President and CEO, said: "Internal development capabilities are beginning to show positive results. We expect this trend to continue. The relationship with FirstPro continues to provide attractive investment opportunities that are hard to find elsewhere."

Acquisitions

Calloway has acquired, or has under contract, interests in seven (7) newly built shopping centres and a 15 acre development property, which will comprise 838,925 square feet on completion (536,137 square feet of which is currently income producing). Proximate to major highways in the Toronto (3), Montreal, Calgary, Kitchener, Brockville, St. John's areas, these properties are anchored by some of Canada's largest retailers including Wal-Mart (4), Sobeys/IGA (3), Home Depot (2), Loblaws (2), Canadian Tire, Rona and Zellers. Other national retailers such as Future Shop, Home Outfitters, Staples, Marks Work Warehouse, Dollorama, Shoppers Drug Mart and two schedule 1 chartered banks also operate in the centres.

Four of the centres are being acquired from and were developed by FirstPro, Canada's leading developer of unenclosed large scale shopping centres for aggregate initial consideration of approximately \$40 million. FirstPro will be responsible for completing the development of these centres and will be entitled to additional consideration of approximately \$30 million as such developments are completed and leased, Calloway is acquiring 50% interests in two of these centres, pursuant to existing mezzanine loan option agreements. Closing is anticipated in April, 2006, after completion of customary due diligence.

The remaining three centres and the development property are being acquired from other vendors. Approximately \$23 million has been invested to date, with a further \$62 million to be invested by the end of the second quarter, after completion of customary due diligence. One of these acquisitions will be financed, in part, by the issuance to the vendor of approximately 723,000 partnership units, which will be exchangeable into REIT units on a one for one basis, for proceeds of approximately \$17 million.

RECEIVED
MARCH 10 2006
10:50 AM
COMMUNICATIONS

Upon full completion of the seven operating centres, a total investment of approximately \$145 million will have been made, with an expected yield of over 7% per annum.

Development

Calloway has completed the development, and the opening in January 2006, of two new Wal-Mart stores, totaling 220,370 square feet, in Napanee and Welland, Ontario. These developments were part of a portfolio of eight (8) development properties acquired from First Pro in 2005. The stores are under long-term, 20 year, leases and will anchor shopping centres that will comprise over 680,000 square feet of retail area on completion. \$36 million has been invested to date in construction of these two centres, with an eventual expected investment of approximately \$55 million, at an expected yield of over 8% per annum.

In addition, a third Wal-Mart store opened in January in Gander, Newfoundland, anchoring a planned 160,000 square foot centre being developed by Calloway. Wal-Mart owns its store in the shopping centre.

Expansion

Calloway continues to expand its existing centres, having completed a further 262,820 square feet, in 25 centres during the three months ended February 28, 2006. This is equivalent to adding an additional, new, full-size shopping centre to Calloway's portfolio. Calloway invested approximately \$53 million in these expansions, which included such tenants as Sobey's, Future Shop, Old Navy, Marks Work Wearhouse, Tim Horton's, Reitman's and a Schedule 1 chartered bank. Net rents from these tenants are approximately \$ 4.6million annually, generating a return on investment of 8.58 % per year. The expansions were financed, in part, by the issuance to Mitchell Goldhar, the REIT's largest unitholder with a 27% interest, of 1,096,195 REIT units and 146,174 partnership units, which are exchangeable into REIT units on a one for one basis, pursuant to existing agreements. Proceeds from the issuance of these units were \$ 20.3 million.

Loans

Calloway has provided financing commitments of approximately \$47 million to FirstPro at a blended rate of 7.4%. These loans provide an accretive return and include options to acquire 50% interests in four (4) large scale, unenclosed, anchored shopping centres in the Toronto (3) and Simcoe County areas. \$18 million has been advanced to date. Calloway's right to acquire a 50% interest in each of the centres on substantial completion is at a price that will be determined based on tenant rents and interest rates at the time. Management estimates that Calloway will invest approximately \$61million upon exercise of the options, with an annual yield of over 7.5%.

This press released contains "forward looking statements" subject to various significant risks and uncertainties which may cause actual results, performances and achievements of Calloway to be materially different from any future results, performances or achievements expressed or implied by such forward looking statements. Such risk factors include, but are not limited to, risks associated with real property ownership, availability of cash flow, restrictions on redemption, general uninsured losses, future property acquisition environmental matters, tax related matters, debt financing, Unitholder liability, potential conflicts of interest, potential dilution, and reliance on key personnel. Calloway cannot assure investors that actual results will be consistent with these forward looking statements and Calloway assumes no obligation to update or revise them to reflect new events or circumstances.

PRESS RELEASE

March 10, 2006

Calloway Real Estate Investment Trust: Fourth Quarter and Year End Results

RECEIVED
2006 DEC 21 A 5:17
TELUS INTERNATIONAL
COMMUNICATIONS FINANCE

TORONTO, ONTARIO--(CCNMatthews – March 10, 2006) Calloway Real Estate Investment Trust (TSX:CWT.UN) is pleased to report its results for the quarter and year ending December 31, 2005.

Highlights of the Quarter

- Increased funds from operations per unit by 6.0% compared to the prior quarter, to \$0.42 per unit.
- Issued 4,256,000 trust units for \$23.50 per unit for gross proceeds of \$100 million and net proceed of \$96million.
- Expanded existing centres by an additional 351,447 square feet of leaseable area, at a cost to Calloway of \$65.3 million.
- Committed to \$13.2 million in mezzanine financing and advance \$7.9 million.
- Completed the sale of two industrial properties for gross proceeds of \$5.5 million and a gain on sale of \$0.9 million.
- Relocated the head office, hired a new Toronto based management team, and internalized certain development and leasing functions.

As at December 31, 2005, Calloway's portfolio consists of 14.6 million square feet of built gross leaseable area and 3.8 million square feet of future potential gross leaseable area in 96 properties. The portfolio has a book value of over \$2.2 billion.

During the quarter, with respect to currently owned centres, the Trust expanded its portfolio by 351,447 square feet at an investment of \$65.3 million under existing agreements with FirstPro. The Trust issued 1,531,603 REIT units and 175,118 Class "B" units to Mr. Mitchell Goldhar, in addition to cash, to finance these acquisitions, also pursuant to existing agreements. In addition, the Trust committed a total of \$13.2 million mezzanine financing to FirstPro and advanced \$7.9 million. The mortgages have four year terms at a 7.5% interest rate and include options entitling the Trust to acquire 50% interests in the properties upon substantial completion, at an agreed upon formula.

Calloway completed the issuance of 4,256,000 trust units for \$23.50 per unit for gross proceeds of \$100 million. The net proceeds to Calloway, after deducting the underwriters' fee, were \$96 million, which will be used by Calloway to finance future acquisitions and for general trust purposes.

The expansions of existing centres contributed to a six percent increase in revenues for the three months ending December 31, 2005, over the previous quarter, to \$66.7 million and acquisitions and expansions resulted in a 147 percent increase in revenues over the

same period in 2004. Net income from continuing operations of \$4.6 million increased \$2.0 million over the third quarter because of additional income from fourth quarter expansions, and lower interest expense as proceeds from the equity issue were used to repay outstanding debt. In addition, the third quarter results had been adversely impacted by a one-time expense of \$2.7 million relating to the transition of management from Calgary to Toronto.

Funds from operations ("FFO"), which is a non-GAAP measure commonly used by REIT's as an estimate of cash flow, totaled \$27.7 million for the fourth quarter, an increase of 147% over fourth quarter 2004 and an increase of 13.2% over third quarter 2005. On a diluted basis, FFO per unit of \$0.42 for the quarter increased 22.3% over the same period in 2004 and 6.0% over third quarter. FFO for 2005 increased to \$1.57 per unit from \$1.39 per unit in 2004, an increase of 12.9%. The Trust distributed \$1.37 per unit in 2005 compared to \$1.218 per unit in 2004.

Occupancy rates continued their upward trend, with end of period rate of 99.2% compared with 99.1% at third quarter and 97.8% at December 31, 2004

Simon Nyilassy, President and CEO, said, "these results are a testament to the strength of our portfolio of recently built, and well-tenanted shopping centres. They also reflect our ability to generate accretive growth, both through expanding and developing our existing assets and acquiring newly built centres".

Full reports of the financial results are outlined in the audited financial statements and the management discussion and analysis, available on SEDAR. In addition, supplemental information is available on Calloway's website at www.callowayreit.com.

Calloway will hold a conference call on Monday, March 13, 2006 at 10:00 am eastern time. Participating on the call will be members of Calloway's senior management.

Calloway Real Estate Investment Trust is an unincorporated open-end real estate investment trust focused on the ownership and development of high quality retail properties. Calloway's purpose is to deliver to its unitholders stable and reliable cash distributions. Calloway is Canada's largest owner of large format unenclosed retail properties with total assets of approximately \$2.4 billion. It has ownership interests in a portfolio of 94 retail properties and 2 industrial properties across Canada containing an aggregate of approximately 14.6 million square feet.

April 6th, 2006

Calloway Announces Details on 2006 Expansion Program

Toronto, Ontario

Calloway Real Estate Investment Trust (TSX:CWT.UN, CWT.DB) announced today details on \$525 million of its 2006 expansion program.

Calloway's acquisition and development activities in the first quarter of 2006 are expected to result in approximately \$525 million in new investments by the end of the year.

These investments will include approximately 2.3 million square feet of newly acquired retail space in 15 properties in the major metropolitan areas of Toronto (4), Calgary, Edmonton, Ottawa/Hull and Montreal, as well as four other properties in Ontario and three in British Columbia.

In addition, Calloway will expand its existing portfolio of almost 100 centres by at least 880,000 square feet in 2006. The existing portfolio has approximately 4 million square feet of expansion potential in total already owned.

Finally, Calloway has completed new mezzanine loan arrangements giving it the option to acquire interests in two properties with a leaseable area on completion of almost 200,000 square feet.

Included above is the acquisition, or option to acquire six properties from First Pro with a gross leaseable area upon completion of approximately 550,000 square feet. The majority of Calloway's existing portfolio was previous acquisitions from First Pro Shopping Centers.

Mr. Simon Nyilassy, President and CEO of Calloway, said, "We continue to find interesting acquisition at accretive yields. Also, our relationship with FirstPro, Canada's largest developer of unenclosed, large scale shopping centers, together with Calloway's own internal development pipeline provide us with unique growth. We continue our commitment to delivering accretive growth and stable distributions to our unitholders."

Successful completion of the first quarter acquisition and development activities will ultimately result in a more than 20% increase to Calloway's existing portfolio.

Mr. Mitchell Goldhar, FirstPro's owner and Calloway's largest Unitholder, stated, "Aside from Calloway's own 4 million square feet of development, development activities within First Pro have exceeded previous expectations; Canadians recognize value offered by Wal-Mart and other First Pro tenants. Our annual average of 3 million square feet of newly built retail space, in Canada is expected to exceed 4 million square feet over the next few years".

Details of Calloway's investing activities and investment pipeline are set out below.

RECEIVED
2006 DEC 21 A 5:17
OFFICE OF THE REGISTRAR
TORONTO, ONTARIO

Acquisitions

In March 2006, Calloway completed the previously announced acquisition of a 100% interest in an 186,000 square foot shopping centers in Kitchener, Ontario for a purchase price of approximately \$28 million paid for by assuming an existing mortgage of \$14.3 million and the balance in cash. The property is anchored by Loblaws and Rona (operator owned) and includes Zellers as a major tenant.

Calloway also completed the acquisition of an 18 acre development property in north London, Ontario, adjacent to it's existing, 500,000 square foot Wal-Mart anchored centre, a 15 acre development property in Burlington, Ontario, adjacent to its existing 200,000 square foot Wal-Mart anchored center, and a 49.9% interest in a center contiguous to an existing Wal-Mart anchored Calloway center in Hull. The properties were acquired for an aggregate consideration of approximately \$28 million, payable in cash.

Calloway also placed under conditional acquisition agreements an additional \$283.5 million in eleven properties, comprising over 1.7 million square feet of retail space in British Columbia, Ontario, Quebec, Alberta and Newfoundland.

Mr. Nyilassy said "The eleven centers are well located with strong anchor tenants and excellent prospects in both the short and longer terms."

Development

During the first quarter, Calloway completed the development and expansion of approximately 380,000 square feet of additional space in its existing centers, including two new Wal-Mart's in Napanee and Welland, Ontario. A third Wal-Mart was completed on land adjacent to Calloway's property in Gander, Newfoundland.

Furthermore, over 500,000 square feet of additional space is pre-leased in Calloway's existing portfolio of almost 100 properties, which is expected to be built and open during 2006.

This press release contains "forward looking statements" subject to various significant risks and uncertainties which may cause actual results, performances and achievements of Calloway to be materially different from any future results, performances or achievements, expressed or implied by such forward looking statements. Such risk factors include, but are not limited to, risks associated with real property ownership, availability of cash flow, restrictions on redemption, general uninsured losses, future property acquisition, environmental matters, tax related matters, debt financing, Unitholder liability, potential conflicts of interest, potential dilution, and reliance on key personnel. Calloway cannot assure investors that actual results will be consistent with these forward looking statements and Calloway assumes no obligation to update or revise them to reflect new events or circumstances.

Calloway Real Estate Investment Trust Raises \$226.1 Million

Toronto, Ontario

Calloway Real Estate Investment Trust ("Calloway") (TSX: CWT.UN, CWT.DB) announced today that it has closed its previously announced issuance of 8,500,000 trust units (the "Units") for \$26.60 per Unit for gross proceeds of \$226,100,000. A syndicate led by CIBC World Markets Inc. and RBC Capital Markets acted as underwriters for the offering of the Units. The issuance was made under Calloway's base shelf prospectus dated September 14, 2005 qualifying the issue of up to \$2 billion in debt or equity securities. The net proceeds to Calloway, after deducting the underwriters' fee, were \$217,056,000, which will be used by Calloway to finance future acquisitions and for general Trust purposes.

Acquisitions

On April 12, 2006, Calloway acquired four shopping centers from FirstPro for \$38.7 million. Two centers located in Rexdale, Ontario and Brockville, Ontario were acquired for \$18.9 million. These centers are shadow anchored by Wal-Mart. A property located in St. Jerome, Quebec was acquired for \$11.9 million after the REIT exercised an option to purchase a 50% increase and acquired the balance under a purchase agreement. This center is shadowed anchored by Wal-Mart and Home Depot. The REIT exercised its option to purchase the remaining 50% interest in the St. John's Kenmount shopping center for \$7.9 million. This center is shadow anchored by Wal-Mart, Home Depot and Canadian Tire.

The REIT has also entered into a purchase and sale agreement to acquire a 238,000 square foot shopping center located in Vaughan, Ontario. The Brick and Staples anchor the center. Subject to due diligence, the purchase is expected to close during May 2006.

Calloway is an unincorporated open-end real estate investment trust focused on the ownership and development of high quality retail properties. Calloway's purpose is to deliver to its unitholders stable and reliable cash distributions, which continuously increase over time. Calloway is Canada's largest owner of large format unenclosed retail properties with total assets of approximately \$2.6 billion. It has ownership interest in a portfolio of 100 properties across Canada containing an aggregate of approximately 15.2 million square feet.

PRESS RELEASE

May 10, 2006

Calloway Real Estate Investment Trust: First Quarter Results

Toronto, Ontario

**CALLOWAY REPORTS FURTHER GROWTH FROM EXPANSIONS,
ACQUISITIONS**

Calloway Real Estate Investment Trust is pleased to report its results for the first quarter ending March 31, 2006.

Highlights of the Quarter

- Acquired 262,000 square feet of retail space in two shopping centres and a 49.9% interest in a third for \$44.4 million.
- Acquired 32.3 acres of and with future development potential of 314,700 square feet for \$22.4 million.
- Committed an additional \$33.4 million to two mezzanine loans and advanced \$14.6 million under existing agreements.
- Opened new Wal-Mart stores in three development properties, two leased and one shadow.

Simon Nyilassy, President and CEO, said, "Calloway continues to generate accretive growth, both through expanding and developing our existing assets and acquiring newly built centres. The proceeds from the issuance of \$226.1 million in equity enable the Trust to seek further growth opportunities."

As at March 31, 2006, Calloway's portfolio consists of 15.2 million square feet of gross leaseable area and 3.7 million square feet of future potential gross leaseable area in 101 properties. The portfolio has a book value of over \$2.5 billion.

During the quarter, the Trust acquired from SmartCentres (formerly FirstPro) the income from the expansion of Calloway owned centres of an additional 119,500 square feet at a cost to Calloway of \$23.2 million. Calloway issued 548,408 Trust units and 95,111 Class "B" units to finance these acquisitions. In addition, the Trust committed to two mezzanine financing totaling \$33.4 million and advanced \$10.4 million. The mortgages have a four year term at a 7.5% interest rate and include an option entitling the Trust to acquire a 50% interest in the properties upon substantial completion, at an agreed upon formula.

For the quarter ended, March 31, 2006, revenues totalled \$73.8 million, an increase from the previous quarter of 8.7%. Net operating income of \$47.1 million increased \$1.9 million over the fourth quarter 2005 the result of additional income from 2005 and 2006 acquisitions and earnouts.

RECEIVED
2006 DEC 21 A 6:10
TRUST OF INDEPENDENT
PROPERTY INVESTORS

Adjusted funds from operations "AFFO", which is a non-GAAP measure estimate of cash available for distributions to unitholders, totaled \$27.9 million, an increase of 149% over first quarter 2005 and an increase of 9.6% over fourth quarter 2005. On a diluted basis, AFFO per unit of \$0.396 for the quarter increased 24% over the same period in 2005 and 1.8% over fourth quarter. The Trust distributed \$0.3625 per unit during the quarter, unchanged from the prior quarter and a 15.1% increase from first quarter 2005. This equates to a payout ratio of 91.5%.

Occupancy rate at quarter end was 99.0%, unchanged from fourth quarter 2005 and improved from the 97.2% at March 31, 2005.

In April, Calloway completed the issuance of 8.5 million units for \$26.6 per unit for gross proceeds of \$226.1 million. The net proceeds to Calloway, after deducting the underwriters' fee, were \$217.1 million, which will be used by Calloway to finance future acquisitions and for general trust purposes.

Full reports of the financial results and management's discussion and analysis are available on SEDAR. In addition, supplemental information is available on Calloway's website at www.callowayreit.com.

Calloway will hold a conference call on Friday, May 12, 2006 at 11:30 am eastern time. Participating on the call will be members of Calloway's senior management.

CO: Calloway Real Estate Investment Trust

CNW 15:01e 21-JUL-06

Attention Business Editors:
Calloway Announces Substantial Progress on 2006 Growth

TORONTO, Aug. 2 /CNW/ - Calloway Real Estate Investment Trust (TSX:CWT.UN) announced today that it has invested, or committed to invest, approximately \$444 million of new investments, of which \$344 million closed during the six months ending June 30, 2006 and an additional \$99 million during the month of July. One remaining property valued at \$1 million is committed to close in early August 2006.

Mr. Simon Nyilassy, President and CEO of Calloway, said, "The pace of our acquisition, expansion and development activity during the first half of the year reinforces Calloway's position as one of the fastest growing REITs in Canada. I now anticipate that Calloway's asset base will increase by approximately \$675 million compared to the start of the year, representing growth of more than 27%."

Of the new investments that Calloway has invested, or committed to invest, Mr. Nyilassy added, "Not only are we managing to exceed our growth expectations, but we have achieved this by placing over 75% of our acquisitions in the major metropolitan markets of Toronto (6 properties), Montreal, Ottawa-Hull, and Calgary. Our existing properties also provide future growth opportunities - this year we have expanded or developed 35 of these properties."

These transactions will add approximately 2.4 million square feet of leased and future expansion space. Leased space includes some of Canada's largest and most successful retailers, such as Wal-Mart (4), Canadian Tire (2), The Brick, Home Depot, Rona, Sobeys, Zellers, Winners, Future Shop, and Staples."

Closed Acquisitions

During the second quarter, Calloway closed on \$186.4 million of its previously announced acquisitions. The acquired properties are located in the Greater Toronto Area (4), Ontario, British Columbia and 50% interests in Quebec and Newfoundland, and comprise of 908,777 square feet of gross leaseable area.

For the six months ended, investments in newly acquired properties total \$253.1 million in thirteen (13) properties, of which eleven (11) properties are income producing and two (2) are land purchases. These properties are comprised of approximately 1,171,000 square feet of existing leaseable area, 315,000 square feet of future development and 42,000 square feet of expansion.

The eleven shopping centres were acquired for a total of \$230.7 million, generating \$16.0 million annually in net revenues and providing a 7.1% yield.

The acquisitions were financed with the issuance of 815,348 limited partnership units, convertible into Trust units on a one-for-one basis, for proceeds of approximately \$19.3 million, the assumption of \$62.4 million in debt, and the balance in cash.

Expansions and New Developments

During the second quarter, the REIT completed 72,655 square feet of expansions and new developments within its existing portfolio. The total investment from these activities was approximately \$17.0 million.

For the six months ending, Calloway has completed 418,696 square feet of expansions and new developments, generating annual net revenue of \$6.2 million and a yield of 8.3%. Of this retail space, the REIT developed 250,778 square feet and Smart Centres developed the balance. The total investment was approximately \$74.0 million and was in part financed by the issuance of 745,618 REIT units and 185,589 limited partnership units totaling \$15.9 million.

Loans

Calloway committed to a four-year, 7.25% mezzanine financing of \$7.2 million to SmartCentres on a Quebec property. During the quarter, \$6.8 million was advanced. The commitment provides Calloway with options to acquire 50% of the property and SmartCentres with options to put its 50% interest. The option price is fixed at 7% for a portion of the property and the balance is based on the appropriate term Gov't of Canada bonds plus a spread. If Calloway acquired its 50% interest in the property an additional 125,000 feet of leaseable area would be added to the portfolio.

For the six months ended, financing commitments to SmartCentres total \$40.6 million for three mezzanine loans on properties located in Ontario (2) and Quebec. Advances of \$16.4 million have been made under these commitments with an estimated yield of 7.2%. Calloway has the right to acquire a 50% interest in each of these centres with a total leaseable area of approximately 214,000 square feet upon completion.

Under Contract/Negotiation

Calloway has under contract \$264 million in acquisitions and expansions/developments that are expected to close prior to year-end. As at June 30, 2006, Calloway had also waived conditions on agreements to acquire 50% interests in two shopping centres located in the Greater Toronto Area and a 100% interest in a development property in Ontario. The 50% interests of these two shopping centres closed during July 2006 and will yield 6.3% to the REIT. Calloway has also entered into an agreement with SmartCentres to purchase the remaining 50% interests, conditional in the vendor's favor for a period of six months. The development property is expected to close in August 2006.

Calloway is also currently in negotiations to commit a further \$68 million in mezzanine loans on two (2) properties located in Toronto and Quebec. The financing commitments are anticipated to close prior to year-end.

Mr. Nyilassy also said, "In aggregate, we are achieving yields on the completed acquisitions and expansions of 7.1% & 8.3%, respectively. While yields on new acquisitions continue to decline, we anticipate that we will be able to maintain an average aggregate return of approximately 7% for all of our 2006 acquisitions. In addition to our acquisition activities, we still have 3.8 million square feet of additional expansion capabilities remaining on our existing sites, an equivalent to 15 new full-size shopping centres. Approximately 547,000 square feet of this has been pre-leased, much of which will be completed by the end of the year, resulting in further accretive returns to our unitholders, well in excess of 8%."

In aggregate, Calloway's 2006 investing activities to date may be summarized as follows (in millions of dollars):

	Q2	June 30, 2006	Under Contract (1)	Total
Acquisitions	\$186	\$253	\$177 (2)	\$430
Expansions/Developments	\$ 17	\$ 74	\$ 87	\$161
Loans (net)	\$ 6	\$ 17	\$ 68	\$ 85
Total	\$209	\$344	\$332	\$676

>>

- (1) new investments expected to close before the end of 2006 (acquisitions/loans) or leases executed and rent to commence in 2006 (expansions/developments)
- (2) includes the \$100 million acquisitions closing in July and August 2006

Appointment of Vice President, Acquisitions

In July, a VP of Acquisitions was added to Calloway's management team. Mr. Daniel J. Kumer has been appointed to the position of Vice President, Acquisitions of the Trust. Prior to joining Calloway, Mr. Kumer was Vice President, Acquisitions of a Toronto-based retail real estate investment and services company listed on the Toronto Stock Exchange, and then Director, Land Development of a Toronto-based privately-held shopping centre development company.

Mr. Kumer holds a BA degree from The University of Western Ontario, an MBA degree from the Schulich School of Business at York University, and an LL.B. degree from Osgoode Hall Law School of York University. Mr. Kumer is located in Calloway's Toronto offices.

PRESS RELEASE

August 11, 2006

Calloway Real Estate Investment Trust: Second Quarter Results
Toronto, Ontario

CALLOWAY REPORTS SECOND QUARTER RESULTS

Calloway Real Estate Investment Trust is pleased to report its results for the quarter ending June 30, 2006.

Highlights of the Quarter

- Expanded existing centres by an additional 72,655 square feet of leaseable area, at a cost to Calloway of \$16.9 million.
- Issued 8,500,000 Trust Units for \$26.60 per unit for gross proceeds of \$226.1 million and net proceed of \$216.6 million.
- Acquired \$186 million in real estate assets providing a going-in yield of 7.1%.
- Committed to \$7.2 million in mezzanine financing and advanced \$6.8 million.
- Completed the sale of one industrial property for gross proceeds of \$11.7 million and a gain on sale of \$4.7 million.

As at June 30, 2006, Calloway's \$2.6 billion real estate portfolio consists of 16.0 million square feet of gross leaseable area in 106 properties and 3.8 million square feet of future gross leaseable area. During the quarter the acquisition of one retail property and a partial interest in seven additional centres for \$186.0 million resulted in an additional 1.1 million sq. ft. of rentable area. These assets provide a going in yield of 7.1% prior to debt financing. Calloway also completed the development of 72,655 sq. ft. of retail space at a cost of \$16.9 million, yielding 8.6%.

During the quarter Calloway issued 9,265,650 Trust units and 905,826 LP Units. Calloway completed the issuance of 8,500,000 Trust units for \$26.60 per unit for gross proceeds of \$226.1 million in a bought deal. The net proceeds to Calloway after deducting the underwriters fees were \$216.6 million dollars, which has been used to finance acquisitions during the quarter. The additional 765,650 Trust units and 905,826 LP Units were part consideration for second quarter acquisitions.

As result of the additional equity, Calloway's debt to gross book value is a conservative 49% at quarter end. Calloway targets a debt to gross book value of 57.5% and has the capacity to purchase an additional \$645.5 million.

For the quarter ended June 30, 2006, revenues totaled \$73.8 million, essentially equal to the prior quarter. Increased base rental income in the quarter was offset by decreased cost recoveries, the result of lower operating expenses. Lower operating expenses reflect seasonal fluctuations for snow removal and other services. Net operating income increased \$3.2 million or 14.9% over the prior quarter. The increase is due to acquisitions made in 2005 and 2006 as well as earnouts from SmartCentres. High occupancy levels continue to exist in the portfolio with vacant space of only 1%. Quarterly cash flow as measured by adjusted funds from operations "AFFO" totaled \$30.4 million, a 9% increase over first quarter reflecting the accretion from acquisitions and developments. "AFFO" per unit (dilutive) was \$0.385 compared to \$0.396 in first

RECEIVED
2006 OCT 21 A 8:12
COMMERCIAL BANK

quarter. The expected decline was a result of the 8.5 million units issued during the quarter for cash. With proceeds now invested the dilution will not impact future quarters. The REIT distributed \$0.3625 per unit, unchanged from the prior quarter. Our pay out ratio was 94.1% of "AFFO", compared to 91.5% in first quarter.

Calloway successfully completed the sale of an industrial building located in Calgary, AB for proceeds of \$11.7 million, realizing a gain on sale of \$4.7 million. This transaction completes the Trust's sales program.

Subsequent to the quarter end the Trust completed the purchase of a 50% interest in two income properties located in Toronto and Mississauga, ON, for a purchase price of \$99.1 million. Mortgages totaling \$35.7 million were assumed and the balance paid in cash. The Trust entered into an agreement, subject to conditions, to acquire the remaining 50% from SmartCentres.

Simon Nyilassy, President and CEO, said, "the issuance of \$226 million in equity in the quarter was slightly dilutive in the second quarter, but has positioned the Trust to be able to capitalize on future acquisition opportunities. During this quarter, Calloway acquired over \$200 million in real estate assets with an additional \$100.0 million acquired in July. The Trust can purchase a further \$545 million without raising additional equity."

Full reports of the financial results are outlined in the audited financial statements and the management discussion and analysis, available on SEDAR. In addition, supplemental information is available on Calloway's website at www.callowayreit.com.

Calloway will hold a conference call on Monday, August 13, 2006 at 10:00 am eastern time. Participating on the call will be members of Calloway's senior management.

Calloway Real Estate Investment Trust is an unincorporated open-end real estate investment trust focused on the ownership and development of high quality retail properties. Calloway's purpose is to deliver to its unitholders stable and reliable cash distributions, which continuously increase over time. Calloway is Canada's largest owner of large format unenclosed retail properties with total assets of approximately \$2.8 billion. Calloway Real Estate Investment Trust achieves LEED(R) Registration on new Ontario development

VAUGHAN, ON, Aug. 25 /CNW/ - Calloway REIT announced today that it has achieved a highly coveted LEED(R) (Leadership in Energy and Environmental Design) Core and Shell Development Registration (LEED-CS) on its latest phase of its 40 acre Wal-Mart anchored development in Welland, Ontario. The shopping center is located at the high traffic corner of Highway 406 and Woodlawn Road and is anticipated to house over 450,000 square feet of retail space upon completion. The development's first building will be a 20,000 square foot multi-tenanted building. Future plans call for another 16,000 square foot LEED(R) registered multi-tenant building and a 5,000 square foot stand-alone building on a 4.5 acre parcel. This phase of the development is a pilot project that is the culmination of 12 months of study and planning for the adoption of environmentally conscious development and management programs. The ultimate objective is to pass utilities and energy consumption savings on to tenant-clients who have the foresight to operate in these types of buildings.

As one of Canada's largest REITs, Calloway is committed to providing the required leadership to meet the environmental challenges of today and tomorrow. "Implementing best practices in sustainable technologies is a win-win proposition," says Scott Dutchak, Vice-President of Development, "good for the environment and good for business".

The LEED(R) Green Building Rating System for the LEED-CS(R) designation is for designers, builders, developers and new building owners who address sustainable design for new core and shell construction.

Alex Rebanks Architects Inc. of Toronto is the architect for the project. It is committed to bringing green sustainable design to the retail industry and is both a registered LEED(R)AP professional and a member of Canada Green Building Council.

The LEED(R) project manager is NORR Limited Architects and Engineers. NORR is a fully integrated architecture and engineering firm. Founded in 1938, the company has achieved a longevity and success that few other Canadian A&E firms can claim - contributing nearly 70 years of innovation and creativity to high profile, quality commercial and institutional building developments.

Calloway Real Estate Investment Trust is an unincorporated open-end real estate investment trust focused on the ownership and development of high quality retail properties. Calloway's purpose is to deliver to its unitholders stable and reliable cash distributions, which continuously increase over time. Calloway is Canada's largest owner of large format unenclosed retail properties with total assets of approximately \$2.8 billion. It has ownership interests in a portfolio of 105 retail properties and 1 industrial property across Canada containing an aggregate of approximately 16.0 million square feet and 3.8 million square feet of future gross leasable area.

Attention Business/Financial Editors:
Calloway announces distribution increase

TORONTO, Sept. 12 /CNW/ - Calloway Real Estate Investment Trust (TSX: CWT.UN) announced today that the trustees of the REIT have approved an increase in monthly distributions payable to unitholders. The current annual distribution of \$1.45 per unit will be increased to \$1.50 per unit. The new monthly rate of \$0.125 per unit will commence with the distribution for the month of September 2006, which will be paid on October 16, 2006 to unitholders of record on September 29, 2006.

Mr. Simon Nyilassy, President and CEO of Calloway said, "We are pleased to be passing on to our unitholders the benefits from owning a growing portfolio of shopping centres. The pace of growth, through our acquisition and development program, enables us to raise our distribution rate. This is the 5th time in the last 2 1/2 years that Calloway has increased its distributions. Unitholders will now receive a monthly cash distribution from the REIT that is 30% higher than the March 2004 distribution. Since the third quarter of 2003, when Calloway acquired its first portfolio of shopping centres from SmartCentres, assets have grown from approximately \$100 million to over \$3 billion today."

Mr. Nyilassy added, "We have increased our distributions at the fastest pace of any Canadian REIT. The growth in our cash flow available for distributions has been even faster. We are increasing distributions because we are confident they are sustainable".

Calloway currently has a portfolio of 108 properties with a book value in excess of \$3 billion. The portfolio is expected to grow to in excess of \$3.3 billion by the end of 2006, as a result of further acquisitions, expansions and new developments.

This press release contains "forward looking statements" subject to various significant risks and uncertainties which may cause actual results, performances or achievements of Calloway to be materially different from any future results, performances or achievements expressed or implied by such forward looking statements. Such risk factors include, but are not limited to, risks associated with real property ownership, availability of cash flow, restrictions on redemption, general uninsured losses, future property acquisitions, environmental matters, tax related matters, debt financing, Unitholder liability, potential conflicts of interest, potential dilution, and reliance on key personnel. Calloway cannot assure investors that actual results will be consistent with these forward looking statements and Calloway assumes no obligation to update or revise them to reflect new events or circumstances.

The Toronto Stock Exchange neither approves nor disapproves of the contents of this Press Release.

FOR IMMEDIATE RELEASE

CALLOWAY REAL ESTATE INVESTMENT TRUST ANNOUNCES \$200 MILLION SERIES B SENIOR UNSECURED DEBENTURE ISSUE

NOT FOR DISTRIBUTION IN THE UNITED STATES OR OVER UNITED STATES WIRE SERVICES

Toronto, Ontario (October 6, 2006) – Calloway Real Estate Investment Trust (“Calloway”) (TSX Symbols: CWT.UN, CWT.DB), Canada's largest owner of large format unenclosed retail properties, announced today that it has agreed to issue, on a bought deal basis, \$200 million principal amount of Series B senior unsecured debentures. These debentures will carry a coupon rate of 5.37% and will mature on October 12, 2016. The offering is being underwritten by a syndicate led by RBC Capital Markets and includes Scotia Capital and TD Securities. The offering is expected to close on or about October 12, 2006. Dominion Bond Rating Service has provided Calloway with a provisional credit rating of BBB with a stable trend relating to the debentures.

This offering is being made by way of a Prospectus Supplement to Calloway's existing \$2 billion base shelf short form prospectus filed with Canadian securities regulatory authorities. The terms of the offering will be described in a prospectus supplement to be filed with Canadian securities regulators.

The net proceeds from the offering will be used to pay down outstanding credit facilities, to fund future acquisitions and development activities and for general trust purposes.

About Calloway

Calloway Real Estate Investment Trust is an unincorporated open-end real estate investment trust focused on the ownership and development of high quality retail properties. Calloway's purpose is to deliver to its unitholders a stable, reliable and growing distribution. Calloway is Canada's largest owner of large format unenclosed retail properties with total assets of approximately \$2.8 billion. It has ownership interests in a portfolio of 106 retail properties across Canada containing an aggregate of approximately 16 million square feet.

Attention Business Editors:

Calloway invests over \$500 million in first nine months of 2006

TORONTO, Oct. 16 /CNW/ - Calloway Real Estate Investment Trust (TSX:CWT.UN) announced today that it completed over \$500 million of investments during the first nine months of 2006.

Mr. Simon Nyilassy, President and CEO of Calloway said, "Acquisitions, expansions and developments have increased our operating portfolio by over 2.2 million square feet so far this year, as well as adding approximately 600,000 square feet in future development potential.

Investing in 'Calloway quality' assets is a hallmark of our growth program. The addition of newly constructed premises housing successful retailers such as Wal-Mart, Canadian Tire, Sobeys and Best Buy in major markets which include Toronto (6 properties) and Montreal (2 properties), further strengthens Calloway's position as the largest owner of unenclosed, large format retail in Canada.

Our development pipeline is what sets us apart. It has never been stronger, with current expansion capabilities of approximately 4 million square feet, this pipeline alone provides Calloway with an equivalent of 16 new full-size shopping centres."

In aggregate, Calloway's 2006 investing activities to date may be summarized as follows (in millions of dollars):

<<

	Q3	9 Months Ended September 30, 2006	Under Contract(1)	Total
Acquisitions	138	385	105(2)	490
Expansions/Developments	26	101	64	165
Loans (net)	25	41	0	41
Total	189	527	169	696

(1) new investments expected to close before the end of Q1 2007 (acquisitions/loans) or leases executed and rent to commence in 2006 (expansions/developments).

(2) includes \$12.3 million acquisition that closed on October 5, 2006.

>>

Details of Calloway's investing activities for the nine months ended September 30, 2006 are set out below.

Closed Acquisitions

During the third quarter, Calloway acquired interests in four (4) properties for \$138 million. The acquired properties are located in the Greater Toronto Area (2), Southern Ontario and Montreal, and comprise of 580,000 square feet of leased area, 215,000 square feet of expansion potential and 24,000 square feet of future development.

For the nine months ended September 30, 2006, investments in newly acquired properties total \$385 million in seventeen (17) properties, of which fourteen (14) properties are income producing and three (3), are land purchases. The income producing properties comprise approximately 1,700,000 square feet of existing leaseable area and 260,000 square feet of expansion potential. The lands will comprise approximately 340,000 square feet of leaseable area upon completion.

The fourteen shopping centres were acquired for a total of \$361 million. The income producing portion of the centres account for \$340 million of the acquisitions and generate \$24.1 million annually in net revenues, providing a 7.1% yield. Five of these centres have 260,000 square feet of expansion

potential and account for the other \$21 million of investment.

The acquisitions were financed with the issuance of 815,348 limited partnership units, convertible into Trust units on a one-for-one basis, for proceeds of approximately \$19.3 million, the assumption of \$111 million in debt and the balance in cash.

Expansions and New Developments

During the third quarter, the REIT completed 120,000 square feet of expansions and new developments within its existing portfolio. The total investment in these activities was approximately \$26.5 million.

For the nine months ending September 30, 2006, Calloway has completed 540,000 square feet of expansions and new developments, generating annual net revenues of \$8.4 million and an aggregate yield of 8.3%. Of this retail space, the REIT developed 300,000 square feet and SmartCentres developed the balance. The total investment was approximately \$101 million and was in part financed by the issuance of an aggregate of 1,234,156 REIT units and limited partnership units for proceeds of \$21 million.

Loans

During the quarter, Calloway committed to an eight year 7.25% mezzanine financing of \$28 million to SmartCentres and a partner on a Toronto property, of which, \$24.5 million was advanced. The commitment provides Calloway with options to acquire the property on completion. The option price is based on a spread over the ten (10) year Government of Canada bond at the time the option is exercised. If Calloway acquires the property an additional 475,000 square feet of leaseable area would be added to the portfolio. The borrower may defer Calloway's option on 50% of the property for a period of up to 20 years.

For the year to date, financing commitments to SmartCentres total \$69.1 million for four (4) mezzanine loans on properties located in Ontario (3) and Quebec. Advances of \$40.9 million have been made under these commitments with an estimated yield of 7.3%. Calloway has the right to acquire interests in each of these centres with a total leaseable area of approximately 690,000 square feet upon completion (Calloway's interest).

Under Contract/Negotiation

Calloway has under contract \$105 million in acquisitions that are expected to close prior to the end of Q1 2007. Included in these acquisitions is a property located in Peterborough, which closed on October 5, 2006 for \$12.3 million. Another \$64 million in new expansions and developments are expected to be added to the portfolio by year-end.

The Toronto Stock Exchange neither approves nor disapproves of the contents of this Press Release.

This press release contains "forward looking statements" subject to various significant risks and uncertainties which may cause actual results, performances and achievements of Calloway to be materially different from any future results, performances or achievements, expressed or implied by such forward looking statements. Such risk factors include, but are not limited to, risks associated with real property ownership, availability of cash flow, restrictions on redemption, general uninsured losses, future property acquisition, environmental matters, tax related matters, debt financing, Unitholder liability, potential conflicts of interest, potential dilution, and reliance on key personnel. Attention Business Editors:
Calloway Announces New \$1 Billion Transaction; Internalizes Management

TORONTO, Oct. 26 /CNW/ - Calloway Real Estate Investment Trust (TSX:CWT.UN) announced today that it has entered into conditional agreements with SmartCentres to acquire or lease interests in 16 properties, of which 14 are anchored by Wal-Mart and half are in the Greater Toronto Area; Calloway will also acquire from SmartCentres part of its property management business, which currently manages Calloway's shopping centres. Aggregate consideration will be approximately \$1 billion, with an initial payment of \$440 million and the balance payable as the recently constructed properties are fully built out.

The 16 properties comprise 9 operating shopping centres, containing over 1.6 million square feet of leased area and 0.6 million square feet of expansion potential, and 7 development properties with 1.8 million square feet of potential leaseable area. The 16 properties are expected to be substantially completed over the next 3 to 4 years.

In addition to the 8 properties located in the Greater Toronto Area, the remaining properties are in the Greater Montreal Area (2), Ontario (4), New Brunswick and Quebec. The centres will be anchored by Wal-Mart (14), as well as other national retailers such as Loblaws (5), Home Depot (2), Canadian Tire (2), Sobeys (2) and Rona.

The development properties include a regional unenclosed centre in Stouffville, Ontario that will comprise of over 600,000 square feet on completion and is home to the first newly constructed Canadian Wal-Mart Supercentre, scheduled to open on November 8, 2006. Many of the centres are large in scale with 5 containing over 500,000 square feet of retail area on completion and a further 7 containing over 200,000 square feet. The centres were all built within the last 10 years, with an average age of approximately 5 years, consistent with Calloway's existing portfolio.

Mr. Simon Nyilassy, President and CEO of Calloway said, "With properties in such communities as Oakville, Leaside in Toronto, Erin Mills and Meadowvale in Mississauga, there are no weaknesses in this portfolio."

<<

As a result of this transaction, Calloway will:

- a. on closing, immediately increase its operating portfolio to 122 properties, in which Calloway has a net ownership interest of 18.3 million square feet of leased area;
- b. on full completion, increase its portfolio from a net ownership share of 20 million square feet to 24 million square feet, an increase of approximately 20%;
- c. on closing, immediately take over management of all 112 properties currently managed by SmartCentres.

>>

Calloway has engaged CIBC World Markets as financial advisors in connection with the transaction. The transaction is expected to close in December 2006 and is subject to normal due diligence, certain approvals and other customary conditions.

"The acquisition of a newly built portfolio of large scale properties from SmartCentres further strengthens our strategic network of retail centres across Canada. Calloway's quality retail will no doubt resonate with Canadian consumers in today's strong economy, but more importantly, the value focus will ensure their appeal remains strong in all economic climates." He adds "With the acquisition of the Stouffville property, Calloway will own 5 of the initial 7 Wal-Mart Supercentres to operate in Canada."

Mr. Nyilassy also said, "Bringing management of our properties in-house adds even greater strength to our management team which, together with our expanding development capabilities, will help us capitalize on our well positioned assets. This is another important step in our evolution. Our

RECEIVED
OCT 27 10 13 AM '06
C 19 V 17 01 50

ability to execute another strategic transaction, further emphasizes the strength of our relationship with SmartCentres, which focuses on the development of large scale, value oriented retail centres, many anchored by Wal-Mart".

The initial payment comprises \$382 million for the operating properties, at an estimated yield of approximately 6.1%, \$44 million for the undeveloped land and \$14 million for the property management business. The existing long-term property management contract with SmartCentres will be permanently cancelled, at no additional cost to Calloway. The transaction will be financed in part by the assumption of debt in the amount of approximately \$235 million (net of a mark to market adjustment) and the issuance to the vendors of units in the amount of \$60 million at current market prices. The balance will be paid in cash, from the surplus proceeds of Calloway's recently completed 5.37%, 10-year unsecured debt offering. The average term to maturity of the assumed debt is approximately 13 years, closely matching the average lease term of approximately 12 years. Following the transaction, Mr. Mitchell Goldhar, President and CEO of SmartCentres will own a 24.5% interest in Calloway, compared to 24.3% prior to the transaction. Mr. Nyilassy also commented, "In addition to the strategic importance of this transaction to Calloway, the financial results are expected to be immediately accretive."

The 16 properties include over 2.4 million square feet in future development, which will be completed by SmartCentres under development agreements. Calloway estimates that it will invest an additional \$555 million in these properties as new buildings are completed and as tenants lease new space at an estimated yield of over 6.5%. SmartCentres will have the option to provide up to \$140 million in financing for these developments, by subscribing for REIT units or exchangeable LP units at a price per unit, based on a 25-cent premium to the current market price of Calloway Units. Under certain circumstances payments for the additional developments may be deferred and the price per unit adjusted. Interests in five properties, for initial consideration of \$222 million, will be by way of prepaid 80-year leases, with the unfettered right to acquire the free-hold interest at the end of the term.

The Toronto Stock Exchange neither approves nor disapproves of the contents of this Press Release.

This press release contains "forward looking statements" subject to various significant risks and uncertainties which may cause actual results, performances and achievements of Calloway to be materially different from any future results, performances or achievements, expressed or implied by such forward looking statements. Such risk factors include, but are not limited to, risks associated with real property ownership, availability of cash flow, restrictions on redemption, general uninsured losses, future property acquisition, environmental matters, tax related matters, debt financing, Unitholder liability, potential conflicts of interest, potential dilution, and reliance on key personnel. Calloway cannot assure investors that actual results will be consistent with these forward looking statements and Calloway assumes no obligation to update or revise them to reflect new events or circumstances.

Attention Business/Financial Editors:
Calloway Reports Third Quarter Results

TORONTO, Nov. 10 /CNW/ - Calloway Real Estate Investment Trust (TSX:CWT.UN) is pleased to report its results for the quarter ending September 30, 2006.

<<

Highlights of the Quarter:

- Acquired 534,000 square feet of retail space for \$127.6 million, plus properties under development for \$13.3 million;
- Expanded existing centres by an additional 123,000 square feet of leaseable area, at a cost to Calloway of \$22.8 million, providing an unleveraged initial yield of 7.95%;
- Increased distributions per unit by 3.4% to \$1.50 per unit.

>>

As at September 30, 2006, Calloway's \$2.8 billion real estate portfolio consists of 16.7 million square feet of gross leaseable area in 109 properties and 3.5 million square feet of future gross leaseable area almost 10% higher than the beginning of the year.

During the quarter Calloway issued 212,833 Trust units and 76,478 LP units, which were part consideration for third quarter acquisitions. In addition, 179,966 Trust units were issued under the distribution reinvestment plan and conversions of convertible debentures.

Calloway's debt to gross book value is a conservative 51% at quarter end. At Calloway's targeted debt to gross book value of 57.5%, it has the capacity to purchase an additional \$470.0 million in assets. Subsequent to quarter end, the Trust issued \$250 million of unsecured debentures, increasing the debt to gross book value to 53.6%

For quarter ended September 30, 2006, revenue totaled \$76.7 million, a \$3.0 million or 4.0% increase over the prior quarter. Base rental income increased by \$2.8 million or 5.5% in the quarter. Net operating income increased \$2.3 million or 4.6% over the prior quarter. The increase is due to acquisitions made in 2005 and 2006 as well as earnouts from SmartCentres. The Trust portfolio continues to be well-leased with vacant space of approximately 1%. High occupancy levels continue to exist in the portfolio with vacant space of only 1%. Quarterly cash flow as measured by adjusted funds from operations "AFFO" totaled \$31.4 million, a 3.4% increase over second quarter reflecting the accretion from acquisitions and developments. "AFFO" per unit (dilutive) was \$0.388 compared to \$0.385 in second quarter. The REIT distributed \$0.367 per unit, a 1.1% increase over the prior quarter due to the increase in distribution per unit from \$1.45 to \$1.50 in September 2006. Our pay out ratio was 94.6% of "AFFO", compared to 94.1% in second quarter.

<<

Subsequent to the quarter end, the Trust reported the following events:

- On October 13, 2006, the Trust issued \$250.0 million Series B unsecured debentures with a maturity date of October 12, 2016 and a coupon rate of 5.37%. The net proceeds to the Trust, after deducting underwriting fees, totaled \$247.6 million, which was used to paydown outstanding credit facilities, fund future acquisitions and for general Trust purposes.
- The Trust entered into a conditional agreement with SmartCentres to acquire interests in sixteen (16) properties comprised of nine (9) income properties and seven (7) development properties for an initial purchase price of \$425.5 million expected to close in December 2006. The acquisition is subject to due diligence and other matters.

- The Trust entered into a conditional agreement with SmartCentres to internalize management of the Trust's properties, at a cost of \$14.0 million.

>>

Full reports of the financial results are outlined in the unaudited financial statements and the management discussion and analysis, available on SEDAR. In addition, supplemental information is available on Calloway's website at www.callowayreit.com.

Calloway will hold a conference call on Monday November 13th, 2006 at 1:00 p.m. eastern standard time. Participating on the call will be members of Calloway's senior management staff.

The Toronto Stock Exchange neither approves nor disapproves of the contents of this Press Release.

This press release contains "forward looking statements" subject to various significant risks and uncertainties which may cause actual results, performances and achievements of Calloway to be materially different from any future results, performances or achievements, expressed or implied by such forward looking statements. Calloway Real Estate Investment Trust completes \$225 million financing

/MEDIA RELEASE IS NOT FOR DISTRIBUTION IN THE UNITED STATES OR OVER
UNITED STATES WIRE SERVICES/

TORONTO, Nov. 30 /CNW/ - Calloway REIT (TSX: CWT.UN) (TSX: CWT.DB) announced today that it has closed its previously announced offering of 7,680,000 Units for a purchase price of \$29.30 per Unit for a gross proceeds of \$225 million. A syndicate led by CIBC World Markets Inc. and RBC Capital Markets acted as underwriters for the offering of the Units. The offering was made under Calloway's base shelf prospectus dated September 14, 2005 qualifying the issue of up to \$2 billion in debt or equity securities. The net proceeds to Calloway, after deducting the underwriters' fee, was \$216,023,040 which will be used to fund future acquisitions and for general trust purposes.

About Calloway

Calloway Real Estate Investment Trust is an unincorporated open-end real estate investment trust focused on the ownership and development of high quality retail properties. Calloway's mission is to deliver to its unitholders a stable, reliable and growing distribution. Calloway is Canada's largest owner of large format unenclosed retail properties with total assets of approximately \$3 billion. It has ownership interests in a portfolio of 110 primarily retail properties across Canada containing an aggregate of over 16.5 million square feet of leased area and future development potential of approximately 3.5 million square feet.

The Toronto Stock Exchange neither approves nor disapproves of the contents of this Press Release.

Calloway acquires an additional five million square feet of retail space

TORONTO, Dec. 12 /CNW/ - Calloway Real Estate Investment Trust (TSX: CWT.UN) announced it has completed the internalization of its property management business and the acquisition of seven properties and has entered into long-term leases on an additional four properties, partially completing its previously announced transaction with SmartCentres. Five shopping centres remain under contract and are scheduled to close by December 31, 2006.

Upon completion of the property acquisitions, Calloway will have acquired nine operating shopping centres, containing 1.6 million square feet of leased area and 0.6 million square feet of expansion potential, and 7 development properties with 1.8 million of potential leaseable area.

The total consideration of the transaction includes approximately \$380 million for the operating properties at an estimated yield of approximately 6.1%, \$46 million for the undeveloped land and \$14 million for the property management business. Interests in five of the properties, for initial consideration of \$219 million, will be by way of prepaid 80-year leases with the right to acquire the free-hold interest at the end of the lease term. The purchase price will be satisfied by the assumption of \$230 million in existing mortgage financing, the issuance of approximately \$41.4 million in Calloway LP Units that are convertible into Calloway REIT Units at a price per unit of \$29.30, of which, Mr. Mitchell Goldhar will receive approximately \$16.7 million, and the balance in cash and preferred debt. The consideration paid with respect to the initial eleven properties totals \$235 million, including \$10.2 million for future expansion and development lands.

The 2.4 million square feet in future development potential in the 16 properties will be completed by SmartCentres under development agreements. Calloway estimates that it will invest an additional \$555 million in these properties as new buildings are completed and as tenants lease new space, at an estimated yield of over 6.5%. SmartCentres will have the option to provide up to \$130 million in financing for these developments, by subscribing for REIT units or Class "B" Exchangeable LP Units at a price per unit, ranging from \$29.55 to \$33.00.

In connection with the acquisition of the initial eleven properties, Mr. Mitchell Goldhar, the major vendor, president and CEO of SmartCentres, received 206,935 Class "B" Exchangeable Units of Calloway LP at a price of \$29.30 per unit and 206,935 Special Voting Units of Calloway. In addition, Mr. Goldhar also received 2,550,000 Class "C" Exchangeable Units of Calloway LP and rights to acquire 351,416 units of the REIT on the completion and rental of certain properties. The Class "C" Exchangeable LP Units are exchangeable into Class "B" LP Units and have nominal value. Mr. Goldhar holds 9,157,389 units of the REIT, representing approximately 12.2% of the total issued and outstanding units which, together with the Class "B" and associated Special Voting Units represent a 22.5% voting interest in Calloway. Including prior rights to acquire Calloway units or Class "B" and associated Special Voting Units, Mr. Goldhar will be able to increase his economic and voting interest in Calloway to as much as 33.0% as such properties are completed and rented. Mr. Goldhar has no present intention of acquiring any additional units or securities convertible into units other than pursuant to the foregoing. A report under National Instrument 62-103 further detailing Mr. Goldhar's holdings in Calloway will be filed within two business days on the Canadian Securities Administrators' System for Electronic Document Analysis and Retrieval (SEDAR) at www.sedar.com.

The Toronto Stock Exchange neither approves nor disapproves of the contents of this Press Release.

MATERIAL CHANGE REPORT**

Item 1 Name and Address of Company:

Calloway Real Estate Investment Trust
310, 855 – 5th Avenue SW
Calgary, Alberta T2P 3P1

Item 2 Date of Material Change:

February 14, 2005 and February 16, 2005

Item 3 News Release:

Press releases, fully describing the transaction, were issued via CCN Mathews on February 14, 2005 and February 16, 2005.

Item 4 Summary of Material Change:

Calloway Real Estate Investment Trust (“Calloway”) will increase its monthly distribution for the month of April 2005 by approximately 8% to 11.333 cents per trust unit, representing \$1.36 per unit on an annualized basis, or a 10 cents per unit annualized increase, conditional on closing the second tranche (8 shopping centres) of the previously announced acquisition of 14 shopping centres from the First Pro/ Wal-Mart partnership.

Calloway has reached an agreement with CIBC World Markets Inc. to issue on an underwritten basis a private placement of 3,101,000 subscription receipts priced at \$19.35 per receipt for gross proceeds of \$60,004,350. Each receipt will entitle the holder to receive one Unit of Calloway on the closing of the acquisition of the 8 shopping centres.

Item 5 Full Description of Material Change:

Calloway Real Estate Investment Trust (“Calloway”) will increase its monthly distribution for the month of April 2005 by approximately 8% to 11.333 cents per trust unit, representing \$1.36 per unit on an annualized basis, or a 10 cents per unit annualized increase, conditional on closing the second tranche (8 shopping centres) of the previously announced acquisition of 14 shopping centres from the First Pro/ Wal-Mart partnership.

Calloway has reached an agreement with CIBC World Markets Inc. to issue on an underwritten basis a private placement of 3,101,000 subscription receipts priced at \$19.35 per receipt for gross proceeds of \$60,004,350. Each receipt will entitle the holder to receive one Unit of Calloway on the closing of the acquisition of the 8 shopping centres.

Calloway's also confirms the following:

- (a) the approval by its Investment Committee of the acquisition of the second tranche of 8 shopping centres from the First Pro/Wal-Mart partnership, for an expected purchase price of \$230 million. Calloway has arranged \$155.2 million in fixed rate long-term financing, with an average term of 15.3 years and an average interest rate of 5.64 % to finance this transaction. The balance will be financed by a combination of new equity, operating lines and vendor mortgages;
- (b) the acquisition of shopping centres in Montreal (Anjou) Quebec and Sarnia, Ontario. These centres are well located in their market and include such tenants as Sobey's, Shell, HBC Home Outfitters, LCBO, Sleep Country and Moores. Both acquisitions are accretive, fit well with Calloway's acquisition strategy and together represent an investment of over \$22 million;
- (c) the completion of further expansions of seven centres previously acquired from First Pro and Wal-Mart by 123,201 square feet representing approximately \$21 million of accretive investment. Tenants include Winners, Old Navy, Pier One Imports, Reitmans, Radio Shack, EB Games, Payless Shoes and Telus. As of December 31, 2004, there was approximately 362,000 square feet of new potential space with binding agreements to lease in place and construction underway. Over one-third of the available expansion area is now leased, leaving a further 993,000 square feet for future development, equivalent to four additional, new shopping centres;
- (d) a mezzanine loan agreement with First Pro Shopping Centres on a centrally located, 48 acre development site in Laval, Quebec. Total loan proceeds are \$24.6 million. Calloway has the option to purchase a 50% interest in the property upon its substantial completion. Also under the mezzanine loan program with First Pro Calloway has exercised an option to acquire a 50% interest in a new Wal-Mart leased property in Kenora, Ontario for approximately \$6 million at an accretive unlevered yield of 8.65%. This represents the first of a seven-property pipeline of large format retail centres that Calloway expects to acquire over the next several years in Laval, Montreal and St. Jerome, Quebec, Kenora, Stratford and Whitby, Ontario and St. John's Newfoundland through its growing mezzanine loan program;
- (e) the completion of the previously announced dispositions of its office properties: Holland Cross in Ottawa, Ontario and Century Park Place in Calgary, Alberta. Total proceeds from the sales were approximately \$69,250,000 resulting in an estimated gain on sale of \$12,500,000, or 18%.

Item 2 Date of Material Change:

March 10, 2005

Item 3 News Release:

A press release fully describing the transaction was issued via CCN Mathews on March 10, 2005.

Item 4 Summary of Material Change:

Calloway Real Estate Investment Trust completed the second phase of its previously announced acquisition (the "Acquisition") from the Wal-Mart-FirstPro Realty Co-ownership (the "Co-ownership"), comprising eight shopping centres with a total of approximately 1,497,691 rentable square feet of leased area (Calloway's interest) (the "Centres") and connected undeveloped lands with the potential for approximately 177,682 square feet of future retail space (Calloway's interest) (the "Undeveloped Lands"), of which 30,390 square feet of the Undeveloped Lands is leased and under construction.

Item 5 Full Description of Material Change:

Calloway Real Estate Investment Trust completed the second phase of its previously announced acquisition (the "Acquisition") from the Wal-Mart-FirstPro Realty Co-ownership (the "Co-ownership"), comprising eight shopping centres with a total of approximately 1,497,691 rentable square feet of leased area (Calloway's interest) (the "Centres") and connected undeveloped lands with the potential for approximately 177,682 square feet of future retail space (Calloway's interest) (the "Undeveloped Lands"), of which 30,390 square feet of the Undeveloped Lands is leased and under construction.

The total consideration (including Calloway's costs) paid for the Centres and the Undeveloped Lands was approximately \$230 million which was satisfied:

- (a) by way of a vendor take back mortgage to the Co-ownership in the amount of approximately \$6.0 million, which is interest free and relates to the Undeveloped Lands; and
- (b) by the payment of the balance in cash.

Calloway funded the cash component of the Acquisition, in part, by borrowing approximately \$155.2 million secured by fixed rate mortgage financing on seven of the Properties at a weighted average interest rate of 5.64% and an average term of 15.3 years. The remaining cash component was funded from the proceeds of the private placement of Subscriptions Receipts closed by Calloway on February 24, 2005. These Subscription Receipts were converted into 3,101,000 units of Calloway concurrently with the closing of the Acquisition. There are currently approximately 36.6 million units of Calloway issued and outstanding.

Calloway Real Estate Investment Trust ("Calloway") announced that its Board of Directors has approved conditional agreements with FirstPro Shopping Centres and Wal-Mart Canada Corp. to acquire interests in 36 recently completed, large-format shopping centres, including a 60% interest in 8 Centres from Wal-Mart Canada Corp., and acquire development properties for 10 new shopping centres, totaling approximately 12 million square feet on completion, for consideration of approximately \$1.2 billion.

Item 5 Full Description of Material Change:

Calloway announced that it has approved conditional agreements with FirstPro Shopping Centres and Wal-Mart Canada Corp. to:

- (a) acquire interests in 36 recently completed, large-format shopping centres, including a 60% interest in 8 Centres from Wal-Mart Canada Corp., and acquire development properties for 10 new shopping centres, totaling approximately 12 million square feet on completion, for consideration of approximately \$1.2 billion;
- (b) relocate its operations to Toronto from Calgary;
- (c) take on part of FirstPro's leasing and development operations; and
- (d) appoint a new senior management team with Simon Nyilassy (now at First Pro) in the role of President and CEO.

The result of this transaction to Calloway will be:

- (a) a doubling of its size from \$1.2 billion to \$2.4 billion in assets and 19 million square feet, upon completion,
- (b) the transformation of Calloway into the dominant retail REIT for large format unenclosed centres, with a portfolio of 85 operating retail properties, with 70 anchored by a Wal-Mart store, and
- (c) the introduction of an internal development team that initially will be responsible for over 2 million square feet of new development in 24 properties.

The acquisition is expected to close by June 30, 2005 and the transaction is subject to due diligence, unitholder approval and other customary conditions. FirstPro will continue to property manage all of the centres.

The portfolio of properties being acquired includes some of Canada's prime retail properties. It includes properties in 8 of Canada's 10 provinces, including 28 (61%) in Ontario. Sixty percent of the 36 operating centres exceed 300,000 square feet in leaseable area, with 25% exceeding 500,000 square feet. Wal-Mart operates a department store in 33 of the 36 operating centres and comprises approximately 4 million square feet under long-term leases with a weighed average remaining initial term of over 16 years. Calloway's share of rents generated from Wal-Mart leases will represent approximately 32% of the rents from Calloway's total portfolio after closing, compared to 34% today.

The 36 operating centres generate net rents of over \$80 million per annum (Calloway's interest), will contain approximately 10.5 million square feet of retail space on completion and currently have approximately 8.3 million square feet leased. Alongside Wal-Mart, 25 of the 36 centres operate with at least one of Sam's Club, Loblaws, Sobey's, Rona, Home Depot and Canadian Tire as additional anchors. The 10 vacant sites will, following completion of development, also be anchored by Wal-Mart and/or other Canadian retailers. These properties are expected to achieve substantial completion within the next 1 to 3 years and will add a further 1.3 million square feet on completion.

With this acquisition, Calloway's assets will have grown from \$100 million in November of 2002 to \$2.4 billion by the end of June 2005. Calloway's portfolio will be comprised of 85 operating shopping centres and 10 properties for the development of future shopping centres. This portfolio of predominately newly built properties, located in every province of Canada have financially strong tenants with an overall weighted average lease term of 11 years, and an average term to maturity of over 10 years on mortgages payable, most of which are locked in at today's low interest rates. This property and financial profile ensures predictability of cash flow and stability for Calloway unitholders

Mr. Mitchell Goldhar, owner of First Pro and owner of interests in all of the 46 properties as well as approximately 6 million units of Calloway, has announced his intention to subscribe for Class A and Class B units of a limited partnership to be formed by Calloway. The Class A units will be issued as consideration for current income producing assets while the Class B units represent future potential equity Mr. Mitchell Goldhar could obtain as development of the portfolio proceeds. Mr. Goldhar will be issued Special Voting Units of Calloway which provide votes, (but no equity participation), equal to the aggregate of the Class A and Class B units. As a result, Mr. Mitchell Goldhar will increase his equity interest in Calloway from approximately 16% to as much as 30% and his voting interest in Calloway from approximately 16% to as much as 40%. The enhanced voting rights exist only for so long as the development process for the portfolio is in process and the aggregate voting rights will be, in general, equal to Mr. Goldhar's equity plus additional equity units he could receive from future developments. Mr. Mitchell Goldhar will also be granted the right, under certain circumstances, to receive additional voting units of Calloway in order to maintain his voting interest at a minimum of 25%. This right will expire at the end of five years unless an additional \$750 million dollars in assets is transferred from FirstPro to Calloway (inclusive of assets acquired by Calloway under existing development agreements), in which case the 25% minimum voting right will extend for an additional five-year term.

The 36 completed centres include 9 properties in which Calloway will acquire a leasehold interest (see Schedule A for Transaction Details and Schedule B for breakdown of assets). The term of the ground leases will be from a minimum of 5 to a maximum of 35 years. FirstPro will have the right to terminate the nine ground leases in the event that at any time it controls less than 20% of the voting rights of Calloway or

in the event that any third party acquires 20% of the voting rights of Calloway. In the event that the ground leases are terminated as a result of the foregoing, Calloway's assets would reduce by approximately 15%.

Item 2 Date of Material Change:

May 11, 2005

Item 3 News Release:

A press release describing the transaction was issued on May 11, 2005.

Item 4 Summary of Material Change:

Calloway Real Estate Investment Trust (“Calloway”) announced today enhancements to the previously announced \$1.2 billion acquisition of some of Canada’s prime retail properties from FirstPro Shopping Centres and Wal-Mart Canada Realty Inc., one of the largest transactions to date by a Canadian REIT. The changes include an increase in the number of freehold properties to 42 from 37 and a reduction in the number of leasehold properties to three from nine. Also, voting rights associated with the Class B units of Calloway LP will be eliminated.

Item 5 Full Description of Material Change:

Calloway announced enhancements to the previously announced \$1.2 billion acquisition of some of Canada’s prime retail properties from FirstPro Shopping Centres and Wal-Mart Canada Realty Inc., one of the largest transactions to date by a Canadian REIT. The changes include an increase in the number of freehold properties to 42 from 37 and a reduction in the number of leasehold properties to three from nine. Also, voting rights associated with the Class B units of Calloway LP will be eliminated.

Calloway will acquire interests in eight million square feet of existing, newly constructed retail space in 35 shopping centres, for consideration of approximately \$1.09 billion. Calloway will also acquire lands for the construction of an additional 10 centres, with 1.3 million square feet of retail space on completion, for consideration of approximately \$ 42 million. As partial payment of the consideration for the transaction, Mr. Mitchell Goldhar, owner and CEO of FirstPro Shopping Centres, will be issued approximately 10.2 million Class A units of Calloway LP and other vendors will be issued approximately 3 million Class A units of Calloway LP, with each such unit carrying one vote at the Calloway REIT level.

The portfolio of properties being acquired includes properties in eight of Canada’s ten provinces, with 27 of 45 (or 60%) in Ontario. Twenty one of the 35 operating centres (60%) exceed 300,000 square feet in leaseable area, with nine (25%) exceeding 500,000 square feet. Approximately 66% of these centres are strategically located in the major metropolitan markets of Greater Toronto, Greater Montreal, Greater Vancouver, Calgary, Ottawa-Hull, Regina, Winnipeg and Halifax, with much of the balance located in such prosperous markets as Barrie, London and Cambridge. The properties being acquired will generate net rents of approximately \$74 million per annum at closing. Net rents are expected to increase to approximately \$110 million per annum on completion of development of all 45 of the centres.

Wal-Mart operates a department store in 32 of the 35 operating centres and comprises approximately 4 million square feet under long-term leases with a weighed average remaining initial term of over 16 years. Calloway's share of rents generated from Wal-Mart leases will represent approximately 32% of the rents from Calloway's total portfolio after closing, compared to 34% today. Alongside Wal-Mart, 24 of the 35 centres operate with at least one of Loblaws, Sobeys, Rona, Home Depot, Canadian Tire and Sam's Club as additional anchors. Calloway anticipates that the 10 vacant development sites will, also be anchored by Wal-Mart and/or other major Canadian retailers, following completion of development.

As part of the transaction, Calloway will also:

- (a) relocate its operations to Toronto from Calgary;
- (b) assume part of FirstPro's leasing and development operations; and
- (c) appoint a new senior management team with Simon Nyilassy (now at FirstPro) in the role of President and CEO

The transaction will double Calloway's assets, to approximately \$2.4 billion from approximately \$1.2 billion, and transform Calloway into a dominant retail REIT for newly constructed, large format, unenclosed shopping centres. Upon completion of the transaction, Calloway will have a portfolio of 84 operating centres and 10 vacant development sites, which will contain approximately 20.5 million square feet on completion. This portfolio of predominately newly built properties, located in every province of Canada, have financially strong tenants with an overall weighted average lease term of 11 years, and an average term to maturity of over 10 years on mortgages payable, most of which are locked in at today's low interest rates. This property and financial profile ensures predictability of cash flow and stability for Calloway unitholders.

Mr. Mitchell Goldhar, who now controls approximately six million Calloway units (approximately 16%), will, control approximately 16 million voting units upon closing of the transaction, representing an economic and voting interest in Calloway of approximately 27%. Prior to this transaction, Mr. Goldhar is able to increase his interest in Calloway to approximately 26%, as the remaining development value inherent in the properties already acquired by Calloway is realized on completion of the centres. After closing of the transaction, Mr. Goldhar will be able to increase his economic and voting interests in Calloway to as much as 40%, as the existing and new developments are completed.

An information circular is anticipated to be mailed to unit holders on or about May 27, 2005, for a special and annual meeting to be held on or about June 22, 2005 to, among other matters, approve the transaction. The transaction is conditional on the approval of the unitholders of Calloway. Mr. Goldhar, FirstPro and all affiliated persons and companies will not be entitled to vote on the transaction.

Calloway has also appointed a Special Committee comprised of 4 of its independent Trustees with a mandate to comply with the requirements of Ontario Securities Commission Rule 61-501, in particular to obtain an independent valuation of the properties being acquired and the consideration that Calloway will be paying to related parties in connection with the acquisition. The Special Committee is in the process of retaining an independent financial advisor to prepare the required valuation of the transaction. The valuation and disclosure of the Special Committee's deliberations, conclusions and recommendations will be included in the information circular.

The changes to the previously announced transaction are as follows:

- (a) The number of leasehold properties will be reduced to three from nine, as follows:

- (i) Calloway will no longer be acquiring an interest in the FirstPro Richmond Hill Wal-Mart Centre and will be acquiring a 60% freehold interest in each of the FirstPro Mississauga Wal-Mart Centre - South Common Mall and FirstPro Pickering Wal-Mart Centres, rather than 60% freehold and 40% leasehold interest in these properties;
 - (ii) Calloway will be acquiring freehold, rather than leasehold, interests in FirstPro Vaughan Wal-Mart Centre, FirstPro Whitby North Wal-Mart Centre and FirstPro Ottawa Wal-Mart Centre;
 - (iii) Calloway's interest in FirstPro Barrie South Wal-Mart Centre, FirstPro Cambridge Wal-Mart Centre and 40% of FirstPro Etobicoke Wal-Mart Centre will continue to be by way of 35 year operating leases, which will represent approximately 8% of Calloway's rent after completion of the transaction. After ten years (previously five years), it will have the option to cancel the balance of the term on the leasehold properties by paying to Calloway the then market value of a 35 year leasehold interest in the properties. In the event that a third party acquires greater than 20% of the issued and outstanding units of Calloway, FirstPro will have the right to immediately terminate the operating leases on payment to Calloway of the unamortized value of the leasehold property;
- (b) The terms of the "earn-out" arrangements for future developments will be amended to eliminate the voting rights associated with the Class B units of Calloway LP;
 - (c) Mr. Mitchell Goldhar will join the board of trustees of Calloway on completion of the transaction; and
 - (d) Mr. Goldhar's right to extend his minimum 25% voting interest from five to ten years will now occur only after FirstPro has sold to Calloway at least an additional \$800 million of freehold interests in shopping centres in which it has an ownership interest, in the five years after closing of the transaction, and provided that Mr. Goldhar remains a Calloway trustee and maintains ownership of the lesser of 20 million or 20% of the Calloway units or Class A units of Calloway LP;

The transaction remains conditional on required approvals, due diligence and acceptable financing arrangements.

Item 4 Summary of Material Change:

Calloway Real Estate Investment Trust ("Calloway") announced that it has agreed to issue, 6,300,000 Subscription Receipts at a price of \$19.85 per Subscription Receipt for gross proceeds of \$125,055,000.

Item 5 Full Description of Material Change:

Calloway announced that it has agreed to issue, 6,300,000 Subscription Receipts at a price of \$19.85 per Subscription Receipt for gross proceeds of \$125,055,000. The proceeds will be used to partially fund the cash component of the purchase price of the previously announced acquisition of 35 shopping centres developed by FirstPro Shopping Centres and owned by FirstPro and Wal-Mart and 10 parcels of development lands from FirstPro (the "Acquisition"). Each Subscription Receipt will entitle the holder to receive one Unit of Calloway upon closing of the Acquisition.

The sale was led by CIBC World Markets Inc. and including Scotia Capital Inc., Desjardins Securities Inc., RBC Capital Markets, Merrill Lynch Canada Inc. and National Bank Financial Inc. The sale will be completed by way of a private placement subject to applicable resale restrictions pursuant to Multilateral Instrument 45-102, Resale of Securities. The sale is scheduled to close on June 23, 2005. The agents have the option to sell an additional 2,520,000 Subscription Receipts at \$19.85 per Subscription Receipt until June 10, 2005 thereby increasing the gross proceeds to \$175,077,000.

Item 2 Date of Material Change:

July 8, 2005

Item 3 News Release:

A press release describing the transaction was issued on July 8, 2005.

Item 4 Summary of Material Change:

Calloway Real Estate Investment Trust (“Calloway or the “Trust”) announced that it has completed its previously announced acquisition of certain retail properties from FirstPro Shopping Centres and Wal-Mart Canada Realty Inc., one of the largest transactions to date by a Canadian REIT.

Item 5 Full Description of Material Change:

Calloway announced that it has completed its previously announced acquisition of certain retail properties from FirstPro Shopping Centres and Wal-Mart Canada Realty Inc. Calloway has acquired interests in approximately eight million square feet of existing, newly constructed retail space in 35 shopping centres, for consideration of approximately \$1.12 billion. Calloway also acquired lands or options to acquire lands for the construction of an additional 10 centres, with 1.2 million square feet of retail space on completion, for consideration of approximately \$42 million. As partial payment of the consideration for the transaction, Mr. Mitchell Goldhar, owner and CEO of FirstPro Shopping Centres, has been issued 9,571,491 Class B units of Calloway LP and other vendors will be issued 2,297,526 Class B units of Calloway LP, with each such unit carrying one vote at the Calloway REIT level.

A portion of the cash component for the acquisition was funded from the proceeds of the private placement of Subscription Receipts, closed by Calloway on June 22, 2005. These Subscription Receipts were converted into 11,336,000 Units of Calloway concurrently with the closing of the acquisition. Certificates representing the Units issued on conversion of the Subscription Receipts will be available for delivery commencing on July 12, 2005. As a result of the conversion of Subscription Receipts into units of Calloway, there are currently 49,422,645 units of Calloway issued and outstanding.

The portfolio of properties acquired includes properties in eight of Canada’s ten provinces, with 27 of 45 (or 60%) in Ontario. Twenty one of the 35 operating centres (60%) exceed 300,000 square feet in leaseable area, with nine (25%) exceeding 500,000 square feet. Approximately 66% of these centres are strategically located in the major metropolitan markets of Greater Toronto, Greater Montreal, Greater Vancouver, Calgary, Ottawa-Hull, Regina, Winnipeg and Halifax. The properties acquired will generate net rents of approximately \$75.8 million per annum at closing.

Wal-Mart operates a department store in 32 of the 35 operating centres and comprises approximately 4 million square feet under long-term leases with a weighed average remaining initial term of over 16 years. Calloway's share of rents generated from Wal-Mart leases will represent approximately 32% of the rents from Calloway's total portfolio after closing, compared to 34% today. Alongside Wal-Mart, 24 of the 35 centres operate with at least one of Loblaws, Sobeys, Rona, Home Depot, Canadian Tire and Sam's Club as additional anchors. Calloway anticipates that the 10 vacant development sites will also be anchored by Wal-Mart and/or other major Canadian retailers, following completion of development.

As a result of the transaction, Calloway will also be:

- (a) relocating its operations to Toronto from Calgary; and
- (b) assuming part of FirstPro's leasing and development operations;

In addition, Mr. Simon Nyilassy (formerly EVP Finance at First Pro) has been appointed to the role of President and CEO, replacing Mr. Michael Storey, who remains as a Trustee.

The acquisition doubles Calloway's assets to approximately \$2.4 billion from approximately \$1.2 billion, and transforms Calloway into a dominant retail REIT for newly constructed, large format, unenclosed shopping centres. Calloway now has a portfolio of 84 operating centres and 10 vacant development sites, which will contain approximately 20.5 million square feet on completion. This portfolio of predominately newly built properties, located in every province of Canada, has financially strong tenants with an overall weighted average lease term of 11 years, and an average term to maturity of over 10 years on mortgages payable, most of which are locked in at today's low interest rates.

In connection with the acquisition, Mr. Mitchell Goldhar through various affiliates acquired 9,571,491 Class B Exchangeable Units of Calloway LP, 8,038,110 Class C Exchangeable Units of Calloway LP and 9,571,491 Special Voting Units of Calloway. Mr. Goldhar through an affiliate also received the right to acquire approximately 2,300,000 units of Calloway on the completion and rental of certain properties. Mitchell Goldhar holds 6,219,125 units of the REIT, representing approximately 12.6% of the total issued and outstanding units of the REIT which, together with the Class B Exchangeable Units and associated Special Voting Units represent a 25.8% voting interest in Calloway. With the right to acquire Calloway units or Class B Exchangeable Units and associated Special Voting Units on the completion and rental of certain properties, Mr. Goldhar will be able to increase his economic and voting interest in Calloway to as much as 42.9% as such properties are completed and rented. Mr. Goldhar has no present intention of acquiring any additional units or securities convertible or exchangeable into units other than pursuant to the foregoing.

Mr. David Carpenter and Mr. Ken Delf have resigned as trustees of Calloway. Mr. Mitchell Goldhar and Mr. Peter Forde have joined the board of trustees as FirstPro appointees. Mr. Forde is a chartered accountant and is Executive Vice President, Finance and Administration of FirstPro. Mr. Michael Young will remain as a trustee and has also been designated as a FirstPro appointee.

A press release describing the transaction was issued on September 15, 2005.

Item 4 Summary of Material Change:

Calloway Real Estate Investment Trust (“Calloway”) has agreed to issue \$200 million principal amount of Series A senior unsecured debentures with a maturity date of September 22, 2010 and a coupon rate of 4.51%.

Item 5 Full Description of Material Change:

Calloway has agreed to issue, on an agency basis, \$200 million principal amount of Series A senior unsecured debentures (the “Debentures”) with a maturity date of September 22, 2010 and a coupon rate of 4.51%. The issue was upsized from the originally intended issue size of \$150 million. A syndicate led by RBC Capital Markets and including Scotia Capital Inc. acted as agents for the sale of the Debentures. Closing of this issue is expected on or about September 22, 2005. This offering is being made under Calloway’s base shelf prospectus dated September 14, 2005 qualifying the issue of up to \$2 billion in debt or equity securities. The net proceeds from the issue will be used primarily to pay down outstanding credit facilities and for general trust purposes. The Debentures have been rated BBB (Stable) by Dominion Bond Rating Services.

Item 4 Summary of Material Change:

Calloway Real Estate Investment Trust ("Calloway") announced today that it has agreed to issue, on a bought deal basis, 8,500,000 trust units (the "Units") for \$26.60 per Unit for gross proceeds of approximately \$226 million.

Item 5 Full Description of Material Change:

Calloway announced today that it has agreed to issue, on a bought deal basis, 8,500,000 trust units (the "Units") for \$26.60 per Unit for gross proceeds of approximately \$226 million. Calloway has granted the underwriters an option (the "Underwriters' Option"), exercisable until 48 hours prior to closing, to purchase up to an additional 900,000 units at the same offering price. In addition, Calloway has granted the underwriters an over-allotment option (the "Over-Allotment Option"), exercisable in whole or in part at any time until 30 days after closing, to purchase up to an additional 940,000 Units at the same offering price. A syndicate led by CIBC World Markets Inc. and RBC Capital Markets is acting as underwriters for the offering of the Units.

This offering is being made by way of prospectus supplement to be filed in all provinces of Canada, except Quebec. Closing is expected to occur on or about April 13, 2006, subject to regulatory approval. Purchasers of the Units under this offering will be entitled to receive the distribution expected to be paid on May 15, 2006 to unitholders of record on April 28, 2006.

The net proceeds from the offering will be used by Calloway to pay down its line of credit, to finance future acquisitions and for general trust purposes.

Item 4 Summary of Material Change:

Calloway Real Estate Investment Trust ("Calloway") announced that it agreed to issue, on a bought deal basis, \$250 million principal amount of Series B senior unsecured debentures.

Item 5 Full Description of Material Change:

Calloway agreed to issue, on a bought deal basis, \$250 million principal amount of Series B senior unsecured debentures (the "Debentures") with a maturity date of October 12, 2016 and a coupon rate of 5.37%. The offering was underwritten by a syndicate led by RBC Capital Markets and including Scotia Capital Inc. and TD Securities. The offering was expected to and did close on October 12, 2006. Dominion Bond Rating Service has provided Calloway with a credit rating of BBB with a stable trend relating to the Debentures.

This offering was made by way of a Prospectus Supplement to Calloway's existing \$2 billion base shelf short form prospectus filed with the Canadian securities regulatory authorities. The terms of the offering were described in a prospectus supplement dated October 10, 2006, which was filed with the Canadian securities regulators.

The net proceeds from the issue will be used to pay down outstanding credit facilities, to fund future acquisitions and development activities and for general trust purposes.

Item 3 News Release:

A press release describing the transaction was issued on October 26, 2006

Item 4 Summary of Material Change:

Calloway Real Estate Investment Trust ("Calloway") has entered into conditional agreements with SmartCentres to acquire or lease interests in 16 properties. Calloway will also internalise the management of the majority of Calloway's shopping centres. Aggregate consideration will be approximately \$440 million with additional amounts payable as the recently constructed properties and raw land are built out.

Item 5 Full Description of Material Change:

Calloway has entered into conditional agreements with SmartCentres to acquire or lease interests in 16 properties. Calloway will also internalise the management of the majority of its existing portfolio of shopping centres. Aggregate consideration will be approximately \$440 million with additional amounts payable as the recently constructed properties and raw land are built out.

The 16 properties comprise 9 operating shopping centres, containing over 1.6 million square feet of leased area and 0.6 million square feet of expansion potential, and 7 development properties with 1.8 million square feet of potential leaseable area. All 16 properties are expected to be substantially completed over the next 3 to 4 years.

In addition to 8 properties located in the Greater Toronto Area, the remaining properties are in the Greater Montreal Area (2), Ontario (4), New Brunswick and Quebec. Most of the centres will be anchored by Wal-Mart (14), as well as other national retailers such as Loblaws (5), Home Depot (2), Canadian Tire (2), Sobeys (2) and Rona.

The development properties include a regional unenclosed centre in Stouffville, Ontario that will be comprised of over 600,000 square feet on completion and is home to the first newly constructed Canadian Wal-Mart Supercentre, scheduled to open on November 8, 2006. Many of the centres are large in scale with 5 containing over 500,000 square feet of retail area on completion and a further 7 containing over 200,000 square feet. The centres were all built within the last 10 years, with an average age of under 6 years, consistent with Calloway's existing portfolio.

As a result of this transaction, Calloway will:

- a. on closing, immediately increase its operating portfolio to 122 properties, in which Calloway has a net ownership interest of 18.3 million square feet of leased area;
- b. on full completion, increase its potential portfolio, from 20 million square feet to 24 million square feet (Calloway's interest) an increase of approximately 20%; and
- c. internalise management of 112 properties (10 properties will remain under third party non-SmartCentres management).

Calloway has engaged CIBC World Markets as financial advisors in connection with the transaction. The transaction is expected to close in December 2006 and is subject to normal due diligence, certain approvals and other customary conditions.

The initial purchase price is comprised of \$382 million for the operating properties, at an estimated yield of approximately 6.1%, \$44 million for the undeveloped land and \$14 million to internalise the property management on 112 of its properties. The existing long-term property management contract with SmartCentres will be permanently cancelled, at no additional cost to Calloway. The transaction will be financed in part by the assumption of debt in the amount of approximately \$235 million (net of a mark to market adjustment) and the issuance to the vendors of units in the amount of \$60 million at current market prices. The balance will be paid in cash, from the surplus proceeds of Calloway's recently completed 5.37%, 10-year unsecured debt offering. Following the transaction, Mr. Mitchell Goldhar, President and CEO of SmartCentres will own a 24.5% interest in Calloway, compared to 24.3% prior to the transaction.

The 16 properties include over 2.4 million square feet in future development, which will be completed by SmartCentres under development agreements. Calloway estimates that it will invest an additional \$555 million in these properties as new buildings are completed and as tenants lease new space at an estimated yield of over 6.5%. SmartCentres will have the option to provide up to \$140 million in financing for these developments, by subscribing for REIT units or exchangeable LP units at a price per unit, based on a 25-cent premium to the current market price of Calloway Units. Under certain circumstances payments for the additional developments may be deferred and the price per unit adjusted. Interests in five properties, for initial consideration of \$222 million, will be by way of prepaid 80-year leases, with an option to acquire the free-hold interest at the end of the term for approximately \$250 million, excluding the value of future development.

Mr. Mitchell Goldhar, a part owner, through SmartCentres, of the 16 properties, is the CEO of SmartCentres, and owns approximately 8.8 million Units of Calloway and a further 10.8 million securities of a subsidiary limited partnership that are convertible into Calloway Units. SmartCentres has three representatives on the Calloway Board of Trustees. As a result of Mr. Goldhar's financial interest in this transaction, the SmartCentres representatives will abstain from voting on this transaction at both the Board and Investment Committee level.

SmartCentres is a related party of Calloway pursuant to Ontario Securities Commission Rule 61-501. However the aggregate consideration payable to SmartCentres is not greater than 25% of the market capitalization of Calloway. As such, Calloway intends to rely on exemptions in Ontario Securities Commission Rule 61-501 with respect to the valuation and minority shareholder approval requirements of that rule contained in sections 5.5(2) and 5.7(2), respectively.

Calloway will provide a copy of any material change report prepared by it in respect of the transaction to any securityholder of Calloway upon request and without charge.

Calloway Real Estate Investment Trust is an unincorporated closed-end real estate investment trust focusing on the acquisition of high quality retail properties.

Dear Sirs:

Re: Calloway Real Estate Investment Trust

We refer to the Base Shelf Short Form Prospectus (the "Prospectus") of Calloway Real Estate Investment Trust (the "Trust") dated September 14, 2005 with respect to an offering of Trust Securities (as defined in the Prospectus).

We consent to the use, through incorporation by reference in the above-mentioned Prospectus of our report dated February 19, 2005 (except note 22 – dated March 2, 2005) to the unitholders of the Trust on the following financial statements:

Consolidated Balance Sheets as at December 31, 2004 and 2003.

Consolidated Statements of Income, Unitholders' Equity Cash Flows for the years ended December 31, 2004 and 2003.

We also consent to the use through incorporation by reference in the above-mentioned Prospectus of our compilation report dated February 11, 2005 to the trustees on the unaudited pro forma consolidated balance sheet of the Trust as at September 30, 2004 and the unaudited pro forma consolidated statements of income for the nine months ended September 30, 2004 and for the year ended December 31, 2003.

We also consent to the use through incorporation by reference in the above-mentioned Prospectus of our compilation report dated May 5, 2005 to the trustees on the unaudited pro forma consolidated balance sheet of the Trust as at December 31, 2004 and the unaudited pro forma consolidated statement of income for the year ended December 31, 2004.

Dear Sirs/Mesdames:

Re: Calloway Real Estate Investment Trust (the "Calloway Trust")

We refer to the base shelf short form prospectus of the Calloway Trust dated September 14, 2005 relating to the sale and issue of trust units, subscription receipts and debt securities of the Calloway Trust.

We consent to the use through incorporation by reference in the above mentioned base shelf short form prospectus of our reports dated March 26, 2004 to the Partners of the Wal-Mart - First Pro Realty Partnership on the following financial information:

- Schedules of combined net operations relating to The Centres for the years ended December 31, 2003, 2002 and 2001.
- Schedules of combined net operations relating to The Centres II for the years ended December 31, 2003, 2002 and 2001.

We also consent to the use through incorporation by reference in the above mentioned base shelf short form prospectus of our report dated February 10, 2005 to the Partners of the Wal-Mart - First - Pro Realty Partnership on the following financial information:

- Schedules of combined net operations relating to the Phase I Centres for the years ended December 31, 2003 and 2002.

We also consent to the use through incorporation by reference in the above mentioned base shelf short form prospectus of our report dated April 29, 2005 to the Co-owners of the Wal-Mart - First Pro Realty Co-ownerships on the following financial information:

Schedules of combined net operations relating to the Phase II Centres for the years ended December 31, 2004 and 2003.

Finally, we also consent to the use in the above mentioned base shelf short form prospectus of our reports dated April 29, 2005 to the Co-owners of the Wal-Mart – First Pro Realty Co-ownerships on the following financial information:

- Schedules of combined net operations relating to the Centres V Phase I for the years ended December 31, 2004 and 2003.
- Schedules of combined net operations relating to the Centres V Phase II for the years ended December 31, 2004 and 2003.

We report that we have read the base shelf short form prospectus and all information specifically incorporated by reference therein and have no reason to believe that there are any misrepresentations in the information contained therein that are derived from the Schedules of combined net operations upon which we have reported or that are within our knowledge as a result of our audit of such Schedules of combined net operations.

This letter is provided solely for the purpose of assisting the securities regulatory authorities to which it is addressed in discharging their responsibilities and should not be used for any other purpose. Any use that a third party makes of this letter, or any reliance or decisions based on it, are the responsibility of such third parties. We accept no responsibility for loss or damages, if any, suffered by any third party as a result of decisions made or actions taken based on this letter.

WASHINGTON, D.C.

Calloway Real Estate Investment Trust (the "Trust"), hereby requests an exemption from the registration requirements of the *Securities Exchange Act of 1934*, as amended, under Section 12 pursuant to Rule 12g3-2(b) thereunder. All dollar amounts set forth in this Application are in Canadian dollars.

THE TRUST

The Trust is an unincorporated "open-end" real estate investment trust constituted in accordance with the laws of the Province of Alberta pursuant to the Declaration of Trust. The Trust was created to invest in income-producing rental properties located in Canada. The Trust was initially settled pursuant to the Declaration of Trust on December 4, 2001. The Declaration of Trust was amended and restated as of October 24, 2002, October 31, 2003, February 16, 2004, July 7, 2005 and May 16, 2006. The Trust's fiscal year end is December 31.

TRADING MARKET

The Trust's Units are listed and posted for trading on the Toronto Stock Exchange (the "TSX") under the trading symbol CWT.UN. The Trust is currently a reporting issuer under the applicable securities legislation in all of the provinces and territories of Canada.

PART A

Information that the Trust has made public pursuant to Canadian federal and provincial corporate and securities laws¹.

1. Annual Information Form for the year ended December 31, 2004 and Annual Information Form for the year ended December 31, 2005 and accompanying Chief Executive Officer and Chief Financial Officer Certifications.

6. Material Change Report dated February 16, 2005 regarding (i) the Trust's increase of its monthly distribution for April 2005 by approximately 8% to 11.333 cents per Unit, representing \$1.36 per Unit on an annualized basis, or a 10 cents per Unit annualized increase, conditional on closing the second tranche (eight shopping centres) of the acquisition of 14 shopping centres from the

¹ See Part D for a description of when and by whom such filings are required.

* Filing date on SEDAR. The Press Release is not dated.

FirstPro / Wal-Mart partnership and (ii) the Trust's agreement with CIBC World Markets to issue, on an underwritten basis, 3,101,000 Subscription Receipts at a price of \$19.35 per Subscription Receipt for gross proceeds of \$60,004,350.

7. Material Change Report dated February 24, 2005 regarding the Trust's closing of its private placement of Subscription Receipts at a price of \$19.35 per Subscription Receipt for gross proceeds of approximately \$60,000,000.
8. Material Change Report dated March 14, 2005 regarding the Trust's completion of the second phase of its previously announced acquisition of retail properties from the Wal-Mart / FirstPro Partnership, comprising eight shopping centres with a total of approximately 1,497,691 rentable square feet of leased area and connected undeveloped lands with the potential for approximately 177,682 square feet of future retail space, of which 30,390 square feet is leased and under construction.
9. Material Change Report dated April 19, 2005, regarding the Trust's Board of Directors approval of conditional agreements to acquire interests in 36 shopping centres, including a 60% interest in eight centres from Wal-Mart Canada Corp., and acquire development properties for 10 new shopping centres, totaling approximately 12 million square feet on completion, for consideration of approximately \$1.2 billion.
10. Material Change Report dated May 16, 2005 regarding the Trust's announcement of enhancements to its \$1.2 billion acquisition of certain retail properties from FirstPro Shopping Centres and Wal-Mart Canada Realty Inc., increasing the number of freehold properties to 42 from 37 and reducing the number of leasehold properties to three from nine. The Trust also eliminated the voting rights associated with the Class B units of Calloway LP.
11. Material Change Report dated June 3, 2005, regarding the Trust's agreement to issue 6,300,000 Subscription Receipts at a price of \$19.85 per Subscription Receipt for gross proceeds of \$125,055,000.
12. Material Change Report dated June 10, 2005 regarding the Trust's agreement to increase the number of Subscription Receipts to 11,136,000 at a price of \$19.85 per Subscription Receipt for gross proceeds of \$225,019,600.
13. Material Change Report dated June 23, 2005 regarding the Trust's closing of its sale of 11,136,000 Subscription Receipts at a price of \$19.85 per Subscription Receipts for gross proceeds of \$225,019,600.
14. Material Change Report dated July 15, 2005 regarding the Trust's closing of its acquisition of certain retail properties from FirstPro Shopping Centres and Wal-Mart Canada Realty Inc.
15. Material Change Report dated August 8, 2005 regarding the Trust's appointment of Marc Charlebois as Chief Operating Officer of the Trust, effective September 1, 2005.
16. Material Change Report dated September 15, 2005 regarding the Trust's agreement to issue \$200,000,000 principal amount of Series A senior unsecured debentures with a maturity date of September 22, 2010 and a coupon rate of 4.51%.

17. Material Change Report dated September 22, 2005 regarding the Trust's closing of its sale of \$200,000,000 of Series A senior unsecured debentures with a maturity date of September 22, 2010 and a coupon rate of 4.51%.
18. Material Change Report dated November 25, 2005 regarding the Trust's agreement to issue 4,256,000 trust units at a price of \$23.50 per unit and for gross proceeds of \$100,016,000.
19. Material Change Report dated December 8, 2005 regarding the Trust's closing of its sale of 4,256,000 trust units at a price of \$23.50 per unit and for gross proceeds of \$100,016,000.
20. Material Change Report dated March 31, 2006 regarding the Trust's agreement to issue 8,500,000 trust units at a price of \$26.60 per unit and for gross proceeds of \$226,000,000.
21. Material Change Report dated October 12, 2006 regarding the Trust's agreement to issue \$250,000,000 principal amount of Series B senior unsecured debentures.
22. Material Change Report dated October 26, 2006 regarding (i) the Trust's conditional agreements with SmartCentres to acquire or lease interests in 16 properties, for aggregate consideration of approximately \$440,000,000 and additional amounts payable as the recently constructed properties and raw land are built out, and (ii) Calloway's announcement to internalise the management of the majority of Calloway's shopping centres.
23. Material Change Report dated November 23, 2006 regarding the Trust's agreement to issue, on a bought deal basis, 7,680,000 trust units for \$29.30 per Unit for gross proceeds of approximately \$225 million. Calloway has granted the underwriters an option exercisable, until 48 hours prior to closing, to purchase up to an additional 1,200,000 units at the same offering price. In addition, Calloway has granted the underwriters an over-allotment option, exercisable in whole or in part at any time until 30 days after closing, to purchase up to an additional 1,332,000 Units at the same offering price. A syndicate led by CIBC World Markets Inc. and RBC Capital Markets is acting as underwriters for the offering of the Units.
24. Material Change Report dated December 12, 2006 with regards to the Trust completing the internalization of its property management business, acquiring seven properties, and entering into long-term leases on an additional four properties, thereby partially completing its previously announced transaction with SmartCentres.
25. Preliminary Base Shelf Short Form Prospectus dated September 6, 2005.
26. Final Base Shelf Short Form Prospectus dated September 14, 2005 and related filings.
27. Prospectus Supplement to Base Shelf Short Form Prospectus dated September 15, 2005 and related filings.
28. Prospectus Supplement to Base Shelf Short Form Prospectus dated November 28, 2005 and related filings.
29. Prospectus Supplement to Base Shelf Short Form Prospectus dated April 4, 2006 and related filings.
30. Prospectus Supplement to Base Shelf Short Form Prospectus dated October 10, 2006 and related filings.

31. Prospectus Supplement to Base Shelf Short Form Prospectus dated November 21, 2006.
32. Subscription Receipt Agreement dated June 22, 2005 among the Trust, CIBC World Markets Inc., Scotia Capital Inc., Desjardins Securities Inc., RBC Dominion Securities Inc., Merrill Lynch Canada Inc., National Bank Financial Inc. and Computershare Trust Company of Canada.
33. Agency Agreement dated September 15, 2005 among the Trust, RBC Dominion Securities Inc. and Scotia Capital Inc. regarding the best efforts sale of securities covered by the Base Shelf Short Form Prospectus.
34. ³ See Part D for a description of when such filings are required.

PART D

List required by Rule 12g3-2(b) (1) (ii). (Obligations to file information that is made public)

- 1. Materials (i) made public or required to be made public pursuant to the requirements of the law of its country of domicile or in which it is incorporated or organized, (ii) filed with the Securities Commissions of each of the Provinces of Canada, pursuant to applicable securities laws in Canada, or (iii) distributed to security holders (as required by NI 51-102).**

<u>Name of Document</u>	<u>When Required</u>
(a) Press Releases and Material Change Reports	When a material change occurs National Instrument 51-102 – Continuous Disclosure Obligations (“NI 51-102”) requires that a press release be immediately issued, which has been authorized by a senior officer, disclosing the nature and substance of the change and a Form 51-102F3 be filed with the Securities Commissions as soon as practicable and in any event within ten days of the date on which the change occurs.
(b) Insider Reports	Insiders of the Trust are required to file an initial insider report with the Commission not later than 10 days after their appointment, and subsequently to file an insider trading report not later than 10 days following the day on which each securities (including stock options) of the Trust are bought or sold by the insider.
(c) Interim Financial Statements and Management’s Discussion and Analysis (“MD&A”)	In accordance with NI 51-102, interim financial statements and accompanying MD&A must be filed within 45 days of the end of each fiscal quarter.
(d) Annual Financial Statements and MD&A	In accordance with NI 51-102, annual financial statements and accompanying MD&A must be filed within 90 days of the end of each financial year.
(e) Annual Information Form	In accordance with NI 51-102, the Annual Information Form must be filed on an annual basis, within 90 days of the Trust’s fiscal year end.
(f) Notice of Meeting, Information Circular and Form of Proxy, and related ancillary materials (including voting results)	In accordance with NI 51-102, a form of proxy and management information circular must be sent to security holders with any notice of a meeting and all other material required to be sent in connection with the meeting, and must be filed.
(g) Documents affecting the rights of security holders	In accordance with NI 51-102, documents affecting the rights of security holders, such as articles, by-laws (and any amendments thereto as such amendments occur) and rights plans must be filed no later than the time the reporting issuer files a material change report in respect thereof.
(h) Material contracts not in	Material contracts other than contracts that are in the ordinary course of

<u>Name of Document</u>	<u>When Required</u>
the ordinary course of business	business must be filed by the time of filing the Annual Information Form if such contracts are entered into in the last year and adopted before the date of the issuer's Annual Information Form, or entered into on or after January 1, 2002 and are still in effect.
(i) Independent Technical Report	In accordance with National Instrument 43-101 – Standards of Disclosure for Mineral Projects, an independent technical report must be filed to support scientific or technical information in any documents filed or made available to the public in a jurisdiction in Canada describing a mineral project on a property material to the issuer or, as the case may be, the resulting issuer. The technical report must be filed not later than the time that the document it supports is filed or made available to the public, subject to certain exceptions providing for longer or shorter time frames in specific circumstances.
(j) Prospectus	No person or company shall trade in a security where such trade would be a distribution of such security, unless a preliminary prospectus and a prospectus have been filed and receipts therefor obtained (Section 53 of the <i>Securities Act</i> (Ontario) (the "OSA") and comparable securities laws in other provinces and territories).
(k) Business Acquisition Report	Under NI 51-102, Part 8, if a reporting issuer completes a "significant acquisition", as determined by reference to a series of financial tests (the Asset Test, the Investment Test or the Income Test, per s. 8.3(2) a – c of NI 51-102), it must file a business acquisition report within 75 days after the date of acquisition.
(l) Audit Committee Charter	Every Issuer must include in its Annual Information Form the disclosure required by Form 51-110F1 including the text of the audit committee's charter, the composition and independence of the committee, the education and experience of each audit committee member, and any pre-approval policies and procedures.

2. Materials filed with the TSX (as required by their rules and policies).

<u>Name of Document</u>	<u>When Required</u>
(a) Press Releases	A TSX-listed company is required to disclose, to Market Surveillance at the TSX and to the media, material information concerning its business and affairs forthwith upon the information becoming known to management, or in the case of information previously known, forthwith upon it becoming apparent that the information is material.
(b) Notice of Annual and Special Meeting, Information Circular, Proxy and ancillary related materials	Every listed company must file with the TSX one copy of all materials sent to its security holders in connection with a meeting of security holders (filed through SEDAR), concurrently with the sending of the materials to the security holders. Public filings through SEDAR will satisfy this requirement.

The TSX may, in circumstances it considers appropriate, require that

Name of Document

When Required

a draft information circular be reviewed by the TSX prior to the mailing of the circular to the security holders.

Materials provided to security holders in respect of a meeting at which the approval of security based compensation arrangements will be requested must be pre-cleared with the TSX.

- (c) Annual Financial Statements and MD&A

Within 90 days from the end of its last fiscal year, every listed company must forward annually to each security holder who has requested them its annual financial statements and its management discussion and analysis prepared in accordance with National Instrument 51-102 Continuous Disclosure Obligations.

- (d) Annual Report

If a listed company produces an annual report, it must be filed publicly through SEDAR.

- (e) Interim Financial Statements and MD&A

Every listed company must, within 45 days from the end of the period to which the statements relate, file with TSX one copy of its interim financial statements and its MD&A. Public filings through SEDAR will satisfy this requirement. Interim financial statements that comply with applicable securities laws will satisfy the requirements of TSX.

- (f) Notice, Report, Correspondence

Every listed company that sends a notice, report or other written correspondence to its holders of listed securities must concurrently file one copy of the correspondence with Listed Issuer Services of the Exchange. Public filings through SEDAR will satisfy this requirement.

- (g) Corporate Governance

Each listed issuer subject to National Instrument 58-101 - Disclosure of Corporate Governance Practices, or any replacement of that instrument, is required to disclose its corporate governance practices in accordance with that instrument on an annual basis, or any replacement of that instrument.

- (h) Security Based Compensation Arrangements

All security based compensation plans, and any amendments thereto, must be filed with the TSX, along with evidence of security holder approval where required. Listed securities issuable under the arrangements will not be listed on TSX until such documentation is received. Listed issuers must disclose on an annual basis, in their information circulars, or annual disclosure document distributed to all security holders, the terms of their security-based compensation arrangements and any amendments that were adopted in the last fiscal year. Security holder approval must be by way of a duly called meeting. Materials provided in respect of security based compensation must be pre-cleared by the TSX.

Stock options granted, exercised or cancelled under a plan must be reported to the TSX in the form of a duly completed Form 1 (Change in Outstanding and Reserved Securities) within 10 days after the end of each month in which any change to the number of outstanding or

Name of Document

When Required

reserved listed securities has occurred. If no such change has occurred, a nil report should be filed on a quarterly basis.

PART E

Security holders of the Trust resident in the United States

Based upon the Trust's knowledge, the records of the Trust's registrar and transfer agent, Computershare Investor Services Inc. with offices located in Toronto, and information provided by ADP after conducting a beneficial ownership search for beneficial shareholders showing U.S. addresses, the following table sets forth certain information regarding beneficial holders of the Trust's equity securities resident in the United States as of September 18, 2006:

Title of Class of Securities	No. of Holders Resident in the U.S.	Total Shares Outstanding	Shares Held by U.S. Residents	Percentage Held by U.S. Residents
Trust Units	107	66,953,661	11,422,545	17.1%

Certain of the Trust Units held by residents of the United States were received in connection with an offering pursuant to Rule 144A conducted in connection with the Canadian public offering in April 2006. With regard to the remainder of the holdings in the United States, the Trust does not have any specific knowledge as to the circumstances under which the balance of the securities were acquired, although United States residents may have purchased securities of the Trust in transactions on the Toronto Stock Exchange.

The most recent public distribution of securities of the Trust or its affiliates was in April 2006 in a public offering in Canada. The Trust has never made a public offering in the United States.

DATED at Vaughan, Ontario, Canada, this 18th day of December, 2006.

6. Material Change Report dated February 16, 2005 regarding (i) the Trust's increase of its monthly distribution for April 2005 by approximately 8% to 11.333 cents per Unit, representing \$1.36 per Unit on an annualized basis, or a 10 cents per Unit annualized increase, conditional on closing the second tranche (eight shopping centres) of the acquisition of 14 shopping centres from the FirstPro / Wal-Mart partnership and (ii) the Trust's agreement with CIBC World Markets to issue, on an underwritten basis, 3,101,000 Subscription Receipts at a price of \$19.35 per Subscription Receipt for gross proceeds of \$60,004,350.

7. Material Change Report dated February 24, 2005 regarding the Trust's closing of its private placement of Subscription Receipts at a price of \$19.35 per Subscription Receipt for gross proceeds of approximately \$60,000,000.
8. Material Change Report dated March 14, 2005 regarding the Trust's completion of the second phase of its previously announced acquisition of retail properties from the Wal-Mart / FirstPro Partnership, comprising eight shopping centres with a total of approximately 1,497,691 rentable square feet of leased area and connected undeveloped lands with the potential for approximately 177,682 square feet of future retail space, of which 30,390 square feet is leased and under construction.
9. Material Change Report dated April 19, 2005, regarding the Trust's Board of Directors approval of conditional agreements to acquire interests in 36 shopping centres, including a 60% interest in eight centres from Wal-Mart Canada Corp., and acquire development properties for 10 new shopping centres, totaling approximately 12 million square feet on completion, for consideration of approximately \$1.2 billion.
10. Material Change Report dated May 16, 2005 regarding the Trust's announcement of enhancements to its \$1.2 billion acquisition of certain retail properties from FirstPro Shopping Centres and Wal-Mart Canada Realty Inc., increasing the number of freehold properties to 42 from 37 and reducing the number of leasehold properties to three from nine. The Trust also eliminated the voting rights associated with the Class B units of Calloway LP.
11. Material Change Report dated June 3, 2005 regarding the Trust's agreement to issue 6,300,000 Subscription Receipts at a price of \$19.85 per Subscription Receipt for gross proceeds of \$125,055,000.
12. Material Change Report dated June 10, 2005 regarding the Trust's agreement to increase the number of Subscription Receipts to 11,136,000 at a price of \$19.85 per Subscription Receipt for gross proceeds of \$225,019,600.
13. Material Change Report dated June 23, 2005 regarding the Trust's closing of its sale of 11,136,000 Subscription Receipts at a price of \$19.85 per Subscription Receipts for gross proceeds of \$225,019,600.
14. Material Change Report dated July 15, 2005 regarding the Trust's closing of its acquisition of certain retail properties from FirstPro Shopping Centres and Wal-Mart Canada Realty Inc.
15. Material Change Report dated August 8, 2005 regarding the Trust's appointment of Marc Charlebois as Chief Operating Officer of the Trust, effective September 1, 2005.
16. Material Change Report dated September 15, 2005 regarding the Trust's agreement to issue \$200,000,000 principal amount of Series A senior unsecured debentures with a maturity date of September 22, 2010 and a coupon rate of 4.51%.
17. Material Change Report dated September 22, 2005 regarding the Trust's closing of its sale of \$200,000,000 of Series A senior unsecured debentures with a maturity date of September 22, 2010 and a coupon rate of 4.51%.
18. Material Change Report dated November 25, 2005 regarding the Trust's agreement to issue 4,256,000 trust units at a price of \$23.50 per unit and for gross proceeds of \$100,016,000.

19. Material Change Report dated December 8, 2005 regarding the Trust's closing of its sale of 4,256,000 trust units at a price of \$23.50 per unit and for gross proceeds of \$100,016,000.
20. Material Change Report dated March 31, 2006 regarding the Trust's agreement to issue 8,500,000 trust units at a price of \$26.60 per unit and for gross proceeds of \$226,000,000.
21. Material Change Report dated October 12, 2006, regarding the Trust's agreement to issue \$250,000,000 principal amount of Series B senior unsecured debentures.
22. Material Change Report dated October 26, 2006, regarding (i) the Trust's conditional agreements with SmartCentres to acquire or lease interests in 16 properties, for aggregate consideration of approximately \$440,000,000 and additional amounts payable as the recently constructed properties and raw land are built out, and (ii) Calloway's announcement to internalise the management of the majority of Calloway's shopping centres.
23. Material Change Report dated November 23, 2006, regarding the Trust's agreement to issue, on a bought deal basis, 7,680,000 trust units for \$29.30 per Unit for gross proceeds of approximately \$225 million. Calloway has granted the underwriters an option exercisable, until 48 hours prior to closing, to purchase up to an additional 1,200,000 units at the same offering price. In addition, Calloway has granted the underwriters an over-allotment option, exercisable in whole or in part at any time until 30 days after closing, to purchase up to an additional 1,332,000 Units at the same offering price. A syndicate led by CIBC World Markets Inc. and RBC Capital Markets is acting as underwriters for the offering of the Units.
24. Material Change Report dated December 12, 2006 with regards to the Trust completing the internalization of its property management business, acquiring seven properties, and entering into long-term leases on an additional four properties, thereby partially completing its previously announced transaction with SmartCentres.
25. Preliminary Base Shelf Short Form Prospectus dated September 6, 2005.

FORM 51-102F3
MATERIAL CHANGE REPORT

RECEIVED
2006 DEC 21 A 6:11
SECURITIES AND INVESTMENT BOARD OF CANADA

Item 1 Name and Address of Company:

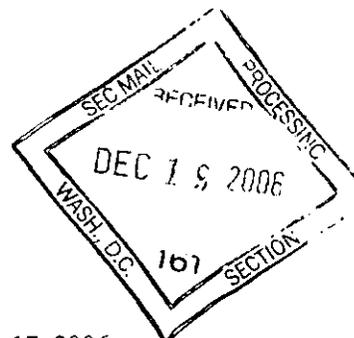

Calloway Real Estate Investment Trust
200, 700 Applewood Crescent
Vaughan, ON L4K 5X3

Item 2 Date of Material Change:

November 21, 2006

Item 3 News Release:

A press release describing the transaction was issued on November 17, 2006.

Item 4 Summary of Material Change:

Calloway Real Estate Investment Trust ("Calloway") announced that it has agreed to issue, on a bought deal basis, 7,680,000 trust units (the "Units") for \$29.30 per Unit for gross proceeds of approximately \$225 million. Calloway has granted the underwriters an option (the "Underwriters' Option"), exercisable until 48 hours prior to closing, to purchase up to an additional 1,200,000 units at the same offering price. In addition, Calloway has granted the underwriters an over-allotment option (the "Over-Allotment Option"), exercisable in whole or in part at any time until 30 days after closing, to purchase up to an additional 1,332,000 Units at the same offering price. A syndicate led by CIBC World Markets Inc. and RBC Capital Markets is acting as underwriters for the offering of the Units.

Item 5 Full Description of Material Change:

Calloway Real Estate Investment Trust ("Calloway") announced that it has agreed to issue, on a bought deal basis, 7,680,000 trust units (the "Units") for \$29.30 per Unit for gross proceeds of approximately \$225 million. Calloway has granted the underwriters an option (the "Underwriters' Option"), exercisable until 48 hours prior to closing, to purchase up to an additional 1,200,000 units at the same offering price. In addition, Calloway has granted the underwriters an over-allotment option (the "Over-Allotment Option"), exercisable in whole or in part at any time until 30 days after closing, to purchase up to an additional 1,332,000 Units at the same offering price. A syndicate led by CIBC World Markets Inc. and RBC Capital Markets is acting as underwriters for the offering of the Units.

This offering is being made by way of prospectus supplement to be filed in all provinces of Canada. Closing is expected to occur on or about November 30, 2006, subject to regulatory approval. Purchasers of the Units under this offering will be entitled to receive the distribution expected to be paid on December 15, 2006 to unitholders of record on November 30, 2006.

The net proceeds from the offering will be used by Calloway to finance future acquisitions and for general trust purposes.

On October 31, 2006, the Minister of Finance (Canada) announced proposed changes to the taxation of certain publicly-traded flow-through entities referred to as "specified investment flow-throughs" or

"SIFTs". The proposed changes (the "October 31 Proposals") were described generally in a backgrounder ("Backgrounder") released by the Department of Finance (Canada) and a subsequent Notice of Ways and Means Motion ("Notice of Ways and Means Motion") tabled October 31, 2006. To date, draft legislation relating to the October 31 Proposals has yet to be released. Under the October 31 Proposals, certain income trusts that would otherwise be SIFTs will be excluded from the SIFTs definition. These are income trusts (commonly known as "real estate investment trusts") that meet a series of conditions relating to the nature of their income and investments. Based on the Backgrounder and Notice of Ways and Means Motion, management of Calloway believes that it should meet the conditions for qualification for this exclusion; however, no final determination can be made until the legislation incorporating the October 31 Proposals is released. If, under the specific legislation that is enacted to give effect to the October 31 Proposals, Calloway does not qualify for the exclusion from the SIFTs definition, Calloway would consider reorganizing its assets and operations in order to qualify for such exclusion, provided such a reorganization was in the best interests of the Unitholders.

2006 DEC 21 11:06 AM
1152 DEPT. OF REVENUE
TORONTO, ONTARIO

Item 1 Name and Address of Company:

Calloway Real Estate Investment Trust
700 Applewood Crescent, Suite 200
Vaughan, Ontario L4K 5X3

Item 2 Date of Material Change:

December 11, 2006

Item 3 News Release:

A press release describing the transaction was issued on December 12, 2006

Item 4 Summary of Material Change:

Calloway Real Estate Investment Trust ("Calloway") announced it has completed the internalization of its property management business and the acquisition of seven properties and has entered into long-term leases on an additional four properties, partially completing its previously announced transaction with SmartCentres. Five shopping centres remain under contract and are scheduled to close by December 31, 2006.

Item 5 Full Description of Material Change:

Calloway Real Estate Investment Trust ("Calloway") announced it has completed the internalization of its property management business and the acquisition of seven properties and has entered into long-term leases on an additional four properties, partially completing its previously announced transaction with SmartCentres. Five shopping centres remain under contract and are scheduled to close by December 31, 2006.

Upon completion of the property acquisitions, Calloway will have acquired nine operating shopping centres, containing 1.6 million square feet of leased area and 0.6 million square feet of expansion potential, and 7 development properties with 1.8 million of potential leaseable area.

The total consideration of the transaction includes approximately \$380 million for the operating properties at an estimated yield of approximately 6.1%, \$46 million for the undeveloped land and \$14 million for the property management business. Interests in five of the properties, for initial consideration of \$219 million, will be by way of prepaid 80-year leases with the right to acquire the free-hold interest at the end of the lease term. The purchase price will be satisfied by the assumption of \$230 million in existing mortgage financing, the issuance of approximately \$41.4 million in Calloway LP Units that are convertible into Calloway REIT Units at a price per unit of \$29.30, of which, Mr. Mitchell Goldhar will receive approximately \$16.7 million, and the balance in cash and preferred debt. The consideration paid with respect to the initial eleven properties totals \$235 million, including \$10.2 million for future expansion and development lands.

The acquisitions comprise of the following properties:

- (2) Leased property
- (3) 37.5% is leased
- (4) 25.0% is leased

The 2.4 million square feet in future development potential in the 16 properties will be completed by SmartCentres under development agreements. Calloway estimates that it will invest an additional \$555 million in these properties as new buildings are completed and as tenants lease new space, at an estimated yield of over 6.5%. SmartCentres will have the option to provide up to \$130 million in financing for these developments, by subscribing for REIT units or Class "B" Exchangeable LP Units at a price per unit, ranging from \$29.55 to \$33.00.

In connection with the acquisition of the initial eleven properties, Mr. Mitchell Goldhar, the major vendor, president and CEO of SmartCentres, received 206,935 Class "B" Exchangeable Units of Calloway LP at a price of \$29.30 per unit and 206,935 Special Voting Units of Calloway. In addition, Mr. Goldhar also received 2,550,000 Class "C" Exchangeable Units of Calloway LP and rights to acquire 351,416 units of the REIT on the completion and rental of certain properties. The Class "C" Exchangeable LP Units are exchangeable into Class "B" LP Units and have nominal value. Mr. Goldhar holds 9,157,389 units of the REIT, representing approximately 12.2% of the total issued and outstanding units which, together with the Class "B" and associated Special Voting Units represent a 22.5% voting interest in Calloway. Including prior rights to acquire Calloway units or Class "B" and associated Special Voting Units, Mr. Goldhar will be able to increase his economic and voting interest in Calloway to as much as 33.0% as such properties are completed and rented. Mr. Goldhar has no present intention of acquiring any additional units or securities convertible into units other than pursuant to the foregoing. A report under National Instrument 62-103 further detailing Mr. Goldhar's holdings in Calloway will be filed within two business days on the Canadian Securities Administrators' System for Electronic Document Analysis and Retrieval (SEDAR) at www.sedar.com.

Item 9 Date of Report

Dated December 12, 2006

A copy of this preliminary short form prospectus has been filed with the securities regulatory authorities in each of the provinces of Canada but has not yet become final for the purpose of the sale of securities. Information contained in this preliminary short form prospectus may not be complete and may have to be amended. The securities may not be sold until a receipt for the short form prospectus is obtained from the securities authorities.

This short form prospectus is a base shelf prospectus. This short form prospectus has been filed under legislation in each of the provinces of Canada that permit certain information about these securities to be determined after this prospectus has become final and that permit the omission from this short form prospectus of that information. The legislation requires the delivery to purchasers of a prospectus supplement containing the omitted information within a specified period of time after agreeing to purchase any of these securities.

No securities regulatory authority has expressed an opinion about these securities and it is an offence to claim otherwise. The securities offered hereby have not been, and will not be, registered under the United States Securities Act of 1933, as amended and, subject to certain exceptions, may be not be offered or sold in the United States or to U.S. persons.

Information has been incorporated by reference in this short form prospectus from documents filed with securities commissions or similar authorities in Canada. Copies of the documents incorporated herein by reference may be obtained on request without charge from the Chief Financial Officer of Calloway Real Estate Investment Trust at 310, 855 - 8th Avenue SW, Calgary, Alberta T2P 3P1 (Telephone (403) 266-6442). For the purposes of the Province of Quebec, this simplified prospectus contains information to be completed by consulting the permanent information record. A copy of the permanent information record may be obtained from the Chief Financial Officer of the issuer at the above mentioned address and telephone number.

PRELIMINARY BASE SHELF SHORT FORM PROSPECTUS

New Issue

September 6, 2005

\$2,000,000,000

Debt Securities

Units
and
Subscription Receipts

RECEIVED
2005 DEC 9 1 A M
REGISTRATION DEPARTMENT

Calloway Real Estate Investment Trust (“Calloway” or the “Trust”) may from time to time during the 25-month period that this short form base shelf prospectus (the “Prospectus”), including any amendments hereto, remains valid, offer for sale and issue trust units of the Trust (“Units”), subscription receipts (“Subscription Receipts”) and debt securities, which may consist of debentures, notes or other types of debt and may be issuable in series (the “Debt Securities”) and together with the Units and Subscription Receipts, the “Trust Securities”). The Trust may sell up to \$2,000,000,000 in the aggregate of initial offering price of Trust Securities (or its equivalent in any other currency used to denominate the Trust Securities at the time of the offering) at any time.

The specific terms of any Trust Securities offered will be described in one or more shelf prospectus supplements (collectively or individually, as the case may be, a “Prospectus Supplement”), including, where applicable: (i) in the case of Units, the number of Units being offered, the offering price and any other specific terms; (ii) in the case of Subscription Receipts, the number of Subscription Receipts being offered, the offering price, the procedures for the exchange of the Subscription Receipts for Units and any other specific terms; and (iii) in the case of Debt Securities, the specific designation, the aggregate principal amount being offered, the denominations, the currency, the issue and delivery date, the maturity date, the issue price (or the manner of determination thereof if offered on a non-fixed price basis), the interest rate (either fixed or floating, and, if floating, the manner of calculation thereof), the interest payment date(s), the redemption, the exchange or conversion provisions (if any), the repayment terms, the form (either global or definitive), the authorized denominations and any other specific terms. A Prospectus Supplement may include specific variable terms pertaining to the Trust Securities that are not within the alternatives and parameters described in this Prospectus.

Calloway may sell Trust Securities to or through underwriters or dealers or to purchasers directly or through agents. Please see “Plan of Distribution”. A Prospectus Supplement will set out the names of any underwriters, dealers or agents involved in the sale of the Trust Securities, the principal amount (if any) to be purchased by underwriters and the compensation of such underwriters, dealers or agents. Unless otherwise indicated in a Prospectus Supplement, an offering of Trust Securities will be subject to approval of certain legal matters on behalf of Calloway by Shea Nerland Calnan, Calgary, Alberta.

The Units are listed on the Toronto Stock Exchange (the “TSX”) under the symbol “CWT.UN”.

Unless otherwise specified in the applicable Prospectus Supplement, the Subscription Receipts and Debt Securities will not be listed on any securities exchange. Accordingly, unless so specified, there will be no market through which these securities may be sold and purchasers may not be able to resell securities purchased under this Prospectus.

FORWARD-LOOKING STATEMENTS

Certain statements contained in this Prospectus, including those contained in certain documents incorporated by reference in this Prospectus, constitute "forward-looking statements". All statements, other than statements of historical fact, in this Prospectus and in documents incorporated by reference in this Prospectus that address activities, events or developments that Calloway or a third party expects or anticipates will or may occur in the future, including Calloway's future growth, results of operations, performance and business prospects and opportunities, and the assumptions underlying any of the foregoing, are forward-looking statements. These forward-looking statements reflect Calloway's current beliefs (or current beliefs at the time such statements were made, as the case may be) and are based on information currently available (or then currently available, as the case may be) to Calloway and on assumptions Calloway believes (or believed, as the case may be) are reasonable. Actual results and developments may differ materially from results and developments discussed in the forward-looking statements as they are subject to a number of significant risks and uncertainties, including those discussed under "Risk Factors" and elsewhere in this Prospectus. Certain of these risk factors and uncertainties are beyond Calloway's control. Consequently, all of the forward-looking statements made in this Prospectus and in documents incorporated by reference in this Prospectus are qualified by these cautionary statements and other cautionary statements or factors contained herein, and there can be no assurance that the actual results or developments will be realized or, even if substantially realized, that they will have the expected consequences to, or effects on, Calloway. These forward-looking statements are made as of the date of this Prospectus (or the date of the applicable document incorporated by reference, as the case may be) and Calloway assumes no obligation to update or revise them to reflect subsequent information, events or circumstances unless otherwise required by applicable securities legislation.

DOCUMENTS INCORPORATED BY REFERENCE

Information has been incorporated by reference in this short form prospectus from documents filed with securities commissions or similar authorities in Canada. Copies of the documents incorporated herein by reference may be obtained on request without charge from the Chief Financial Officer of Calloway Real Estate Investment Trust at 310, 855 – 8th Avenue SW, Calgary, Alberta T2P 3P1 (Telephone (403) 266-6442). For the purposes of the Province of Quebec, this simplified prospectus contains information to be completed by consulting the permanent information record. A copy of the permanent information record may be obtained from the Chief Financial Officer of Calloway at the above mentioned address and telephone number.

The following documents of Calloway, which have been filed with the securities commission or similar authority in each of the provinces of Canada, are specifically incorporated by reference into and form an integral part of this Prospectus:

- (a) the Annual Information Form of the Trust dated March 22, 2005 (the “**Annual Information Form**”);
- (b) the audited annual comparative consolidated financial statements of the Trust as at and for the year ended December 31, 2004 together with the notes thereto and the auditors’ report thereon;
- (c) management’s discussion and analysis of financial condition and results of operations of the Trust for the annual comparative financial statements referred to in paragraph (a) above;
- (d) the unaudited interim comparative consolidated financial statements of the Trust for the three and six month periods ended June 30, 2005 together with the notes thereto;
- (e) management’s discussion and analysis of financial condition and results of operations of the Trust for the interim comparative financial statements referred to in paragraph (d) above;
- (f) the audited schedules of combined net operations for certain prior acquisitions of the Trust for the years ended December 31, 2003, 2002 and 2001 together with the notes thereto and the auditors report thereon, all of which can be found at pages F-20 to F-24 (the “**Centres**”) and pages F-26 to F-31 (the “**Centres II**”) of the Trust’s prospectus dated April 30, 2004;
- (g) the business acquisition report of the Trust dated February 11, 2005 including the audited schedules of combined net operations for certain prior acquisitions (the “**Phase I Centres**”) of the Trust for the years ended December 31, 2003 and 2002 together with the notes thereto and the auditors report thereon and the unaudited interim comparative schedules of combined net operations for such acquisitions for the nine month periods ended September 30, 2004 and 2003, all of which can be found at pages 19 to 24 of that business acquisition report;
- (h) the business acquisition report of the Trust dated May 10, 2005 including the audited schedules of combined net operations for certain prior acquisitions (the “**Phase II Centres**”) of the Trust for the years ended December 31, 2004 and 2003 together with the notes thereto and the auditors report thereon, all of which can be found at pages 6 to 10 of that business acquisition report;
- (i) the management information circular of the Trust dated June 9, 2005 (the “**Management Information Circular**”) other than those portions of the Management Information Circular that, pursuant to National Instrument 44-101 of the Canadian Securities Administrators, are not required to be incorporated by reference herein;
- (j) the material change report of the Trust dated February 16, 2005 relating to (i) an increase in the monthly distributions of the Trust; and (ii) the reaching of an agreement for the Trust to raise approximately \$60 million by the issuance of subscription receipts;
- (k) the material change report of the Trust dated February 24, 2005 relating to the closing of the Trust’s previously announced private placement of subscription receipts for gross proceeds of approximately \$60 million;
- (l) the material change report of the Trust dated March 14, 2005 relating to the completion of the acquisition of the Phase II Centres;
- (m) the material change report of the Trust dated April 19, 2005 relating to the receipt of the approval of the Board of Trustees of the Trust and the conditional agreements for the acquisition of the interests in certain properties (the “**Centres V**”);

- (n) the material change report of the Trust dated May 16, 2005 relating to amendments to the conditional agreements for the acquisition of interests in the Centres V;
- (o) the material change report of the Trust dated June 3, 2005 relating to an agreement of the Trust to raise up to \$175 million by the issuance of subscription receipts;
- (p) the material change report of the Trust dated June 10, 2005 relating to an increase in the size of the aforementioned subscription receipt offering to up to \$225 million;
- (q) the material change report dated June 23, 2005 relating to the closing of the Trust's previously announced private placement of subscription receipts for gross proceeds of approximately \$225 million;
- (r) the material change report dated July 15, 2005 announcing that Calloway had completed its previously announced acquisition of the Centres V; and
- (s) the material change report dated August 8, 2005 relating to the appointment of Mr. Marc Charlebois to the position of Chief Operating Officer of the Trust effective September 1, 2005.

All material change reports (excluding confidential material change reports), comparative interim financial statements, comparative annual financial statements and the auditors' report thereon, all management's discussion and analysis of financial condition and results of operation and information circulars (other than those portions that are not required to be incorporated by reference under applicable securities laws) which are filed by Calloway with a securities commission or similar regulatory authority in any of the provinces of Canada after the date of this Prospectus and prior to the termination of the offering shall be deemed to be incorporated by reference into this Prospectus.

Any statement contained in a document incorporated or deemed to be incorporated by reference herein shall be deemed to be modified or superseded, for purposes of this Prospectus, to the extent that a statement contained herein or in any other subsequently filed document that also is or is deemed to be incorporated by reference herein modifies or supersedes such statement. The modifying or superseding statement need not state that it has modified or superseded a prior statement or include any other information set forth in the document that it modifies or supersedes. The making of a modifying or superseding statement shall not be deemed an admission for any purposes that the modified or superseded statement, when made, constituted a misrepresentation, an untrue statement of a material fact or an omission to state a material fact that is required to be stated or that is necessary to make a statement not misleading in light of the circumstances in which it was made. Any statement so modified or superseded shall not be deemed in its unmodified or superseded form to constitute part of this Prospectus.

Upon a new annual information form and the related annual financial statements being filed by Calloway with, and, where required, accepted by the applicable securities regulatory authorities during the currency of this Prospectus, the previous annual information form, the previous annual financial statements and all interim financial statements, material change reports and annual filings or information circulars filed before the commencement of Calloway's fiscal year in which the new annual information form is filed will be deemed no longer to be incorporated by reference into this Prospectus for purposes of future offers and sales of Trust Securities under this Prospectus.

A Prospectus Supplement containing the specific terms in respect of any offering of Trust Securities, updated disclosure of interest coverage ratios (if applicable) and any additional or updated information Calloway may elect to include (provided that such information does not describe a material change that has not already been the subject of a material change report or a prospectus amendment) will be delivered to purchasers of such Trust Securities, together with this Prospectus, and will be deemed to be incorporated into this Prospectus as of the date of such Prospectus Supplement, but only for purposes of the offering of such Trust Securities.

CALLOWAY

Calloway is an unincorporated "open-end" trust constituted in accordance with the laws of the Province of Alberta, pursuant to a declaration of trust that was most recently amended and restated as of July 7, 2005 (the "**Declaration of Trust**"). Calloway was created to invest in income-producing rental properties located in Canada

The objectives of Calloway are: (i) to provide Unitholders with stable and growing cash distributions, payable monthly and, to the maximum extent possible, tax deferred through the acquisition of a portfolio of well-located, large format, unenclosed retail centres in Canada; (ii) to expand the asset base of Calloway and increase its Distributable Income (as defined in the Declaration of Trust, which definition is also included on page 51 of the Management Information Circular) through on-going active management of Calloway's assets and the acquisition of additional large format, unenclosed retail centres or interests therein; and (iii) to enhance the value of Calloway's assets and maximize long-term Unit value through efficient management and proactive leasing.

Calloway intends to invest primarily in large format, unenclosed retail rental properties with strong tenant covenants, stable yields, low vacancy levels and growth potential and to build a geographically diversified portfolio of such properties. Calloway believes it will be able to implement an investment strategy of acquiring additional properties with these characteristics to provide additional cash flow and further enhance the long-term portfolio value. To the extent that opportunities exist, and to the extent that management and the board of trustees of Calloway believe such opportunities are beneficial to Unitholders, Calloway will continue to acquire well-anchored large format, unenclosed retail centres.

The principal office of Calloway is currently at 310, 85th Avenue SW, Calgary, Alberta T2P 3P1. The Units of Calloway trade on the TSX under the symbol "CWT.UN". The 6% convertible unsecured subordinated debentures due June 30, 2014 of Calloway trade on the TSX under the trading symbol "CWT.DB".

Although Calloway is a "mutual fund trust" as defined in the *Income Tax Act* (Canada), Calloway is not a "mutual fund" and is not subject to the requirements of Canadian mutual fund policies and regulations under Canadian securities legislation.

Calloway is not a trust company and, accordingly, is not registered under the *Trust and Loan Companies Act* (Canada) or the trust company legislation of any province as it does not carry on, nor does it intend to carry on, the business of a trust company.

USE OF PROCEEDS

The use of proceeds from the sale of Trust Securities will be described in a Prospectus Supplement relating to a specific issuance of Trust Securities. Calloway may use net proceeds from the sale of Trust Securities to repay indebtedness outstanding from time to time, to fund the purchase of real property and other investments as permitted by the Declaration of Trust, for capital expenditures and for other general purposes.

EARNINGS COVERAGE RATIOS

After giving pro forma effect to the significant acquisitions as set out in the unaudited pro forma consolidated financial statements as at and for the six months ended June 30, 2005 and for the year ended December 31, 2004 included in the Prospectus which include the issuances of long-term debt and changes in indebtedness not reflected in the unaudited interim comparative consolidated financial statements of Calloway for the six month period ended June 30, 2005 or the audited annual comparative consolidated financial statements of the Trust as at and for the year ended December 31, 2004, Calloway's interest requirements for the twelve months ended December 31, 2004 and for the twelve months ended June 30, 2005, after giving effect to the pro forma transactions referred to above, would have been \$77,675,000 and \$78,261,000, respectively, and its net income (before deducting interest expense and income taxes) for such periods would have been \$83,704,000 and \$99,248,000, respectively, which is 1.08 and 1.27 times Calloway's interest requirements for such periods, respectively.

The following table sets out the earnings coverage ratios discussed above.

	For the 12 months ended June 30 2005 ⁽¹⁾	For the 12 months ended December 31, 2004 ⁽¹⁾
	(Pro forma)	(Pro forma)
Interest Expense (\$)	77,102,000	76,697,000
Capitalized Interest (\$)	1,159,000	978,000
Denominator for Earnings Coverage Ratio (\$)	78,261,000	77,675,000
Net Income (\$)	22,146,000	7,007,000
Income Taxes (\$) ⁽²⁾	-	-
Interest Expense (\$)	77,102,000	76,697,000
Numerator for Earnings Coverage Ratio (\$)	99,248,000	83,704,000
Earnings Coverage Ratio	1.27	1.08

Notes:

- (1) Pro forma numbers give effect to the significant acquisitions and related debt all as set out in the unaudited pro forma consolidated financial statements as at and for the six months ended June 30, 2005 and for the year ended December 31, 2004. The significant acquisitions include properties for which certain tenant premises were under construction during the pro forma periods. As a result, the pro forma Net Income includes rents from such tenants only from the dates that the premises were occupied by the tenants and does not represent the total annual rent payable by such tenants. Interest Expense is determined, however, on the basis that the full amount of the debt incurred to acquire the completed properties was outstanding for the entire pro forma periods.
- (2) Calloway is taxed as a mutual fund trust for income tax purposes. Calloway intends to distribute all taxable income directly earned by Calloway directly to unitholders and to deduct such distributions for income tax purposes.

Each series of Debt Securities will contain covenants with respect to the interest coverage ratios that Calloway will be required to maintain. These coverage ratios will be described in the applicable Prospectus Supplement and will differ from the earnings coverage ratios set forth above, which are based on earnings and calculated in accordance with applicable Canadian securities law disclosure requirements.

DESCRIPTION OF TRUST SECURITIES

The following is a summary of the material attributes and characteristics of the Trust Securities. This summary does not purport to be complete.

Units

This section describes the general terms that will apply to any Units that may be offered by the Trust pursuant to this Prospectus. For a complete summary of the general terms that apply to Units of the Trust, see "Declaration of Trust and Description of Units" in the Trust's Annual Information Form and see "Fourth Amended and Restated Declaration of Trust" in the Trust's Management Information Circular each of which are incorporated by reference in this Prospectus.

The Units may be offered separately or together with the Subscription Receipts or the Debt Securities, as the case may be.

An unlimited number of Units may be issued pursuant to the Trust's Declaration of Trust. Each Unit is transferable and represents an equal undivided beneficial interest in any distributions from the Trust, whether of net income, net realized capital gains (other than net realized capital gains distributed to redeeming Unitholders) or other amounts, and in the net assets of the Trust in the event of termination or winding-up of the Trust.

All Units are of the same class with equal rights and privileges. The Units are not subject to future calls or assessments, and entitle the holders thereof to one vote for each whole Unit held at all meetings of Unitholders.

Subscription Receipts

This section describes the general terms that will apply to any Subscription Receipts that may be offered by the Trust pursuant to this Prospectus.

Subscription Receipts may be offered separately or together with the Units or the Debt Securities, as the case may be. The Subscription Receipts will be issued under a subscription receipt agreement.

The applicable Prospectus Supplement will include details of the subscription receipt agreement covering the Subscription Receipts being offered. The following sets forth certain general terms and provisions of the Subscription Receipts offered under this Prospectus. The specific terms of the Subscription Receipts, and the extent to which the general terms described in this section apply to those Subscription Receipts, will be set forth in the applicable Prospectus Supplement.

The particular terms of each issue of Subscription Receipts will be described in the related Prospectus Supplement. Such description will include, where applicable:

- the number of Subscription Receipts;
- the price at which the Subscription Receipts will be offered;
- the procedures for the exchange of the Subscription Receipts into Units;
- the number of Units that may be exchanged upon exercise of each Subscription Receipt;
- the designation and terms of any other Securities with which the Subscription Receipts will be offered, if any, and the number of Subscription Receipts that will be offered with each Security;
- material Canadian tax consequences of owning the Subscription Receipts (if any); and
- any other material terms and conditions of the Subscription Receipts.

Debt Securities

This section describes the general terms that will apply to any Debt Securities that may be offered by the Trust pursuant to this Prospectus.

The Debt Securities may be offered separately or together with the Units or the Subscription Receipts, as the case may be.

The following sets forth certain general terms and provisions of the Debt Securities offered under this Prospectus. The specified terms and provisions of the Debt Securities offered pursuant to an accompanying Prospectus Supplement, and the extent to which the general terms described in this section apply to those Debt Securities, will be set forth in the applicable Prospectus Supplement.

The Debt Securities will be direct unsecured obligations of the Trust. The Debt Securities will be senior or subordinated indebtedness of the Trust as described in the relevant Prospectus Supplement. In the event of the insolvency or winding-up of the Trust, the subordinated indebtedness of the Trust, including the subordinated Debt Securities, will be subordinate in right of payment to the prior payment in full of all other liabilities of the Trust (including senior indebtedness), except those which by their terms rank equally in right of payment with or are subordinate to such subordinated indebtedness.

The Debt Securities will be issued under one or more indentures (each, a "**Debt Security Indenture**"), in each case between the Trust and a trustee (each, a "**Debt Security Trustee**"), as trustee. The statements made hereunder relating to any Debt Security Indenture and the Debt Securities to be issued thereunder are summaries of certain anticipated provisions thereof and do not purport to be complete and are subject to, and are qualified in their entirety by reference to, all provisions of the applicable Debt Security Indenture.

Each Debt Security Indenture may provide that Debt Securities may be issued thereunder up to the aggregate principal amount which may be authorized from time to time by the Trust.

The particular terms of each issue of Debt Securities will be described in the related Prospectus Supplement. This description will include, where applicable:

- the designation, aggregate principal amount and authorized denominations of such Debt Securities;

- the currency or currency units for which the Debt Securities may be purchased and the currency or currency unit in which the principal and any interest is payable (in either case, if other than Canadian dollars);
- the percentage of the principal amount at which such Debt Securities will be issued;
- the date or dates on which such Debt Securities will mature;
- the rate or rates per annum at which such Debt Securities will bear interest (if any), or the method of determination of such rates (if any);
- the dates on which any such interest will be payable and the record dates for such payments;
- the Debt Security Trustee under the Debt Security Indenture pursuant to which the Debt Securities are to be issued;
- the designation and terms of any Securities with which the Debt Securities will be offered, if any, and the number of Debt Securities that will be offered with each Security;
- whether the Debt Securities are subject to redemption or call and, if so, the terms of such redemption or call provisions;
- whether such Debt Securities are to be issued in registered form, bearer form or in the form of temporary or permanent global securities and the basis of exchange, transfer and ownership thereof;
- any exchange or conversion terms;
- whether the Debt Securities will be subordinated to other liabilities of the Trust;
- material Canadian tax consequences of owning the Debt Securities, if any; and
- any other material terms and conditions of the Debt Securities.

Debt Securities of a single series may be issued at various times with different maturity dates, may bear interest at different rates and may otherwise vary.

PLAN OF DISTRIBUTION

Calloway will sell the Trust Securities to or through underwriters or dealers or purchasers directly or through agents. The Trust Securities may be sold from time to time in one or more transactions at a fixed price or prices, which may be changed or at market prices prevailing at the time of sale, at prices related to such prevailing market prices or at negotiated prices.

A Prospectus Supplement will set forth the terms of the offering, including the name or names of any underwriters, dealers or agents, the purchase price or prices of the Trust Securities, the proceeds to Calloway from the sale of the Trust Securities, any initial public offering price (or the manner of determination thereof if offered on a non-fixed price basis), any underwriting discount or commission and any discounts, concessions or commissions allowed or reallocated or paid by any underwriter to other dealers. Any initial public offering price and any discounts, concessions or omissions allowed or reallocated or paid to dealers may be changed from time to time.

Each series or issue of Debt Securities will be a new issue of securities with no established trading market. Unless otherwise specified in a Prospectus Supplement relating to an issue of Debt Securities, the Debt Securities will not be listed on any securities or stock exchange. In connection with any offering of Trust Securities, the underwriters may over-allot or effect transactions that stabilize or maintain the market price of the Trust Securities offered at a level above that which might otherwise prevail in the open market. Such transactions, if commenced, may be discontinued at any time. Any underwriters or agents to or through whom Trust Securities are sold by Calloway may make a market in the Trust Securities, but they will not be obligated to do so and may discontinue any market making at any time without notice. No assurance can be given that a trading market in any of the Trust Securities will develop or as to the liquidity of any trading market for the Trust Securities.

Underwriters, dealers and agents who participate in the distribution of the Trust Securities may be entitled under agreements to be entered into with Calloway to indemnification by Calloway against certain liabilities including liabilities under securities legislation, or to contribution with respect to payments that they may be required to make in respect thereof. Such underwriters, dealers and agents may be customers of, engage in transactions with, or perform services for Calloway in the ordinary course of business.

The Trust Securities have not been and will not be registered under the United States Securities Act of 1933 (the "U.S. Securities Act"). Accordingly, except in certain transactions exempt from the registration requirements of the U.S. Securities Act, the Trust Securities may not be offered, sold or delivered within the United States, and each underwriter or agent will agree that it will not offer, sell or deliver the Trust Securities within the United States. In addition, until 40 days after the commencement of an offering of Trust Securities, an offer or sale of such Trust Securities within the United States by a dealer (whether or not participating in the offering) may violate the registration requirements of the U.S. Securities Act.

RECENT DEVELOPMENTS

On July 7, 2005, the unitholders of Calloway approved the acquisition by Calloway of freehold and leasehold interests in 35 retail properties and ten parcels of development land. The 35 retail properties comprise 5,421,000 square feet of existing newly constructed retail space in 35 shopping centres and the development lands provide Calloway the opportunity to construct an additional ten shopping centres with 1,194,000 square feet of retail space on completion.

On July 8, 2005, Calloway completed the acquisition of the interests in the 35 retail properties and four of the ten parcels of development land for consideration of approximately \$1.142 billion including transaction costs. Six of the parcels of development land were subject to *unfilled* conditions at July 8, 2005. Subsequently, Calloway completed the acquisition of one additional parcel and expects to complete the acquisition of the remaining five parcels once conditions are satisfied. The estimated acquisition cost for the six parcels of development land not acquired on July 8, 2005 is \$32.9 million. The unaudited pro forma consolidated balance sheet of the Trust as at June 30, 2005, and the unaudited pro forma consolidated statements of income for the six months ended June 30, 2005 and for the year ended December 31, 2004 have been prepared to reflect the acquisition on July 8, 2005 of the interests in 35 retail properties and four parcels of development land and the expected acquisition of the additional six parcels of development land.

Subsequent to the announcement by Calloway of the agreement to purchase the freehold and leasehold interests in the 35 retail properties and ten parcels of development lands noted above, Calloway also agreed to acquire an additional 15% interest in the Vaughan Sevenbridge Wal-Mart Centre, an additional 15% interest in the Woodbridge Centre, and an additional 50% interest in the Kenora Wal-Mart Centre (an interest in each of which was included in the original agreement as described in the Management Information Circular) for consideration of approximately \$29.6 million. Calloway closed the acquisitions of these additional interests on July 8, 2005 but has not reflected these acquisitions in the pro forma financial statements included herein.

CONSOLIDATED CAPITALIZATION OF THE TRUST

As at December 31, 2004, the year end of its most recently completed financial year, Calloway had 33,263,171 Units issued and outstanding. From December 31, 2004 to July 31, 2005, 16,508,772 Units, and securities convertible into up to a further 12,594,458 Units, have been issued by Calloway or one of its subsidiaries, either: (i) through the raising of equity financing; (ii) as partial consideration for acquisitions; or (iii) upon the exercise of previously outstanding convertible securities.

As at December 31, 2004, the indebtedness of Calloway, consisting of mortgages payable, capital lease obligations and convertible debentures was \$600,525,000. That indebtedness has since increased by approximately \$864,815,000 primarily due to various acquisitions completed by Calloway.

RISK FACTORS

Prospective investors in a particular offering of the Trust Securities should carefully consider, in addition to information contained in the Prospectus Supplement relating to that offering and the information incorporated by reference herein, the risks described in Calloway's annual information form and management's discussion and analysis which are incorporated by reference herein as at the date of the Prospectus Supplement relating to the particular offering of the Trust Securities.

In addition to the risk factors referenced above, as a result of Calloway's entry into the property development business following the transactions described under "Recent Developments" and further described in the Management Information Circular, Calloway is now also subject to the risks usually attributable to development projects, which include: (i) construction or other unforeseeable delays; (ii) cost overruns; and (iii) the failure of tenants to occupy and pay rent in accordance with lease agreements, some of which are conditional.

LEGAL MATTERS

Certain legal matters relating to the offering of the Trust Securities will be passed upon on behalf of Calloway by Shea Nerland Calnan. As of September 6, 2005, the partners and associates of Shea Nerland Calnan beneficially owned, directly or indirectly, less than 1% of the outstanding units of Calloway. David M. Calnan, a partner of Shea Nerland Calnan, is a member of the board of Trustees of Calloway.

AUDITORS

Calloway's auditors are Kenway Mack Slusarchuk Stewart LLP, Chartered Accountants of 220, 333 – 11th Avenue SW, Calgary, Alberta T2R 1L9.

PURCHASERS' STATUTORY RIGHTS

Securities legislation in certain of the provinces of Canada provides purchasers with the right to withdraw from an agreement to purchase securities. This right may be exercised within two business days after receipt or deemed receipt of a prospectus and any amendment. In several of the provinces, the securities legislation further provides a purchaser with remedies for rescission or, in some jurisdictions, damages if the prospectus and any amendment contains a misrepresentation or is not delivered to the purchaser, provided that such remedies for rescission or damages are exercised by the purchaser within the time limit prescribed by the securities legislation of the purchaser's province. The purchaser should refer to any applicable provisions of the securities legislation of the purchaser's province for the particulars of these rights or consult with a legal adviser.

AUDITORS' CONSENTS

Kenway Mack Slusarchuk Stewart LLP, Chartered Accountants

We have read the preliminary base shelf short form prospectus of Calloway Real Estate Investment Trust (the "Trust") dated September 6, 2005 relating to the issuance and sale of Trust Securities. We have complied with Canadian generally accepted standards for an auditor's involvement with offering documents.

We consent to the use through incorporation by reference in the above-mentioned preliminary base shelf short form prospectus of our report dated February 19, 2005 (except Note 22 which is dated March 2, 2005) on the consolidated balance sheets of the Trust as at December 31, 2004 and 2003 and the consolidated statements of income, unitholders' equity and cash flows for the years ended December 31, 2004 and 2003.

We also consent to the use through incorporation by reference in the above-mentioned preliminary base shelf short form prospectus of our compilation report dated February 11, 2005 on the unaudited pro forma consolidated balance sheet of the Trust as at September 30, 2004 and the unaudited pro forma consolidated statements of income for the nine months ended September 30, 2004 and for the year ended December 31, 2003.

We also consent to the use through incorporation by reference in the above-mentioned preliminary base shelf short form prospectus of our compilation report dated May 5, 2005 on the unaudited pro forma consolidated balance sheet of the Trust as at December 31, 2004 and the unaudited pro forma consolidated statement of income for the year ended December 31, 2004.

We also consent to the use through incorporation by reference in the above-mentioned preliminary base shelf short form prospectus of our compilation report dated June 9, 2005 on the unaudited pro forma consolidated balance sheet of the Trust as at March 31, 2005 and the unaudited pro forma consolidated statements of income for the three months ended March 31, 2005 and for the year ended December 31, 2004.

**CALLOWAY REAL ESTATE INVESTMENT TRUST
PRO FORMA CONSOLIDATED FINANCIAL STATEMENTS
AS AT AND FOR THE SIX MONTHS ENDED JUNE 30, 2005
AND YEAR ENDED DECEMBER 31, 2004
(UNAUDITED)**

**COMPILATION REPORT ON
PRO FORMA FINANCIAL STATEMENTS**

To the Trustees of
Calloway Real Estate Investment Trust

We have read the accompanying unaudited pro forma consolidated balance sheet of Calloway Real Estate Investment Trust ("Calloway") as at June 30, 2005 and the unaudited pro forma consolidated statements of income for the six months ended June 30, 2005 and for the year ended December 31, 2004, and have performed the following procedures:

1. With respect to the unaudited pro forma consolidated balance sheet of Calloway as at June 30, 2005, we have performed the following procedures:
 - a) Compared the amounts in the column captioned "Calloway" to the unaudited consolidated financial statements of Calloway as at June 30, 2005 and found them to be in agreement.
 - b) Compared the amounts in the columns captioned "Centres V" to the summary of the acquisition of the Centres V table presented in Note 3 in the notes to the unaudited pro forma consolidated financial statements and found them to be in agreement.

In addition, we recalculated the aggregate of the amounts in the summary of the acquisition of the Centres V table in Note 3 and found them to be arithmetically correct.
 - c) Recalculated the aggregate of the amounts in the columns captioned "Calloway" and "Centres V" and found the amounts in the column captioned "Pro Forma" to be arithmetically correct.
2. With respect to the unaudited pro forma consolidated statement of income of Calloway for the six months ended June 30, 2005, we have performed the following procedures:
 - a) Compared the amounts in the column captioned "Calloway" to the unaudited consolidated financial statements of Calloway for the six months ended June 30, 2005 and found them to be in agreement.
 - b) Compared the amounts in the columns captioned "Centres V" to Schedule I to the unaudited pro forma consolidated financial statements and found them to be in agreement.
 - c) Recalculated the application of the pro forma adjustments to the aggregate of the dollar amounts in the columns captioned "Calloway" and "Centres V" and found the dollar amounts in the column captioned "Pro Forma" to be arithmetically correct.
 - d) Recalculated the arithmetic accuracy of the net income per unit amounts in the column captioned "Pro Forma" using the pro forma weighted average number of units presented in Note 5 to the notes to the unaudited pro forma consolidated financial statements, and found the per unit amounts to be arithmetically correct.
3. With respect to the unaudited pro forma consolidated statement of income of Calloway for the year ended December 31, 2004, we have performed the following procedures:
 - a) Compared the amounts in the column captioned "Calloway" to the audited consolidated financial statements of Calloway for the year ended December 31, 2004 and found them to be in agreement.

- b) Compared the amounts in the column captioned "Phase II Centres" to the audited schedules of combined net operations of the Phase II Centres for year ended December 31, 2004 and found them to be in agreement.
 - c) Compared the amounts in the column captioned "Centres V" to Schedule I to the unaudited pro forma consolidated financial statements and found them to be in agreement.
 - d) Recalculated the application of the pro forma adjustments to the aggregate of the dollar amounts in the columns captioned "Calloway", "Phase II Centres" and "Centres V" and found the dollar amounts in the column captioned "Pro Forma" to be arithmetically correct.
 - e) Recalculated the arithmetic accuracy of the net income per unit amounts in the column captioned "Pro Forma" using the pro forma weighted average number of units presented in Note 5 in the notes to the unaudited pro forma consolidated financial statements, and found the per unit amounts to be arithmetically correct.
4. With respect to Schedule I to the unaudited pro forma consolidated financial statements, for the six months ended June 30, 2005, we have performed the following procedures:
- a) Compared the amounts in the columns captioned "Centres V Phase I", "Centre V Phase II" and "Centres V Phase III" to unaudited schedules of combined net operations of Centres V Phase I, Centre V Phase II and Centres V Phase III for the six months ended June 30, 2005 prepared by Calloway management and found them to be in agreement.
 - b) Recalculated the aggregate of the amounts in the columns captioned "Centres V Phase I", "Centres V Phase II" and "Centres V Phase III" and found the amounts in the column captioned "Centres V Combined" to be arithmetically correct.
5. With respect to Schedule I to the unaudited pro forma consolidated financial statements, for the year ended December 31, 2004, we have performed the following procedures:
- a) Compared the amounts in the column captioned "Centres V Phase I" to the audited schedules of combined net operations of Centres V Phase I for the year ended December 31, 2004 and found them to be in agreement.
 - b) Compared the amounts in the column captioned "Centres V Phase II" to the audited schedules of combined net operations of Centres V Phase II for the year ended December 31, 2004 and found them to be in agreement.
 - c) Compared the amounts in the column captioned "Centres V Phase III" to the audited schedule of combined net operations of Centres V Phase III for the year ended December 31, 2004 and found them to be in agreement.
 - d) Recalculated the aggregate of the amounts in the columns captioned "Centres V Phase I", "Centres V Phase II" and "Centres V Phase III" and found the amounts in the column captioned "Centres V Combined" to be arithmetically correct.

6. Made enquiries of certain officials of Calloway who have responsibility for financial and accounting matters about:
 - a) the basis for determination of the pro forma adjustments, and
 - b) whether the unaudited pro forma consolidated financial statements comply as to form in all material respects with the requirements of the various Securities Commissions in Canada.

The officials:

- a) described to us the basis for determination of the pro forma adjustments, and
 - b) stated that the unaudited pro forma consolidated financial statements comply as to form in all material respects with the requirements of the various Securities Commissions in Canada.
7. Read the notes to the unaudited pro forma consolidated financial statements and found them to be consistent with the basis described to us for the determination of the pro forma adjustments.

A pro forma financial statement is based on management assumptions and adjustments which are inherently subjective. The foregoing procedures are substantially less than either an audit or a review, the objective of which is the expression of assurance with respect to management's assumptions, the pro forma adjustments, and the application of the adjustments to the historical financial information. Accordingly, we express no such assurance.

The foregoing procedures would not necessarily reveal matters of significance to the unaudited pro forma consolidated financial statements, and we therefore make no representation about the sufficiency of the procedures for the purposes of a reader of such statements.

CALLOWAY REAL ESTATE INVESTMENT TRUST
NOTES TO THE PRO FORMA CONSOLIDATED FINANCIAL STATEMENTS
For the Six months Ended June 30, 2005 and the Year Ended December 31, 2004
(unaudited)

(In thousands of dollars)

I. BASIS OF PRESENTATION

Calloway Real Estate Investment Trust ("Calloway") is an unincorporated open-end real estate investment trust governed by the laws of the Province of Alberta, created under a declaration of trust dated December 4, 2001 subsequently amended and restated on October 24, 2002, October 31, 2003, January 16, 2004 and July 7, 2005.

These unaudited pro forma consolidated financial statements ("pro forma statements") have been prepared by Calloway management for inclusion in the Base Shelf Short Form Prospectus (the "Prospectus") of Calloway dated September 9, 2005 relating to sale and issue from time to time of units of the trust, subscription receipts and debt securities.

During 2004 and 2005, Calloway completed the following significant acquisitions:

- On February 16, 2004, the acquisition of twelve shopping centres ("The Centres") from the Wal-Mart-FirstPro Realty Partnership (the "Partnership").
- On May 14, 2004, the acquisition of twelve shopping centres ("The Centres II") from the Partnership.
- On November 30, 2004, the acquisition of six shopping centres (the "Phase I Centres") from the Partnership.
- On March 10, 2005, the acquisition of 100% undivided interests in three retail properties and 60% undivided interests in five other retail properties (the "Phase II Centres") from Wal-Mart Canada Realty Inc. ("Wal-Mart") and the FirstPro Group of Companies ("FirstPro").
- On July 8, 2005, the acquisition of substantially all of the freehold and leasehold interests in 45 properties described in further detail in Note 3 (the "Centres V") from Wal-Mart, FirstPro and other vendors.

The Centres, The Centres II, Phase I Centres, Phase II Centres and the Centres V are collectively referred to as the "Collective Centres".

These pro forma statements have been prepared from the following financial statements:

- Calloway's unaudited consolidated financial statements for the six months ended June 30, 2005.
- Calloway's audited consolidated financial statements for the year ended December 31, 2004.
- Centres V Phase I ("Centres V-I"), Centres V Phase II ("Centres V-II") and Centres V Phase III ("Centres V-III") unaudited schedules of combined net operations for the six months ended June 30, 2005 which were prepared by Calloway management and are not included or incorporated by reference in the Prospectus.
- Centres V-I, Centres V-II and Centres V-III audited schedules of combined net operations for the year ended December 31, 2004.

CALLOWAY REAL ESTATE INVESTMENT TRUST
NOTES TO THE PRO FORMA CONSOLIDATED FINANCIAL STATEMENTS
For the Six months Ended June 30, 2005 and the Year Ended December 31, 2004
(unaudited)
(In thousands of dollars)

- Phase II Centres audited schedules of combined net operations for the year ended December 31, 2004.

The Centres VI, Centres V-II and Centres V-III net operations for the six months ended June 30, 2005 and for the year ended December 31, 2004 have been combined on Schedule I attached to these pro forma statements and presented in the pro forma consolidated statements of income on a combined basis.

The unaudited pro forma consolidated balance sheet gives effect to the acquisitions of the Centres V as if they had occurred on June 30, 2005. The unaudited pro forma consolidated statements of income for the six months ended June 30, 2005 and for the year ended December 31, 2004 give effect to the acquisitions of the Centres V as if they had occurred on January 1, 2004. Calloway's June 30, 2005 consolidated financial statements contains the actual operations of the Phase II Centres from the date of acquisition by Calloway in 2005 to June 30, 2005. The pro forma consolidated statement of income for the six months ended June 30, 2005 contains adjustments outlined in Note 4 to provide for certain revenues and expenses for the Phase II Centres for the period from January 1, 2005 to the date of acquisition by Calloway in 2005. Calloway's December 31, 2004 consolidated financial statements contains the actual operations of The Centres, The Centres II and the Phase I Centres from various dates of acquisition by Calloway in 2004 to December 31, 2004. The pro forma consolidated statement of income for the year ended December 31, 2004 contains adjustments outlined in Note 4 to provide for certain revenues and expenses for The Centres, The Centres II and the Phase I Centres for the period from January 1, 2004 to the date of acquisition by Calloway in 2004.

The pro forma statements are not necessarily indicative of the results that would have actually occurred, had the transactions reflected therein been in effect on the dates indicated, nor are they necessarily indicative of future operating results or the financial position of Calloway.

2. SIGNIFICANT ACCOUNTING POLICIES

In addition to the policies disclosed below, the accounting policies used in the preparation of the pro forma statements are in accordance with those disclosed in Calloway's audited consolidated financial statements for the year ended December 31, 2004 and Calloway's unaudited consolidated financial statements for the six months ended June 30, 2005. These pro forma statements do not include all of the information and disclosure required by Canadian generally accepted accounting principles ("GAAP"), and therefore should be read in conjunction with the December 31, 2004 and June 30, 2005 consolidated financial statements of Calloway.

(a) Basis of consolidation

As further described herein, a limited partnership ("Calloway LP") was formed to facilitate the acquisition of certain of the Centres V, and Calloway is indirectly a general partner as well as a limited partner. These pro forma statements present the accounts and operations of Calloway Real Estate Investment Trust, its wholly owned subsidiary Calloway Financial Inc., and Calloway LP.

Calloway carries out certain activities through co-ownerships and these investments are accounted for using the proportionate consolidation method.

(b) Exchangeable units

As further described in Note 3, limited partnership units of Calloway LP were issued to FirstPro and other vendors that are exchangeable into units of Calloway. Holders of the exchangeable units are entitled to receive distributions of earnings economically equivalent

NOTES TO THE PRO FORMA CONSOLIDATED FINANCIAL STATEMENTS
For the Six months Ended June 30, 2005 and the Year Ended December 31, 2004
(unaudited)

(In thousands of dollars)

to distributions received by units of Calloway. The units are non-transferable to third parties without first exchanging them for units of Calloway. Accordingly the units are presented, in accordance with the guidance for exchangeable securities issued by subsidiaries of income trusts, as a component of unitholders' equity.

(c) *Leases*

As further described in Note 3, Calloway leased certain properties from FirstPro. Leases are classified as either capital or operating leases. Leases that transfer substantially all of the benefits and inherent risks of ownership of property to Calloway are accounted for as capital leases. At the time a capital lease is entered into, an asset is recorded together with its related long-term obligation to reflect the acquisition and financing. Components of income properties recorded under capital leases are amortized on the same basis as described in the annual financial statements. Rental payments under operating leases are expensed over the period to which they relate.

3. PRO FORMA BALANCE SHEET ADJUSTMENTS AND ASSUMPTIONS

Completed and probable acquisition of the Centres V

Acquisition

On July 7, 2005, the unitholders of Calloway approved the acquisition by Calloway directly or through Calloway LP of the Centres V (consisting of freehold and leasehold interests in thirty-five retail properties and ten parcels of development land) from Wal-Mart, FirstPro and other vendors.

On July 8, 2005, Calloway completed the acquisition of Wal-Mart's 60% freehold interests in eight retail properties and adjacent undeveloped lands with future development potential for \$275,477. Calloway acquired FirstPro and other vendors freehold interests in thirty retail properties and adjacent undeveloped lands for \$656,941 and four of the ten parcels of development land for \$8,965. Calloway also leased interests in three other retail properties, including adjacent undeveloped lands, from FirstPro for a term of 35 years subject to certain early termination events. Calloway prepaid its entire lease obligations under the lease agreements in the amount of \$188,647. Land transfer taxes and other transaction costs amounted to \$12,092, resulting in an aggregate cost at closing to Calloway of \$1,142,122.

The aggregate purchase price was satisfied as follows:

- By non-interest bearing vendor take-back mortgages for the amount of the purchase price for certain of the undeveloped lands		\$33,091
- By assumption of existing mortgages		
- face value	342,863	
- market rate adjustment	<u>22,386</u>	365,249
- By issuance of exchangeable partnership units to FirstPro		250,000
- By cash payment		
- From the net proceeds of new mortgage financing	153,495	
- From the net proceeds of unsecured bridge loan	174,688	
- From the net proceeds of the Private Placement	<u>165,599</u>	<u>493,782</u>
		<u>\$1,142,122</u>

CALLOWAY REAL ESTATE INVESTMENT TRUST
NOTES TO THE PRO FORMA CONSOLIDATED FINANCIAL STATEMENTS
For the Six months Ended June 30, 2005 and the Year Ended December 31, 2004
(unaudited)
(In thousands of dollars)

On July 8, 2005, Calloway acquired four of the ten parcels of development land included in the Centres V. Six parcels of development land were subject to unfulfilled conditions at the time. Subsequently, Calloway has acquired one additional parcel of development land. It is assumed for the purpose of the pro forma statements that Calloway will acquire the remaining six parcels of development land that were not acquired on July 8, 2005 for \$32,928. The purchase price will be satisfied from net proceeds obtained from the Private Placement (described below).

In conjunction with the July 8, 2005 acquisition of the Centres V, Calloway took on a portion of FirstPro's leasing and development operations through an offer of positions to FirstPro employees. Calloway's preliminary assessment is that no material allocation of the purchase price will be assigned to assets acquired and liabilities assumed as a result of the acquisition of these operations.

Calloway assumed existing mortgages on certain of the properties in the amount of \$342,863 and incurred related mortgage assumption fees in the amount of \$1,250. The assumed mortgages have a weighted average interest rate of 6.41% which is in excess of current rates and Calloway received a credit of \$22,386 from the vendors as a mark to market adjustment at closing. The mortgage assumption fees will be amortized to deferred financing costs and the market rate adjustment will be amortized against interest expense over the term of the applicable assumed mortgages.

FirstPro and other vendors subscribed for approximately \$250,000 of Class B exchangeable units (representing 12,594,458 Class B exchangeable units at \$19.85 per unit) of Calloway LP, as partial payment for the Centre V properties acquired by Calloway LP, and 8,500,000 Class C exchangeable units of Calloway LP, representing future potential equity value of the undeveloped lands acquired by Calloway LP.

Holders of the Class B exchangeable units are entitled to cash distributions in amounts equal on a per unit basis to monthly distributions made by Calloway to its unitholders. The Class B exchangeable units carry no voting rights at meetings of Calloway unitholders. Class B exchangeable units are exchangeable on a one for one basis for units of Calloway, at the option of the holder.

Holders of the Class C exchangeable units are not entitled to cash distributions and have no voting rights at meetings of Calloway unitholders. The Class C exchangeable units are exchangeable, on a one for one basis, at the holder's option, into Class B exchangeable units on the completion of certain developments on the undeveloped lands and development land ("Centres V Undeveloped Lands"). The 8,500,000 Class C exchangeable units available for issuance represents FirstPro's right to receive 40% of the estimated proceeds on development of those Centres V Undeveloped Lands acquired by Calloway LP in units priced at \$20.10 per unit. Any Class C exchangeable units that remain outstanding 10 years after the closing of this acquisition will be cancelled.

FirstPro also has the right to receive up to 2,500,000 units of Calloway representing 40% of the estimated proceeds on completion of development of those Centres V Undeveloped Lands acquired directly by Calloway in units priced at \$20.10 per unit.

CALLOWAY REAL ESTATE INVESTMENT TRUST
NOTES TO THE PRO FORMA CONSOLIDATED FINANCIAL STATEMENTS
For the Six months Ended June 30, 2005 and the Year Ended December 31, 2004
(unaudited)

(In thousands of dollars)

Calloway is authorized to issue an unlimited number of Special Voting units which shall be entitled to one vote per unit at meetings of Calloway unitholders but otherwise shall have no economic value. These units provide voting rights but no equity participation. The number of outstanding Special Voting units will be equivalent to the number of outstanding Class B exchangeable units.

FirstPro and other vendors received 12,594,458 (the total of the Class B exchangeable units of Calloway LP issued) Special Voting units. Calloway will issue additional Special Voting units if Class C exchangeable units are exchanged for Class B exchangeable units, with the total outstanding Special Voting units to equal the outstanding Class B exchangeable units. The number of Special Voting units issued to FirstPro and other vendors may increase due to future developments of Centres V Undeveloped Lands acquired by Calloway LP. In addition, FirstPro has been granted the right, under certain circumstances, to receive additional Special Voting units of Calloway in order to maintain a voting interest at a minimum of 25%. This right will expire at the end of five years unless an additional \$800,000 in assets is transferred from FirstPro to Calloway (inclusive of assets which will be acquired by Calloway under existing development agreements) and other conditions are fulfilled, in which case the 25% minimum voting right will extend for an additional five year term.

The Centres V Undeveloped Lands will be developed directly and indirectly by Calloway under the terms of development agreements with FirstPro and Wal-Mart. It is assumed for the purpose of these pro forma statements that these undeveloped lands remain undeveloped and that no material development costs and no earnouts under the terms of these development agreements are incurred during the year ended December 31, 2004 and the six months ended June 30, 2005.

New mortgage financing

Calloway arranged new mortgage financing on four of the retail properties in the amount of \$154,250 at a weighted average interest rate of 5.069%. The net proceeds to Calloway of \$153,495, after deducting financing fees and other costs related to the new mortgage financing, were used by Calloway to partially fund the cash component of the July 8, 2005 acquisition cost of the Centres V.

Unsecured bridge loan

Calloway arranged an unsecured bridge loan facility in the amount of \$175,000 at average interest rates of 4.25%. The net proceeds to Calloway of \$174,688, after deducting financing fees and other costs related to the new unsecured bridge loan, were used by Calloway to partially fund the cash component of the July 8, 2005 acquisition cost of the Centres V.

Private placement

Pursuant to private placements of subscription receipts (the "Private Placement") Calloway issued 11,336,000 trust units at an issuance price of \$19.85 per unit, for net proceeds of \$218,689 (after deducting underwriters' fees and issue costs of \$6,331). Net proceeds of \$165,599 were used by Calloway to partially fund the cash component of the July 8, 2005 acquisition cost of the Centres V. The remaining net proceeds of \$53,090 will be used as follows:

(In thousands of dollars)

- Acquisition of remaining six parcels of development land	\$32,928
- Working capital	<u>20,162</u>
	<u>\$53,090</u>

Summary of the acquisition of the Centres V

A summary of the assets acquired, using the purchase method of accounting based on preliminary allocations, and liabilities assumed or incurred resulting from the completed and probable acquisition of the Centres V is as follows:

Assets			
Income properties			
Tangible assets	\$ 871,519		
Intangible assets	<u>177,453</u>	1,048,972	
Property under development		<u>126,078</u>	
			1,175,050
Deferred financing costs			2,317
Cash			<u>18,912</u>
			<u>1,196,279</u>
Liabilities			
Mortgages payable			
Vendor take-back mortgages	33,091		
Assumed mortgages			
- face value	342,863		
- market rate adjustment	22,386		
New mortgages payable	<u>154,250</u>	552,590	
Unsecured bridge loan			<u>175,000</u>
			<u>727,590</u>
Net assets acquired			<u>\$468,689</u>

Consideration for the net assets acquired was obtained from the following:

Calloway LP Class B exchangeable units	\$250,000
Private Placement of trust units (net of issue costs)	<u>218,689</u>
	<u>\$468,689</u>

4. PRO FORMA STATEMENT OF INCOME ADJUSTMENTS

(a) Revenues and property operating costs

- (i) Rentals from income properties and property operating costs have been increased to provide for rentals from income properties and property operating costs for the Phase II Centres for the period from January 1, 2005 to the respective date of acquisition by Calloway in 2005.

CALLOWAY REAL ESTATE INVESTMENT TRUST
NOTES TO THE PRO FORMA CONSOLIDATED FINANCIAL STATEMENTS
For the Six months Ended June 30, 2005 and the Year Ended December 31, 2004
(unaudited)
(In thousands of dollars)

- (ii) Rentals from income properties and property operating costs have been increased to provide for rentals from income properties and property operating costs for The Centres, The Centres II and the Phase I Centres for the period from January 1, 2004 to the respective date of acquisition by Calloway in 2004.

(b) Interest expense

- (i) Interest expense has been increased to provide for interest on the mortgage financing and the unsecured bridge loan financing assumed or put in place on the Phase II Centres and the Centres V. Interest expense has been decreased for amortization of the market rate adjustment on the Centres V assumed mortgages.
- (ii) Interest expense has been increased to provide for interest on the mortgage financing and the unsecured bridge loan financing assumed or put in place on the Collective Centres. Interest expense has been decreased for amortization of the market rate adjustment on the Centres V assumed mortgages.
- (iii) Interest expense has been increased to provide for interest and accretion on the convertible debentures that were issued in connection with the acquisition of The Centres II.

(c) Amortization of income properties

- (i) Amortization of income properties has been increased to provide for amortization of the tangible components and the intangible components of the Phase I Centres and the Centres V purchase price.
- (ii) Amortization of income properties has been increased to provide for amortization of the tangible components and the intangible components of the Collective Centres' purchase price.

(d) Amortization of deferred expenses

- (i) Amortization of deferred leasing costs has been decreased to eliminate the historical amortization of deferred expenses on the Phase II Centres and/or the Centres V.
- (ii) Amortization of the deferred financing costs has been increased to provide for amortization of deferred financing fees incurred on the mortgage financing and the unsecured bridge loan financing of the Phase II Centres and the Centres V.
- (iii) Amortization of deferred financing costs has been increased to provide for amortization of deferred financing fees incurred on the mortgage financing, the convertible debenture financing and the unsecured bridge loan financing of the Collective Centres.

(In thousands of dollars)

(e) **General and administrative**

No adjustments have been made to reflect the probable increased general and administrative expenses of Calloway resulting from the increased property portfolio, expenses related to the relocation of the head office and turnover in senior management including bonuses, nor compensation expense associated with establishment of the deferred unit plan for trustees and officers approved by the unitholders July 7, 2005.

5. WEIGHTED AVERAGE NUMBER OF UNITS

The following table presents the weighted average number of units for use in the calculation of pro forma basic and diluted net income per unit:

	<u>June 30, 2005</u>	<u>December 31, 2004</u>
Weighted average number of units	35,540,215	26,190,956
Adjustment for units issued in connection with the acquisition of the Centres V on the basis that the units were issued at the beginning of the period		
Calloway LP Class B exchangeable units	12,594,458	12,594,458
Private Placement of trust units	11,336,000	11,336,000
Adjustment for units issued in connection with the acquisitions of The Centres, The Centres II, the Phase I Centres and the Phase II Centres on the basis that the units were issued at the beginning of the period	<u>1,182,149</u>	<u>8,971,100</u>
Weighted average number of units for basic net income per unit	60,652,822	59,092,514
Effect of dilutive securities		
Unit option plan & warrants	<u>119,093</u>	<u>296,237</u>
Weighted average number of units for diluted net income per unit	<u>60,771,915</u>	<u>59,388,751</u>

6. INCOME TAXES

Properties purchased from FirstPro and other vendors by Calloway LP were acquired with an income tax base which is \$250,000 lower than the assigned acquisition costs. Under the terms of the Calloway LP partnership agreement, any taxable income of Calloway LP will be allocated to all Calloway LP unitholders prorata based on distributions made by Calloway LP.

7. RELATED PARTY TRANSACTIONS

A nominee of FirstPro owned or controlled directly and indirectly approximately 16% of the outstanding units of Calloway prior of the Centres V acquisition and owns approximately 27% of the outstanding units (including Calloway LP exchangeable units) after the Centres V acquisition. An officer of FirstPro was also a member of the Board of Trustees of Calloway prior to the Centres V acquisition. As a result of the Centres V acquisition FirstPro is entitled to nominate three of the nine members of the Board of Trustees. The properties acquired from FirstPro have been recorded at the exchange amount.

A legal firm in which a trustee is a partner was paid legal fees of \$693 related to the acquisition and financing of the Centres V. Another trustee was paid a fee of \$338 for consulting services for the Private Placement.

In conjunction with the acquisition of the Centres V, Calloway entered into property management agreements with FirstPro to provide for the management of the majority of the Centres V properties. Calloway also entered into certain temporary head leases with FirstPro relating to specific tenants who have entered into lease agreements, but whose space is not yet available for occupancy.

8. COMMITMENTS

Calloway, directly and indirectly, entered into development agreements with FirstPro for the development of the Centres V Undeveloped Lands. The estimated commitments payable by Calloway under the agreements are \$233,000.

This short form prospectus is a base shelf prospectus. This short form prospectus has been filed under legislation in each of the provinces of Canada that permit certain information about these securities to be determined after this prospectus has become final and that permit the omission from this short form prospectus of that information. The legislation requires the delivery to purchasers of a prospectus supplement containing the omitted information within a specified period of time after agreeing to purchase any of these securities.

No securities regulatory authority has expressed an opinion about these securities and it is an offence to claim otherwise. The securities offered hereby have not been, and will not be, registered under the United States Securities Act of 1933, as amended and, subject to certain exceptions, may be not be offered or sold in the United States or to U.S. persons.

Information has been incorporated by reference in this short form prospectus from documents filed with securities commissions or similar authorities in Canada. Copies of the documents incorporated herein by reference may be obtained on request without charge from the Chief Financial Officer of Calloway Real Estate Investment Trust at 310, 855 – 8th Avenue SW, Calgary, Alberta T2P 3P1 (Telephone (403) 266-6442). For the purposes of the Province of Quebec, this simplified prospectus contains information to be completed by consulting the permanent information record. A copy of the permanent information record may be obtained from the Chief Financial Officer of the issuer at the above mentioned address and telephone number.

BASE SHELF SHORT FORM PROSPECTUS

New Issue

September 14, 2005

ALLOWAY

REAL ESTATE INVESTMENT TRUST

\$2,000,000,000

Debt Securities

**Units
and
Subscription Receipts**

Calloway Real Estate Investment Trust (“**Calloway**” or the “**Trust**”) may from time to time during the 25-month period that this short form base shelf prospectus (the “**Prospectus**”), including any amendments hereto, remains valid, offer for sale and issue trust units of the Trust (“**Units**”), subscription receipts (“**Subscription Receipts**”) and debt securities, which may consist of debentures, notes or other types of debt and may be issuable in series (the “**Debt Securities**” and together with the Units and Subscription Receipts, the “**Trust Securities**”). The Trust may sell up to \$2,000,000,000 in the aggregate of initial offering price of Trust Securities (or its equivalent in any other currency used to denominate the Trust Securities at the time of the offering) at any time.

The specific terms of any Trust Securities offered will be described in one or more shelf prospectus supplements (collectively or individually, as the case may be, a “**Prospectus Supplement**”), including, where applicable: (i) in the case of Units, the number of Units being offered, the offering price and any other specific terms; (ii) in the case of Subscription Receipts, the number of Subscription Receipts being offered, the offering price, the procedures for the exchange of the Subscription Receipts for Units and any other specific terms; and (iii) in the case of Debt Securities, the specific designation, the aggregate principal amount being offered, the denominations, the currency, the issue and delivery date, the maturity date, the issue price (or the manner of determination thereof if offered on a non-fixed price basis), the interest rate (either fixed or floating, and, if floating, the manner of calculation thereof), the interest payment date(s), the redemption, the exchange or conversion provisions (if any), the repayment terms, the form (either global or definitive), the authorized denominations and any other specific terms. A Prospectus Supplement may include specific variable terms pertaining to the Trust Securities that are not within the alternatives and parameters described in this Prospectus.

Calloway may sell Trust Securities to or through underwriters or dealers or to purchasers directly or through agents. Please see “Plan of Distribution”. A Prospectus Supplement will set out the names of any underwriters, dealers or agents involved in the sale of the Trust Securities, the principal amount (if any) to be purchased by underwriters and the compensation of such underwriters, dealers or agents. Unless otherwise indicated in a Prospectus Supplement, an offering of Trust Securities will be subject to approval of certain legal matters on behalf of Calloway by Shea Nerland Calnan, Calgary, Alberta.

The Units are listed on the Toronto Stock Exchange (the “**TSX**”) under the symbol “**CWT.UN**”.

Unless otherwise specified in the applicable Prospectus Supplement, the Subscription Receipts and Debt Securities will not be listed on any securities exchange. Accordingly, unless so specified, there will be no market through which these securities may be sold and purchasers may not be able to resell securities purchased under this Prospectus.

FORWARD-LOOKING STATEMENTS

Certain statements contained in this Prospectus, including those contained in certain documents incorporated by reference in this Prospectus, constitute "forward-looking statements". All statements, other than statements of historical fact, in this Prospectus and in documents incorporated by reference in this Prospectus that address activities, events or developments that Calloway or a third party expects or anticipates will or may occur in the future, including Calloway's future growth, results of operations, performance and business prospects and opportunities, and the assumptions underlying any of the foregoing, are forward-looking statements. These forward-looking statements reflect Calloway's current beliefs (or current beliefs at the time such statements were made, as the case may be) and are based on information currently available (or then currently available, as the case may be) to Calloway and on assumptions Calloway believes (or believed, as the case may be) are reasonable. Actual results and developments may differ materially from results and developments discussed in the forward-looking statements as they are subject to a number of significant risks and uncertainties, including those discussed under "Risk Factors" and elsewhere in this Prospectus. Certain of these risk factors and uncertainties are beyond Calloway's control. Consequently, all of the forward-looking statements made in this Prospectus and in documents incorporated by reference in this Prospectus are qualified by these cautionary statements and other cautionary statements or factors contained herein, and there can be no assurance that the actual results or developments will be realized or, even if substantially realized, that they will have the expected consequences to, or effects on, Calloway. These forward-looking statements are made as of the date of this Prospectus (or the date of the applicable document incorporated by reference, as the case may be) and Calloway assumes no obligation to update or revise them to reflect subsequent information, events or circumstances unless otherwise required by applicable securities legislation.

DOCUMENTS INCORPORATED BY REFERENCE

Information has been incorporated by reference in this short form prospectus from documents filed with securities commissions or similar authorities in Canada. Copies of the documents incorporated herein by reference may be obtained on request without charge from the Chief Financial Officer of Calloway Real Estate Investment Trust at 310, 855 – 8th Avenue SW, Calgary, Alberta T2P 3P1 (Telephone (403) 266-6442). For the purposes of the Province of Quebec, this simplified prospectus contains information to be completed by consulting the permanent information record. A copy of the permanent information record may be obtained from the Chief Financial Officer of Calloway at the above mentioned address and telephone number.

The following documents of Calloway, which have been filed with the securities commission or similar authority in each of the provinces of Canada, are specifically incorporated by reference into and form an integral part of this Prospectus:

- (a) the Annual Information Form of the Trust dated March 22, 2005 (the "**Annual Information Form**");
- (b) the audited annual comparative consolidated financial statements of the Trust as at and for the year ended December 31, 2004 together with the notes thereto and the auditors' report thereon;
- (c) management's discussion and analysis of financial condition and results of operations of the Trust for the annual comparative financial statements referred to in paragraph (a) above;
- (d) the unaudited interim comparative consolidated financial statements of the Trust for the three and six month periods ended June 30, 2005 together with the notes thereto;
- (e) management's discussion and analysis of financial condition and results of operations of the Trust for the interim comparative financial statements referred to in paragraph (d) above;
- (f) the audited schedules of combined net operations for certain prior acquisitions of the Trust for the years ended December 31, 2003, 2002 and 2001 together with the notes thereto and the auditors report thereon, all of which can be found at pages F-20 to F-24 (the "**Centres**") and pages F-26 to F-31 (the "**Centres II**") of the Trust's prospectus dated April 30, 2004;
- (g) the business acquisition report of the Trust dated February 11, 2005 including the audited schedules of combined net operations for certain prior acquisitions (the "**Phase I Centres**") of the Trust for the years ended December 31, 2003 and 2002 together with the notes thereto and the auditors report thereon and the unaudited interim comparative schedules of combined net operations for such acquisitions for the nine month periods ended September 30, 2004 and 2003, all of which can be found at pages 19 to 24 of that business acquisition report;
- (h) the business acquisition report of the Trust dated May 10, 2005 including the audited schedules of combined net operations for certain prior acquisitions (the "**Phase II Centres**") of the Trust for the years ended December 31, 2004 and 2003 together with the notes thereto and the auditors report thereon, all of which can be found at pages 6 to 10 of that business acquisition report;
- (i) the management information circular of the Trust dated June 9, 2005 (the "**Management Information Circular**") other than those portions of the Management Information Circular that, pursuant to National Instrument 44-101 of the Canadian Securities Administrators, are not required to be incorporated by reference herein;
- (j) the material change report of the Trust dated February 16, 2005 relating to (i) an increase in the monthly distributions of the Trust; and (ii) the reaching of an agreement for the Trust to raise approximately \$60 million by the issuance of subscription receipts;
- (k) the material change report of the Trust dated February 24, 2005 relating to the closing of the Trust's previously announced private placement of subscription receipts for gross proceeds of approximately \$60 million;
- (l) the material change report of the Trust dated March 14, 2005 relating to the completion of the acquisition of the Phase II Centres;
- (m) the material change report of the Trust dated April 19, 2005 relating to the receipt of the approval of the Board of Trustees of the Trust and the conditional agreements for the acquisition of the interests in certain properties (the "**Centres V**");

- (n) the material change report of the Trust dated May 16, 2005 relating to amendments to the conditional agreements for the acquisition of interests in the Centres V;
- (o) the material change report of the Trust dated June 3, 2005 relating to an agreement of the Trust to raise up to \$175 million by the issuance of subscription receipts;
- (p) the material change report of the Trust dated June 10, 2005 relating to an increase in the size of the aforementioned subscription receipt offering to up to \$225 million;
- (q) the material change report dated June 23, 2005 relating to the closing of the Trust's previously announced private placement of subscription receipts for gross proceeds of approximately \$225 million;
- (r) the material change report dated July 15, 2005 announcing that Calloway had completed its previously announced acquisition of the Centres V; and
- (s) the material change report dated August 8, 2005 relating to the appointment of Mr. Marc Charlebois to the position of Chief Operating Officer of the Trust effective September 1, 2005.

All material change reports (excluding confidential material change reports), comparative interim financial statements, comparative annual financial statements and the auditors' report thereon, all management's discussion and analysis of financial condition and results of operation and information circulars (other than those portions that are not required to be incorporated by reference under applicable securities laws) which are filed by Calloway with a securities commission or similar regulatory authority in any of the provinces of Canada after the date of this Prospectus and prior to the termination of the offering shall be deemed to be incorporated by reference into this Prospectus.

Any statement contained in a document incorporated or deemed to be incorporated by reference herein shall be deemed to be modified or superseded, for purposes of this Prospectus, to the extent that a statement contained herein or in any other subsequently filed document that also is or is deemed to be incorporated by reference herein modifies or supersedes such statement. The modifying or superseding statement need not state that it has modified or superseded a prior statement or include any other information set forth in the document that it modifies or supersedes. The making of a modifying or superseding statement shall not be deemed an admission for any purposes that the modified or superseded statement, when made, constituted a misrepresentation, an untrue statement of a material fact or an omission to state a material fact that is required to be stated or that is necessary to make a statement not misleading in light of the circumstances in which it was made. Any statement so modified or superseded shall not be deemed in its unmodified or superseded form to constitute part of this Prospectus.

Upon a new annual information form and the related annual financial statements being filed by Calloway with, and, where required, accepted by the applicable securities regulatory authorities during the currency of this Prospectus, the previous annual information form, the previous annual financial statements and all interim financial statements, material change reports, business acquisition reports and annual filings or information circulars filed before the commencement of Calloway's fiscal year in which the new annual information form is filed will be deemed no longer to be incorporated by reference into this Prospectus for purposes of future offers and sales of Trust Securities under this Prospectus.

A Prospectus Supplement containing the specific terms in respect of any offering of Trust Securities, updated disclosure of interest coverage ratios (if applicable) and any additional or updated information Calloway may elect to include (provided that such information does not describe a material change that has not already been the subject of a material change report or a prospectus amendment) will be delivered to purchasers of such Trust Securities, together with this Prospectus, and will be deemed to be incorporated into this Prospectus as of the date of such Prospectus Supplement, but only for purposes of the offering of such Trust Securities.

CALLOWAY

Calloway is an unincorporated "open-end" trust constituted in accordance with the laws of the Province of Alberta, pursuant to a declaration of trust that was most recently amended and restated as of July 7, 2005 (the "**Declaration of Trust**"). Calloway was created to invest in income-producing rental properties located in Canada

The objectives of Calloway are: (i) to provide Unitholders with stable and growing cash distributions, payable monthly and, to the maximum extent possible, tax deferred through the acquisition of a portfolio of well-located, large format, unenclosed retail centres in Canada; (ii) to expand the asset base of Calloway and increase its Distributable Income (as defined in the Declaration of Trust, which definition is also included on page 51 of the Management Information Circular) through on-going active management of Calloway's assets and the acquisition of additional large format, unenclosed retail centres or interests therein; and (iii) to enhance the value of Calloway's assets and maximize long-term Unit value through efficient management and proactive leasing.

Calloway intends to invest primarily in large format, unenclosed retail rental properties with strong tenant covenants, stable yields, low vacancy levels and growth potential and to build a geographically diversified portfolio of such properties. Calloway believes it will be able to implement an investment strategy of acquiring additional properties with these characteristics to provide additional cash flow and further enhance the long-term portfolio value. To the extent that opportunities exist, and to the extent that management and the board of trustees of Calloway believe such opportunities are beneficial to Unitholders, Calloway will continue to acquire well-anchored large format, unenclosed retail centres.

The principal office of Calloway is currently at 310, 855 – 8th Avenue SW, Calgary, Alberta T2P 3P1. The Units of Calloway trade on the TSX under the symbol "CWT.UN". The 6% convertible unsecured subordinated debentures due June 30, 2014 of Calloway trade on the TSX under the trading symbol "CWT.DB".

Although Calloway is a "mutual fund trust" as defined in the *Income Tax Act* (Canada), Calloway is not a "mutual fund" and is not subject to the requirements of Canadian mutual fund policies and regulations under Canadian securities legislation.

Calloway is not a trust company and, accordingly, is not registered under the *Trust and Loan Companies Act* (Canada) or the trust company legislation of any province as it does not carry on, nor does it intend to carry on, the business of a trust company.

USE OF PROCEEDS

The use of proceeds from the sale of Trust Securities will be described in a Prospectus Supplement relating to a specific issuance of Trust Securities. Calloway may use net proceeds from the sale of Trust Securities to repay indebtedness outstanding from time to time, to fund the purchase of real property and other investments as permitted by the Declaration of Trust, for capital expenditures and for other general purposes.

EARNINGS COVERAGE RATIOS

After giving pro forma effect to the significant acquisitions as set out in the unaudited pro forma consolidated financial statements as at and for the six months ended June 30, 2005 and for the year ended December 31, 2004 included in the Prospectus which include the issuances of long-term debt and changes in indebtedness not reflected in the unaudited interim comparative consolidated financial statements of Calloway for the six month period ended June 30, 2005 or the audited annual comparative consolidated financial statements of the Trust as at and for the year ended December 31, 2004, Calloway's interest requirements for the twelve months ended December 31, 2004 and for the twelve months ended June 30, 2005, after giving effect to the pro forma transactions referred to above, would have been \$77,675,000 and \$78,261,000, respectively, and its net income (before deducting interest expense and income taxes) for such periods would have been \$83,704,000 and \$99,248,000, respectively, which is 1.08 and 1.27 times Calloway's interest requirements for such periods, respectively.

The following table sets out the earnings coverage ratios discussed above.

	For the 12 months ended June 30 2005 ⁽¹⁾	For the 12 months ended December 31, 2004 ⁽¹⁾
	(Pro forma)	(Pro forma)
Interest Expense (\$)	77,102,000	76,697,000
Capitalized Interest (\$)	1,159,000	978,000
Denominator for Earnings Coverage Ratio (\$)	78,261,000	77,675,000
Net Income (\$)	22,146,000	7,007,000
Income Taxes (\$) ⁽²⁾	-	-
Interest Expense (\$)	77,102,000	76,697,000
Numerator for Earnings Coverage Ratio (\$)	99,248,000	83,704,000
Earnings Coverage Ratio	1.27	1.08

Notes:

- (1) *Pro forma* numbers give effect to the significant acquisitions and related debt all as set out in the unaudited pro forma consolidated financial statements as at and for the six months ended June 30, 2005 and for the year ended December 31, 2004. The significant acquisitions include properties for which certain tenant premises were under construction during the pro forma periods. As a result, the pro forma Net Income includes rents from such tenants only from the dates that the premises were occupied by the tenants and does not represent the total annual rent payable by such tenants. Interest Expense is determined, however, on the basis that the full amount of the debt incurred to acquire the completed properties was outstanding for the entire pro forma periods.
- (2) Calloway is taxed as a mutual fund trust for income tax purposes. Calloway intends to distribute all taxable income directly earned by Calloway directly to unitholders and to deduct such distributions for income tax purposes.

Each series of Debt Securities will contain covenants with respect to the interest coverage ratios that Calloway will be required to maintain. These coverage ratios will be described in the applicable Prospectus Supplement and will differ from the earnings coverage ratios set forth above, which are based on earnings and calculated in accordance with applicable Canadian securities law disclosure requirements.

DESCRIPTION OF TRUST SECURITIES

The following is a summary of the material attributes and characteristics of the Trust Securities. This summary does not purport to be complete.

Units

This section describes the general terms that will apply to any Units that may be offered by the Trust pursuant to this Prospectus. For a complete summary of the general terms that apply to Units of the Trust, see "Declaration of Trust and Description of Units" in the Trust's Annual Information Form and see "Fourth Amended and Restated Declaration of Trust" in the Trust's Management Information Circular each of which are incorporated by reference in this Prospectus.

The Units may be offered separately or together with the Subscription Receipts or the Debt Securities, as the case may be.

An unlimited number of Units may be issued pursuant to the Trust's Declaration of Trust. Each Unit is transferable and represents an equal undivided beneficial interest in any distributions from the Trust, whether of net income, net realized capital gains (other than net realized capital gains distributed to redeeming Unitholders) or other amounts, and in the net assets of the Trust in the event of termination or winding-up of the Trust.

All Units are of the same class with equal rights and privileges. The Units are not subject to future calls or assessments, and entitle the holders thereof to one vote for each whole Unit held at all meetings of Unitholders.

Subscription Receipts

This section describes the general terms that will apply to any Subscription Receipts that may be offered by the Trust pursuant to this Prospectus.

Subscription Receipts may be offered separately or together with the Units or the Debt Securities, as the case may be. The Subscription Receipts will be issued under a subscription receipt agreement.

The applicable Prospectus Supplement will include details of the subscription receipt agreement covering the Subscription Receipts being offered. The following sets forth certain general terms and provisions of the Subscription Receipts offered under this Prospectus. The specific terms of the Subscription Receipts, and the extent to which the general terms described in this section apply to those Subscription Receipts, will be set forth in the applicable Prospectus Supplement.

The particular terms of each issue of Subscription Receipts will be described in the related Prospectus Supplement. Such description will include, where applicable:

- the number of Subscription Receipts;
- the price at which the Subscription Receipts will be offered;
- the procedures for the exchange of the Subscription Receipts into Units;
- the number of Units that may be exchanged upon exercise of each Subscription Receipt;
- the designation and terms of any other Securities with which the Subscription Receipts will be offered, if any, and the number of Subscription Receipts that will be offered with each Security;
- material Canadian tax consequences of owning the Subscription Receipts (if any); and
- any other material terms and conditions of the Subscription Receipts.

Debt Securities

This section describes the general terms that will apply to any Debt Securities that may be offered by the Trust pursuant to this Prospectus.

The Debt Securities may be offered separately or together with the Units or the Subscription Receipts, as the case may be.

The following sets forth certain general terms and provisions of the Debt Securities offered under this Prospectus. The specified terms and provisions of the Debt Securities offered pursuant to an accompanying Prospectus Supplement, and the extent to which the general terms described in this section apply to those Debt Securities, will be set forth in the applicable Prospectus Supplement.

The Debt Securities will be direct unsecured obligations of the Trust. The Debt Securities will be senior or subordinated indebtedness of the Trust as described in the relevant Prospectus Supplement. In the event of the insolvency or winding-up of the Trust, the subordinated indebtedness of the Trust, including the subordinated Debt Securities, will be subordinate in right of payment to the prior payment in full of all other liabilities of the Trust (including senior indebtedness), except those which by their terms rank equally in right of payment with or are subordinate to such subordinated indebtedness.

The Debt Securities will be issued under one or more indentures (each, a "**Debt Security Indenture**"), in each case between the Trust and a trustee (each, a "**Debt Security Trustee**"), as trustee. The statements made hereunder relating to any Debt Security Indenture and the Debt Securities to be issued thereunder are summaries of certain anticipated provisions thereof and do not purport to be complete and are subject to, and are qualified in their entirety by reference to, all provisions of the applicable Debt Security Indenture.

Each Debt Security Indenture may provide that Debt Securities may be issued thereunder up to the aggregate principal amount which may be authorized from time to time by the Trust.

The particular terms of each issue of Debt Securities will be described in the related Prospectus Supplement. This description will include, where applicable:

- the designation, aggregate principal amount and authorized denominations of such Debt Securities;

- the currency or currency units for which the Debt Securities may be purchased and the currency or currency unit in which the principal and any interest is payable (in either case, if other than Canadian dollars);
- the percentage of the principal amount at which such Debt Securities will be issued;
- the date or dates on which such Debt Securities will mature;
- the rate or rates per annum at which such Debt Securities will bear interest (if any), or the method of determination of such rates (if any);
- the dates on which any such interest will be payable and the record dates for such payments;
- the Debt Security Trustee under the Debt Security Indenture pursuant to which the Debt Securities are to be issued;
- the designation and terms of any Securities with which the Debt Securities will be offered, if any, and the number of Debt Securities that will be offered with each Security;
- whether the Debt Securities are subject to redemption or call and, if so, the terms of such redemption or call provisions;
- whether such Debt Securities are to be issued in registered form, bearer form or in the form of temporary or permanent global securities and the basis of exchange, transfer and ownership thereof;
- any exchange or conversion terms;
- whether the Debt Securities will be subordinated to other liabilities of the Trust;
- material Canadian tax consequences of owning the Debt Securities, if any; and
- any other material terms and conditions of the Debt Securities.

Debt Securities of a single series may be issued at various times with different maturity dates, may bear interest at different rates and may otherwise vary.

PLAN OF DISTRIBUTION

Calloway will sell the Trust Securities to or through underwriters or dealers or purchasers directly or through agents. The Trust Securities may be sold from time to time in one or more transactions at a fixed price or prices, which may be changed or at market prices prevailing at the time of sale, at prices related to such prevailing market prices or at negotiated prices.

A Prospectus Supplement will set forth the terms of the offering, including the name or names of any underwriters, dealers or agents, the purchase price or prices of the Trust Securities, the proceeds to Calloway from the sale of the Trust Securities, any initial public offering price (or the manner of determination thereof if offered on a non-fixed price basis), any underwriting discount or commission and any discounts, concessions or commissions allowed or reallocated or paid by any underwriter to other dealers. Any initial public offering price and any discounts, concessions or omissions allowed or reallocated or paid to dealers may be changed from time to time.

Each series or issue of Debt Securities will be a new issue of securities with no established trading market. Unless otherwise specified in a Prospectus Supplement relating to an issue of Debt Securities, the Debt Securities will not be listed on any securities or stock exchange. In connection with any offering of Trust Securities, the underwriters may over-allot or effect transactions that stabilize or maintain the market price of the Trust Securities offered at a level above that which might otherwise prevail in the open market. Such transactions, if commenced, may be discontinued at any time. Any underwriters or agents to or through whom Trust Securities are sold by Calloway may make a market in the Trust Securities, but they will not be obligated to do so and may discontinue any market making at any time without notice. No assurance can be given that a trading market in any of the Trust Securities will develop or as to the liquidity of any trading market for the Trust Securities.

Underwriters, dealers and agents who participate in the distribution of the Trust Securities may be entitled under agreements to be entered into with Calloway to indemnification by Calloway against certain liabilities including liabilities under securities legislation, or to contribution with respect to payments that they may be required to make in respect thereof. Such underwriters, dealers and agents may be customers of, engage in transactions with, or perform services for Calloway in the ordinary course of business.

The Trust Securities have not been and will not be registered under the United States Securities Act of 1933 (the "U.S. Securities Act"). Accordingly, except in certain transactions exempt from the registration requirements of the U.S. Securities Act, the Trust Securities may not be offered, sold or delivered within the United States, and each underwriter or agent will agree that it will not offer, sell or deliver the Trust Securities within the United States. In addition, until 40 days after the commencement of an offering of Trust Securities, an offer or sale of such Trust Securities within the United States by a dealer (whether or not participating in the offering) may violate the registration requirements of the U.S. Securities Act.

RECENT DEVELOPMENTS

On July 7, 2005, the unitholders of Calloway approved the acquisition by Calloway of freehold and leasehold interests in 35 retail properties and ten parcels of development land. The 35 retail properties comprise 5,421,000 square feet of existing newly constructed retail space in 35 shopping centres and the development lands provide Calloway the opportunity to construct an additional ten shopping centres with 1,194,000 square feet of retail space on completion.

On July 8, 2005, Calloway completed the acquisition of the interests in the 35 retail properties and four of the ten parcels of development land for consideration of approximately \$1.154 billion including transaction costs. Six of the parcels of development land were subject to unfilled conditions at July 8, 2005. Subsequently, Calloway completed the acquisition of one additional parcel and expects to complete the acquisition of the remaining five parcels once conditions are satisfied. The estimated acquisition cost for the six parcels of development land not acquired on July 8, 2005 is \$32.9 million. The unaudited pro forma consolidated balance sheet of the Trust as at June 30, 2005, and the unaudited pro forma consolidated statements of income for the six months ended June 30, 2005 and for the year ended December 31, 2004 have been prepared to reflect the acquisition on July 8, 2005 of the interests in 35 retail properties and four parcels of development land and the expected acquisition of the additional six parcels of development land.

Subsequent to the announcement by Calloway of the agreement to purchase the freehold and leasehold interests in the 35 retail properties and ten parcels of development lands noted above, Calloway also agreed to acquire an additional 15% interest in the Vaughan Sevenbridge Wal-Mart Centre, an additional 15% interest in the Woodbridge Centre, and an additional 50% interest in the Kenora Wal-Mart Centre (an interest in each of which was included in the original agreement as described in the Management Information Circular) for consideration of approximately \$29.6 million. Calloway closed the acquisitions of these additional interests on July 8, 2005 but has not reflected these acquisitions in the pro forma financial statements included herein.

CONSOLIDATED CAPITALIZATION OF THE TRUST

As at December 31, 2004, the year end of its most recently completed financial year, Calloway had 33,263,171 Units issued and outstanding. From December 31, 2004 to July 31, 2005, 16,508,772 Units, and securities convertible into up to a further 12,594,458 Units, have been issued by Calloway or one of its subsidiaries, either: (i) through the raising of equity financing; (ii) as partial consideration for acquisitions; or (iii) upon the exercise of previously outstanding convertible securities.

As at December 31, 2004, the indebtedness of Calloway, consisting of mortgages payable, capital lease obligations and convertible debentures was \$600,525,000. That indebtedness has since increased by approximately \$864,815,000 primarily due to various acquisitions completed by Calloway.

RISK FACTORS

Prospective investors in a particular offering of the Trust Securities should carefully consider, in addition to information contained in the Prospectus Supplement relating to that offering and the information incorporated by reference herein, the risks described in Calloway's annual information form and management's discussion and analysis which are incorporated by reference herein as at the date of the Prospectus Supplement relating to the particular offering of the Trust Securities.

Development Risks

In addition to the risk factors referenced above, as a result of Calloway's entry into the property development business following the transactions described under "Recent Developments" and further described in the Management Information Circular, Calloway is now also subject to the risks usually attributable to development projects, which include: (i) construction or other unforeseeable delays; (ii) cost overruns; and (iii) the failure of tenants to occupy and pay rent in accordance with lease agreements, some of which are conditional.

Unitholder Holding a Significant Number of Units

Further, according to reports filed under applicable Canadian securities legislation, Mitchell Goldhar of Vaughan, Ontario currently beneficially owns or controls a number of the outstanding units of the Trust which, together with the securities he holds which are exchangeable at his option for units of the Trust for no additional consideration and the associated special voting units, represent a 26% voting interest in the Trust. Further, according to the above mentioned reports, Mr. Goldhar currently beneficially owns or controls additional rights to acquire units of the Trust which, if exercised or converted, would result in him increasing his economic and voting interest in the Trust to as much as 43%. If Mr. Goldhar sells substantial amounts of units in the public market, the market price of the units could fall. The perception among the public that these sales will occur could also produce such effect. As a result of his voting interest in the Trust, Mr. Goldhar may be able to exert significant influence over matters that are to be determined by votes of the unitholders of the Trust. The timing and receipt of any takeover or control premium by unitholders could depend on the determination of Mr. Goldhar as to when to sell units. This could delay or prevent a change of control that would be attractive to, and provide liquidity for, unitholders, and could limit the price that investors are willing to pay in the future for units.

LEGAL MATTERS

Certain legal matters relating to the offering of the Trust Securities will be passed upon on behalf of Calloway by Shea Nerland Calnan. As of September 14, 2005, the partners and associates of Shea Nerland Calnan beneficially owned, directly or indirectly, less than 1% of the outstanding units of Calloway. David M. Calnan, a partner of Shea Nerland Calnan, is a member of the board of Trustees of Calloway.

AUDITORS

Calloway's auditors are Kenway Mack Slusarchuk Stewart LLP, Chartered Accountants of 220, 333 – 11th Avenue SW, Calgary, Alberta T2R 1L9.

PURCHASERS' STATUTORY RIGHTS

Securities legislation in certain of the provinces of Canada provides purchasers with the right to withdraw from an agreement to purchase securities. This right may be exercised within two business days after receipt or deemed receipt of a prospectus and any amendment. In several of the provinces, the securities legislation further provides a purchaser with remedies for rescission or, in some jurisdictions, damages if the prospectus and any amendment contains a misrepresentation or is not delivered to the purchaser, provided that such remedies for rescission or damages are exercised by the purchaser within the time limit prescribed by the securities legislation of the purchaser's province. The purchaser should refer to any applicable provisions of the securities legislation of the purchaser's province for the particulars of these rights or consult with a legal adviser.

AUDITORS' CONSENTS

Kenway Mack Slusarchuk Stewart LLP, Chartered Accountants

We have read the base shelf short form prospectus of Calloway Real Estate Investment Trust (the "Trust") dated September 14, 2005 relating to the issuance and sale of Trust Securities. We have complied with Canadian generally accepted standards for an auditor's involvement with offering documents.

We consent to the use through incorporation by reference in the above-mentioned base shelf short form prospectus of our report dated February 19, 2005 (except Note 22 which is dated March 2, 2005) on the consolidated balance sheets of the Trust as at December 31, 2004 and 2003 and the consolidated statements of income, unitholders' equity and cash flows for the years ended December 31, 2004 and 2003.

We also consent to the use through incorporation by reference in the above-mentioned base shelf short form prospectus of our compilation report dated February 11, 2005 on the unaudited pro forma consolidated balance sheet of the Trust as at September 30, 2004 and the unaudited pro forma consolidated statements of income for the nine months ended September 30, 2004 and for the year ended December 31, 2003.

We also consent to the use through incorporation by reference in the above-mentioned base shelf short form prospectus of our compilation report dated May 5, 2005 on the unaudited pro forma consolidated balance sheet of the Trust as at December 31, 2004 and the unaudited pro forma consolidated statement of income for the year ended December 31, 2004.

We also consent to the use through incorporation by reference in the above-mentioned base shelf short form prospectus of our compilation report dated June 9, 2005 on the unaudited pro forma consolidated balance sheet of the Trust as at March 31, 2005 and the unaudited pro forma consolidated statements of income for the three months ended March 31, 2005 and for the year ended December 31, 2004.

We also consent to the use in the above-mentioned short form prospectus of our compilation report dated September 14, 2005 on the unaudited pro forma consolidated balance sheet of the Trust as at June 30, 2005 and the unaudited pro forma consolidated statements of income for the six months ended June 30, 2005 and for the year ended December 31, 2004.

Calgary, Alberta September 14, 2005	(signed) "Kenway Mack Slusarchuk Stewart LLP" Chartered Accountants
